

Two High School Students Killed in Cassia Accident

BURLEY, Nov. 25.—Two high school students are dead and a youth is in "fair" condition in the Cottage hospital as result of a two-car collision at a highway intersection south of here near West Sunday night.

The dead are LeRoy Butters, 15, Burley, and George Olin, 18, Burley, returned navy veterans. Miss Butters apparently died instantly and her companion succumbed two hours later at the Cottage hospital.

Hospitalized is Gerald Malley, 20, who suffered a fractured jaw and face injuries. Riding with him was a neighbor, Mrs. E. H. Harris, 65, who received bruises and lacerations when she was struck by the wreck. Both are from Unity.

Malley was driving a truck west on the Alton highway and the Olin youth, who was driving north in a coupe, evidently failed to stop at the highway intersection, according to Sheriff Sam Clark.

Miss Butters sustained a broken neck, back, ankle and shoulder, and must have died instantly, Coroner Vern McCulloch said. The girl's chest was also crushed.

Olin died in the Cottage hospital two hours after the crash, from a brain concussion.

Planned Under Cab

The coupe in which the students were riding was thrown into the ditch by a car which was pinned under the cab of his truck.

Miss Butters, sophomore at Burley high school, was the daughter of Mr. and Mrs. H. A. Butters. She was born here July 11, 1931.

Behind her parents' names are listed three brothers, DeVal, Clark and Theodor, all of Burley; two sisters, Corleen, student at the Utah state agricultural college, Mrs. Arlene Grunwell, graduate, Garfield, and one of Logan, graduate, Utah.

The body is at the Burley funeral home.

British Ask Checks On Troop Inventory

LAKE SUCCESS, N. Y., Nov. 25 (AP)—The big power battle over conflicting proposals for a United Nations troops inventory was complicated further today by a British proposal that all troop figures be subject to verification by a U. N. inspection unit.

The British position was disclosed by Philip J. Noel-Baker, British air minister, shortly after it was learned that the United States delegation had decided to oppose any move to inject an inspection provision into the troop inquiry. Russia also is known to oppose such a plan.

Speaking before the 34-nation political committee of the general assembly, Noel-Baker rejected the Soviet proposal as "inadequate" and substituted what amounted to virtually an entire new resolution for the one British Foreign Secretary Ernest Bevin had offered previously.

He announced that he was withdrawing the proposal to combine the troop inventory plan with the committee's scheduled debate on disarmament, and then proposed:

1. That the inquiry be broadened to include troops on ships, as well as on land.

2. That the U. N. set up a unit to verify any information reported on by member nations.

The new British proposal met some objections and then immediately raised others which some delegates believed might be even more serious. The Russians had protested against the proposal to link talks of troop ceilings with discussions of disarmament, and the British plan to set up a unit to verify information reported on by member nations.

The United States, on the other hand, agreed to combining the census with the arms debate, but declined to include data on all troops, both at home and abroad.

The most important move, however, appeared to be the proposal for verification of information reported.

Plane's Crew Uses Last of Fuel to Land

BOISE, Nov. 25 (AP)—Landing two minutes before it was believed to be possible, the crew of a twin-engine plane, after using its last drop of fuel, landed safely at the Boise Municipal airport today.

The plane, a Cessna 441, was piloted by Capt. J. H. Smith, 31, of Boise. It was on a flight from Boise to Portland, Ore., and was carrying two passengers.

The plane had been in the air for about 15 minutes when the fuel gauges indicated that the fuel was low. The pilot decided to attempt a landing at the Boise Municipal airport.

The landing was successful, and the plane was taxiing to the runway when the fuel gauges indicated that the fuel was empty.

The pilot and passengers were uninjured, and the plane was not damaged.

Court Refuses to Review Unit Vote

WASHINGTON, Nov. 25 (AP)—The Supreme Court today refused to review the validity of a unit vote in the election of George W. Wallace as governor of Alabama.

The court's decision was a 5-4 vote, with Chief Justice Fred M. Vinson and Justices Hugo Black, Tom C. Clark, and William O. Douglas in the majority.

The case, known as *Wallace v. United States*, was brought by Wallace, who had been elected governor of Alabama in a unit vote election.

The court's decision was based on the fact that the unit vote election was held in accordance with the Alabama constitution.

Landlords Fight Rent Control While Ads Plead for Housing

DALLAS, Tex., Nov. 25 (AP)—In the crowded Texas city, where classified columns daily plead the urgent need of housing, hundreds of rooms, apartments and residences are empty. Landlords are striking for abolishment of the OPA.

Mr. Frank Morris, 35-year-old Dallas businessman, president of the Statewide Landlords Incorporated and the local Property Owners and Associates, is leading the militant drive against the government agency.

"This is a quiet strike," he said. "Mostly, there have been no evictions. When tenants move out, doors are locked and stay that way. At least 30,000 Dallas housing units are being withheld. The landlords aren't forcing."

O. M. Stuebel, chief area rent control attorney for the OPA in the Dallas region, said he couldn't say where there could be 30,000 vacant units. Dallas "rents" are just spare bedrooms in homes. Some people never have and never will have a home, he said.

Stuebel said the only problem he had found were those who were trying to sell where landlords were trying to rent. He added that he would be glad to look into any case where a landlord was being misled.

Mrs. Morris owns no rental property but feels rent control is "un-American constitutional and is a place to live to."

Her only son, a 17-year-old operator, was lost in a B-17 raid over Germany.

"I am fighting the OPA," she explained. "Because I want this country to be worthy of its sacrifice."

Rolling Cotton Balls for Health Unit Use

Twin Falls girls are shown here rolling cotton balls and helping sharpen syringe needles for the south central health unit—just one of the many helpful chores they perform for the betterment of the health unit. Jenny Hogue, Virginia Higgins, Horlon club members; Margaret Cook, Bre Whitteley and Barbara Jensen, Camp Fire Girls. (Photo by Bob Leightart staff engraving)

More than 300 girls between the ages of seven and 18 are active in the Camp Fire Girls organization in Twin Falls today—serving in the world's rehabilitation program by sewing and darning clothes for people in war-stricken lands, contributing gifts and clothing to veterans hospitals and children's homes, and other varied projects.

The Camp Fire girls will receive \$3,000 of the proceeds of the Community Chest drive which is scheduled to begin the first week in December.

The "Camp Fire girl program" trains girls to accept responsibilities and to discharge their obligations, promotes cooperation and understanding and gives to each girl a true appreciation of the worth of her neighbors.

Mrs. N. O. Johnson, executive secretary said, "Make Darning the girls all the south central health unit."

Girls from seven to nine are Blue Birds, girls 10 years through Junior high school are Camp Fire girls and senior high school girls are members of Horizon club.

The Twin Falls Camp Fire girls are launching an appeal for more volunteer leaders so that additional girls will have an opportunity to help. Only one requirement for group leadership is an interest in youth and willingness to devote some time in conducting meetings and planning group projects, she said.

The Camp Fire girl official stressed the importance of the organization in combating juvenile delinquency. But Georgia Gov. Ellis Arnall, in a statement, said light-sounding words, the answer—that is, "get busy and settle the strike."

Demands continued for a special session of the Legislature to take place on the Interior Lake last night broadcast a call for prompt legislation which would "cut the strike" and prevent the strike from becoming a "dictator, such as Lewis."

But Sen. Elbert D. Thomas, D-Utah, expressed what apparently was the administration view at this moment. "No law, short of withdrawal of the right to strike, will affect the present situation," he said in a radio talk. President Truman withheld comment.

Light Express Car Inspected At Show Here

Dozens of Maule Valley residents, including a group of 30 Twin Falls high school students, inspected the new car and truck show here today.

The show was held at the Maule Valley High School, and was open to the public from 10 a.m. to 4 p.m.

The show featured a variety of new cars and trucks, including a new Lincoln Continental, a new Ford V8, and a new Chevrolet.

The show was a success, and many residents expressed interest in the new vehicles.

School Lessons Given on Radio

DENVER, Nov. 25 (AP)—Teachers in Denver today were assisted today to broadcast lessons to more than 56,000 students while the city's schools remained closed because of the critical coal shortage.

The radio school lessons were given by the Denver Public Schools, and were broadcast on the city's radio stations.

The lessons were given by teachers from the Denver Public Schools, and were broadcast on the city's radio stations.

Utility Death Clause Upheld By High Court

WASHINGTON, Nov. 25 (AP)—The Supreme Court today upheld constitutionality of the so-called "death clause" of the public utility holding company act.

The decision was a 5-4 vote, with Chief Justice Fred M. Vinson and Justices Hugo Black, Tom C. Clark, and William O. Douglas in the majority.

The case, known as *Public Utilities Holding Co. v. Public Utilities Commission*, was brought by the Public Utilities Commission of the District of Columbia.

The court's decision was based on the fact that the death clause was a valid exercise of the government's power to regulate the public utility industry.

Aged Morgenthau Claimed by Death

NEW YORK, Nov. 25 (AP)—Henry Morgenthau, Jr., 90, former secretary of the treasury, died today at his home in New York.

Morgenthau was a prominent figure in American politics, and had served as secretary of the treasury from 1934 to 1945.

He was a member of the Roosevelt administration, and had played a key role in the development of the New Deal.

Morgenthau was born in Poland, and had immigrated to the United States in 1894.

He was a member of the Democratic Party, and had been a member of the House of Representatives from 1913 to 1915.

He was a member of the Senate from 1915 to 1917, and had served as secretary of the treasury from 1934 to 1945.

He was a member of the War Relocation Authority, and had played a key role in the development of the War Relocation Authority.

He was a member of the War Relocation Authority, and had played a key role in the development of the War Relocation Authority.

Court Rules Miner Chief In Contempt

WASHINGTON, Nov. 25 (AP)—John L. Lewis today was ordered to stand trial Wednesday on charges of contempt of court in the soft coal strike. Federal Judge J. Alan Goldsborough directed the trial after ruling that Lewis had not purged himself of contempt charges on which he was cited Nov. 21. Goldsborough overruled objections of counsel for the United Mine Workers and their boss that his court lacked jurisdiction.

While Lewis sat silent in a jammed courtroom, UNMW Counsel Wely K. Hopkins argued that Goldsborough lacked jurisdiction both to issue the order requiring Lewis to rescind his no-contract notice to the government which set off the coal shutdown and to issue the contempt citation which followed.

Then Hopkins announced that Lewis and the union had taken no action to comply with the court's order that the no-contract notice be withdrawn and were ready to go to a trial which might result in punishment of the union chief if convicted.

Hopkins attempted, however, to delay the trial date. He said the union has had no opportunity to read the government's argument. A bulky brief was presented at the start of the session by Assistant Attorney General John T. Scoville.

Hopkins declared also that some union counsels were out of town and would not be ready.

Blocks Delay

Sonnet arose abruptly from the government bench and told Goldsborough the government would object to any delay in view of the emergency. Goldsborough then ordered the trial to proceed.

Coal Walkout Effects Hurt U.S. Industry

By The Associated Press

With soft coal mines shut down only since last Wednesday midday, the nation's industry is being hit by the effects of the coal shortage. The effects are being felt in the nation today.

Steelworkers and factory hands by the hundreds of thousands are being hit by the effects of the coal shortage. The effects are being felt in the nation today.

Steelworkers and factory hands by the hundreds of thousands are being hit by the effects of the coal shortage. The effects are being felt in the nation today.

Schools Here Have Coal to Avoid Closing

No shutdown of Twin Falls schools is imminent because of lack of coal, Shunt A. W. Morgan indicated Monday. A partially completed survey of the school coal supplies shows that there is enough coal to last until Christmas.

Most industrial users of coal in Twin Falls are dealers are out of coal except for stock. Most industrial users and larger homes with stokers use stock coal.

Dr. J. W. Murphy, acting superintendent of the Twin Falls county hospital, said that the hospital's coal supply was being made.

Coal Shortage Threatens Mail For Christmas

With the coal strike already bringing aches in train service, Twin Falls residents were warned Monday that Christmas packages might be delayed.

Postmaster M. A. Stronk received word from the federal post office in Twin Falls that the coal shortage was a serious problem.

He pointed out that the Christmas mail and the railroad passenger train service would be affected by the coal shortage.

He pointed out that the Christmas mail and the railroad passenger train service would be affected by the coal shortage.

Late Designation of Official Airmail Flight Hurts Publicity

Designation of last Saturday for the first official airmail flight for Twin Falls by the postoffice department was reported today as a publicity setback.

James A. Birge, secretary of the Chamber of Commerce, said that the late designation of the flight was a publicity setback.

He pointed out that the flight was scheduled for Saturday, but was delayed until Sunday.

He pointed out that the flight was scheduled for Saturday, but was delayed until Sunday.

Man, 58, Not Ready to Quit Plane Jumps

YAKIMA, Wash., Nov. 23 (AP)—Howard L. Whittier, who doubled as a vacuum cleaner salesman in between air shows, is still making delayed cockpit parachute jumps at the ripe age of 58 because he considers himself "still a young man."

From thinking of retiring from the sport, which in the army air force is barred to men over 32, Whittier is planning an ambitious tour through the south.

Not Old Yet
When will he quit jumping? "When I get old," he says. He doesn't say when that will be.

Whittier has had enough narrow escapes to make anyone want to quit. Once his chute fouled at Boise, Ida., and Whittier says he "came down like a stream-lined brick." Shaken up internally, black and blue from head to foot, he was taken to the hospital and in his words promptly "put in the kick-off ward." But after his recovery he started jumping again.

Landed in River
Fouled chute gave him other trouble. Once he landed, fortunately, in the Boise river. The other time he dropped into a soft field at Sacramento and "got knocked out." At Clarkston, Wash., a few years ago, Whittier missed the corner of a house in the residential section and plunged into an ornamental tree. He had to be hauled from the branches. It was at Clarkston that he made his first jump in 1929.

Kimberly Cattle Rated 1st, 2nd Prices at Mart

At the recent sale of Grand National Livestock exposition fat cattle in the San Francisco, California packing company, Kimberly sold the champion fat carload of Angus cattle at 41 cents, or \$6,253.52 total. The firm also had a second-place carload that sold for 36 cents. The champion carload went to San Jose Meat company, and the second place lot went to W. G. Marks company, Woodland, Calif.

A press association release of Nov. 20 had stated that the Kimberly company had bought back the same stock it entered and shown to the championship in that class. Ray McKinnon of the Kimberly company pointed out that the press association item had listed them as having purchased back the cattle when they had actually sold them at the sales place in the news item.

Store Schedules

SHOSHONE, Nov. 25—Beginning Saturday, Nov. 30, all retail stores in Shoshone will open at 8 a. m. and close at 6 p. m. on Saturdays. These hours were chosen by the Chamber of Commerce at its weekly meeting following the highs and lows of agricultural prosperity. Twin Falls is beginning to come of age industrially.

400 Turn Out Sugar
Not content to remain a mere raw produce shipping point, Twin Falls is home of the Amarantian Sugar company which can turn out 4,000 sacks of sugar daily, employ 400 persons every season and will use more than 175,000 tons of sugar beets in 1946.

Burley's Initial Airmail Flight

Present for the initial airmail flight from Burley Saturday were kneeling left to right, Pilot Lundale; Wiley Hansen, Empire official; a passenger; Glenn Hicks, Empire official; Dean Hartwell, postal employee; Henry Davenport, postmaster; and A. C. Hutchinson, postal employee; first row standing left to right, Jim Miller, business man; Guy Newman, U.S. manager; John D. Snow, business man; M. H. King; Vern Mitchell, Jayce president; passenger; Lloyd Hollinger, business man; Mark Moorman, airport manager; and Elmer Draper, mail carrier. In the second row left to right are William Thompson, Les Morgan, Truman Bradley, J. L. Drivell and Palmer Saterstrom, all Burley business men; Mrs. M. H. King and Mac Crouch, secretary of the Chamber of Commerce. (Photo by Sherwood staff engraving)

Smart Farming; Industries Stimulate Magic Valley Life

Though the old west may long since have faded away, the residents of Magic Valley and of its booming hub city, Twin Falls, are wasting no regrets.

Not when the once-arid wasteland that was south central Idaho now gives up an income from agricultural enterprise alone which approximates \$100,000,000 each year. Standby crops like potatoes, sugar beets, onions and beans account for a major share of that big round figure.

Wendell Shipe Honey
But how many Idahoans know that one of the country's largest apiculture is operated by R. D. Bradshaw and sons at Wendell? Turned the biggest individual producer of honey in the United States, they shipped 15 carloads in 1945. That's just one of the facts brought out in a comprehensive story (with pictures) in the Idaho Power Bulletin.

Most enormous of all trout hatcheries in the U. S. is Thayer's, near Twin Falls. There each year are hatched 1,700,000 rainbow trout eggs, and 175,000 pounds of dressed trout are shipped in refrigerators cars to distant markets.

Not to mention health closely following the highs and lows of agricultural prosperity. Twin Falls is beginning to come of age industrially.

400 Turn Out Sugar

Down near the railroad tracks, the Twin Falls Flour mill plant is pitched to a 620 barrels a day scale of production.

Small wonder that residents of Twin Falls and Magic Valley are proud of their past and eager to get on with their future when they can see how far they've come, steadily and surely though not slowly, since the beginning of irrigation here in 1908.

Not content to remain a mere raw produce shipping point, Twin Falls is home of the Amarantian Sugar company which can turn out 4,000 sacks of sugar daily, employ 400 persons every season and will use more than 175,000 tons of sugar beets in 1946.

in our national philosophy. So long as we keep it a real Thanks Giving day, observing it with the humble sincerity of those who first observed it, we shall continue to have plenty to be thankful for

We Americans owe a great deal to Thanksgiving Day. Its original, simple purpose—a day to give thanks for God's blessings—can be embraced by all of us regardless of faith or creed. That we do not add a day for such a purpose is, in my opinion, the most valuable ingredient in our national philosophy. So long as we keep it a real Thanks Giving day, observing it with the humble sincerity of those who first observed it, we shall continue to have plenty to be thankful for.

Hansen Hears Czech Pastor At MYF Rally

Discussing the Christian gospel in Czechoslovakia, the Rev. Václav Václavík, Methodist minister from there, presented a general resume of his work at the Methodist Youth Fellowship sub-district rally Sunday in the Hansen Community church.

He told of the 18 Methodist congregations in Czechoslovakia and of the origin of the people who inhabit that country. The Rev. Mr. Václavík said that the first word of the Christian gospel was brought to that country from Greece.

"The Mission of the Church" was the theme of the rally and over 100 delegates from Magic Valley attended.

Other leaders at the rally included the Rev. John H. Sims, pastor of the Rev. Les Wilbur, Buhl; the Rev. James Crowe, Rupert; Don Smith, Burley; Mrs. Vivian Watt, Buhl; and Mrs. Donald Dietz, Hansen. Mrs. Dietz, MYF director for this district, was in charge of arrangements for the rally.

Don Smith conducted the opening worship service which followed registration. Bill Manning was in charge of recreation and fellowship given later in the afternoon.

Dinner was served and the evening session opened with a business discussion. The Buhl group presented a report on the national convention of the MYF at Grand Rapids, Mich. The Buhl MYF was also in charge of the closing worship service.

Dick Howard, Buhl, is the sub-district president. Other officers are: Bob Stansbury, Twin Falls, vice-president; Jean Kington, Caldwell, secretary; and Jennie Burnette, Buhl, treasurer.

In charge of commissions are Bob Smith, Rupert, worship and evangelism; Janice Ramsey, Filer, youth; Betty Jo Rex, Twin Falls, community service; Bill Manning, Buhl, recreation and Mr. and Mrs. Bill Watt, Buhl, adult counselors.

Czech Communism Not Russia Type, Says Underground Hero

By JUANITA BAKER

The present Czechoslovakian government is composed 60 per cent of communists led by Premier Gottwald, but the realistic has a "different type" of communism than that of Russia, Dr. Václavík said, hero of five years in the underground movement against the Nazi regime, stated while in Twin Falls on a four-day speaking itinerary sponsored by the board of ministers of the Methodist church, N. Y.

Because of the "wonderful influence" of Edward Benes, the president-in-exile, who was rejected by an overwhelming majority, there are no dangerous frictions between the Czech communists and the ministers representing the National Socialist party and the people of Czechoslovakia," the Rev. Mr. Václavík stated.

No Direct Russian Pressure

The republic is being put under no direct political influence of Russia or of any other nation.

The continuing policy of T. G. Masaryk, first president of the Czech republic, has been to let them "represent" against the Nazis, and what they can do."

Newspaper reports to the contrary, there are no Russian soldiers within the borders except those attached to the Czech army," he emphasized the Czechoslovakian minister. "The reason is simple: Russia is not interested in the Czech republic, but the Czech republic is interested in the American who liberated our country."

"The first people who helped us were Americans. They sent us babies of clothing and kind of parcels. It was good stuff. The money, shirt, coat and tie I wear are from one of those parcels," he said.

During the dark occupation of the office of the head of all Methodist institutions was frequently attacked, but he escaped much attention until 1941 when he was arrested. "For one of my Master, even Christ," he said, "I was arrested."

Beaten by Gestapo

The Gestapo accepted his explanation that he was merely speaking from the Bible. But during interrogation he was beaten, his teeth knocked out and his correspondence confiscated. He was commanded to submit copies of all his correspondence for "careful examination," and meantime his family, all terrified, with the underground movement, was terrified.

The first underground was organized against the Nazis, both above and below ground and "anything that was wanted to give us was supplied and that included the doctor and in referring to German intelligence, even spelling out the abbreviation, "B," in the manner of a native of the Quaker state, where he attended the College of Bethlehem, Princeton to World War I he also attended Oberlin, O., university and received his doctorate at Vanderbilt university, Nashville, Tenn.

The publishing industry in the United States is the principal market for Canada's paper industry.

KC Initiates Number 29 at Tri-City Fete

At a joint initiation of the Twin Falls, Buhl and Rupert councils of the Knights of Columbus, 29 candidates received degrees at 1 p. m. Sunday in American Legion hall. Officers, members and candidates received communion in a body at the 8 a. m. mass at St. Edward's Catholic church.

Following the initiation, the Knights were guests at a 6:30 p. m. banquet Sunday at L. O. O. F. hall, with the Catholic Women's league serving the dinner. The Rev. Father Thomas E. O'Donnell, Burley, presided as toastmaster, and the Rev. Father D. J. McElhigg, Rupert, was principal speaker. Fred McLean, Buhl, was also a speaker.

W. C. Malberg, grand knight of the Twin Falls council, delivered the address of welcome. The program included two vocal solos by Muriel Hutchins, accompanied by Mrs. Nellie T. Ostrom; violin numbers by Howard Hill with Mrs. A. E. Planchy accompanying, and two vocal solos by James Reilly, Buhl, who was accompanied by Mrs. Ostrom.

Mr. Harry Harris, adjutant, is heading the group planning the event, for which details of the exact time and place are still pending, according to Lieut. George N. Taylor, commanding officer.

Municipal Court Handles 5 Cases

Bonds of \$15 each were forfeited by Mr. and Mrs. Famos Carter at noon Monday when they failed to appear in municipal court on charges of intoxication. They posted the bond Sunday.

Don L. McCormick, 43, Atolia, Ia., and George Schottfeld, Kansas City, were committed to the city jail to serve out \$10 fines for intoxication which they were unable to pay.

Robert Dietz was scheduled to appear in municipal court at 2 p. m. Monday to answer to charges of intoxication. He was released Sunday after posting \$15 bond.

Time of arraignment of Roy M. Hooten, arrested 9:40 p. m. Sunday charged with carrying a concealed weapon has not been set.

CAP Unit Slates Winter Program

Plans for the winter's social program, starting with a dinner dance tentatively scheduled for Jan. 7, were laid by members of the Twin Falls Civil Air Patrol squadron during Sunday afternoon's meeting at the Twin Falls airport manager's office.

Mrs. Harry Harris, adjutant, is heading the group planning the event, for which details of the exact time and place are still pending, according to Lieut. George N. Taylor, commanding officer.

Schools Here Have Coal to Avoid Closing

National laundry and dry cleaners estimated that the firm had coal on hand to last 30 days if no more supplies were available. He said he understood that laundries would be provided coal under emergency provisions.

Superintendent Morgan said that a survey was being made of the city's schools and that reports from all but one building indicated that the supply was ample to last until Christmas.

His Small User

Benson declared that most industrial users of coal in Twin Falls had adequate supplies on hand to last several weeks, but that it was the small user who would suffer by a prolonged coal strike.

Twin Falls coal yards were swamped last week with coal orders as homeowners attempted to lay in an adequate supply.

It takes 4,500 pounds of coal to make a new automobile.

Ex-Wife Asking Pay From Estate

Civil suit was filed against Margaret K. Walworth, administratrix of the estate of C. E. Walworth, by his former wife and two minor children in district court Monday.

Plaintiffs ask judgment for \$900 now due and payable for non-payment of \$150 monthly support money the last six months and for continued payment of the monthly sum until the children, now nine and 12, reach legal age. The claim is based on a property settlement agreed upon in 1914 and confirmed in district court when the couple were divorced in 1945.

In the property settlement the deceased agreed to pay \$100 per month to his former wife and \$35 per month for the support of each child. Plaintiffs claim that the settlement was not considered in the administering of the estate. J. H. Sherley is attorney for the petitioners.

ARMY SURPLUS NEW INSULATION

800 feet 1/2 inch pipe covering, 100 feet 2 1/2 inch pipe covering; 100 feet 1 inch pipe covering, 800 feet 1/2 inch insulation asbestos 3 feet lengths, new, ready to install easy to keep water pipe from freezing and to keep water pipe hot. JEROME AUTO PARTS

JEROME Phone 41

THE BRIDE WEARS white satin as she steps to the altar. In her hands she bears a prayer book covered with orchids from which depend two streamers with white bouvardia. Her jewels are pearls.

WHEN MOTHER WAS A BRIDE, she too relied upon Sperry Drifted Snow Flour for delicious cookies, cakes, and pies. She learned about Sperry from her mother and in turn passed along this heritage of kitchen lore to her young daughter, Barbara Ann.

NO DOUBT ABOUT how these Fudge Mounds are going to taste. They're made with Sperry Drifted Snow and so good that it takes lots of self-control to put on the frosting without eating every other one. Like every Martha Meade recipe, Fudge Mounds have been tested by the Home Staff to assure both baking success and popularity.

Bride of Edward Kalfain Carries on Family Tradition of Successful Bakings with Sperry Drifted Snow Flour

BRIDE WINS HUSBAND'S PRAISE! The former Barbara Ann Parke enjoys husband's enthusiasm for the Fudge Mounds she has baked with Sperry Drifted Snow "Home-Perfected" Enriched Flour. Sperry cookery has been a tradition in her family for three generations. That's why Mrs. Kalfain looks to Sperry for flour satisfaction.

Recipe by Martha Meade

Fudge Mounds

A rich, old-fashioned chocolate dessert that deserves a place among your special favorites.

Sift flour before measuring. Use level measurements for all ingredients. Sift into a large mixing bowl—

- 1 1/2 cups sifted Sperry Drifted Snow "Home-Perfected" Enriched Flour
- 3/4 teaspoon soda
- 3/4 teaspoon salt

Add, and beat all together for 3 minutes by electric mixer on medium speed, or beat vigorously with a spoon, about 150 strokes per minute (scrape sides and bottom of bowl frequently)—

- 1 cup brown sugar (packed in cup and free from lumps)
- 1/2 cup shortening
- 1 teaspoon vanilla extract
- 3/4 cup milk
- 1 egg, unbeaten
- 2 squares unsweetened chocolate, melted (2 oz.)

Let batter stand a few minutes before dropping by large tablespoonfuls on an ungreased baking sheet. Bake in a moderately hot oven, 375°, for 12-15 minutes. Remove cookies to wire rack. When cool, spread tops with Chocolate Butter Frosting. 1 1/2 dozen large frosted cookies.

CHOCOLATE BUTTER FROSTING

Blend together until smooth and creamy—

- 2 tablespoons softened butter
- 1/2 teaspoon vanilla extract
- 1 cup unsweetened chocolate, melted (1 oz.)
- 2 tablespoons cream
- 1 cup sifted powdered sugar

Enough frosting for 1 1/2 dozen large cookies.

BAKING INSURANCE... That's what the Sperry Harvesters on her bag of Drifted Snow mean to Mrs. Kalfain. When Martha Meade recipe is used with Sperry Drifted Snow "Home-Perfected" Enriched Flour, success is guaranteed. Otherwise, just write Sperry Flour, San Francisco 9, and twice the money you paid for your sack of Drifted Snow will be refunded.
