CREWLESS PLANE FLIES 400 MILES

FLIES 400 MILES
SIOUX CITY, Ia., Nov. 23 (AP)—A Flying Fortress which flew about 400 miles without a crew before crashing in a wooded area 70 miles northeast of Duluth, Minn., was identified last night by Col. W. A.

(Ma.) H. A. Patterson, Sioux Falls army air field public relations officer, said he picked up the crew members and jetisoned goods, including 10 bombs and ammunition in the vicinity of Marion.

Patterson said "he pilot—identified at the Sioux City base as Lieut.

Colin I. Park Glen, Ridge, N. Y.—stayed with the plane after the others had jumped but when the ship lost altitude he also jumped. Base officials said the crewmen reported they bailed out when they were unable to "feather" the propeller of the dead engine, adding

TURKEY "MUST" ON SOLDIER MENU

WASHINGTON, Nov. 22 (AP)—America's fighting men at home and abroad had their turkey this Thanksgiving day.

It's a project on which the services have spent millions and they are proud to fulfill a promise that to a civilian army only in the post-war planning stages has been made.

For the men in the trenches, fresh turkey is a must, provided the war department. Maybe he will eat it today. If not he will get it when he comes out.

"They are carrying canned dinners very close to the fighting line," the army assured.

The turkey supply for all troops is ample and "nobody gets canned turkey," the army added.

For American prisoners in Germany, where it would be hard to get turkey or none, a supply was procured in 12 million tons since then. Word also has been received indirectly that a shipment of canned turkey intended for American prisoners of the Japanese made port.

As the turkey is a must, the 12,000,000 pounds of "young roasts" set aside to supply the Thanksgiving, Christmas and New Year's feasts. For each man in the continental United States a pound of turkey has been allotted, with an extra half pound each for the boys at sea and abroad.

The navy's model menu, subject to local variations:

Chilled tomato juice, sweet mixed apples, stuffed celery, rice, silver roast young turkey, blueberry sauce, cranberry sauce, sage dressing, mashed potatoes, asparagus with hollandaise sauce, fruit salad, parer house rolls, butter, hot turkey pie, ice cream, assorted candy and nuts and coffee.

The army's bill of fare:

Grapefruit juice, roast turkey with blueberry dressing, mashed potatoes, string beans, corn, cranberry sauce, celery, olives, pickles, hot rolls, butter, pumpkin pie, apples, tangerines, candy, nuts and coffee.

8 Yanks vs. 75 Japs

L.T. (Jr.) IRL V. SONNER, JR., son of Mr. and Mrs. Orl Sonner, Dietrich, shot down four Japanese planes when U. S. navy fliers battled 60 to 75 nip planes in a battle off Formosa, (star contrasted)

Dietrich Naval Flier Downs 4 Japs in Battle

SHOSHONE, Nov. 22—One of eight American pilots who took on 60 to 75 nip planes during a battle off Formosa last month was Ensign Irl V. Sonner, Jr., son of Mr. and Mrs. Irl V. Sonner, Dietrich, who credited with shooting down four of the nip in the day's work.

The Yanks, after saving two crippled American warships, routed the entire enemy formation and sent planes into the sea. Only one American plane was lost, navy experts say, and its pilot was saved with no injury except a slight eye burn.

Ensign Sonner has since been promoted to lieutenant, junior grade. "The Japs were from eight to 10 miles away," one of the men reported, "flying in layers from 8,000 to 10,000 feet—all kinds of planes stretching for miles from fighters above and slightly ahead of bombers. Four of us headed for the nip fighters and the other four went down to hit the bombers. The American attacks were so violent that the nip became disorganized and some groups scattered.

"Within two or three minutes our four planes had gone through the enemy fighters and whirled around to give on the bombers from the rear. The bombers, meanwhile, had gone behind a cloud."

SOLDIERS FIRST IN CANDY SUPPLY

CHICAGO, Nov. 22 (AP)—The civilian sweet tooth for hard candies and nickel bars will go unsatisfied this Christmas, so that American fighting men may have their quota.

The National Confectionery Association said that no decrease in an overseas sale totaling 300,000,000 bars a month was expected. It offered consolation, however, in a manufacturers report that supplies of round packaged candies would be about the same as last year.

Under war food administration order every manufacturer of five-cent candy items must set aside 30 per cent of its monthly production for government use. Army and navy ration demands are heaviest for hard candies, caramels, chocolate peanuts and taffin confections.

Hardy cakes, chocolate Santa Claus, and other novelty candies of the pre-war era are going off the market as the supply of ingredients for their manufacture is diverted to service demands.

Casualty List of Evacuees Heavy

WASHINGTON, Nov. 22 (AP)—A total of 263 casualties among Japanese-American service men has been reported to next of kin in relocation camps, the war relocation authority announced.

Of these 69 were killed, 187 wounded and six are missing.

In recent heavy fighting on the western front 20 nip were killed in action and 69 were wounded.

WRA director said the actual total of battle losses among Japanese-Americans is larger than the casualty figures would indicate, since about one-third of the original evacuees have left the relocation center and several thousand Japanese-descended citizens never have been in a center.

Judge Cites Law In Fining Man \$13

Freedom of speech in this country is guaranteed by the constitution but when it becomes vilifying or offensive there is a recourse to law and no need for violence, said Municipal Judge J. O. Pannier, in Frank Hartley, Twin Falls cab driver, Wednesday morning.

Accused of battery on the person of Raymond Prust, Twin Falls, the driver was fined \$10 and \$5 costs.

JAPS TO DIG IN FOR CHINA STAND

By JAMES D. WHITE
Former Associated Press Correspondent in North China
WASHINGTON, Nov. 23.—The Japanese army may be really making up its mind to dig in and fight it out in China.
This is the net impression gained by observers here from the puzzling command shifts which the imperial army has just carried out in China. Most important of three changes announced by Tokyo—was to let Field Marshal Shunroku Hata from his supreme command in central China just as his troops have successfully cut China in two and now threaten a drive on the free Chinese capital at Chungking.
Hata's face was saved by his new job. He has been made inspector general of military education, a high office, but one which normally has no tactical influence on the army.
In his place as central China commander, Tokyo has moved Gen. Yasuji Okamura, commander-in-chief of the north China garrison at Peiping since before Pearl Harbor. Okamura is replaced in the command of the western defense district on the Japanese mainland.
The apparent purpose of all this moving about is it is believed here, to unify Japanese operations in China and consolidate and improve supply lines.
None of the announced changes affects the power or the independence of the Japanese Kwantung army which controls Manchuria. This apparently sure to be held in reserve as a self-sufficient fighting force which can move against Russia without reference to what other Japanese forces are doing.

A 'Sea' of Pies for Men at Sea

Coast Guardsman Arnold M. Manthel, of Princeton, Wis., surrounded by a "sea" of his wares somewhere aboard the combat cutter in the Atlantic, pauses in the midst of baking Thanksgiving pies to sample one of his culinary masterpieces. The occasion is somewhat of a celebration, too—the pie Manthel is tasting is the 1,500th he has baked since he entered the coast guard.

MILLION INCREASE IN TIRES ASKED

WASHINGTON, Nov. 23.—(AP)—Forecasting a shortage of at least 10,000,000 truck and bus tires in the first quarter of 1945, the war production administration has asked that already strained rubber industry to increase production 25 per cent.
While some cut in passenger car tire production may result from a diversion of labor and machinery to military tires, WPB Vice-Chairman H. G. Batcheller said it was hoped to fill the needs of B and C car drivers.
Representatives of the "entire tire industry, big and small" met here yesterday, Batcheller said, and were asked to report every possible method of increasing the output of existing plants.
If all such measures fail to meet the deficit, Batcheller said it might seem necessary to "inaugurate a new program for construction of entirely new plants—an extreme step which we hope can be avoided," he said.
The 1,000,000-tire deficit remains even after WPB scaled down the demands of the army and other claimants from 6,441,000 to 4,941,000 tires in the first quarter of 1945, Batcheller reported. The industry estimates it can produce only 3,940,000 truck and bus tires during that period.
It takes from 16 to 20 weeks to design and build a new drill press for the automotive production line.

CHUTE FAILS TO OPEN, FLIER DIES

Herbert (Zek) Larson, son of Mrs. E. V. Larson, former Twin Falls resident who now resides in Boise, met his death on July 20 when his parachute failed to open following his leap from a burning plane, friends here learned.
The friends said that Mrs. Larson had received a letter from a navy officer who told her that through field planes, he saw the crew of the plane in which Larson was a radio-man-gunner, leap but that none of the parachutes opened, apparently because they were too close to earth. He said that their bodies fell on the Jap-held island at which the plane was directing gunfire from ships.
Official word received by Mrs. Larson had said only that her son's plane was lost and after that no one had apparently been able to get out. The navy officer wrote that the body of Larson fell on land. The sailor's father, the late E. V. Larson, was an attorney here. His mother now resides in Boise with the wife and child of her son. Eugene Bert Larson who is now on duty in the south Pacific.

QUADS' MOTHER LEAVES HOSPITAL

PHILADELPHIA, Nov. 23.—(AP)—With her husband holding one arm, her nurse the other, Mrs. Kathleen Girmellino left the lying-in unit of Pennsylvania hospital yesterday—little said that it will be about a week before she will see again the three girls and a boy born to her there Nov. 1.
"Oh, it's just time to be going home," the pretty, 30-year-old mother said. "I don't think I'll be able to come to see the babies for a week."
She spent most of the morning with them today, and said "they're just fine."
The quadruplets will remain in the hospital until they each reach six pounds. Maureen now weighs three pounds, nine ounces; Kathleen, three pounds; Ellen, three pounds, six and one-quarter ounces; and Michael three pounds, eight and one-half ounces.
"It seems that all I can think of is how I'm going to take care of them. They'll probably all cry and want to be fed at once," she said. Her husband, Joseph, trying to keep in the background, smiled nervously and shifted the weight of the two autographs he carried.
"I'm wonderful that she goes home—but I'm a little worried," he said.
Pope Girmellino, a securities and exchange commission analyst, has been unable to find a house in the suburbs for his increased family. Instead of the present three-room apartment, he wants a "fairly large place," a room with a southern exposure and plenty of window space, for the nursery.

Last Rites Held For Laura Cook

HATLEY, Nov. 23.—Funeral services were held for Mrs. Laura Cook, who died at the Hatley Clinical hospital after a lingering illness. Services were conducted by the Rev. Augustus Jackley.
Music was offered by Mrs. Raymond Walker and Mrs. Frank Moore. Pallbearers were Fred Miller, L. E. Outen, A. T. Glenn and Arthur Baiding.
Mrs. Cook was born Nov. 22, 1871 at Bowling Green, Ky. As a small child she came to Kansas with her parents, where she married James Cook. They had no children. In 1928 the couple came to Idaho. Mr. Cook died in 1938.
The U. S. national capitol was erected with slave labor.

Burley Youth in Cited Air Group

AN EIGHTH AIR FORCE BOMBARDMENT STATION, England—Sgt. Philip J. Finley, Burley, Ida., is a member of a bombardment group which, with its division, has been cited by President Roosevelt for a bombing attack on targets in Germany, Jan. 11, 1944.
Sergeant Finley is now entitled to wear the presidential citation badge a blue ribbon with a gold border, over the right pocket of the blouse. He is a mechanic in the aircraft engineering section of his 77 Flying Fortress squadron, and has been in England two years. He is the son of Mrs. Naomi Finley, 203 N. Normal street, Burley, and was employed as a garage man before entering the army.

Burley Sergeant Finishes Course

BURLEY, Nov. 23.—Sgt. Argyle I. Prescott, son of Mr. and Mrs. James T. Prescott, Burley, has graduated 176 of the army air force instructors' school at Laredo, Tex.
After completing a comprehensive six week course in the most modern methods of instruction on aerial gunnery, he is qualified to become an instructor at one of the nation's seven gunnery schools.

Merit badges, both first and second class, plus special awards, were awarded Wednesday night in the rooms of the Boy Scouts of America, Twin Falls council, according to Kenneth Hall, chairman.

Second class merit badges were awarded to members of Troop 36 and included two badges. Dick Wahl received a badge in cooking and Teddy Deaton received a second class badge in handicraft.

First class merit badges were awarded to members of Troop 36 included Ralph Arrington, who received an award in carpentry; and Chad Hall was awarded badges in cooking and civics.

Troop 66 was honored with three awards to Bob Duncan, in personal health, carpentry and handicraft. L. H. Patterson, Scoutmaster of Troop 66, was given awards in machinery and poultry keeping.

Troop 67, represented by John Rogers, received a first class merit badge in swimming, and Troop 71, represented by Lloyd W. Anderson, assistant Scoutmaster, was given first class merit badges in first aid, swimming and safety.

Two special awards were given. One was a 10-year award for George E. Parks, Scoutmaster of Troop 61, and the other an attendance pin for one year and one day in the all Scout functions to Robert Duncan of Troop 66.

The attendance pin for November was won by Troop 19, with a total attendance of 1,000. Troop 19 was named second with an attendance of 225, and Troop 71 was given third place with an attendance of 163.

Awards were awarded by Michael Throckmorton, high school instructor and member of the Toastmasters club. Larry Lundin served as clerk of the event.

Leader of Famed Air Group Home

Mrs. Anna Snow, Twin Falls, received word that her nephew, Capt. Danny Cornelius, had been killed in the United States after completing 61 missions in the Mediterranean theater of war.

Captain Cornelius was the leader of the first group to receive the croix de guerre with palm, from the French government. His group also received two citations.

The pilot of a Marauder, medium bomber, he has been awarded an air medal with eight oak leaf clusters and two battle stars for the African and Italian campaigns.

DECEMBER DRAFT QUOTA SET AT 37

Contrasting sharply with November's draft call for five men, the December quota of Twin Falls county is less than 37 men to have three days after Christmas, Clark Joe L. Roberts announced Wednesday.

Also on the rise, a pre-induction call for 50 men to be delivered to Boise for examination on Dec. 22, was announced by Roberts.

Leaving here Friday for the Salt Lake City induction center to fill the November call are Everett E. Butler, Paul W. Hardesty, Wayne P. Sikes, Roy E. Joellin and Roy E. Siler.

With them will go 10 men transferred to this board for induction purposes. Two other local men, credited to this board's call but who have been transferred elsewhere for induction, are Paul Thompson and Virgil Arlie Corby.

Both Lake City and the November and December contingents will be slated for the army, navy, coast guard or marines according to current needs.

Here on a routine visit, Maj. William S. Perry and Lieut. Randall Wallis, state selective service officers, conferred Tuesday with Hugh Boone, chairman of the local board here and J. Robert Boone, board member. Perry is acting procurer officer and Lieutenant Wallis is assistant procurer officer of the state organizations.

N. V. Sharp Heads Filer's Kiwanians

FILER, Nov. 22.—Sharp Kiwanis club elected N. V. Sharp president at the organization of the Tuesday luncheon meeting. A. E. McDermid was chosen vice-president and Earl S. La Flur, treasurer.

Plans were made for the youth center to be sponsored by the Kiwanis club and opened soon in the Arch Center building on Main street.

SANDPOINT SPUD WINS TOP PRIZE

BOISE, Nov. 22.—War bond prize for the biggest potato this season goes to Albert Drier, Sandpoint, while John C. Solim, Georgtown in Bluer Lake county, walked away with honors for the most perfect quartet of Idaho Russets.

The big potato contest was conducted by the Idaho advertising commission to promote interest in this famous Idaho product. Addition of the quality prize, Secretary E. N. Pettigrove pointed out, is a reminder to growers that people in the east, midwestern and south expect all Idaho potatoes to be perfect.

"We can't reach that goal," he said, "but big improvements can be made by correct cultural and growing practices."

The advertising commission has cooperated several times in the past with the university extension in its program of carrying information on control of potato diseases to the growers through district meetings and has financed and conducted other potato research projects from the advertising fund.

G. E. Gordon Now First Lieutenant

EDEN, Nov. 22.—Glad E. Gordon, son of Mr. and Mrs. Bruce Gordon, has been promoted from second to first lieutenant, according to word received by his parents. Lieutenant Gordon is a pilot of a medium bomber and is in service overseas.

"Ag" Building at U. of I. Demanded

CALDWELL, Ida., Nov. 22 (UP)—The Idaho Granger, the official newspaper of the Idaho State Grange, today editorially urges the coming session of the legislature to approve the construction of a new agricultural building at the University of Idaho.

The editorial said the proposed building was the No. 1 project of the expansion program of the state planning board and the state board of regents of the university.

"The present facilities have been in use almost since the inception of the university," the editorial said. "They are antiquated and of such small size that much of the important work in agriculture has been farmed out into small frame buildings over the campus."

"Every farmer and every farm organization should insist that the next session of the Idaho legislature translate the program of the state planning board and the state board of regents into action."

IN EUROPEAN FIGHTING
BURLY, Nov. 22.—Lieut. John L. Gaskill is in the thick of the fighting in Belgium or Germany, probably with General Courtney Hodges, first army. He is in the quartermaster corps. His wife and son live here, as do his parents, Mr. and Mrs. J. C. Gaskill.

Relief At Last For Your Cough

Cremulone relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Cremulone with the understanding you must take it regularly until the cough of you are to have your money back.

CREMULONE For Coughs, Chest Colds, Bronchitis

for ALL Idaho to inspire
"Thanksgiving"
among our overseas fighters!

May our Thanksgiving at Home . . . for a job overseas well done . . . be the reminder for us to provide real reason for Idaho's fighting men to be "thankful" that we are backing them to the limit. Let's build the morale so important to speedy Victory. Let's make every dime and dollar do its job in meeting and beating Idaho's Sixth War Loan quota!
