Beet Growers Rap Handling Of Farm Help

(From Page One)
farmers and factory next year to keep both parties to beet-growing contracts informed about the condition of the crop.

"If you wish," he told the group, "I'd like to see you put on a traveling chemist too."

In reply to local growers' assertions, during the coal-crisis, that they thought the Twin Falls sugar factory should process the immediate beeta first, work on those from other areas later, Eickcock pointed out that until the Twin Falls factory can work a longer season than they have been able to on Twin Falls alone, the county crop cannot always come first.

Biggest Crop in History
With a yield of 169,700 tons of sugar beets this year, by far the biggest crop ever grown in Twin Falls county, the factory can only process 90 days of work from this haul of beets. Eickcock pointed out that it is only good business for the company to take beets from other areas and prolong the work season.

With less men, but more machines, the county harvested twice as many beets this year as in 1945, Eickcock declared, working roughly 40 per cent of the bumper crop, approximately 72,000 tons, with machinery.

Officers elected for 1947 were Carl Leonard, Filer, president; Herman Gies, Twin Falls, vice-president; and Jack Claborn, Kimberly, secretary-treasurer. Along with these three, the balance of the 10-member board is made up of Walter Reese, Castleford; Joe Kolmeyer, Duhl; Howard Tegan, Filer; Lynn Sempleman, Twin Falls; Charles H. Colner, Hansen; Willetta Sampson, Hansen, and Hiram Pickert, Murtough.

Traffic Fines
Fines of \$10 and \$3 each were assessed against Marjorie McArthur and Bob Metz for also sign violations and against A. W. Call for speeding when they appeared in municipal traffic court.

Overtime parking in the 10-minute post office zone brought fines of \$2 against D. E. Bean, Mrs. Morton Outer, and Edward Spelman.

Twenty \$1 fines for overtime parking were paid by L. Mites, Mrs. J. P. Wilson, Mrs. Arlene Lancaster, Jack Ellis, Mrs. L. Black, Macjorie McArthur, H. W. May, Kenneth Shock, C. W. Darling, J. H. Shinn, Al Robinson, Lynn Sempleman, C. C. Hart, Charles Reed, Bob Bradford, Mrs. P. A. Rowan, J. W. Buscher, B. L. Linders, Ralph C. Wilson, and Lee Wyman.

Chinese Rap U. S. Support for War
NANKING, Dec. 18 (AP)—The communist radio Yenan today bitterly attacked President Truman and Secretary of State James Byrnes for allegedly aiding and supporting the nationalists in China's civil war.

A sharply-worded broadcast criticized Truman for awarding a \$100,000 general victory medal in the midst of the current strife and accused Byrnes of making an absurd statement to explain the presence of U. S. troops in China.

Letters From Europe Plead For Presents

As Americans ponder Christmas gift shopping lists, they might pause to consider their good fortune in living in a land of relative plenty, as evidenced in two appeals for food and clothing received in Twin Falls this week.

Letters from Austria and Hungary reiterate that residents of those countries are facing the winter without the minimum necessities.

In a letter addressed to Mayor Fred Meech and sent to the Times-News by Hedy Molnar, Budapest, Hungary, she writes: "I ask you to call upon the kind-hearted citizens of your town to send some food, clothing, or anything else that is not already wanted to them. I have no clothing, no food, and with a family of three I have to face the chilly winter without all of these requirements."

He listed the foreign trade office, Budapest, as a reference.

The other letter was sent to the Times-News by Hedy Molnar, Klosternuberg bei Weim, East Prussia, 40, Austria.

We suffer from hunger. The weekly official ration is only for two days, but the week has seven. There is nothing at all one could buy. By American bombs we have lost all our possessions including clothes. I have not the courage to ask for a "CARE" package, but there will perhaps be a small package in the latest and happy country."

The "CARE" package reference pertains to the 20-pound packages of food that for \$10 may be sent to nearly any address in Europe from the U. S. "CARE" is the abbreviated name of the Cooperative for American Remittance to Europe. Remittance blanks may be obtained from Mrs. Helen Bailey, executive secretary of the Twin Falls Red Cross, at her office in municipal library.

Chinese Near Holiday With Slight Hopes

SHANGHAI, Dec. 18 (AP)—China is approaching the Christmas season of peace and good will, with little hope of either.

The long bright star of hope in a dark situation is that a complete national split, threatened by the communists, has not materialized.

When formal peace negotiations were broken off, Gen. Chou En-lai, chief communist negotiator, left Nanking for Yenan, the communist capital, but left the door ajar.

Left Office

That is to say, he left a liaison office functioning in the seat of government. It is headed by Tung Pi-wu, communist elder statesman.

There are a number of other factors on the credit side. While there is fighting in several provinces, it is not of an all-out nature.

Despite recent charges by the communists that the government was preparing an offensive against Yenan, none has started.

Government leaders in Nanking apparently believe such a drive might cause the final break which both sides obviously are anxious to avert.

Reds Lose Face

In the war of words, the communists have had some luck by making threats and then failing to make good on them.

Generalissimo Chiang Kai-shek has called their bluff successfully on two occasions.

The first was when the communists said a government attack on Kalgan, their citadel, would cause a final split. Kalgan fell.

The second was when the communists said that if Chiang persisted in calling the national assembly the nation would be shattered. The assembly met.

Teachers Get First Checks For Pensions

BOISE, Dec. 18 (AP)—First retirement allowance payments under the Idaho teacher's retirement law were mailed this week to 77 individuals whose applications for retirement and verification of service has been completed. H. P. Willmorth, director of the teacher's retirement system, announced today.

The warrants covered all allowances due from the effective date of retirement—July 1, 1946, in most instances, to Nov. 30, he said.

Over 70 Years Old

A majority of the individuals currently being retired are over the age of 70 years, many of them, having been retired from active service under provisions of the law which makes retirement mandatory upon attaining the age of 70. Willmorth said. One of them, he disclosed, now is 80 years old, and had been retired from active duty almost 10 years ago.

Retirement allowances are based upon the number of years of Idaho teaching service credited to the member and the average annual compensation of the member's last 10 years of teaching service.

While members of the retirement system may apply for retirement upon attaining the age of 60, Willmorth said, only a limited number has chosen to exercise the privilege. The teacher's retirement system to date has enrolled more than 3,000 members, the director said, and membership is expected to exceed 4,000 when enrollment is completed.

Every year, more than 3,500 lives are lost in farm fires alone.

Girl Declared Best Child for Young Couple

By H. BOYLE
NEW YORK, Dec. 18 (AP)—Most young couples planning ahead for a family want a boy instead of a girl. As an unprejudiced observer of the parenthood scene, this always has amazed me. I think the only thing harder to raise than a good boy is a baby girl with the mumps.

How long does a boy really bring to you? Five, maybe six years. Then for ten years he is a savage, and for the next five years, after that a callow introvert with mental growing pains. And then he blossoms forth and belongs to the world—and to himself. But he really hasn't belonged to you since the day his first tooth was knocked out. He has only been hibernating.

So it has been since Adam and his cohorts got the eviction notice from Eden that began the world's housing shortage.

But you take a baby girl. Mr. and Mrs.—you got something! You don't find her playing hooky to go to a business school, crawling rude words on the sidewalk, or using telephone poles as duck pins for the family only cat.

By nature she becomes mother's helper to learn her own future trade of housewife, and she practices her childhood wiles on the old man, but living that misunderstood hero of the hearth the little attentions that mama gave him before he discovered he was a pretty good meathead, but a lousy understudy for Valentino.

Now if I had a daughter—

Leather Worker and Creations

Creations in leather are fashioned by the artistic fingers of Mrs. Christina Petersen, who began the work as a hobby. Custom-made articles, personalized with names and initials burned into the leather, proved so popular the demand forced her into business. Mrs. Petersen designs a belt amid an array of other items she has created. Her daughter, Phyllis, left modeling a handmade jacket, displays an all purpose handbag designed by Mrs. Petersen. Hobby Grows Into Profitable Business for Leather Worker

By MARTHA MACNAMARA
AND SHE DOES IT ALL WITH A FEW small tools. Developing from an early love for leather and fashioning custom-made articles, Mrs. Christina Petersen's leather hobby has quickly grown into a profitable business.

To the father sex, her workshop is a haven. It simply bulges with wonderful ideas for purses and handbags. An original impression briefly outlined to this industrious woman literally comes to life under her nimble fingers.

Her small, circular handbag with a leather center proved to be popular. Another customer liked the bag but said it wasn't large enough. Mrs. Petersen remedied that by making an immense circular purse. And gals, it will hold everything from lipstick to the latest cookbook.

"I was wored on a ranch at Miles City," the bustling, hazel eyed woman explained "consequently I developed an early taste and understanding for leather."

If you want anything made, from a checkbook cover to a buckskin jacket, Mrs. Petersen can make it. Just approach her with an idea and watch it materialize.

"I first began making leather articles for Christmas presents for my friends. Of course I had done China painting and the point work when I was a girl, but had never taken it too seriously," she smiled. Then orders began arriving.

"Three tools became inadequate to handle the work," she explained, and she soon ordered additional equipment.

As the demand grew, Mrs. Petersen's versatility and originality came to light. A customer wanted her article lined, which inspired her to use color. Encouraged by her success she began using a hot point needle on the leather.

"People liked this touch because it was different," she explained. Her specialties include juvenile cowboy outfits which never fail to delight juniors' eye.

Progressing in leaps and bounds with never-ending demand for her products, Mrs. Petersen did stop long enough to name her business the Chris Line originals.

Like realistic designs. Dabbling in all types of designs she found that the most popular are the lifelike and realistic impressions. "Conventional designs do not appeal to the public as much," she said.

Another unusual feature in the Chris Line originals is the basket stamp, which was popular a number of years ago but has not been used extensively of late by manufacturers because of the tediousness involved. "People seemed to be fascinated by

the intricacies of the design," Mrs. Petersen said. Also popular is personalizing items by burning in initials or names.

With garment leather difficult to acquire Mrs. Petersen suddenly found herself in the repairing business and now mends jackets, inert zippers and any other odd jobs necessary.

Coming in for her share of public acclaim, Mrs. Petersen made the first district of the Methodist church, was guest speaker at the Sunday morning workshop at the First Methodist church, Don Mueser, Twin Falls, presented a vocal solo during the service.

Wendell Gets Laundry Unit

WENDELL, Dec. 18.—Purchased from the relocation center at Hunt a laundry unit will be installed in Wendell soon, according to Mrs. McAfee who with her sons will operate the business on Main street west of the Plumber's shop. The laundry is expected to be ready for occupancy within the next 80 days. The unit includes the building which also was moved here from Hunt. The building is 30 by 60 feet and the McAfees will remodel part of it into an apartment which they will occupy.

Installed by the government at the former relocation center, the laundry unit has the latest equipment, Mrs. McAfee said.

T.B. Hospital May Get Rupert PW Equipment

WASHINGTON, Dec. 18 (AP)—Dr. L. J. Lull, Idaho state health officer, prepared to return to Boise today with assurance that the state will be able to buy surplus hospital buildings and equipment for the Gooding tuberculosis institution.

Lull was released from Providence hospital after a checkup following what appeared to have been an attack of food poisoning.

He came here to arrange for purchase of the hospital at the Paul, Idaho, war prisoner camp and said today the war department had informed the war assets administration that the equipment will be sold with the buildings as a "package" within a month or so by the interior department.

Lull told an aide to Senator Taylor, D., Idaho, that he believed all priority holders will waive in favor of the state.

The charge involved a bad check. The defendant was identified by the sheriff's office here as a parolee from Walla Walla, Wash.

MRS. ALLEN W. CARTER
(Staff engraving)

Genive May Crowley, daughter of Mr. and Mrs. J. N. Crowley, 315 E. 1st street, became the bride of Albert H. Dougherty, son of Mr. and Mrs. E. R. Dougherty, Twin Falls, at 2 p. m. Sunday, Dec. 12, at the First Methodist church.

The couple exchanged vows before lighted tapers, evergreen, holly, Calla lilies and poinsettias. The Rev. Albert H. Parrett officiated at the double ring ceremony.

The bride, who was given in marriage by her father, wore a medieval gown of cream colored tulle and velvet with tufted double sleeves. Her fingertip cream veil was held by coronet of seed pearls. She carried a bouquet of poinsettias, gold roses and white sweet peas.

Her tokens of sentiment included her mother's cameo; for something borrowed a hand woven lace handkerchief made in France brought to the States during World War I. It was loaned to her by Mrs. Charles York.

Matron of honor was Mrs. Edmond N. Nielsen. She was in scarlet velvet dress. She wore a white sweepstake halo in her hair and carried a bouquet of white sweet peas and ivy.

The bridesmaids were Mrs. Richard Calvert and Mrs. Jerry N. Crowley, Jr. Their bouquets were of white carnations and ivy and they wore scarlet velvet gowns accented by sprays of carnations in their hair.

Mrs. C. W. Albertson presided at the organ. Earl R. Dougherty, Jr., presented a violin solo. Roger Stafford accompanied the three selections.

Weddings, Engagements

BURLEY, Dec. 12.—Carolyn Nichols, daughter of Mr. and Mrs. Loren Nichols, Burley, and Allen W. Carter, son of Mrs. A. W. Carter, Burley, exchanged wedding vows on Wednesday, Nov. 22, at the Idaho Falls LDS temple. David Smith officiated at the double ring ceremony.

The couple was accompanied by the bride's parents, her grandmother, Orella Nichols, the bridegroom's mother and Preston Block.

For traveling the bride chose a chalk stripe gray suit with blue accessories accented by a gardenia corsage.

Mr. and Mrs. Carter left on a wedding trip through Utah, Nevada and California. On Friday, Nov. 22, the Burley LDS tabernacle was the setting for a reception honoring the newlyweds.

The bride wore a white satin gown entrained with a sweetheart neckline and long sleeves. Her double fingertip veil was edged with lace. Her corsage was a white orchid.

The attendants were Emil Martell, maid of honor, and Maxine Nichols, bridesmaid. They were in formal gowns and wore pink carnation corsages.

Mrs. Nichols, mother of the bride, wore a fuchsia colored afternoon dress. Mrs. Carter, mother of the bridegroom, was in a black afternoon dress trimmed in white. Both had gardenia corsages.

The stage was served as a gift room and tables were decorated with lace table cloths and flowers.

Clara Nichols, Lula Mae Marchant and Estelle and Jacqueline Jeffs assisted with the gifts. Maxine and Gloria Nichols, sisters of the bride, served at the refreshment table. Darlene Booths had charge of the guest book.

Music highlighted the evening. A program was presented. It included vocal solos by Reseda Drake, accompanied by Doris Anderson. Two tap dance numbers were given by Carmo Sue Nichols. She was accompanied by her teacher, Barbara Church. Lula Mae Marchant and Norma Jacobs offered two duets accompanied by Carol Loyd.

Increased Restricted Area Asked to Curb Cheap Goals

By HARRY GRAYSON
NEA Sports Editor

NEW YORK, Dec. 16.—Something has to be done to minimize the effectiveness of that goal under the basket.

Foxtail Kurland of Oklahoma A. and M. scoring 18 points in one game last season, for example, a player, several feet tall, performing in the present third-second zone really should be given a time to go to rest.

"I don't like to see leads of gigantic build make a travesty of basketball at the expense of average-size players who outburn them more than 1000 to 1," asserts Oklahoma's Bruce Drake, chairman of the basketball national research committee.

When the fight against goal-tending by players of monstrous height was launched three years ago, Coach Drake pulled the nation's top-flight drillmasters, found that 85 per cent favored curbing them, 210-hands proved that the new goal-tending rule awarding the opposition two points when a goalie touches a falling shot before it reaches the level of the hoop, wasn't practical, but there has been absolutely no criticism of it.

Drake now proposes that the three-second zone be widened into a semi-circle, thus enlarging the restricted area into which the elongated leads must maneuver into and get out of before three seconds have elapsed.

Coach Holman and others would simply widen the straight line by six feet, but don't particularly care about the shape of the zone as long as players of normal height no longer require a ladder.

Drake points out that his semi-circle would be especially workable in the case of a player who would place all the athletes, large or small, an equal distance of at least seven feet from the goal, thereby eliminating:

(1) Tip-ins following missed free throws, an unneeded goal super-tall men have always reeled in.

(2) Rough play and personal fouls.

(3) Held balls that occur following free throws. With everybody back, the ball would be in the air, the goal would not be so congested.

(4) The capture of practically all rebounds by jumpers. Smaller players with fast reactions would stand some chance.

"The present rules still give the ultra-tall far too many rebounds," contends Drake. "I want the lead of giants built to earn his baskets, the same as the small man."

Larry Olsen's Goal Near End Gives Murtaugh 29-28 Victory

MURTAUGH, Dec. 16.—Larry Olsen's goal with the score tied gave Coach L. D. Anderson's Red Devils a 29-28 victory over the Brutin Jays here last night. Twin Falls had tied the score in the final minutes after trailing from the time it was all in vain.

ON THE SPORT FRONT

To Old Sport Scrivener believes that the Times-News (and in spite of the troublesome newspaper shortage) carries the tabulations of more basketball games than any newspaper in the west. The T-N boys not even to the large city dailies in this respect.

And there's a reason: The basketball box score gives every player participating in the game some recognition and, too, the box score tells a story to the fan that could not be told in many paragraphs otherwise.

Oh, yes, a box score is a pesky thing to handle by the author, receiver and by the linotypist, but it is well worth the effort for it gives the humbler kid on the team recognition and not only the stars whose names get into the headlines.

And that's who old Yoda is for—that kid who goes out there and gives his best effort, however slight. He makes basketball or any other sport because he provides the firmament without which the sport stars could never shine. And that's something the sport stars should remember.

AND THAT'S THAT FOR NOW, except: Keep that Magic mountain ski road open.

Doctors Hear Technique of Eyes Surgery

CLEVELAND, Dec. 18.—New techniques for restoring the good looks of both living and sightless eyes were described to the American College of Surgeons here today.

One of these is raising sunken eyes. This condition is due usually to an accident that breaks the floor of the eye socket. Among civilians about half of these are caused by a punch in the eye with a fist. The war caused many, with shell fragments.

Eyelid Sinks Back

The upper eyelid in such cases sinks back in an unsightly fashion. Surgeons restore the position of eyeballs by building up the broken floor of the orbit, or socket. This problem has been with material to use for a new eye floor.

Major Arthur E. Sherman, of 77, Dix N. J., said that in the last years of the war several new materials had worked well. These are tantalum metal, lucite and spun glass. Before the war a piece of rib was often used, but Dr. Sherman said both the rib and the metal, glass and plastic do not adhere very firmly.

Best Bone Discovered

The best flooring for the eye, he declared, comes from the ilium, the

KELLOGG, Dec. 18 (AP)—Police Chief Frank Hunt today reported the recovery of \$10,000 worth of stolen goods and said it was part of a growing collection attributed to a burglary ring.

The goods, he said, were found in a local warehouse held under the name of a man who has since been killed in a car accident in Nevada. Earlier, officers at Metairie Falls, Wash., recovered \$3,000 in stolen goods and arrested a man identified as Harvey Lee Adams, who is now held at Cour d'Alene on a charge of first degree burglary.

One bone that makes the glute just above the hips. This bone is porous, and when placed in an eye socket, grows to the eye bones and forms a new, living floor.

Now upper eyelids to replace scarred lids or those lost in disease were described by Dr. Edmund H. Spach of the University of Pennsylvania. Dr. Dean H. Affleck of Twin Falls, Ida., is attending the meetings here.

HAZELTON, Dec. 18.—A resident here since 1944, George Washington Moorhead, 64, died at 8:45 a. m. Tuesday in St. Valentine's hospital, Wendell. Cause of death, after only a few days illness, was attributed to advanced age.

Mr. Moorhead had made his home with a son, John Moorhead, Hazelton, since the death of his wife, Ella, two years ago in Blanca, Colo., where they had lived for 27 years. He was born Feb. 16, 1882, in Pike county, Ill., and took his family to Colorado in 1907.

He is survived by three sons: John, Harry, Jerome and Earl, Eagle Point, Ore. The body was to be sent Wendell.

Mrs. W. B. Hall, 59, Rupert, Dies

Assembly to Vote on India Republic Issue

NEW DELHI, Dec. 18 (AP)—Congress party sources predicted today that the constituent assembly would pass without amendment a resolution for the creation of a sovereign Indian republic, despite assertions by some assemblymen that such action might lead to civil war.

Immediate passage of the resolution, drafted by congress party leader Jawaharlal Nehru, was opposed on the assembly floor today by Frank Anthony, president of the Anglo-Indian community, and Dr. Ghim Rao Ambedkar, leader of the scheduled caste (untouchables).
