Halsey Smokes out Nip Airmen Trying to Defend Base of Kure

This Isn't War—It's Ice Cream!

WITH HALSEY'S FLEET OFF JAPAN, July 24 (AP)—Swarms of American carrier-based warplanes today fought off Japanese fighters and anti-aircraft desperately attempting to defend the great Kure naval base, one of the enemy fleet's last strongholds.

For the first time in the two-week-old attack the Japanese came up and fought over the Kure base as the greatest allied carrier-based force ever to appear over Japan sought to give the coup de grace to elements of the nipponese fleet.

Returning pilots said that despite numerous dogfights and the most intensive anti-aircraft fire they had, cover seen by the Helldivers pressed home attacks against many Japanese warships.

A dispatch from Correspondent Heberich aboard Vice-Adm. John S. McCain's flagship said at least two warships were hit with heavy bombs and a number of other enemy craft were left burning in the Kure area.

Accuracy of attack over the target led to the belief many hiding fleet units were being forced to reveal themselves, Heberich said.

In a surprise insult to the once-arrogant Japanese sea arm, planes of task force 38 rendezvoused over the imperial naval academy near the inland sea before assaulting shipping and installations around Kure.

Admiral H. H. Doolittle, said he hit one warship with a 1,000-pound bomb on his second run.

One veteran squadron battle 12 swift enemy fighters as the Americans came out of their dives to knock out the Kure base, said a Japanese pilot who was shot down, one Heberich said.

The task looked like Christmas tree decorations and a giant Red, Columbia, Co. "It was all over the Kure base, and it was all down on our dives."

Admiral Halsey, who led the fleet, said the Japanese had good planes and good pilots.

The attacks continued all day in good weather and unopposed. "Military targets" in the Kure area, it is common knowledge, however, and the attention of the colleagues to a compilation of powerful means of the lurking enemy.

Observers estimated that task force 38 was able to knock out the last remnants of the once-proud Japanese fleet in the wake of the last week's successful attack against Yokosuka base and the battleship Nagato.

Descendants of the intrepid Mormon pioneers who crossed the plains to Utah, reclaiming an unwanted desert into one of the most fertile farming and industrial sections of the United States, are today paying homage to their forebears.

The 98th anniversary of their arrival in the great Salt Lake valley July 24, 1847, is being celebrated by hundreds of members of the Church of Jesus Christ of Latter Day Saints throughout the Magic Valley and other Idaho communities.

The pioneers' trek westward with handcart and covered wagon, the dangers and privations encountered along the way, were recalled in song and story during commemorative programs throughout the day and evening.

"This Is the Place"

Pagants and parades reflected the incidents leading to the day on which the Mormon leader, Brigham Young, viewed the valley from Emigration canyon and declared it the immortal phrase—"This is the place."

But with the Mormons' deliverance from affliction also was held a grand celebration with light-hearted entertainments in the various communities. Latter Day Saints membership predominates.

The parade in Magic Valley, was the observance at Hagerman, which began with a parade at 11 a. m. and will conclude with a dance tonight at the Legion hall, which will be followed by a picnic of a chicken dinner at noon, and a rodeo celebration at 2:30 p. m., following a community picnic at 4 p. m.

SHOSHONE, July 24 (AP)—Ninety fire fighters including a crew of Mexican nationals today battled a stubborn 20 mile front brush fire that raged since Saturday in rough valley country between Minidoka and Dietrich.

Jack Keith, district grazer here, announced at noon that he had received word in his last radio communication with the fire boss of the crew battling the flames that there was a good chance of bringing the blaze under control late today.

Today the fire was burning through an area between Wild Horse and Snake rivers. Firefighters are battling the blaze around Snake. An additional 30 men have been thrown into the fight in the last 24 hours to smother the flames.

A crew from Burley has joined in the fight and Keith said that a fresh crew of fire fighters would be sent from Carey tonight.

By United Press
A climactic battle between man and the elements with fire-fighting forces enveloping nearly 20,000 acres of timber land in two northern states, reached a critical stage today.

Forest officials reported that thousands of soldiers, sailors, and civilian fire fighters had been held to the point of exhaustion by the face of the steadily advancing fire.

Week-end rains temporarily halted the main blaze, the Tillamook fire, but the fire was still burning in the Tillamook area. The fire was carried by burning embers to set additional spot fires in rugged country near here. The fire is in the Tillamook and Nehalem rivers, extending to the Oregon coast. Solon Plans Inquiry Into Peace Moves

WASHINGTON, July 24 (AP)—Sen. Charles McNary, D-Ore., today urged the senate into a discussion of whether this country has received any genuine peace feelers from Japan.

McNary told a reporter he plans to ask anew whether the state department has received any offers and to call attention of his colleagues to a compilation of powerful means of the lurking enemy.

McNary said he had been handed by the high military source a memorandum which suggested to the man and carrying suggestions of a resolution of the emperor and military occupation of Japan.

Moro Bolos Sold After Bargaining

TAWI TAWI, SULO ARCHIZI, ACO, Philippines, July 24 (AP)—The Moros of this American base closest to Borneo thought they had good trade, "Joel" from down to dusk as they peddle their canoes around ships in the harbor.

Bolos knives with hand-carved scabbards go like hot cakes to the Americans. The Moro trading canoes also carry chairs, eggs, shell pearls, fruits, metal keppas boxes and other items. But bolos are the number one item.

After the "good trade, Joel" approach, the shrewd bargaining goes something like this:

"How much for bolos?"

"One mattress cover, one shirt, one pants," and the Moro points to the American's clothes.

"As that's a holiday, I give you one mattress cover, one cotton cigarette."

"Good bolos, Joel. One mattress cover, one shirt, one pants, one pair of blue bagging, it's a sale for a mattress cover and a shirt."

The Moro trader has become a strangely valuable item with these people who have been virtually without cloth for three years. Women folk can use it for making any number of things.

Cigarettes carry a high trading value here. They bring, for instance, about eight bananas for the pack. Occasionally one of the Moros will peddle alongside and shout:

"Buy, buy, Joel!"

He might be prompted by a seaman or the sergeant, who might be asking for a certain gentleman from Hollywood. The latter, a scenario writer on a quiet war movie tour for atmosphere, paid \$100 for a solo trip through the Moro area. A host of the boys who enjoy their haggling and try to keep inflation down.

Rocked by Explosions

One of the explosions which rocked Halifax, Nova Scotia, and surrounding countryside as the big ammunition dump of royal Canadian naval arsenal went up in flames. Disaster started when fire spread from burning barge at arsenal pier.

New Cabinet Place Under Discussion

WASHINGTON, July 24 (AP)—Creation of an equivalent of welfare and security whose secretary would become the seventh cabinet member under study by administration officials seeking to simplify the government's structure.

Officials familiar with consolidation plans now being weighed revealed this proposal today. They made no prediction whether the plan actually would emerge, but they requested for congressional action.

The proposed new department would take over the several offices now handled loosely together under the federal security administration headed by Paul V. McNutt.

It probably also would take over some other existing agencies and any additional functions that become necessary if congress carries out administration plans for a broadened postwar social security program.

Freedom of News Finest Peace Basis

By DEWITT MACKENZIE
Foreign Affairs Analyst

International peace isn't a commodity which can be manufactured like poor health, and it isn't a condition that can be secured by the simple expedient of policing with armed forces.

The foundations of peace must be laid in the minds and hearts of men, and this can be achieved only through real acquaintance among the world's peoples. That acquaintance can be better and more quickly attained by a free exchange of news than in any other way.

It is therefore of vast importance that the American people should be trying to secure an agreement with Generalissimo Stalin and Prime Minister Churchill that will permit American correspondents to work freely in Europe.

It is high time that the outside world knows what is going on inside Europe. By the free exchange of news, the world's opinion should be given the news of the rest of the world just as soon as feasible.

The corollary to the above remarks is that unnecessary censorship of news is one of the prime causes of misunderstanding among nations.

It is the most common cause of misunderstanding among nations to be under a blanket due in part to war conditions. Restrictions naturally tend to be more severe during the war.

Clare Luce Will act in Show Play

STAMFORD, Conn., July 24 (AP)—

Hampford Associates, producing summer plays here, announced tonight that Rep. Clare Boothe Luce, R. Conn., would play the leading role in George Bernard Shaw's "Candidate" the week of August 6.

The announcement said Mrs. Luce's services as an actress were obtained as the result of a spur-of-the-moment suggestion by Gus Schimler, Jr., manager of the theater, during a discussion with the congresswoman-playwright about the possibility of producing her new play, "The Happy Strangers" here.

It was discovered that the play called for a role which would require the facilities of the theater, and it was then that Schimler proposed to Mrs. Luce that she play the role of Candida which, some might be surprised to hear, she accepted.

Mrs. Luce's home is in the adjoining town of Greenwich.

Solon Asked To Apologize For "Dago"

WASHINGTON, July 24 (AP)—Rep. Marcantonio, New York, has asked Sen. Bilbo, Mississippi, to apologize for addressing a Brooklyn woman as "my dear Dago."

Marcantonio said in a statement the salutation was used in a letter to Miss Josephine Piccolo, 93 Garfield place, Brooklyn. The New Yorker said Bilbo wrote Miss Piccolo after she had protested to his opposition to the fair employment practice committee.

"It may be of interest for you to know that this lady had three brothers in the armed forces and that one of them lies buried in Germany," Marcantonio wrote Bilbo. "If you have any shred of decency left in you, you would apologize."

Bilbo told a reporter he had no intention of apologizing. He said he had justification for using the term to which objection was made, adding: "If you had seen the dirty letter she wrote me you would understand. She got off lightly."

Decoration for Twin Falls Man

WITH THE FIFTH ARMY, Italy
—The Frank G. Reed, Jr. of Twin Falls, Idaho, recently was awarded the bronze star medal for heroic achievement in action on the fifth army front in Italy.

He is an automatic rifleman with Company E, 301st Infantry Regiment of the 91st "Powder River" Division.

The citation stated: "Private Reed, seeing an enemy convoy approaching, moved to an exposed position on the highway and commenced firing with his automatic rifle. With great accuracy he hit and set fire to a truck loaded with ammunition. The many explosions that resulted destroyed the convoy, which attempted to retreat."

"Completely disregarding the explosions about him, and the intense heat from burning trucks, he remained in position and continued to inflict heavy casualties on the disorganized enemy."

Private Reed entered service Nov. 11, 1942. His mother, Mrs. Lora Sutcliffe, lives at 625 Third avenue east, Twin Falls.

Chief Home from Service in Guam

JEROME, July 24 (AP)—Orr Donald Egelus, son of Mr. and Mrs. H. C. Egelus, Jerome, has arrived here from Guam where he has been stationed the past six months with the 3rd Marine Division.

The 24-year-old youth is the husband of Mrs. Marian Egelus, graduate nurse, who is making her home with Mr. and Mrs. H. C. Egelus.

Entering service Aug. 14, 1942, Egelus was stationed on the south Pacific for three and a half years.

He is a graduate of Jerome high school and was stationed on Johnson Island at the time of the Pearl Harbor attack.

Chief Egelus has been engaged in building B-29 fields, and in recent months also has been doing deep sea diving and salvaging.

"I'd like to have seen duty now along Snake river," Chief Egelus remarked, when asked what his future plans are. He will report back for another assignment Aug. 23, after completion of a 30-day leave.

Japs Fleeing With Aussies In Hot Chase

MANILA, July 24 (AP)—Japanese forces in the Mount Batochamper area of southeastern Borneo retreated in continued confusion today. Their columns pulling out to the north were mauled by seventh division Australians, who knocked out several truckloads of enemy units.

The Australians surprised and waylaid the enemy withdrawal late Saturday and early Sunday, at a point about 40 miles north of Balikpapan of installations.

The Japanese were completely unprepared for the attack, and Australian patrols pushed north up the main road for three miles without meeting any resistance.

Gen. Douglas MacArthur's communications announced that far eastern airforce fighters and bombers, striking at Japanese sea communication, sank 10 enemy craft, probably sank another, and damaged at least 100 japs from medium tonnage freighters to luggers and junk.

Jerome Man to Remain at Guam

JEROME, July 24 (AP)—Permanently assigned to Guam for the duration is S. J. Noel S. Pratt, husband of the former Katherine Geisler, Jerome.

Seaman Pratt, the son of Mrs. Hazel Burham, Jerome, will be engaged in the electrical shops in the maintenance and repair department.

His brother, PHM 7/c Bobby Pratt, also is stationed there, serving in a base hospital. Both young men attended Jerome schools and are well known here.

Seeks Ouster

JEROME, July 24—Lee Leonard Mitchell, arrested here recently on a petit larceny charge after he admitted guilt to the theft of a Jerome woman's portfolio, has been arrested at least 30 times since 1935 on various charges ranging from vagrancy to absence without leave from both the United States and Canadian armies.

His record in the sheriff's office shows that he went AWOL from the two armies, and in addition was arrested on draft evasion.

Arrests were made against him in Illinois, New York, California, Kansas, Colorado, Texas, Mississippi, Washington, D. C., Arkansas, Louisiana and Idaho. He was court-martialed in Louisiana.

He is serving 30 days here in the county jail on the portfolio theft.

KEEP Cool

EAT "LIGHTER" FOODS FOR ADDED SUMMER COMFORT

It stands to reason you will keep more comfortable during the heat of summer by eating the lighter foods such as cold meats, dairy products, seafood and the various vegetable combinations. Heavy, bulky foods, if eaten in excess, have a tendency to make you all the more miserable during hot weather.

Although a "Light" Food BUTTER-KRUST Is Loaded With "Energy"

Sandwiches made with BUTTER-KRUST "Energiech" Bread are a real solution to the problem of hot weather diets, because BUTTER-KRUST, although it is light, contains a wealth of vitamins which compensate for the food values which you otherwise would be getting in the heavier foods eaten during other seasons of the year. Eat plenty of BUTTER-KRUST. It's an ideal food for hot weather.

Suggestions Made to Process Without Sugar

By CHARLOTTE ADAMS
Associated Press Food Editor

It is possible to put up fruit without adding sugar. The natural product will not have as good color, flavor or shape, but it will not spoil, and you can add sweetening when you serve it.

Let us point out, however, that if you are to sugar for every person, you are not getting the most out of your sugar. It is better to use a minimum amount of sugar for every quart of fruit. This is because a quart of fruit will make a medium syrup.

For example, you can only obtain five pounds of sugar per person. The 15-pound quart of fruit will make 40 quarts of fruit per person. If you use a quart of fruit, you will only obtain five pounds of sugar per person. This is a great deal of fruit to process in a small area where fruit is so plentiful this year, don't you think?

Open the Shop Doors

A great deal of our work is done by machines and more of it will be done that way and our girls will have to understand what makes a machine go, and why, and be able to take it apart and put it together again. That must be part of every girl's education from now on. Those who live in cities need this instruction, and experience as much as those who live on the farms for to be able to work in cities, always and who knows where the city girl will be next year, five years from now? Open the shop doors, put shops in every school in the land, and teach every girl to work with her hands, all boys, and all girls, to handle them.

There is no reason why a girl should not learn anything she wants to learn, and do any sort of work she knows how to do and does it well, and be paid for it, as the man is paid. Sex is no basis for wages, skill, productivity, general ability and practical work are what count. When we have men in every field of human activity there is no reason under the sun why they should not be respected as able workers and paid on that basis. Open all doors to the girl—for everybody's sake.

Does your education measure up to the standard set for you? Is there any course which will give you a better education? To obtain a copy, send five cents and a stamped envelope to: Mrs. J. L. Holloway, Editor of Times-News, P. O. Box 19, Station C, Boise, Idaho 83721.

Pearl Harbor

No one dreamed that, after nearly four years of wartime, so many millions of electric appliances would still be working. Thanks to fine construction and good care, they're still doing their job.

That's a good sign for the future. When the war is finally won, their places will be taken by new and even better ones. Electric service and electric appliances have been tested in these years of war service—and come through with honors. Postwar appliances promise many new and interesting advances in better living.

An Actual Movie Shooting Script

THE STORY: After the Archer family goes to the movies, Mildred and Lenny come home. Raymond says he has to see Corliss even if his mother disapproves and sends Raymond about to find out if the coast is clear. Raymond is talking to Louise the Archer's maid, when the front door bell rings.

EXT. ARCHER HOME
FULL SHOT.
A taxi is just pulling away. Standing by the front door, his thumb on the buzzer, is a good-looking young Air Force lieutenant, carrying a grip. This is Lenny Archer. Corliss Archer's brother—just arriving on an unexpected, unannounced leave.

EXT. ARCHER HOME - LOWER REVERSE
Louise comes bustling into the shot, opens the front door, gives a gasp of delighted astonishment and is practically picked up by her feet by Lenny who gives her an enthusiastic bear hug.

LENNY: Louise darling!
LOUISE: (sobbing happily) Lenny, why didn't you let us know you were coming?
LENNY: Wanted to surprise you all. What's everybody doing?
LOUISE: (excitedly) Oh, Lenny, you should let us know! You're going to be a big man!
LENNY: (momentarily disappointed) They don't disapprove! Oh well, they'll be back soon.

II
He puts his arms around Louise and walks down the hall with her towards the porch.

As they come onto the porch, Raymond, having heard voices, comes out from the kitchen.
RAYMOND: (greeting him eagerly) Hi, Lenny! Gee whiz, I didn't know you were coming home so soon.
LENNY: (affectionately patting him) Hi, kid!
LOUISE: (softly) Have you had your dinner, Lenny?
LENNY: I had a snack on the plane.
LOUISE: But you'd like a cup of coffee, and some of your favorite cookies, wouldn't you? Won't you take a seat?
She goes into the kitchen.
LENNY: How's Mildred?
RAYMOND: She's right out in the alley hiding behind some ashcan.
LENNY: (laughing) What for?
RAYMOND: Well, if you must know, our families are having a bit of a feud right now. And Mildred and Corliss aren't even allowed to see each other. (contemptuously) I just attacked in to ease the joint because—
LENNY: (puzzled) A feud? But I don't understand it. I've been writing to Mildred every day and—
RAYMOND: (integrated) Oh, she shows letters from you? (rather pitying smile) She steps with 'em under her pillow.

Lamb, Beef, Veal Points Will Be Cut

WASHINGTON, July 24 (AP)—A little more meat for American diners is expected to be prepared to lower the cost of lamb ration points for the August ration period. The decrease followed reports from several areas of improved civilian supplies and signs of slight further increases in the early autumn.

Reductions of one or two points a pound on steaks, roasts and other cuts of beef probably will be announced Wednesday and made effective July 29. Lamb and veal points will go down as much and perhaps slightly more.

Meat will be rationed from what officials described as the "fairly general" point reduction, because the marketing of live hogs has continued slow. Mutton has a low point value because there is so little of it that rationing is not considered worthwhile.

While OPA did not confirm officially the forthcoming changes, the agency's spokesmen acknowledged that such action "would appear logical" if reports of improved supply and distribution of meat prove out as expected.

In some areas consumers reportedly have been complaining that they have too few ration points to obtain the available meat supply. Measures taken by OPA and war food administration to improve distribution have had some effect in increasing the flow of meat to areas where production does not match demand.

Lieutenant Henry is pilot of a B-24 bomber and his squadron has flown six feet as into China. He has been overseas the past 18 months and completed 40 missions, flying 350 hours. He wears the air medal and two oak leaf clusters.

He telephoned his parents at Jerome after arriving from the Philippines and is now at Newport, Va. Lieutenant Henry's targets have been over Balikpapan, Tapan Borneo, Corregidor and Cavite. He went overseas in September, 1944 as a graduate of Jerome high school. He attended the state university and completed training at Hemi, Merced and Stockton, Calif., and Walla Walla, Wash. He is 21 years old.

Long Overseas
Lieutenant Davis has been overseas nearly three and a half years. He has been in service five years, leaving here with the original national guard in 1940. He has served many months in the New Guinea sector and received his officer's ranking in Australia. Since last September he has been in the Philippines and recently came from Iloilo. He received the bronze star award for participation in the Leyte campaign.

Lieutenant Davis went overseas on one of the first convoys. Word has been received here that his brother-in-law, Pfc. John Robinson, now with the army of occupation in Germany, is expected home soon also.

Both Jerome men are expected home within the next few weeks.

Accident Results In Fine of \$15

JEROME, July 24.—Emer Wolfmberger, Jerome resident, paid a fine of \$15 and \$10 court costs after he was arrested on charges of having no driver's license.

He appeared to plead guilty before Probate Judge William G. Conroy. The charges were made by Sheriff Purdy, deputy sheriff, after the accident Saturday evening at the intersection of an alley and a street.

Wolfmberger collided with an automobile being operated by a woman and the Hammond car entered into the street from the alley. Wolfmberger also was operating a car with defective brakes, it was discovered. Estimated damages to each car was set at \$20.

A second accident occurred in Jerome at the intersection of Cedar street and West Avenue D. Deputy sheriff Purdy stated, when cars being operated by Max Chaborn and going north, collided. There were no personal injuries. Damages was estimated at \$75 to each car. Purdy said Chaborn was driving a car owned by M. C. Canada.

Cultists to Snake-Handle In Big Show

RICHMOND, Va., July 24 (AP)—Religious cultists from six states plan to attend mass demonstrations Sunday of snake handling at Stone creek, in Lee county, even while the governor of Virginia sought a legal means to outlaw the summer rituals.

Former Colgate student, making lauding that freedom of religion is not involved, today conferred with Attorney General A. P. Capps in an attempt to find a law whereby he could prevent further demonstrations by cultists with poisonous reptiles, which have resulted in the deaths of two participants and left two critically ill.

The Rev. Bill Parsons was bitten on top of the head by a large copperhead snake last night at a special Sunday service. Although his face was not with pain he continued to work today at a mine and made no announcement of the bite until he returned home tonight.

"I'm not doing too badly," he said. "God will take care of me and I will be healed," adding that he will not resort to medical attention.

The bite, he said, was an accident. "A good sister was treading on a supply of snakes I had in my house with her bare feet. She must have made it hard because when I held it about my head as usual, it let me have it right on top."

Meanwhile, Capps announced their intention of continuing rituals under the guarantee of religious freedom and that they would add "herbals" and the taking of alkaline to mass ceremonies Sunday.

Aug. 15 Deadline In Garden Contest

Entries for the Twin Falls lawn and garden beautification contest, sponsored by the Kiwanis club, must be turned in by Aug. 15. C. H. Jackson, chairman, announced Monday.

This plan to make citizens more conscious of the appearance of their grounds is patterned after a similar contest held in Denver and also based upon recommendations of the Better Homes and Gardens magazine, Jackson explained.

The committee, composed of John D. Flatt, Judge C. P. Duval and Jackson, listed the prizes as \$100, \$50 and \$25. Contestants are confined to the city limits of Twin Falls and all homes except those of Kiwanis club officers are eligible.

Preliminary judging will take place early this fall, and the contest will close June 15, 1946. Judges will be from the garden club.

The basic rules for the contest include:

1. General appearance—house, lawn and garden.
2. Lawn.
3. Trees and shrubs.
4. Flowers.

Detailed points for consideration in the contest will be general design, planting design, neatness and evidence of horticultural knowledge under each of these points. The system of rating will be announced later.

Please enter my name in the Twin Falls Lawn and Garden Beautification contest.

Denver Restaurants Threaten to Close

DENVER, July 24 (AP)—Rex Reece of Denver, president, Colorado Restaurant association, said tonight the organization would meet Thursday in Denver to vote on a proposal for a statewide closing of restaurants in protest against OPA reductions in their red point allotments.

About 50 restaurants in Colorado's red point cities are affiliated with the association, he said. The closing, if voted, probably will last from one to two weeks, said Reece.
