INTERESTING ARGUMENT

NTERESTING ARGUMENT Among the lefforers on the congressional sends is an argument in the government vs. private enterprise department which the next session will probably resume and settle. It in the a world-shaking argument, and the subject in tverg dramatic. All the same, the outcome will be significant. Briefly, and over-simply, the situation is talk. The overement wants to build some fulliser plants and go into the business in a fulliser plant way, it also wants to use some of the plant way, it also wants to use some of the plant way, it also wants to use some of the plant way, it also wants to use some of the plant way, it also wants to use some of the plant way, it also wants to use some of the plant sets argument is not a some of the oros want them) on 50-year leases. The child reason for this program seems to be a disputed claim that there was a war-tumer say this int so-that though there were local aboutages due to lack of material, laker and transportation, capacity has al-meter farmer cooperatives, don't like the gelalation which would authorize this. They say it is n't cheet for the government to set the of the operative south the some the set warment of the operative south the south of the south of the operative south the south of the say is int cheet for the government to set the start fulliser people favor the experiments

somey. The fertilizer people favor the experiments and demonstrations which are continually define carried on by various federal and state gencies. But they don't are why this neces-tizes the federal government's competing with them and perhaps driving some of them are of business. it of business

out of budness. There are sumple statistics to show the in-creasing yield and value that money spent for all improvement is bringing. But the fundamental question is whether this go-emment is content to let a baste private in-dustry carry on under a watchful eye, or whather the government, a armed with subsi-diss, will enter the competition. This question now affects only one indus-try, but its implications are broad.

WHIRLIGIG CONSPIRACY-The prospect of limited tax r tion on next March 15 paymenta-eliminati injugyr levies, a 20 per cent alicing of paraoni tributions to the treasury and softening of the b on corporation-has brichtened tributions to the treasury and softs on corporation-has brightened. The inside details of ways are means committee? manuscript re-veal there is a gentle, bipartize the targogram with an entry len other and the targogram and the soft the targogram with an entry len dothand and mone too positive augustion that there achould be re-gentler structure for two years.

WHOOPEE-Harold Knutson pudgy. ; n the prir ponent of tax cut. r, has been th vocal propone permit a tax RAT Tacket incipal and f an economy program i As ranking Republican initiates all revenus lagi a raduction if the GOF

November. In view of the fact that he conditioned this plades on the basis of an opposition triumph at the polis, it was concluded that he was simply trying to make political whoope on the ves of voltas. Nobey be-ileved imm except those in the know and the play.

TRIAL-Only a first acquisitions with the faily TRIAL-Only a first acquisitions with the faily of the triangle of the second second second second that be the most triangle broom to exploit full, devices that Harold from Minnesota is exercise the terch for wind M. Charlinson Robert 1. Multipy Decetton of North Carolina. Second 200 string "young Harold"--br is only second 200 string.

h Carolina. Bob' is letting "young Harold"--he is only 6, whereas the North Carolinian is M-sound clients and customers, measing the members reas and the taxpuyers. This trial beliconing a was Bobba idea.

s was Bob's ites, man Doughton has had several brushes with in open opposition to the While House by on a tax cut contrary to the preidential 50, through Harold, he executed a flanking

In present. If presuded his Republican Mose to arouse such rager aspectation of reductions by his pronouncements to reduct the function impossible for the next compress to reduct the supercent that he will say an entitle Deguine-Knuton line.

Doughton-Knutson line. PROFITS-Forthcomping federal reserve reports on the profils of retail and service trades-not manu-farming-should speed the movement for a March, 1971, tax reduction.

the position of retail and service index-no manu-iscummos-should speed the movement for a March. 1981, its reduction. The Eccles statistics will show that real and the statistics will show that real and the statistics will show that field in the state of the statistics will show that the state probably hold good for the full year of 1946. When the McS read those fluers on their return to captiol hill next January, they will seep-and cut taxes!

DISSENSIONS-Few weeks ago Sen. Atthur H. Yandruherg abod up on the flow of the sense to sat: "What is Russia up to mos?" He still swalls an answr: Regulations up to now?" As charman of the GOP conference committee, he feels that he has a right to heattr.

Regulations up to two the first but is as a right constraint of the second seco

LEADERS.-To try to make clear the somewhat unddied Republican actup in the senate, the GOP has four so-called lenders and policy makers. Sinty-intergenzoid Walleer Humphery White of Maine, a wrest sort of whitpering man, is fluitering floor lader. Senator Wherry is his whip, a glowilled max-

wrete soti of whitypering man, is futtring floor inder, Benadow Wherry is his whip, a globilited met-lader, Benadow Wherry is his whip, a globilited met-sen. Robert A. Tatt of Ohio is chairman of the teering committee, which phases traiting. Senator Yandenberg heved to conference committee which then policy. They are supposed to hard diluts and differences within their ranks. If any, Mr. Taft, however, brushed the co-leaders aside during the recent sevelon. An utter reactionary, the during the recent sevelon. An utter reactionary, the of the party. Senator While is so thrilled with his nominal title allogithms of them all, was too have with forigin minded to agree or aympathic with the Taffian philosphy.

minimore in spree or sympatrice with the fattan philosophy. BLOWS-Kenneth Spleer Wherry from Pawne CUy, however, sthough a first-termer, resented the push into the background which his defors and betters save him. When Senator Tatl accepted the senat-house compositive on OPA revision and extension, he ac-

When Senator Tart accepted the senate-mode rempromise on OPA revision and extension, he ac-cused the Ohioan of cowardice. In return, he got a slap in the face from the normally inoffensive

Robrit. Mr. Wherry's brutal attack on our policy visa-stis Ruwis mattered Semator Vandenberg as will as obte-nose semable (ODP-err. Rativity have members of did Mears. Twil. Vandenberg and Wherry. Bo, It is no wonder that Semator Vandenberg and many other oppositionists ak: "What are the Re-publicans up to new?"
