NATIONAL REPRESENTATIVES WEST-HOLLIDAY CO., INC. 53 Market Street, San Francisco, Co

STILL AN INEFFICIENT MACHINE The strike of New York's newspaper deliv-ymen, settled after 17 days, presented an-her dismaying example of the confused, widdered and inefficient state in which our labor relations machinery conlinues

ate. a had been little or no public approval strike. Consersus was that the union's hip was short-sighted, wrong-headed bborn, and brought upon its member-wholly unrecessary avalanche of ill g governmental sanctions.

governmental sanctions. the union's expedient course was path which that course would have s marked by many pitfalls. Most were created by the wartime labor law known as the Smith-Connally seems to badly th work more It is in force

which seems to work more bady the news deliverymen followed the act's ions in declaring that a dispute existed an due time, taking a atrike vote. And her work was not a direct contribu-ted was not lugal. (The Smith-Con-est does not, in fact, declare a stike which are a strike.) The stike which but is does provide peaked for they note such a strike.) but is does provide peaked with a war althers then found themselves con-dwith a war labor board order which, large first the (Smith-Conally) jaw land, declared the strike liked).

s of this declaration was not lay utive order, but the pledge of or outside the government entirely m striking.

In from striking. is no-strike pledge — kept in spirif not always in fact—is right and ad The Smith-Connally act is neither latter is law and the former is not the latter is law and the former is not, asolution remains the same: change the But congress, as persistently wrong and form in this case as the striking news-still refuses to admit that it pulled a r and take steps to correct it.

NO ROOM FOR COMPLACENCY rhaps it is not necessary to say that com-ency should not be added to rejoleing at success of our mighty air blows against truction of scores of Jap the ground and the absence of Jar n the sky did not mean that the force is either destroyed or to fight.

and a fight, setting turning turning the state of the set of the s

of suicide pilots must seem and, humanity aside, it is. T t move. And, humanity aside, it is. To or as many as 500 of one's enemy, hus news ship, at the cost of one of your men is sound thought ruthless strategy, best apparent defense against the sui-planet is still the destruction of airfields airplane factories. And we may expect to the damo of Unders your lance. to see it continued on an even flerce before the dawn of D-day over Japan.

STURDY STOCK We have often wondered where some of our war leaders, no longer youngsters, find the energy and endurance to perform their tremendous tasks. Perhaps the answer lies in the fundy slock from which they spring. We head a lacen recent pictures of appy with head a lacen greetir such grizzled sons of lisenhower, Spaatz and Halsey and

d of the active yz-year-ola mother of the esident and Commander-in-chief. Looking at these pictures one gets a bette ea, perhaps, of the source of much of the rength, sense and spirit that the boys have
