GRANT, LDS HEAD, SUCCUMBS AT 88; SMITH SUCCEEDS

SALT LAKE CITY, May 15 (AP)—Robert H. Grant, 88-year-old president of the Latter-day Saints (Mormon) church died last night.

Death came at 8:35 p.m. at the family home where the white-haired church leader had been under treatment for some time.

He was seriously ill, it was disclosed by church authorities today.

Death was attributed to causes incident to age.

The funeral will be held in the tabernacle at 12:15 p.m. Friday.

First Utah-Born Leader
Grant, a native of New York City, was elected to the Mormon presidency in 1916, the first Utah-born man to hold the position. The church, which was organized in 1830 in New York state.

George Albert Smith, who as president of the council of 12 apostles succeeded Grant in 1929, was the first Utah-born man to hold the position. He was born in Salt Lake City in 1850 and was ordained an apostle in 1893.

Grant traveled extensively until recent years when his health prevented it.

He made a summer visit to European missions of the church. He was president and organizer of the department of the church in Utah and served a life period as president of the department.

The west's sugar beet industry, particularly in Utah and Idaho, owes much of its development to Grant's activities.

Grant was the father of President Warren G. Harding, by whom he was named to the position of Utah's first lieutenant governor, which office he held until the infant industry through a period of difficult years.

Head of Major Industries
He was president and director of many of the major industries of the state, including the properties of the Utah Power and Light Co., the Utah Cattle and Horse Raisers' Assn., and the Utah Wool Growers' Assn.

Grant, born in a home across the street from the present old town site of the church's impressive office building, was appointed to his position in 1916.

He was president of the church from 1916 to 1929, and was made president of the First Stake of the church in 1929.

Grant's death today in paying tribute to the late President Robert H. Grant of the Latter-day Saints church.

Grant's death, said Gov. Herbert B. Mann of Utah, "marks the end of an era of pioneer leadership under the steady hand of a great man. His death comes as a tragic loss to the people of this state."

"His contribution to the welfare of Utah and its people is immeasurable. It will affect your faith in the future."

Gov. Charles C. Consett of Idaho said "the west has lost one of its most outstanding pioneers and leaders, not only in the church but in the colonizing and building up of the west."

"Under his leadership for the past 27 years the church has shown the greatest growth in its history. He was particularly talented in the handling of its financial affairs."

Dr. Lefroy E. Cowles, president of the University of Utah—"He was a great humanitarian, an earnest and liberal patron of education, a successful and untiring industrial pioneer and an outstanding and courageous religious leader."

Local Man Asks Permit to Haul

BOISE, May 15 (AP)—The state public utilities commission today heard testimony in connection with the application of Dean Wright of Twin Falls for permission to haul various commodities in motor freight lines over most Idaho highways.

Wright seeks a certificate permitting him to haul to and from Twin Falls and other Idaho points at shippers demand on irregular routes and schedules.

His petition was supported by agricultural interests, including A. J. Cedarquist, grain and feed dealer, who appeared personally. Cedarquist said the service was necessary because regular lines are unable to carry the main highways to farms and potato cellars for pick-ups.

Protests were filed by the Garrett Freightways and Maurice Madron of Twin Falls. Madron said the heavy trucks represented the protesters, contending that the service could be handled by regular carriers on regular daily runs.

GOEBBELS, WIFE, CHILDREN, ENDED THEIR LIVES

MOSCOW, May 15 (AP)—The bodies of Adolf Hitler's minister Paul Joseph Goebbels have been found in a vast underground city beneath Berlin, the red army newspaper Red Star reported today.

A Berlin dispatch said that Goebbels' corpse and those of his wife and children were found where they had committed suicide, before a microphone.

The story said the underground city, 20 meters below Berlin's surface and safe from the reach of allied bombs, contained factories, offices, and armaments linked by electric railroads.

Goebbels, Hermann Goering, and other ministers had had apartments in the subterranean Berlin. Entrances and exits to the rooms matched air vents, the dispatch said. The bodies were found in a room with a large window. Goebbels and his wife were found together, their children nearby.

The underground city stretched beneath the streets, boulevards, and alleys of central Berlin, the dispatch said.

In a house on No. 61 Charlottenstrasse, a correspondent rummaging in the ruins of the main government building below the surface of the ruins, it led to a room packed with electrical equipment, including electric installations. The intricate wiring and electrical equipment littering the floors of the rooms indicated an industrial family had been there.

The bodies of Goebbels' children were found in a room with a window. The bodies were found in a room with a window. The bodies were found in a room with a window.

Another West City city under the ruins of the main government building. Immoct-looking sewer covers concealed the entrance to an elaborate transportation system connecting more important facilities and buildings.

Steel columns supported a concrete ceiling in a huge depth filled with steel machinery, telephones and smoke bombs all neatly stacked in rows. The room was filled with cans containing machine gun bullets, pistols and other weapons.

The miniature electric railroad serving these areas was found in the ruins of the main government building. The miniature electric railroad serving these areas was found in the ruins of the main government building.

Prepare for Crucial Raid On Okinawa

WASHINGTON, May 15 (AP)—American ground forces broke through Baletta pass, most stubbornly defended Japanese front in the Philippines, at the price of sobering losses and prepared today for crucial drives on Okinawa island knowing the cost may be high.

Confronting with slight local gains reported on every other front, the U. S. 96th division rolled back the Japanese, eastern flank on Okinawa 2,400 yards to sea Yonabaru airfield, and the 25th and 37th divisions captured treacherous Baletta pass in the northern Philippines to climax a month-long battle.

The pass, a 75 foot defile whose walls were laced with Japanese caves, is the key to Caspayan valley, headbasket of still strong enemy forces on northern Luzon island. The 25th and 37th, moving cautiously through the pass today were within two miles of a junction at Santa Fe via the 32nd, coming up Villa Verde trail.

Seven thousand Japanese were killed in the battle for the pass, American losses as sobering. Equally costly have been the attack on Okinawa campaign. The rubble-strewn island has seen the stench of death and great plumes of smoke from the burning of the island.

SOLDIER DEATHS ON OKINAWA LOW

WITH THE TENTH ARMY ON OKINAWA, May 15 (AP)—The mortality rate of American wounded on Okinawa so far is among the lowest of any central Pacific theater.

Latest casualty figures on the Okinawa fighting area show a 10 percent drop. This count is incomplete, Col. Frederick B. Westervelt of Carlisle, Pa., health service surgeon, said today that less than 10 percent of casualties had died in this campaign compared with an average of 20 to 25 percent in other operations in this theater.

Even so, he said, it still is higher than in Europe where the mortality rate among wounded was 2.9 percent. He attributed the higher mortality rate of Pacific fighting to lack of combat type hospitals.

More than 6,000 of Okinawa's wounded Americans have been removed by plane to Guam, Honolulu, San Francisco and points east. The removal program is one of the biggest in this war, particularly in this theater.

The 6,000 patients flown average 20 hours each in the air, said army Capt. John C. Turley, Memphis, Tenn., Okinawa's air evacuation surgeon.

Colonel Westervelt, in speaking of the mortality rate said that while there are no combat hospitals in the European theater, life Pacific medicines only with field hospitals intended for garrison casualties rather than combat ones.

The campaign in Europe was ended, he expects the combat type war here.

MISS KLINK NEW BICKEL PRINCIPAL

Both teachers were hired and one teacher named principal of Bickel school at last night's meeting of the school board. W. Morgan, school superintendent, reported.

Miss Klunk, Klink, teacher at Bickel school, was advanced to position of principal of the school, Morgan said.

Miss Klunk, a veteran instructor here, has been acting principal at Bickel.

Teachers hired included Ingrid Niska, Pouaillon, recently honorably discharged from the army, to teach orchestra in the Junior-Senior high school; Miss Janet Zell, Twin Falls, who has been teaching in Pennington, Ore. to be instructor in English in the high school; Miss Ethel Kaatz, who has been teaching for the past year in Corvallis, Ore., as a teacher for the first grade.

Miss Kaatz was formerly a first grade instructor in Twin Falls.

Miss Mary Lu Brevington, Aberdeen, was hired to teach in the elementary schools here. The elementary schools here, Mrs. Mary Nelson, recently teaching in Burlington, a student at the College of Idaho, Candelet, hired as an elementary instructor, and Miss Brevington, who was also hired as an elementary instructor.

Miss Brevington, who was also hired as an elementary instructor, was also hired as an elementary instructor.

Mrs. Weeks Gets Estate's Residue

According to a decree of final distribution, issued by Probate Judge C. A. Bailey, and filed Monday in district court, Mrs. Jessie L. Weeks, administratrix, is entitled to the residue of her late husband's estate.

The estate includes a contract of sale, a 1938 V-8 Ford, one team of work horses, crops, consisting of hay, grain and beans, household and kitchen furniture, \$451 cash and real estate property, the NW 1/4 of section 20-18-17E, Payson and Rayburn are attorneys for Mrs. Weeks.

A decree of heirship and administration of estate, filed July 2, 1937, approximately 600 tons, more or less.

DOG EATING RED POINTS PUTS BITE ON WOMAN

Last week, Mrs. Ed Lane gave the dinner scraps to her dog, Husky, and settled down with the paper. But not for long. There on the food page it said that housewives threw away thousands of red points because they did not save meat trimmings and plate scraps.

Now Mrs. Lane saves all fat scraps to be molched down and added to his sausage can. That way she gets more extra red points in the dog's daily ration. And her country is getting more of the use of its red points needs for war- and home-front necessities.

HORSE SELLS FOR \$750 AT AUCTION

Topped by a \$750 cash price, the first annual horse sale sponsored by the Frontier Riding club yesterday at the Twin Falls Cattleman's company was described by John S. Feldhusen, member of the sale committee, as a huge success.

Out of 131 head of horses consigned to the sale, we found buyers for 127, Feldhusen said.

First and second highest prices went to horse consigned by Twin Falls residents.

\$13,707 Total

Total sales were \$13,707, with an average price of \$112.12.

"Johnny Boy," consigned by J. D. Peck, Twin Falls, was sold to A. E. Wood, Blackfoot, at \$750. The horse is a short-legged Arabian stallion, white with small black spots, standing 15-2 and weighing 1,200 pounds. The animal was foaled May 20, 1937.

Second place went to Roy Howard, Twin Falls, who consigned a Palomina stallion which was purchased by Wallace Bailey, Albion, at \$400.

Third place went to W. E. Tracter, who consigned "Tadpole," which was purchased by C. W. Kircher, Burley, at \$375. The animal, a sorrel gelding, was foaled in 1929, measured 15-3 and weighed 1,000.

Others Above \$300

Other bids fell into the \$300 range included "Blaze," a sorrel and white pinto gelding, consigned by Gene Helms and purchased by Dudley Reed, Twin Falls, at \$300. "Chocolate," a stock horse, deep chestnut four white legs and white face, with

Last Rites for Aviator at Sea

DIETRICH, May 15—Memorial services for Lieut. Irl V. Bonner, Jr., were held on Easter Sunday at sea aboard an aircraft carrier.

He was killed while seated in his fighter plane. A description was written of the accident, and of the services, and this was sent to relatives. He also was awarded the silver star for gallantry.

The service was caused by "fatigue of equipment." He is son of Irl Bonner, Dietrich.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Billion of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, you may have kidney trouble. Kidneys are the body's natural filter. They remove the waste products of metabolism and excess acids from the blood. If they become clogged, the waste products build up in the blood, causing acidosis, a dangerous condition. The only way to keep the kidneys working properly is to give them plenty of water to flush out the waste products. This is why it is so important to drink plenty of water every day.

THE WAR LOAN!

Yes, the Seventh War Loan is now right now!

There are now planes to be built... new tanks... new ships. All to bring the war to an earlier close.

Our fighting men will do their job. But we must do ours!

And right now, the most important job we have to do is meet our personal quotas in the Seventh War Loan drive!

Those quotas are big. Uncle Sam needs \$7,000,000,000 from individuals. For this loan is really 2 in 1—there had been 2 drives in 1944, by this time. So now—we've

got to do a two-loan job in one.

But Americans have never failed to meet a War Bond quota yet—and we won't fail now! So find out what your quota is... and meet it!

NAVY REDUCTION WHEN JAPS LOSE

WASHINGTON, May 15 (AP)—The navy contemplates a cut of at least 30 per cent in the size of the fleet, as Japan is defeated.

The senate appropriations committee disclosed today that it received the plan from Fleet Adm. Ernest J. King during closed hearings on a \$23,657,775,000 naval supply bill.

This recommended appropriation requested an increase of \$10,277,775 above the amount approved by the House of the increase was \$10,000,000.

By an ordinance to be spent before July 1.

King emphasized that the proposed postwar cuts of 30 per cent in the size of the fleet would be determined by what the national policy is to be for the defense of the United States, for the defense of the western hemisphere and what commitments the United States may have in respect to the maintenance of world peace.

Secretary of the Navy Frank P. Rowland told the committee he knew of no legislation which would affect units to other allied nations.

SYNAGOGUE GETS SWASTIKA SMEAR

ELIZONTE, Ore., May 15 (AP)—Vandalism in a Jewish synagogue, Beth Israel, including swastikas on the floor and a portrait of a young girl, was reported today by Police Chief L. L. Pittenger.

Swastikas were on the wallpaper and on the floor.

A swastika was scratched with a sharp object on the honor roll containing the names of 18 church men and women in military service.

An American flag in the church was overturned and the eagle on the staff broken.

The velvet altar covering was torn in half.

Police found a carving knife, about 10 inches long, in the church which would be checked for fingerprints.

City Manager Dean Geeger was instructed by the council to offer a \$100 reward for the arrest and conviction of the vandals, and to enlist assistance of state police.

Those in military service listed on the defaced honor roll came from the 24 families in the church, representing about 100 people.

CARE OF YOUR CHILDREN

By ANGLO PATRI

All children should enjoy free noon school lunches. The children are growing fast, they are under a strain in school, many of them are tired and hungry. Mothers are busy people and often they need help. The child gets tired, so, so is it necessary to hand the child a lunch. That is not wise. A lunch that is not eaten before you give it.

War Increases Need Of Camps in Summer

By RUTH MILLETT

The women of Clatsop county, N. Y., are planning to conduct a summer day camp for the children of the war. They found that in these days when time is precious to mothers who are contributing to the war effort, volunteer or regular war work, such a community project is a vital necessity.

Example Set

Every day can follow the example set by the Clatsop county community led 6000 in advance of the day for the camp. Over 200 children benefited, and both the youngsters and their parents were well pleased with the results.

PLUMS WON'T BE FOR REPUBLICANS

WASHINGTON, May 15.—Democratic national leaders left no doubt today that they are certain they will get the political plum in the Truman administration.

Republican leaders have a chance under the program outlined by Democratic leaders last night as the first big party gathering in Truman's ascended to the presidency.

Truman was dinner attended by approximately 200 members of congress honoring Democratic national chairman Robert C. Hannegan and retiring national treasurer Edwin W. Pauley.

Hannegan was recently confirmed as postmaster general in President Truman's first cabinet. Pauley was appointed American representative on the relations commission.

Most federal jobs are under civil service competitive examinations but there is plenty of room for political patronage in the appointments.

Political patrons, federal judges, district attorneys and marshals, tax collectors, Post Office clerks and members of the diplomatic corps.

Hannegan reminded his audience that he believed in "rewarding your friends."

"I am rewarding your friends, those who have helped you, to be in leadership positions in a political party," Hannegan said.

"I believe that the Republicans are entitled to all the good things in life—except jobs in public office."

Pentecost Theme of Church Week

A week of spiritual sharing began Sunday at the church of the Brethren, Rev. Truman Northrup, evangelist.

Northrup spoke Sunday night on "The Underlying Power of Pentecost," following a song and devotion service by the Rev. Hugh B. Gardner.

Pointing to the early church, the evangelist told how prayer undergirded the experiences of the early disciples of Jesus at Pentecost.

From that time they emerged with a spiritual power that literally shook that early world to its very foundations.

"Don't hinder prayer if you are afraid of spiritual dynamite," he advised his audience.

Prayer has more power in the spiritual realm than a six-ton blockbuster in the material world.

Prayer is the power of God which it would release through you and me," the Rev. Mr. Northrup declared.

Monday evening four cottage prayer services were held in various homes of the congregation.

Topic of discussion at each was "When You Pray."

The next public evangelistic meeting in the church will be at 8 p. m. Thursday, when the Rev. Mr. Northrup will take up his sermon topic, "The Quest for Life."

The Rev. Mr. Gardner, at Sunday morning service, was assisted by Mrs. F. O. Edwards.

Emphasis was on the Christian family and Christian evangelism, with the sermon stressing the importance of the Christian home in creating a world of tomorrow, characterized by peace.

MEETING POSTPONED

LEE-AMERICAN HOUSE

XVII

Ever since Mrs. Guphill had discovered the secret of the keratin, she has taken it upon herself to insure its punishment. She saw to it that Mr. Cutter got the dregs of the coffee, the tail of the fish, the neck of the chicken. What was more, she put a padlock on the closet so that he had no more luncheon.

I had my grudge against him, too. On day in reaching secretly for the paper I noticed that the paper was missing. To be sure, he had been to the store, but he had been to reveal my own tickery. Besides, he wouldn't have answered, would he? I believe he put it away just to spite me. I complained to my mother.

"Nonsense," she said. "Some transient has picked it up for a souvenir. It didn't amount to anything anyway."

My mother might have been more sympathetic had she not been on something else.

On Sunday morning she had filled the oil stove, put in a newwick, and set it in the linen closet. On Sunday when she picked it up to take back into the bathroom, she found it dry. The wick had not even been lighted. The store held a gallon.

Suddenly a question had come to her. What did Mr. Cutter do with all that keratin when he finished with it? She went to his door and knocked. No one answered. She stepped inside. His chamber was not been done. Ads liked to leave it upon it. The receptacles were all empty. The lamp was empty, too.

She looked around the room. There wasn't a speck of dust anywhere. The windows were clean, the bed made on the chimney was shining. She looked in the closet. It was here, Mr. Cutter said, that he hid his clothes on his back. She opened the drawers of the bureau. The top one held a shirt and some underwear neatly folded. The others were empty. She looked in the commode. Under the bed, out the window, everywhere. There was no sign of keratin.

She called up girls together and took us into her confidence. We searched the cellar, the linen closet, the hall—everywhere they would have been likely to go. My mother herself searched the office. None of us found anything.

Early in March the weather moderated. It rained and at the same time grew very cold so that everything was covered with ice.

The morning Mrs. Guphill really stepped into the back yard without taking time to put on her croppers. She had barely put her foot down before she slipped and sprained her ankle.

The sprain turned out to be a bad one. Bad enough to keep her in bed for a week, my father decided, or even longer. If she didn't stay perfectly still, she would have a terrible fuss when he told her. Who would not joy off in the morning? Who would do the cooking and planning? Who would take charge of the 20 visiting Odd Fellows who were coming for dinner on Saturday? Here it was Tuesday.

We would find someone, my father assured her with more confidence than he felt. Help was hard to get especially at this season.

The second day passed without even a real prospect. Upstairs Mrs. Guphill was fit to be tied. Things were going to rack and ruin, she knew. There was no good, she said, in trying to keep it from her. Here it was Wednesday.

On Thursday morning Mrs. Guphill threatened that if she didn't have someone by night, she would come downstairs herself. She meant it, too. Suddenly father had an idea. "I've got the very person," he said.

"I don't know why I didn't think of her in the first place."

"Why?" my mother wanted to know. "We've scoured the town."

"Eunice Sawyer. Lather comes me to mind. She was asking me the last time I saw her if there wasn't some way she could help."

"She'd be real good help," my mother agreed, "only..."

"Nothing, only..."

My father was getting provoked. He had his own hands full, and he considered this self-hunt a sort of personal favor. It was doing by mother. "What's the trouble with Eunice Sawyer?" he demanded.

"Nothing's the trouble with her," my mother assured him. "I'm just wondering if she would be willing to come."

"Why shouldn't she be willing?" he demanded.

"No reason. I guess. Why don't you telephone her?"

He went into the office. In five minutes he was back again, "She'll let us know right away," he said.

Actually it was an hour before she called back. She would see us through the Odd Fellows' dinner, she said, on condition that she could go home on Friday night. Her husband would have her back at 5 in the morning. She could come no other way.

That afternoon my mother called us together. "Eunice Sawyer is going to help us for two days," she said, "and I want you to be very careful not to let on that I ever told you about her having been friendly with Mr. Taylor. As I think it best, she was just going anyway and probably made up out of whole cloth."

"Mrs. Mama?"

"And something else," she hesitated and then went on, trying to be very matter-of-fact. "There is no occasion for Mr. Taylor's knowing she is here. After all he has been and not in the least concerned with the running of this place."

"Mrs. Mama?"

"We hadn't been told."

Miss Eyrich Named For Rupert Position

RUPERT, May 15—Miss Lucille Eyrich, of Polkville, has been selected as the new economic teacher in the Rupert high school for the next year.

She is a graduate of the University of Idaho in the class of 1945, and takes the position made vacant by the resignation of Mrs. Edna Deming.

HOLD EVERYTHING

The curtain turned out to be a bad one. Bad enough to keep her in bed for a week, my father decided, or even longer. If she didn't stay perfectly still, she would have a terrible fuss when he told her. Who would not joy off in the morning? Who would do the cooking and planning? Who would take charge of the 20 visiting Odd Fellows who were coming for dinner on Saturday? Here it was Tuesday.

We would find someone, my father assured her with more confidence than he felt. Help was hard to get especially at this season.

The second day passed without even a real prospect. Upstairs Mrs. Guphill was fit to be tied. Things were going to rack and ruin, she knew. There was no good, she said, in trying to keep it from her. Here it was Wednesday.

On Thursday morning Mrs. Guphill threatened that if she didn't have someone by night, she would come downstairs herself. She meant it, too. Suddenly father had an idea. "I've got the very person," he said.

Infantry Show Changed From Jaycee Park to Lincoln Field

The colorful U. S. army infantry show scheduled here May 25 as a war bond presentation has been changed from Jaycee park to Lincoln field. It was announced last night by Frank P. Pugh, public relations officer, and Grant O. Padgett, area chairman for the seventh war loan.

The veteran infantrymen, all decorated for overseas service, will arrive at 6 p. m. May 24 and will remain here until the morning of May 26, when they will leave for Boise.

The 46 enlisted men and three officers will be headed by First Lieut. Charles J. Crabb, commander. According to Capt. C. C. Rhodes, in charge of the show, the arrangements for the "Know Your Infantry" show, Captain Rhodes was in Twin Falls Monday afternoon and left here early today for Boise.

After confering with Captain Rhodes, Padgett and Fuglin announced that an exhibit of all types of infantry combat weapons and clothing will be held at 1:30 p. m. May 25 day of the show, on Second street west in the first block.

Doors at Lincoln field that night will open at 6 p. m. and the concert will be given at 7:30 p. m. by the Twin Falls municipal band under direction of Charles L. Hatcliffe. The infantry show, divided into two half hour pieces, will follow the concert.

Combat tactics will mark both phases of the show, Captain Rhodes said. Included will be actual firing of infantry rifles, automatic rifles, machine guns, mortars and hand grenades as well as actual use of flame throwers in destroying a "Japanese" pillbox. The captives said "live blank" ammunition will be used in the guns.

He added: "We have a special arrangement for the show. We never hurt anybody yet at these demonstrations."

The actual flame throwing will be done on the battlefield and the pillbox will be totally destroyed. The Idaho state guard, Co. K, is expected to patrol the field on the night of the show to prevent the curious from oversteering from encroaching on the field.

The overseas veterans and their families arrive in nine army trucks, with police escort, and will arrive at 6 p. m. May 24.

Members of the Jaycee ring-movers and ring-builders are at work tonight, six others will serve as singing waiters at the youth center party arranged by the Girl Reserves with Jaycee help. The six named by Frances Chin, Crabtree were: Earl Blackford, Bert Martin, James C. Reynolds, Jay Hill, E. E. Carruth and Charles E. Sieber.

Wednesday night the Junior Chamber members will serve as ticket sellers, ticket takers and waiters at the opening recruiting card.

On May 25, they will serve as ushers and grounds assistants at the "Know Your Infantry" show on Lincoln field, to staged by army infantry overseas veterans.

Full outline of the recruiting campaign was given by Dr. Lerroy Colborn, new Twin Falls resident and Jaycee member who is a friend of promoter Padgett. Dr. Colborn said that if the war effort proves successful, the 25-week series is available next fall and winter under Jaycee auspices. He said the top-billed waiters will be definitely be prominent and of real caliber.

Larry M. Hall was appointed by Crabtree at the dinner meeting in Way's cafe last night as chairman of the noon and July 4th committees. His committee members will be named later.

Human Bridge

Here's the infantry's "human bridge"—a way of forcing a quick crossing where barbed wire bars the way. One soldier lies on the wire to form the bridge; the others leap onto his back and then over. That's how the infantry show coming May 25 to Lincoln field.
