

ALLIES FORM UP TO SMASH GERMANS BACK TO RIVER as Metz Stronghold Falls To Patton; U. S. Invades Asia Isles

Here's How He Does It

There's practically nothing Ray G. Jones, Fairfield merchant and war loan chairman, won't do to see that Camas county goes over the top in every bond drive. His county-office reached his sixth war loan goal the first minute of the campaign which opened Monday (actually the goal was reached before the drive opened). Camas became the first county in Idaho and at least one of the first in the nation to go over the top. Above, Chairman Jones snapped during a war bond auction in which he sold the clothing off his back except for the scanty apparel you see here. He sold the hat but the buyer found it tack. (Staff engraving)

War Bond Drive Opens—And Camas Passes Goal

FAIRFIELD, Nov. 20—Camas county is all through with the sixth war loan drive—in fact, it had the job completed a day before the drive even started.

CONTROLS MUST REMAIN—VINSON

WASHINGTON, Nov. 20 (AP)—Senator Charles McNary, Oregon, today said that the controls on the war time wage controls should be maintained. McNary, who is chairman of the Senate subcommittee on labor relations, said that the controls should be maintained to prevent inflation. He said that the controls should be maintained to prevent inflation. He said that the controls should be maintained to prevent inflation.

That is the base data for the little steel wage formula, which limits general increases to 10 per cent above those prevailing on that day. While several senators pointed to the report as indicating the need for changing or dropping the little steel formula, Vinson said that as long as the war exists, the formula is a necessary part of the war effort.

The cost of living report was prepared by a special committee appointed by Mr. Roosevelt several months ago. "I think this call for a revision of the formula," said Senator McNary, "who is making a revision to declare wages of less than 20 cents an hour and 10 cents an hour."

He said that the formula was not intended to be an arbitrary standard, but when enacted had a reasonable basis in the situation. Now due to forces inherent in a war the steel wage formula is shown to be 25 or 30 per cent below the cost of living.

3000 PLANES HAMMER MANILA

AP REPORTS

PEARL HARBOR, Nov. 20 (AP)—The United States carrier planes, which attacked Manila and several other points of the Philippines last night (Philippine time), in the second aerial bombardment of the capital within 24 hours.

The night raiders hit various points of the Philippines, including Manila, Clark field, Lipa, Batangas and Apurri on Luzon, a Douglas agency broadcast reported.

Don't claim that Japanese anti-aircraft batteries shot down any American planes, including one of the "probable destroyed," damaged another.

Report Manila 11th. The Manila radio reported that the United States carrier planes, which attacked Manila yesterday morning, announced that the 300 carrier planes had sunk or damaged 27 Japanese ships and 100 Japanese planes.

The Japanese-controlled radio said that the United States carrier planes had sunk or damaged 27 Japanese ships and 100 Japanese planes.

A Tokyo broadcast heard by POC monitors said Japanese planes had sunk or damaged 27 Japanese ships and 100 Japanese planes.

ALLIED HEADQUARTERS, Philippines, Nov. 20 (UP)—American landing parties, completing occupation of the Manila islands off northwest New Guinea, have jumped 215 miles west and another 215 miles south.

By WILLIAM R. DICKINSON

The entire southern anchor of the German line in France was swept away as the French announced that armor and infantry had broken through the historic war path of the Burgundy gap, entered the guardian fortress of Belfort, and stabbed to the Rhine.

The Paris radio declared the French armor and infantry sweeping on into the greater breakthrough since Normandy, had battered its way as far as Mulhouse, a city of 90,000, 22 miles northeast of Belfort and eight miles from the Rhine.

Metz, the ancient Moselle town fortified by the Romans to resist the Hunnic invasions, was taken for the first time since the 17th century—this time by the swift street-by-street attack of American soldiers of the third army.

U. S. WON'T USE CLUMSY ROBOTS

WASHINGTON, Nov. 20 (AP)—The use of robot bombs by the United States depends on whether American scientists can develop a weapon accurate enough to be used for precision bombing, an army air force official disclosed.

The official explained that the army refuses to accept the inaccurate area bombing which the relatively clumsy German "V" bombs have been inflicting on England.

Longer range than has been demonstrated by the German weapon is another feature which American defense attorneys are attempting to incorporate in U. S. robots, he incorporated.

Warhead remains indescribable. He indicated that the robot, which he doubted that huge robots, such as reported to have developed, would not be more punishing than smaller models at long ranges if the accuracy has not been improved.

The high ranking official disclosed that German robot production had risen slightly over the 800 robots per month to which it had been reduced by allied bombing of enemy factories.

He explained that this rise was due to the fact that enemy aircraft plants had been given a lower priority of production of other war production facilities in German scattered locations has been built.

The rise in German plane production is expected to continue, he said, until "any time we want to we can knock back German airplane production."

Fighting Value Low
The German front line air strength is, on paper, very slightly higher than it was last spring, he continued. "However, it has become very clear that paper strength is meaningless under present conditions."

"What actually matters is the fighting value of the air force. It has been and remains a low one. There are many reasons why the German air force cannot meet its commitments, among which the following are the most important: Fuel shortages, low serviceability of our attacks on airfields, inferior aircraft in Germany which have not been kept up to date and other reasons including the overwhelming superiority of our air forces."

50-Cent Hourly Wage Scale O.K.

Hereafter, employers may pay hourly wages to a point not exceeding 50 cents without approval of the war labor board. It was announced Monday in a release from the regional War Labor Office in Denver.

Prior to now, board consent was necessary to make any wage adjustment involving war production areas an hour. The new directive is designed to reduce inconvenience and delay in a matter about which board policy has been to allow all requests without qualification.

The directive, however, warns employers that the measure may not furnish a basis for increased price ceilings of commodities or services involved in the individual businesses.

KIMBERLY

Miss Rose Peterson, Seattle, came recently to join her friend, Miss Lucille Damington, also of Seattle, who has been staying for some time at the home of her aunt, Mrs. Mable Jeffries, who are registered nurses and employed in Twin Falls.

Mrs. E. L. Howe is visiting her mother and sister in Bakersfield, Calif.

Mr. Jack Arnold, Idaho, was a recent visitor to the W. M. Arnold home.

The American Legion and auxiliary members held their annual Christmas dinner at the home of Mrs. Ernest Emerson.

Mrs. Helen Witt has resumed her vacation with her family.

Sgt. Lloyd Smith, nephew of Mrs. Ray Miller, who has been transferred to Glenview field at Boise from Lincoln, Neb., visited recently at the Miller home. He recently completed missions overseas and expects to be an instructor in bombing at Gurney.

The Delta Sigma will meet Wednesday afternoon, Nov. 23, at the home of Mrs. Emma Granger with Mrs. Eugene Brown as program leader. The Sigma Blue and Camp Fire Girls will give a program.

Your Gifts to Man Should Concern His Hobby, His Comfort or His Dress Taste

Give the man who plays golf an indoor putting green to improve his game, such as the one shown above. Other gifts men will welcome are hand's wool lined capakin mittens, a soft leather pouch with separate compartments for both golf and pipe, a fishing reel recently received by OPA) and portable clock for the traveler.

(From Abercrombie & Fitch)
If you want to give a man a gift that will last long, look for it on Christmas to the next, are that you really care for his hobby, his comfort or his dress taste.

Thanks to some OPA releases and more civilian information, calling for such a gift is not as tough as it was last year. Playing golf, for instance, are built. The father-son who has had to use every device to keep his old reel from falling apart will be enthusiastically grateful to find a new one in his gift.

Angler's need, too, are a tackle-thinker kit making his pre-Christmas box. Carrying pliers, knife and a can of glue. It will win "Whoops!" from a man who rather than entrust it to others.

Does he like to putter with his friends? Give him a portable set of eight essential, compactly assembled in a sipped case that fits in his back pocket. For the great crowd of his skill in dissecting a roat, there are some super carving sets around—some with truly fine handles, others with aluminum that glaze like platinum.

The snarker whose squawk has been "Why doesn't some smart guy create a duplex compartment to

An all-around utility coat of phardine lined with alpaca for the man who works outdoors.

For the home carpenter, a portable set of eight essential tools in a pocket size case.

For winter sports or country walks, a 100 per cent sport shirt in gay plaid design.

POMONA OFFICERS GAIN REELECTION

JEROME Nov. 20.—North Side Pomona Grange Master John Woolley, was reelected at a meeting held at the Grangeville Hall.

Re-elected Woolley, Don Fleming, Treasurer; Frank H. Lister, Secretary; Roy Haveland, secretary, and Mrs. R. H. Callen, lady assistant, were also re-elected.

New officers elected are chairman, C. W. De Voe; treasurer, Mrs. Andrew Dykstra; secretary, O. G. Callen; assistant secretary, Earl Davis; gatekeeper, Leon Adelt; Pomona Grangeville Hall, Jerome, and Appleton will hold their next meeting at the American Legion hall here Dec. 21. It was disclosed that the Twin Falls county Pomona Grange officers will also be installed at this meeting.

Mrs. Frank Iyer, lecturer, announced that during the past year, the Pomona Grange had each participated in presentation of one act play, judged by the North Side Pomona Grange. It was difficult to decide upon the best presentation. Mrs. Iyer said that Appleton and Caldwell Granges were the judges.

She presented oranges to Mrs. Woolley, members and five guests attended. Guests were Mr. and Mrs. Roy Durr, Twin Falls; Mr. and Mrs. L. C. Crow, over-seer and lecturer respectively of the Twin Falls county Pomona, and R. C. Wark, also of Twin Falls.

of the guests, asked that the North Side Pomona join with them in the installation ceremony.

Fifty-five members and five guests attended. Guests were Mr. and Mrs. Roy Durr, Twin Falls; Mr. and Mrs. L. C. Crow, over-seer and lecturer respectively of the Twin Falls county Pomona, and R. C. Wark, also of Twin Falls.

So pick your show — Buy a Bond Today or Tonight at that Theater and see it Free.
(This offer is good TODAY only)

Let's go America! YOUR 6TH WAR LOAN DRIVE

THERE can be no victory until the final battle is won. There can be no victorious homecomings until the last shot is fired and the last enemy surrenders.

It costs billions of dollars a month to fight Japan. A mountain of new-type equipment is needed for the battle of the Pacific. And that's why the 6th War Loan Drive is just as important — *perhaps more important* — than any previous war loan drive.

You know all the personal advantages of buying war bonds: \$4 back for every \$3 you

invest in 10 years; security for your future; a fight against dangerous inflation. But over, and above these personal interests is the great patriotic need for everyone to get behind the fight to lick Japan. Yes, there's a long, tough war still ahead of us. Our soldiers haven't stopped fighting — *don't you!* Buy at least one extra \$100 War Bond in the 6th War Loan Drive. Buy more if you possibly can. Remember, the job in the Pacific is still terrific — keep on buying War Bonds until *final victory* is won!

STARTS TODAY!

BUY AT LEAST ONE EXTRA \$100 BOND
