Filer Gambling Raids Bag Trio, Devices, Money

A noon-hour raid on three Filer establishments Friday resulted in confiscation of \$800 in cash and equipment allegedly used in operation of gambling. Three men were arraigned before Justice Hazel H. Lanning in Filer and charged with conducting gambling operations.

Dairies Face Price Control Within Week

WASHINGTON, Sept. 13 (AP)—The OPA's department of agriculture today opened the way for possible restoration of price ceilings on butter, cheese and other dairy products within a week.

The board called on the dairy industry to submit before Sept. 18 an explanation of price rises, and also asked other interested parties to submit evidence and views.

Price Advance Noted
The board has observed that these butter and cheese prices have advanced significantly more than the prices of other manufactured dairy products, and that these prices threaten to cause increases in the prices of other manufactured products.

The board is empowered under the new price control act to reimpose ceilings if it is found in the public interest.

The sudden action of the board seemed likely that some or all dairy products would be back under price ceilings in part of all of the country by the end of next week.

Survey Finds Meat Dearth Top Shortage

By The Associated Press
Meat is the scarcest food item in the nation's cupboard, according to thousands of workers are unemployed in strike-hit cities, and the meat shortage has reached critical proportions in many communities.

These facts were disclosed today in a nationwide survey conducted by the Associated Press.

Survey of conditions in cities from coast to coast also showed that the family larval short of sugar, meat and other necessities.

In the housing field, public housing authorities said they had long waiting lists for applicants, and in practically no city was there a surplus of apartments.

This is how the situation stands up in the three cities before the end of the AFL maritime strike on the west coast and before the end of the nationwide strike of the CIO National Maritime Union.

New York—Food—OPA investigators found only about 55 percent of retailers had meat for sale. Housing: Highly critical, according to local authorities. Surplus: Largest surplus in the country.

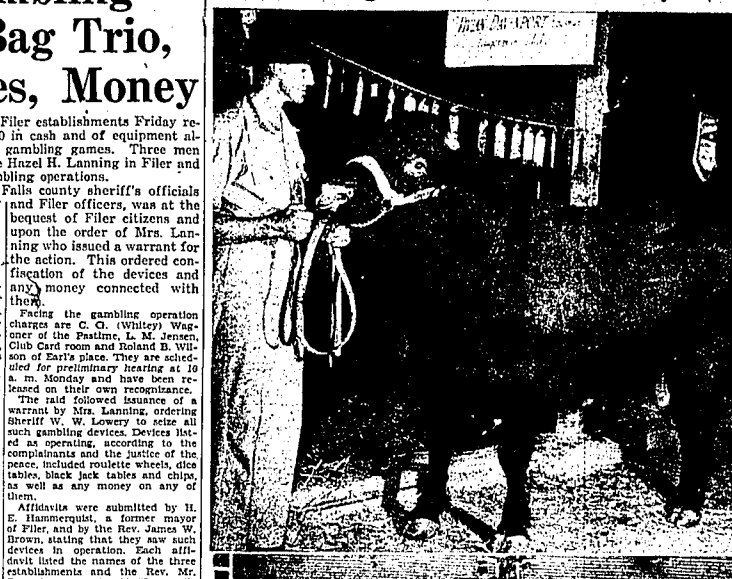

Unemployment: State department of placement and unemployment insurance said 130,000 workers out.

San Francisco—Food: Meat scarce. Some 14,000 on strike affecting 200 first-class restaurants. Housing: High critical. Surplus: Large surplus in the city.

HAILEY, Sept. 13—A roaring range fire that leveled all buildings of the Exnor and Star mines near Hailey was under control today although flames are still licking at the sagebrush area in Colorado gulch and on Della mountain.

J. A. Keith, Shoshone district grazier, reported that the blaze is controlled and that patrols are still being maintained on the area to mop up the last of the flames that are entirely controlled.

The fire broke out about 9 a. m. Thursday morning when workmen of the Arkwood and Zildon sheep farms were burning brush on their land and the fire got away from them, Keith said. The sheep men and federal grazing agents were surveyed early. Most of the burned area was private property, although some federal grazing land was in the path of the flames.

Smoke and flames still could be seen from Hailey this afternoon although smoke in the still gulch area was subsiding.

Annexed by a strong west wind, the fire also was from Crosson gulch where it first caught hold, up to the mountain. A change of wind caused the blaze to veer southward into Colorado Gulch where the Shoshone mine is located.

Owners of the land and silver shaft, A. M. Jensen and Harry Stevens, Hailey, along with Fred E. Povey and Frank Christensen, who owns a cabin in Colorado gulch, used pump-lanes from the mining machinery to spray the buildings surrounding the shaft and the gulched area.

When the fire spread one half-mile west-blaze from southward four men again tried to combat the flames but the choking smoke from

CIO Seamen Open Walkout for Wage Like Won by AFL

WASHINGTON, Sept. 13 (AP)—Prospects for settlement of the entire maritime strike brightened today when the maritime commission labor relations director said he would recommend that CIO seamen be given the same wage increases as AFL maritime unions received.

Godfrey Butler, maritime commission labor relations director, said he was confident that the commission would approve his recommendation.

He disclosed the recommendation a few hours after AFL maritime workers struck for the higher wage scales evolved in the nationwide walkout by AFL seamen.

CIO maritime workers had been idle by respecting picket lines of the striking AFL seamen, but did not go out on strike until last midnight.

The powerful National Maritime Union (CIO) called the new strike even as AFL seamen began voting to return to work under a government formula granting wage increases \$5 to \$10 a month more than won by CIO unions last June.

NMU President Joseph Curran charged that this new version of the government's wage policy was a "deliberate creation of inequities which promised a rate of pay for men doing the same work on the same type of ships."

Curran said that the new formula was "a deliberate creation of inequities which promised a rate of pay for men doing the same work on the same type of ships."

Jewish Gangs Raid 2 Banks In Holy Land

JAFFA, Palestine, Sept. 13 (AP)—At least four persons were killed and four injured today when two armed gangs, believed by police to be members of the Jewish Stern gang, raided the Ottoman banks in Jaffa, an exchange of fire with police.

Twelve of the 15 attackers in the Arab city of Jaffa were apprehended and the \$2,000 taken here was recovered from the arrested Jews.

Both Tel Aviv and Jaffa were placed under a rigid curfew for a night following the raid.

The simultaneous raids were staged shortly before noon. Divergent incidents at Jaffa, synchronized with the attacks, included the firing of an oil drum in the street to block a nearby substation and a machinegun volley from a moving automobile against an Arab crowd.

Police said casualties included one Arab policeman and three Jewish wounded. An eyewitness said James Annet, English bank teller, was shot.

London Police Seek to Quell Housing Move

LONDON, Sept. 13 (AP)—London's "squatter" campaign to oust the appearance of an endurance contest between police and hundreds of invader tenants in London's slums today as the government tried to quell the communist-inspired movement.

The situation quelled during the night and light was out in the violence in the five-day-old squatter invasion, when mounted police herded 2,000 quarter sympathizers of the street near one occupied building without injury to anyone.

The police took place in front of Abbey Lodge in St. John's, front of approximately 1,500 squatters, who were being evicted.

In the building and squatters out on pleading signs from the windows and shouting "No more war, no more war."

In the Duches of Bedford house, the police were seen, squatters set up a "roof office" on the ground floor to exchange bread of the police.

Squatters were seen having a meal in an ambulance. A police officer was seen having a meal in an ambulance.

Raging Blaze Curbed After Mine Damage

(From Page One)

The burning sagebrush forced them to abandon the second mine.

A new cabin, a blacksmith shop and other outbuildings went up in smoke at the mine, which was the only one of the three threatened mines operating regularly.

Timbers framing the entrance to the vertical shaft which had just been installed were also burned.

Continuing to spread, flames licked into large groves of quaking aspen trees in Colorado gulch, a favorite deer and grouse hunting ground.

Sweeping on to the southward, the fire reached Star gulch where the Black mine, owned by Falk and Lamp, Boie.

Two cabins and a blacksmith shop at this mine and lead mine were still burning late last night. The mine had not been worked for several months.

TWO PUT OUT

SHOSHONE, Sept. 15.—Two small range fires were extinguished quickly Thursday afternoon after burning about 100 acres of brush north of the town of Jerome and about 10 to 15 acres near Craters of the Moon.

A. Keith, district ranger, reported that the Jerome fire was extinguished soon after it broke out when Paul Reed, per diem guard at the mine, recruited a large crew of Mexican laborers. A water tank from the Shoshone fire fighting service also was employed.

The Craters of the Moon fire on Cottonwood creek is still being controlled today, but it was under control at 10 p.m. Thursday, Keith said.

Wendell to Have Huge Neon Sign

WENDELL, Sept. 15.—A new neon sign reading "Wendell, Idaho, The Hub City of the Nite-American" will soon light highway 25 and frontage road at the intersection of Avenue A and Idaho street here.

Materials for construction of the sign will be jointly furnished by the city council and the Lions club. The sign was proposed by Charles Gates, president of the city council, and will be four by 35 feet and will hang supported by cables strung from four steel posts set in concrete, one on each corner of the intersection.

The sign has been received and the city is waiting to receive additional bills before installing the sign. Financing the sign will be taken care of on a monthly rental basis by the business men of Wendell.

Senators to Seek Early OPA Death

WASHINGTON, Sept. 13 (AP)—A drive to kill OPA next April 15, three months ahead of its scheduled death date, is gaining up among senators.

Discussed quietly by some members of both parties, the proposal was brought into the open by Senator Taft, R. O.

Taft told the Ohio Republican state convention at Columbus that price and wage controls should be "completely abolished" by the end of the year.

Expanding on the plan in an interview, Taft noted today that under the current OPA act all food subsidies must come to an end by April 15.

He said he saw no reason why the price administration could not be liquidated at the same time.

Australian Raps Veto Power Use

PARIS, Sept. 13 (AP)—An Australian radio broadcast has criticized today the United Nations security council was in disrepute through arbitrary use of the veto power, and should not be permitted to govern the proposed free territory of Trieste.

"The use of the veto power in the security council has been arbitrary, irresponsible and dictatorial," he has brought the council into disrepute throughout the world," said Col. W. Rodson, who has arrived as a delegate to the council.

"It would make the Trieste port question a threat to world peace."

Although more than \$100 in cash and some blank checks had been taken, account records were recovered.

In a fourth case being investigated by Twin Falls city police, Frank Van Eaton has been charged with first degree burglary in probable connection with theft of merchandise from the Owl Cigar store, 131 Shoshone street south Tuesday night. He will be arraigned late today before Judge J. T. Hamilton.

Police are investigating an entry at the Twin Falls Motel company, which occurred Thursday night or early Friday morning. Glass was broken from a rear door and a safe unlocked on the inside. The thief or thieves took \$150.00 from a cash drawer.

Between dusk and 10 p. m. Thursday, the J. W. Smith residence in the Twin Falls Motel company, which was broken into through a basement window and the house ransacked. Property stolen will not be known until word of the family now out of the city.

Also received was a report from the Twin Falls Motel company, which a trailer house was broken into by twisting of the padlock and a white basket ball table model radio taken.

Charles Larsen Honored for 20 Jap Plane Raids

Lt. Charles T. Larsen, son of Mr. and Mrs. Charles P. Larsen, 203 Fourth street north, has been posthumously awarded the gold star in lieu of the second distinguished flying cross for heroism and skill as a pilot in fighting squadron 84, attached to the aircraft carrier, USS Bunker Hill, during operations against the Japanese.

The officer executed 20 raids deep within enemy lines during the period from Feb. 16 to April 22, 1945. His attacks on Jap inner defenses and on the main island were a vital contribution to the record of his squadron.

Lieutenant Larsen was killed when Jap suicide planes attacked the Bunker Hill. Also killed was Tom Price, Twin Falls.

FSA Supervisor To Outline New Programs Here

Farm security administration advisory committees from eight Magic Valley counties will meet at 8 a. m. next Friday at the Idaho Power to hear Ronald W. Purcell, Boise, state supervisor, and C. Bendizien, Idaho Falls, district supervisor, outline new procedures of the FSA.

Purcell, who arrived in Twin Falls Friday to attend the sugar beet convention here Saturday, said that the conference is an annual event, but that the annual review this year takes on greater importance.

"The meeting this year will be particularly important because of new legislation passed July 1, which gives the FSA more leeway in some matters and restricts its operation in others," Purcell said.

The farm security administration became a permanent organization July 1 and the name soon will be changed to the farm and home administration, Purcell said.

About 35 or 40 FSA advisory committee members, home supervisors and farm supervisors from Twin Falls, Blaine, Lincoln, Camanche, Gooding, Minidoka and Jerome counties are expected to attend the meeting, according to L. F. Wiseman, Twin Falls county supervisor.

Four Fined, Fifth Motorist Accused

Five more motorists charged with traffic violations have appeared before Justice J. O. Humphrey in Twin Falls. Four of the violations occurred on routes to the Twin Falls city park. The fifth, while one charge involved an alleged offense east of Twin Falls.

Article Van Hoesen, 45, 131 Taylor street, Twin Falls, elected to take the statutory time before entering a plea when arraigned Friday morning on a reckless driving charge. In a complaint signed by Sheriff R. C. Hansen, school bus driver, he is charged with driving in front of the school bus and then passing it without giving the bus enough room to pass. This is claimed to have occurred Thursday.

Stirling C. Brown, 3, Twin Falls, pleaded guilty to the charge of operating a truck without proper tags Thursday night and was fined \$5 and 45 cents. He was apprehended by State Police Officer John E. Lader.

Darrell A. Moore, 27, route 1, Buhl, was fined \$25 and \$20 costs for reckless driving, being cited in a complaint by Sheriff D. C. Parrott, county traffic officer.

Glen Hopwood, route 2, Twin Falls, and Melvin W. Hulbert, 27, Twin Falls, were each fined \$10 and costs for speeding. Hopwood was apprehended by state police, Hulbert by Parrott.

3 Wood River Boys Leave for College

HALLSEY, Sept. 15.—Thomas and Michael McConnell, Gannett, and Michael McConnell, Haley, have come to Helms, Mont. where they will enroll in Carroll college. They were driven here by the Rev. Father L. M. Dougherty.

Schmidt, who has completed one semester at the College of Idaho before entering the service, will continue his pre-medical studies. Michael McConnell will resume his engineering course, also interrupted by the war. His brother, an air corps veteran, will enroll as a freshman.

Stolen Safe Found; More Thefts Here

Although finding of a stolen safe has partially offset one recent Twin Falls burglary, more thefts of this type have been reported to city police.

The safe, stolen early Sunday morning from the Co-op Oil company, Second avenue south and Third street, was found through a discarded in an irrigation ditch on the Sugar Factory road, according to a report from the city police.

Although more than \$100 in cash and some blank checks had been taken, account records were recovered.

Minor Accident

Three cars were involved in a minor accident at 8:55 a.m. Thursday in the 100 block of Main avenue south, according to the report of investigating Twin Falls city police.

A machine driven by Lloyd O. King, Piler, struck the rear of a car driven by Margaret P. Herndon, Kimberly, as the Herndon car was backing from the curb, throwing the Kimberly car against a wall. The Kimberly car was damaged, the report shows. Minor damage to all the vehicles occurred.

Plow This Under

A small amount of a nitrogen-containing ammonium sulphate should be plowed under with straw to provide adequate fertilization in this area. Mabel Hansen of the Agriculture Research foundation, Kimberly, advised Friday.

He explained that the nitrogen causes the straw to decompose.

Atomic Bomb Blast Termed Unanswerable

CHICAGO, Sept. 13 (AP) — You can't beat an atom bomb to the punch. Once the bomb is loosed, it can't be blocked.

Bradley Dewey, president of the American Chemical society, member of the joint chiefs of staff board and of the presidential commission which reported on the Bikini atom bomb tests last July, told a general meeting of the chemists group here that these were among the conclusions he had reached. He told why.

"This time," he said, "science cannot find a way."

Against technicality, Dewey said he wanted to put the bomb in its "proper frame of reference . . . out of the realm of fantasy and into the field of hard-headed sense." He is a chemist, but there was hardly a technical term in all his address.

He said he had been asked, both by men who didn't really know and by men who ought to know better, whether the bomb was "just another weapon."

"No!" he answered. "Once delivered, there is no defense against it. It is devastating over an area of several square miles. It is a super weapon, the first super weapon."

"You here in this room know," he said, "if you have given any thought to the matter, why there can never be a positive defense against a weapon of nuclear fission."

Can't Be Stopped

"Once started, no nuclear chain reaction can be stopped. Once an atomic weapon is detonated, its multiple effects of death and destruction must be felt over an area of several square miles."

"We must make sure that every American knows that an atomic detonation is all over in a few milliseconds of a second."

"Science will not today, tomorrow, or ever find a strong, tough and light material which will shelter men, or munitions plants, or dock yards from the effects of an atomic bomb."

SON BOHN

HAILEY, Sept. 13.—Mr. and Mrs. LaVerne Kelley are the parents of a son born at Van Nuys, Calif. Kelley, who is formerly of Hailey, met his English wife while stationed with the armed forces in Egypt. He is now employed at an airplane factory at Van Nuys.

Jerome, Raft River Topped Scout Camps

Jerome and Raft river districts topped the Boy Scout summer camping program activities during which 706 Magio Valley boys camped out, Robert W. Delbuhl, field executive, announced Thursday.

A total of 64 1/2 per cent of the Scouts in Raft river district camped out at least one night a week and 53 1/3 of the Jerome district troops participated.

Forty-five per cent of the Scouts in the Snake river area council camped out, an increase of 10 per cent over last year, Delbuhl said. Ninety-one adult leaders accompanied the boys on the outings, which attracted 54 troops.

District percentage records announced by Delbuhl were Blaine, 22.2 per cent of the Scouts and 73 per cent of the troops; Buhl, 40.5 per cent of the Scouts and 60 per cent of the troops; Burley, 43 per cent of the Scouts and 56.2 per cent of the troops; Coeur d'Alene, 22.6 per cent of the Scouts, 75 per cent of the troops; Gooding, 42.3 per cent of the Scouts, 57.1 per cent of the troops; Kimberly-Blanton-Murtaugh, 54.5 per cent of the Scouts, 75 per cent of the troops; Lincoln, 32 per cent of the Scouts, 55 per cent of the troops; Minidoka, 41 per cent of the Scouts, 63.6 per cent of the troops; Raft river, 64.5 per cent of the Scouts, 60 per cent of the troops; and Twin Falls, 42 per cent of the Scouts, 61.1 per cent of the troops.

\$1,750 Estate Left By Buhl Teacher

An estate valued at \$1,750 was left by H. L. Walker, 72, Piler, an instructor at Buhl high school who died Sept. 3 in a Twin Falls county highway accident, according to probate court records Thursday.

The widow, Mildred Hinds Walter, petitioned for probate of the will. The heirs include the widow, and a daughter, Mrs. Allen Dwy Jean Blane, Biker, Alaska.

The hearing was set for 11 a. m., Friday, Oct. 11. Rayborn and Rayborn are the petitioner's attorneys.

In a second petition filed Thursday, Paul Neumann, Buhl, a son of H. L. Neumann, who died Oct. 23, 1941, petitioned for determination of the right of descent of real property.

It concerns a lot on Fifth avenue east between Second and Third streets, appraised at \$6,000, by Curtis Turner, Harry Eaton and Len A. Chaplin, appraisers.

The heirs include the petitioner; a daughter, Alice Arch, Harrison, Neb., and two sons, Ewald Neumann, Blanton, Neb., and Oscar Neumann, Kellogg. The hearing was set for 10 a. m., Tuesday, Oct. 15. J. W. Taylor is the petitioner's attorney.

No Kids Without Adults at Opener Of Playoff Here

Children under 16 years of age even though holding tickets, will be admitted to tonight's opening playoff game at Cowboy park only if they are accompanied by parents or adults.

Maury Doerr, Cowboy club president, said the ruling will apply to all playoff games.

"Adults must accompany children so that we have assurance the youngsters will stay in their seats and not run around bothering fans watching the playoff," Doerr said.

He announced that box seat holders are requested to bring their tickets with them because the club will have special ushers on duty.

Prices for the playoff against the Salt Lake Bees, second ball winners, will remain the same as those during the regular season.

Here's Real Rodeo Action—Plus a Girl Champion

With split second timing, the Times-News camera caught the remarkable photo at top, showing Blaine Hansen just as he slid from his mount onto the horns of a steer in the bulldogging contest during Thursday night's rodeo at Filer.

The other rider, known as the hater, is along to keep the steer within reach of the bulldogger until contact is made. Hansen threw his steer in 10.6 seconds.

700 Educators Expected Here For SCI Conclave Sept. 26-27

More than 700 Magio Valley school teachers will come to Twin Falls Sept. 26 and 27 to attend the annual district four South Central Idaho Education association institute.

Dr. Robert M. Griffin, associate editor and reading consultant for Reader's Digest, will address the group Friday morning and in the afternoon will lead a panel discussion for teachers of the first six grades. Don M. Dafoe, superintendent of Rupert schools and president of the association, said.

The first day's session will be in charge of Dr. John M. Booth, executive secretary of the Idaho Education association, and the concluding day session will be conducted by the South Central Idaho Education association.

Mrs. Rose M. North, vice-president of the association, Friday requested Twin Falls residents who have rooms available to house the teachers to call her at 388. Hundreds of teachers are expected to stay in Twin Falls over night and there is a shortage of housing accommodations, she explained.

Raymond H. Snyder, president of Albion Normal, will discuss the welfare of teachers at 2:30 p. m. Thursday, Dafoe said.

Kenneth Rail, vice-principal of Twin Falls high school, will be in charge of a complimentary dinner for local unit presidents, district presidents, and county superintendents. The banquet will be held at 8:30 p. m. Thursday.

A. W. Morgan, superintendent of Twin Falls schools, will be in charge of a pre-convention conference for trustees, civic leaders and other interested persons at 11 p. m. Wednesday, Sept. 25 at the high school.

Custodians Meet One of the highlights of the session, Dafoe said, will be a training session for school custodians. H. E. Powers, superintendent of Hazelton schools, and Ollie Taylor, Twin Falls, will be in charge of the session, he said.

John D. Flatt and Morgan are handling local arrangements for the convention and Mrs. Vera C. O'Leary is in charge of registration. Alfreida Reinhardt, Twin Falls, is elections chairman and S. R. Bjorkman, Burley, is chairman of the constitution revision committee.

Other Speakers Among the speakers for the two-day institute are Howard Andrews, superintendent of schools at Kellogg and president of the Idaho Education association; Harold Williams, director of the Idaho teachers' retirement system; Dr. Booth; Charles Ormond Williams, Washington, D. C., director of field service for the National Education association; W. W. Christensen, Idaho Falls superintendent of schools and Idaho N.E.A. director; and John I. Hillman, Boise, associate executive director of the Idaho Education association.

10-Day Term Given In Place of Fine

O. C. Taylor, charged with intoxication, was sentenced to 10 days in the city jail Thursday upon failure to pay a \$15 fine when he appeared before Municipal Judge J. O. Humphrey.

Joe Caselli, apprehended Wednesday night on a charge of intoxication, will appear in police court today.

Need Held As Chief Factor In New Laws

BOISE, Sept. 13 (AP)—A Lewiston minister, The Rev. Martin E. Smith, keynoteed the meeting of the Allied Civic Forces here with the statement that laws should be made according to what people should have rather than what they want.

"The Democratic system was attacked more than we realize by the politicians' conviction that he must vote just as the people are thinking in order to win the voters' favor," said Smith.

Reform Fight Voted

At the session last night, the temperance organization agreed to carry its liquor and gambling reform measures to the Legislature if they are barred from the ballot in November.

One of the proposed initiative measures, known as the anti-gambling act, is under test in district courts. Veterans organizations are seeking to keep the measure from appearing on the ballot. The other measure is known as the local option prohibition act and the sobriety act.

The organization also went on record opposed to the licensing of gambling in any form by the legislature of present laws to allow sale of liquor by the drink.

The appointment of a state board of education of a full time instructor to assist in education of the use of narcotics and alcohol was asked in another resolution.

The group resolved to support only those candidates who have demonstrated that they stand for obedience to law and voted opposition to the recommitment of liquor, beer and tobacco.

A budget of \$6,000 for the year was approved.

Officers Elected

Officers elected included Ralph R. Wolf, Boise, president; Z. Reed Miller, Boise, first vice-president; The Rev. A. R. Pike, Moscow, second vice-president; A. Y. Matterfield, Pocatello, vice-president in charge of organization; The Rev. W. L. Lindsay, Boise, secretary; Edna M. Dallas, Boise, treasurer; and Harry B. Kessler, legal adviser.

Voted to the legislative committee were Satterfield, chairman, and Kessler, Miller, the Rev. Mr. Smith, the Rev. Mr. Pike, Frank Chaffin, Boise; Alvin Demman, Idaho Falls; S. E. Parsons, Nampa; Mrs. Estelle Weber, Caldwell; the Rev. James Brown, Piler, and Mrs. Bertha B. Day, Gooding.

Marshall and Chinese Cool To New Truce

HANKING, Sept. 13 (AP)—Gen. George C. Marshall and the Chinese government today were reported cool toward a special envoy reconvened his committee to attempt to end a truce in China's increasing bitter civil strife.

Marshall was reported to have informed the communists through U. S. Ambassador Stuart, that he is unenthusiastic because of the committee's inability in the past to restore peace. The committee is made up of Marshall, communist Chen En-lai and government Gen. Hsu Yung-chang.

Both Stuart and Marshall extended anew the government suggestion that the communists help frame a coalition state council and allow the committee of three concurrently to consider ways of halting the conflict. The Reds consistently have declined to negotiate unless Generalissimo Chiang Kai-shek promised to order a nationwide armistice as soon as an agreement was reached.

Communist spokesman Wang Ping-min said Yenan government headquarters would make its request for the Marshall committee's return by putting it in writing. He reiterated that there must be peace before political negotiations are resumed.

Chinese communists were reported routed from two army strongholds and two railway cities in north China by a government power drive backed by artillery and aerial bombardment.

Judge Plans Jury Room for "Home"

MILWAUKEE, Wis., Sept. 13 (AP)—Mrs. Lucille Johnson today considered an offer made by Judge Robert C. Cannon to use the civil court jury room as temporary living quarters for herself and her nine children.

Cannon, hearing that the Johnson family was about to be evicted and the children placed in the county home, offered Mrs. Johnson the jury room. He then arranged with the Red Cross chapter to supply 10 cots to equip the quarters.

"I'll not have that family separated," Cannon said. "Surely, there must be a home for them somewhere."

Farm Earning Figure Soars For Projects

WASHINGTON, Sept. 13 (AP)—Reclamation project farming in the west has become virtually a half-billion dollar a year industry, the interior department reported today.

Crops produced on lands irrigated in whole or in part with water from reclamation bureau works had a total gross value of \$135,116,293 in 1945, an increase of \$44,442,257 over 1944.

Reclamation Commissioner Michael Strauss announced. This year's gross value is higher than similar crop values for 1944.

He said that irrigated farms listed for 1945, including areas receiving a full or supplemental water supply under the Warren act, numbered 19,622, and supported a population of 349,854 persons.

The average gross value of crops on reclamation farms last year was \$100.72 an acre, according to Strauss, with the income from orchard lands being several times higher than the average.

The largest single crop gross value was for fruit—\$77,117,787—with alfalfa second at \$54,442,257.

Strauss said that wartime needs during the past year, supported by government payments, brought an increase in the acreage planted to sugar beets. Project farmers harvested 118,078 acres of beets, a 22 per cent increase over 1944.

The total of 1,440,868 tons of beets grown on project farms had a value of \$14,000,522, or \$121.11 an acre. Beet crops added another \$66,508 to the totals. Beets harvested on these farms were 16.7 per cent of the nation's total crop.

Crop values by individual projects during 1945 included: Idaho—\$6,223,007.63; Minnesota, \$5,254,934.

Lightweight Car Output Stopped

DETROIT, Sept. 13 (AP)—General Motors corporation and the Ford Motor company disclosed today that they have halted operations on projected new low priced, lighter weight passenger automobiles.

GM which intended to market the new vehicle through its Chevrolet division announced that preparation for the new vehicle had been halted until the basic materials situation plaguing the industry may permit.

Speculation in trade quarters was that neither General Motors nor Ford would serve plans for the lighter weight car, although GM officials declined to comment on that possibility.

PORTLAND, Ore., Sept. 13 (AP)—Wheat futures and cash grain unquoted. Cash wheat (hard) soft, white, \$1.22; soft white (hardseed) red, \$1.22; white soft \$1.21; western red \$1.21.

Hard red winter: ordinary \$1.21; 10 per cent \$1.21; 15 per cent \$1.21; 20 per cent \$1.21.

Hard white hard: 10 per cent \$1.11; 15 per cent \$1.11; 20 per cent \$1.11.

Today's crop: Wheat 135, barley 81; corn 12; oats 13; milfeed 4.

Opera Singer Tours Nation Via Airplane

NEW YORK, Sept. 13 (AP)—If a parachutist lands in your backyard one of these dark nights, put away your gun. It may be a Metropolitan opera singer.

And she's pretty, too. She was selected as the Met's top "pimp girl" for 1945.

Start Sept. 28

Mezzo-soprano Mona Pauline and her husband, Capt. Dean Holt, air transport command pilot on terminal leave, revealed today that on Sept. 28 they'll jump off by plane on a concert tour covering at least 20 cities in the United States and Canada.

Holt will pilot their AT-6 transport, a two-place, low-wing monoplane, by day and hop aboard the piano stool at night.

Their chief problem will be luggage, because the AT-6 was never designed for road show travel. Miss Pauline, who has sung with the Met for the past five years, may have to carry her scarves in her pocket.

Surplus Plane

Holt is no stranger to planes. He has 3,500 flying hours and piloted a four-engine C-54 on transoceanic runs during the war. He picked up the \$3,000 advanced trainer for \$1,500 at a war surplus sale.

"I'm not worried about the flying," he said. "If we need to, we could land in a field. But I'm a little nervous about giving out on that piano."

Holt led his own jazz band in Los Angeles before Pearl Harbor—where he met and married Brunette Mons— but he had very few chances on flights to India or Paris to keep his fingers nimble.

Each Union Oil employee has a \$38,000 kit of tools

1. You may know how to drill an oil well, but you can't do it with a post-hole digger. You may know how to make gasoline, but you can't make it in a coffee pot. The men who drill oil wells and make gasoline have to have "tools." Otherwise, all their skills would be useless.

2. These "tools" in the oil industry have become very complex. Refineries, drilling rigs, pipe lines and even service stations are far more complicated and costly than they used to be. Consequently, it takes an average of \$38,453 worth of "tools," today, for each employee in Union Oil Company.

3. Now someone has to finance these "tools"—not just for one but for 9,228 Union Oil employees. Very few individuals in this country could put up that kind of money. So we have pooled the money of a lot of people under a legal agreement known as a corporation. That way we divide the cost among 33,938 individuals—called stockholders.

4. These people, who own Union Oil Company, have chosen to put their savings into "tools" that produce gasoline and petroleum products for other people, instead of spending it on goods—such as automobiles and refrigerators—for themselves. For that reason they are entitled to some compensation.

5. They get this in the form of dividends—when the company makes a profit. Last year these dividends averaged \$137.49 per stockholder. In other words, for a very modest share of the proceeds of the business, these owners have "gubstaked" the employees to the "tools" they need.

6. In view of the money required, the only other way oil "tools" could be provided would be through government ownership. But we Americans have chosen to do it under our free competitive enterprise system. For in that way, we can preserve the freedom of the individual, the efficiency of a free economy, and that all-important human incentive—competition.

This series, sponsored by the people of Union Oil Company, is dedicated to a discussion of how and why American business functions. We hope you'll feel free to send in any suggestions or criticisms you have to offer. Write: The President, Union Oil Company, Union Oil Bldg., Los Angeles 14, Calif.

Fund-Raising Canvass Will Open Monday

Organizational plans for a house-to-house canvass of the residential sections of the city to begin next Monday, were completed Thursday at a meeting of the women's committee of the Salvation Army "marching forward" campaign.

The campaign will get under way officially at a breakfast at the Park hotel Monday at which time teams of workers in the city division will touch off a canvass of the business and professional interests. H. G. Lautenschlager is general chairman of the campaign, and Ralph Carpenter is vice-chairman.

The "marching forward" campaign aims to secure funds with which to build auxiliary housing in Twin Falls for the Salvation Army, and a day nursery are included in the structural plans.

A chapel, craft room for boys and girls, sewing room for the ladies of the Salvation Army home league, and a day nursery are included in the structural plans.

"The nursery will fill a long-felt need in the city and will afford day care for the children of working mothers," Miss McCoy believes.

In outlining plans for the house-to-house canvass, the chairman stressed that it may not be possible to complete city coverage, and she appeals to residents to mail in donations in the event they are not called upon.

"The Salvation Army is a very vital force for good in our community," Miss McCoy said, "and from my personal observation as a member of the advisory board for many years, I know the value of its work."

She paid tribute to Mrs. Clara E. Nielsen and to Sister Jessie Clark for the work they had done in the county as well as in Twin Falls.

"These officers are on the go practically 24 hours a day, and I feel they have well earned the building we plan to build," she said.

An estimated 12,000 blind persons in the United States could see again if they could obtain new corneal "windows" for their eyes.

Yugoslavs to Receive More Relief Goods

WASHINGTON, Sept. 13 (AP)—The state department took the stand today that to stop UNRRA relief shipments in retaliation for Yugoslavia's shooting down of American planes "would place us in the position of dishonoring our international commitments."

Valley Sheepmen Consign Rams to Pocatello Event

Frank L. Stephen, R. B. Beatty, A. E. Boone, C. W. Colner and Harry Holmgren, Twin Falls, breeders of purebred alps, are consigning several pens of rams to the fall ram sale at Pocatello, Saturday, Sept. 28.

Other breeders of Twin Falls county who have listings for this sale are Ralph Smalley and David Bethune, Bull; A. Z. Holmgren and son, W. E. McCoy, and L. A. Winkler and sons, Filer.

A large number of rams of uniformly good conformation has been selected for this event. Listings will complete Humphreys, Sutter, Pure Folk-Humphreys, Corridales, Panamas, Columbias and Romeys.

The arrangements are fast shaping up for this 20th annual statewide showing and sale of purebred rams, according to Robert S. Blacklock, Filer, chairman. Coming from 49 of Idaho's well-known and reliable breeders, these 700 rams represent one of the latest showings of purebred alps, he said.

District Nurse Meet
Dorothy Colard, state president and district president of the First District Nurse association, gave report on the national meeting of the American Nurse association, which she will attend at Atlantic City the last of September, at a recent session. The association met in Rupert, Mrs. John Rasmussen gave the welcoming address.

Bertha Wilson, Twin Falls, reported on the National Nightingale memorial fund that is being raised throughout the nation to repair the nurse home in France.

Mrs. Mary Ann Knight, Twin Falls, led the discussion on essential of a good school and students should be chosen who have university rating.

Mrs. Rasmussen stated that she had contacted the deans of the University of Idaho in the past in regard to university affiliation with the Idaho school of nursing but that little would be done until the state legislature appropriates funds for the project.

The committee in charge of the meeting in Rupert included Mrs. Rasmussen, Clara Crowe, Mrs. B. Carlson, Josephine Huntington, Josephine Lynch and JoAnn Dill.

Pythian Sisters
Plans for the visit of Mrs. Dove Simpson, grand chief of the Idaho Temple of Pythian Sisters, scheduled for the Oct. 9 meeting were made at a recent session of the group. A banquet will be given in her honor.

At the local meeting Mrs. C. H. Edred was honored at a surprise dinner party by the sisters. Mrs. Edred is supreme representative of the Idaho Grand temple and Idaho past grand chief, past chief of the Twin Falls temple No. 21 and is now mistress of records and correspondence of the temple.

Her daughter, Mrs. Paul Hiral, Jerome, was a special guest at the session, and was accepted as a new member.

A gift was presented Mrs. Edred by the members with Mrs. D. Hoyer Cook making the presentation. Mrs. E. H. Maher was general chairman of the affair. Mrs. Maher also gave a report on the grand temple held in Water.

Following the dinner the first fall business session was held in the American Legion auxiliary room. Members made tentative plans for a card party scheduled in November. Other fall and winter activities were discussed.

Calendar

The Business and Professional Women's club will meet at 8 p. m. Sept. 15 in the Idaho Power company auditorium. Members are requested to bring prospective members.

The American Association of University Women will hold a luncheon session at 1 p. m. Saturday at the home of Mrs. Kenneth Kahl, 700 Lake Laksa boulevard. This will be a guest day luncheon. All university and college women are invited to attend.

Crowns and coronets originally had no real significance. They were made of leaves or flowers and conferred on the winners in athletic contests.

Women Continue to Capture Blue Ribbon Awards

(Photos and layout by Martha MacNamara-staff engraver)

At the Twin Falls county fair launched into its third day, the women came through with flying colors to receive their share of the honors. Drawing the scarce supply the Maroon Women's club baked cakes and canned fruit that the judges claimed were of this world. They are shown in the picture at the top at the left displaying their feats. They are (left to right) Mrs. Harold Hainline, Mrs. Paul Bandy, president of the club; Mrs. Arthur Childers, who baked the prize winning angel food cake and Mrs. A. K. Reed. Mrs. Blanche Brunet, superintendent of the department, is seated at the table. All reside in Piler.

In the lower left hand corner 4-H girls from the county model their prize winning ensembles. They are (left to right) Jerry Brown, Shirley McCabe and Mildred Malone, all of Piler.

Seeing held a predominate spot in the women's division with Miss Lavinia Wesby, Duhi, and Mrs. John Pater, Buhi, award their awards. Mrs. Ralph Brown, Piler, and Mrs. Joseph Kuera, Duhi, superintendents of the department, check the award status.

Washington school. All teachers of the Jerome district are invited to attend, including teachers at Canby and Pleasant Plains schools. Lincoln school representatives on the general reception committee are as follows: Program, Mrs. Fred Bell, Mrs. Tomlinson, Mrs. Ross Lee and Mrs. Aloys Hoff, refreshments. Mrs. Matt Blanton, Mrs. L. A. Martin, Mrs. Brumet, Piler, is superintendent of the department.

**\$8.40 Set Here
For Small Reds
In Bean Market**

Bean quotations are back on the Twin Falls market. It was announced late last night, as the government advised dealers the new prices, per hundredweight for new crops.

Great's northlans are up \$1.75; small reds, \$2.10, and pintos, \$2 over former prices, said one dealer quoted.

Quotations were Great Northlans, \$6.05, U. S. No. 1; \$7.50, U. S. No. 2

Small reds, U. S. No. 1, \$3.40; U. S. No. 2, \$2.75.

Pintos, U. S. No. 1, \$7.50, and U. S. No. 2, \$7.75.

Last night, said the dealer, "the uncertainty of price controls regulations made it too indefinite to warrant flat quotations on the purchasing price of beans in Twin Falls."
