

Industrial Spokesmen Declare Goods Prices Won't Skyrocket

By United Press
Spokesmen for the nation's principal industries said today that prices would not rise sharply because of the government's removal of almost all price controls, but they said that some prices might rise sharply but that most would be held in check by the government. Some industry leaders predicted that prices would rise sharply but that most would be held in check by the government. Some industry leaders predicted that prices would rise sharply but that most would be held in check by the government.

Airphibian Goes Through Paces

Chrysler and Hudson declined to comment pending a further study of decontrols and market trends. Ford Motor company said no increase was contemplated in the price of Ford cars or trucks. A prominent used car dealer at Atlantic City predicted that the good used cars would advance in price and that medium and "rough" cars would drop.

Truman Asks GOP, Democrats to Use Wisdom, Restraint

WASHINGTON, Nov. 11 (AP)—President Truman called upon both Democrats and Republicans today to exercise "wisdom and restraint" in operation of the government under the new Congress. He told the nation that the parties must exercise their respective positions "with stern and critical analysis" to exclude any attempt "to tamper with the public interest in order to achieve personal or partisan advantage."

Car Industry To Seek Full Year of Work

By DAVID J. WILKIE
Associated Press Automobile Editor
CARTOON: Nov. 11 (AP)—The automobile industry's planning has undergone a lot of revision through the year and undoubtedly will encounter a lot of unforeseen problems next year. According to present thinking the car makers will strive for close to 12 months' production in the year ahead.

That means the auto manufacturers currently are not planning extended shutdowns until near the end of 1947 for the introduction of new models. The slightly altered model will be brought out after next year. It will involve only brief assembly line stoppages.

Changes in 1948
If these plans are carried out it is certain there will be no national automobile show in 1948. One could be staged early in 1949 to show the industry's "real" 1948 models, with redesigned power plants, transmissions, gear shifts and other mechanical alterations as well as styling changes.

Most of the industry heads are predicting little improvement in production volume for from six to eight months, according to current estimates of raw materials will continue through most of 1947 even though the removal of controls on steel, lead, copper and zinc.

One of the things that escapes notice in a casual consideration of that prediction is that if the industry could maintain its present rate of production through the year's aggregate output would come close to record proportions. In many instances should amount to production amounting to 2,000,000 passenger cars and 1,100,000 trucks. November volume should amount to slightly more in both categories.

Record Possible
Twelve months of steadily uninterrupted production in the car industry, but, of course, is too much to hope for, but if the current rate could be matched throughout next year the total output would exceed the 4,000,000 mark or better than any previous average year.

There still is a wide divergence of opinion among the industry's sales executives as to how long the present sellers' market may be expected to last. Some assert that current high prices already are discouraging many would-be buyers and that the "car-at-any-price" demand will have been filled by next summer.

Fertilizer Parley Here Wednesday

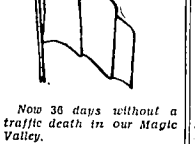

Fertilizer dealers and farmers will meet at 2:30 a. m. Wednesday at the Idaho Power auditorium to hear five University of Idaho specialists outline fertilizer laws, materials and methods.
Speaking at the meeting will be Vance T. Smith, Moscow, extension soil specialist and brother of County Agent Jack P. Smith; John R. Robertson, Boise, potato specialist; Austin B. Horn, Boise, state horticulturist; G. O. Baker, Moscow, soil technologist; and Left Verner, Moscow, head of university's department of horticulture.

Weather

Twin Falls and vicinity—Mostly cloudy today and partly cloudy Tuesday with continued cold and low temperatures tonight. High yesterday 73, low 23. Low this morning 24. Precipitation: .06 of an inch.

STAGE OF SNAKE RIVER

The level of Snake river was medium Monday as shown by the flow over Rhodone falls 12,000 second feet of water going over the falls.

\$10 Sends Food Package to Stricken War Area Civilians

Have you been wanting to send a parcel of food to a civilian relative or friend in Europe, but have been discouraged by the problem of procuring desired items, of wrapping and mailing? Then you will be interested in the organization "CARE," meaning "cooperative for American relief to Europe."

For \$10, "CARE" will guarantee the delivery of a complete 10-in-one army ration to any known recent address in most of the war stricken countries. Remittance application forms may be obtained from Mrs. Helen Bailey, executive secretary, Twin Falls American Red Cross, whose office is in the city library, or by writing direct to "CARE," 50 Broad street, New York 41, N. Y.

Orders will be accepted for Australia, Belgium, Czechoslovakia, Finland, France, Greece, Italy, the Netherlands, Norway, Poland, the United States and French zones of Germany and all sectors of Berlin. Berliners living in the Russian sector must take delivery in the American sector.

The 10-in-one ration is so-called because it was designed to feed 10 American soldiers three meals for one day. It contains about 30 pounds of food, including meat, cereal, sugar, condiments, vegetables, coffee, evaporated milk, preserved butter. The ration was prepared in five menus. One has may contain a different assortment than another. Two menus, for example, include bacon. "CARE" estimates a single 10-in-one will feed a family of four a supplemental 2,800 caloric meal each day for two weeks.

Such a supplemental ration is needed is evidenced by letters received by residents here from relatives in Germany. The William Gierbers here from 18 relatives in eight families and all plead for food. The sister of another Twin Falls resident writes: "We always feel so empty. We receive about one-third of what we need each week, a half pound of fat a week, and six pounds of dry bread a week. Yesterday my husband...

Importance of Football Scouts' Work Demonstrated by Army-Notre Dame Scoreless Contest

By Austin Beaman
NEW YORK, Nov. 10.—If the scoreless contest resulting from last Saturday's highly advertised collision between Army and Notre Dame proved nothing else, it demonstrated the importance of the roles played by those behind the scenes in the operation of college football—the scouts.

There were two teams which had rolled up a total of 365 points between them this year against some

high class opposition. Yet when the two foremost collegiate gridiron powers of 1946 came face to face, neither was able to cross the other's goal line.

Football followers probably will argue the reason for this was the game is remembered. But one fact which stands out above all the rest is that there too there had as much a scouting job done on them as any pair of collegiate elevens that

ever appeared on the same turf. Both the Cadets and the Irish had been pointing for this game since the season got under way. Each kept an eye on what the other had been doing every Saturday afternoon.

Head Coach Frank Leahy of Notre Dame assigned one man to watch every Army game. In fact, the same

man had seen Army play every game the past three years.

Earl Black, Army's head coach, under the direction of his scouts, was on the reports of his scouts. While the Cadets played West Virginia, Black sat in the stadium at Baltimore and watched Notre Dame beat Navy a week before meeting Army.

When the two teams lined up at Yankee stadium Saturday, each knew exactly what the other was going to do—or at least had a pretty fair idea of what to expect.

For those who like to compare statistics, Army gained 305 yards by rushing, passing and punt returns while Notre Dame's total was 292. The Irish made 11 first downs and gained 173 yards on the ground and 52 in the air. For the Cadets, it was nine first downs, 128 by rushing and 57 on passes.

ARMY, NOTRE DAME MAY HIT TROUBLE THIS WEEK-END

Cadets Oppose Penn; Irish Play Wildcats

By JACK HAND
NEW YORK, Nov. 10.—Army and Notre Dame soon are co-champions of the college football ranks during the last three weeks of the season with UCLA and Georgia giving the gridiron a good run for their money. Although the Cadets' string of 25 consecutive victories ended in the 0-0 tie with the Fighting Irish before 74,000 customers at Yankee stadium Saturday, neither side appeared to have lost prestige in the crunching battle of flurries.

Judd, Parks Provide City Pin Feature

The Magic City Women's league should provide the feature match of this week's Twin Falls headline when the two teams which are making somewhat of a runaway race of the circuit battle. They are the Judd Auto Parts and the Park Hotels, first and second-place winners, respectively, the former with 24 victories and four defeats and the latter with 20 wins and four losses.

Chuck Morris of the Commercial league remains the top bowler in the city, according to the averages released today by statisticians, Fred Stone. He has 182, just two points better than Aladdin, who has 180 in the Major league. Ray Preston has 170 in both circuits.

Building From Ground up

New Major-Minor Code Will Be Up for Adoption at Convention

DUHMAN, N. C., Nov. 10.—A new pro-minor league code and 20 amendments to the national association agreement have been tossed into the hopper by the minor league leagues of the country for consideration at their 45th annual convention, opening Nov. 4 in Los Angeles.

Although many of the proposals are of a technical nature and of little interest to the average fan, the Pacific coast league has renewed its efforts to protect its territory against potential big league invasion.

The coast leagues, who have talked of becoming a third major league, are proposing an amendment specifying that the "invaded" league and club must opt out to any territorial change and must be paid a mutually agreeable compensation.

Huge bonus payments to free agents would be a thing of the past if several amendments dealing with this棘手 situation are adopted. Under the proposals a player who received a specified sum of money, varying according to the league classification, would be labeled a "bonus player" whose contract cannot be optioned. The "bonus player" would be subject to unrestricted draft throughout his baseball career.

It is understood that the revision committee, which has been working on a new major-minor code for some time, will submit a draft of an agreement that would assimilate the minors into line with the new major league system that has supplanted the advisory council in the big leagues.

Other amendments would restore a percentage payment on all sales to the association treasury and would require all class B and C clubs carry no less than six players of limited service.

208,882 See N. L. Pro Loop Tilts; Giants and Bears Increase Leads

NEW YORK, Nov. 10.—The National football league gets down to cases next Sunday with a series of games that can make or break several of the contenders. Plenty of fireworks were shot off yesterday before a record one-day league attendance of 208,882 that saw the New York Giants and Chicago Bears better their positions at the head of the eastern and western divisions respectively. And plenty more are expected to wake their hearse when Washington, Green Bay, Philadelphia and Pittsburgh will have to go all out to stay in the run-

As a result of yesterday's flurries the Giants, who were tied for first with Philadelphia and Pittsburgh a week ago, were all alone with a 5-1-1 record followed by Washington's 4-2-1, Philadelphia's 4-3, Pittsburgh's 4-3 and Boston's 3-5.

In the west the Bears were far in front with a 5-1-1 mark followed by Green Bay 4-3, Chicago Cardinals 3-4, Los Angeles 3-3-1, and Detroit 1-6.

The Giants, 45-17 conquerors of Philadelphia's Eagles before a 60,784 Polo Grounds turnout, take on the New York Yankees at New York and should solidify their position. The Eagles then will go up against the Steelers at Pittsburgh in a game that will probably ring down the curtain on the loser's championship hopes.

Pittsburgh's hitless bid to retake the lead was dimmed by Detroit yesterday when the Lions clawed out their first league win by a 17-7 margin. A mail 15,355 crowd in Detroit saw the Lions' 17-7 victory.

Pittsburgh's Redskins, who slipped Boston 17-14 before 32,601 fans in the capital, face the task of halting the rampaging bears in Chicago.

The Bears, led by Slingin' Sam Luckman, shipped the Los Angeles Rams 27-21, with the day's biggest turnout—48,381—on hand in Los Angeles.

Green Bay pummeled Chicago Cardinals 19-7, and virtually turned the Cards' division chances before 36,651 windy city customers.

Salt Lake Gulls Lose in Pro Loop

LOS ANGELES, Nov. 10.—The San Francisco Gulls moved into a tie with Tacoma for leadership of the northern division of the Pacific Coast Pro Football league, defeating the hapless Oakland club, 21-0, while the Tacoma club remained idle last week.

Los Angeles' Bulldogs remained the class of the southern division, whipping the Sacramento Nugget on their home field, 42-0.

Bigger surprise was the defeat of the Hollywood Bears by Honolulu in Hawaii, the Warriors upsetting the state's club in the closing stages 21-17.

San Diego finally got into the win column yesterday, winning from the Salt Lake City Seagulls before some 4,000 fans, 17-0.

Hollywood remains in Hawaii for another game this week, while the mainland schedule, which has been subject to change, features San Francisco at Salt Lake City and Oakland at San Diego.

An experiment, which transmits short sound impulses is used to detect flaws in solid materials.

Army May Accept Rose Bowl Offer

LOS ANGELES, Nov. 10.—Sports Editor Paul B. Zimmerman of the Los Angeles Times, today said: "If Army completes its schedule successfully, the Cadets will be receptive to a Rose bowl bid and undoubtedly will be invited by the Pacific Coast conference."

Conference officials here declined to be quoted by name, but one admitted an appearance by the Army squad would be "most welcome." He said, however, that as far as he knew no assurances had been made to officials at West Point and none probably would be made until the conference term is selected.

The issue is expected to be decided Nov. 23 when undecided University of California at Los Angeles and the University of Southern California meet here.

Well, anyway Timm—who while summing here played Penn to a tie and later for the University of Illinois, (YOSS had to get that one in to appease Mr. Pol Shout).

The pudgy one surmises that you all know what the biggest upset of the season was. No, no, Nanelle, not Wake Forest's triumph over Tennessee, nor Rice's victory over mighty Texas.

The biggest upset was Princeton's victory over Pennsylvania, a team that figured five or six touchdowns better.

For years the colorless topaz was confused with diamonds.

223-2224-2225-2226-2227-2228-2229-2230-2231-2232-2233-2234-2235-2236-2237-2238-2239-2240-2241-2242-2243-2244-2245-2246-2247-2248-2249-2250-2251-2252-2253-2254-2255-2256-2257-2258-2259-2260-2261-2262-2263-2264-2265-2266-2267-2268-2269-2270-2271-2272-2273-2274-2275-2276-2277-2278-2279-2280-2281-2282-2283-2284-2285-2286-2287-2288-2289-2290-2291-2292-2293-2294-2295-2296-2297-2298-2299-2300-2301-2302-2303-2304-2305-2306-2307-2308-2309-2310-2311-2312-2313-2314-2315-2316-2317-2318-2319-2320-2321-2322-2323-2324-2325-2326-2327-2328-2329-2330-2331-2332-2333-2334-2335-2336-2337-2338-2339-2340-2341-2342-2343-2344-2345-2346-2347-2348-2349-2350-2351-2352-2353-2354-2355-2356-2357-2358-2359-2360-2361-2362-2363-2364-2365-2366-2367-2368-2369-2370-2371-2372-2373-2374-2375-2376-2377-2378-2379-2380-2381-2382-2383-2384-2385-2386-2387-2388-2389-2390-2391-2392-2393-2394-2395-2396-2397-2398-2399-2400-2401-2402-2403-2404-2405-2406-2407-2408-2409-2410-2411-2412-2413-2414-2415-2416-2417-2418-2419-2420-2421-2422-2423-2424-2425-2426-2427-2428-2429-2430-2431-2432-2433-2434-2435-2436-2437-2438-2439-2440-2441-2442-2443-2444-2445-2446-2447-2448-2449-2450-2451-2452-2453-2454-2455-2456-2457-2458-2459-2460-2461-2462-2463-2464-2465-2466-2467-2468-2469-2470-2471-2472-2473-2474-2475-2476-2477-2478-2479-2480-2481-2482-2483-2484-2485-2486-2487-2488-2489-2490-2491-2492-2493-2494-2495-2496-2497-2498-2499-2500-2501-2502-2503-2504-2505-2506-2507-2508-2509-2510-2511-2512-2513-2514-2515-2516-2517-2518-2519-2520-2521-2522-2523-2524-2525-2526-2527-2528-2529-2530-2531-2532-2533-2534-2535-2536-2537-2538-2539-2540-2541-2542-2543-2544-2545-2546-2547-2548-2549-2550-2551-2552-2553-2554-2555-2556-2557-2558-2559-2560-2561-2562-2563-2564-2565-2566-2567-2568-2569-2570-2571-2572-2573-2574-2575-2576-2577-2578-2579-2580-2581-2582-2583-2584-2585-2586-2587-2588-2589-2590-2591-2592-2593-2594-2595-2596-2597-2598-2599-2600-2601-2602-2603-2604-2605-2606-2607-2608-2609-2610-2611-2612-2613-2614-2615-2616-2617-2618-2619-2620-2621-2622-2623-2624-2625-2626-2627-2628-2629-2630-2631-2632-2633-2634-2635-2636-2637-2638-2639-2640-2641-264

Texas Woman Declares Her Soap Is Good

By WILLIAM C. BARNARD
DALLAS, Nov. 11.—Dear Mr. Editor of Agriculture:

A bar of homemade soap you say you think is little of a heaped you way-propelled by the U. S. mails and the love of Mrs. Joe Cude of Monahan, Tex.

You warn people not to make their own soap. You say they won't like it.

Well, 53-year-old Mrs. Cude has made a few thousand pounds. The only time people turn up their nose at it is to scrub their skin.

Product Mild

"I guarantee my soap to be as mild as any toilet soap," she says. "It will not harm a baby's skin and there is no better hair shampoo made."

The west Texas lady read the statement you issued Oct. 14, advising that home soapmaking is impractical.

Mrs. Cude feels that you are impractical, too. She says she is sure you do not know anything about the qualities and beauty of good homemade soap.

Forty-four months ago, Mrs. Cude couldn't buy enough soap so she started making her own. She gave away. It proved so popular she began marketing it from her home and through a Monahan grocery.

Now the grocery furnishes the necessary fats and the fat.

"I go and get the supplies, do the work and deliver the finished product on a 50-50 basis," she explains. "It sells easily at 20 cents a pound. It doesn't have a name—customers just call for 'Cude's good soap.'"

Anyway, she sent us a couple of bars. One went into our bank box and we mailed the other to you.

"I would like very much to know the honest opinion which Mr. Department of Agriculture has of this soap," Mrs. Cude wrote.

Don't work yourself into a lather, mister. Just sit down and write the lady.

Club Hears Report
SHOSHONE, Nov. 11.—Jim Fowler, state guidance officer, spoke on the recently published survey at a meeting of the Shoshone Rotary club. Courtney Eddy, assistant superintendent, also spoke.

The children's safety program here was discussed by Roy Brown. Teaching aids for use in teaching safety will soon arrive for the schools here, Brown stated.

He's Bringing It On Himself—Got Big Beet, Spud?

The agricultural oddity editor didn't have enough! No sooner was the oddity contest over than he conceived another contest for Magic Valley farmers.

What is the largest potato and the largest sugar beet grown in Magic Valley? That's what the Times-News wants to find out.

We've all heard how much larger Idaho potatoes grow than the scrawny Maine-grown spuds, but here's the chance to prove it.

Bring your whopper of a beet or spud into the Times-News editorial office for a tip to the scales. A \$250 prize will be awarded for the largest potato and \$250 will be given for the largest sugar beet.

Hospital Drive
JEROME, Nov. 11.—The Jerome Hospital association is conducting an extensive drive to complete financing the proposed hospital.

About \$110,000 has been raised previously but with the current increase of cost of building materials, the association pointed out that additional money will be needed.

CANYONSIDE CARNAVAL
JEROME, Nov. 11.—The annual carnival sponsored by the Canyonside community will be held at the school home beginning at 8 p. m. Tuesday, Nov. 12.

Good Seller
"I go and get the supplies, do the work and deliver the finished product on a 50-50 basis," she explains. "It sells easily at 20 cents a pound. It doesn't have a name—customers just call for 'Cude's good soap.'"

Anyway, she sent us a couple of bars. One went into our bank box and we mailed the other to you.

"I would like very much to know the honest opinion which Mr. Department of Agriculture has of this soap," Mrs. Cude wrote.

Don't work yourself into a lather, mister. Just sit down and write the lady.

Club Hears Report
SHOSHONE, Nov. 11.—Jim Fowler, state guidance officer, spoke on the recently published survey at a meeting of the Shoshone Rotary club. Courtney Eddy, assistant superintendent, also spoke.

The children's safety program here was discussed by Roy Brown. Teaching aids for use in teaching safety will soon arrive for the schools here, Brown stated.

Relieve Miseries of Her Cold
as she sleeps!

When you rub tooth-lin, warming VapoRub on her cold-irritated throat, chest and back at bedtime, it starts to work instantly. Then, while she sleeps, VapoRub's special relief-oil action keeps on working for hours. Often by morning most misery of the cold is gone.

VICKS
Try it tonight.

TONIGHT ...
Relieve Miseries of Her Cold
as she sleeps!

Scientists to Try to Split Part of Atom

WASHINGTON, Nov. 11 (AP)—Scientists no longer are content to split the atom now they're going a step further to investigate "sub-nuclear particles."

In a joint announcement with two universities, the navy revealed it is constructing a 300,000,000 volt synchrotron to produce synthetic rays.

Labs Cooperate
It is working on the task with the University of Michigan, Ann Arbor, and the applied physics laboratory of John Hopkins university, Silver Spring, Md.

The 15-ton synchrotron, of a radical new design resembling a race track, will be completed next year.

Scientists estimate that negatively-charged particles will cover 425,000 laps around the racetrack, a distance of 2,320 miles, in one-eighth of a second.

Splitting Possible
Cyclotrons and betatrons, whose atom smashing power made possible the atom bomb, operate in a range of from 1,000,000 to 15,000,000 volts. Their energy will split atomic nuclei.

The scientists working on the project are not quite sure what they will discover about subnuclear particles but they feel the new field "is worth getting into at any cost."

Presbyterians at Buhl Begin Drive

BUHL, Nov. 11.—The Buhl Presbyterian church will launch a drive to raise its \$2,250 quota for the restoration fund of the national church at a special dinner at 7:15 p. m. Wednesday, Nov. 13. Speaker at the affair will be the Rev. L. P. Putnam, director of the Idaho-Oregon program.

Proceeds from the dinner, which will be for ticket-holders only, will go to the fund. The Rev. Mr. Putnam served in the United States and France as a YMCA director in World War I.

The \$2,500,000 goal of the national church will be used to help restore churches and Christian work in European countries. Similar work will also be carried out in China and the Philippines by the Presbyterian church.

NOW! The Sudsing Miracle of the Age!

DREFT MAKES DISHES SHINE EVEN WITHOUT WIPING!

Dreft washes even glasses so Clean they Sparkle like Jewels!

Gets rid of Grease the Way no Soap in the World can do!

● "Thrilling" is the word for what Dreft does to your dishes! Yes, "thrilling"... because Dreft gets your dishes so clean they positively shine—even without wiping. Even your nicest glassware sparkles like jewels—towel or no towel.

Dreft is different from any soap or soap flakes you ever used! Dreft suds rinse clean and clear... they can't leave any cloudy streaks on dishes the way all soaps do. And for cleaning greasy pots and pans—well, no soap in the world gets rid of grease the way Dreft does. The grease just seems to melt away.

Dreft suds are kind to your hands, too. Millions of women who use Dreft regularly for washing pretty lingerie know how mild it is. So for dishes that sparkle like jewels—even without wiping—get Dreft in the bright green package!

The Greatest Suds Discovery in 2000 years!

1. Dishes Sparkle whether you polish them or not.
2. Gives 5 Times More Suds than soap in hardest water.
3. Gets Rid of Grease the way no soap or soap flakes could ever do.
4. Cuts Dishwashing Time in half!

PROCTER & GAMBLE'S PATENTED SUDS DISCOVERY
