

## Local Officer In Navy's Top Secret Study

(From Page One)  
In material Lieutenant Saviers sent his parents, the secret research project not only proved that man-made epidemics are likely, but also produced these findings:

(1) Considerable knowledge was gained in mass defense against enemy use of an unnamed but deadly infectious disease. The navy, for security reasons, would not name the disease but said it is centuries old and one of the "greatest of killers."

(2) Information was obtained which will be of great value not only in protection against bacterial attacks on the U. S., but also for control of communicable airborne diseases such as influenza, to prevent

(3) A protective suit was devised for workers in any prospective rescue or decontamination operation if an enemy in the future unleashes deadly germs on the United States. The research will continue. Lieutenant Saviers, however, expects to end his active service possibly by July. He may then study medicine for an M. D. degree.

# A Letter to the President of the United States

January 18, 1946

Hon. Harry S. Truman  
President of the United States  
The White House  
Washington, D. C.

Dear Mr. President:

Your proposal to me in Washington last evening that the wage demand of the United Steel-workers of America-CIO be settled on the basis of a wage increase of 18½ cents an hour, retroactive to January 1, 1946, cannot, I regret to say, be accepted by the United States Steel Corporation for the reasons set forth below.

As you must be aware, your proposal is almost equivalent to granting in full the Union's revised demand of a wage increase of 19½ cents an hour, which was advanced by Philip Murray, the President of the Union, at our collective bargaining conference with the Union in New York a week ago today. In our opinion, there is no just basis from any point of view for a wage increase to our steel workers of the large size you have proposed, which, if put into effect, is certain to result in great financial harm not only to this Corporation but also to users of steel in general.

As I have tried to make clear to you and other Government officials during our conferences in Washington over the past few days, there is a limit in the extent to which the Union wage demands can be met by us. We reached that limit when we raised our offer to the Union last Friday from a wage increase of 12½ cents an hour to one of 15 cents an hour. This would constitute the highest single wage increase ever made by our steel-making subsidiaries. Our offer of 15 cents was equivalent to meeting 60% of the Union's original excessive demand of a \$2 a day general wage increase. Our offer met 75% of the Union's final proposal of a wage increase of 19½ cents an hour. A wage increase of 15 cents an hour, such as we offered, would increase the direct labor costs of our manufacturing subsidiaries by approximately \$60,000,000 a year. That is a most substantial sum, and does not take into account the higher costs we shall have to pay for purchased goods and services, when large wage increases generally become effective throughout American industry, as is inevitable after a substantial increase in steel wages.

As you know, collective bargaining negotiations with the Union broke down at the White House yesterday afternoon, because Mr. Murray then refused to budge from his position that a country-wide steel strike must take place, unless steel workers are granted a general wage increase of 19½ cents an hour. Our offer of a wage increase of 15 cents an hour was again rejected by the Union.

The Union threatened to go ahead with its program for a national steel strike at midnight next Sunday, although such a strike will be a clear violation of the no-strike provision contained in our labor contracts with the Union, which continue by their terms until October 15, 1946.

From the outset, we have recognized how injurious a steel strike will be to reconversion and to the economy of this whole country. Most industries are dependent upon a supply of steel for their continued operations. We have done everything reasonably within our power to avert such a strike. If a strike occurs, the responsibility rests with the Union.

When the Government at the eleventh hour informed us about a week ago of its willingness to sanction an increase in steel ceiling prices, we at once resumed collective bargaining negotiations with the Union. Such price action by the Government was a recognition by it of the right of the steel industry to receive price relief because of past heavy increases in costs, something which the steel industry for many months has unsuccessfully sought to establish with OPA.

I should like again to point out some pertinent facts relative to the wages of our steel workers.

Since January 1941, the average straight-time hourly pay, without overtime, of our steel workers has increased more than the 33% increase in the cost of living during that period, recently computed by Government authorities. Steel workers' wages have kept pace with increased living costs. Such average straight-time pay in our steel-producing subsidiaries was \$1.14 an hour in each of the months of September, October and November, 1945, excluding any overtime premium and any amount for correction of possible wage inequities. An increase of 15 cents, in accordance

with our offer, would raise such average straight-time pay to \$1.29 an hour, placing such pay among the highest today in all of American industry.

Under our offer of a 15 cent increase, the average weekly take-home pay of our steel workers for a forty-hour week would amount to \$51.60, assuming that no overtime is involved. This figure is only \$4.54 less than the actual average weekly earnings of these employees, including overtime, in the last full war year of 1944, when the average work week was 46.1 hours. The difference is really less, because we will undoubtedly continue to have overtime in the future, just as we have at the present time. In November 1945, overtime premiums to our steel workers aggregated more than \$1,300,000. Such reduction of \$4.54 in weekly take-home pay is the natural consequence of a shorter work week of forty hours, and therefore one of lower production.

Much as we desire to avoid a steel strike, we cannot overlook the effect both on this Corporation and on our customers and American business in general, of the 18½ cent an hour wage increase, which you have proposed. Such a wage increase must result in higher prices for steel than have previously been proposed to us by the Government. Great financial harm would soon follow for all users of steel who would be obliged to pay higher prices for their steel, higher wages to their employees, and still have the prices for their own products subject to OPA control. Such a high and unjustified wage scale might well spell financial disaster for many of the smaller steel companies and for a large number of steel fabricators and processors. The nation needs the output of these companies. Increased wages and increased prices which force companies out of business can only result in irreparable damage to the American people.

In our judgment, it is distinctly in the public interest to take into account the injurious effect upon American industry of an unjustified wage increase in the steel industry.

After a full and careful consideration of your proposal, we have reached the conclusion above stated.

Respectfully yours,  
Benjamin F. Fairless  
President, United States Steel Corporation

# Challenger Knuckles Down

Trainer than you would expect at 185 pounds, Billy Conn starts training in Hot Springs gymnasium for return match with Joe Louis at Yankee stadium, June 15.

# Ring Fans Already Demand Tickets for Golden Gloves

Tickets for the Golden Gloves tournament, to be staged by the Times-News and American Legion Feb. 13, 14, 15 and 16, will go on sale in practically all the localities in the Magic Valley, W. W. Prantz, chairman of the committee in charge of the sale, announced last night.

Prantz said that he had at first intended to restrict the sale to a few places but that the demand for the pastebards has become so heavy in all parts of the Magic Valley that he has decided to make it as convenient as possible for the fans to obtain them.

Prantz will announce the places at which tickets will be available in a few days, he stated.

Meanwhile, the fans, intending to participate in the title extravaganza were working out in various gymnasiums through the Magic Valley and in other parts of Idaho.

This led Promoter Gene Outlander to request that the boxes sign up for the tournament at the earliest possible time. He has set no time for the closing out at the Legion hall under Travis (Bud Travis) Horder, the former professional fighter and Neil Weir, the former Golden Glover, had not been learned. However, he said there were several lights in the Kimber vicinity who would probably appear on the card.

# Trout Limit Slashed to 10 Pounds, One Fish for 1946

BOISE, Jan. 22 (AP)—The Idaho fish and game commission has reduced the daily trout limit one-third by weight in a conservation measure termed necessary because of the rapidly increasing number of fishermen in the state.

The commission set the 1946 daily limit at 20 fish not to exceed 10 pounds and one fish. The limit last year was 30 fish not to exceed 15 pounds and one fish.

Fishing season dates remain the same as last year, May 21 to November 15.

Reports received by the commission show there were 123,000 licensed fishermen last year, an increase of 10,000 over the previous year and double the number 10 years ago.

Conservation officers have reported they anticipate a marked increase in the number of anglers in 1946.

# PIONEER MAY UP PAY LIMIT

## Tiger Boxers Win Six Bouts From Wolves

PRIME, Jan. 22. Tommy Ryan Jr. and other boxers won six bouts from the Wolves last night at the Magic Valley gymnasium.

Prantz said that he had at first intended to restrict the sale to a few places but that the demand for the pastebards has become so heavy in all parts of the Magic Valley that he has decided to make it as convenient as possible for the fans to obtain them.

Prantz will announce the places at which tickets will be available in a few days, he stated.

## Clubs May Be Allowed to Increase Pay to \$2,200

A proposal to alter the Pioneer league salary limit from \$2,000 to \$2,200 for each club, an advance of \$200 from the former salary limit, will be voted on at the annual meeting of the circuit to be held at Hotel New-House, Salt Lake City, on Saturday.

The proposal was introduced by the Pioneer league, which has been in operation since 1934.

The Pioneer league has been successful in its efforts to attract top talent to the circuit, and the increase in salary is seen as a necessary step to maintain its competitive edge.

## Ski Club Formed At Burley-Rupert

BURLEY, Jan. 22. Arts Carver, Burley, was elected president of the Mount Harrison ski club at an organization meeting here.

The club, which was organized by Carver, will have its first meeting on Saturday at the Burley-Rupert ski area.

The club's purpose is to promote skiing in the area and to provide a place for skiers to meet and share their experiences.

## 12 Contests on Magic Valley's Program Tonight

Twelve games are on tonight's Magic Valley basketball schedule. They are:

Big Ben vs. Rupert at Odeon  
Jerome vs. Burley at Burley Junior Varsity  
Caldwell vs. Hagerman at Hagerman  
Heber vs. Pocatello at Pocatello  
Albino at Shoshone  
Dietrich at Kootenai  
Vader at Wendell  
Bliss at King Hill

## Former Buhl Star Returns to UISB

POCATELLO, Jan. 22. Walt Carter, UISB pharmacy graduate, former Buhl star, and basketball coach, yesterday here reported that he has received his navy commission and will be back on the faculty next semester, teaching physics, mechanical mathematics, and physical science.

Carter has been at Buhl for 22 months in the navy and was teaching mathematics at Balmiridge, Md., prior to his discharge.

Walt graduated from Buhl high school and played football for four years. Athletic instructor at Emmett high school for two years, he coached a state championship team in 1945. He had been basketball coach at UISB for two years when he was inducted.

# 12 Quintets Will Play in Rupert Outlaw Cage Event

RUPERT, Jan. 22. Twelve quintets will play in the outlaw tournament to be staged by the Iowa club of Rupert Wednesday, Thursday and Friday.

The tournament will get under way at 2:30 p. m. Wednesday with the first game being between the Blue and the Red quintets.

The schedule for the remainder of the day will be: 3:45 p. m. Wendell vs. Odeon; 5 p. m. Jerome vs. Heber; 6:15 p. m. Rupert vs. Murrain; 7:30 p. m. Burley vs. Burley.

The semi-finals will be played Friday afternoon and the final at night.

## Honolulu Team Wants to Play Bruins Oct. 6

Among the U. S. schools with which McKinley High of Honolulu is trying to arrange a basketball and football agreement for 1946-47 is the Twin Falls high, Coach Hank Powers of the Bruins has revealed.

The Honolulu team has asked that the first game be played in Twin Falls Oct. 6 and the second in Honolulu during December, 1947.

Edward P. Kendall, the McKinley athletic director, is willing a guarantee of \$5,000 and is willing to pay a like sum to the local school for the return game.

McKinley would make the trip with the basketball team, also of Honolulu, if the Twin Falls team with Caldwell next by Peter Kim, former Caldwell star.

## Simplots Defeat Frisco Quintet

SALT LAKE CITY, Jan. 22 (AP)—Turning from local to not in a 10-point series, the Simplots defeated the Frisco quintet tonight.

The Simplots, coached by J. J. Simpson, won 101 and 100 in a double match at the Twin Falls Rifle and Pistol club. Previous high was 100.

Kent's bow score was 40 points, 40 sitting, 40 in both kneeling and off-hand. Ralph Shaffer made 187, 187 in both kneeling and off-hand. Jim Sidwell with 271, 271 in both kneeling and off-hand. Albert Jones with 182, 182 in both kneeling and off-hand.

## New Rogerson Coffee Shop

NEW ROGERS, Jan. 22. The new Rogerson Coffee Shop, located at 100 N. Main, will open every day, Monday through Friday, 7:00 a. m. to 9:00 p. m. and Saturday, 8:00 a. m. to 8:00 p. m.

## Hamilton Named Annapolis Coach

ANNAPOLIS, Md., Jan. 22 (AP)—Appointment of Capt. Thomas J. Hamilton, former football coach and coach of the naval academy, as the new head coach to succeed Coach Oscar E. Hargrave was announced today by the Navy.

Vice-Admiral Aubrey W. Fitch, academy superintendent, said that Hamilton would return in time for the opening of spring practice.

March 1. Hamilton has been commanding the coast guard cutter, USS Albatross, since 1943.

## 250 See Drills Of Ski Classes

Two hundred and fifty skiers and observers viewed Magic mountain drills Sunday where instruction was given to students of Claude F. Jones, operator of the ski area and instructor of the Magic Mountain Ski club. Practice slalom skiing was held.

## Roberts Sets New Shooting Record

A new shooting record was set Monday night by Joe L. Roberts when he made 101 out of a possible 200 at a match of the Twin Falls Rifle and Pistol club. Previous high was 100.

Kent's bow score was 40 points, 40 sitting, 40 in both kneeling and off-hand. Ralph Shaffer made 187, 187 in both kneeling and off-hand. Jim Sidwell with 271, 271 in both kneeling and off-hand. Albert Jones with 182, 182 in both kneeling and off-hand.

## Tie-up Sought

SEATTLE, Jan. 22 (AP)—Hayden Walker, Boise club owner in the Pioneer league, was in Seattle yesterday to confer with officials of the Seattle Rainiers of the Pacific coast league. Walker's office workers said unofficially a working agreement was being discussed.
