POCATELLO, Dec. 3 (P)-Plans r hiking the price of milk to 17 ints per quart were abandoned to-

the strike. Lewis declared the order deprives the miners of their con-stitutional rights as American citizens. Pending sentence, Goldsborough directed that Lewis go free of bond, in custody of his counsel. AFL General Counsel Joseph A. Fadway protested in-digmanity: "The court did not need to ndd 'in custody of counsel." Lewis, Padway said, will be in court of his own free will at any time the judge orders. In announcing his verdict, Goldsborough emphasized that Lewis was guilty both individually and as president of UMW, and that UMW is separately guilty. "Then he said quietly that having found Lewis guilty of contempt, he considered the question of sentence "of course very important. "While it may be somewhat unusual, but certainly not improper." he said, "the court would like to have the views of counsel for the defendants and counsel for the government as to what these sentences should be."
