

Varied Social

Reception Held
Brightly hued fall has swirled fashionably through the Twin Falls Sunday afternoon at a reception honoring Mr. and Mrs. Lucius Hill. The social event was given by Mr. and Mrs. Kenyon Green, parents of Mrs. Hill, who was the former Dahl Green.

Smartly attired in black ensemble, Mrs. Green and Mrs. Hill and their husbands received the guests. A black hat, topped with black feathers, was worn by Mrs. Green while Mrs. Hill's chapeau was a sleek creation of black and white feathers and accented by a veil. They were matching coronas of fall shaded auburn.

Profusion of var' colored gladioli and autumn colored asters decorated the tables.

Soft music was provided throughout the afternoon by Horace Henderson's orchestra.

Fashionably attired, the most notable feature of the Magic Valley women attending the party was their hats. All types were worn, but gay colors and feathers led the parade.

Mrs. Ella M. White wore a frothy bit with delicate lavender flowers and yellow accented by white and pink rosettes. An elegant number of white ostrich feathers on a black frame was flirtatiously tipped over the right eye of Mrs. Miles Brown.

Blush red rosettes and black veiling decorated the hat worn by Mrs. Paul Taber. The tall dark beauty of Mrs. George Whitlock was set in a simple headband with fuchsia and purple blossoms surrounding her face.

Mrs. W. A. Van Engelen wore a beautiful arrangement of mustard colored felt accented by a bright pink.

The two refreshment tables were centered with asters and flanked by ivory tapers.

Freelancing at the silver coffee and tea services were Mrs. T. P. Warner, Mrs. J. H. Seaver, Mrs. Miles Brown, Mrs. W. P. Hailey, Mrs. Asher Wilson and Mrs. James Keel.

Assisting in serving were Mrs. George Whitlock, Margaret Bacon, Mrs. Richard Cook and Mrs. Dan Rogerson.

Mr. C. P. Coggett assisted in arranging the floral decorations.

The former Miss Hill was assigned to a post in the American embassy at Caracas, Venezuela, prior to her marriage.

Her husband Lucius Hill is an executive of the Grace Lines in Lima, Peru.

Pink, Blue Shower
A pink and blue shower was given for Mrs. Robert Black at the home of Mrs. Ed Skinner recently. Mrs. M. E. Holmes was co-hostess.

Pink and white roses and snapdragons were featured in the decorations.

There were 12 guests present. Refreshments were served by the hostesses. Gifts were presented from a table centered by a stork figure.

Squilla Club
Mrs. Lenore Bird was inducted as a new member of the Squilla Club at a meeting at the home of Mrs. Veda Miller.

Mrs. Arline Fuller, president, officiated at the session. Names were drawn for the Christmas exchange. Members voted to have Mrs. Veda Taylor, club reporter, keep a scrapbook of club news and happenings. Mrs. Lucille Wilson gave the treasurer's report.

Refreshments were served by the hostess.

JEROME, Sept. 23—The women of Moose lodge No. 558 will serve dinner at the Jerome Grange "bottle night" providing their menu is acceptable. Mrs. Ivan Nicholson was appointed general chairman of a committee to contact the Grange, at a recent meeting of the lodge women.

Mrs. Rose Handy and Mrs. Nicholson presented the Moose lodge a painting of a moose, the gift of a local artist.

Free Clinic for Hard of Hearing

New "Hearing-Lenses" to Be Demonstrated at Twin Falls And Rupert

D. D. Pariah, experienced Acoustician, will be at the Rogerson Hotel in Twin Falls, Wednesday, Sept. 25, and at the California Hotel in Rupert, Friday, Sept. 27, to conduct a free clinic for the hard of hearing, 10 a. m. until 6 p. m.

Pariah offers his new scientific free diagnosis to anyone troubled with any degree of deafness at absolutely no obligation.

"This personal diagnosis," said Pariah, "is based on results of Acoustician's new 'speech-hearing test' and points out with scientific accuracy the exact nature of a person's defective hearing, just as a scientific eye examination determines the degree of defective vision."

New "Hearing-Lenses" Shown
One of the most dramatic of the many scientific discoveries made during the war was the development called "Hearing-Lenses." These special "lenses" are now being used in a plan perfected by America's oldest manufacturer of hearing aids, to correct almost any type of defective hearing.

The latest development of these "Hearing-Lenses" is in the new Acousticon "Super-Power" Unit, which will be demonstrated by Pariah at the free clinic.

Pariah pointed out that those unable to come to the clinic could probably obtain the free diagnosis and a private demonstration in their homes, by phoning the above home. Private appointments, he said, would be filled in the order received, as far as possible.—Adv.

Cards Leading By Thin Half Game in Race

By RALPH BODEN
Associated Press Sports Writer

"The war of nerves" enters its final week today as the St. Louis Cardinals and the Brooklyn Dodgers race neck and neck down the stretch for the National League pennant.

At the moment, the Red Birds lead Manager Lippy Leo Durocher's Dodgers by a thin half game.

The Cards have six games left to play while the Dodgers have five.

The Brooks begin the important week's play by meeting Manager Ben Chapman's Boston Braves at St. Louis to hook up with the Cincinnati Reds twice and the Brooklyn Dodgers three times before the Boston Braves come in for two games.

St. Louis blew an opportunity to take a strange hold on first place by taking a 7-2 beating from the Cubs before a capacity throng of 42,334 yesterday while the Dodgers split a twin twist tie with the Braves.

Seals Close Season With 4 Game Lead

By The Associated Press

The Los Angeles Angels staved off a threat and wound up in the playoff money with the champion San Francisco Seals, Oakland and Hollywood in the final that other teams are anticlimax of the Pacific coast baseball season.

A Sacramento Seals, with a first division, came within half a game of fourth-place Los Angeles yesterday as they defeated the Oakland Athletics 5-2 in the opener of a double-header. The Angels lost their first game to San Diego 2-1.

Nightcaps reversed the tables, with the Angels dashing Sacramento's hopes 6-3, and Los Angeles adding the clincher with a 2-1 victory over the San Diego Padres.

The 120,000th Pacific coast play-off opens Wednesday, San Francisco Seals, who clinched the pennant Saturday, play host to third-place Hollywood, and runnerup Oakland goes to Los Angeles. The winners of these seven-game series will battle for the cup.

San Francisco finished on a victory note, edging out the Portland Beavers 7-3 after dropping the first game of a twin bill 3-2.

The split enabled San Francisco to finish with a four-game margin for the flag with the Angels.

The Seattle Rainiers edged into the playoffs for company in the league cellar by defeating the Hollywood Stars 9-0 and 1-0.

PITTSBURGH, Sept. 23 (AP)—Manager Bill McKechnie of the Cincinnati Reds and the club's best player for nine years today at the parting of the ways today but the quiet-spoken, silver-haired baseball veteran said he wouldn't know whether he was through now or at the season's end until after a conference with General Manager Warren Giles.

THE NED DAY WAY NO. 7: Curve Effective on Polished Alley

By NED DAY
(With the NED SERVICE)

Usually executed by a slow-hand bowler, the curve is more effective on a highly-polished alley.

This type of ball must be played from near the center of the alley than the hook, and rolled toward the gutter, allowing the ball to curve into the one-three pocket.

"This is done by holding the ball with the wrist turned slightly in,

Mary Gilkey Tops Bowlers For First Week

Twin Falls 1946-47 bowling season was inaugurated last week with five leagues, instead of the customary three, in competition. The increase was in men's circuits but didn't keep a woman, Mrs. Mary Gilkey, from compiling the top average for the week—101, rolled in the Magic City circuit.

She topped Al Westergaard and Fred Stone, the leaders, each with 100 in the Major and Commercial leagues, respectively. Johnny Hiest, pacemaker in the Minor league with 105, and G. Huston, who was in front in the Merchants league with 102.

Feller Charges Lack of Support In Hurling Duel

CLEVELAND, Sept. 23 (AP)—Bob Feller, Cleveland's great right-hander, charged today for any help in his attempt to set a new major league strikeout record, but he thinks he'd have a better chance if the opposition—and his own teammates—would cooperate a bit more.

After coming out on the short end of a 3-0 hurling duel yesterday with Detroit's Hal Newhouser in the season's first clash between the American league's two top pitchers, Bob had two clubhouse complaints.

One was that the fans, instead of cutting normally at his offerings, was punching at 'em in a deliberate attempt to prevent him from breaking Babe Waddell's listed record of 343 "whiffs."

The "beef" concerned the inability of his mates to garner some runs, which he said made it easy for the front-running opposition to succeed at the punching strategy.

Feller said he had all his "stuff," felt as strong as ever despite his tough mound schedule, and insisted he had pitched some of his finest ball in his last four games despite his comparatively low strikeout crop over that stretch.

Americans eat ten times as much shrimp as lobster.

Production of Cars Stymied By Shortages

By DAVID J. WILKINS
DETROIT, Sept. 23 (AP)—The nation's car industry has a lot of unused production capacity, and from recent indications it will continue to have it for a long time to come.

The excess capacity, of course, results from the vehicle manufacturers' inability to come anywhere near their original postwar output schedules.

Nearly 15 months after peacetime production was resumed in the automotive industry many auto makers still are reviving their original schedules downward.

Output Uncertain

Nobody is so close to the industry can say with any certainty whether the nation's output will total 2,000,000 or 3,000,000 passenger cars.

One of the questions provoked by the idle production capacity and a year of profligate operation, is what the effect will be on the industry's overall expansion and rehabilitation program.

When the program first was projected some months before the war's end it totaled in excess of \$1,000,000,000, including close to \$500,000,000 by General Motors, \$250,000,000 by Chrysler, and \$250,000,000 by Ford.

Undoubtedly the industry will go through with most of the program, although it will be implemented over a much longer period than originally was intended. A stable part of the scheduled outlay has been withdrawn by changes in planning, including the delaying by General Motors and Ford of preparations for the production of new, lightweight cars.

Fund earmarked

Something in excess of \$100,000,000 is believed to have been earmarked for the two new car divisions.

Although General Motors has said its light division is being kept intact, trade sources generally believe it will not be used within the next year or two, if at all.

Among the larger projects that definitely are to be carried through, according to press statements, are the proposed huge engineering and technical research centers already announced by General Motors and Ford. Work on these multi-million dollar undertakings has been delayed because of construction material shortages.

Uncertainties regarding production costs and materials availability figured in the GM and Ford decisions to halt their light car planning.

Who First Said It? We'd Like Really to Know

Now we're confused.

Following much research on an old copper coin carried as a pocket piece by J. P. O'Brien, local pharmacist, the Times-News printed a story about same.

Efforts to trace a legend on the obverse of the coin, "Mines for defense but not one cent for tribute," revealed that several historical sayings attributed the words to Ambassador Charles Carroll Pinckney in 1797.

Other references credited the saying to Robert Goodloe Harper, a southern statesman, active in Pinckney's time.

Now P. C. Smith, Glens Falls, N.Y., writes: "That ain't the way I heard it. Smith goes on to say that he was under the impression that the saying was for defense but not one cent for tribute," originated with Stephen Decatur at the time the United States decided to get tough with the pirates of Tripoli—an issue settled decisively by the U. S. navy.

Smith thinks the saying came into being when the pirates demanded ransom for captured American sailors.

However, inasmuch as the battle of Tripoli took place in 1810, 18 years after Pinckney for Harper were supposed to have said "Mines for defense, etc.," it is more likely that Decatur quoted the phrase, rather than coined it; but we return to ideas on the subject.

Banquet Tonight Opens Campaign Of Concert Unit

A week-long drive for membership in the Community Concert Association will be launched at a kick-off dinner at 7 p. m. at the Park hotel today, according to Joe Kimball, chairman of the campaign.

The dinner will be for members of the executive board and personnel of the campaign, Kimball said.

Headquarters have been established in the Chamber of Commerce office and applications for membership are being received. Kimball pointed out that for the time being only membership renewals are being accepted because of limited seating capacity at the high school auditorium.

Kimball said that no concerts have been scheduled in Twin Falls yet, but that after the membership drive is completed, the concert program for the winter will be arranged.

Mrs. William Middleton is general chairman of the membership drive and Charles Shirley is president of the Community Concert association.

Police Court Has Busy Week-end

Although last week-end got off to a rough start, the situation was well under control Monday with two men having paid fines, four more in the city jail and two out on appearance bonds.

Donald Guthrie, 22, Colorado, and Emil G. Hebb, 34, Twin Falls, were arrested at 5:30 p. m. Saturday on a charge of disturbing the peace while fighting at the rear of a pool hall. Monday morning, they pleaded guilty before Municipal Judge J. J. Humphrey and were fined \$10 each and ordered to pay the \$3 costs between them. Supper of their liquor for a period of one year will be recommended.

Melvin Johnson, 35, Waterbury, Conn.; Frank C. King, 45, Kansas City, Mo.; Travis T. Goyer, 35, Nebraska, and Joseph Hendrick, 44, Twin Falls, each was fined \$10 for intoxication. None was able to pay and all have been committed to jail and two-child days in the city jail.

Cresley V. Walker, 27, Twin Falls, and William P. Anderson, both of whom were arrested on drunkenness charges, posted \$15 bonds and were released.

6 Local Shooters Get Certificates

Recognition in the form of certificates from the National Rifle Association on the basis of scores fired in local competition has come to six members of the Twin Falls Rifle and Pistol club.

Certificates for expert ratings have been awarded to Dena Dunham, Paul Duvaan, Louis Hull and Vern Grimm; while those awarded sharpshooter honors are Thelma Hull and Dena Duncan, according to Joe L. Roberts, rangemaster.

Also announced is that the newly-organized American Legion pool No. 7 Gun club will be a guest of the Twin Falls Rifle and Pistol club in the shooting gallery at 7:30 p. m. today.

Hearing Set Tonight On Status of Block

Among business on the agenda of tonight's Twin Falls city commissioners' meeting will be a hearing on the proposal to bring the south half of block 99 into the business district.

This is the property recently purchased by Sears, Roebuck and company for establishment of a store here.

Time for hearing to start is 7:30 p. m., at which time any persons wishing to express an opinion on the proposal may appear.

WHEN THE GOVERNMENT SAYS "NO!" THEY MEAN JUST THAT

CPA wasn't kidding when they said "NO NEW CONSTRUCTION FOR MITCHELL HUNT MOTORS." With no chance to build and no facilities available for rental, things really look tough for Mitchell Hunt Motors.

We aren't DISCOURAGED—Just REALISTIC. You can SELL anything with wheels today right off a vacant lot—but you can't SERVICE new cars without adequate facilities. THAT we wouldn't attempt to do even with such fine products as the new KAISER and FRAZER autos and FRAZER farm equipment.

Our southern Idaho friends deserve the finest service to warrant their purchases. Since we are unable to secure facilities to give that service

IT IS OUR DECISION TO RELINQUISH THE KAISER-FRAZER FRANCHISE

Although Mitchellv Isn't Open for Business It Is Open for Propositions

MITCHELL HUNT MOTORS, INC.

dreft GIVES YOU Faster, Brighter, Safer cleaning!

THAN ANY SUDS BEFORE IN HISTORY!

Dishes Shine Without Wiping!

It's a Fact! No soap ever made can perform the dish-washing miracles that Dreft can! It makes dishes positively gleam without wiping.

No Streaks! For Dreft leaves no streaks or cloudiness the way all soaps do. Even glasses sparkle—without touching a towel to them! And Dreft is kind to hands!

Brighter Lingerie!

NO SOAP-FADING! Dreft is milder to colors than any soap or soap flakes in the world. There's no soap alkali to cause fading. Dreft suds will keep your dainty colored slips and blouses brighter and fresher than any soap could ever do!

Stockings Wear Longer!

LOOK LOVELIER THAN WITH ANY SOAP! Dreft leaves no soap film to heavy-up hose and cloud their beauty. And colors stay fresh far longer than with any soap.

No wonder your precious stockings look lovelier, wear longer, with nightly Dreft-washing!

Works Wonders
no soap in the world can match!

- No Soap-Fading! For the first time in history Dreft made it possible to wash stockings, lingerie, woolens—knowing that with Dreft there's no alkali to cause fading.
- Instant Suds—More Sodal In cool water, in hard water—Dreft suds come billowing up instantly. And Dreft suds last so long!
- Clear, Clean-Rinsing Sodal! The first suds ever to leave no streaks or residue—no dulling film on your pretty silks, cottons, woolens.

No Washed-In Coarseness!

NEW WOOLENS WASH SOFTER, FLUFFIER THAN EVER BEFORE!

Woolens are a joy when washed with Dreft. No soap deposit to coarsen woolens and dim their colors. Your lovely new sweaters, blankets and baby things wash softer and fluffier than with even the most expensive soap flakes.
