PHONE STRIKERS RETURN TO WORK, SEIZURE WANTED

By DENNIS DALTON
CLEVELAND, Nov. 24 (AP)—Long distance telephone service was fully restored in 20 Ohio communities and by cities of the east and midwest today after an 11th hour union action which forestalled government seizure of the strike.

The break in the seven-day Ohio phone strike came suddenly in Washington last night. Robert Pollock of the strike-organizing National Federation of Telephone Workers announced unexpectedly to the war labor board that he and other union officers involved were "convinced" that the board would make a "fair and equitable" settlement of strike issues.

Pollock immediately ordered members of his Ohio union to return back to work and other officials called off "agony" strikes which had been called in Washington and Detroit.

Threatened Nation
The spreading strike, sparked by Dayton, O., switchboard operators, threatened a serious economic crisis because of the importance of the service for the war effort.

Nathan P. Felsinger, WPA public member, said that the strike threatened the nation's security. He said that the strike was a "national emergency" and that the government should take action to end it.

Before the "surprise" break last night, the situation had worsened. The strike had spread to Chicago and other cities, and the government was preparing to take action.

The union officers, however, said that the board is sincere in its assurance that the union will establish a procedure for the future and that the dispute will be settled.

The report, signed by John H. Province, acting chief of WRA, was submitted to Congress. It was a report on the whole strike without basis of fact.

James 'Pat' Tokyo Industries After
Record Superfortresses Bombed
As MacArthur Smashes Into Japan

WASHINGTON, Nov. 24 (AP)—Fires still were burning in the center of Tokyo hours after the attack by B-29's today, the 20th air force reported.

A communiqué reporting this said that all but two of a "large task force" of the Superfortresses making the strike against the enemy capital have returned.

Anti-aircraft fire was moderate and initial reports indicated only slight fighter opposition.

The attacking planes, taking off from new bases on Saipan Island, selected only the principal units of the big Nakajima Aircraft company as a major target and also dropped incendiary and fire bombs on other plants in the industrial area.

The communiqué said that "substantial bomb damage" was dropped on the Nakajima plant located in the northwest section of the city and on other selected targets in the industrial area.

"Hap" Is Happy

WITH 15TH CORPS IN SAVANNAH, Nov. 24 (AP)—General Douglas MacArthur, second tank division battled in Strasbourg tonight after racing through the city through woods and over narrow mountain roads.

MacArthur's headquarters which directed the Strasbourg fighting was 90 miles away.

But in between the seventh army was on the move. Everything from trucks loaded with anti-aircraft and anti-tank guns to tanks and amphibious outfits were under way—mile after mile of cars, trucks and buses rolling east in a smooth, continuous stream.

A German rear guard which had been blocking the stream at the old Maginot fortress of Phalbourg was broken up this morning under an overcast sky.

HOLIDAY MIXUP MAY BE CLEARED

BOISE, Nov. 24 (AP)—Next year, Thanksgiving may celebrate only one holiday under present state law.

Rep. W. D. Vincent, R. Ida., is the man who proposes to put a crimp into the state's double-barreled turkey day. He reported he has drafted an amendment to the 1943 holiday statute which he has placed with the intent that Idaho share a single Thanksgiving with the rest of the nation.

But the action, it appears, overlooked one little matter—November has five Thursdays. They have the last Thursday of the month as Thanksgiving while the national act sets the fourth Thursday at turkey day.

But the state law also provides that any day proclaimed by the president as a day of Thanksgiving is a day of Thanksgiving.

Vincent said his bill will be introduced at the 28th legislative session starting Jan. 8 and predicted easy passage. It provides for Thanksgiving on the fourth Thursday.

State and county offices and most federal offices throughout Idaho were closed yesterday. But the state, at a Chamber of Commerce suggestion, most business houses remained open and youngsters attended school.

NEW HIGH SPEED TRAIN INVENTED

WASHINGTON, Nov. 24 (AP)—A new type of train has been invented in Spain that is claimed to have speed 80 miles an hour under mountain curves. A normal train could not exceed 31 miles an hour under such circumstances without being derailed.

The claim—along with details of the train—was reported by William L. Smyser, chief secretary of the U. S. Embassy at Madrid, in an article published by the commerce department.

Smyser described the train as swift, streamlined, lightweight, diesel powered and economical.

He said the inventor, Lieut.-Col. Alejandro Golocoechea, attributes the high speeds to sharp curves to new principles making it no longer necessary for railway cars to be heavy in order to stick to the rails.

The old idea of long carriages was abandoned. The new cars are only 12 to 14 feet long. Each car has two wheels near its rear end, and four at the front end, which is tilted to the car ahead.

The overall weight is less than half as high as in ordinary trains. The overall height is only seven or eight feet. The floor is about one foot above the rails.

"There are no axes. Each wheel is independently sprung from the body frame."

TAXICAB STRIKE ENDS IN SEATTLE

SEATTLE, Wash., Nov. 24 (AP)—Seattle's taxicab drivers decided to remain at work today to defy an order by Teamster Leader Dave Beck that no meetings be held until he returns from an American Federation of Labor convention at New Orleans.

A meeting of "independent" drivers will be held tomorrow morning and the men will consider withdrawing from Beck's teamsters union to form a new independent union affiliated with the Congress of Industrial Organization, said James Ford, chairman of the group's grievance committee.

Cabs were operating today after drivers voted to return to work, ended a 26-hour strike. Ford said one reason for the stoppage was that no union meetings had been held and no elections conducted since the war started. A union leader countered that the membership has decided against meetings or elections for the duration.

OPA ACTS TO NIP RISE IN CLOTHING

WASHINGTON, Nov. 24 (AP)—The office of price administration today launched a drive to nip a rise in clothing prices.

Price Administrator Chester Bowles announced that "stupid, easy-going" dollar-and-cent ceiling prices will be used on low-cost infants' and children's garments for which the war production board allocated 40,000,000 yards.

The second move was issuance of a regulation aimed at reduction of "over-finishing" and "financing" of fabrics, a practice OPA said had added greatly to the cost of both cotton and rayon clothing.

Both programs described as the first in a series of moves to hold clothing prices in line, follow closely stabilization Director Vinton's edict that a recent slight but "disturbing" rise in living costs "must stop."

Bowles said that for the last 18 months "price rises in clothing have been the greatest threat to the program to hold the line on the cost of living."

"In my opinion," he added, "any increases in the cost of living rising in the coming months will stop completely as soon as these programs are fully effective."

He added, however, that despite these efforts, "the clothing problem—as far as price control and supply are concerned—is not as simple as long as the war is on."

Bowles said the new programs followed many complaints from the public "about the disappearance of low cost clothing, about deterioration of quality—which is really a price increase—and about rising prices for garments."

While details of the program of dollar-and-cent ceilings for low cost children's clothing will be announced by OPA in a few days, Bowles continued that it will be in some time, possibly four or five months, before these garments appear in retail stores.

Over-finishing of cotton and rayon fabrics which OPA moved to curb, Bowles explained that by printing fancy designs on types of cloth that ordinarily receive simple and less expensive prints, the cost of the finished fabric is increased.

As an example, he cited the great difficulty of obtaining an inexpensive plain white shirt "because it is more profitable to make this cloth into costly checked material suitable only for sports shirts."

Unusual Dance at C. of I. Saturday

COUNCIL OF IDAHO, Nov. 25—Something new will be held Saturday evening, Nov. 25 at the College of Idaho in the form of a record dance. Students will be asked to bring records for admission to the dance, and then they can enjoy the type of music they like while they dance.

Tuesday evening committees were appointed for the dance with the chairman of the decoration committee being Margaret Frazer, Twin Falls, who will be assisted by five other students among whom will be Elaine Bailey, Gooding. The record committee has Alva Foster, also of Twin Falls, along with other students, and Audrey Wertheimer, Twin Falls is chairman of the refreshment committee.

Tax Agent Speaks To Jerome Group

JEROME, Nov. 24—R. W. Post, Jerome, deputy collector of internal revenue, was guest speaker at the meeting of the Jerome Chamber of Commerce. Members voted in favor of sponsoring instruction for filling out income tax returns.

Post said the government is anxious for all persons who have to file to know the proper procedure in making out returns and he stated that a speaker from Boise will be here to answer questions pertaining to income tax.

The Christmas committee reported there would be about eight Christmas trees placed in the downtown section and that street lights in that district will be decorated for the Yuletide season.

The chamber voted to aid the Jerome Ministerial association's Christmas plans for needy children. A \$25 contribution was received to be used for furnishing the Jerome hospital project.

NAZI COMMANDER REPORTED OUSTED

LONDON, Nov. 24 (AP)—Unconfirmed reports from the German frontier said today that Field Marshal Gen. Johannes Blaskowitz, commander of the German 11th army in rout on the southern end of the western front, had been withdrawn from his command.

The same information reaching London said Blaskowitz would not be replaced. His command has been taking terrific punishment from the United States seventh and third and the French first armies on the front from Metz south to the Sauer frontier.

Latest reports said up to 19 of the 10th army's understrength divisions were in precarious positions in the Vosges mountains, pinned against the Rhine. It is believed, however, that many have escaped to the refuge of the Sauerland east of the river in that sector.

The information concerning Blaskowitz said two army groups in the future would defend the western front: group "A" commanded by Field Marshal Gen. Walther von Model in the north and group "C" under Gen. Hermann Hoth in the south.

This was accepted as a logical development in London military circles. The French-American shift to the Rhine in the south has seriously shortened the front west of that deep, wide river—an area in which General Eisenhower says the decisive action will be fought out.

There was speculation here that Blaskowitz might be sent to Italy, but this was based on the rumor, current for a week without confirmation, that something had happened to Field Marshal Gen. Albert Kesselring in that theater.

Woman-Chasing Cot Put Behind Feed Lot Bars

"And she put her head down then chased every woman that passed."

Deputy Sheriff Ed Hall was speaking of his latest headache. Women wearing heavy coats, especially women wearing some sort of color, were the victims.

More than a half dozen called the sheriff's office. All of them said "Can't you come out here and catch her?"

Deputy Hall, before capturing the culprit, called on Paye Cox, who was building a fence out on the old feed place. Cox wanted to oblige, but he had a fence to build.

"Sure," said Deputy Hall, "but if we don't catch this outlaw sooner she's going to get hurt."

So they caught the culprit, a white-faced cow with a grudge against the whole world—especially the world immediately adjacent to the pasture land near the Moss Means bean house. Cox, who is an expert roper—indeed by his lance which can do just about everything but talk Spanish—finally got the animal behind bars at the "Ditch" Coughlin feed yards.

The cow, without horns, was a companion of the one that led her a merry chase last Sunday, according to Deputy Hall.

As he is in business for himself, he buys the papers at wholesale, resells them at retail, and makes a fair profit. Each carrier pays his paper bill in full each month.

These fine young people have not accumulated a large cash reserve whereby they can afford to accommodate any "chance" business. Because of this circumstance it is necessary that each subscriber has the 75c waiting for him on his first call.

Get acquainted with your Carrier. He is a fine person to know!

The majority of our carriers have 100 or more customers... for that reason the carrier boy has to spread his calls over the entire month. Subscriptions are due and payable at expiration date. Ordinarily he makes his collection calls on Saturday morning...

Subscribers who are not at home at time of carrier's regular call please mail remittance or make call at the office... bring along your last receipt for exact dates... make your call as close to expiration date as possible in order to facilitate early and proper credit to your carrier boy.

LET'S GO THE 6TH WAR LOAN DRIVE IS ON

The job's still big... you've got to dig

MAKE NO mistake about it—we've still got a tough war to win. As one American military leader said, "We'll have to fight every inch of the way to Japan." And it costs billions of dollars a month to fight the Nips.

But we're out to get Japan—and we know we'll do it! Every Jap we get means one less tough, brutal enemy for our men to face. Every land we take is one step nearer total Victory and the happy homecoming we all long for.

The vast spaces of the Pacific devour gasoline and oil. B-29 bombers, amphibious tanks, airplane carriers, and a torrent of equipment must go to the Pacific if final Victory is to be won quickly. That's why you must back up our men who are still fighting—and will continue to fight—until the Japs who started this war are finished.

They started it—let us finish it! Buy at least one extra \$100 Bond. Buy more if you possibly can. Welcome the Victory Volunteer when he or she comes to your door. Sign up for extra Bonds on the Payroll Plan. As long as an American soldier is still fighting, our duty is clear: We must keep on buying War Bonds.

And here are 6 more reasons for buying at least an extra \$100 War Bond in the 6th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 at maturity.
3. War Bonds are so convenient as cash—find increases in value to boot!
4. War Bonds mean education for your children, security for you, a nest-egg to fall back on when you want.
5. War Bonds help keep the wheels of industry turning.
6. War Bonds will help us win the Peace by increasing production power after the war.

YOUR COUNTRY IS STILL AT WAR. ARE YOU?

Pilgrim Men and Maids Give Floor Show at M. I. A. Dance

More than 200 couples, guests from seven wards in the Twin Falls state, Latter Day Saints church, attended the Thanksgiving dance sponsored by the M.I.A. of the Kimberly ward of Thursday evening at Radio. Two numbers danced during intermission, 14 girls in Pilgrim costumes, presented a minuet, under the direction of Miss Eleanor. Music and Eugene Sturgill. Plans for the event was furnished by Arlon Bastian and his orchestra.

Callegria Servicemen
Attended by many college students and servicemen, many for the holiday, the dance was carried out in a Thanksgiving manner with decorations arranged by Miss Betty. Cunningham and Gertrude Morrill, including an Indian scene complete with fire and tepee. Two numbers danced during intermission, 14 girls in Pilgrim costumes, presented a minuet, under the direction of Miss Eleanor. Music and Eugene Sturgill. Plans for the event was furnished by Arlon Bastian and his orchestra.

The second of six dances which will be presented this year by the wards of the Twin Falls church. General chairman, the dance was carried out in a Thanksgiving manner with decorations arranged by Miss Betty. Cunningham and Gertrude Morrill, including an Indian scene complete with fire and tepee. Two numbers danced during intermission, 14 girls in Pilgrim costumes, presented a minuet, under the direction of Miss Eleanor. Music and Eugene Sturgill. Plans for the event was furnished by Arlon Bastian and his orchestra.

An evening dinner was served at the home of Mrs. Mrs. Carl Cederberg in honor of the third birthday of Ray Ford, his mother, Mrs. Jerry Picke. Pocatello, arrived for the occasion bringing a large birthday cake for the dinner. Guests in addition to Mrs. Picke included Barbara Jean, Billie and Ellen Ford, sister and brother of the honored guest, Charles and Loretta Ann Westfall, Prannie, Denny Jerome, David, Darrell, Judy, Orla and Dale Wilson, Douglas, Charles and Robert Conwell, Alpha La Cederberg and Mrs. Ray Cederberg and children, Gloria Jean and Russell.

The honoree also celebrated her birthday Wednesday.

Mrs. Jerry Picke returned to Pocatello after spending the past few days with her mother, Mrs. Nellie Wilson. While here, she also visited her children at the home of Mrs. Carl Cederberg. Mrs. Picke is a guest of Mrs. W. Cederberg.

Ten members of the American Legion auxiliary and one guest, Mrs. Jack Ramsey, met at the home of Mrs. Earl Nilsen. Plans were completed for the group to pick Christmas gifts for babies at the Veterans' hospital in Boise.

Three-year-old Barbara Jean Shuler was given a birthday party Wednesday afternoon by her mother, Mrs. Bobby Shuler, with the traditional birthday cake served.

Following an afternoon of gifts, gifts were presented to the honoree.

PERSONNEL TO
MANAGED TO

Personnel factors in the efficiency of production by the utility companies were stressed as the starting point for obtaining maximum efficiency of operations during Friday's final session. A two-day conference here at the Power company plant managed by D. C. Russell, general superintendent, was held by the

Habits Important
Habits, both those entailed in the production of goods and those considered desirable in the behavior of workers, was the subject of the study.

Previously the conference was concerned with "practical" possible emergencies to insure against the need for placement of unavailable power. In this regard, it was pointed out that the continuance of war plants in the northwest depended on the uninterrupted flow of the Northwest Power, of which the Idaho Power is a subsidiary.
