

## SENATE SITS ON VERBAL VOLCANO

WASHINGTON, Dec. 29 (AP)—Rumblings over international politics today took an easily and violently over to a general assembly in congress to keep politics out of foreign affairs.

Several senators say they are so concerned with trends that an eruption of this debate may erupt the agreement early in the new legislative session.

To bring about a greater measure of understanding among the allies on some of the issues involved, two prominent senators, Roosevelt and Churchill-Stalin meeting "at the earliest possible date" to a conference probably would come late to snuff out the flame of senatorial fireworks.

Apparently the only thing delaying the display now is the need of a conference in Europe. Disagreements in problems do not wish to lay themselves out to change the course of the war.

One that threat is erased, they may produce some stinging speeches such as those as alleged disloyalty, power politics, the handling of the Polish, Greek and Italian problems, and the lack of Roosevelt and Churchill's signatures on the Atlantic charter.

## Ready for Combat

By United Press  
A Sunday ban on liquor sales in most states, coupled with wartime shortages of fuel and other necessities, has made the New Year's Eve celebration but a night club operators prepared today for a jam-packed week-end with some celebrations ignoring the ban.

A majority of the states will observe regular business hours, with a United Press survey revealed, with fewer officials relaxing in the New Year's Eve, the last time New Year's Eve is held on a Sunday.

No public drinking will be allowed in Kansas, New Mexico, Minnesota, Nebraska, Indiana, Massachusetts, Washington, Ohio, Texas, Georgia and all legally dry states.

Other states have imposed regulation closing hours to permit sale of liquor after midnight Sunday for periods ranging from one to four hours, while still others have set up with liquor on a brief-yearly basis.

In Washington, where the state liquor board has refused to modify its no-Sunday-serving edict, larger groups have announced New Year's festivities for Saturday night, complete with all the traditional year-end merriment.

Georgia's would-be celebrants apparently will miss the traditional view of the Sunday's blue-law and the fact that sale of mixed drinks is prohibited at all times.

## 45 Idaho Wheat Less Than in '44

The U. S. department of agriculture reported today that acreage planted for harvest next year is estimated at 757,000 acres, 13 per cent greater than the acreage planted for 1944 and more than a third larger than that planted in 1942.

The spotted condition of the crop in Dec. 1, however, indicates a smaller yield per acre—22 bushels next year compared with 28.5 bushels in 1944.

Department statisticians said November milk and egg production continued at record levels—88,000 pounds of milk and 17,000,000 eggs.

## Holiday Spirit Seen At Festive MIA Ball

To the tune of "Jingle Bells," played by Mrs. Lora Watts, pianist, two tiny tots of the Murlough L. D. S. ward, marched into the Radium Ballroom dressed in pajamas and slippers to open the six large gift boxes placed around the main Christmas tree. This began the floor show at the M. I. Out of the boxes wrapped in tissue paper and tied with red bows came six girls carrying lighted tapers and dressed in formal. Each box bore a tag with the name of one of the wards. Out of the seventh and largest box the two children ushered Myrna Walker dressed in a long white formal with a corsage of small gardenias. She sang "White Christmas," accompanied by Mrs. Watts.

I hear you softly, sweetly pray.

"Oh, God, please keep him from all harm,  
Please let him rest upon your arm,  
Protect his footsteps all the while,  
And give him strength to conquer trial."

Yes, my love, I hear your prayer,  
And though my heart aches to be there,  
I know he's listening as I pray,  
I know he's listening as I pray.

"Dear God, in heaven above,  
Look down upon the one I love,  
Tell her, Lord, she needs not fear,  
Through far away, through prayer, I'm near."

"When clouds of war that dim the sky  
Have passed away, and victory's won,  
Protect us all from future strife,  
And give us faith throughout our life."

Ever so often, when the sport moves him, "Ole Sport Service," preaches on the subject of "You lead a horse to water, but you can't make him drink." The puddy one never used to do that, but now, expounding on this theme, but that's what he meant in discussing that most serious of all subjects—the American boy.

The American boy just won't be taken, but he's the easiest thing in the world to lead—that is, if he is he has faith in you, if he knows you are right when this sacred word pudder lead a horse to water, but you can't make him drink.

Frost of that theory came the night when this sacred word pudder lead a horse to water, but you can't make him drink. It was the night after Alden's speedy and sharp-shooting Jack Hewarth formed the outstanding feat of making his basketball team's total of points—18, while Coach E. J. Buck, Hazzard called.

"Boss" wanted that boy score, which he was having considerable trouble getting for publication in the Sunday issue of the Times-News. He wanted that boy score because of its expected immortality. The only boy score to be had to be used in Coach E. J. Buck's record book and was behind lock and key in the Hazzard school building.

The old sportswriter theorist didn't know that when he appealed to the Hazzard players to produce the boy score, if he had he certainly wouldn't have been so persistent.

Not realizing that they were committing a wrong, the Hazzard players broke into the school house and the next morning there appeared in the T-N the coveted boy score.

But the story didn't end there. The broken lock brought an investigation, the investigation brought a meeting of the school board and before it came the leads to explain.

The boys were reprimanded, as they should have been. So was the puddy one via the telephone and he probably had to come even though he was an innocent party.

And that's that for now, except: Ain't the American boy grand?

## Close Escapes For Billy Conn

PARIS, Dec. 29 (AP)—Capt. Billy Conn, who was cool as an iceberg when he faced the ferocious force of Heavyweight Champion Joe Louis, said he had two close calls, all in one night, plane missing and German bombing—which "scared me half to death."

Shortly after Corporal Billy and his party of six boxing mates, who were leaving the European theater, took off from a French airfield Tuesday, the pilot of their C-47 discovered his elevator controls were locked.

"We climbed over the field and ascended for two hours," Conn said, "while a mechanic chopped his way through part of the plane in an attempt to unlock the controls."

"But it was no good." "Finally the pilot figured out a plan. He had me and three others climb up and down the ladders until our weight would lower the tail, then the nose, so we could land."

"We hit the runway at 150 miles an hour, and made it okay, but it left me shaking for days."

Billy and his company also suffered his party from the Germans decided to bomb the city on the same time in four months. One bomb landed close to Conn's hotel that the blast blew out the window panes.

"They left me nervous like buzz-bomb in London," Conn said. "I don't like them worth a damn."

The first thing he wanted to do when the war ends is to fight Louis and try again to win the title which he came so close to.

Since arriving in England last June he's traveled 50,000 miles across the United Kingdom, France, Italy, Corsica and Sicily, boxing four nights weekly and cheering up wounded GIs in hospitals.

## Bobcats Beaten in Last Period by Rexburg Quint They Swamped at Home Week Ago

REXBURG, Dec. 29.—Coach Rulon Budge's Bobcats, recovered somewhat from the defeat at Rigby Wednesday night, but still far from the basketball powerhouse that left Burley, went down to defeat before Madison high of Rexburg here, but that's what he meant in discussing that most serious of all subjects—the American boy.

Madison is the same team that the Bobcats smothered, 44-28, at Burley last week. Coach Budge's team, undeterred by their loss to the Rexburg team, went on to an end this evening after the Bobcats play St. Anthony high or remain in the area and take on Sugar City Saturday night. Sugar City was the winner that Burley was scheduled to play this evening, but through some mistake in the schedule St. Anthony was substituted.

They tried "My boys are pretty tired," said Coach Budge, "and I may leave for home with them after the St. Anthony contest."

The Madison boys' deadly accuracy at the first half spelled defeat for the Bobcats. The home team allowed eight shots in the first half and made every one of them. On the other hand, the Bobcats made only half of their 16.

Rexburg jumped into a 10-2 lead in the first quarter, but the Bobcats overtook the local team and were in front, 21-18 at the half. They were all tied up 25-25 at the three-quarter mark.

Bobcats in Lead "When the Bobcats took a 29-26 lead with only three minutes to go they were in a bad fix," said Coach Budge. "The Madison boys unloaded a barrage of long shots that found their mark and victory just before the game ended."

Madison was the Hazzard school board and before it came the leads to explain.

The boys were reprimanded, as they should have been. So was the puddy one via the telephone and he probably had to come even though he was an innocent party.

## Shrum Tosses in 26 Points to Pace Glens Ferry in Sixth Straight Win

PAUL, Dec. 29.—The "long" of Coach Gene Cooper's Glens Ferry Pilot basketball machine swung into action last night and as a result the team, Paul, that the Pilot mentor feared on the quintet's barnstorming tour went down to a 54-37 defeat here. The victory was the sixth straight for Cooper's quintet.

The "long" of the Cooper machine was also a factor in Jim Shrum who banded in 26 points in the first and two from the free throw line a total of 20 points. The "short" of the offense, John Wallace, had an off-evening, making only one field goal, but came through with three out of five free shots.

Clark with four field goals and three free throws for 11 points was high for Coach Harold Brown team.

The Pilots led from the very start and held a 10-5 advantage at the end of the first quarter. They were up 21-10 at the half and 37-27 at the three-quarter mark.

In a girls' preliminary game, Albion defeated Paul, 30-12. Albion McDonald had 12 points for Albion and Miss Weir seven for Albion.

## Many Oddities in Bowl Games But Reigel's Run Tops 'em All

NEW YORK, Dec. 29 (AP)—Some enchanting antics have enlivened America's New Year's day grid classics, but the one the fans will never forget is California boy Reigel's wrong-way run in the Rose bowl.

A decade and a half have passed into platinic history since the Golden Bears' star center staged a Georgia Tech fumble and raced 74 yards toward his own goal instead of toward Tech's before being dragged down on the one-yard line by teammate Berry Lon.

On the last play Lon's attempted punt from the end zone was blocked for a safety, and the two points gave Georgia Tech an 8-7 victory.

Made Comeback Reigel, heart-broken over the "Georgia" run, came back the next year to captain the Bears and play outstanding ball. In explaining the wrong-way incident, Reigel said:

"After picking up the fumble somebody shoved me and I bounced right off into a tackle. In pivoting to get away from him, I completely lost my bearings."

Among other Rose bowl high spots were: 1902—Michigan's Noll scored five touchdowns in opening classic. Wolves won 49-0 and the bowl followed until 1916; 1925—Stanford's Earl Fudge gained more yards than the four horses combined, but Elmer Leaden scored three touchdowns and Notre Dame won 27-10; 1935—Alabama set one-point scoring record with 22 touchdowns and 13 touchdowns.

1938—Southern Cal came with outstanding last-minute win over Duke, 7-3, as Doyle Nave, reserve quarterback, completed four straight passes.

1943—Injured Frankie Sinkwich, Georgia, went in to score winning touchdown against UCLA after Clayton Tripp had carried the ball into scoring position.

## Many Oddities in Bowl Games But Reigel's Run Tops 'em All

NEW YORK, Dec. 29 (AP)—Some enchanting antics have enlivened America's New Year's day grid classics, but the one the fans will never forget is California boy Reigel's wrong-way run in the Rose bowl.

A decade and a half have passed into platinic history since the Golden Bears' star center staged a Georgia Tech fumble and raced 74 yards toward his own goal instead of toward Tech's before being dragged down on the one-yard line by teammate Berry Lon.

On the last play Lon's attempted punt from the end zone was blocked for a safety, and the two points gave Georgia Tech an 8-7 victory.

Made Comeback Reigel, heart-broken over the "Georgia" run, came back the next year to captain the Bears and play outstanding ball. In explaining the wrong-way incident, Reigel said:

"After picking up the fumble somebody shoved me and I bounced right off into a tackle. In pivoting to get away from him, I completely lost my bearings."

Among other Rose bowl high spots were: 1902—Michigan's Noll scored five touchdowns in opening classic. Wolves won 49-0 and the bowl followed until 1916; 1925—Stanford's Earl Fudge gained more yards than the four horses combined, but Elmer Leaden scored three touchdowns and Notre Dame won 27-10; 1935—Alabama set one-point scoring record with 22 touchdowns and 13 touchdowns.

1938—Southern Cal came with outstanding last-minute win over Duke, 7-3, as Doyle Nave, reserve quarterback, completed four straight passes.

1943—Injured Frankie Sinkwich, Georgia, went in to score winning touchdown against UCLA after Clayton Tripp had carried the ball into scoring position.

REXBURG, Dec. 29.—Coach Rulon Budge's Bobcats, recovered somewhat from the defeat at Rigby Wednesday night, but still far from the basketball powerhouse that left Burley, went down to defeat before Madison high of Rexburg here, but that's what he meant in discussing that most serious of all subjects—the American boy.

Madison is the same team that the Bobcats smothered, 44-28, at Burley last week. Coach Budge's team, undeterred by their loss to the Rexburg team, went on to an end this evening after the Bobcats play St. Anthony high or remain in the area and take on Sugar City Saturday night. Sugar City was the winner that Burley was scheduled to play this evening, but through some mistake in the schedule St. Anthony was substituted.

They tried "My boys are pretty tired," said Coach Budge, "and I may leave for home with them after the St. Anthony contest."

The Madison boys' deadly accuracy at the first half spelled defeat for the Bobcats. The home team allowed eight shots in the first half and made every one of them. On the other hand, the Bobcats made only half of their 16.

Rexburg jumped into a 10-2 lead in the first quarter, but the Bobcats overtook the local team and were in front, 21-18 at the half. They were all tied up 25-25 at the three-quarter mark.

Bobcats in Lead "When the Bobcats took a 29-26 lead with only three minutes to go they were in a bad fix," said Coach Budge. "The Madison boys unloaded a barrage of long shots that found their mark and victory just before the game ended."

Madison was the Hazzard school board and before it came the leads to explain.

The boys were reprimanded, as they should have been. So was the puddy one via the telephone and he probably had to come even though he was an innocent party.

And that's that for now, except: Ain't the American boy grand?

# ONE MORE NAZI BREAK EXPECTED

WASHINGTON, Dec. 29 (AP)—A belief that the Germans will make at least one more major effort to break out of their salient before starting a general withdrawal was expressed in more cautious military circles today.

This idea was entertained despite late reports of Nazi withdrawal of armor from the areas at the southwestern corner of the penetration and the suggestion of U. S. third army elements moving up from the south.

One officer standing at the attention said he believed it is quite possible that the Germans will make at least one more major effort to break out of their salient before starting a general withdrawal.

The German patrol and other activity has been curious from within the last two days.

Theron McKee was granted the custody and control of three minor children to May 31, 1945 and from Sept. 1 to May 31 of the succeeding year, in a decree modifying a divorce action, ordered Friday by District Judge J. P. Davis.

His former wife, Mrs. Maybelle McKee Phillips, is awarded the custody and control of the children from June 1 to Aug. 31, of each year. The couple was divorced March 11, 1940.

# JACKSON HOLE TO STAY, SAYS FOR

WASHINGTON, Dec. 29 (AP)—President Roosevelt has pocket vetoed a bill to abolish the Jackson Hole national monument in Wyoming.

In a "memorandum of disapproval" made public by the White House today, he said that among other things the legislation would have deprived the people of the United States of the benefits of an area of national significance from the standpoint of naturalistic, historic, scientific and recreational values.

The monument, embracing 22,000 acres adjoining Teton national park, was established by executive order last March. Private interests in Wyoming opposed its creation on the ground that it removed much land from state tax rolls and for other reasons.

The President said he would be sympathetic to enactment of new legislation whereby revenue from the national park and monument system could be used to offset, on an equitable basis, any loss of taxes.

He said he also would be sympathetic to a new law incorporating administrative policies governing private use of federal lands within the monument. Among things suggested, this legislation might provide authority for private landholders who now have grazing privileges to continue to have such privileges.

Mr. Roosevelt said his proclamation creating the monument followed precedent repeatedly established by his predecessors, beginning with Theodore Roosevelt, in exercising authority conferred by the antiquities act of 1906. He said 63 national monuments have been established by presidents of both political parties and that seven are larger than the Jackson Hole monument.

## WMO SEEKS TO BORROW LABOR

WASHINGTON, Dec. 29 (AP)—The war manpower commission would like to have essential firms all over the nation to lend workers for war programs.

Proposed to extend the plan, already in effect in a few areas, is ready for a WMO regional directors meeting.

The extension resulted from an office of war mobilization director that WMO take steps to lighten employment ceiling for less essential industries. To give the measure the war production board was authorized to issue restrictions including the withholding of materials and other operation essential in war.

WMO regional directors are being urged to get the cooperation of local business and labor organizations in the program.

Loans of workers would be on a voluntary basis, but with a possible WPM card on the background to bring recruitments firms in line.

## Students, Fighters Rule Fallen Towns

WITH THE FIRST U. S. ARMY IN GERMANY (AP)—When military government detachments took physical possession of German towns, they usually have been "in" the communities long before the fighting started. Careful studies of population and facilities are made and detachments move forward as organized units, often before the fighting starts.

In one instance the allies controlled the unpopulated town of Wismar, a German town, fighting in the end of town, operated the sewage plant. Detachments have also been found indicating who may use cooperation, but "all Germans are bad" is the slogan of the "Führer," declares Maj. T. C. Cowther, who has charge of one sector.

Carefully taught in special schools, trained as experts on the particular community they occupy, military government officials must determine order, restore utilities, distribute food, safeguard health and keep civilian life functioning.
