ACCOUNTS PAYABLE The city of Nuremberg, Germany, has pre-sented the allies with a bill for \$4,00, same being the funeral expenses of Robert Ley, the nazi labor leader who hanged himself while awaiting trial. For a prize example of two-bit German ar-rogance, that would be hard to heat. Equally arrogant is their reason for the bill-that Ley was the responsibility of the ailled military court.

was the responsibility of the allied military court. Apparently the city fathers of Nuremberg have forgotien whose responsibility the nazi leaders were, and who was responsibility the nazi leaders were, and who was responsible for the insane continuation of a lotter way that reduced their city and much of their country to ruin. Now, undoubledly, the nazis and the ruin and the hunger are, to their dorgetful minds, the responsibility of the conquerors. The Nurembergers, whose city was the shrine of naridom and whose thousands helid the lead-ers to the echo, feel put upon. And so, in hurt indignation, they refuse to pay the repa-ration-34.00 to put away the bull-necked shraw boas whose sulti-crazed mind drove him to suicide.
