WASHINGTON, July 15 (AP)—The U. S. third fleet's bold surface and air blows against the Japanese islands of Honshu and Hokkaido were continuing strongly Sunday through their second day, with a heavy toll already taken of enemy shipping, planes and shore installations despite foggy weather.

Reports of the 1,000-plane strikes that began against the two big enemy islands Saturday show 25 Japanese planes destroyed and 62 damaged—all but one of the total being of the ground—15 assorted enemy ships sunk and 24 damaged and 27 locomotives destroyed, plus extensive damage to rail facilities.

being cured and that will take about seven days."

"The whole job will be built piece-meal and the actual work will start when the project is formally approved by the public works and the city council," said. "The government will participate in the construction cost up to 60 per cent."

**\$129,861.50 BID**

BOISE, July 14 (AP)—A bid of \$129,861.50 was made by Cavanaugh Construction company of Twin Falls for the bridge work on the river to the south of the city. The bridge is to be a concrete bridge across a snake river canyon between Jerome and Twin Falls.

The state highway department, announcing bid on the construction of the bridge, said the bridge includes reinforcing of 1,400 linear feet of the bridge and constructing of 1,400 feet of approaches to U. S. highway 93 on both sides of the bridge.

Other projects, low bidders and amounts:

Highway 91 between U. S. highway 91 and between U. S. highway 91 and Stanley, Idaho, \$1,000.

Paving and curbing of gravel on U. S. highway 93, between U. S. highway 93 and Stanley, Idaho, \$1,000.

Highway 93, between U. S. highway 93 and Stanley, Idaho, \$1,000.

**Following Illness**

Mrs. Nettle McDermid, 22, mother of two children and wife of S. L. McDermid, died at 10:30 a. m. Saturday in the Twin Falls city general hospital, following a short illness.

Mrs. McDermid was born in Northville, S. D., Dec. 20, 1892, and came to Idaho with her husband 13 years ago. She lived in Kimberly 10 years and then moved to Twin Falls where she lived for two years. She had been a resident of Twin Falls for the last year.

Mrs. McDermid married her husband, then a resident of Buhl, Feb. 14, 1914.

Surviving besides her husband are children, Donald Leroy, two and a half years old, and her mother, Mrs. Mary McDermid, 70, of Buhl. She is survived also by her mother, Mrs. Mary McDermid, 70, of Buhl. She is survived also by her mother, Mrs. Mary McDermid, 70, of Buhl.

Charles Belmont, Robert Baker, and Mrs. J. C. McKee, Hansen; Tom Lewis, Kimberly; Dick Baker, Jerome; Harold Brundage, John Mori, Mrs. M. M. Rose and Mrs. M. F. Oaker, Twin Falls.

### The Weather

Twin Falls and vicinity scattered to heavy showers and thunderstorms Sunday; slightly cooler. Monday fair with little change in temperature.

**Keep the White Flag of Safety Flying**

Due to the extra heavy demand for water during the lawn sprinkling season, our water system is being taxed to full capacity, more or less, and it now becomes necessary that you use water for sprinkling purposes only on the following days:

If your house number is even, sprinkle on the even dates of the month.

If your house number is odd, sprinkle on the odd dates of the month.

By Order of  
TWIN FALLS CITY COUNCIL

CAPT. R. E. GOODNIGHT

### Ace Gets Award

Twin Falls, who has been awarded the silver star for knocking out two more enemy planes and dispersing the balance of an attacking group, (staff engraving)

### Silver Star for Twin Falls Flier

WINDYFIELD, O.—The silver star has been awarded to Capt. Robert E. Goodnight, Twin Falls, Idaho, at a ceremony at headquarters.

The presentation was made by Brig. Gen. P. O. Carroll, chief of operations division, for "conspicuous leadership and brilliant combat performance."

A flight of four P-51 fighters of the 34th fighter group, ninth air force, which he was leading as a leader over enemy territory on April 10, 1944, was intercepted by enemy aircraft. Captain Goodnight directed the attack against the enemy and succeeded in knocking down two of the planes and dispersing the remainder.

A flight of 18 combat planes also was present. Captain Goodnight also was the distinguished flying ace, the air medal with 10 oak leaf clusters, the distinguished unit citation with one oak leaf cluster and the European theater ribbon with two bronze stars. He bagged at least 10 German planes.

Prior to his entry into service in Jan. 1942, he was a student at Idaho Southern branch.

He is assigned to headquarters, ATSC, as a test pilot, radio and radio-shooting engineer. Goodnight directed the attack against the enemy and succeeded in knocking down two of the planes and dispersing the remainder.

### Seen ...

Very long line of expectant couples winding down Main avenue sidewalks as drooping overhanging branches and bare trees, and pick-up going along. Second avenue east in early morning, quelling trails which had lost one wheel. Where city quota 40,000, sales \$10,154, per cent of quota 100.

OAKLEY, July 14 (AP)—Capt. Tolman son of Mr. and Mrs. Percy Tolman, Oakley, is home on a 15-day furlough.

### China, Russia Reach Relations Agreement

MOSCOW, July 14 (AP)—A joint Soviet-Chinese communiqué was issued today that Russia and China have reached an understanding on questions involving relations between the countries in discussions over the past two weeks.

### Three Varied Plans Listed For Hospital

(From Page One)

proposal which has been made by the Catholic church. Although the church would take full responsibility for operating the hospital, and the city would have a representative of the people, it is not in position to participate financially. Any improvements in hospital construction would have to come through public subscription.

Teniffen then presented the board's third suggestion—that of having the hospital owned by the community, through an incorporation.

"If the people of this community feel that the necessary funds for a hospital can be raised, it is a matter to be taken into consideration. Such a plan of operation would be chosen through public subscription. Under this plan, no federal aid or improvements would come from public subscription, unless federal aid is secured through public subscription."

After three proposals had been submitted in detail, Chairman Nelson called on those present to choose their preferred plan.

"It is up to the public to recognize the serious problem of our city and to do something about it," said the planning board has paved the way for such action."

Following a brief discussion, those present selected T. O. Bason as their temporary chairman, and James A. Spriggs, Jr., as temporary secretary.

The temporary chairman announced that at the group's second meeting, held Friday evening at the district court room, an attempt will be made to reach a definite decision on one of the three proposed plans, and to perfect an organization to carry out such a plan.

### Five of Area Counties Hit Quota on E's

(From Page One)

35 per cent; Caman, 20 per cent; Idaho Falls, 21 per cent; Jerome 17 per cent.

### Three Varied Plans Listed For Hospital

(From Page One)

proposal which has been made by the Catholic church. Although the church would take full responsibility for operating the hospital, and the city would have a representative of the people, it is not in position to participate financially. Any improvements in hospital construction would have to come through public subscription.

Teniffen then presented the board's third suggestion—that of having the hospital owned by the community, through an incorporation.

"If the people of this community feel that the necessary funds for a hospital can be raised, it is a matter to be taken into consideration. Such a plan of operation would be chosen through public subscription. Under this plan, no federal aid or improvements would come from public subscription, unless federal aid is secured through public subscription."

After three proposals had been submitted in detail, Chairman Nelson called on those present to choose their preferred plan.

"It is up to the public to recognize the serious problem of our city and to do something about it," said the planning board has paved the way for such action."

Following a brief discussion, those present selected T. O. Bason as their temporary chairman, and James A. Spriggs, Jr., as temporary secretary.

The temporary chairman announced that at the group's second meeting, held Friday evening at the district court room, an attempt will be made to reach a definite decision on one of the three proposed plans, and to perfect an organization to carry out such a plan.

## **FIRE SALE**

### **CONTINUES**

**With THOUSANDS of DOLLARS of Wanted MERCHANDISE Re-Grouped and RE-PRICED**

**OUR THANKS and . . . OUR APOLOGIES**

To the people of Magic Valley we can only say thank you and we are only sorry that we couldn't take better care of you on the opening day of our fire sale.

The above picture shows only a portion of the crowd of people that so patiently waited for the doors to open. We are grateful indeed for the orderly way in which you people conducted yourselves while waiting in line and we are especially thankful for the order you maintained in the store during the entire day.

We have spent the week-end straightening up the tables, re-grouping the merchandise and re-pricing the stock. Prices have been reduced again because we must clear this stock to make room for new merchandise that has been rolling in day after day since the fire.

If you were disappointed the first day we hope that you will come back again tomorrow because we still have thousands of dollars of wanted merchandise that will be sold for a fraction of the former cost.

## HOW THINGS APPEAR FROM PEGLER'S ANGLE

**NEW YORK**—Among his occasional reading these last few years is a book by Judge Ferdinand Pecora of the New York supreme court, who served as counsel to the Federal Reserve bank and currency investigation committee in 1935-36. This concerned bank practices and the stock exchange and was a work of considerable interest. It seemed up to the early enthusiasm of the new Wall Street press who delighted in the bombing of J. P. Morgan, who was usually depicted as sitting on his knee a little midgey whom he mistook for a little girl.

pose, and contributed to some honest reforms which the Roosevelt administration achieved in its early days.

It occurs to me that in some way the situation which Judge Pecora investigated was similar to the operations of Elliott Roosevelt thus far disclosed in borrowing money on

"Unbankable" securities with the hearty approval of the Federal Reserve, by which Jesse Jones wrote them off.

Pecora denied the great financial power of J. P. Morgan and company and his favoritism toward the financial sector of other bankers.

"Mr. Morgan saw no impropriety of disavowing in this," he wrote, "and he has reported to me the suggestion that J. P. Morgan Company might be able to obtain some of these powerful and strategically situated banks in their debt, place itself in a position to obtain special favors from the banks and

Later, discussing the "spread" or commissions paid in the issuance of bonds by borrowing companies, Judge Pecora explained that "when a corporation issues \$100,000 of bonds it does not actually receive the full \$100,000.000.

"The long-suffering public pays the entire accumulated load of com-

If there is an analogy here it is in reverse but, to me, the moral position of Elliott and his father and, later, of Jesse Jones, the chairman of the reconstruction finance corporation, described by Henry Wallace as "the most tremendous financial power that the world has ever

## Softball Games, Picnic and Dance to Feature Pioneer Day

Three softball games, picnic lunches at Harman park and a formal dance at Radio Rodeo will be the main events of the day. A special program for the celebration of the 100th anniversary of the Pioneer Day in the Territory will be limited because of wartime conditions. The celebration will be a fitting celebration for 1947, which is the 100th anniversary of Pioneer Day in the Territory.

Ladies of the Twin Peaks state will be the guest of honor. If another game will be played by the same team, the game will be played by the two local senior softball teams of the city.

Exhibition of special pioneer dances in costumes.

Committee in charge of the celebration are: Mrs. J. A. and Royce Babbitt, arrangements, with Rosemary and Marcella Babbitt assisting. Verdon G. Laughlin, Vern Yates, and Mrs. J. A. Babbitt are the active leaders. Softball: Noe Jean and Mrs. J. A. Babbitt. Decorations: floor show and names of other committees.

The dance will be held on July 24, which has become a day of celebration in the Territory. Mountain west, commemorates the entrance of the Mormons into Salt Lake City.

musical will be given white members and their picnic friends.

Following the picnic, out-of-town guests will go to local homes to prepare for the formal dinner. The dinner will begin at the Radio Rodeo at 9 p.m. with Arlon Bastian's orchestra as the featured band. The pioneer day theme will be carried out in the decorations of the room.

Pioneer country western and modern dancing will be featured at the dance. A special live-on-air is extended to all Magic Valley citizens and pioneers to attend. The celebration will be a special day for all to stake members and friends. C. Vern Yates has charge of the intermission program.

A LETTER  
from HOME

● Well, it's another Friday and a beautiful Friday it is here in Twin Falls. It looks like summer is here at last. Yesterday it got to 92 with-

## Sunday, July 15, 1945

California and is convalescing in a naval hospital. It will be some time before he will be able to walk again according to reports received here.

We resumed the rodeo in the first part of this letter. It was a superb good show and the only prize usually reported was Frank Chetwood, a rodeo clown who was caught in the act of stealing a horse. He was reported to have got his cheek ripped open by the horse's teeth. Chetwood reported that his eye had been injured and that it is a rough game and one that should be a whole lot rather than thap play.

Ingdon D. C., where he has been assigned to the aviation supply office.

Bill Falls is definitely going to suffer from growing pains after the war. At least all indications to date point that way. Hours are moving, enlarging, remodeling and remodeling. The old buildings are being lifted, of course. And new ones are planning entry into our fair city. The new city has been announced in a new deluxe model of the future. The new city will be opened about the middle of September by Bill Nussbaum, former FBI man. The location will

ined to golfing and fishing. The season is over and we don't have any organized baseball this year. However, Gene Ostrander and Maury Doerr are grooming an American Legion junior baseball

and 15 casualties during the sale and after watching them for a little while it is a wonder that there wasn't a lot more than that. Well we'll get down to news of a little more personal nature about

and recreation officer at the Western Valley convalescent hospital in Portland, Ore. He was assigned to the hospital to care for the people of Twin Falls who were discharged from the hospital and returned for use by returning war veterans at the hospital.

Mr. Van Hunter who was well known in Rupert and Paul was killed in action on Mindanao.

Private L. McDonald of Eden was killed last year in the Pacific and his remains were sent to his family and his wife and two boys and expects to be sent to the Pacific. He is a navigator.

Mr. J. W. Johnson, a very popular Twin Falls boy was recalled to the hospital by the Pacific. He was on a destroyer escort

and was shot down at Pearl Harbor. He was a graduate from the Naval radio school at Pearl Harbor and was a cadet at Eden high school in 1944.

Mr. J. D. Decker Archer of Pter was killed in action at home after serving 14 months in the Pacific.

Private S. G. Hamilton of Hamilton is home again after being held in the Japanese prison for two years. He was a member of the 101st Airborne Division.

Mr. B. J. Back of Jerome is home on a short visit after which he will be sent to the Naval air station for assignment. He is a veteran of the Pacific theater.

After 15 months in England C. James J. Floyd is at home in no-shone.

## Solon Group Votes Okay To Charter

WASHINGTON, July 14 (AP)—Approved by a 20 to 0 vote of the foreign relations committee, the United Nations charter took its place on the Senate calendar today for its most critical vote.

Without doing an "X" the 22-member committee indicated the Senate, peace-keeping agreement and handed it over to the Senate. Three days will begin July 21 amid signs pointing to its overwhelming approval.

If the approval is given without reservations or amendments, as leaders confidently expect, supporters feel other nations which have been waiting for this country to act will hurry to attach their official ratification.

That will bring into being a new league capable of using force to prevent aggression, if it becomes necessary.

The committee's endorsement came at the end of a half hour closed session, yesterday which wound up five days of public hearings. Three members who were absent will have an opportunity to get their names on the roll later.

## Blaine Red Cross To Name Officers

HAILEY, July 14—There will be an election of the executive board members of the American Red Cross, Blaine County chapter, in the near future.

Nominations will be accepted from this time until Aug. 1 for the following offices: Three executive members to serve three years; one executive member to serve a two-year unexpired term; one executive member to serve a one-year unexpired term.

Carey residents will file their nominations with Mrs. Emily Olsen, Blaine County chapter president, who will forward them to the Blaine County chapter.

## Twin Falls Youth Gets Bronze Star

Major Edward J. Hess, son of Mr. and Mrs. J. B. Hess, 1700 Taylor street, Twin Falls, has been awarded the bronze star medal, for meritorious service in connection with military operations against the enemy during May, 1945, in Britain.

The citation says that with untiring effort, Sergeant Hess rendered outstanding assistance to his regimental adjutant.

In his position as sergeant major, in the supervision and operating of administrative activities of the regimental headquarters under the adverse conditions of combat.

Despite the monumental difficulties encountered by severe losses of both men and records, due to enemy action, Sergeant Hess effectively organized and operated procedures which contributed immeasurably to the efficient administration and successful combat operations of his regiment, the citation added.

Sergeant Hess entered the service from Twin Falls.

## Captain Tells of Ground Crewmen

FILER, July 14—Capt. Walter M. Harris, son-in-law of N. V. Sharp and home on leave from England, where he was stationed in the maintenance division of the air corps, spoke at the luncheon meeting of the Filer Kiwanis club.

He described the work of the ground crew and the part they take in assisting before and after airplane flights over enemy territory.

Cpl. John MacKay, who has been stationed with the mechanics in the maintenance division of the air corps, spoke at the luncheon meeting of the Filer Kiwanis club.

There will be no Kiwanis meeting next Tuesday as members will attend the annual Kiwanis picnic at the J. P. Hunt ranch Wednesday evening.

## "Like a Tent over other hearing aids."

The wonderful power of the new Sonotone "tent" type hearing aid is shown above. Previous Sonotones and past all hearing aids:

- More power in low, middle and upper tones—straight across the tone range.
- More power and distance with smaller batteries—voluntary control.
- More power with a new naturalness, clarity and ease of understanding.
- More power—to bring good hearing at last to many who never got real satisfaction from any previous hearing aid.
- The astonishing power of the new Sonotone results from revolutionary advances in tubes, receivers, and accessories, and from closer fitting to individual hearing loss than has ever been possible before. This instrument was designed after 35,000 separate measurements of people's hearing and 14 years of continuous work with widely differing cases showed precisely what hearing aid was needed!

# 4,900 DEER PERMITS TO BE ISSUED

## First Minidoka Hunt Will Be Held Oct. 5-10

BOISE, July 14 (AP)—A total of 4,900 deer permits—400 more than last year—will be permitted in three special Minidoka national forest hunts scheduled by the state game commission at its meeting in Boise this week. Announcement of the hunts was made today.

The largest hunt will be held in the first week of the year in the Casita and Twin Falls lakes.

## Minidoka Area Set Aside for Archers' Exclusive Deer Hunt Sept. 26-Oct. 4

BOISE, July 14 (AP)—Bows will be used in the Minidoka area hunt, which will be held in the first big game hunt yet set aside in Idaho exclusively for archers.

The state fish and game commission has set aside a special archery hunt in the Minidoka area, a division of the Minidoka forest from Sept. 26 to Oct. 4, inclusive.

Dr. T. H. Kennedy, superintendent of the hunt when he appeared earlier in the week before the commission, Dr. Kennedy estimated there are about 30 archery-hunting enthusiasts in south central Idaho and he believed a number of out-of-state hunters would be attracted.

Hunting with bow and arrow is legal in Idaho during regular open seasons, but the Minidoka hunt is the first one to be set aside exclusively for archers. No firearms may be brought into the area during the hunt.

The area for the hunt is officially described as all drainages of Trapper and Cottonwood creeks and the area between the two drainages on the east side of the Casita division of the Minidoka national forest.

Special permits must be purchased at the Boulder Ranger checking station for \$10 and 41 deer tags must be bought in addition. The hunt will require no drawing.

Hunters participating will be ineligible to participate in other south-central Idaho special hunts.

# Race Meets Set for Jerome and Gooding

Two turf meets had been definitely set for the Magic Valley today. The first will be at the Jerome fairgrounds on July 21 and will be a night affair.

The second will be on Sunday, July 22, and will mark the entry of the Gooding American Legion post into the racing game.

The meet at Jerome will be the third of the season staged by the Jerome Riding club and will include special events carrying purses of \$200.

Paul Callen, who announced the Jerome races, said that differentials in the two former meets—the events will be made up on the grounds just before the opening of the first race. However, entries must be in by Friday night, preceding the races.

Fred Craig, who with Alex Watson forms the Legion committee on arrangements for the Gooding races at the fairgrounds there, said that Harold Humphries, owner of the race horse, Best Beau, winner of the special event on the Jerome July 4 card, would be general manager of the program. They will be assisted by Bob Lyon, appointed as the club representative by the mayor, Dr. Fred E. Barrett.

At a meeting held Friday night, the four decided to lengthen the rounds from one-half to one mile to make it a half-mile oval.

## Opposed

Sportmen in the Magic Valley area are opposed to closed season on mountain deer, according to W. R. Priebe, chairman of the fourth district of Associated Sportmen's clubs.

He said that "we are in favor of keeping the season open in line with federal regulations. That means we will have a 10-day open season the same as last year, Sept. 1-10."

An open season here would only provide birds for hunters in the southern section, Priebe stated.

That Bill McClellan, Phoenix, Ariz., recently called that first and second closed season, he said, "because the latest records show they were down in standing (1941), which isn't natural for him."

That the same can be said for Homer Pettigrew, Spinger, N. M., another local performer who was the all-around title in 1941 and has been the champion bullfighter four of the last five years. "He's now shut."

That Harry Rowell, who provided the stock for last year's fair, since a radio all of the year at the ranch in Hollywood, Calif.

That quite a few of the cowboys riding in the Rambu, a five-year-old, did win last year, as the greatest performer in the world, although he never won a world championship. "He just doesn't compete as much as the other riders do—oh, my! He wound up with the Penetration and Madison Square Garden all-around crown last year."

That the real reason why the cowboys like to compete at the Madison Square Garden is the prize haul—\$114,720.

And that's that for now, except the free rodeo that they'll stage at Hagaman on Pioneer day July 21, probably won't attract the greatest cowboys in the world, who can say after hearing Emerson Pugh that it won't have the No. 1 announcer.

## Lake Drive That's Not a Thoroughfare

Here's a lake drive that's not a thoroughfare. It's part of the Clear Lake course of the Buhl Golf club over which the final 18-holes of the two-course Buhl-Twin Falls tournament will be played today. The tee-off is at the clubhouse, where the No. 9 hole is at the far left behind the clubhouse.

To the right of the clubhouse is the No. 8 green, situated on a point of land extending into the lake, which means that a golfer just doesn't dare to be long-will golf balls as secure as they are. (Staff engraving)

## Leathernecks Close to Lead

A double play by the Leathernecks, a double by Corvax, and a rally after the first inning, have placed the team at 16-5 victory and placed them only one game off the lead held by the Grangers in the Buhl-Twin Falls tournament.

The other game, the Bulldogs defeated the Tigers, 13-7. Freeman has two homers for the Bulldogs.

## Kiwanis Honor Buhl Golf Champ

BUIH, July 13.—Mrs. Helen P. Luck, Buhl, who recently won the Idaho Women's golf title for the third time at Pocatello, told the Kiwanis club some of the highlights of her season.

The Kiwanis club presented Mr. Prilluck with a cup made by Frank Avery, president of Idaho native woods, as a token of its esteem and a tribute to her fine sportsmanship.

Michael Hunt, visiting Kiwanist from Twin Falls, reminded the group of the late sportsman, who was killed by a car on his way to the Buhl-Twin Falls tournament.

At the Kiwanis meeting, July 13, at the Buhl-Twin Falls tournament, the district governor from Utah will speak.

## Baseball's BIG SIX

NEW YORK, July 14 (AP)—A world record betting average of \$2,724,349 for seven-reverse programs was established by the Queens County Jockey club's 16-day meet at Aqueduct which ended today.

## Baseball's BIG SIX

NEW YORK, July 14 (AP)—The first Pacific coast all-star baseball game ever played here was scheduled Monday night at the Portland-Sentinel arena against San Francisco and Hollywood players.

## Lion Grubbed Cited

STATE COLLEGE, Pa.,—Lion Jim Bonham, former Penn State football guard, has been awarded the Bronze Star medal for heroic action on the German front.

## Hot Cuban

Los Olmos, outfielder-infielder of Dodgers, would like nothing better than to leave National League and strike back to Cuban ball, and many fans and managers are making bets on that.

## Baseball's BIG SIX

NEW YORK, July 14 (AP)—Harvey Traband, secretary of the National baseball league, today announced a schedule of games for Brooklyn and the Braves at Boston Aug. 3.

The extravaganza will consist of a game originally scheduled for that day, a contest re-scheduled for that day, and the final inning of the season and the final inning of the suspended June 17 game.

## Gates Dust Remover

This attach consists of two fans mounted on a welded frame placed across top of hole chamber and attached by four set screws.

About three feet forward of the fan mounting is a jack shaft mounted on a welded frame also attached across top of hole chamber by four set screws.

● This DUST REMOVER attaches to a 12-inch V pulley driven by fly wheel of Baler. A V belt drives a 6-inch V pulley on jack shaft. On center of jack shaft is mounted a 12-inch V pulley which in turn drives a 6-inch V pulley placed on Fan shaft by means of another V belt.

Each Fan is equipped with adjustable lids whereby operators can control amount of wind needed.

● This DUST REMOVER can easily be attached to any Baler by anyone in fifteen minutes.

● This DUST REMOVER effectively removes dust from Baler, allowing operators to work in comfort.

● This DUST REMOVER is manufactured by Gates Bros. Machine Shop and distributed through legitimate dealers.

## Phosphate Drill which we manufacture

The body is of 16-gauge steel. Axles are of two-piece cold rolled shafting mounted at end and in center of drill shaft through bronze bushings greased into Shelby tubing fitted with Zerk grease fittings.

● The agitators are three-piece construction welded to seamless tubing which fits over the axle shaft and are attached by a bolt through the axle.

● The agitators extend the full length of the drill box and forces the phosphate through holes in bottom of the box.

● An adjustable slide with corresponding size holes is placed over the holes in the bottom of the drill box. Adjusting this slide by lever attached, allows the operator to spread desired amount of phosphate per acre.

● The wheels are of steel and have a herringbone tread which prevents slippage and allows smooth travel on highway and roads.

● The axle shaft to which the agitators are attached at the end and center plate in the drill box, has removable bronze bushings and is equipped with Zerk grease fittings.

● All drills are equipped for both tractor and horse hitch.

These drills are manufactured solely by Gates Bros. Machine Shop and distributed through legitimate dealers.

### Hay Harvest Toil Slashed To Minimum

Lewiston, July 14 (AP) — Two ranches in the Lewiston area have reduced hay harvesting operations to a virtual "push-button" basis as a result of double-inventions made by operators of the two places.

C. W. and D. E. Lloyd, who feed baled hay to their livestock, speeded up their handling of the crop in an eight-hour shift from 10 to 18 tons and the latter figure includes bales in the barn while formerly the hay was stored in the field.

One device responsible for the increase is a chute the Lloyd brothers attached to their traveling baler which forces the bales out onto a steel wagon behind instead of dropping them in the field.

The other is a conveyor which they fashioned for \$150 out of an old auto frame and a few engine parts. A 10-hp. non-power gasoline motor provides ample power to carry four bales at a time from wagon to barn loft. The auto frame forms the base of the conveyor and the power is supplied through the regular transmission, drive shaft and one rear axle. A sprocket and drive chain from a combine replaces the rear wheel to carry power to the conveyor itself, which also makes use of combine parts for the feeder chain.

The two inventions, the Lloyd brothers said, make it possible to turn out a bale a minute from "windrow to loft."

### Heavy Sales By Women in Bond Drive

Total tabulations for the seventh war bond drive indicate that the women's division of the Twin Falls war finance committee sold \$22,181.25. Charles Casey, city chairman, announced Saturday.

Appreciation was extended by Casey to the women who worked so faithfully and loyally during the drive. Special credit was given to Mrs. Elmer Ross, Jr., chairman of the baby bond drive; Mrs. William Middleton, chairman of the war money bonds; and Mrs. Arnie O. Lund, chairman of the war savings committee.

Individual group sales were bondholders, \$12,520.25 in bonds and \$25 in stamps; baby bonds, \$2,200; pin money bonds, \$6,200 and war bonds, \$2,060. House-to-house canvasses totaled \$2,075.

During the drive the following women earned the following: the surgeon general of the United States to all individuals selling over \$5,000 in "E" bonds: Mrs. Edward Cooper, Mrs. D. L. Black, Mrs. Alvin Casey, Mrs. George Ryan, Mrs. Jack Bailey, Mrs. John Smith, Mrs. J. Hill, Mrs. Vera Fulton, Mrs. E. J. Kirby, Mrs. W. P. Hane, Mrs. Robert Haller, Mrs. V. Fillet, Mrs. Ralph Tulloch, Mrs. Jack Carson, Mrs. Lyons Smith, Helen Olsen, Anna Seballe, Ruth Lilbo, Betty Humphrey, Oriette Colner, Betty Coughlin, Shirley Smith, and Ruth Johnson.

The bondholders and Jay-Cities won the election for selling \$5,000 in E bonds for their respective organization.

Honorable mention was given to Mrs. Harry Ball who sold \$7,535; Mrs. Ralph Bacon, \$17,075, and Mrs. T. Clyde Bacon, \$20,000, in E and treasury bonds.

### Funeral Service For E. C. Kelly

Funeral services for E. C. Kelly were held at 2:30 p. m. Friday in the Twin Falls United Brethren church, with the Rev. Mervyn Vennich, pastor, officiating. Burial was made in Sunset memorial park under direction of the White mortuary.

Funeral services were held at 2:30 p. m. Friday in the Twin Falls United Brethren church, with the Rev. Mervyn Vennich, pastor, officiating. Burial was made in Sunset memorial park under direction of the White mortuary.

### Townsend Picnic To Feature Talks

Gooding Townsend members will hold their annual picnic in the Gooding city park at the swimming pool at 2 p. m. Sunday.

Short talks and patriotic and popular music will make up the program, which will be sent out over a loudspeaker system. H. A. Chapell, club president, announced.

The public is invited to the picnic and guests are expected from Twin Falls and other towns.

Cheese and members are asked to bring a covered dish, sandwiches and their own table service.

### Becomes Manager

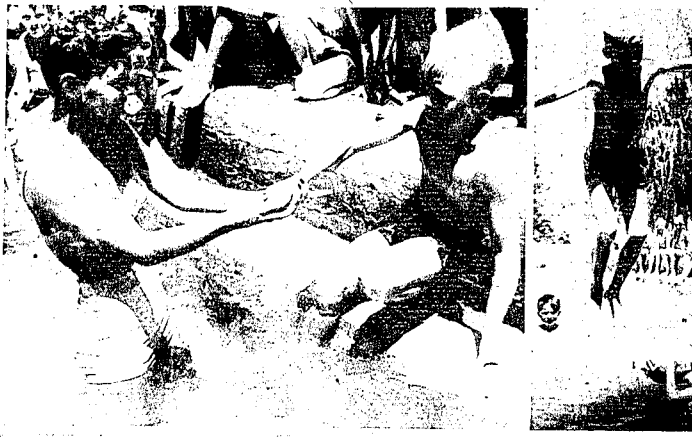

Harry N. Williams will be claims manager for the Twin Falls Farmers Insurance group. C. A. Kellogg, who was claims chief, has been transferred to Portland. Williams was assistant claims manager prior to his promotion.

A trout fry and picnic were given members of the group's agency and claims personnel at the Kuranzi meek at Shoshone falls.

### Red Cross Trains Youth to Swim and Live

### It's One Thing After Another On This Farm

BUILT, July 14—The fine spirit of western neighborliness was manifested on the Roy Strickland farm when neighbors and friends from the surrounding territory pitched in and put up the hay crop after Strickland broke his leg while moving a hay derrick.

One of the horses fell and jerked the derrick, pinning him against it and breaking his leg, after which he fell inside the derrick and it ran over him.

The day after that Mrs. Strickland gave birth to a daughter at the Ruby maternity home in Fler.

The Stricklands have three boys, the oldest, 14, who are now helping their father with the necessary farm work, as it will be the last of August before any possible removal of his cast.

Mrs. Strickland has returned from the hospital.

### About These Pictures

Many an American G.I. who ploughed his way ashore on the Normandy coast . . . many another who sloshed through Pacific waters on Two Jims . . . today owes his life to Red Cross swimming instruction in former days.

An initial step in self-preservation came when as a scared little boy (posed by Ronnie Green, upper left) he enrolled for a beginners' course in a swim campaign such as Twin Falls chapter now is sponsoring. He gained confidence through the guidance of a trained instructor (posed by Shirley Stowell, senior Red Cross swimming teacher at the municipal pool this summer).

At the conclusion of the course he completed the final requirement to qualify for a beginners' certificate by jumping, unaided, into the water (upper right).

As he grew older, he progressed in swimming technique, earned a senior life-saving certificate. Once he rescued a novice swimmer from drowning using the fireman's carry to bring him out of the water. (Lower left, posed by Steward Wegener, one of the life guards at the pool, with Jimmy Mingo as "victim").

Then came the day when he found himself in "tough water," and only his knowledge of functional swimming, as taught by the Red Cross to servicemen, brought him through—a life saver instead of a casualty of World War II. Lower right, (posed by Marshall Polysgrove, municipal pool life guard).

### Graveside Rites For T. T. Yowell

Graveside rites for Thomas T. Yowell were held at 8 p. m. Sunday in the Twin Falls cemetery with members of the Twin Falls lodge of Odd Fellows in charge of services. Burial was made under direction of the White mortuary.

Funeral services were members of the local lodge of Odd Fellows.

The manufacture of basic chemicals now ranks as a major industry in Canada.

### Meeting of Posse Set for July 23

The regular monthly business meeting of the sheriff's mounted posse that was scheduled for Monday night has been postponed until July 23, due to the absence from the city of Curtis Turner, captain of the group, who is in California on business.

Committee chairman will make their reports to posse members on the recent four-day rodeo that was staged here under joint sponsorship of the posse and the Frontier Riding club.

### Four-H Club On Okinawa

### Going Good

OKINAWA, July 14 (AP)—Even before this island had been fully liberated from the Japanese, enterprising American military government personnel established the Okinawa agricultural experiment station.

Japanese were still being flushed from woods and caves when the first "4-H club" got under way.

Director of the activity in the southern third of the island is Leland Ralph Backstrom, St. Paul.

"First thing we did, as soon as we began to get some order among the refugee civilians, was to organize the harvest of crops that were ready," said Backstrom.

"We have harvested enough soybeans, string beans and sweet potatoes to provide the natives with these foods for some time to come. At the same time, we are replanting."

The station also has established an abattoir for surplus goats—a neat, clean abattoir, with careful inspection to see that all meat is fit for human consumption."

TWINS ARE BORN

JEROME, July 14—Mr. and Mrs. Walton Clapproot, former residents here, are parents of twins, a son, William Clyde and a daughter, Barbara Pearl, born to the couple at the home of the late W. C. Clapproot, Jerome claimant.

The word mummy means bitumen, or asphalt, in Arabic.
