

LONDON, Aug. 23 (AP)—Empire Hirohito's cease fire order now has reached all islands, the Tokyo radio said today.

VOL. 28, NO. 109

PRICE 5 CENTS

OPA Sets Prices at Old Level

WASHINGTON, Aug. 23 (AP)—The OPA says: You'll pay for the new consumer durable goods—like washing machines and refrigerators—about the same as you would have paid before the war, or very little higher.

This was the rule laid down today by the agency for price control after getting out of hand. It was one of the most important statements to come from the government in the whole rush to change over to peace.

OPA boss Chester Bowles said that at present prices for the new durable goods, manufacturers and everyone else down to the retail store "can look forward to excellent profits based on a high sales volume."

In the first postwar pricing of consumer durables goods OPA ordered 1944 ceilings on household washing machines, stoves and aluminum kitchen ware.

Stoves Proposition Bowles said: "So that each family will be able to buy a new washing machine or stove, the OPA will raise its price and its preference, we are requiring manufacturers to turn out only those proportions of low-priced units as they made during pre-war years."

Bowles believes washing machines and aluminum kitchen ware should reach the stores in quantity this fall. Those plans are subject to change, he said.

The army offered 203 war plants to industry. Those plants include a lot of civilian goods and plenty of civilian jobs.

Not Needed for War By declaring the government-owned plants—no longer needed for tanks, trucks, engines and shells—the army thus provided a \$1,500,000,000 contribution to the nation's goal of full employment.

Under this plan, pressure for speedy disposition of the reconstruction commission prepared to go to work on the plants will be placed on private manufacturers. The 11,600,000 figure is what the plants would produce if fully understood for such changes.

It was the biggest offering to date of war plants since World War I. (Continued on Page 4, Column 1)

Forest Blaze Cuts Off Old Mining Town

Boeing flames spread through 2,000 acres of forest in Idaho City in Boise county today, cutting all communication to the historic mining town. The fire, which started as a four-acre blaze yesterday, has now spread to a 200-acre area in the Mexican national taken from labor-short areas in the West. Others include soldiers from Gowen, Idaho, and all available civilians.

John Parker, forester in charge of fire control at Boise, reported the flames had destroyed the Mt. Minner mill, but that heavy slack dumps have kept the fire from advancing into the town itself.

Dennis mopped the sand at Boise, 45 miles away.

Additional one- and two-story buildings, one of several being fought in Idaho, are being completely gutted.

The additional smoke-jumpers brought to 800 the number of men fighting the week-end fire in the Kankakee national forest, north of Bonners Ferry which has charred 17,000 acres.

Plighters, including army men from Geger, Idaho, Spokane, continued the clear-cutting of the national forest after stemming a blaze which swept over 5,000 acres in the area.

Plighters, including army men from Geger, Idaho, Spokane, continued the clear-cutting of the national forest after stemming a blaze which swept over 5,000 acres in the area.

As Jap Officer Led Marine Air Attack on Nips

PHILADELPHIA, Aug. 23 (AP)—A Japanese officer is reported to have led a group of Japanese pilots in an air attack on the Philippines yesterday, according to a report from the U. S. Navy.

Now you're seen everything, Second Lieut. Minoru Wada, Japanese army transport officer captured after leading an air attack on the Philippines yesterday, is held in the Philippine Islands.

U. S. Fate May Hinge on Jobs, Says Ag Head

WASHINGTON, Aug. 23 (AP)—Secretary of Agriculture Clinton D. Anderson warned today that the fate of this country's democratic form of government may depend "in large measure" on the ability to maintain full employment.

"Testifying before the senate agriculture committee, he endorsed the pending job-for-all bill as a 'major step' toward maintaining the economy favorable to all industries, including agriculture."

"The right to a job which this bill proposes to make a basic policy of our government, on our ability to preserve and sound functioning of democracy as are the safeguards of free speech, free press and freedom of religion," he said.

"The future of our democratic form of government may depend in large measure on our ability to maintain full employment."

Reconversion Director John W. Boyer, who estimates that 100,000 persons may be unemployed by spring, also was called as a witness. Others included William E. Broxton, president of the National Farmers Union, and Bishop C. Brennan, OMAA, president of the Federal Council of Churches.

"The bill should be passed to provide the federal government to provide, through public work projects, jobs for those workers who cannot be absorbed by private industry."

Anderson said agriculture had a vital stake in full employment. Noting that 40 percent of the nation's "thinking of farming careers, he said that even a substantial number of farm youths would be unable to find "acceptable" opportunities in agriculture in the next 10 or 15 years.

FLASHES of LIFE

By Associated Press

SNARK NEW YORK, Aug. 23 — Women screamed and ran jumped yesterday to see a five foot snake slithering along the pavement at the New York City zoo.

Police at a loss to know where the reptile came from—disappeared in a moment.

GANNER OREGONIAN, Ore., Aug. 21—Female bluish were a dime the price of the Oregonian in the 100th anniversary of the state.

OKLAHOMA CITY, Okla., Aug. 21—A separate report that a man, with a knife protruding from his belt, had been looted into the street from a moving automobile.

BOISE, Aug. 23 (AP)—Miam Junction police were tied today in identifying with the government for prize administration against the man who reportedly had a black, dubbed red point over it dumped it into the street.

Tire Suits Filed BOISE, Aug. 23 (AP)—Miam Junction police were tied today in identifying with the government for prize administration against the man who reportedly had a black, dubbed red point over it dumped it into the street.

Services Drastically Slashed at Hospital

Drastic reductions have been ordered in the types of services available at the badly overcrowded Twin Falls county hospital due to an acute shortage of both trained and unskilled help.

Members of the hospital board, meeting in a specially called session Tuesday night, ordered all scheduled operations cancelled except those of an emergency nature.

On Monday the county commissioners had been advised that such a step would be necessary.

Five additional patients moved into the hospital from the county farm have added to the recent crowded condition of the hospital.

No new patients will be admitted to the hospital unless beds are available and they require emergency treatment or emergency operations.

For months the hospital has been understaffed. An appeal for additional help several weeks ago brought in some nurse's aides, but some stayed only a short time.

At least eight additional trained nurses, a dozen nurse's aides and maids and a trained orderly are needed to staff the hospital properly, commissioners have advised.

Salaries offered workers at the hospital here are topped in many cities of the inter-mountain west although the budget set up for trained help here can afford to meet the competition, county commissioners agree.

This leaves the small number of trained personnel at the hospital here underworked and causes a fast turnover of employees in some instances.

This is reflected by the resignation this week of Miss Gladys Stauffer, an anesthetist. She complained of the help shortage that caused too much overwork for her in addition to her regular duties.

Big-Hearted Camp Lee Cares For Private's Three Children

CAMP LEE, Va., Aug. 23 (AP)—The personal problems of a Philadelphia private who had his wife die in the camp with him have been solved by the army—temporarily.

The "problems"—three smudge-faced little girls including twins—arrived here yesterday after a train ride and a hitch hike from their home with their father, Pvt. Louis Price, 33, of Philadelphia.

The private, who was due back at the camp this morning, explained to army officers that he had been unable to find any social agency that would care for his daughters while their mother was hospitalized, but that his corporal told him by telephone to "come here anyway and bring the kids with you."

50,000 Allied Troops Will Land in Week, Japs Hold; By-Passed Nips Giving up

GUAM, Aug. 23 (AP)—Surrender of the estimated 120,000 Japanese in the bypassed islands of the central Pacific is expected within a few days.

Representatives of probably 2,500 troops, 1,000 naval personnel and 1,000 civilians on Mill in the eastern Marshalls signed papers of capitulation aboard the destroyer escort Lyle Wednesday.

As the first such action of a bypassed garrison, it was regarded by the navy here as the trickle which will become a flood.

The estimated 120,000 occupy bases in the Marshalls and Carolines extending eastward more than 2,000 miles with fortress Truk the outstanding one. Another estimated 10,000 are in the Solomons, New Hebrides and New Britain.

Japan's defense plan was to make the American advance a costly, time-consuming island-by-island fight.

American invasion forces, spearheaded by carrier task forces, smashed that plan by long distance bypassing methods. The slipping in behind Mill and other Japanese bases in the eastern Marshalls to seize Kwajalein and Eniwetok in the western group early in July limited Japanese defensive forces on past Truk and other Carolines islands to land at Saipan in the Marianas and at Palau in the Americas invaded the Palau in the western Carolines.

Japanese garrisons have held on grimly in the bypassed islands although about 100,000 are estimated to be left, an still of 18 by 30 miles, haven bypassed for 18 months. Sunday, the Leyty moved toward it. Out came Japanese representatives to sign limited truce terms.

Monday the Japanese signalled they were ready to throw down their arms. The Japanese were signed aboard the Leyty.

Australian was keeping an aerial reconnaissance eye on the big Japanese garrison at Rabaul, New Britain, was ready to capitulate.

The Byrdner News correspondent on the island said the Japanese were ready to sign a truce. (Continued on Page 3, Column 2)

Big Area Feels Test Blast at Arco Grounds

IDAHO FALLS, Aug. 23 (AP)—Windows rattled, houses shook and the earth trembled in a test blast at Arco today.

The explosion was attributed to an experiment being conducted at the naval proving grounds by a series of controlled explosions will be set off at the proving grounds.

The explosion was attributed to an experiment being conducted at the naval proving grounds by a series of controlled explosions will be set off at the proving grounds.

Truman-DeGaulle Confer Amiaably

WASHINGTON, Aug. 23 (AP)—One of the most important conferences of the war was reported off to a good start today in their efforts to negotiate an era of better American-French relations.

The two chiefs of state held a general conference in the White House last night, shortly after DeGaulle's arrival, and their staffs met immediately with a view to work on mutual economic, political and military problems.

The boy was born Feb. 23, 1944, in Bury, Cheshire, England. His parents, Arthur and Elsie, were both in the military service.

Relax, Girls: 11 Pairs of Nylon Hose Per Year

WASHINGTON, Aug. 23 (AP)—E. I. duPont de Nemours company, swinging into large scale civilian production, promises nylon-starved American women 11 pairs a year.

Relax, Girls: 11 Pairs of Nylon Hose Per Year

WASHINGTON, Aug. 23 (AP)—E. I. duPont de Nemours company, swinging into large scale civilian production, promises nylon-starved American women 11 pairs a year.

It won't be long, duPont said, until we have what amounts to a nylon world. Through years of experience in putting together new ways of handling the textile industry has learned many new ways of handling the textile.

Sheer nettings, which proved an immediate boon against the Japanese in the spring soon will appear in window curtains.

The five requests were for permission to: 1. Change railway ferry services with unarmored, especially-marked vessels between certain points to carry out the surrender terms.

2. Leave in operation within Japanese waters some motor sailing craft and fishing boats which were used in the surrender orders and require those boats to be used for allied ports.

3. Send a transport to Mianmar Island with food supplies, since current supplies are being "exhausted" by Sunday. The transport would bring back rice and wounded.

4. Grant two hospital ships with 100 beds and 2500 patients to be stationed at various points in the Pacific.

5. Communicate with the allies on the subject of the surrender terms. 6. Permit Japanese ships to be used in the transport of supplies and personnel.

7. Permit Japanese ships to be used in the transport of supplies and personnel. 8. Permit Japanese ships to be used in the transport of supplies and personnel.

Allies Chart Swift Rescue Of Prisoners

MANILA, Aug. 23 (AP)—The allies are charting a swift rescue of 20,000 prisoners held in the Philippines, according to a report from Manila.

The report said that the allies are planning to send a large force to the Philippines to rescue the prisoners.

The report said that the allies are planning to send a large force to the Philippines to rescue the prisoners.

Sugar Ration to Stay at 5 Pounds

WASHINGTON, Aug. 23 (AP)—The sugar ration for the remainder of the year will be 5 pounds a month.

Quishing Atrocities Bared by Doctor

NEW YORK, Aug. 23 (AP)—A pale Jewish doctor said bearing the marks of a German concentration camp today at a hearing before the War Relocation Authority.

The doctor, Dr. Paul J. Pridmore, testified today that of nearly 1,000 Norwegian Jews sent to Poland, only 12 were found to have survived.

Quishing, Germany's puppet government in Norway, was accused of the murder of the nearly 1,000 Jews on the grounds of responsibility for the deportation.

Dr. George Eichinger, a German-born doctor who testified that he had seen 1,000 Jews in the concentration camp, said only 600 of Norway's 1,000 Jews escaped the camp.

The doctor testified that the concentration camp was a place of horror and that the lives of men sent to the Auschwitz camp in Poland were only one month away from the end.

Dr. George Eichinger, a German-born doctor who testified that he had seen 1,000 Jews in the concentration camp, said only 600 of Norway's 1,000 Jews escaped the camp.

TUCKER'S NATIONAL WHIRLIGIG

UNEMPLOYMENT—The postwar picture of employment, production and maintenance of general interest and opportunity for the bright young men, according to President Truman's staff of reconstruction experts.

What the nation goes into an economic nose dive or remains along, healthy and growing, depends in a large measure on the industry as much as it does on federal policies and actions. It is generally admitted that the war has been a boon to the economy.

It is quite possible that seven or eight million people will be out of work in 1945. This is a very large number of people. Many of them will be returning members of the armed forces. But there are many other sources of unemployment. Many of them are men who were employed in war industries and who are now unemployed because of changes in the armament program. Many of them are men who were employed in war industries and who are now unemployed because of changes in the armament program.

SAVING—Federal and private economic estimates that the business community and individuals are spending about \$200,000,000,000 during the war. And this figure does not include the large amount of money that has been spent on the purchase of a WPA award.

It is estimated that the business community and individuals are spending about \$200,000,000,000 during the war. And this figure does not include the large amount of money that has been spent on the purchase of a WPA award.

ROOSEVELT—Oddly—or naturally—enough, the very economic royalties and "members of well-to-do" are being called upon to contribute to the war effort. This is a very interesting development.

It is estimated that the business community and individuals are spending about \$200,000,000,000 during the war. And this figure does not include the large amount of money that has been spent on the purchase of a WPA award.

NEWLY—Qualified faces the same problem, and popular achievement of the nation's economic development. This is a very interesting development.

It is estimated that the business community and individuals are spending about \$200,000,000,000 during the war. And this figure does not include the large amount of money that has been spent on the purchase of a WPA award.

OCCUPATION—American troops will get the cream of occupational equipment under the tentative plan. This is a very interesting development.

It is estimated that the business community and individuals are spending about \$200,000,000,000 during the war. And this figure does not include the large amount of money that has been spent on the purchase of a WPA award.

FORCED TO TAKE REST

At the instance of his physician, Albert Leman is obliged to take a temporary rest beginning immediately.

"Analyzing News in New York" will therefore be temporarily absent from the Times-News editorial page.

VIEWERS OF OTHERS

Before leaving the hospital to be discharged to his only brother, Winston Churchill, a press man says that "the whole world knows the value of the news that is being sent to the front of the great operations from the front of war."

Further aid for the world to be made for the American people is being sent to the front of the great operations from the front of war.

Otherwise Unconditional Surrender Won't Be Complete

"WASHINGTON CALLING" BY MARQUIS DE CHIELDS

WASHINGTON—In all the talk about the architects of the final victory, one man who happens to be a Pacific islander is being called upon to contribute to the war effort.

It is estimated that the business community and individuals are spending about \$200,000,000,000 during the war. And this figure does not include the large amount of money that has been spent on the purchase of a WPA award.

DOG FOR CHILDREN

Dear Mr. Editor:

You, or some of your readers, know where we can get a female dog for my children. I have a young child who is very fond of a dog. I would like to have a dog for my children.

BOB HOPE

BAD KISSHOPE—Germany.

This morning I went for a ride in a drop stool. (Note: This item has been omitted from the original text.)

TOO MUCH TO EXPECT

Dear Mr. Editor:

You suppose that the postwar world will be a better one. I think it will be a better one. I think it will be a better one.

RECONVERSION IN LIBRARY

Reconversion has made itself felt in the August edition of the Times-News. The library has been reorganized.

ALL A HONEY ARGUMENT

Dear Mr. Editor:

I think the most wonderful thing about the war is the fact that it has brought us together. I think it is a wonderful thing.

'Way Back When From Files of Times-News'

14 YEARS AGO, AUG. 18, 1930

Miss Muriel Ledbetter, daughter of Mr. and Mrs. Ralph R. Ledbetter, of the city of Twin Falls, Idaho, was married to Mr. James H. Ledbetter, of the city of Twin Falls, Idaho, on August 18, 1930.

Dear Mr. Editor:

I, too, am a user of honey in making fruit and making jam. Honey is not only used in making jam, but also in making fruit. However, it makes no difference whether one uses old or new honey. I think it is a wonderful thing.

14 YEARS AGO, AUG. 18, 1930

George A. McGraw, of the local newspaper, the Times-News, was married to Mrs. McGraw, of the city of Twin Falls, Idaho, on August 18, 1930.

Dear Mr. Editor:

I, too, am a user of honey in making fruit and making jam. Honey is not only used in making jam, but also in making fruit. However, it makes no difference whether one uses old or new honey. I think it is a wonderful thing.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—With a standard of honor which all admirers of Roosevelt would agree to, labor is the most-wanted "anti-labor" element in the country.

Incidentally, John M. Rulifson, the president of the union, announced during a congressional hearing that he was going to resign his position as president of the union. He said that he was going to resign his position as president of the union.

WESTERN PACT

The most serious situation in many states and territories offered as an amendment to the constitution of the United States is the fact that no person shall be denied the right to work in any industry, labor union, or profession, or to be a member of any labor union, or to be a member of any labor union.

POT SHOTS

COINCIDENCE PLUS

Dear Mr. Editor:

Your "Pencil" edition of the Times-News of Aug. 15 in the "The" at the top of the front page is a coincidence. It is a coincidence.

OUR TOWN

How many just look at the date and the time of day? Brother, your vacation is ended.

You tell your neighbor, "Well, here I go back to the daily grind. I'm really tired. I'm really tired. I'm really tired."

THE BIBLE

The Rev. E. A. McElroy

Aug. 18, 1944. 1 Cor. 1:1-3:4. Each verse 7-9. "Brethren, let each of us be diligent to keep his own life in subjection to God."

Jerome Food Plant Starts 1945-46 Run

JEROME, Aug. 23—With completion of repairs and re-equipment as well as the installation of new equipment the Jerome Food Products dehydration plant opened Wednesday morning as late potatoes plant production will be from 15,000 dry pounds per day to 25,000 dry pounds per day.

It is anticipated by plant officials that the increase in potato plant production will be from 15,000 dry pounds per day to 25,000 dry pounds per day. Approximately \$40,000 has been expended during the summer months in remodeling the interior into an even more modern plant. The installation of every new idea in dehydration has been employed to make the plant one of the best in the state. Two new models of potato dehydrators have been purchased, a new automatic blancher.

Officials of the plant stated that potatoes supplied here have been carried over from this year, and delivery has already been made in quantities of 100,000.

The plant began operation with the cutting of potatoes. The potatoes will be processed and the plant to operate on 24 hours a day.

Increase in number of employees available as soon as the potatoes are available and a steady supply assured, it was announced. Partly because of the increase in potatoes available and partly because of the increase in operation the total year, on the contract as now contemplated, it is estimated it will require an average of 100,000 dry pounds and will have a steady output of 10,000 per week.

No change in operation of the last year has been made, with exception of the addition of a new office staff. He is G. Paul Smith, a bookkeeper, Jerome.

LEGAL ADVERTISEMENTS

SUMMONS
In the District Court of the Eleventh Judicial District of the State of Idaho, in and for the County of Blaine, Idaho.

FRANCIS MARION OBERHAYR, Plaintiff, vs. FRANK OBERHAYR, husband and wife, Defendants.

T. M. CALLAHAN and ALICE E. CALLAHAN, husband and wife; and Hilda Hiza and children of such of the Above Named Defendants, are hereby notified that the undersigned, as attorney for the Plaintiff, has filed a complaint in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls county, by the above named Plaintiff, against the defendants, to recover the real property to-wit: Lot Twenty-two (22) in Block Seven (7) of White and Callahan's Subdiv. 1st Addition, to Twin Falls, Twin Falls County, Idaho.

Defendants. The State of Idaho Sheriff Greer is hereby notified that a complaint has been filed against you in the District Court of the Eleventh Judicial District of the State of Idaho, in and for Twin Falls county, by the above named Plaintiff, against the defendants, to recover the real property to-wit: Lot Twenty-two (22) in Block Seven (7) of White and Callahan's Subdiv. 1st Addition, to Twin Falls, Twin Falls County, Idaho.

Witness my hand and the seal of the said District Court, this 7th day of August, 1946.

G. A. BULLIS, Clerk of the District Court, Blaine, Blaine County, Idaho.

Pub. Aug. 9, 16, 23, 30, Sept. 6, 1946

Naval Box Score

	U.S.	JAPAN
BATTLESHIPS	1	10
AIRCRAFT CARRIERS	11	17
CRUISERS	10	69
DESTROYERS	64	165
DESTROYER-SQUADS	9	39
SUBMARINES	52	14
TOTALS	147	314

The war box score of losses in the American and Japanese fleets, shown in the chart above, is vivid evidence of one reason why the enemy was forced to quit. The final tabulation: 114 Jap warships sunk or damaged to 147 of Uncle Sam's.

Women Riders to Race for Queen

JEROME, Aug. 23—Young women riders of the north side area cavalcade their own horses will have an opportunity to demonstrate their riding ability and showmanship in competition for the title of North Side Queen in the races scheduled here Sept. 13-15.

The queen will be picked at 7 p. m. Sunday, Aug. 25, in front of the final tabulation. The queen's fairgrounds. The two winners up will be attendants to the queen. Contests will not be considered in the selection. Judges will be from out of town.

Registration will be for the Jerome Riding club which will furnish the costumes for the queen. \$75 in prizes will be awarded to the winners.

All members of the Riding club will meet at the fair grounds after the judging Sunday night for drill. Members will parade each night of the rodeo.

City's Tire Supply Cut by Big Demand

Many the applications are being filed at the war price and ration board, chairman A. E. Heron announced Wednesday. The stock of tires is 40 per cent lower than two weeks ago, when rationing was lifted.

An informal survey among dealers indicated that many were completely out of the most popular sizes—16 and 18. One of the larger dealers reported having "two or three" in the 6 by 16 size.

Most handlers said they had only slight hope of securing more tires within the next future.

At the ration board it was reported that the flood of tire requests must await a new quota, even though tires were available.

Motorists should drive carefully to conserve their tires until the temporary shortage ends, Heron said.

Japanese Awe For Emperor Being Proved

BY HEINRY MACKENZIE, AP Foreign Affairs Analyst
The recent reverence which the Japanese people have shown for their emperor is being demonstrated daily as the Tokyo government proceeds in implementing its capitulation to the allies—measures because the militarists are against it, and because the general public is under-going a terrible shock having been led to believe that nippon was winning.

How this reverence has nothing to do with Hirohito's capabilities, still he here it were a moron. It rests in the fact that the people believe they are ruled by a divine being—a living god. They've believed it ostensibly since 600 B. C. when, according to legend, the first emperor ascended the throne.

The mikado is the last word in the life of the Japs. We see an excellent example of Emperor Hirohito in the attitude of Field Marshal Count Jutchi Teruuchi, Japanese commander in southeast Asia. Despite Tokyo capitulation, the count refused to surrender.

Adm. Lord Louis Mountbatten until he captured himself had given the word. "Mountbatten until he captured himself had given the word. 'The mikado'—as more than a few are doing—had it would be a personage to count on to countermand the primitive ideas of Japs.

Moreover, there are a lot of allied Japs who believe they should be out-raging our own ideas if we struck them in a relatively unprovoked way. Sure, I know that opens up the question of worshipping false gods—Japs do not do this here. If we see the people of Japan want to continue the Shinto religion we can't stop them by force. We can't stop them by removing their emperor, because Shinto is bigger than he is.

130 Enrolled at Parochial School

Enrollment at St. Edward's grade school has now reached 130 students, reported the Rt. Rev. J. P. O'Toole, the pastor. This number is about the same as last year's enrollment, but the enrollment is expected, but the school facilities are nearly filled now, he stated.

Forest Sound Movie Shown to Rotarians

HAILLEY, Aug. 23—Hailley Rotarians saw a sound picture in lecture hall, "Forests Forever," at their meeting. The picture was shown by Assistant Forest Supervisor Earl Marquardt, entertainment chairman for the meeting, and clearly showed the vast amount of timber depletion through wanton cutting of timber on privately owned lands. Despite the fact that the government and state owned forests are being protected, the many thousands of acres of privately owned lands which are heavily timbered are fast being depleted.

Guests at the meeting were George Fields, president of the Hailley Rotarians and principal of the Hailley school, Marna Coffin and Robert Thompson, Shoshone Rotarians, and Alexander Smith, Boise.

Mr. William Lett and family are visiting friends in Ontario, Ore. Mrs. Leonard Mellette and family are visiting in Salt Lake City.

He'll Rest Now After 41 Months

JEROME, Aug. 23—After being absent 41 months in the armed forces, the late Capt. R. B. Robbins, son of Mr. and Mrs. B. S. Robbins, Jerome, came home today.

Being his honorable military discharge papers in the offices of Mrs. Robbins, a former nurse, and her mother, Mrs. B. S. Robbins, who will make his funeral plans.

He served 22 months in the European theater of operations as a member of the 104th tank destroyer battalion attached to the first armored medical division. He first left the States May 31, 1942. Arriving in Ireland, he spent five months there, later being sent to the United States.

When he participated in major engagements against the enemy. Corporal Robbins' honorable discharge was received Aug. 10. He wears the good conduct medal, the European-African, middle eastern service medal and five battle stars for his service in Europe, North Africa and the Philippines.

In addition to the numerous awards he has sent home from overseas, Robbins brought his mother a pair of binoculars, a watch, a set with camera and ruby, which he purchased in Italy.

During service overseas, Robbins' younger brother, Lyle, was killed in a automobile accident. Another brother whom he has not seen since being overseas is Navyman Sydney Robbins, who is training, who anticipates a leave in September.

Britain Bucks Chinese Hold On Hongkong

LONDON, Aug. 23 (AP)—A spokesman of the British government today said that Britain "definitely has not agreed that the Chinese shall occupy Hongkong."

The spokesman's statement was in reply to an announcement by the Chinese government that its forces would recapture the British colony of Hongkong.

The foreign office spokesman said Britain would be "glad" to have Chinese associated with the British in the recapture but "it happened to be a British colony."

In response to inquiries the Chinese government agreed that the British government proposed to carry out the occupation.

The foreign office spokesman said Britain would not object to discussion of the situation in the council of foreign ministers next month "but we really don't see what there is to discuss."

The question is expected to be raised initially by Chinese Foreign Minister T. T. S. Soong, who is returning to London shortly. The Chinese are eager to see Hongkong's status as a British possession and secure its return to China.

Sailor Tells About Jap Suicide Attack

OLDSN FERRY, Aug. 23—Corporal George Fitzhugh, son of Mr. and Mrs. G. E. Fitzhugh, who is serving aboard the USS Mitchell, described the striking by a Jap suicide plane, resting in 22 killed and 18 wounded, last February. The plane grazed the port side of the bridge, bounced off a gun mount and slid over the side. Its bomb exploded in the water 15 feet from the ship's side, and shrapnel sprayed the deck and caused casualties. Shrapnel and several guns were put out of commission in both ways.

The ship was commissioned in 1917 and entered into major operations in both world wars. The Jap plane attacked at Lingayen Gulf in the Philippines.

Club Formed by Legless Veterans

BRIAN, Utah, Aug. 23 (AP)—Briana, the Briana Leg Amputees club of America—an organization of legless veterans at the Briana army hospital here, filed articles of incorporation with the Utah secretary of state today.

The club members, all of whom have lost both legs in war, comprise the chapter group and hope to recruit men from six other army hospital centers in the nation.

"We feel we have a basis for companionship which we don't want to lose," explained Pfc. Ralph K. Stewart, Jr. of Pocatello City, Okla., president of the club who lost his legs in a hand mine explosion in Europe.

Membership is not restricted to enlisted men.

Rupert Has V-J Worship Service

HUPERT, Aug. 23—Victory day worship service was held at the Methodist church, with the Rev. S. D. McNeil, chairman of the ministerial association, presiding. Special addresses were given by the Rev. D. E. Allen of the Christian church on "Repentance," by the Rev. A. C. Lathrop, Baptist church, on "Remembering," and by the Rev. J. E. Johnson of the Trinity Episcopal church on "Dedication."

Mrs. Howard Bruns was organist, playing one special number. The Rev. Ella Scrim of the Pentecostal church pronounced the benediction.

Activities of Jaycees to Be Streamlined

A new streamlined post-war plan for conducting Jaycee activities as outlined by national officials during a recent three-day field at LeGrand, Ore., was related to members of the Twin Falls Junior Chamber of Commerce Wednesday night by President Charles B. (Chic) Crabtree and four other officers.

Organization and organizational structure were stressed at the meetings, the speakers pointing out that these two issues were vital and upon the successful arrangement of them depended the ultimate success of the Jaycee club in any city.

Local officers, a representative of the organization, related the problem in conducting a conference with national officials here in connection with the meeting. He declared that each semi-monthly gathering of the Jaycee group should have a definite purpose.

Chic Crabtree, state public relations chairman and a past state president, discussed the publicity and public relations activities of the club which he said should be known to the general public.

Chic also stressed the importance of cooperation given the local Jaycee club by the press and the radio stations.

Chic called for renewed effort at organizing new Junior Chamber of Commerce clubs in the state.

Other speakers discussed the importance of public relations and the highest bidder for each of the following real and personal property on Monday, September 24, 1945, 10 a. m.

What was known as the Pleasant View Common School District No. 16, located two miles South and four and one-half miles West of the City of Twin Falls, or located three miles South and one-fourth miles West of the village of Curry.

A parcel of land off of the East one-half (1/2) of the Northwest Quarter (NE 1/4) of Section 34, Township 10, Range 16, E. 2, M., Twin Falls County, Idaho, beginning at the Northwest corner thereof, running thence East parallel to the section line 13 rods, thence South parallel with the section line 1/4 mile, thence West parallel with the section line 13 rods, thence North to the place of beginning containing one and one-half (1 1/2) Acres, more or less.

The minimum bid will be \$160.00. For land and water. One Frame two (2) room school building, 30 ft. by 60 ft. The minimum bid will be \$700.00. One frame three building, 14 ft. by 24 ft. The minimum bid will be \$125.00. One Frame Coal House, 10 ft. by 12 ft. The minimum bid will be \$35.00. Dated this 21st day of August, 1945. W. H. SWARTZLEY, Clerk. Common School District No. 16, Pub. Not. Aug. 22, and Sept. 17, 1945.

bit more than you have done in the past," he said.

Other business taken up by the Jaycees included a report from Dr. Larson Colston, chairman of the special committee who took up the matter of organizing soccer teams for play at Hartman park this fall.

Dr. Colston said it was also hoped that at least one, if not two teams could be formed within the school of the Jaycee organization itself.

It was also hoped that other teams from the schools here, he said.

Dr. Colston said that he had scheduled a conference with American Legion officials here to accept the plan if the Legion had here could be located for the wrestling bouts.

Returning to the proposed soccer games scheduled for Hartman park, the sports committee chairman said he hoped that if wrestling bouts could be held this fall proceeds of the matches would be used in building a small clubhouse at the park for dressing room purposes for the athletes.

Egt. Dwight King was a guest of Bob Warberg.

C. OF L. OPENING SET CALDWELL, IDA., Aug. 27 (AP)—Fall term classes at the college of Idaho here will open Sept. 17, Edwin H. Schwelbert, director of admissions, reported today.

Freshmen however, must report on the campus for Freshman orientation exercises starting Sept. 15.

Parolee Thrown Back in Prison Because He Wed

For the first time in the history of Idaho penal regulations, a parolee was picked up and compelled to serve nine months additional time on his sentence because he got married while on parole.

The case was that of Dominick Rayburn, who was convicted for burglary from Lewiston in 1939. Masters said, "He served two years for this crime and in 1943 was paroled."

"While on parole he married a young lady from Lewiston. The state prison board in conjunction with the parole department picked him up and charged him with violation of his parole and caused him to serve about nine months for this violation."

"Since he was an alien, he was charged with deportation in 1940 for the above mentioned crime. In December, 1942, he was given a conditional release, subject to the government, immigration department, and shortly after this release he remarried his former wife and so this union three children were born."

"This case was brought to the attention of the Idaho state parole board on Aug. 17 and the board voted unanimously to make his conditional release a full and complete pardon," Masters stated.

Masters pointed out that "the Idaho pardon board was perhaps justified in the action because this man violated the law in that he was not a citizen of the state and yet was exercising citizenship rights."

Masters also pointed out that "the Idaho pardon board was perhaps justified in the action because this man violated the law in that he was not a citizen of the state and yet was exercising citizenship rights."

Masters also pointed out that "the Idaho pardon board was perhaps justified in the action because this man violated the law in that he was not a citizen of the state and yet was exercising citizenship rights."

Gossett Asks Gowen Aid in Harvest Job

BOISE, Aug. 27 (AP)—Gov. Charles C. Gossett today contacted Maj. Gen. William P. Shedd, commanding officer of the ninth service command at Ft. Douglas, Utah, in an attempt to secure the release of Gowen field soldiers to crop harvest in southwestern Idaho peach crop.

The governor asked for 500 soldiers after he was informed by a delegation of Sunnyslope fruit growers yesterday that that amount would immediately or the crop will go to waste.

Gossett said he had not received a reply to his telegram sent to Secretary of Agriculture Clinton D. Anderson asking for an additional 2,000 growers of war to help in the peach and potato harvests.

At the governor's request, J. P. Mow, secretary of the Idaho Veterans' council, contacted organizations over the state asking them to assist in the critical farm labor recruitment program.

Jerome Spud Yield Better Than 1941

JEROME, Aug. 23—According to an announcement from the Jerome AAA office this week, indications are that potato production for 1945 will be 10 per cent larger than for the 1941 crop.

Potato supplies are moving slowly to market due to the increased demand by the armed forces, lend-lease and export.

Several factors, however, have been pointed by the government as support items in Texas, Nebraska, New Jersey and Colorado. Every effort is being made to use all available potatoes for human consumption.

Several factors, however, have been pointed by the government as support items in Texas, Nebraska, New Jersey and Colorado. Every effort is being made to use all available potatoes for human consumption.

\$83,000 Total at Annual Ram Sale

SALT LAKE CITY, Aug. 27 (AP)—\$83,000 were chalked up at the 20th annual national ram sale which ended here yesterday.

The two-day affair was marked by higher quality stock but the total number, 1,229, was less than at previous sales. Generally higher prices were paid during the sale than in 1944.

An average price of \$27.01 was paid for 23 Suffolk yearling and lamb rams sold yesterday. The average was \$22 higher than that of one year ago.

Average prices in other divisions, all above the 1944 prices, were: Range Suffolk, \$38.75; Columbia studs, \$100.00; Cornshires, \$35.00; Range Panamas, \$25.00; Suffolk-Hampshires, \$14.00; Lincoln-Hampshires, \$20.00; and Columbia-Hampshires, \$17.50.

FORGET-ME-NOT MONTH BOISE, Aug. 23 (AP)—Aug. 25 to Sept. 25 has been proclaimed by Gov. Charles C. Gossett as "Forget-Me-Not" month in Idaho.

The governor has asked Idahoans to support the drive for funds by the various chapters of the Disabled American Veterans.

By 1933, more than 5,000 Buffalo buffalo were on the plains, about 100,000 in all, he said.

Six Rural Schools Combine for Year

BOODING, Aug. 23—Six rural schools in Gooding county have arranged for temporary combinations for the year 1945-46, thus eliminating the need for five teachers, according to a report from the office of Mrs. Elizabeth K. Hughes, county superintendent.

Gooding county students will attend school at Bliss, Kelly and Gooding school students are being sent to the Gooding independent district; Rand Springs and McHenry will send pupils to Wendell, and Clear Lake pupils will attend the West Point school.

Jural schools' opening dates are: Cedar District No. 2, with Mrs. Irla Coffman, teacher, Monday, Aug. 27; Orchard Valley, district No. 12, Mrs. Lillian Barton, Aug. 27; West Point, Mrs. Paula Penrose.

Wheeler Says Draft Should Halt at Once

BUTTE, Mont., Aug. 23 (AP)—Sen. Burton K. Wheeler, D. Mont., was scheduled to arrive today from Helena where he urged immediate termination of the draft last night. Wheeler said he was opposed to compulsory peacetime military training and asserted the senate, after it reconvenes Sept. 5, would defeat President Truman's proposal for such a program.

With Magic Valley Servicemen Overseas

IN SEA COMBAT ABOARD "DEFEATER" IN THE WESTERN PACIFIC A Wendell sailor, Robert W. Irwin, chief gunner, Wendell, Ida., participated in recent major Pacific operations of the crew of the ship which has seen six months of action. The ship has fought off Puma, La. and other Japanese ships. Major Harwick now is commander of the 120th field artillery battalion. He has been with the division for three years and operated with the battalion when it was attached to the 4th Infantry division during the Iwo Jima and Okinawa operations. He was awarded the bronze star for his service.

HE'S ON NEVADA ABOARD THE USS NEVADA IN THE PACIFIC—David C. Doch, corporal, 10th Air Force, 2nd Bomb Group, Burley, Ida., was added to the master-at-arms force of this battleship recently. He holds the same position as a policeman. He is charged with enforcing all ship and navy rules and regulations, the maintenance of military dignity, the care of the brig and the maintenance of discipline.

They Win Badges
