## FOURTH OF BERLIN CAPTURED

### Stalin's Forces Tread Under den Linden

This map of Berlin shows, (arrow in center) how far the Russians have penetrated into the city. Times-News cables today say they are "blasting their way along Unter den Linden, in the heart of the red capital." Under the Berlin's famous thoroughfare—famous in Germany, famous in world—foundists said famous through the World War I floodway. America when they charge under den Linden and rechristen it Broadway. A United Press cable to the Times-News from London said Soviet tanks are "bursting back an army of fanatic defenders personally commanded by Adolf Hitler" in Berlin.

## Reds Kill 8,000 Nazis; Russian Flags Flying Among Smoking Ruins

LONDON, April 23 (AP)—Red army troops held a tight grip on one fourth of Berlin today and bored in from three sides to the heart of the blazing capital, blanketed by shellfire and all but surrounded. At least 8,000 Germans were killed in Berlin Sunday, the Russians said. Moscow dispatches said red banners fluttered from battered and smoking buildings in the capital and that Soviet storm units appeared to be only a few miles from the Wilhelmstrasse and from Unter den Linden and Tiergarten in the heart of the city. There was only one way out of Berlin—west by way of Spandau—and reports say that escape corridor is narrowed to five miles. Berlin is being transformed into a ghastly monument to senseless Nazi resistance as Soviet shells and bombs tumble buildings into the streets. The German-controlled Scandinavian telegraph bureau reported Soviet tanks and infantry in the heart of the city, and told of 3,000,000 residents crowded so closely in underground shelters they could not be seated. The Paris radio carried a report that foreign workers seized the Warschauer Bruecke railway stations, about two and a half miles from Unter den Linden. This report said foreign workers were battling SS troops in the Zimmerstrasse, which runs 10 blocks south of Unter den Linden and is the site of many of Berlin's newspaper plants.

## Hitler in Capital; Will Stay to End

LONDON, April 23 (AP)—Adolf Hitler is in Berlin and has decided to remain there, it was reported today in a broadcast directed at Berlin residents in an attempt to convince them the invaded capital would not fall. "One of the announcements made it clear that rumors were sweeping the Reich that the Fuehrer was fleeing. The broadcast said the Fuehrer's flight was made to stem what was described as "fantastic rumors by which the city is attempting to undermine the morale of the German people." Propaganda Minister Goebbels is also in the capital, the broadcast said.

At Elsterwerde the Russians were 24 miles from the American first army at Wurzen on the Mulde river, but allied air reconnaissance said the Soviet vanguards had driven another 14 miles and reached the Elbe, at a point within 20 miles of the banks.

In an advance 10 miles northeast of Dresden, the Russians captured Bischofswerda, 16 miles from their goal. Other red army spearheads enveloped Luebnau, 35 miles south of Berlin, and Dalkow, 95 miles south.

Since the drive on Berlin started, the Russians have claimed the destruction of more than 946 Nazi tanks and the capture or shooting down of 789 German planes.

Moscow said the push into Berlin's northern and eastern districts was on a twisting 30-mile front from the northwest district of Glienicke to Wilhelmshagen and Friederichshagen on the east.

The Russians were reported using mortars and anti-tank weapons as well as self-propelled guns. On every avenue they had to smash barricades and destroy machine gun and sniper nests.

The Germans were said to be fighting from many concrete pillboxes as well as from barricades constructed of sandbags, overturned trucks and buses and rubble from bombed buildings.

In some places fire and flame were being used to provide breastwork for the Russians.

Paris, April 23 (AP)—Lieu George B. Patton's third Army, after a 28-mile drive in a new offensive today, shut most routes between the Fulda and Pragmata areas and still a national road in the Bavaria Alps.

The Holland division of the seventh army reached a town on the banks 50 miles from Munich after a 14-mile sprint. However, it was not identified as a town. The Danube was crossed farther west.

In the north the British opened the final assault on Bremen and besieged Hamburg, second and first ports of Germany. Lieut. Gen. Miles Dempsey's tanks pulled up the Elbe on a 40-mile front northeast of the city.

Russian armor columns are advancing on a solid 25-mile front from the northeast corner of Berlin. Sixteen districts in the eastern and northeastern part of the city were captured yesterday alone.

Eighty square miles of Berlin's 332-square-mile area were cleared. Scores of war plants, an auxiliary power plant, a tramway depot and other strategic buildings were captured.

Artillery veterans of Stalingrad and Warsaw are supporting the attack on Germany. Lieut. Gen. Miles Dempsey's tanks pulled up the Elbe on a 40-mile front northeast of the city.

## Bulk of Striking German Prisoners Back At Work; Leaders Still on Bread, Water

RUPERT, April 23—All but the ringleaders of the 286 German war prisoners who went on strike at the Rupert camp last Wednesday returned to work in southern Idaho farm fields today.

A bread and water diet imposed on the striking prisoners by Lieut. Col. D. E. Smith, commanding officer of the camp, was lifted at 4:30 p. m. Sunday after a "complete understanding" was reached.

Colonel Smith said 40 inmates of the camp, whom he described as the ringleaders of the strike, remained in the guardhouse Monday on the bread and water diet. Their cells—some were held in solitary—have been stripped of their coats and the men sleep on the floor.

This will continue, Colonel Smith said, until he is certain there will be no repetition of last Wednesday's strike.

He described the men held in the guardhouse as fanatical Nazi type, but felt certain, he said, that the present diet plus the discomfort of sleeping on the floor would solve the situation.

"If not," he said, "we have other means."

He did not say what those means are.

Monday afternoon the 250 men who were being held in a barred wire enclosure field were reported sleeping on the ground with only a blanket to cover them and they sent yesterday to arrange for a camp once with the commanding officer.

Colonel Smith said he knew that he wanted to confer on the matter only and to the strip that was the only way, he said, that the bread and water diet would be lifted and the men allowed to return to the barracks.

**Blind Veteran, 98, "Wins" Bride, 68**  
GLENDALE, Cal., April 23 (AP)—Capt. Mark Minkay, sightless 98-year-old Civil war veteran, today thought he was the "luckiest boy in the world" to win 68-year-old former Mrs. Aimee Hentz as his bride.

They were married after a 12-year acquaintance. Captain Minkay is California-Nevada department commander of the Grand Army of the Republic. His bride is a member of the Daughters of Union Veterans.

When they got the license, they indicated the wedding would be in May, but that was lost to three friends off the trail.

## Congressmen Find German Horror Tales Only too True

BUCHENWALD, GERMANY, April 23 (AP)—Eight American congressmen agreed today after touring the horrors of Buchenwald prison camp that the evidence of Nazi atrocities committed there exceeded the wild flights of imagination.

"This is the most horrible thing anyone could conceive," said Rep. Carl Albert, Democrat of Idaho. "The evidence of Nazi atrocities committed there exceeded the wild flights of imagination."

The congressmen, who were in Berlin on a tour of inspection, were led to Buchenwald by Gen. Eisenhower so that they might obtain first-hand evidence of the atrocities committed in Buchenwald.

Behind one building the congressmen saw a great heap of washed human bodies, which the Nazis had left piled one atop the other like so many logs. Nearby was a truck piled high with 60 more bodies, each bearing a tattooed prison number.

In the adjacent courtyard was a pile of ashes and bits of bone, remains of the dead who had been burned in the 12-furnace crematory, where blackened skulls still could be seen.

Below the furnaces the congressmen saw a great heap of washed human bodies, which the Nazis had left piled one atop the other like so many logs.

**Pillows and Salmon Due to Be Cheaper**  
WASHINGTON, April 23 (AP)—Consumers will shortly be paying less for pillows and salmon steaks, OPA said today.

Feather-filled pillows and upholstered chairs will cost an average of one-third less under dollar-and-cents ceilings established in the new action. Reductions of as much as 15 cents a pound will result from increased prices placed on fish and from increased and imported Atlantic salmon.

He said he has been assured a ticket to attend plenary sessions. "I hope to come back and tell the people of Idaho what went on at the conference," Baldrige said.

### WORLD SECURITY LEADERS ABSENT

SAN FRANCISCO, April 23 (AP)—The United Nations delegates were assembling today on the shores of the Pacific but attention was fixed on Washington where the first big peace discussions since Yalta were being held.

Every train crossing the high Sierras and dozens of planes poured United Nations delegates and their advisers into the city where the first world peace deliberations since 1919 began Wednesday, but the principals still were absent.

In Washington, President Truman and Secretary of State Stettinius, Foreign Secretary Eden and Soviet Premier Stalin were here in consultation on the thorny Polish problem.

San Francisco has assumed the aspect of a stage, partially set, but with the principal actors still in the dressing rooms arguing about the lines in the first act.

With only 48 hours to go before the scheduled opening of the conference, indications were growing that the Washington discussions would not produce a settlement of the Polish question before the opening conference session.

The Polish issue has been squarely drawn. The Russians not only back the Warsaw government for a seat at San Francisco, they have renounced their position by signing a treaty of alliance and friendship with the Warsaw government.

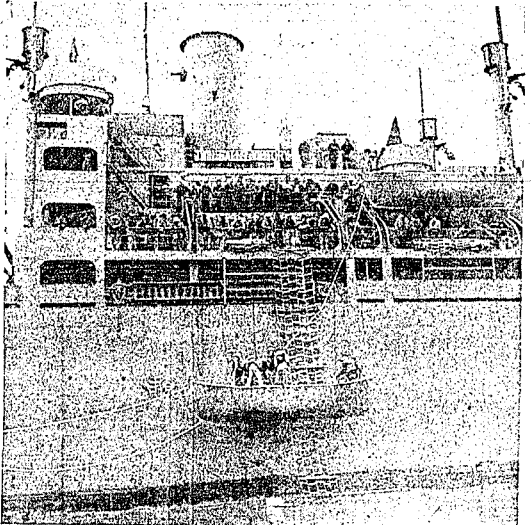

The Americans and the British have been equally firm, rejecting a second Russian request for Warsaw representation and publicly affirming their unity on the rejection unless and until the Warsaw government is reconstituted along the lines agreed upon by the late President Roosevelt, Prime Minister Churchill and Marshal Stalin at Yalta.

### SCHOOL VACATION PROGRAM DRAWN

COODING, April 23—The Gooding Recreation association is sponsoring the annual summer vacation program, to be held during the school vacation.

The opening date was chosen because it interlards the church Bible school vacation.

Wednesday evenings have been held, so that the one evening will be available for church social activities. Representatives from the Gooding churches, attending the meeting were in accord with the arrangement.

Phyl W. Withler, chairman of the association, intended for the opening, held in the high school office, by Mrs. Edna W. Tisdale, secretary and treasurer of the association. R. W. Lyons is co-treasurer.

Reports of the preceding summer's program were given.

It was emphasized that this year's program will be enlarged to care for a greater number of children of all school ages. More than 250 children participated in the activities last year.

A leader has been assured for the summer included in the program will be movie, and check and instructed all spots and games, basketball, tennis.

Committee named a committee, composed of Edna Withler, Mrs. Edna Withler and Martha Wessell was appointed to certain candidates for the coming city election to obtain their views on certain city improvements. Principal objectives are provision for a permanent youth center and a civic swimming pool.

Members heard strong arguments for the immediate necessity for a youth center in view of recent youth problems.

It was pointed out that, with the many clubs and organizations in place now available, the community could support one organization to entertain youth.

### Twin Falls Firm Given River Work

The Smith and Willison Construction company of Twin Falls, a newly formed company, Saturday had been awarded a \$200,000 contract for emergency flood control work, including repair of levees and revetments on the Boise river in Ada county, according to announcement by the army engineers corps office at Boise.

Contacted in Twin Falls, Dale Willison, one of the partners, said that work on the project is already underway and will be completed in about 30 days. About 10 men are being employed, he said.

He explained that the work is necessary because at times, in the spring of the year, a large runoff comes and the water level rises. It is feared Purpose of the work is not only to prevent property damage but also to conserve the water, he pointed out.

HACKETT, April 23—Eugene John R. LeDoux, who was injured while in action near Japan, is in the Bremerton base hospital, Washington, D. C. in his parents, Mr. and Mrs. Harry LeDoux, Hagerman, have been informed. He was pilot of an Avenger torpedo bomber.

### Sgt. Ivan Rogers Injured, Recovers

ST. LOUIS, Mo., April 23, (AP)—Sgt. Ivan Rogers, 310 South Ave. east, injured recently during action in Europe, is recovering in a U. S. army hospital, according to word received by Mrs. Cox.

Sergeant Rogers, who enlisted in the army the day following the Pearl Harbor attack, suffered an eye injury during action in Germany last winter. "My eye is getting along like a better."

He was employed in farming by Ray Pond, Twin Falls, before entering the service.

He has been recommended for the purple heart.

ROGERS RIGGS

**CARRIER YET VISITS**  
RICHFIELD, April 23—After 11 months aboard an aircraft carrier in the south Pacific, S. L. Johnny Byrne, former resident of Richfield, recently spent a leave with his parents, Mr. and Mrs. Pat Byrne, Boise, and other relatives in Richfield.

He took part in the Salvan and Leyte campaigns and was caught on the island of Iwo Jima where all electricians captured and sunk. He has been in the navy two years.

His brother, Rex O. James Byrne, is now serving in Alaska and was formerly stationed in Seattle, Wash.

### Rotarians Hear Twin Falls Man

MEMPHIS, April 23—Problems of nations which are to be settled at the peace table were discussed in an informative talk presented here at the regular meeting of the Jerome Rotary club by Joe Haddock, Twin Falls attorney.

Mr. Haddock reviewed to some extent the arrangements by which nations have settled problems far back in history. He said that Britain acquired its territorial rights in the House-Ross area in a war with China. "Now," he asked, "will Scotland be expected to relinquish state rights to China, the original owner, and the Dutch East Indies, and other Pacific islands, formerly owned by the Netherlands, England and other nations, now being recaptured by the American soldiers and equipment... do we give them back or not?"

Mr. Haddock spoke of the many questions which arise at the peace table, and explained that it would be up to us in the future to make a completely satisfactory arrangement which would please all the allied nations involved.

E. C. Craig was introduced as a guest member of the club by Harry Tucker, Huley, was a guest. E. D. McCleary and D. A. Lifferson won the attendance stamp prize.

U. S. newspapers are nearly 4,000,000 tons of paper a year.

### MCGRADY HINTED FOR LABOR POST

WASHINGTON, April 23 (AP)—President Truman is reported today considering Edward F. McGrady for secretary of labor.

McGrady, assistant secretary of labor from 1933 to 1937 and a long-time figure in the AFL, has been in charge of labor relations for the Radio Corporation of America and is serving in this post as special labor consultant to the secretary of war.

One thing is sure: One of the first cabinet members to go will be the present secretary of labor, Frances Perkins.

Truman is being bombarded by free advice and offers of service. People from many walks of life are laying siege to the White House. Many names are being given for top jobs but few are being given the call. One of the new President's aides explained it this way: "No President in history ever had so much free advice."

### Kiwanians Hear School Orchestra

BUILH, April 23—A musical program presented by a number of the high school students was enjoyed by the Kiwanis club at its noon luncheon.

An orchestra composed of Joyce Garner, clarinet; Lyle Blatz, piano and accordion; George Jensen, guitar; David Spjeller, trumpet; Bill Engler, trumpet and accordion; and Betty Thompson, piano, played several numbers of popular and classical nature.

Betty Thompson and Lyle Blatz sang two vocal numbers, with the orchestra as accompaniment.

### CTL CATMULL HOME

CAIRO, April 23—Capt. J. P. Catmull arrived home after 20 months spent overseas. All of the high school students was enjoyed by the Kiwanis club at its noon luncheon.

He reports back to Santa Barbara, Calif., on May 3 for reassignment.

### Petitions Planned On Wage Ceiling

The Idaho wool growers' association's wage stabilization board agreed Saturday to circulate petitions in the Twin Falls, Idaho Falls and Caldwell areas to determine if producers desire a wage ceiling on agricultural labor.

G. E. Herrington, executive officer of the board, said a majority of producers in all areas affected must be in accord with the ceilings before they can be set.

Herrington said he and Stanford Filchicks, wage stabilization officer, will survey the need for specific wage ceilings in the grain and peach harvesting areas of north Idaho next week.

They will visit Lewiston, Moscow, Grangeville and probably Coeur d'Alene, he said, and set tentative data for wage hearings in those cities.

Recent wage hearings held in southern Idaho cities have shown some reluctance in the grain and peach areas to be in favor of ceilings again this year.

**MAYOR BERT A. SWEET**  
Candidate for Re-election

We, the members of the present city council—three of us re-elected and one a hold-over member—make the sincere appeal that the people of Twin Falls give Mayor Bert A. Sweet a vote of confidence in the run-off election. We have every confidence in his ability and sincerity. During the last two years he has served the city exceptionally well and has worked in complete harmony with all the others in his administration. Although it is true that he polled the largest vote cast for mayor in the city election, he lacked a majority because three candidates were seeking that office. Because of his record in office and the fact that we all have enjoyed working with him, we urge that the people of Twin Falls go to the polls and give him a vote of confidence, even though he is unopposed due to his opponent having retired from the race.

## Ideas Given for Packing Cookies

Broken cookies are arriving daily in army canteen all over the country. The best way to ship cookies is to start with a sturdy corrugated box. A gift box can be used if desired.

First, cushion cookies, wrapping shredded waxed paper around them. Pack tightly. If you are sending a variety of cookies, plan to pack the fat cookies in all the bottom.

Spinkle popcorn in all nooks and crannies between the cookies to prevent shifting.

When first layer of cookies are firmly anchored place a thin cardboard or stiff board wrapped in wax paper, as base for the second layer.

Don't wrap individually unless they are very crisp.

The last wrap is just good insulating paper. Wrap box with strong brown paper. The securely with stout cord.

Print address clearly using mailing stickers marked "handle with care" or "fragile".

Keep in mind that men like cookies that are hearty and tasty like fruit, nut or molasses.

## Home Blocking

To block a new or newly-washed hand-garment, sprinkle two heavy bath towels slightly and spread garment between them, pulling to desired measurements and pinning to shape.

Before washing it is handy to lay garment on paper or cloth and draw outline to use in reshaping.

Be sure your shoes fit well, as cramped toes that are insufficiently exercised will help weaken the metal arch.

## Twin Falls War Wives Celebrate Anniversary

Members of the Twin Falls War Wives club, numbering 15, attended a banquet Saturday afternoon in the Rogerson hotel.

Early spring flowers and flowering stems of shrubs became the motif for spring on the sprightly decorated hall.

Members, who meet bi-weekly, are wives of service men now stationed overseas. Saturday's banquet celebrated the second anniversary of the club's formation.

Following the program in the Rogerson hotel, the 15 members presented a festive party at the home of Mrs. Robertson, 150 Ninth avenue street.

Guest members of the club include: Mrs. Davis, Mrs. Moore, Mrs. O'Daugh, Mrs. Ross, Mrs. Greif, Mrs. Scott and Mrs. Beymer.

## Address Heard by Improvement Club

FILER, April 22—Florence Schultz, Twin Falls, home demonstrator agent, was a guest of the System Improvement club at the home of Mrs. Everett Bontichen.

She spoke on "Safety in the Home." Her call response was "Accidents that could have been avoided."

Mrs. Ella Ritchey, Mrs. Emma Dunlap, and Mrs. Loretta Stefford were in charge of contests with prizes going to Miss Schultz, Mrs. George R. Johnson, Mrs. Loren Drake, Mrs. Elmer Peters and Mrs. Emma Dunlap.

Mrs. W. R. Leetz drained the water and the elephant. The club's meeting will be with Mrs. Stanley Walters.

## Makeup Necessity On Overseas Duty

By ALICIA HART  
SEA Staff Writer

You can make a girl friend or relative serving in a war area happier if in that package from home, you'll include some beauty aids which she may not be able to get.

If there's any doubt about that, check the list of most-needed beauty aids flown by the Red Cross to 100 recently liberated U. S. army bases in Manila.

From the House of Dorothy Gray, which supplied these aids, come tips on what to get the list of non-aqueous products. They are face powder, rouge, lipstick, refills, dusting powder, and deodorant, which can be sent anywhere with the exception of recently liberated areas in the Philippines for which postal regulations have not yet been formulated.

The weight of your package must be limited to five pounds, in measurements in combined length and girth to 36 inches. The recipient must have an A. P. O. number, and in case of a girl soldier, there must be a letter of request.

## Bag Those Crumbs

When making bread crumbs with your food chopper, the paper bag that comes out is the best to use.

It's praised by experts that much sticks with which they are worn-out abbreviated jackets that make the legs look so lonely, and soft-shoulder rather than shrill-looking women.

# "A LOT OF HOMES"

## Doesn't Mean a Thing!

Reaching "a lot of homes" can mean 10 homes, 100 homes, 1,000 homes, 5,000—you write the figure.

By the same token, "a lot of circulation" means nothing, unless it is measured only by the extent to which it reaches ALL THE HOMES in your trade territory.

The Times-News, a member of the Audit Bureau of Circulations, gives you ACTUAL COUNT FIGURES when it tells you how many homes receive your advertising through this newspaper. There is no guess work. It's actual count by an auditor, with names and addresses.

Following are the number of occupied homes in Twin Falls, Twin Falls county and Magic Valley, according to the 1940 census and current Audit Bureau of Circulations figures, together with the Times-News circulation in each of these three divisions:

Occupied Homes	Times-News Circulation
TWIN FALLS .....	4,406*
TWIN FALLS COUNTY .....	9,979
MAGIC VALLEY .....	24,006
	4,481
	8,821
	17,554**

That's COVERAGE! It's audited circulation that's EFFECTIVE—the kind of circulation that comes to advertising in the largest circulation in the United States for any daily newspaper published in a city of comparable size!

\*Includes homes recently annexed.  
\*\*Does not include 1,650 subscribers outside immediate trading territory. Most of who are now receiving our special wartime weekly edition.

CHICAGO WHITE SOX 9-15 STAR A. L. BEST IN 25 YEARS

Hose Trim Brownies Twice to Hold Lead

For the first time in 25 years, the Chicago White Sox have gotten away to a flying start in the American league pennant race. In winning a Sunday twin bill from the St. Louis Browns, 4-3 and three games with the Athletics, the pale horse annexed their fourth and fifth straight.

ON THE SPORT FRONT

Not since 1920, when the Sox won their first six games has the Chicago outfit had a better start. That year the Sox finished in second place with 36 wins and 68 defeats.

Joe Haynes and Oval Grege also lured catchers before 137th and 138th streets. A wild demonstration was staged by the blue face men pelted players, umpires and fans with sticks with red caps to show their disappointment over double trouble.

The St. Louis Cardinals double-batter with the Cards and Reds. The Cardinals' double-batter was a two-bash hit in the third inning of the opener.

Disay Trent was his second game pitched Detroit to a 6-3 triumph over Cleveland before 20,000, while the Philadelphia Athletics handed the Boston Red Sox their sixth straight loss.

Earlier that season Petzold had been served up another disappointment at the hands of an Idaho rival. He had been pitched out of 100 straight days. Petzold whipped home 55 winners at Tia Juana.

Remember Black Gold? If you don't hundreds of books in America because when he won the Kentucky derby he broke most of them—all but one who had winter books. Well, Petzold was the first to ride the little wonder horse.

Petzold can go on and on in relating his experiences, but the only horse to fall best is about the time he rode Ben Jones' second oldest son, who is unable to wear a pair of pants with the related black garments who was up on White Star after gamblers had offered him \$200 to lose.

The new Tia Juana im-piercer, who returned here a short time ago after many years on the coast, rode for a lot of years but one of the place, he'll tell you, was Victor Joz, the coach.

And that's that for now, except let's not forget that big new recreational building is under way to the lads who gave their all.

MEMPHIS, Tenn., April 23 (AP)—Harry (Beambot) Johnson is the oldest umpire in police service in professional baseball. He's been umpiring 23 years, and he's spent 25 of them in the Southern league.

General Manager Dewitt broke in as the Cardinals' office boy. Asked how it was that the Cardinals came up with so many fine young players, Sam Brandt replied, simply, "We look for them."

Bill Dewitt has the same idea.

Road to Magic Dam Finished

Sportmen from the Magic Valley will travel over a new road from the Panguitch highway, now going to Magic reservoir next Sunday—thanks to the efforts of some persons who tried out Sunday to assist in building that road.

St. Louis Built Pennant-Winning Clubs by Looking Into Future

By HARRY ORANSON Sports Editor ST. LOUIS, April 23—It is a general agreement that the Cardinals series is headed for Sportman's park.

The success of the Cardinals and Browns with the poorest franchise in the major is a striking phenomenon. The Cardinals' success is due to "vastly more efficient surroundings."

Among Red Birds in the armed corps are pitcher Dizzy Dean, Alpha Truitt, Murphy Dickson, John Gaffney, Red Kist, Red Munger, Flowers, Fred Schatz, Yaw, Surkont and Ernie White; second

base men Jimmie Brown, Greedy Crepi and Lou Klein and outfielders Gus Muihal, Terry Moore, Harry Miller and Conroy Stauffer. Among Browns in the service are

pitcher Steve Sundra and Al Miller, infielder Harry Strickland, Johnny Lucadello and Bob Dillinger, outfielder Ed Delaney, outfielder Pichera Ben Muncie and Denny O'Rourke, third baseman Mark McGwire and outfielder Clint Laska are in war work.

Another reason for this fourth year, the Cardinals and the Browns have done a neat job of plugging the holes in the team. The Cardinals with youngsters who can pitch and field. The Browns bought a new pitcher, Schindler, a short playing left fielder, The Browns bought back with pitching reinforcements.

Infielder Len Seibel and outfielder Babe Martin and Pete Gray. The Cardinals' formula for sustained success—the farm system—

was born of desperation in a city which is almost entirely a baseball town. The Browns caught up with them a higher level. Both are built for the long haul.

Branch Rickey started with the Cardinals in 1920. He was wondering what to do with the Browns when Bill Dewitt interceded with Rickey. Rickey then showed a profit last year for the first time since Donald L. Barnes and Co. took over.

General Manager Dewitt broke in as the Cardinals' office boy. Asked how it was that the Cardinals came up with so many fine young players, Sam Brandt replied, simply, "We look for them."

### OKLAHOMA SIEGE

#### STORY RELATED

FILED, April 23.—Mrs. Olen Leonard, Sgt. Cornelius Smith, brother Sgt. Raymond Smith, both known to his brother, stated that he landed the second day of the Oklahoma invasion with the 7th Cavalry.

The division landed without any casualties because of an accident. Sgt. Smith is a paratrooper, but is also fighting when necessary.

The "Cactus Toes" division held the inhabitants left on the island. Two women and a few children asked to come with them before the soldiers cut off their heads.

One woman prisoner had attended school in California, and when they returned to her home she took them to a cave where there were 200 children in hiding, mostly elderly men and women.

Sergeant Smith spoke of the island being practically a lawless territory, raising mostly boys, who were profane at Atka, Hawaiian islands and Saipan.

Six to Serve

Mr. Leonard will soon have had six months in service. One brother, P. Raymond Smith, a marine, was killed in New Britain.

He had the medals for expert marksmanship in machine gun, pistol, rifle and bayonet and a citation for his mother that he was a "perfect marine." He was killed on the island of Saipan, where he was a private. He is training at Camp Meade, Md.

### Prisoner

S/SGT. WILLIAM BUTLER (last overline)

Butler today received word from his mother that he is a prisoner. He was captured during the invasion of Okinawa.

Butler is a graduate of the high school and had resided in Wendell since 1928. He entered the service in 1942, and had been stationed at Fort Knox, Ky. He also attended infantry training school at Pine Camp, N. Y.

His wife, Mary Helen, arrived here last week from the front lines. Mrs. Butler's former home was in Dulles, Wash. D. C.

Sergeant Butler arrived in England July 12, 1944, and served in the 8th Air Force, France and Germany. He sent home many souvenirs during the months he was in active combat duty in the European theater.

Sergeant Butler's father, the late John Butler, Wendell resident, was a veteran of the Spanish-American war. He died July 23, 1914, at his home in Wendell.

#### Chairman Thorpe

BOISE, April 23 (AP)—What was to have been a meeting today of the Republican state central committee to elect the party's nominee for governor in next year's election is being postponed until next week.

Thorpe, chairman of the party, said today that a smooth program worked up for the committee's consideration when it convenes late today will be to elect a new chairman and to be re-elected to the future with no change in the party's administrative organization of the present party leadership.

The resolution is being prepared by delegates from southeastern and southwestern Idaho, but Thorpe could legally ignore it and probably will if the party is split on choice of a successor.

Dick Loggson, Boise automobile dealer, and Reilly at Atkinson, former state chairman, are talked of as the most likely persons to succeed Thorpe.

# Deaths BRIGHT DIAMONDS

**A FORTUNE IN DIAMONDS**

When I turned in at the cemetery gate for the second time that day it was about dark and there was no sign to help me find my way. The rain had turned to snow.

I parked my car under a great oak tree and slid out of the motor. The wind had risen and I heard it blowing mournfully in the branches overhead. I walked slowly away from my car, feeling the ground under my feet and staring at the curtains of night and snow.

Suddenly I saw the monument ahead of me, dimly lit by the gathering darkness.

Then I felt the ground, soft and oozy under my feet. I looked down earthily, at Phineas Hudson's grave. Quickly I stepped off and turned around and saw the monument again. Something caught my eye. I turned back and looked more closely.

The grave looked odd. I stared curiously until, as a matter of fact, I saw the monument again. There was a little mound of dirt beside the grave. I stared at that mound and I began to think about it. A couple of stones of the stone would have spread the earth evenly to look over the grave.

I leaped down, moved my hand across the dirt, and felt a hollow in the soil. A hollow, scooped-out, unnatural and unmistakable. I stared at it curiously. But the more I looked at it the sicker I felt. There had a hollow cavity. I swept over me like the cold wind of a new turn. The stark broke out on my forehead. I stood up and looked around. And all the while that horrible question kept hammering in my brain. Who had been digging in Phineas Hudson's necropolis grave?

It was Brenda Temple. For God's sake, come over here, I shouted, all my tension curiously split away.

She came across the lot, calm, unharmed, deliberate.

"Never mind how you got here," I said. "I dropped a diamond. Help me find it."

"Pat called me. She was worried about you. I thought..." Her voice trailed off. She handed down and stared close into my face. "Did you say a diamond?"

"As big as a robin's egg," I said. "Great day," she said. "I've found four of them. Picked up something, and held it close for inspection."

"Is this what you're looking for?"

"Yes, that's it," I said. "I'm sentimental about these things. She said, 'Let me hold it a moment.'"

I grabbed her wrist. She tried to slip her hand with cool amusement.

"Nick! Don't be prelate!"

"The words for a little girl, 'Look!'"

I pointed at Phineas Hudson's grave—a little mound of loose soil. Her face broke down in concentration. She emitted a soft whistle. She smiled up at me, patted back the stone, and took my arm.

"Isn't it a bit early for planting?"

"It all depends upon what you're planting," I replied. "Come."

"We started carefully around the dirt. Brenda shuddered a bit and said:

"How horribly fascinating! Who do you think did it?"

I didn't answer that question. I never even had time to ponder it. Brenda had turned for a last curious look at the disturbed grave. I heard her gasp sharply and I turned. And I had my answer.
