Great having you back...Have a Coca-Cola

... no place like home for friendly refreshment

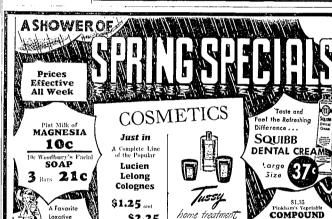

To every home come moments when the family heart and hearth glow brightly. That's when Coca-Cola plays a mighty refreshing part. The words Have a Coke have a friendly ring that meets a quick response. The ice-cold refreshment of Coca-Cola goes right along with the warmth of companionship and home hospitality.

One of the fundamental difficulties in the troubled sphere of international relations is, of course, the lack of a common interpretation of the same words by different nations and governments. It is, perhaps, even more troublesome than is the lack of a common internate.

TUCKER'S NATIONAL

The example of this difficulty that comes most readily to mild is the varying conceptions of the word "democracy." The American and British definition is best and most famously expressed in the last sentence of Lincoln's Getrisburg Address To the Russians, however, "democracy" is government of, by, and for the party with secret police, controlled press, one-party elections and so on.

It would also seem from recent evidence that Russla considers "equality among na-tions" to mean an equally free hand amone the powerful nations to do about as they

worse or different than it ever was.
Prolocol, tradition, and brass don't change
much from year to year. It's their impact on
some 7 000,000 civilian-induced young men in
uniform that caused all the trouble.
The enlisted man who chooses the army as
a career knows what he's getting. As it many
other Jobs and professions, there is a good bit
of pushing around. The solder rates pushed
through more narrow confines than the averque civilian. But, Biding the army, he takes

nd remember another big things Don't say octane—SAY N-TANE* — CONOCO'N-TANE GASOLINE

Please see above. . . . Two cars alike-from paint to price. . . . Except that the keen buyer got himself a real plus - he got an OIL-PLATED engine. Its sleek inner finish-the engine's very soul-is under guard of OIL-PLATING. This special way of fighting wear soundly fights carbon and sludge for fair!

And the way for you to adopt this type of protection is to get a fill of Conoco Nth motor oil-patented.

You'll get Conoco Non oil's added OIL-PLATING ingredient, acting magnet-like, to make inner surfaces attract and hold OIL-PLATING. It seems part of the metal-stands off lots of the rub-thwarts its big share of wear. It's THE correct start for a new car. . . .
