Ruling on Lewis

Horsfall said that a pink-colored stamp, the type found by officers raiding Twin Falls night clubs last week, was discontinued last November by the liquor dispensary "because there was boologging going on and we couldn't find out where the unauthorized liquor was coming from." He said some of the pink stamps still might appear on "legal slow-moving stock." The state liquor stamps—which have no monetary value—are affixed to bottles to show the centents were legally purchased from a state-owned liquor dispensary. Seth Harper, who succeeded Horsfall, said a record book covering the issuance of stamps for the period Dec. 31, 1945 to May 1, 1945 was missing and that its recovery was necessary to explain who was issued the stamps found at Twin Falls.

MENTHOLATUM SM quick!

"I'll be fired for that fool story!"

The managing editor of the New York Herald took a day off on December 21, 1879. So this headline in his paper hit him without

EDISON'S LIGHT—

ET MAKES A LIGHT, WITHOUT GAS OF PLAME! The public promptly shouted "hoax!" Scientists called Edison crazy. And our shocked, angry editor expected to be fired.

But he wasn't, Eleven days later, Thomas Edison held a unique New Year's Thomas Edison held a unique New Year's party in his laboratory at Menlo Park, New Jersey, and invited the world to see his "flameless light." Thousands came and were convinced. The incandescent lamp was real.

200n small companies were bringing the benefits of Edison's newfangled lamp to the people. Engineers and business man poured in their energy and time...risked their own savings...oversame." their own savings . . . oversame all kinds of obstacles . . broadened and improved the service.

Government didn't do the job. Individ-nals did. And in the process, they created jobs for many thousands of Americans, as well as a great new service for many mil-

When Edison opened the first powe When Edison opened the first power-plant in 1882, electhicity cost 25 cents a kilowatt-hour. This year, as we mark the 100th anniversary of the greet inventor's birth, the average price of household else-tricity across the country is only 3½ cents per kilowatt-hour, and Idaho Power Com-pany's average for residential and farm users is only 1.97 cents per kilowatt-hour.

Thanks to Edison's imagination and enterprise—thanks to the courage and initiative of many men and women, work-ing under the American business system—this country enjoys the most and the best electric service in the world. And all our lives are richer, safer, more pr

HAZELTON, Feb. 17—O. B. Leabo, who recently returned from Salt
Lake City where he underwent a
major operation, has been taken to
the Gooding hospital.

"Follow Me.!" The ringing battle-cry of the Infantryana is the stirring command of the leader. And nowhere clee in the world-in war and in peace are so many great leaders developed as in the Army Ground Forces. The American ground soldier is known for his ability to carry out any assign-ment with resourcefulness and initia-tive — the qualities that make leaders is civilian life as well as the Army.

The Ground Forces can not only teach you leadership—they can equip you with fine job training to go with it. In peacetime, the Army is a gigantic school-going organization—with training available in many valuable skills and trades.

Remember, too, that increased Army pay scales are now in effect, and that you receive 20% additional

and that you receive 20% additional pay for overseas service.

Thousands of outstanding young men, able to meet the new higher standards required, are enlisting in the Regular Army. And because of the special advantages offered, the
