We are living in a new age charac-terized by new customs, new meth-ods, and startiling inventions, Proterized by new customs, new meth-ods, and stariling inventions. Pro-gress and change are evident on every hand. Therefore, it is only natural that we should ake this question: Do we need a new gos-pel for this modern age? Do ye need a new revelation to meet the needs of modern man?

Rom. 1:16 1 Cor. 9:16 Gal. 1:8

In answering this question, let us remember that the ancient gospel, as contained in the New Testa-ment, was sufficient to meet all the needs of ancient man. Jesus said to his disciples,
