Wallace Declares U.S. Imperialistic Over Arabian Oil

PARIS, April 24 (AP)—Henry A. Wallace said today the United States should obtain Saudi Arabian oil through the United Nations, "so it would not seem so utterly damn imperialistic."

"There is no sense in being hypocritical about it," the former American vice president told the Anglo-American Press association here. "We are in the middle east to get the oil and to build a canal."

Pair Sent to Prison; Boys Go to School

Judge James W. Porter met today two penitentiary sentences, two to the state industrial school and a life term to the state penitentiary for a fifth case as the April district court met to proceed with the criminal calendar Wednesday afternoon and Thursday morning.

The first was the case of O. P. Skags, who was sentenced to serve from two to four years in the state penitentiary at Boise for passing a \$100 check on the Farmers Bank and Trust company last February. He had previously pleaded guilty to passing a \$100 check on the same bank.

Also sentenced was Phillip Houghton for forgery. He drew a one to 14-month sentence for passing a \$31.55 forged check last December.

In the case of Donald G. Kaecher, who had pleaded guilty to passing a \$100 forged check on the Farmer National bank at Boise, Judge Porter withheld pronouncement of the sentence for one year and six months on parole to the sheriff, Charles Magdala and Larry Wood.

The three-day convention will be held at the assembly rooms by Dr. Paul S. Conrad, New York City, a member of the council on finance and general secretary.

Dr. W. A. Shivers, Berkeley, Calif., and other representatives of Baptist convention ministers and missionary benefit board, reported that the world mission fund drive is an attempt to secure \$10,000,000 for reconstruction and development of China.

At the assembly banquet last night, the Rev. Everett S. Burkett, pastor of the Chinese Episcopal church, made the invocation.

Moscow Parleys Ended by Big 4 Disagreement

MOSCOW, April 24 (UP)—The foreign ministers concluded their Moscow conference tonight with a record of few accomplishments and agreed to meet again in London in November.

The big four succeeded neither in agreeing upon a peace treaty for Germany nor upon a treaty for Austria which had been the minimum accomplishment expected for the session.

'Camporee' of Local Scouts Set for May

The Twin Falls district Boy Scout camporee was set for May 16 and 17 at Harrington Park camp on Rocky creek. The decision was made by the district committee at a meeting Wednesday afternoon.

The camporee will be for all troops on a patrol basis with award streamers being presented each patrol and a contest between the patrol leaders.

Sabotage of Phone Lines Reported in 12 States as Strike Parley Bid Issued

WASHINGTON, April 24 (AP)—The government today went after a new formula for settling the 18-day-old telephone strike amid reports that long distance lines have been sabotaged in at least 12 states.

The striking National Federation of Telephone Workers quickly accepted an invitation from Edgar L. Warren, federal conciliation director, to renewed bargaining talks with the Bell system.

The only immediate acceptance by the other side came from the South-Western Bell Telephone company. The Western Electric company and the long lines division of the American Telephone and Telegraph company said they would think it over.

Between them the three units employ about 33,000 of the 310,000 workers made idle by the union walkout April 6. The strike demands, including a \$12 a week pay hike.

Complaints by telephone company officials that lines have been cut were heard in Tennessee, Mississippi, Kentucky, California, South Carolina, Michigan, Wisconsin, Oregon, Missouri, Oklahoma, Texas and New York.

Rewards of \$1,000 for the conviction of saboteurs were posted by the Bell system.

House GOP Leaders Dig in for West's Attacks on Interior Cuts

WASHINGTON, April 24 (AP)—Facing a threatened uprising in their own ranks, house Republican leaders dug in today to uphold an appropriations committee recommendation of a 47 per cent cut in interior department funds.

But upholders of a score of western Republicans are dissatisfied with the proposed \$83,234,600 slash in reclamation bureau funds. Some are talking about joining with the Democrats in a drive to restore part of the money.

Some Democrats, too, want more than the \$1,371,000 recommended by the committee for the southwestern power administration. They may line up with the western GOP members in a fight to restore part of the \$2,654,000 lopped off by the committee.

Chairman Taber, R. N. Y., of the appropriations group indicated the move would appear any and all amendments in a fight to restore part of the \$2,654,000 lopped off by the committee.

NBC Relents; Comics to Air Network Gags

HOLLYWOOD, April 24 (UP)—The four-day skirmish between the National Broadcasting company and its radio comics was over today with the comedians planning an unopposed flight of jobs at the network.

But the fun was over. NBC turned its other check and invited the comedians to stay anything they wanted to about the network.

The controversy started Sunday night when NBC cut Comedian Fred Allen off the air briefly during a broadcast about a mythical network.

It ended when NBC last night lifted its order to "fade" any joke directed at the network and appointed Allen and Comedian Bob Hope and Red Skelton, who also were cut off during NBC jokes, as honorary vice presidents.

Allen turned down his vice presidency, pleading "pressure of regular work" and poor health that "precluded strenuous outside activities."

Lifting of the NBC ban was regarded by the strikers as a signal for open action on radio jokes.

Denits Day was the first to have his fun last night without being shunted off the air. His radio gig reportedly came into the room, asked:

"What are you doing?" "I'm listening to the radio," Day replied.

"I know it," Day answered. "I'm listening to the Fred Allen program."

Water Firms Seek Storage At Palisades

The Salmon River Canal company's application for 210,000 acre-feet of storage space in the proposed Hiram's dam is the largest single application for supplemental water space in the reservoir, Lynn Cranford, watermaster, at Idaho Falls, announced Thursday.

Applications for storage space in the reservoir already exceed the total amount reserved for the project, exclusive of power plant demands.

Other Mascic Valley applications for storage space include supplemental water of 25,000 acre-feet for the North Side Canal company, and 15,000 acre-feet for the Hiram's dam.

Cranford declared that the Salmon River Canal company's project would necessitate a new canal and pumping plant. The North Side Canal company's application is still subject to approval of stockholders.

The applications were received both on the basis of 40 per acre-foot and 48 per acre-foot. Cranford said. No difference in the amount of storage was requested by Mascic Valley groups for either of the projects, however several canal companies applied for less storage at the higher rate.

Cranford said the applications for the Palisades reservoir space are being made on the assumption that American Falls lease space is all sold to present lease holders. Mascic Valley irrigation companies are anxious to finish in American Falls reservoir.

More than 100 striking telephone workers reaffirmed their stand before a meeting of the National Telephone Federation at Idaho Falls. Workers at the Twin Falls Labor market, according to Duncan T. Maguire, general secretary.

Telephone workers from throughout Mascic Valley, as well as state-wide, will meet at the Palisades gathering Wednesday afternoon. The strike is now in its 18th day, with 100 workers locally indicating any change in its status.

### Boost in '47 Crop Goal Is Told by Bank

SAN FRANCISCO, April 24 (AP)—Agricultural production goals for 1947 in the seven states of the 12th federal reserve district call for increased production of 19 individual commodities and smaller output of only five.

A summary by the San Francisco federal reserve bank discloses that there is a drive for increased production of lamb, hay, corn, oats, rice, grain sorghum, wheat, dry beans, sugar beets, cotton, flaxseed, alfalfa seed, other legume and cover crop seeds, milk cows, stock sheep and lambs, springing farrowing sows, chickens, turkeys and milk.

Sharpest increase is in flaxseed, with the goal 145.1 per cent of the 1946 acreage, or a total of 170,000 acres.

Second largest increase is in dry beans, which have been set at 120 per cent of the 1946 acreage.

Smaller production of barley, dry peas, Irish potatoes, rice and beef cows is called for. The sharpest decrease would be in cotton, 75 per cent of the 1946 acreage. There was a vast surplus of this crop growth last year.

Smaller production of such crops as western potato growers would turn to dry beans or sugar beets.

For growers in Washington, Oregon and Idaho were expected to have a favorable alternative in wheat. Production in the latter two states was second only to potatoes, being 92.5 per cent of 1946 acreage.

### Program Set for County Festival

The program for the Twin Falls county music festival, which begins at 8 a. m. Friday in the Filer high school gymnasium, has been announced by Mrs. Doris Stridley, county superintendent of schools.

An attendance of about 500 pupils is expected from all rural schools in the county as well as two independent schools, Maroa and Hollister.

The program will open with "Here We Have Idaho," which will be followed by primary songs. Special numbers will be presented by groups from Rogerson, Poplar Hill and Springdale.

Following junior special selections will be given by Cecilia Drew and Park Lane groups.

Group singing of popular hits of yesterday and today will include special numbers by groups from Luzerne and Maroa. Closing selection will be "God Bless America."

### Farmers Warned On Use of Spray

County Weed Control Director John Grimes Thursday cautioned farmers that after spraying with 2-4-D the ground should not be disturbed for one season. However, he said, no harm will result from irrigating through sprayed ground.

If fields of potato patches have been sprayed with 2-4-D, they should not be cultivated, Grimes declared, recommending that the cultivator foot be lifted and allowed to pass over the sprayed area.

He said many farmers have the erroneous idea that areas sprayed with 2-4-D should be cultivated, explaining why this is not so. Grimes pointed out that plowing or cultivation stops the action of 2-4-D by leaving the chemical from the roots of weeds. Irrigation tends to help carry the chemical to the weed root structure.

### Four Additional Districts Report Election Results

Returns on four more common school district trustee and levy elections have been received at the office of County Superintendent Doris Stridley.

At Amterdam district No. 41, A. K. Kunkel was elected for a three-year term and was also named as clerk of the board. Grafman is E. J. Bryant, secretary and the other hold-over member is Leonard Peter. All are from Amterdam. The new levy is 65¢ mills, just one-quarter of a mill higher than that for the previous year.

Mrs. C. J. Davis was elected for a three-year term at Allendale district No. 45. Chairman is E. J. Puller, and the clerk is Mrs. Lillian Measner. The new levy is 17½ mills, as compared to 15½ for last year. All of the board members are of route 2, Twin Falls.

James Wilson, route 3, Buhl, was elected as a trustee of the Riverton school district board to fill the unexpired term of John Harms. Hold-over members are Robert Turner, chairman, and Wilford Jacques, clerk, both of route 3, Buhl. The levy was set at 17½ mills, two mills lower than the previous levy.

Elected as trustee of Cedar Draw school district board was L. W. Carter, route 1, Piler. Hold-over members are J. B. Birtch, chairman, and Carl Hendrix, clerk, both of route 4, Buhl. The Cedar Draw levy was set at 17½ mills, an increase of five mills above the former levy.

### Castleford Names Connor, Phillips

CASTLEFORD, April 24—Bill Connor, incumbent, and Darrel Phillips were elected to the village board in the Tuesday elections, defeating Bill Hutegrandt and the late resident candidate Emory Bryant.

Votes received were: Connor, 23; Phillips, 23; Hutegrandt, 17; and Bryant, seven.

Hold-over board members are Fritz Bybee, chairman, Del Hudson and John Alexander.

### HEYBURN ELECTS

HEYBURN, April 24—Dave Lemon, Golden Moffett and Keith Moulrissen were elected to the Heyburn village board in the Tuesday elections.

Mrs. C. J. Davis was elected for a three-year term at Allendale district No. 45. Chairman is E. J. Puller, and the clerk is Mrs. Lillian Measner. The new levy is 17½ mills, as compared to 15½ for last year. All of the board members are of route 2, Twin Falls.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Office Belongs to Happy Raloff

Many self-cure relievers suggest backache, when they discover that the real cause of their trouble may be a faulty set of habits. In the case of a faulty set of habits, the relief is not in the muscles, but in the spine. When the spine is out of balance, the muscles are forced to work overtime to keep the body in a normal position. This is the cause of backache, and it is the cause of many other ailments. ### Stair Climbing Helps Figure, Actress Avers

HOLLYWOOD, April 24 (AP)—Actress Kristine Miller, who owns the most exciting figure to hit Hollywood in 17 years, said today that she got that way climbing stairs.

She said the bungalow cottage was pulling American women's figures. It gave them that "one-story" look, she said—lots of porches and gable-end legs.

"If you have to walk up and down stairs a dozen times a day, your figure takes care of itself," she said.

But a bungalow cottage doesn't offer any exercise. Women who live on one floor are bound to get thick ankles and wobbly thighs.

Fifty Stairs Miss Miller has lived successfully in a two-story Argentine house with 20 steps to the front door, the second floor of a San Francisco flat, third flight of a Copenhagen apartment house, and second floor of a Hollywood boarding house.

She also makes daily trips to the second floor of the Paramount executive building to see Producer Hal Wallis, and goes to a second floor in "I Walk Alone" for Paramount release.

Compared With Grable "That's all I need to do to keep in shape," she said. "Stair climbing exercises a girl where she needs it most—below the waist."

Miss Miller, who Paramount fashion designer Edith Head says has "the most exciting figure since Betty Grable," stands five feet six, weighs 110 pounds. Her measurements: bust 36, waist 26, hips 35, calf 12, ankle 8.

Miss Grable also lives in a two-story house.

### Ketchum Chamber To Edit Pamphlet

KETCHUM, April 24—Richard Sanger was appointed chairman of a Ketchum Chamber of Commerce planning board to publish a bulletin advertising Ketchum. The pamphlets will be used for dissemination to travel bureaus and individuals throughout the country to publicize the village.

Engraving plates have been received for membership cards in the organization. The cards will depict two-tone pictures of game heads and fish. The card was designed by Crosby DeKoss, noted artist who now lives in Ketchum.

### Child Labor Law Change Is Asked By Social Group

BOISE, April 24 (AP)—Revelation of Idaho's child labor laws to raise the minimum age from 14 to 16 for children working in manufacturing, mining and processing industries is asked in a resolution adopted by the Idaho conference of social work.

The conference, which terminated its fifth annual meeting yesterday by electing State Supreme Court Justice Raymond L. Given, Boise, as president, also asked that the work week for children of 14 and 15 years of age be limited to 40 hours a week.

The other major union involved in the strike, the carpenters, opened negotiations Tuesday, when "exploratory discussions" were held with negotiators agreeing on an outline conference at a later date still unset.

NATIONAL REPRESENTATIVES

CONFUSE AND CONQUER
The nuisance value of the small Communist cell in organized labor was demonstrated last week by the CIO officials in Washington against labor bills now before congress.

After CIO President Murray and other officials blasted the proposed legislation and prophesied the dawn of a Communist era, Potash arose. Mr. Potash is vice-president of the Fur Workers' union.

"I speak to you as a Communist," he said. He didn't get much further than that, according to newspaper accounts of the meeting. Emil Rieve, the Textile Workers' union president, protested. So did A. R. Hardesty, a Texas representative.

But Richard Leonard, UAW vice president, objected to Mr. Hardesty's statement that "We should say that we will not align ourselves with the Communist party in any shape or form. We should say we do not seek such support."

Why Mr. Potash bring up his Communist affiliation? Potash is not an issue in the legislation under discussion. There seemed to be no disagreement among the 250 CIO leaders as to their stand against that legislation.

I don't know what was in Mr. Potash's mind. But the pattern of Communist technique is so familiar by now that we feel safe in making this guess: Mr. Potash injected communism into the discussion because it is Communist party policy to promote dissemination while preaching unity.

The discussion can be traced best at the top, where it counts. It is sure to spread to the rank and file, and with it goes confusion. By trying to dictate CIO policy and by aligning themselves with it, the Communists can muddle the minds of union members.

If the Communists support CIO objectives, then can communists be so bad? If the government were to outlaw the Communists, wouldn't it also outlaw us, who agree with them on matters of union labor policy?

These are questions which the comrades are probably delighted to plant in as many minds as possible. Doubt and confusion prepare the ground where the seeds of subversion are sown. Then the Communists, through organization, discipline, zeal and ability to shout louder than their opponents, have a chance of taking over.

It should be added that pro-Communist Michael Quill, head of the Transport Workers' union, had a few confusing words to say at the CIO meeting. He said it was "no accident that the American Veterans' committee are putting out Henry Wallace's speech by the thousands."

Veterans, attacks on American foreign policy, strikes—are they all part of the same picture? Are they forerunners of the revolution? Or did Mr. Quill just want to make them appear so for confusion's sake?

HOUSECLEANING—Secretary Marshall has shown utter disregard of precedent. Within the last week he fired a wire, Harvard University, to demand that it dismiss its neglected duties in a small but important South American country.

Incidentally, the secretary of state has the complete support of President Truman in the housecleaning and strengthening of our diplomatic front line. The chief executive has informed complainants that he would have intervened when he was choosing commanders for the Normandy invasion.

ACT—Secretary Marshall can now abdicate experienced, educated and trained experts for political hacks, two existing in the field of bullet-and-sword donors to the party treasury because of enactment of the foreign service act of 1946, which President Truman signed into law.

REFORM—As a matter of fact, state now has a waiting list of economists, business men and graduates of foreign service schools. Although, like G.I.'s in the army, they "will never get rich" while serving under the present administration.

DISAPPOINTMENT—The Chamber of Commerce delegation also expressed disappointment over his handling of the over-all labor bill on the senate side. It should be added that Mr. Vandenberg's committee. It begins to look as if Mr. Traft had committed an error of strategy if he selected the labor committee in the belief that it would prove a threshold to the nomination.

Views of Others
A LESSON IN DIRTY Gardening, according to Henry D. Thoreau, falls into that category we call philosophical vocation. Fishing and rose culture are others, equally enjoyable if not more so.

TOUGH ASSIGNMENT
Eric Johnston, the movie industry czar, plans a European trip in June on which he hopes to break down the opposition which is blocking American films from many countries.

JAZZED-UP DIPLOMACY
There is some promise in the state department's decision to heed a request of the foreign and substitute Benny Goodman records for folk songs and symphonies in its broadcasts to Russia.

### Sharp Dip in U. S. Divorce Rate Is Told

By United Press  
The nation's divorce rate has dropped abruptly, a survey showed today.

The postwar boom in divorces reached record proportions last year, but during the first three months of 1947, the United Press survey showed, a decline set in.

Authorities on divorce, including judges, lawyers and sociologists, attributed the decline to those factors:

1. Most of the hasty, ill-advised wartime marriages already have been dissolved.
2. Many women who gained economic independence by earning high wages in war plants have returned to housework, cementing family relationships.
3. Less easy money for both sexes has made for fewer divorces.

In many cities, the survey showed, the reaction had set in. Judges were becoming more strict, and church groups were crusading against divorce.

Housing Lack Cited  
At Memphis, Tenn., Mrs. M. V. Smith, prominent divorce attorney, said last year's divorce boom largely was a case of "loose money, loose morals."

At Detroit, Judge Joseph A. Moynihan said that the "gangplank marriages" of wartime "didn't work out so well." He said that the divorce rate would decline even more with adequate housing.

In the divorce mecca of Reno, Nev., there was a downward trend. During the first three months of the year there were 1,532 divorces, compared with 2,251 for the same period last year. Lawyers said fewer people could afford Reno "quicker" now.

### Hailey Man Given Sentence in Jail

HAILEY, April 24—Larry Menard was sentenced to serve six months in the Blaine county jail when tried before Probate Judge George A. McClellan on a misdemeanor charge.

Four months of the sentence are to be suspended upon condition that he pay all costs of suit, which include a trip by plane by Sheriff L. E. Quiza and Bob Savaria to bring him here from New Orleans, La.

Menard was arrested on the complaint of L. Powell for presenting the Fowler Auto company with a check for \$2107 on January 17, drawn on the San Francisco branch of the Bank of America in which he had no account. He was employed at the Casino in Reno, Nev. for several months last winter.

### Blaine Mother Gets Divorce, 4 Children

HAILEY, April 24—Alma D. Anderson was granted a decree of divorce on grounds of desertion from Clifford L. Anderson by District Judge D. H. Sawyer. The couple was married at Pocatello Feb. 8, 1938.

The plaintiff was given the custody of the four minor children, Lavin Marie, 8; Lois Mae, 6; Letty Martin, 3; and Laura Marie, 20 months. Anderson was ordered to pay \$15 per month to Mrs. Anderson and \$10 per month toward the support of each of the children until they become of age or marry. He also must pay costs of suit and attorneys fees.

The family home in Ketchikan was sold by Mrs. Anderson. Attorney E. B. Taylor represented the plaintiff.

### Order Coal Now, Dealers Ask Home Consumers

To avoid possible shortages next winter, dealers in this area for Aberdeen are urging their customers to place orders and accept deliveries immediately. Aberdeen, mine at Kenilworth, Utah, is being produced at full volume and in all sizes.

Unlike many other products coal cannot be stored in quantity except at the point where it is used. In other words, the coal owners fail to order coal during the spring months. Aberdeen production must be curtailed and the coal thus lost cannot be made up later. On the other hand, with continuing orders for coal the mines can continue their full production, ship a constant supply to dealers, who in turn deliver it to you and your neighbors.

Dealers in this area for Aberdeen, the coal that is being mined in the West, have joined to urge immediate delivery of coal now for next winter's use. If you live in a large area; make certain which size you prefer; place your order with your Aberdeen dealer; accept delivery when most convenient for your dealer.

Telephone Your Order  
Dealers will accept your telephone order. Call now. Specify the size Aberdeen you prefer, lump, stoker, nut, or stoker. Call one of these dealers:

## GOLDEN ANNIVERSARY YEAR

Always "Best in the West"

### Atomic Power Ruled Out for Lights Source

SPOKANE, April 24 (AP)—A leading atomic scientist said today that atomic energy eventually could displace other fuels in production of electricity but probably never could compete with hydro-electric power.

Dr. Leo Szilard, of Chicago, vice-director of the emergency committee of atomic scientists, said in an address at the National Radio Electric Cooperative association convention that coal probably would be a more expensive fuel than plutonium in years to come.

More Expensive  
Because atomic power can not be transferred directly into electrical power, but only through the utilization of heat energy, electricity produced by the atomic process would be more expensive than hydro-electric power, he said.

Goldschmidt, director of the interior department's power division, told 2,000 delegates that the nation was "operating the power system by heavy encroachments on its reserves" and that any attempt to curb the federal power program was "dangerous in the extreme."

Nothing short of a depression, with its toll of insecurity and individual hardships can prevent us from hitting the ceiling of our power supply with serious consequences both back to the user and to the line as quickly as possible.

Can't Meet Demand  
Goldschmidt said "the combined national peak of power output" was 92 per cent of the total dependable capacity of class 1 utilities in January. This means we had an average of only seven per cent reserves. Many important power areas are operating well above their net assured capacity. We are relying on luck.

The interior department official said that in earlier years generators and transmission facilities were ordered ahead of market demand and they created that demand.

Today, he said, "we can no longer build ahead of demand. Even if all agencies, public and private, got together with the greatest combined effort, we could not meet present demands of power."

### Convention Opens

HAILEY, April 24—About 45 representatives of the International Knife and Fork association are expected here Friday for the opening sessions of the international convention.

### Infant Twins at Burley Succumb

BURLEY, April 24—Infant twins of Mr. and Mrs. Jay C. Nielson died soon after birth in the Cottage hospital, Burley, Tuesday. Darrell Nielson died Wednesday morning.

The bodies are at the Burley funeral home pending funeral arrangements.

The twins are survived by their parents; two sisters, Suzanne and Ade; a brother, Jay Nielson; and Mrs. A. C. Nielson and Albert Harber, all of Burley.

### Realty Board Organized by Dealers Here

Twin Falls real estate dealers organized the Magic Valley Realty board of Twin Falls in a meeting Wednesday, electing C. A. Robinson vice-president of the new organization.

Other officers elected are: O. D. McCoy, first vice president; J. E. Robinson, second vice president; W. A. Ottendire, secretary-treasurer; and Dan Vandenberg, Charles E. Adams and Rex Kasper, directors.

Formation of the board was aided by O. D. Huxman, Portland, Ore., regional vice president of the National Association of Real Estate Brokers; Ira E. High, president of the Boise Realty board and president of the newly organized State Real Estate association; and Ernest G. Day, Boise.

Prospective members of the board are in attendance from Buhl, Gooding, Jerome, Burley and Newport. It was not decided if dealers from other Magic Valley towns would join the Twin Falls board or organize independently.

Robinson indicated another meeting would be called as soon as the board of directors could convene to formulate a constitution and by-laws for the new organization.

### Final Rites Held For Declo Woman

DEGLO, April 24—Funeral services for Martha Esther Gilliam Norton were held at the Burley first ward LDS chapel with Bishop C. LeRoy Hamer officiating.

Opening prayer was given by Joseph P. Jensen and the closing prayer by O. E. Christensen. The obituary was read by Fred Johnson, a grandson of the deceased and speakers were Wilford Hurst and Burdell Curtis. Closing remarks were given by Bishop Hamer.

Organ solos were played by Mrs. Gerald Marchant and Mrs. Hollis Girard and vocal duets were sung by Mr. and Mrs. Garth Brown and by Donna Rose and Virginia Manning.

The grave in the Burley cemetery was dedicated by C. O. Peterson. Pallbearers were grandsons and flowers were carried by granddaughters of the deceased.

### Blaine Man Fined On Trap Charges

HAILEY, April 24—Earl Hargrave, Kelchum, was fined \$25 and costs when he pleaded guilty to disturbing a beaver trap set by Woodrow Waite, state caretaker beaver trapper on Sun Valley Trail creek property April 17.

Hargrave was arrested by State Conservation Officer T. J. Mirer and cited before Probate Judge George A. McLeod.

ARRANGES PARLEY UNIVERSITY OF IDAHO, April 24—Charles Urban, Kimberly, is a member of the committee making arrangements for the national Intercollegiate Knights convention at the University of Idaho May 2 and 3.

### Episcopalian Deanery Will Meet Friday

BURLEY, April 24—The spring meeting of the Twin Falls Deanery will be held in St. James' Episcopal church here Friday, St. Mark's day, beginning with a celebration of the holy communion at 11 a. m.

The Rev. E. Leslie Hollis, dean, Twin Falls, will be the celebrant, assisted by the Rev. R. C. Ward, vicar of St. James church, Burley, and Trinity Memorial church, Rupert. The Rt. Rev. Frank A. Rhea, Bishop of Idaho, will give the meditation.

Following a "no-host" luncheon, Mrs. A. L. Norton, Twin Falls, president of the deanery, will preside over the meeting. The special speaker will be Mrs. Sam Morrison, Globe, Ariz., provincial representative on the national executive board of the woman's auxiliary in New York City. She will bring a direct message from the April afternoon of the board. During the afternoon there will be reports from different guild in the deanery and election of officers.

Church women are expected to attend from Buhl, Twin Falls, Hailcy, Kelchum, Shoshone, Gooding, Burley and Rupert. In Twin Falls persons who would like to attend but who do not have transportation are asked to contact Mrs. J. W. Marshall. Mrs. Morris will arrive in Twin Falls Thursday and will be special guest that evening at the meeting of the evening guild at the home of Mrs. J. W. Marshall.

### Traffic Fines

Clyde A. Stevens made the largest single contribution to the Twin Falls traffic fine fund for Wednesday when he paid \$12 in overtime parking fines, plus a \$2.50 towing charge. He was charged \$2 apiece for five tickets his car had collected, and the towing charge because of failure to move his car after the fifth ticket had been affixed.

Paying \$2 improper parking fines were Mrs. M. D. Conner and E. C. Fife.

Those who paid 1/2 over-time parking fines were: J. Babcock, J. W. Smith, Stanford Rich, F. J. Shesemaker, Grant Cobbley, J. H. Gliese, Ruth Porter, Barbara Kewan, Lorene Molyneux, John Lumby, Bill Wales, Gerald McClures and Cecil Jones.

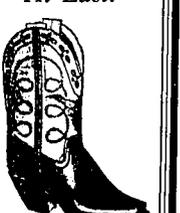

### Rail 'Old Timer' Guests at Lodge

HAILEY, April 24—Between 200 and 300 "Old Timers" of the Union Pacific railroad will arrive at Sun Valley by special train to spend the week-end at a gala of the railroad. The men, with from 30 to 50 years service with the company, will have the facilities of the resort turned over to them. The set list on Mt. Baldy will be operated exclusively for the railroad men and other facilities available will be horse-shoes, croquet, horseback riding, trap-shooting, billiards, bowling, ping-pong and swimming.

### Boy, 9, Nearly Recovered From Attack of Polio

Nine-year-old Richard Bullock has almost recovered from a mild case of polio, his physician said.

The girl daughter of Mr. and Mrs. Earl Stangler of Hammett, 10 miles east of Glenns Ferry, is still running, a slight temperature but should be able to return home by Saturday, the physician said.

Richard is the son of Mr. and Mrs. Clifford Bullock, Twin Falls. He contracted the disease about two weeks ago, suffering mild paralysis of the left leg, and was admitted to the hospital Friday.

His was the fourth case of infantile paralysis reported in Twin Falls this year.

### ATTACK OF GRIPPE BOISE, April 24 (AP)—

Thirteen-year-old Donna Stangler who was brought to St. Luke's hospital after being stricken with an illness that

was first suspected to be polio is suffering from an "acute attack of the grippe," her physician said.

The girl daughter of Mr. and Mrs. Earl Stangler of Hammett, 10 miles east of Glenns Ferry, is still running, a slight temperature but should be able to return home by Saturday, the physician said.

Richard is the son of Mr. and Mrs. Clifford Bullock, Twin Falls. He contracted the disease about two weeks ago, suffering mild paralysis of the left leg, and was admitted to the hospital Friday.

### Official Avers Columbia May Be Going Dry

PORTLAND, Ore., April 24 (AP)—Possibility that the Columbia—the great river of the west—is running dry has been discussed by scientists here today.

The suggestion came in a report of a "summit" of Pacific northwest scientists, presented to the hydrology section of the area meeting of the American Geographical Union.

The fact is, said C. McDonald, Tacoma, Wash., district engineer for the U. S. geological survey, the flow has been decreasing rapidly since records first were kept in 1854. Whether the mighty stream will dry up or will recover as other great rivers have done has not been established.

Other streams of the region, he said, have been in a moderate decline for the second period.

For the first decade of record keeping, the average peak flow of the Columbia was 733,000 cubic feet per second. There was slight recovery for the 1910-1920 decade, but the trend has been downward.

For the eight years of the present decade, the flow has been only 640,000 cubic feet per second, McDonald reported.

His figures covered only the peak flow, but other records show that the total yearly flow of the Columbia and other streams in this area show the same downward trend.

McDonald could not explain the flow decrease. Irrigation depletion and removal of timber from river banks are among the causes he said.

Studies of lake levels, tree rings and glacial cycles were not enlightening. Sufficient records are not available.

The possibility that the decrease is part of a cyclic wave, according to studies of the Nile, for hundreds of years, show such cycles, in which the flow recovered some times at the time of disaster, he said.

### Gooding Grange Favors Highway

GOODING, April 24—The Gooding Grange has gone on record favoring the proposed highway direct from Gooding to Pocatello closely paralleling the railroad tracks.

H. A. Sandy, master of the Wood River Center Grange, spoke on the proposed road, pointing out it would save approximately 27 miles as compared with the present road.

It was announced that a request for a building priority for construction of a new Grange hall had been rejected by Washington, D. C., officials.

### Man Seized With \$1,800 War Bonds

Arrested in Twin Falls late Wednesday afternoon by local police, custody of E. J. Fitzgerald was given Wednesday to Sheriff Lee Outz of Halley and other officers.

Fitzgerald was apprehended here at the request of Sheriff Outz on suspicion of felony.

At the time of his arrest he was in possession of \$1,800 worth of war savings bonds, allegedly not his own.

### Time Changes Due in Many Areas Sunday

By The Associated Press  
The pattern of areas that will go on to places resembling a patchwork quilt, many communities having expressed their opinion to differ with their neighbors on whether to make the time change.

In general, the time change will be made on a statewide basis, with most of the states now planning on retaining on standard time being those in the south and west.

Most areas making the change will do so at a 2 a. m. on Sunday, April 27.

All but a dozen villages in New York will go on daylight saving.

In Illinois, Chicago and about half the larger downstate cities will make the change; 10 downstate communities rejected the change.

States where daylight saving will be general, either by law or general agreement, include Connecticut, Massachusetts, New Hampshire, New Jersey and Rhode Island. In Pennsylvania, 181 communities will make the change.

In Spokane, Wash., 30,000 persons have signed petitions favoring daylight saving time, and the city council is considering the matter. Several north Idaho and eastern Washington communities are waiting to see what Spokane does. But not Shoshone county; it's on daylight saving the year round, in effect adopting mountain rather than Pacific time.

YEATS IN JEROME  
JEROME, April 24—Bartley Hankey, Farmers Union field worker, was a week-end caller at the homes of Mrs. John Alken, and Mr. and Mrs. Byron Posey in connection with union affairs. As a result of her visits, formation of a reserve group is expected with the appointment of a reserve director before the next meeting May 6.

### Saving Habit Gets Recluse Into Trouble

MOLINE, Ill., April 24 (AP)—Old Moline summed himself on his front porch and wondering what to do about the next pile of junk he had spent a lifetime accumulating.

The junk—old newspapers, yellowed magazines and odds and ends crumpled almost to the ceiling—filled the dusty, two-story frame house from which Newton Williams, 78, will be evicted tomorrow.

### Children Escape As Wheel From Tanker Hits Car

What easily could have been a tragedy was averted Wednesday when a wheel from a gasoline tanker was hurled into the rear portion of a parked car in which there were two small children. Extinguished gasoline caught fire but was quenched by a fire department.

Mechanical failure of the right front axle of a trailer being pulled by a truck—both loaded with gaso-

Owner of the damaged car is J. P. Crist, 215 Quincy street. In the rear seat of the car at the time the trailer wheel crashed against the back of the car were 3-year-old Shirley Crist and 2-year-old Keith Crist. Shirley was rushed to Twin Falls county hospital where examination revealed that she was uninjured, and Mrs. Crist said that Keith was not injured either.
