U.S. Training Plan to Face Rugged Trial

WASHINGTON, Oct. 3 (AP)—Rough going in congress for the army's revised universal military training plan was predicted today by key legislators.

Most of the few lawmakers in Washington sided away from open comment on the controversial issue—just as they usually have in the past.

Hot Debate Looms
But nearly all those who would discuss the bill and its allies agreed that many a hot debate would break out over the problem once congress resumes business last January.

The controversy was reopened yesterday when Secretary of War Patterson outlined the revised training plan to the American Legion convention at San Francisco.

His proposal, in general, called for:

1. A year's training for all physically fit youths between the ages of 18 and 20, with six months of it in military camps and the remainder available in seven alternatives.

2. Trainees to be civilian, rather than military status, thus being under a special code of conduct and responsible to a civilian organization, such as the present selective service system.

3. The Legion promptly issued a statement declaring it believed a mandatory four-month period in camps was adequate, with the balance of the year spent in alternative training procedure.

Senator to Speak Today at Gooding

GOODING, Oct. 3.—(AP)—Republican leader spent several hours in the city today, en route to attend a party rally here tonight when Sen. Kenneth S. Wherry, R., Neb., will deliver the main address.

Wherry will come here by plane today from Pocatello. He will address a luncheon in Blackfoot this noon.

Branch Bird, chairman of the Gooding Citizens' Republic, a central committee, said Wherry would discuss "the dominant issues of the campaign."

Taylor Denounced At Jerome Meet

JEROME, Oct. 3.—A. Larson, Col. of the Idaho National Guard, was principal speaker at a county Republican rally last night presided over by Mrs. H. E. Prandoni, president of the Jerome county Republican women's club, the sponsoring organization.

More than 100 were present to hear Colton denounce "Senator Olsen Taylor as one of the leading Democrats most loudly cheered at the recent New York speech of ex-cabinet member Henry Wallace."

He further stated that "Taylor's picture appeared with leading communists in a layout recently published in the New York Telegram."

Introductions were made of county Republican candidates up for reelection, including: C. P. Smith, county assessor; Nellie Roberts, county superintendent of schools; Albert L. Johnson, Claude Emerson, county treasurer, and Probate Judge William G. Conkling.

John Holt, county clerk, made a public address for the legislature, also spoke briefly on the "inadequacy of raising for inmates of the state mental and penal institutions."

Moving, Addition Planned by Three

Three applications for building permits were filed Wednesday at city hall. W. N. Skinner, 426 Main avenue north, intends to move an 18 by 24 private garage from 440 Main avenue north to a new site located in the east portion of Dettler's addition.

Along with the addition of a 12 by 12 shed, this change will cost an estimated \$400.

A 23 by 30 frame dwelling now at Piler will be moved to Sidney street near Diamond avenue, according to plans made by Mrs. Eva Miller, 444 Fourth avenue west. Operation will cost about \$400.

A. R. Kounick, 441 Harrison street, asks permission to add a 12 by 18 room to his house at a cost of \$200.

Service Held for Homer L. Benedict

Funeral services for Homer L. Benedict were held at 3:30 p. m. Wednesday at the Twin Falls mortuary chapel with Dale Wakem in charge of the rites.

Mrs. Nellie Orin presented two vocal selections. Pallbearers were W. E. Dye, F. J. Sullivan, Roger Lewis, Brodie Barnhart, Ed. Gaton and Leroy Fox. Interment was in Twin Falls cemetery.

TIRE STOLEN

Theft of a spare tire and wheel from his car while it was parked in front of 235 Third street east had been reported to Twin Falls police by Gilbert McCarter. The tire is described as 60x10, and was mounted on a red wheel.

Magic Valley Funerals

TWIN FALLS—Funeral services for Frances J. Carder will be conducted at 3:30 p. m. Friday at the White mortuary chapel with the Rev. Albert Parrett, Methodist minister, officiating. Interment will be in Twin Falls cemetery.

TWIN FALLS—Funeral services for Eugene Mays will be conducted at 3:30 p. m. Friday at the White mortuary chapel. Interment will be in the Sunset memorial park.

Trade Name Listed
A certificate of assumed name for "Brown's Tie and Lumber company" was recorded Wednesday at the courthouse by Guy P. Brown, Ida H. Brown and Warren H. Brown, McCall.

Machine Held to Be Device Used in Gaming Here
Probate Judge S. T. Hamilton said Thursday a hearing on an electrically-operated slot machine seized in Twin Falls Sept. 20 indicated it was a "gaming device," hence subject to disposition by the court.

Judge Hamilton said he was drawing up an order regarding the machine, which will be entered today as the official record of the case.

Also up for disposition will be \$730 in nickels which were found in the machine. The device, seized by Sheriff W. L. Miller, was listed as a "Keeney's bonus super bell slot machine" in court records.

Lawyer appeared for the machine yesterday, but the machine's "registered owner," Mark Jensen, did not appear, said the judge.

It was pointed out that the action to be recommended in probate court is subject to appeal, and actual disposition on the device may be delayed for a 30-day period.

Gooding to Hear Crash Driver, 16

GOODING, Oct. 3.—Arraigned on a manslaughter charge in Probate court here Wednesday was LeRoy Stupe, 16, Jerome, driver of the car in which Stanley D. Farebee, 16, Street Home, Ore., was riding when he was killed in an accident last Sunday night five miles north of Jerome.

According to the accusation filed by State Patrolman John Letter, the youth was driving the car in such manner while under the influence of intoxicating liquor in the manslaughter accusation.

Rupe requested a hearing at 2 p. m. Saturday and was remanded to the custody of the Gooding county sheriff. Bail was set at \$2,000.

Rain Makes Light Market at Auction

The cattle market was "steady to stronger" as only 780 head changed hands at the Twin Falls Livestock Commission company sale Wednesday. Tom Callen attributed the light marketing to the recent rain. Heavy trucks were unable to travel out of the country, he said.

Steers: 2-year-olds sold for from \$16 to \$17.20 per hundredweight, yearlings from \$15.00 to \$17.10, calves from \$13.80 to \$17.10.

Cows: choice marketed at \$13 to \$14.80 per hundredweight, good from \$11.75 to \$12.75, common from \$9.10 to \$11. feeders from \$9 to \$11.70.

Hedgers: choice from \$18 to \$17.10, good from \$16.50 to \$16, feeder from \$13 to \$14.90.

Bulls were marketed from \$10.50 to \$13.25, and yearlings from \$12 to \$13.25.

Judge Denies Citizen Pleas Of 4 Officers

WASHINGTON, Oct. 3 (AP)—Secretary of State Byrnes' personal pilot and three other Vought pilots who are now serving as U. S. army officers, have lost their plea for an immediate grant of American citizenship.

Their applications were turned down yesterday by Federal District Judge Henry Schweinhaut after government attorneys opposed naturalization as a precedent that would open the way for admission of 100,000 aliens who entered American armed forces overseas. Schweinhaut said he would give the applications further study.

Sick Stepanovich, East Chicago, Ind., counsel for the applicants described them as "men without a country," saying they do not want to return to Yugoslavia. He said they were trained as pilots in the United States, operated with 12th air force and in August, 1945, were given American army commissions.

They include Capt. Vojislav N. Skakich, 37, now personal pilot for Secretary of State Byrnes.

Plats Graphed for County Townsites

For the past three days, George A. Childs, Twin Falls county assessor, aided by his deputy, Robert Haller, has been platting the cities and villages of the county at the request of the state tax commission.

Plats, now finished of the unusual townships of Kimberly, Murphree, Castleford, Hansen, Elmer, Bull and Twin Falls complete with property evaluations will be mailed to Bruce Floyd W. Neale, Twin Falls member of the commission, and Wednesday night that the "graphs" along with their return every county in the state, will be in comparing property values in one part of the state with those in another and in drafting new legislation.

"At present we are obliged to place all urban property in the same 'city' class," explained Neale, "which means that a rise in evaluation of property in a growing city means a rise in evaluation for all villages or even ghost towns in the same county."

"For that reason, we are planning legislation to permit us to place villages in one class, cities in another," he said.

Hay Baler Sues for Collection of \$151.80

Claiming he baled 1012 bales of hay, Penelton filed suit for collection of \$151.80, plus other costs, against Charles Bailey in district court here Wednesday.

DeFord also seeks \$8.50 costs for alleged the rate was 15 cents per bale for his labor June 21 and 22, 1946, on Bailey's farm five miles northwest of Hansen.

DeFord also seeks \$8.50 costs for hiring a farm laborer's lien, \$200 attorney fees and costs. His attorney is Earl E. Walker.

Action Over Crash Continued for Week

The trial of William F. Thoren, 26, Procter, originally set for Wednesday, was continued until 2 p. m. Wednesday, Oct. 2, in the court of Probate Judge S. T. Hamilton. The charge is a misdemeanor, reckless driving, to which Thoren has pleaded "not guilty."

The motion for continuance was made by Everett M. Snowley, county prosecutor, W. L. Dunn is Thoren's attorney.

The charge concerns a two-truck crash four miles south of Hansen Sept. 23, in which Merle Kemp, Hansen, suffered the loss of an arm.

Of the \$333,000,000,000 spent by the United States on World War II, \$20,000,000,000 went into the Italian campaign.

Leguineche Given Blast Over CVA

In a speech entitled "Water, Water Everywhere, but Not a Drop for Pete," delivered at the open forum broadcast Wednesday evening, A. Larron Colson, moderator, lashed at Pete Leguineche, Boise Democratic candidate for second district congressman, and a supporter of the proposed Columbia valley authority.

"Leguineche has affirmed that he can find nothing wrong with Henry Wallace's stated political philosophy," he declared, "and Wallace, who is advocating the establishment of the CVA, is the very man who advocated the burning of crops and the killing of pigs."

In conclusion, he said: "There is water, water everywhere under this principle of free enterprise, but not a drop for Pete under CVA."

2 Youths Surrender Driving Privileges

Thirty-days suspension of driving privileges was ordered Wednesday for two youths, 16 and 17, who appeared in the juvenile division of probate court, said Judge R. T. Hamilton.

The charge involved the damaging of rural mail boxes, said the judge, adding that the damage apparently had been repaired.

2,4-D Given Clean Bill in Cattle Death

Although Twin Falls county farmers have blamed herbicide 2,4-D on certain cattle and sheep deaths, John N. Grimes, county weed bureau director, reported Wednesday that USDA scientists have discovered no foundation for this charge, after careful experiment.

Two different tests were made.

In the first, a pasture was sprayed with a quantity of the weed-killer double that usually recommended. Cattle and sheep grazed there willingly, showed no symptoms of discomfort nor evidence of any unusual condition when later slaughtered.

The second experiment consisted of a booklet containing the opinions of famous doctors on this interesting subject will be sent FREE, while they last, to any reader writing to the Educational Division, 251 Fifth Ave., New York, N.Y., Dept. K-319.

Berlin Butter Plane Arrives At Right Time

WASHINGTON, Oct. 3 (AP)—An army transatlantic plane winged into Washington with half a pound of butter from Berlin, just in time to save...

1. The army's reputation.
2. That of Secretary of War, D. H. Clegg, and the Old King Coal Victory cavalcade, opening at West Frankfort, Ill., today, and celebrating the achievements of the coal industry.
Back in August, it seems, the folks in West Frankfort decided they wanted some German ersatz butter, made from milk, to exhibit at their festival. They asked Lucas to get it.

Lucas asked the army.
The army said, "Sure," and promised five pounds.

The shipment left Berlin Sept. 25 but something happened and it got lost in Paris.

For three days, Lucas' staff has been in a dither.

But at 4 P. M. (EST) it dashed one of the staff who had been waiting at the war department. He had the butter.

Lucas himself took charge of unwrapping.

"Here," Lucas hinted. "The pilot must have sat on it all the way." Still, it was enough to get the butter to constituents and he re-wrapped it for air mailing to West Frankfort.

P. S.—Lucas said to be sure and say no government expense was involved—that the army plane was flying anyway, and he paid the air mail to West Frankfort.

2 Out of 3 USES Referrals Hired

Two out of every three persons who were referred to a job by the Twin Falls office of the U. S. employment service during September were hired, according to figures released Wednesday by A. J. Neeka, manager.

There were 939 referrals to jobs during the month and 512 were hired. Of the referrals 536 were veterans, 73 were women, and 40 were handicapped.

Of the referrals 202 were in agricultural jobs, of which 185 went to veterans. Twenty-five handicapped persons, including 22 veterans, were placed in jobs during the month.

Job openings met total 221, including 40 agriculture jobs, while 67 applicants are seeking jobs. UNES officials explained that the applicants don't fit the job demands of the openings.

Of these unemployed, 29 are veterans and 25 are disabled veterans. A total of 2,612 office contacts were made during the month, which resulted in 35 new applications for jobs. Eleven were veterans, 12 were women, and eight were handicapped workers.

Vets Warned of GI Bill Deadline

Approach of the Oct. 3 deadline marking the last day upon which recruits in the army may take advantage of the full provisions of the GI bill of rights was brought to the attention of all prospective enlistees in Magic Valley by Lieut. George P. Claxton, army recruiter.

The provisions also apply to enlistments in the marine corps and navy.

After this deadline the GI bill of rights provisions will apply only for the duration of the emergency and will cease upon official termination of the war.

This means that those who enlist after Oct. 3 will be granted those rights only in proportion to the time they have served before the official termination.

Dueling as a court of last resort was abolished by the Icelandic parliament in 1906.

Won't Back CVA if Water Rights Harmed, Says Patton

PATTON

Although nationally the National Farmers Union is for the establishment of valley authorities we wouldn't support a valley authority in this area if it would abrogate the water rights of the farmers."

James C. Patton, Denver, Colo., national president of the farm organization declared in an address at a meeting here Wednesday evening.

He rapped at the colonists of the United States and declared that the "pent-houses and skyscrapers of New York are built from money received from raw materials in the west. He urged the development of low-cost power in the Pacific northwest to attract industries to this area."

But Patton and Lieut. D. Ralph Joplin, Mont., vice-president of the National Farmers Union, addressed about 100 farmers and outlined tentative plans for pushing a membership drive in Twin Falls county.

In Colorado State, Patton pointed out that the Pacific northwest is in a colonial state—growing raw materials, shipping them to the eastern industrial area, and reshipping the finished goods to the west.

"It's time to build industries in the Pacific northwest to avoid paying high freight rates on these shipments," he asserted. "Whenever you have low-cost power you bring in industry."

Patton declared that farmers' problems throughout the world have been the same and that "it is time that we realize that the world is getting so small that mankind is faced squarely with the problem of learning to live with his neighbors."

Patton urged the establishment of a world agreement to control atomic energy and "bug bombs."

"We should attempt to eliminate an economy of scarcity which in turn leads to economic warfare and ultimately war," Patton said. "Farmers invariably get whipped when they try to make an economy of scarcity work."

Urges Development
He urged the development of backward countries with long-term loans to develop them industrially to raise the standard of living and develop markets for American agricultural products. He asked that the war food board stabilize food prices to the stabilization of currency and that the people of the world have enough income to eat up any agricultural surplus, instead of depending upon support prices.

"Depression and boom periods are built-made and the National Farm Union believes that these cycles should be eliminated," he said. He urged a nation-wide hospitalization program and recommended federal aid to education. He suggested establishment of a national farm relations board similar to the national labor relations board and requested that farmers get agricultural prices a year in advance.

"The National Farmers Union here if the farmers want it," Patton told the group.

He pointed out that the majority of National Farmers Union members in the Missouri valley favored the Missouri valley authority, but declared that the organization's stand on Columbia valley authority would have to be determined by the local chapters in this area.

Personally, for the valley authorities but I don't make the policies of the organization," Patton stated.

Ralph pointed out the national needs of a farm organization to coordinate the farm interests of various types of farmers throughout the country and declared that most farm organizations are built on the promotion of one commodity. He declared that the three-point program of his organization is education, co-operation and legislation.

The National Farmers Union leaders will make their headquarters in Twin Falls for more than a month in conducting a six-county campaign for membership in Magic Valley.

Also assisting with the organization here are N. H. Ham, Denver, Colo., national field representative.

Labor Costs To Be Added On Auto Bills

Upward revision of job-rates to customers of garages where necessitated by rising labor costs is provided for by a new OPA regulation, it was explained to a group of 38 businessmen from Twin Falls and nearby communities by V. M. Hatfield, Boise price specialist on machinery, at a meeting in Twin Falls OPA office Wednesday night.

Previously, Hatfield indicated, the OPA had "taken care" of adjustments in prices of materials but this new ruling is necessary to balance apportioning.

Cost of this supplementary service regulation is that a dealer may increase his charges on repair work and general mechanical overhauling of cars and farm machinery, after obtaining OPA approval, when the either must or wishes to raise the wages of his mechanics.

This ruling was made in an attempt to adjust the automotive industry's income to the "steady increase in labor costs since 1941," according to Hatfield.

Wage regulations under OPA don't apply to garage operators who employ less than eight mechanics, Hatfield pointed out. Only firms hiring more than that number of workers must obtain a wage approval from the war labor board, he asserted.

Mayor Proclaims Handicap Week

Mayor Bert A. Seel has proclaimed Oct. 6 to 12 as "Employ the Physically Handicapped week" and called upon all employers, civic organizations and citizens to assist in employing disabled veterans and other handicapped persons.

The proclamation points out that many persons, including veterans during the war, deserve self-respecting jobs in which they can make useful contributions to the community, state and nation, despite physical handicaps.

The official further urges that all employers place their job orders with the U. S. employment service so that such workers may be given an opportunity to prove their value.

30 Safety Patrol Youths Sworn in

Glenn (Safety) Davis, the Jack Simpson school of safety foundation representative, swore in 10 student safety patrolmen each at Washington, Bickel, and Lincoln schools Wednesday.

In his talks, amplified from a sound equipped automobile, he emphasized the need for bicycle riders and roller skaters to keep their wheels and skates out of business firm doorways and off downtown sidewalks.

Accompanying him were Carl Cameron, Joplin, Mo., representing the 500 blind persons in the state, and Orville Reinhold, local traffic officer.

Davis is supplying over 1,100 red and white patrol caps to southern Idaho schoolboy patrolmen, and 30,000 aluminum safety medallions to all grade school pupils qualifying as Idaho "safety soldiers."

He installed 14 patrolmen at Glens Ferry, 14 at Gooding, and 20 at Shoshone Monday, and he will be in Buhl and Castleford Thursday, and Burley and Rupert at later dates.

OLYMPIC SKI TRIALS WILL BE HELD AT SUN VALLEY

THE NED DAY WAY, No. 8: Backup Calls for Cross-Over Shot

By NED DAY
Fire Time Match-Gun Champ
With the thumb pointing at the object, the back-up of the skier is released with a twist from left to right, which puts a reverse spin on the ball.

In throwing this type of ball the arm on the backswing will carry out away from the skier, instead of close in as in the hook delivery. The action is just the reverse of that used in the hook or reverse.

It is necessary to play a solid pocket or a cross-over hit, the one-two, with the back-up.

Playing for the one-three pocket, the ball should be directed from the right corner, thrown directly at the head pin.

Three playing for the one-two pocket, the ball is even farther to the left of the head pin in order to bring the ball into the cross-over pocket.

NEXT: How to play alleys.

Albion Lineup Like All-Star Valley Eleven

By "SCRAPPIE" TAYLOR
ALBION, Oct. 3.—Coach Gene Cooper's Albion Normal eleven with one victory under its belt will depart for Lewiston where they will meet the Lewiston Normal Loggers Friday night.

Coach Cooper was pleased with his squad's line showing at Boise where they beat the Junior college, T. B. Bell, former Harley high school star, was one of the reasons why the Panthers desired the scrappy Druggers. His ability as a passer and broken field runner brought him many praises from Cooper.

Another standout was Glen Englekirk, Albion boy who captained the last normal team in 1942 to a successful season. His long kicks were one of the main factors why the capital city team wasn't a source of a threat throughout the game.

Eugene Bledsoe, former Bull team, figured largely in the victory. Eugene, former Harley high school great, played a star role at the blocking back position.

The Walker line, Jimmy and Johnny showed promise of being a tough understudy.

Coach Cooper, another Bull boy, took a heavy beating and it is doubtful whether he will be in the lineup for the Lewiston game.

Others showing well were Cecil Vinn, 200 pound center and Cecil Vinn, 200 pound center and Cecil Vinn, 200 pound center.

The probable lineup for Lewiston was:

Pos. Name Home Team
E. Bledsoe, Bull
G. Englekirk, Albion
J. Walker, Albion
J. Walker, Albion
J. Walker, Albion
J. Walker, Albion
J. Walker, Albion
J. Walker, Albion

Coach Cooper has plenty of power in players like Ray Stoddard, Lava Hot Springs. Other reserves will be: Compton, Kuna, center; Gamlin, Shoshone, right end; McNitt, Kuna, left end; Thompson, Oco, right guard; Dlass, Bull, left guard; Todd, Ruby, right tackle; Watson, Dietrich, full back; Hall, Bull, quarterback back; Rager, Rupert, right guard; Rodig, Bull, center; McEwen, Downey, right end; Jack Boden, Dayton, left half; Lloyd Drury, Bull, is the manager of the team with Johnny Wright, Twin Falls, acting him.

2,000 Deer Bagged in First Five Days of Minidoka Hunt

PILEL, Oct. 3.—Two thousand deer were killed in the first five days of the Minidoka forest special hunt, according to Clive Davis, Pilel conservation officer who returned yesterday from the hunting area. However, the special hunt "take" contains 2,000 deer and Davis declared the hunting was still exceptionally good.

A heavy snow has fallen in the forest but this should make the hunting of deer easier, the officer said. Davis said that the regular deer hunting season would open Saturday. The Magic Valley area open is Blaine county. Overly county is closed, different than in other seasons.

Those fans who like wide open football—and that means nearly all of them—will be given a treat at the Lincoln stadium Friday night when the Pocatello Bannocks play Coach Hank Powers' Bruins in what may prove the No. 1 gridiron contest of the season here. That was Powers' prediction today as he prepared his Bruins for the Big Six battle.

The Pocatello team is about the most daring aggregation that has been in the Big Six conference in a number of years, declared Powers. "They really take chances, and fill the air with footballs."

The Bruins are led by the quarterback who can connect with both long and short passes. "I believe we can stop them on the ground but in the air I'm not so sure," he stated.

Extra Playoff Blamed for Injury to Red Sox's Star

BOSTON, Oct. 3.—Manager Joe Cronin of the champion Red Sox today called for the best of any major league team's play-offs in the future to one game. Cronin, who is having headaches trying to keep his Red Sox keyed up for the world series, said a lesson could be learned from the injury to Ted Williams in an exhibition game with the American league last Tuesday, which the Sox won 2-0.

Williams, who suffered a bruised right elbow after being hit by a pitched ball, was reported recovering sufficiently so that he would be ready for the blue-ribbon classic.

But, Cronin admitted, Williams' condition might never have been hurt if the Dodgers-Gordons play-off had been held to one game.

Brooklyn and St. Louis weren't to even their three game exhibition series at one victory apiece.

Williams' injury was a result of a pitched ball, which was reported recovering sufficiently so that he would be ready for the blue-ribbon classic.

Downhill and Slalom Competition March 7-8

SALT LAKE CITY, Oct. 3 (AP)—The 1947 U. S. Olympics downhill and slalom ski trials will be held at Sun Valley, Idaho, the Intercontinental Ski association was informed today. Don Reddish, president of the group, said the national ski association wrote him saying the two trials would be in Idaho while Seattle would get the ski jumping runoffs.

The Sun Valley trials will be held March 7-8, Reddish said. The Seattle events will be held March 17 and 18.

Reid, also chairman of the Utah centennial sports committee, said Utah had bid for the ski jumping trials for Ecker hill, but the final pool showed Seattle the favorite.

Utah has already won the right to hold the United States downhill and slalom ski championships for 1947.

Coach Hank Powers' Twin Falls Bruins may not win the Big Six conference championship, but he's got his rival coaches worried, especially those up at Boise, where Braves were slated to have a walk-away for the title this season.

That's the news that Ye Old Sport Scrivener is hearing and no longer are the rival San Uredion high a free ride into the league's throne room.

The game here has been down for three seasons, but that does not mean the rival schools' fear of him. They've learned that never is to be taken lightly even when the showing of his teams indicate that they should. As a matter of fact, old Hank is even more respected throughout the Big Six than in his home town.

This season the Bruins are showing a scoring punch and it's that which is causing the jitters. His rivals know that with anything at all the veteran is dangerous.

Teachers for State Told to Unite on Pay

LEWISTON, Oct. 3 (AP) — Idaho teachers will continue to get "shoe-string salaries" unless they band together and tell state legislators what they must have in the way of minimum salaries, State Superintendent of Public Instruction G. C. Sullivan, Boise, said here.

Sullivan made the statement during a preliminary meeting of second district Idaho Education association educators and trustees, gathered at Lewiston for Thursday and Friday convention.

"Finances of Idaho's department of public instruction are so strait that department officials may not make long distance telephone calls or wire replies in conducting its business," Sullivan said.

He added that many additional tasks have been imposed on the office of state superintendent of public instruction and said nothing has been done to increase "the shoe-string budget."

"Because of insufficient funds, boys and girls in Idaho are actually suffering," he declared. "We can't get equipment and better type education."

The superintendent asserted that the equalization law, which combines and equally distributes tax money among all schools in the state, will be "a farce" unless more funds are allotted for educational purposes in Idaho.

100 Attend King Hill Grange Meet

KING HILL, Oct. 3.—About 100 persons attended the Grange night program of the King Hill Grange recently. A display of farm produce and canned goods was exhibited.

Mrs. Emma Gensung offered a vocal solo and Wilma Jones and Mrs. R. C. Marnech each played piano solos. Other musical numbers included a duet by Mr. and Mrs. Frank Jones and a solo by Will Smith.

Henry Jones talked on Grange insurance. Mrs. Gensung and Fern Foster gave readings. After which refreshments were served. The program was in charge of Mrs. Foster.

About the Pictures

These photos, made during the Idaho state field trials which closed near Twin Falls Sunday, show some of the leading entries in the event. At top Mrs. L. E. Patten, Burley, with (left) Spud, Patten's Laska Hunter and Sammy, Idaho Spud placed first in the derby event. Photo at left shows Ed Terreira and M. B. Robertson, Jerome, with outstanding English setter puppy, Emerson is handling Posa's Flock-eade Lass, owned and trained by the Williams Kennel, Jerome, while Terreira is shown with Sambo's Flock-eade Pride, which is at event in foreground on a hunt to the right of the photographer's view. This dog is competing in both the puppy trials and gun dog events. Appearing at right with a group of high class animals is F. M. Hunter, Blackfoot, whose entry, Hunter's Heart's Delight, placed first in the puppy trials.

The first missionary to New Zealand, Samuel Marsden, arrived in 1814.

Daughter of Burley Couple to Be Feted

SALT LAKE CITY, Oct. 3 (AP) — Mary Lou Brocken, whose parents live in Burley, Ida., will be honored by a Jaxted testimonial here Oct. 9 before she leaves for the Spanish-American mission of the Latter-Day Saints church.

Mark E. Freeman, editor of the Deseret News, and member of the church's council of 12 apostles, will be guest speaker at the celebration to be held in the McKinley ward chapel here.

Mrs. Brocken is the daughter of Mr. and Mrs. George W. Brocken.

BATTERY RAISED FRYERS

These fryers are raised in small wire floor cages from baby chicks to frying size. Never on the ground. Rapid growth and no exercise produces the most tender, delicious fryers you ever tasted. They are decidedly different. One trial will convince you.

Two fryers will serve 4 people nicely but after the first meal Dad will want a whole one for himself. I'm warning you! These fryers are dressed, plucked and drawn. No muss to prepare. Place your order a day in advance.

INSPIRE HOFFMAN CALIFORNIA WOOLLENS IN VOGUE FASHIONS-BY-THE-YARD

Gay as life on the Barbary Coast, are Hoffman's California Woollens for fall... California's most exciting era inspires their vivid patterns... their colors, rich as pirate gold.

Skilled craftsmen weave this drama into fabrics supreme... a wealth of checks, stripes and plains. Fashion their beauty into Vogue designs... for you or your tailor to make a reality, from a brilliant past.
