## Shaky Nips Expect Invasion via China

GUAM, June 27 (AP)—Radio Tokyo reported allied invasion forces were fighting their way today into Kume Island, 60 miles west of Okinawa, and predicted American assault forces may land on the China coast preparatory to invading Japan.

## 2 Twin Falls Slayers Ask To Be Freed

BOISE, June 27 (AP)—Five murderers are included in the list of 10 military inmates who have petitioned the state board of pardons for clemency at the term beginning today.

The calendar is headed by application from Danny Williams and William H. Smith, both convicted murderers of Craig Bracken, Twin Falls. Successful handling of this case would be a landmark in the history of the state.

Others serving terms for murder are William Hill, Elmore county; Charles Wall, Kootenai county; and Carroll Fincham, Blaine county.

Since destruction of fuel producing plants at Tokushima and other cities in Japan, the United States has been Japan's biggest remaining producer of aviation gasoline.

Alrum reported seeing three of the 10 planes Tuesday despite weather which reduced visibility to wingtip distance.

MANILA, June 27 (AP)—Organized Japanese resistance in the Philippines rapidly is approaching an end. Less than 200 Japanese American soldiers and Filipino guerrillas are covering from both the north and south toward a junction in the Ili River bottom near Tagaytay.

Douglas MacArthur reported today, following his visit to the battlefield, that he had estimated 20,000 Japanese on north Luzon are retreating into the mountains.

Troops of Maj.-Gen. Remce B. Woodruff's 4th Infantry division are on their way to the enemy of Mount Manay, one of the best spots for a Japanese defense station.

Lad Badly Burned By Boiling Water  
MAUR, June 27—Glen, three-year-old boy, who was badly burned by boiling water, was taken to the hospital.

3 Wives Brandish Licenses at Him  
HANDSOME HARTY, 46-year-old dance hall Casanova, today faced from a court in Boise.

## Die in Action

## Teis Security Parley Workers Must Not Fail To Use Peace Project

### West End up, Held in Jail Rest Slumps In Bond Sale

With the west end holding its pace but the Twin Falls and east end of the county slumping despite the prospect of failure to achieve the seventh war loan quota, only \$75,000 in added bond buying was registered in the 24 hours from Tuesday noon to Wednesday noon.

That was the disappointed announcement by E. J. Schwendiman, county chairman.

Total is now \$2,215,000, an advance of \$75,000 over Tuesday's \$2,140,000. County goal is \$2,570,000.

The slump came as other countries in the area forged steadily ahead toward their goals.

SAN FRANCISCO, June 27 (AP)—A movement to get the quickest possible ratification for the United Nations charter grew among conference delegates today, spurred on by President Truman's urgent plea to make the new world peace plan "a living thing."

"I am sure," he told the delegates of 50 nations here, "that the overwhelming sentiment of the people of my country and of their representatives in the senate is in favor of immediate ratification."

"You have created a great instrument for peace and security and human progress in the world."

"If we fail to use it, we shall betray all those who have died in order that we might meet here in freedom and safety to create it."

"If we seek to use it selfishly, for the advantage of any one nation or any small group of nations, we shall be equally guilty of that betrayal."

"Let us not fail to grasp the supreme chance to establish a world-wide rule of reason—to create an enduring peace under the guidance of God."

Before the President's appearance two members of the American delegation will open the drive for quick ratification.

## Truman Asks Churchill for Czar on Coal

WASHINGTON, June 27 (AP)—President Truman has asked Prime Minister Winston Churchill to make Field Marshal Sir Bernard L. Montgomery coal czar of the Ruhr.

Successful handling of this case would be a landmark in the history of the state.

Others serving terms for murder are William Hill, Elmore county; Charles Wall, Kootenai county; and Carroll Fincham, Blaine county.

## Co-Defendant Led From Court, Crying That Eyes Suddenly Have Gone Blind

Stricken by what was apparently an attack of temporary blindness, Mrs. Gertrude Walter Johnson, principal co-defendant in a disputed estate, was led from the courtroom today.

She had her sister, Jenny Wren Wilder, Oodoo, co-defendant in the suit to establish ownership to the \$200,000 estate of the late C. F. Johnson, were seated at the counsel table examining some papers.

### Turn Stamps To Bonds Is New Request

WASHINGTON, June 27 (AP)—The treasury issued today an urgent appeal to every American household to dig war stamps albums out of their drawers and turn them in to war bonds.

"Stamps in a partly-filled book are not working for you," said Ted R. Gamble, national war finance director.

"Some families have two, three, even four books partly filled. By combining the stamps and turning in several books, they can be turned into several war bonds. This is a mighty way to make the four-billion-dollar E-bond quota. And the bond will start paying interest. The stamps don't."

Nathanial Robert W. Coyne, national field director of the war finance division, announced E-bond sales of \$100,000,000 or 74 per cent of the national quota.

Total sales are \$300,791,000,000. This figure is divided into 48,670,000,000 of sales to individuals and \$14,121,000,000 in corporation. The corporation figure now is above the 14-billion-dollar quota for the first time and is more than twice the 7-billion-dollar individual quota.

The drive officially ends Saturday but the accounting period runs on another week through July 7.

### Hazelton Soldier Gets Bronze Star

HAZELTON, June 27 (AP)—Sergeant Gue H. Wells, son of Mrs. Mac Agnes Hazelton, has been awarded the Bronze Star medal for "exceptional achievement in action" near Platoon, Italy, and that achievement was to be commemorated in Italy on the 20th.

The citation unfolds how Sergeant Wells and another man volunteered to reconnoiter the terrain that was to be held when his platoon went in to attack the enemy.

The two men had only 45 minutes to obtain the information and get back to their own lines, but they did it and the enemy was repulsed and the number of casualties that the men were able to save.

As a result the enemy force was immediately knocked out, permitting his platoon to advance. This was made so quickly Sergeant Wells' platoon was almost completely destroyed.

Seeing that a temporary withdrawal must be made, he contacted each individual of his platoon crawling from one position to another, and instructing the men how to use the shortest routes to get to their established line of safety.

WELLS THORPE

### WOUNDED OKINAWA SOLDIER

JEFFERSON, June 27—Mr. and Mrs. Joe Thorpe, Jerome, have received word from their son, Pfc. Robert Thorpe, 20, that he has been wounded on Okinawa, after he was struck in one of his lower limbs with shrapnel from a Japanese mortar. His wounds were not considered serious.

Private First Class Thorpe entered service in September, 1944 and has been overseas 22 months. He is a member of the marine corps.

### 700 'Cow Hands' And Ladies Fed At Chuck Fed

RUBERT, June 27—With a crowd of nearly 700 persons, all decked out in cowboy and cowgirl regalia in attendance, the eighth annual chuckwagon feed and jamboree, sponsored by the Rubert rodeo, was held July 3 and 4, and was staged at the Rubert city auditorium.

The feed started at 7 p. m. from the chuck wagon in the auditorium, with "Chuck Wagon Hank" Crason, local attorney in charge, and continued until 9 p. m.

Arranged by "Bill" Daise, superintendent of schools, the floor show consisted of a variety of tap, ballroom, acrobatic and ballroom dances presented by the Burley church school of dance.

Two members of the Weber county sheriff's posse, Oregon, Utah, to be here at the rodeo here on July 3 and 4, were introduced by H. H. Jud, rodeo chairman.

Dances followed. Committee members in charge of the jamboree were "Bill" Daise, chairman; "Chuck Wagon Hank" Crason, "Pete Eggs" Dolan, "Casper" Rogers and "One Jerk" Glavin.

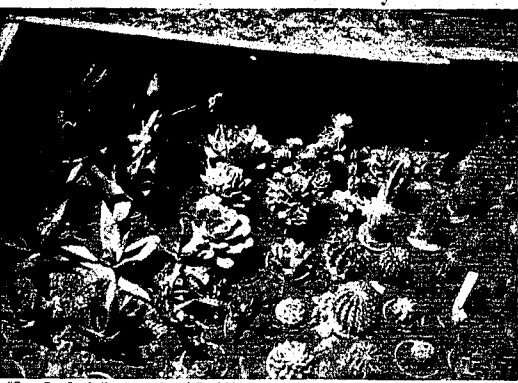

### Plans Discussed For School Fund

Plans for the school fund were discussed by members of the executive board of E. J. Edwards' PTA at a meeting conducted by Mrs. Theodore Goekner, president, at the parish hall.

Among other things planned to augment the fund is a rummage sale scheduled for sometime in July, and those interested are asked to leave articles with either Mrs. Plave Johnson or Mrs. M. J. Doerr.

### Here's a Different Hobby

"Green House" and other types of cacti flourishing in an outdoor hotbed under the skillful hands of Mr. Wolfe. (Photos by Olive May Cook, staff engraver.)

### If You Have the Jitters, Try Growing Cacti as New Hobby

BY OLIVE MAY COOK Golden jowls, brilliant pompadour, wavy hair, and a pair of colorful chrysantheums . . . all beautiful in their season!

Green cacti? They are lovely too the year around—these interesting plants of the cactus family.

James C. Wolfe finds cactus varietals the most fascinating of all plants. Mr. Wolfe is an experienced gardener, for a number of years he has been in commercial florist work and now cares for several private gardens. For the most part his own garden activities center around his hobby of growing cacti and succulents. He usually has from two to four hundred varieties on hand and he keeps a personal catalogue for hours by his fluent descriptions of the various cacti and the specific characteristics of each.

Beautiful Varieties Flourishing in the early spring sunshine in an outdoor hotbed, he will have perhaps 50 different plants, while indoors he has rows of interesting specimens in varying stages from tiny new plants to fully blooming ones. Many flowers are gorgeous, waxy-looking almost too fragile to be real.

"I had an idea there were several varieties of cacti, but he probably a few hundred. Then I talked with Mr. Wolfe and found he had several hundred and felt it was only a very beginning. He went on to say 'there are over 10,000 known kinds, to say nothing of many which have probably never been discovered and named.'"

We all know an engaging hobby is one of the best things in the world for 'letting' any sort of a hobby of collecting cacti is especially satisfying for the enthusiastic variety, exotic blossoms, and the amazing growth of many kinds.

Care for "Nerves" If you have "war nerves" or just plain jitters, try this "pickly" line of adventure this year by investing a few pennies in some of the usual direct store varieties. Visit the national library and secure some books on cacti, send for a catalog of the interesting plants, and give yourself a treat by gradually adding to your collection. It will take up the slack during your nervous system, and be pleasant and beneficial manner.

Perhaps you'll even make art-choices for some rare type of cactus and thereby add a peg to your victory garden square.

"The 'tick' is the extreme use of spotted fever vaccine by doctors and clinics throughout the state, furnished free of charge by the central district department. Secondly is the scarcity of tires, gasoline and automobiles, credited with preventing persons from frequenting areas where large percentages of wood ticks are found.

More "shots" "The national program against Rocky Mountain spotted fever was considerably larger this year in comparison with previous years, and a good portion of the people who, because of necessity, travel in tick areas have been vaccinated against the disease," Dr. Parkinson said.

"During the first six months of 1944, only two cases of spotted fever were reported compared with eight cases for the first six months of the previous year.

Nine cases were reported to the state health department during the first six months of 1945 and eight in the corresponding period of 1944. Counties where Rocky Mountain spotted fever cases have been reported since 1941, include: Ada, Adams, Blaine, Bear Lake, Blaine, Boise, Butte, Carma, Elmore, Jerome, Lemhi, Madison, Owyhee, and Twin Falls and Washington.

Take No Chances "Despite the fact we have had no spotted fever cases reported so far this year," Dr. Parkinson warned, "it is always well to be prepared, and persons going into areas where ticks are found should exercise the following precautions:

"Wear smooth clothing and preferably high boots; examine yourself thoroughly after each excursion and take the tick vaccinations several weeks before making such a trip."

ask scheduled for sometime in July, and those interested are asked to leave articles with either Mrs. Plave Johnson or Mrs. M. J. Doerr.

### Farley Says Russia Must Not Butt In

BOISE, June 27 (AP)—In spite of numerous problems, the United Nations have done "a very good job" in forming a charter for future world security, former Postmaster General James A. Farley said during a speech here.

The former Democratic national chairman added, "We had no right to expect a perfect charter. The San Francisco conference drafted a mechanism that will run the nations together. The charter can be perfected and we must not let Russia butt in."

Farley met Democratic Party leaders, including State Chairman David L. Buss.

As for relationship of Russia to England and the United States, he said Russia must demonstrate it is not going to spread communism and that the English speaking democracies must lead.

Farley said they have no intention of losing democracy on Russia. Farley served as postmaster general during early years of President Roosevelt's administration. From here, he went to Portland and then to Seattle and Tacoma.

### 'Business' Lags In Rent Sign-up

Registration of rental housing accommodations, which boomed during the early days of registration, has shown a decided slump in the last week according to W. T. Lockwood, Boise, district administrator for the OPA.

Lockwood, who was in Twin Falls Tuesday night, en route to Boise and Albion, called attention to the fact that many landlords are reluctant to register their properties.

"It is important for landlords to register their rental properties early and avoid the last-minute rush," he said.

Registrations are being taken at the area rent office, over the Sports shop on Main avenue north, Twin Falls.

In the area comprising Twin Falls, Mendota and Cassia counties, registrations to date are 1,100 landlords in the Burley and Lucknow vicinities have been slow in registering their properties, Lockwood said.

Lockwood addressed a summer school students Wednesday at Albion State Normal on the rent control program.

### Night Shift ON THE FOOD FRONT

Many a soldier operates his furiously to speed-night mechanized division on the home front. This is Capt. Delmer Von Horn, Jr. with his dad at Jefferson, Iowa.

They did it before— they can do it again With Farmall Tractor Power

From dawn to dusk, from the Rockies to the Atlantic seaboard, worried farmers searched for a way to escape a near weather, but the cold rains fell relentlessly.

For more than a month the seed should have been germinating in the warm soil. Millions of acres lay unplanted because the ground was too wet for preparation of the seed bed and too cold for germination of the seed.

Only a generation ago there could have been but one outcome—crop shortage and food scarcity. Nature allows scant time for planting when the warm sun waits till late May or June before drying the soggy soil. Horses are too slow and tire too quickly to get the job done then.

But the farmers remember May of 1943—only two years ago—when that first, untiring tractor overtook the old-fashioned horse team, flooded the fields and the month was all but spent before they could go on to the land and plant.

In 1945, most farmers drove their tractors from dark to dark, and longer. Many planted around the clock, working in two or three shifts. They made one of the greatest crops in history.

In today's war-torn world—with hunger and disease already stalking many people—even one major crop failure could bring famine. This is why the sound of tractors and planting machines was heard day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

America's farmers are doing it again, in spite of an unprecedented combination of adverse circumstances—bad weather, shortages of machines and shortages of manpower. For the second time in three years, they are relying upon their tractor-powered machines to help rescue large areas of the world from catastrophe. More of these tractors are products of International Harvester than of any other company.

### Albion Youth to Go to Annapolis

ALBION, June 27—John T. Wetzel, son of Mr. and Mrs. H. E. Wetzel, Albion, has successfully passed the mental and physical examinations for the naval academy at Annapolis.

He will enter the academy July 1 to begin a four-year course leading to an ensign commission and an A. B. degree.

Wetzel has been in the navy nine months. He took his boat training at Farrar where he received appointments from the commandant.

To the naval academy preparatory school at Williamsburg, Va. Before entering service he completed one year and one summer term in pre-medicine at the University of Oregon, where he was an honor student and a member of Skull and Dagger honorary sophomore organization.

He graduated from the Albion high school in 1943.

### Printer Given Jail Term on Check Charge

CHARLES L. DWORSHAK, 30, a printer, was sentenced to serve 15 days in the county jail Saturday afternoon when he pleaded guilty in the justice court of J. C. Humphrey to passing a worthless check for \$10 in the Dept. grill on June 20. P. L. Fuller, owner of the restaurant, signed the complaint.

Dworshak, during the same hearing, was given a suspended sentence of 30 days in the county jail when he made good a worthless check for \$20.40. The former check was one given Probate Judge C. A. Bailey in payment of a fine levied on Dworshak recently when he pleaded guilty to disturbing the peace in connection with an altercation with his estranged wife who is seeking a divorce.

Immediately following Judge Humphrey's decision to suspend

the 30-day sentence on the former complaint, Deputy Sheriff Dworshak, a former employee of the Times-News, on the complaint signed by Fuller. Police officers are still checking what they said was a trail of other worthless checks they claim Dworshak has left in Twin Falls.

Since his arraignment another check signed by Dworshak for \$40 and marked "insufficient funds," has come to the attention of police.

### LAME BACK CORRECTION

# Filipinos Get Much Praise

**For Fighting**  
**TWENTY-FOURTH DIVISION**  
 NEAR DAVAO, Philippines, June 27.—When the eighth army campaign to lick the Japanese on Mindanao began, a lot of American officers weren't too sure about the effectiveness of Filipino soldiers. Let them guard the bridges and supply lines, the American staff would do the fighting.

With a different story down here in the rugged fighting around Davao. Some Philippine army troops are still guarding the roads and bridges—a vital job, of course—but they're also fighting alongside veteran doughboys of the victory division and killing plenty of Japanese too.

Take the case of Lieut. Raymond M. Sundquist, of Houston, Wash. One of the greatest baseball stars in the country with the championship Washington State team in 1941, Sundquist and his reconnaissance platoon were assigned 475 Filipino soldiers. They were given a platoon equipped, poorly fed, poorly clothed. But almost pathetically eager. Man on man, how they tried to kill Japanese!

At the Sundquist had his men recruited guarding rear areas. That didn't last long. The Filipino leaders soon went right to Maj. Gen. Roscoe B. Woodruff and said: "Our men don't like sitting in foxholes day and night guarding bridges. They want to fight."

They had on two weeks of offensive action with Sundquist's platoon, they killed at least 149 Japanese and took 27 casualties.

# Showers Don't Bother Them

There's plenty of sunshine between recent occasional showers to keep the young patrons happy at the Twin Falls municipal swimming pool. Here's one group dispersing with an inflated inner tube. As hotter weather comes, the big pool at Harmon park will be No. 1 lure to oldsters and youngsters alike. Miss Shirley Stowell is pool manager this summer. (Photo by Ramme-staff engraving)

# Franco Slaps France With Trade Block

PARIS, June 27 (AP)—Spain today cancelled all imports, exports and transit licenses affecting France in reprisal for a French mob attack on Spaniards at Chambery 10 days ago.

Spain also notified France that the line was impossible to attempt to open commercial negotiations.

A number of Spanish diplomats and laborers were killed or injured at Chambery by a French mob who attacked their train in the belief they were members of the infamous Spanish blue legion which fought beside the Germans against Republicans.

The Spaniards are being repatriated from Germany.

# Has Silver Star

LIEUT. CARL U. ALBERTSON ... young officer of Albion who has been cited for leading an attack in knocking out five main machine gun nests, killing four of the crew and capturing two. (Staff engraving)

# Albion Officer Cited for Valor

ALBION, June 27.—First Lieut. Carl U. Albertson, has been awarded the silver star for gallantry in action.

The accompanying citation reveals that in November of last year his company had been killed by intense and gunfire and that he set out alone on reconnaissance. After advancing approximately 75 yards under point-blank automatic fire, he located two machine guns, and with the help of a squad who had joined him they used hand grenades to knock out the guns, killing four of the enemy and capturing two.

Lieutenant Albertson is a son of Mr. and Mrs. Cyrus Albertson, Albion, and a graduate of the State Normal here, and has taken graduate work at the Washington university before entering the service.

# Filer Captain Is Raised to Major

PILER, June 27.—Mr. and Mrs. G. C. Barton have received word that their son, P. E. Barton, who is in Rheims, France, and head of a medical supply unit for the hospital there, has been advanced from captain to major.

His brother, Capt. Melvin Barton, commander of a convoy of trucks and trailers, has been transferred from Mannheim, Germany, to Brussels. The brothers recently met.

# Toss-up in Navy As to Heat, Cold

Among navy men it seems to be a toss-up whether the cold of the north Atlantic is preferable to the hot rains and heat of the south Pacific.

At least that's the conclusion of Lieut. Comdr. Charles V. Rudolph, who has been here on a short visit with his brother and sister-in-law, Mr. and Mrs. Fred L. Rudolph, 167 North Washington street.

Commander Rudolph, who went to school in Twin Falls, has been in the navy since 1928 and has seen much action in the various theaters of war. Complaining his visit here, he will return to his ship for further duty in the south Pacific.

# JEROME

Mrs. Carmen Hardin has arrived here from Palo Alto, Calif., where she will spend the summer months with her mother, Mrs. J. W. Hardin, Kimberly. Mrs. Hardin, Carmen, and Mr. and Mrs. C. S. Burkhalter were guests here Sunday of Mr. and Mrs. Frank Burkhalter.

Boice, have been house guests of Mr. and Mrs. A. A. Woodhead, Jerome.

Miss Inez Burkhalter has returned from Salt Lake City where she visited her brother and his wife, Capt. and Mrs. Delbert Burkhalter and daughter, Karen Ann. They were en route to Willard to visit at the home of Mrs. Burkhalter's parents, Mr. and Mrs. Hugh Hooper.

Lieut.-Col. Ward C. Howard, and Mrs. Howard and their small son, Howard, have been guests here of Mr. and Mrs. Frank Tius. They will leave soon for Ft. Sam Houston, Tex., where Lieutenant-Colonel Howard will be stationed temporarily. He has been in the Pacific for three years and three months and only recently arrived home.

Mrs. Maude Connel has returned home from Seattle where she has been spending the past several months with relatives.

Mrs. James Purdy and son, Portland, arrived this week in Willard where Mrs. Purdy will transact business.

# POSTAL PAY RAISE VOTED

WASHINGTON, June 27 (AP)—The senate today passed a bill approving legislation granting general base pay increases to postal employees estimated to cost \$150,000,000 a year.

# DISCHARGE FILED

JEROME, June 27.—Vern E. Lange has filed his honorable military discharge paper in the office of Mrs. Charlotte Robertson, recorder.

MMI...TRY THE MEAT SAUCE WITH THE 'T-BONE' TANG!

CHB

NO ONIONS

**Curses!**

**I CAN'T STEAL FLAVOR FROM THAT BOTTLE**

• Sure, we like sunlight—but it's downright bad medicine for many a bottled beverage. Gets right through plain, ordinary bottles, and seals the delicate flavor before the bottle is even opened.

That's why Orange-Crush comes in an amber, flavor-guarding bottle—the bottle that defies the sun. Seal-out harmful light-rays—seals in the fresh fruit flavor. Try Orange-Crush today—taste the extra freshness of true orange flavor.

**For Outstanding Production of Food for Victory**

**BUHL SEGO MILK PLANT IS AWARDED THE GOVERNMENT "A"**

Your man on the distant battle front needs food no less than he needs fighting equipment. Good, nourishing American food and lots of it! No effort has been spared to supply him with all he needs of the right kind of food—and to those who have done and are doing an outstanding job, the War Food Administration awards an "A" ... the mark of extraordinary achievement in war food production—an emblem pin for each employee—a flag for the plant.

This high honor has come to Sego Milk—the Buhl plant and the six other plants of the Sego Milk Products Company.

We believe you will be interested in knowing why.

- FOR QUANTITY PRODUCTION.** Since World War II began, Sego plants have supplied more than three million cases, more than 144,000,000 cans of Sego Milk to our government for the armed forces and for our allies.
- FOR QUALITY PRODUCTION.** Every can of Sego Milk shipped from our plants has measured up to the high standard of quality required by the U. S. Quartermaster Corps and the War Food Administration.

It is a gratifying record in output and in maintenance of quality, and the credit for it belongs to the men and women in our plants and the dairy farmers who supply us. They have all worked efficiently and tirelessly with one purpose in mind—to provide every possible can of Sego Milk needed in our Country's war effort.

We take this opportunity publicly to thank these steadfast people whose efforts have won the "A" award for the Buhl and all other Sego Milk plants as a symbol of outstanding production of food for victory!

In addition, during these war years, more Sego Milk has been produced and distributed to civilians here at home than ever before.

### Army Points Will Be Cut To 78 or 80

WASHINGTON, June 27 (AP)—The army is expected to lower the number of points required for discharge from 85 to between 78 and 80 in the next few weeks.

The house military affairs committee anticipates no change in the army regulations qualifying men for automatic discharge on reaching 40 years.

This is expected to stand despite pressure from those who feel that older men—especially family men—suffered the greatest economic dislocation while in the service, and cost the taxpayers more money.

The new "critical" discharge score will be determined from these reports and will be based on the number of points that will release 1,200,000 men.

The present critical score of 85 was intentionally set too high to release the full 1,200,000 since until all scores were in the army did not know what total would serve to release the right number.

The 1,200,000 men to be discharged on point scores are in addition to some 700,000 others who will eventually be released over a year's time for health, age and other reasons.

### They Miss Magic Valley's Fishing

In a letter to the Times-News, C. J. H. Hinkley and Gene Wain W. W. Jackson, Twin Falls, now serving in the Pacific aboard a destroyer, tell of their pleasure in receiving the overseas editions and clippings from the Times-News.

They have been in the line of the fray are enjoying the best of food and conditions and are confident that they will be back here for the best of the fishing season.

They enclosed a communique to families of the ship's crew from the destroyer commander, in which he says:

"Since our arrival in the Okinawa area this destroyer has made up a record of being one of the 'fighting, shinning' ships in the navy. We now proudly display eight advance flags painted on our gun director, signifying that our operations have definitely destroyed by this vessel. We have assisted in the destruction of many Japanese ships and these operations all hands have carried on in the highest traditions of the navy service. No accolade or compliment can be paid.

"We are still in there showing we rate the 'well done' award from higher commands. All hands are conscious and proud of the fact that this destroyer is rated as a 'hot ship' and the equal of any of the famous destroyers that have made the name 'tin can caller' the proudest in the navy."

### HOLLISTER

Charles L. Caldwell has left for his home at Little Mountain, Nev., after visiting his parents, Mr. and Mrs. A. C. Caldwell, and other relatives here and at Piler.

Mrs. J. O. Hinkley and infant daughter, Los Angeles, have left for Shelby, Mont., after a few weeks' visit with her sister, Mrs. B. Irvin and family. Mrs. Irvin and daughter, Thelma, accompanied her to Shelby.

Clair L. Gentry, Weber, arrived at the Caldwell home recently. Mr. Gentry and two children, who had been visiting her parents, left with Mr. Gentry for their new home.

Mr. and Mrs. William Nelson and niece, Olive, visited Mr. and Mrs. Caldwell recently. Mr. Nelson is from San Gabriel, Calif., where they had spent the winter, to their home at J. Caldwell's.

Mr. and Mrs. Tom Lewis and daughter have been visiting in Pocatello with Mr. Lewis' parents, Mr. and Mrs. W. C. Huff.

Mrs. Ed Little and son, Redding, Calif., are visiting at the home of Mrs. Lint's parents, Mr. and Mrs. R. L. Owens.

Mrs. Wilbur O'Neal has left for Ocean bluff, Calif., where she will visit her husband.

After visiting with her brother and wife, Mr. and Mrs. T. B. Irvin, for several days, Mrs. Sylvia Bell has returned to her home at Aberdeen, Mont.

### Three Plants Get This Award

Here's the WFA achievement "A" award for wartime food processing, presented tonight to the Jerome plant of the Jerome Cooperative company; Thursday night to the Twin Falls plant of the same concern; Friday night to the Idaho plant of the Sego company. (WFA photo)

### Incoming Rotation Chief Calls For Help to Returning Vets

SALT LAKE CITY, June 27 (AP)—J. E. Cushman of Reburg, Idaho, president of Rotary International's 10th district, said today that the talents and energies of Rotarians best can be used by expanding vocational aid services to help returning veterans.

Cushman, who becomes secretary July 1 over a district of 34 clubs in Idaho, Wyoming and Utah, spoke at a one-day meeting of district representatives.

### Lions Officers Take New Post

JEROME, June 27—Rotating district governor Robert H. Hinkley, Eden, installed the newly-elected officers of the Jerome Lions club at a meeting in the American Legion home.

Installed were J. A. Russell, president; Earl C. Greenaway, first vice-president; William H. Groves, second vice-president; Ed Hinkley, third vice-president; Harry Roberts, secretary; Earl C. Greenaway, treasurer; and Earl A. Williams, assistant treasurer. Board of directors members are Charles Anderson, J. Richard Evans, Harold Hooker and C. E. Arndt. Tail twister is Marvin W. Cole and lion tamer is Judge William G. Comstock.

Members of the Jerome Lions club are sponsoring a economic football team.

Dinner was served by members of the second ward Relief society of the L.D.S. church. Other guests in addition to Hinkley were Lieut. A. A. McLeod and his family, and family of William Randolph and William Reynolds, Jerome.

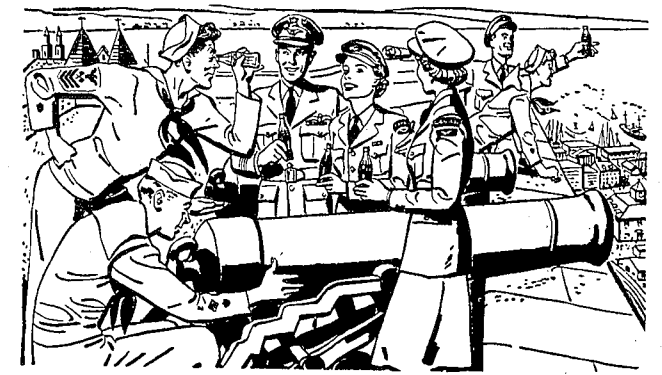

### YMCA Secretary Confers in City

J. G. Root, associate secretary of the Pacific northwest area YMCA, was in Twin Falls Tuesday to confer with members of the local provisional YMCA-YWCA committee concerning plans of the group for the immediate future. He will return to the city next week for a meeting with the executive committee of the group.

Mr. Cyril Brooks is chairman for the YMCA and A. H. Thurston for the YWCA.

### Payments to Veterans Dip During May

According to H. A. Salisbury, Twin Falls, south central field supervisor for the unemployment compensation division, "readjustment allowance payments totaled \$5,431 for May."

"Payments to the unemployed decreased as they were only 88 per cent of April's payments," Salisbury said. However, payments to veterans who are starting up their own businesses increased to 185 per cent of the previous month.

Salisbury said that "the small number of unemployed veterans who are drawing their allowances indicates that they are obtaining employment and are, therefore, conserving their allowances so that they may be able to draw on them when the present level of employment drops off and jobs are not so plentiful."

"Claims for readjustment allowances may be filed at any of the 21 permanent employment offices located throughout the state," Salisbury said. "Claims also may be filed by mail by those veterans who do not reside near an employment service office by writing directly to the unemployment compensation office. An informative pamphlet explaining the veterans rights to the readjustment allowances can be obtained at any employment service office or by writing directly to the Unemployment Compensation division, Box 250, Boise.

resigned. They are C. L. Barclay, William H. Thompson and Jarvis Love, who have been members of the board since it was first organized.

John D. Stow, L. G. Ehlers, and H. C. Van Engelen have been appointed to fill the vacancies.

### HAY FEVER

To whom it may concern:

I give this testimony to convince other sufferers how fine and permanent Chiropractic treatments are for Hay Fever.

All my life I had been a victim of Hay Fever. It grew worse from year to year. I had taken pollen tests and serums without results. I could not enjoy a ride in the country, a walk in the park, picnic, or any form of outdoor recreation. Even the cool night air aggravated my hay fever. A newly printed newspaper would send me into spells of sneezing. Doctors here finally recommended me to change location, so I went to Twin Falls.

There was no improvement in my hay fever until I started taking Chiropractic treatments from Dr. Johnson, which I started on April 18th and finished the course on May 23rd, 1941. Since then I have worked with flowers, traveled by car, many miles, enjoyed my lawn, enjoyed picnics and all outdoor recreation without any sign of hay fever.

I am now living back in the community, freely with doctors advised me to leave.

I am truly grateful for Chiropractic and Dr. Johnson.

I used to dread the coming of summer on account of hay fever, but now it does not bother me at all.

I remain  
Mrs. John Stehly

### Liberalized Tire Rations Continue

WASHINGTON, June 27 (AP)—OPA will continue to liberalize tire rations through July by issuing more passenger car ratings than are being currently produced.

Announcing that 2,500,000 tires would be available for rationing to B card and C card motorists next month—the same number as in June—OPA said it would dip into stocks in order to meet summer weather replacement needs.

# Installation of O. E. S. Grand Officers Is Event

A history-making event for Twin Falls chapter, Order of the Eastern Star, was the installation ceremony for a number of grand lodge officers, following the chapter meeting Tuesday night at the Masonic temple.

Mrs. Grace M. Johnson, Twin Falls, worthy grand matron, was the principal installing officer. Due to O.E.S. regulations restricting attendance at conventions and other large gatherings, it was not possible to install all of the officers at the recent grand chapter session at Lewiston.

Guests from Pler, Bull, Hollister, Idaho Falls, El. Anthony, Boise, Wendell, Glenns Ferry, Postville and elsewhere were present for the ceremony.

Officers installed were Mrs. Ann Kaufman, president; Mrs. Ann H. Hayes, and a talk by Mrs. William Gener on her career as a member of the Order.

Highlights of the recent writers' conference at Moscow, presented by Mrs. Leslie Foster and Mrs. Ann H. Hayes, and a talk by Mrs. William Gener on her career as a member of the Order.

## Care of Your Children

By ANGELO PATRI

A joyful noise is tonic for a child's body and mind. He must have it. No child who grows into a healthy man should be allowed his ration of noise every day until he grows to the place where he needs it no more.

"A baby needs to howl a bit to clear his lungs and strengthen his chest. Those heavy yells are tonic to his ears and relief to his cramped muscles. They may distress you and the neighbors, but when you remember that they are a necessity, and a child's right, they do not hurt so much."

Most people can stand a baby's noisy crying knowing it is his only means of vocal expression. They know it will not last too long, and that in time it will be relegated to the past along with other infantile habits. But the noise of the rambunctious, eight-nine group, is not so easy to bear. Why can't they play without yelling? They can't. Nature made them that way. They should grow up now they may.

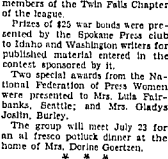

**Fostering Prolongers Crying**

There is nothing to do about the baby's crying but attend to him, make him comfortable, then leave him alone to do his work. He will finish it the sooner if you don't fuss about it. Get out of the zone of hearing.

That's not a bad way to work out the annoyance of the older children's noise. Send them to their play and shout their fill. When they come in they will not need nor want to shout. If the home atmosphere is quiet and serene.

But there are days when they cannot get out and the hours recede

ON THE SPORT FRONT

YANKS BEAT BROWNS, 5-4, SLASH TIGERS' LEAD

N. Y.'s First Win in St. Louis Since July

ST. LOUIS, June 27 (AP)—The New York Yankees showed a place margin as they defeated the St. Louis Browns, 5 to 4, in the first of a three-game series.

It was the Yankees' first victory at Sportsman's park since July of last year.

The Yanks led twice in the lead in the first two innings with a five hit attack off Al Hollingsworth and singled.

Relief pitcher Bill Zuber drove in the winning run with a single after Tuck Statback and Bob Garmon hit singles.

The Yanks now trail the Tigers by one game.

Box score for Yankees vs Browns game, listing runs, hits, errors, and pitchers.

But for all of the soft got the best of odds and, as a farmer, he could do just about twice the work of a gent.

Three friends told this typewriter forerunner that "Odie never went looking for a scrap even from grass when he was out."

That doesn't sound very good for the days that he'll probably be in contact with his boys.

It will be of interest to those sportsmen who planted chuckeridge partridge in miles east of Jerome a number of years ago to know that these game birds or their offspring are now some 100 miles from where they were placed.

A gent who works at the Triumph mine near here was the one who had Lud Dreyer, secretary of the Southern Idaho Fish and Game association, that had been out in the woods of chuckeridge on Timmerman hill-one flock with about 15 and the other four were discovered wintering with a flock of turkeys in the Wood river valley.

A group of Reno residents had been near here for some time and "fishing hole" in which they ever had the privilege of throwing a line—except though, they had their troubles there. They got into boats on their arrival around 4 p. m. and the high water they used for their rest day and they weren't able to get back until 10 p. m. But the next day they really made merry with the fish, handling 27 trout and not one was under two pounds.

And that's that for now, except: The majority of Pro sportsmen and the golfers of the state and his ability as a promoter made up for the lack of a clubhouse or necessary in the holding of a big tournament like that of the state amateur last week-end.

Jerome Lions Defeat Eden

JEROME, June 27.—The newly-organized Jerome Lions softball team opened their season last night by defeating the Eden Ath-Stats, 10-1 in a game played under the lights at Tiger field.

Carl Smith, the Lions' hurler, allowed only one hit.

Chas. Adams is manager of the team with Johnny Darnell the playing coach.

The Lions will play at Eden Thursday night.

In another game last night, the Jayvees defeated Eden 10-1.

The Jayvees will oppose Lions at Jerome Thursday night and the Super Boosters on Friday night, also at Jerome.

The tabulated scores:

Complete Transformation of Type of Play in Major Leaps

NEW YORK, June 27 (AP)—The war has been responsible for a complete transformation in the type of play in the National League since 1929, a distinct edge over the American league, 261 to 246 and has more .300 hitters, 17 to 8.

With few exceptions the national league slugger brigade has remained, but such name pitchers as Johnny Vander Meer, Clyde Sneed and Harry Gumbert of the Reds; Johnny Beazley, Howie Pollet, Eddie White, George Murrer and Alex Lantier of the Cardinals; Hal Schmeckel of the Giants; Hi Dittman of the Cubs; Ben Heintzelman and Bob Kilgus of the Pirates; Larry French and Kirby Higbe of the Dodgers; and Hugh Mulhain and Tom Hughes of the Phillies are wearing Uncle Sam's uniform.

Top-flight national batters such as Mel Ott, Eric Lombari, Joe Medwick, Bill Nicholson, Phil Carrigan, Bob Elliott, Whitely Kuroski, Ray Sanders, Dixie Walker, Augie Galan, and Frank McCormick, who for years have been playing right hitters, are still around.

heavy, all over the line tonight for a technical knockout in the final round of a 10-round in Cleveland stadium before 9,229.

Murabali, his face resembling war-hammer, was dumped on the canvas twice in the final heat, and referee Jackie Davis stopped it at 1:25 of the round as Murabali hit, helpless opponent through the ropes.
