

Despite a decline in trading after the last opening approximately 2,500,000 shares changed hands in a smaller repetition of last Tuesday's sharpest break in 16 years.

Big Little Star at Rodeo

Isolated Lab Wins Victory With Vaccine

By FRANK CAREY
WASHINGTON, Sept. 9.—In secret island laboratory, the Canadian wilderness, veterinary researchers won one of the great scientific victories of the war. They learned how to protect North America's rich cattle industry against a suspected threat of enemy germ warfare. They produced a new, powerful vaccine against "rinderpest," a fatal scourge of cattle in parts of the Orient and Africa.

Unknown here, the cattle plague never had touched the western hemisphere. But U. S. and Canadian authorities strongly suspected that the Japanese or Germans might attempt to introduce the deadly virus to this continent. If they had, the cattle of North America would have been vulnerable. They had developed no immunity from previous contact with the disease—located on Grasse Isle in the lower St. Lawrence river—worked under a terrible urgency.

Six officers of the U. S. army, one from the Canadian army, and one from the Canadian medical corps and two Canadian scientists were assigned to produce a vaccine. The U. S. clinical warfare service cooperated.

Well before the war ended they produced sufficient vaccine to meet any emergency. They also had perfected methods to turn out enough vaccine to vaccinate every head of cattle on the continent if there had been need.

Past Governor of Lodge Is Honored

JEROME, Sept. 9.—Bert Amundson, past governor of the Moose lodge, was presented a diamond pin for his service during the past year at a recent meeting of the Jerome lodge.

Included on the program were a violin solo by Gerald Lader; recitation, Ruth Nicholas; mock wedding presented by members of the Canyonside Grange; vocal solos, Mrs. Ogilvie Wall, accompanied by Mrs. Erma Wall.

An orchestra under the direction of Gustav Fleischer played selections. Members included Vernon Achenbach and Bob Selladay, clarinet; Duane Ray, trombone; Mrs. Earl Mason, piano.

A reading was given by Mrs. A. P. Hendler and a duet presented by Everett Main and A. Van Patten. Refreshments were served at the close of the meeting.

Rupert Promised Sufficient Heat

RUPERT, Sept. 9.—Reclamation officials have assured Rupert residents that enough equipment has been obtained to that the proposed cut in electrical energy for heating homes this winter will be averted.

Because of the need of transformers, it was expected that the heat supply would be cut 50 per cent, but although new transformers are impossible to obtain, equipment is being installed to assure the same amount of heat provided last year, officials said.

THE UNCERTAIN NAVIGATOR... never strays far from a road sign, always afraid the last turn was the one he should have taken. Confident of his car, though, since he switched to RPM Motor Oil which is compounded to prevent formation of sludge and gum in his engine. It's another way "RPM" protects motors.

A STANDARD OF CALIFORNIA PRODUCT AT CHEVRON GAS STATION

Washington Letter

BY JOHN T. DAY

"Oh, you're from Idaho. Say, I've always wanted to see that man in place—never use any other position when I can get those Idaho fellows. You sure had a man in that fellow Borch." "You've no doubt heard those same things when talking to the army in the train to Chicago, or in a dozen other places where you met a disreputable individual on one of your out-of-state trips. I hear the same thing at least once a week here in Washington, but with an addition which is a welcome change. The name Borch hasn't been dropped and we wouldn't want it to be, but other men now share the columns that brought him his fame and at their present pace are insuring that Idaho voters will continue to be known in Washington as dupes of active soldiers. I become more aware of their importance every day and each journey to Capitol Hill has a new fund of information about them that I go to share with someone from home. I could get it off my chest right in the middle of the Panhandle section of the state (the "northwest" is) my wife's father-in-law is of southern Idaho men.

With that in mind then, I'm heading right into a few notes on a man from our own Magic Valley and the center of southern Idaho. I called the house office building and asked for Rep. Dworshak's office. The lady in the lobby was very like this—"Dw. mean Representative Dworshak?" Well, I never argue over pronouncements with eastern operators as you can lose a lot of nickels that way. Announce that I was from Idaho brought a typical western answer from Mr. Dworshak's secretary.

"How long have you been here in Washington? Two weeks? Well, please come up and see us." The tone of hospitality was carried into actually in subsequent visits when my prying and some-what undiplomatic questions were met with courteous and enlightening answers at all times. This type of treatment is uncommon in Washington in cases of inquiry by Private Citizens, the reason being that routine work is too heavy to allow personal consultation.

The fallacy of such a contention is evident though when I consider that it would be the combined efforts of one of these ordinary staff to type the letters that Mr. Dworshak sends in answering his daily mail.

As correspondence, most of which is given personal attention by Dworshak, is a major item in the daily schedule of a congressman, I could see it as a major detriment to his work. Dworshak has, however, had the organizing experience of newspaper work which in my mind accounts for his ability to handle and direct his other matters and still have time to maintain an enviable record for being present at the sessions and conferences which fill his day.

First of his other duties is, of course, participation in his decisions where as a member of the minority he has been an active member of the minority group with

Furacin Made Of Oat Hulls To Kill Germs

By PAUL F. ELLIS
NORWICH, N. Y., Sept. 9.—The yellow, glittering stuff I saw today looked like "finely ground gold," but it wasn't. It was furacin. This is a new, powerful drug that promises to take its place alongside the world's most effective germ killers.

Chemical Compound
It is being manufactured in a series of spick and span laboratories in this picturesque Champlain river valley town. Unlike penicillin, which is made from mould, furacin is a chemical compound.

Furacin already has established itself for effectiveness in the treatment of infected battle wounds. It is credited with saving a leg or an arm for many a soldier who returned home with a wound that would not heal.

Furacin, as a dressing, also has proved itself a weapon against infection in skin grafting operations. In the treatment of diabetic gangrene—furunculosis, surface ulcers and infected burns—furacin is used. Furacin does a bacteriological cleanup.

It does double duty in that it attacks both positive and negative type bacteria. In some cases, it prevents the growth of infection; in others, it kills.

As a dressing it is being used now on the Loptol treatment on humans, but further oral tests are being conducted on mice, rats, dogs, rabbits and monkeys.

Students Chose Officers at Eden

EDEN, Sept. 9.—Officers have been elected by the students of the Eden rural high school. Kenneth MacLeod, student body president; Earl Clark, vice-president; and Betty Lou Black, bookkeeper.

Jack Huey is president of the senior class; Jack Falk, vice-president; Mary Lee, secretary-treasurer; Kenneth Martin, class representative; Jimmie-Peggy Galie, president; Ole Davis, vice-president; Doris Holland, secretary-treasurer; Forest Price, class representative.

Sophomores—Charles Steinmetz, president; Kenneth Greene, vice-president; Glen Newby, secretary-treasurer; Phyllis Craner, class representative; freshmen—George Blackburn, president; Betty Southwood, vice-president; Marie Kluth, secretary-treasurer, and Laverne Rogers, class representative.

Students growth of infection; in others, it kills. As a dressing it is being used now on the Loptol treatment on humans, but further oral tests are being conducted on mice, rats, dogs, rabbits and monkeys.

Radtke to Get "Most Popular" Award at Players' Appreciation Fete Tonight

JACK RADTKE

Little Jack Radtke, who was a major leaguer with Brooklyn when only 18 years of age, is the Magic Valley's most popular Cowboy. In an avalanche of votes contained in the score cards sold at the Pioneer league games here this season, he swept him into the leadership on the final day of voting yesterday after he had trailed for the entire season.

Radtke compiled a total of 1,084 votes to 854 for the big Washington, "Buddy" Heisel, who will wind up the season certainly as the league's leading home run hitter and possibly the pacesetter in two-base hits, total bases and runs-batted-in.

But the choice of Radtke for the award, a Hamilton wrist-watch from the Sterling Jewelry company, was a popular one. The second baseman is batting well over 300 and the "Wranglers" top hitter, is second to George Leyrer, as the league's best base-stealer and has been the balance wheel of an inconsistent team.

Radtke will receive the award tonight at "Players' Appreciation Night," the final regular home game on the Cowboy schedule. The night will be a gala affair. In addition to the awarding of the trophy, there will be a field day between the Cowboy and Idaho Falls Rusees players, a match race between left fielder Ole Patterson and Leyrer, who also will try to break the Pioneer's base-stealing record by stealing two more sacks for a total of 53, and a greased pig contest in which the Times-News "Knobhole Chase" will participate. The festivities are scheduled to start at 7 p. m.

SPORTS

NEW COWBOYS PLAY TONIGHT

Wranglers Will Seek Russet Series Sweep

By GEORGE F. REDMOND

The fans will get something new tonight in the final regular home game of the Pioneer league season—the opportunity of seeing in Cowboy uniforms the leading home run and runs-batted-in leaders in two minor leagues. They'll be Sol Jensen, the option player brought back by President Maury Deerr, who paced the Wisconsin State league in these two departments, and catcher Buddy Heisel, who is out in front in these respects in the Pioneer league.

Manager Earl Bolyard plans to use, in addition to the left-handed hitting and throwing outfielder, the two other players returned by the Fond du Lac club of the Wisconsin league—outfielder Chuck Bahnsel and third baseman Lynn Stone.

Cowboys take second The first-half champions moved into second place in the second half race yesterday when they defeated the Idaho Falls Rusees for the second straight time. They took the game series, 5-0, while the Ogden Reds were losing to Pocatello.

The features of the game were: Herri-pated Vance Carlson, with his mother, father and sister, and a Kansas looking for his 17th game.

Catcher Buddy Heisel smacked out his 20th home run of the season over the left field wall, right after firstacker Bert Bonomi. The features of the game were: Herri-pated Vance Carlson, with his mother, father and sister, and a Kansas looking for his 17th game.

George Leyrer swiped his 32nd base of the season, just one short of the all-time record that he may achieve tonight.

The Wranglers were in a hitting mood, hanging out 14 hits, one more than on the previous night when they crushed the Rusees, 10-0. Verlie Schmitt, who later was not one round, and Jim Gibson were the victims.

Conant vs. Greer Tonight's Manager Eddie Leishman will trot out his No. 1 moundman, John Conant, in the hope of stopping the onslaught. Willie Greer, who has been hurting hard all of late, will probably be his mound rival.

The Cowboyshopped onto Schmitt in the very first frame. Leyrer walked, stole second and went to third on a wild pitch. Radtke also walked and stole second. Bonomi fanned, but Leyrer came home while Heisel was being thrown out at first. Hal Lowe singled to score Radtke and Dick Powers singled to right to send the shortstop to third. Pat Patterson's blow sent Lowe home but Powers was hoveled over at third by Hill, the Russet left fielder.

FOUR HITS FOR JENSEN After errors by Babe Jensen and Hal Lowe had given the Rusees three unearned runs in the second inning, this same Jensen, who was destined to get four hits in the game, giving him seven in the last two games, started the Cowboy on a two-run homer in their half of the frame. He singled first, Carlson walked, Leyrer singled, Bonomi singled to center to second Babe home and Carlson scored when Aydelotte muffed up his grounder.

Another error by Jensen helped the Rusees to a run in the fifth

Snead Wins in World's Title Golf Tourney

CHICAGO, Sept. 9 (AP)—Stammin' Sammy Snead has whipped his scrambling golf game and today routed 11,000 fresh cash in his pocket to prove it.

A former fairways figure since he metored to the British open time early in July, Snead yesterday roared back into the golfing time-light with a two-stroke victory in George B. May's "world championship" showdown.

Snead capped the 36-hole, winter-lake-like feature at Tam O'Shanter course with a six-under-par 130, two strokes ahead of Byron Nelson, a substitute for Egan Champion, Ben Hogan, U. S. open champion Lloyd Mangrum was third with 141, while Herman Barrett had 142.

In grabbing his biggest tournament win in history, Snead wrapped together a pair of amazingly steady 69s, shaking off Mangrum who had tied him at 18 holes with 69, and at 27 with 70.

city. Among the players on the Twin Falls team at the time was Pler Wilson and, while here Settle and the local man spent several hours discussing the game.

Motor vehicle accidents accounted for 26,669 deaths in the United States in 1945.

City May Get More Than 2 Series Tilts

By The Associated Press

Twin Falls may see more than two games of its Pioneer league championship series between its own Cowboys, the first half titlholders, and the Salt Lake City Bees, the second half winners. The series will open at Jaxces park Friday and Saturday nights and then will switch to Salt Lake City for three contests. If more than five games are needed, the teams will return to Twin Falls for one or two contests.

You might have thought the Bees' boy was pitching last night from the 20-4 sheiklocking they took from the Boise Pilots. Ogden also got its lungs, 10 to 7 from Pocatello.

The fifth-place Boise Pilots were hit hungry and smacked the slants of left-handed Ted Savarous and D. Davis for 22 hits. They rammed across seven runs in the second frame and seven more in the seventh.

Jim Ison, Pilot southpaw, breezed in, allowing the new second half champs only one tally after the third frame.

The Cardinals had almost as much fun in toying with the Ogden Redlegs. Tom Kelly, Pocatello right-hander, went the distance and slapped out four of his team's 10 hits.

Sol Hemus, Card second sacker, who is fighting for the league's hitting crown won in 1943 by Willie Enos of the Bees, drilled three hits and centerfielder Charley Rotzeli made five.

Ogden used three chuckers and then wound up with big Dale Long, regular first baseman, serving them off.

Deane 822 002 100—11 1 2 Pocatello 224 224—11 1 2 Pocatello, Watson, McCarthy, Long and Salt Lake City 281 281—10 4 1 2 Boise 229 229—10 4 1 2 Jaxces, M. Davis and Selti, Leavitt; Ison and window.

A window and door screen charged with a small electrical current has been developed as a new barrier to insects.

NATIONAL AMATEUR OPEN

SPRINGFIELD, N. J., Sept. 9 (AP)—The 48th annual national amateur golf tournament opens today after a five-year war recess, with defending champion Marvin (Bud) Ward, Spokane, Wash., and Frank Strahan, Toledo, O., the favorites on even terms.

COAST LEAGUE SCORES

San Francisco 4-3, Sacramento 3-1, Oakland 8-3, Hollywood 4-11, Portland 5-6, Los Angeles 1-3, Seattle 1-4, San Diego 6-1.

Dodgers Steal 8 Bases but Cards Increase N.L. Lead

By JOE REICHLER Associated Press Sports Writer

The Dodgers have stolen the "naughty game" tag from the Cardinals with their daring tactics which may yet pay off with a National league pennant. Les Durocher's hustling, fighting crew is displaying the same dash and fire as Frankie Frisch's Cardinals produced in the early 30s, when Pepper Martin and company literally stole their way to the world series.

The Dodgers swiped eight bases—three short of the modern National league record—in rubbing the Giants, 11-3. Despite their victory, the Dodgers dropped a half game to the Cardinals, who kept a double-leader from the Pirates to increase their first place lead to two games.

However, the Dodgers' position is not as bad as it sounds, since the Cards pummeled five Pittsburgh pitchers for 17 hits to coast to a nightcap victory, 12-0.

Reiser Steals 3 Bases Reiser was the Dodgers' biggest jarrested yesterday. He stole three bases, including home, to make it 34 for the season. Seven times this year he has stolen home.

After kicking out a 5-4 decision in 11 innings of the opener, the Cards pummeled five Pittsburgh pitchers for 17 hits to coast to a nightcap victory, 12-0.

The Red Sox will have to win the American league flag in the west. Despite their defeat by the Athletics, 8-2, yesterday, they came nearer to clinching when both the second place Yankees and the third-place Tigers dropped twin bills. The Sox now need only one more victory to eliminate the Yankees and two to end all mathematical chance for the Bengals. They can do it tomorrow when they meet the Tigers in Detroit.

Washington beat the Yankees twice, 2-1 and 9-8.

Newhouse Braten The White Sox topped the Tigers twice, Ed Lopat outpitching Hal Newhouse, 2-2, in the first game, and Frank Pappish shuttling out the Tigers, 6-0, in the afternoon.

Don Rizzo's seventh inning homer enabled Bob Feller and the Indians to defeat the Browns, 3-2, after St. Louis had won the opener, 4-1, behind Jack Kramer.

Hank Wynn pitched and batted the Cubs to a 4-1 victory over the Reds.

The Braves and Phils split a doubleheader, the Braves winning the first game, 4-3, on pitcher Ed Wright's ninth inning single. The Phils, behind the five-hit pitching of Tom Hughes, won the second game, 4-0.

Carbon monoxide, a poisonous gas, forms only when carbon is burned in an insufficient quantity of air to form carbon-dioxide.

An elephant's tusks keep on growing as long as the animal lives.

Mike Ryan Quits As Idaho Mentor

MOSCOW, Sept. 9 (AP)—Michael J. Ryan, track coach at the University of Idaho for the last 11 years, has submitted to accept a similar position with the University of Wyoming.

Ryan relinquished his official resignation Saturday to President J. E. Buchanan.

Ryan is a former Olympics performer and coach and is rated as one of the nation's outstanding track coaches. His specialty is developing long-distance runners.

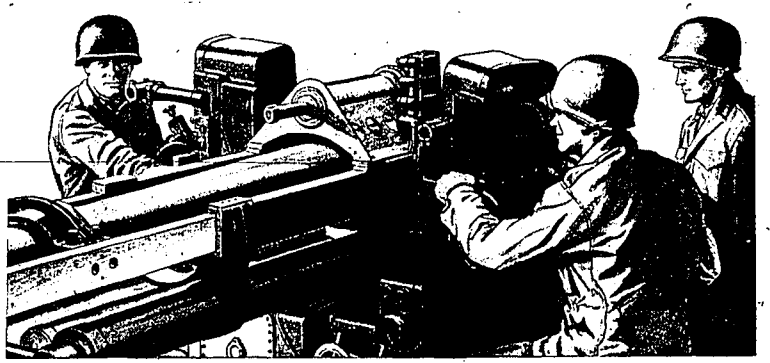

"I hate to see Ryan go," said George Greener, director of athletics at Idaho, "but the University of Wyoming, unfortunately, extended him by Glenn Jacoby, director of athletics at Wyoming and a former colleague on the Idaho coaching staff, was too good for him to turn down."

SET YOUR SIGHTS

It takes a lot of planning to hit a target... even more to achieve a goal

There are two kinds of young men. One knows what he wants to do and goes after it. The other is still looking for his niche. The new Regular Army can help both of them.

Suppose, for example, that you're the first kind. You want to go to college but don't have the money. If you enlist in the new Regular Army, you'll have a chance to earn while you learn. Honorably discharged at the end of a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you qualify. The U. S. Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, and you'll get \$65 a month living allowance—\$90 a month if you have dependents.

Or maybe you're the man who hasn't found his spot. An enlistment in the Army will put you in touch with the widest selection of jobs. Army schools offer special training in over 200 trades and skills. When you leave the service you can continue your training at the school best equipped to help you.

Set your sights! Enlist in the new Regular Army. You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistment for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)	2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may enlist at any age, and former service men depending on length of service.	3. A reenlistment bonus of \$50 for each year of active service since each bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.	4. A furlough for men who reenlist within 30 days. Full details of other benefits follow.
5. Fulltime privileges can be obtained from Recruiting Officers.	6. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.	7. GI Bill of Rights benefits assured for men who enlist on or before October 5, 1946.	8. Choice of branch of service and overseas station (those of their own choice) on 3-year enlistment.

MONTHLY RETIREMENT PAY
