

Sportsmen to Ask Payment On Dam Harm

HAAGERMAN, May 1 (AP)—A group of 75 southern Idaho sportsmen voted unanimously here last night to ask the Idaho Power company to make "suitable restitution" for probable damage to wildlife likely to be caused by reconstruction of the lower Salmon Falls dam on the Snake river near Haagerman, state fish and game officials reported after the meeting.

The decision was taken at a meeting called by Theo H. Wegener of Boise, president of the Idaho Wildlife Federation. Thomas B. Murray, director of the state fish and game department, said it was decided that the power company should be asked to provide a fish ladder on the dam.

It was proposed, Murray said, that an agreement be reached by which the state game department would be asked to provide a fish ladder on the dam. It was suggested that the amount of which was not determined, be used for construction of a fish hatchery.

Murray said it was the general opinion that an estimate of the potential damage to fish, waterfowl, and game because of the state game department, if the dam is made by federal and state wildlife officials and that the sum requested of the power company be based on this estimate.

Several veteran fishermen expressed the opinion that a fish ladder at the site would serve little purpose as migration of steelhead and salmon are practically stopped further down the Snake and will probably be eliminated entirely when the dam is constructed on the Columbia river. The point was made, however, that changes in river flow and water level would be caused by the dam and that the water behind the dam would have an injurious effect on fish and game and might damage an important nesting area for geese.

Henry Bengert, chief engineer of the power company, said the firm was willing to co-operate in feasible prevention of losses.

Among those taking part in the discussion were Murray, James C. Simpson, state fish culturist; R. C. Cole of Boise, secretary of the state fish and game commission; Paul Thomas of Twin Falls, member of the commission; R. E. Adamson of Carey, south central district chairman of the Wildlife Federation; Burt Trueblood of Wilder, chairman of the western district; Robert Bach, U. S. game management agent for southern Idaho; and Leonard Springer, a representative of the federal aid division, fish and wildlife service, Portland, Ore.

Minor Accidents Listed by Police

Two minor accidents have been listed by police.

While in an alley between Second and Third streets east in the 100 block, causing minor damage to both vehicles.

Ada Albin, filer, told Twin Falls police Wednesday that she was leaving a parking space in the 100 block of Shoshone street north, she backed into a bicycle coming down the wrong side of the street and ridden by an unidentified man and little girl, neither of whom apparently was injured.

Dividends Set On Insurance For Veterans

The majority of 480,000 north-west servicemen and women who took out national service life insurance eventually will receive dividends on their policies, according to Warren C. Nuzman, contact representative of the veterans administration in Twin Falls.

"The VA is now calculating dividends on the millions of policies which have been issued, but it is a tremendous job," Nuzman added. "It is impossible to estimate how long it will take to accomplish it."

No dividends will only price an extra burden on the VA by flooding the office with inquiries. Dividends will be paid automatically, based upon the amount of insurance the veteran has carried, the length of time he has held the insurance, and his age at the time he took it.

"NSLI is mutual insurance," Nuzman explained. "When the insurance fund shows a surplus from gains and savings, that surplus belongs to policyholders. Policies which have lapsed will also receive a part of the dividends."

"The surplus arises because in calculating premiums it is necessary to make some assumptions as to future mortality. If the mortality is less than was assumed, savings arise which are refunded as dividends."

"Since all excess cash resulting from death or total disability traceable to the extra hazard of the military or naval service are borne by the government and paid from separate appropriations, war dividends have no bearing on the dividends," Nuzman stated.

VFW Parley Set For Buhl Sunday

GOODYING, May 1.—Merrill Gee, district commander, announces a meeting of the sixth district Veterans of Foreign Wars and auxiliary will be held in the city hall at Buhl at 1:30 p.m. Sunday.

8 Miners Killed In Indiana Blast

TERRE HAUTE, Ind., May 1 (AP)—Eight of 11 men working in the Spring Hill coal mine near here were killed by an explosion yesterday. Bodies of the dead were all brought to the surface and identified during the night. Dr. C. L. Puckett, mine physician, said none of the bodies showed any signs of burns but that one's head was crushed.

Three men who escaped unhurt from the shaft said they were knocked to the mine floor by a dynamite blast which the miners 1,000 feet back in the tunnel were setting off just 12 minutes before quitting time.

Shoshone, Burley District Grazing Offices to Close

District grazing offices at Burley and Shoshone will be closed by July 1, it was announced Thursday by the bureau of land management in a dispatch received from Washington, D. C., via United Press.

The two offices are among 41 district offices in 10 western states to be closed because of lower appropriations for the department of interior, it was reported.

Interior appropriations as passed by members of the house of representatives amount to \$770,000 for grazing services as compared with a request for \$1,070,350.

Director Fred W. Johnson said the bureau planned to keep only one office open in each state to handle grazing matters.

John A. Keith is the district grazer at Shoshone and his brother, James Keith, is district grazer at Burley.

Building Costs Almost Double 1940 Figures

MINNEAPOLIS, May 1 (AP)—A home which could be built for \$5,000 in 1940 now costs \$9,000, a survey by the Northwestern National Life Insurance company showed today.

A survey of 26 major cities showed that the average increase in residential building costs since before the war has reached 80 per cent.

Of this \$4,000 increase, the survey showed, almost half, or \$1,800, has taken place in the last year. A year ago, a home which cost \$5,000 in 1940 could be built for \$7,200.

The study showed that building material prices have risen 76 per cent since 1940, closely matching a 77 per cent increase in the manufacturing industry's average hourly wage costs.

In the construction industry, the survey showed, hourly wage rates have risen 52 per cent for skilled labor and 62 per cent for unskilled workers. However, on-the-site wage costs run as much as 80 to 100 per cent above 1940, the study showed.

Shortage blamed The discrepancy is due principally to material shortages which make it difficult to use the time of workers efficiently, the insurance company said.

It said that material prices have shown a tendency to level off, but that building wage rates still are climbing. With more materials available, however, more efficient use of labor will be possible, the report said.

New Yorkers See Escaped Bull Go Loose on Street

NEW YORK, May 1 (AP)—A 2,000-pound bull broke loose from a rodeo side slaughterhouse today and went on a rampage through crowded streets, killing two men and wounding several others.

Probate for Will Sought in Court

A petition for the probate of the will of Margaret W. Moore was filed in probate court Wednesday by Dewey H. Showers, filer. Mrs. Moore died Friday at Filer, the widow of the late T. E. Moore, who was a county commissioner from January, 1927, to January, 1931.

Her will named a sister, Mrs. Elizabeth Showers, San Dimas, Calif., as executrix of her estate, but because of residence outside the state and because of poor health, Mrs. Showers declined to serve, requested that her son, the petitioner in the matter, act as administrator.

Mrs. Moore's will gives her entire estate to Mrs. Showers. The estate, valued at an estimated \$27,500, includes 80 acres of land, \$17,000, city real estate in Filer, \$7,500, and personal property.

Judge S. T. Hamilton set 11 a. m. May 15 as the time for the hearing on the matter.

Anti-Fly Drive Idea Spreads Across Nation

MOSCOW, May 1 (AP)—The "common" house fly may become something of a rarity as the "no flies in Idaho" campaign spreads across the nation.

University of Idaho entomologists believe they have developed a way to wipe out the war-born insecticide, DDT, could virtually wipe out the country's fly population.

At least six other states apparently have been convinced and are launching state-wide anti-fly campaigns.

Dr. H. C. Manis, head of the university entomology department, said today that Iowa will conduct a fly hunt this year patterned after last year's program. Idaho pioneered last year. State-wide campaigns also are developing, he said, in Missouri, New Mexico, Pennsylvania, Mississippi and Arkansas.

Some 50 to 100 Idaho communities solved their fly problems with DDT last year, but more are joining the parade this season, Dr. Manis is convinced that the whole country eventually will wipe out its flies with DDT.

The Idaho drive was conceived four years ago when Dr. W. E. Shull, then head of the entomology department, tried out some DDT at university farms. Flies died by the millions and housewives all over the city of Moscow commented that "the flies don't seem so bad this year."

Dr. Shull taught commercial operators, many of them veterans, how to use power sprayers and liked the prospects of the new business so well that he resigned his university job and became a professional fly killer himself.

Lewiston Couple Burned in Blast

LEWISTON, May 1 (AP)—Mr. and Mrs. Reese Baugh of Lewiston were in a hospital today with serious burns suffered in a butane gas explosion in the basement of an apartment house last night.

Blaine Snyder of Clarkston, Wash., owner of the building, said the explosion occurred when he, Baugh and Mrs. Baugh went to the basement to look at a faulty gas heater. He said flames engulfed the basement.

The two men managed to make their way to Mrs. Baugh, 26, and carry her outside. Snyder was not burned seriously, but the 26-year-old Baugh and his wife suffered painful burns about the face, body and legs.

Parley Will Plan Borah Unveiling

BOISE, May 1 (AP)—Final plans for the unveiling June 6 of a statue of the late Idaho Sen. William E. Borah in the national capitol will be whittled into shape at a meeting here Saturday.

Gov. C. A. Robins invited the Borah memorial commission, which he heads, to meet in his office for the planning session. Robins and a delegation of Idahoans will go to Washington for the unveiling of the statue to be placed in the capitol rotunda.

Current plans call for Sen. Arthur Vandenberg, R., Mich., Sen. Henry C. Dworshak, R., Idaho, and former Sen. Burton K. Wheeler of Montana to speak at the ceremonies.

Burley's 'Spring' Rodeo Scheduled During Week-end

BURLEY, May 1 (AP)—The Magic Valley fairgrounds will have their first 1947 opportunity to see wild bronco riding Saturday and Sunday at the Burley fairgrounds, when the Cassia County Mounted Sheriff's posse will hold its spring rodeo and bucking horse auction sale.

Charles C. Haigh, captain of the posse, said the rodeo will begin at 2 p. m. Saturday and the auction sale will be held Sunday. More than 150 wild bucking broncos will be on sale, he indicated, with stock contractors from all parts of the country expected to be on hand.

Top hands from throughout the west have written that they will take part in the rodeo. Arena director will be Dick Anderson, Burley calf-roper. Jack Oakley, rodeo announcer, will keep the crowd informed of the event.

All members of the posse have been assigned special duties for the rodeo, Haigh said, and the posse will provide team roping by way of entertainment.

Capacity Crowds Seen for Concert

A capacity audience is expected for the annual concert of the Twin Falls high school choir at 8 p. m. Friday, according to Ingard Nelson, director.

Adult tickets for the concert are available at Warner Music company, the Music Center, Claude Brown Music store and the Sterling Jewelry store, Nelson said. Student tickets will be sold only at the door the night of the concert.

Suit Against Chaplin Settled for \$95,000

NEW YORK, May 1 (AP)—The \$450,000 plagiarism suit which charged that Charles Chaplin had based the plot of his "The Great Dictator" on a script written by Konrad Bercovici was settled last night for \$95,000 and \$5,000 court costs.

Bercovici had charged that he had suggested the idea of a picture about dictators to Chaplin and that the 38-year-old actor had agreed to produce it. Bercovici said he had submitted a two-page outline for the picture which Chaplin then rejected. Two years later, he said, Chaplin made the picture.

Pyle Memory Kept Alive by Indiana Fund

By HAI BOYLE
BLOOMINGTON, Ind., May 1 (AP)—Ernie Pyle would be right pleased to know that his foster mother—Indiana University—is doing with his memory.

She raised no monument to honor him in limestone tuff. Instead she is keeping the memory of her best-loved son alive by training other Journalism students to the standards he wrote and lived by.

Monumented in his name is being used to give needy war veterans a chance to study and learn in the Hoosier atmosphere that produced Ernie, himself the masterpiece of Indiana simplicity.

Millions Read Pyle

When Pyle died, newspapers from coast to coast of millions of Americans who saw the war through his portable typewriter that he was in danger of becoming a legend totally unlike the real man. A number of ambitious projects were projected in his memory which Ernie would have been the first to hoot down.

I think he would approve what his own university has done without undignified or emotional tub thumping it collected \$52,000 to establish the Ernie Pyle memorial fund. There were 5,000 contributors.

Raised by Newspapers

"Most of the money was raised by newspapers and newspapermen," said Lawrence Wheeler, executive director of the fund.

The principal will be kept intact. It is invested in government bonds. The interest is spent to create Journalism scholarships here.

Students from any part of America are eligible. Students from the 48 states have been granted—all to war veterans. One combat flier had three children. One ex-soldier had been injured before getting a chance at overseas duty. One winner was a WAC who spent fifteen months in England and France.

Sanborn Votes For Bill to Cut Foreign Relief

WASHINGTON, May 1 (AP)—Only Representative Stockman, R.-O., among 12 northwest congressmen voting, today opposed the foreign relief bill which passed the house 333 to 66.

No votes were recorded for Representative Norman, R., Wash., and Representative Elsworth, R., Donald, Idaho.

The 11 favoring the bill included Representatives Coffey and Sanborn, both Idaho Republicans.

Pair Files Suit For Possession of Buhl Apartment

A civil action for possession of an apartment in Buhl and \$400 damages was filed in probate court Wednesday by Mr. and Mrs. Ted Heberer against Mr. and Mrs. Jim Talbot, all of Buhl.

In their complaint the Heberers state they are the owners of, and entitled to immediate possession of, a four-room apartment on the ground floor on the south side of a house at 300 Eighth avenue south, Buhl, and allege that although the Talbots had lawful entry they have retained the apartment since April 21.

The Heberers' complaint states that on March 19 they notified the Talbots in writing that on April 21 their tenancy would cease, and that on April 21 they served notice to the Talbots to vacate within three days.

Alleging they have been damaged to the extent of \$400, the Heberers charge that the Talbots took other persons into the apartment to reside there, that by using apartment laundry facilities to wash greasy overalls and oily clothes the drain pipes became clogged, necessitating their removal for repair, that the Talbots used the laundry facilities more than once a week thereby depriving other tenants of that privilege; that the Talbots entered the Heberers' private apartment without permission to change fitting of a water-softerner, that they installed an electric range without the Heberers' permission, and that the Talbots' damage was such as to prevent other tenants from enjoying and peacefully occupying their apartments.

The Heberers ask judgment for possession of the apartment and \$400 damages.

Attorneys for the Heberers are Rayborn and Rayborn, Piler.

Man Fined \$55.40 on Charge of Battery

Richard Pruden was fined \$55.40 and assessed \$5.40 in court costs Wednesday by Judge J. O. Pumpfrey who also withheld a 30-day jail sentence for 60 days.

Pruden, pleaded guilty Tuesday to a charge of battery. He was charged with choking, hitting and striking Ralph Hanon.

The jail sentence was withheld on the provision that Pruden pay Hanon's medical bills resulting from the fracas.

Jap Suicide PT Boat to Be Shown

A Japanese suicide PT boat will be the feature of a mobile exhibit to be shown between 9:30 a. m. and 9:30 p. m. Sunday and Monday at the intersection of Main avenue and Shoshone street by the Navy Club of the U. S. A. Also on display will be a Japanese sniper's air rifle, one of the famous "burp-guns," and other war items.

The organization describes itself as exclusively for naval veterans and as a non-profit organization for the welfare and rehabilitation of U. S. naval personnel of all wars. It was incorporated by an act of congress in 1945.

Old Age Hits Bones First, Doctor Tells

CHICAGO, April 30 (AP)—If you think you feel old age in your bones, you are right, for a discovery reported to the American College of Physicians today showed that bones are one of the first points of attack by the fellow with the aches.

The aging bones become lighter in weight or mass. The reason is a battle between the hormones, and a recently discovered sugar hormone. This sugar hormone finally wins the battle and in so doing brings on some of the mysterious changes that are old age.

The report was made by Dr. Fulmer Bright, assistant professor of medicine, Harvard medical school. He spoke in response to receipt today of the John Phillips Memorial medal, given for his discovery on how kidney stones form in humans and remedies to get rid of them.

The youth and in the prime of life, said Dr. Bright, the sex hormones help to build strong bones. As aging them is a little less, the sex hormones are formed in the adrenal cortical glands at the small of the back. The latter glands also produce the sugar of "old age."

Along with bones, these regulating hormones also appear to regulate the contour of the body that make the difference between men and women and the weight and strength of muscles that decrease with old age.

Six Applications Filed for Permits

Six building permit applications were filed Wednesday afternoon and Thursday morning at the Twin Falls city clerk's office.

The most recent request is that of M. A. Beckwith to move a building from the Hunt relocation camp to 205 Polk. There it will be placed on a cement foundation and remodeled into a one-family dwelling for \$2,000. The frame structure is 20 by 40 feet.

Two applications were submitted by Wilford Christensen, 629 Locust street. One is for a 40 by 10-foot frame apartment house to be erected at 210 Sixth avenue east at a cost of \$3,000. The other is for a 10 by 15-foot frame garage to be built at 629 Locust street of wood material at a cost of \$100.

Two applications were also filed by Oma Hutchins, 3728 Kimberley road. She plans to move a 20 by 20-foot store building back about 10 feet on a lot and place on a cement foundation at a cost of \$2,000. She also plans to build a 14 by 24-foot frame addition to a one-family dwelling, at a cost of \$2,000.

Minnie S. Harbour, 264 Piller avenue west, seeks permission to move a 20 by 10-foot frame structure from Hunt to that address, place it on a cement foundation, and remodel it. Estimated cost of the project is \$2,000.

Report Given on Electrical Work

In his report for the fiscal year ending April 30, A. E. Dickey, city electrical inspector, listed 3,033 inspections, an average of 347 per month, for \$4,813.75, which with license fees of \$728.50, made his total collections \$5,542.25.

Average fee per inspection was \$1.26 and monthly collections averaged \$461.85. During the year he conducted 220 installations and investigated 65 complaints.

Dickey's report for April showed 296 inspections, 22 condemnations, seven complaints investigated, \$425.78 in inspection fees and \$78 in license fees, for a total of \$503.78.

The report of Municipal Judge J. O. Pumphrey showed traffic tickets, bonds, and costs assessed and collected in the amount of \$1,100, with other fines, bonds, and costs coming to \$589.50 for a total of \$1,689.50.

Reports were submitted to the city council Wednesday night.

Oakley Scouters To Set Camporee

OAKLEY, May 1—The Cassia district Boy Scout committee will meet at 8 p. m. today in the LDS auxiliary to map plans for the district camporee to be held the middle of this month.

Lloyd Smith, district chairman, will be in charge of the session and the camping discussion will be led by W. B. Thompson, camping chairman.

1,180 Vets Seek Homestead Sites Located at Hunt

BOISE, May 1 (AP)—Applications from 1,180 veterans have been submitted for homestead sites on the Hunt unit of the Minidoka reclamation project, Regional Director J. F. Newell of the U. S. bureau of reclamation announced today.

Of these, Newell said, some 70 will possibly be notified for possible discrepancies in meeting requirements. The regional office here received 5,018 requests for application forms.

Forty-three family size units will be made available to veterans whose names are selected at a drawing to be held within the next few weeks. Newell said the exact date for the drawing has not been set.

Officials Ponder Reclamation Cut

BOISE, May 1 (AP)—Regional Director R. J. Newell of the bureau of reclamation left today for Denver for a conference of agency officials on the planning of reductions in staff employees if threatened congressional appropriation cuts are approved.

Newell has under his jurisdiction 4,116 bureau of reclamation employees in Oregon, Washington, Idaho and western Montana. Nearly 2,000 of those are "force account" construction employees at Coulee dam and other projects.

There are 200 employees in the Boise regional headquarters for the bureau.

Newell was accompanied by Alvin Dandland, H. A. Parker and Francis Butler, bureau officials in charge of operations at Columbia basin project, largest in this area.

Two Airports Get Approval of State

BOISE, May 1 (AP)—Airports at Pritch and Driggs in east Idaho today were granted temporary designations by the state aeronautics department.

The Pritch airport is 300 feet wide and 2,000 feet long. It is designated for trainer type planes although larger craft may use it at their own risk.

The Driggs airport is 300 feet wide and 2,350 feet long.

Both will be given permanent designations upon completion of certain requirements under federal aid projects, State Aeronautics Director Chet Moulton said.

Clifton Otley, 46, Idaho Native, Dies

SANDY, Utah, May 1 (AP)—Clifton Otley, 46, a native of Elba, Idaho, died today at his home in Sandy. He lived in Idaho, at Elba and Albion, until 1918, when he moved to Utah.

He was the brother of several Idaho residents, including John H. Otley and Mrs. Mamie Harrington; Burley: Mrs. Annie Maxfield and Mrs. Florence Whitaker, Elba, and Mrs. Jennie Mahoney, Albion.

"Permanent" High Prices, Income Seen

SALT LAKE CITY, May 1 (AP)—The United States is entering a period of "permanent" high prices and high income, Earl Bunting, president of the National Association of Manufacturers declared here today.

Bunting, a Virginia rubber company executive, scoffed at the idea of "boom and bust," as applied to the present situation. Here to address a regional NAM conference, Bunting spent most of an hour-long news conference explaining his confidence.

Some "Credited"

"At present," he declared, "some people are being crucified by high prices. Those are the persons who live on fixed incomes. However, this situation will not last. As soon as the situation becomes stabilized, incomes and prices will adjust themselves."

Bunting also discussed the NAM position on labor and taxes in relation to his belief that high prices and high incomes are here to stay.

Critics' Unions

He criticized severely the industry-wide bargaining of such unions as the United Mine Workers and the United Rubber Workers. However, he defended the right of labor to strike when the situation is warranted.

"There are three essential factors to consider in labor relations," he declared, "and they are wages, hours and working conditions. When a labor union and management cannot agree on terms concerning one of these three items, then the employees should have the guaranteed right to strike."

Charge of Carrying Gun Confronts Man

A man booked as Jay Gordon was being held in the Twin Falls city jail Thursday awaiting appearance in court on a charge of carrying a concealed weapon.

He was apprehended Wednesday night by city police at a local bar. Gordon, officers said, was carrying an automatic pistol in a shoulder holster when apprehended.

You can travel east indefinitely, but you can't go north until you reach the pole.

Reno Sheriffs on Hunt for Killer

RENO, May 1 (AP)—The most extensive man hunt in this area in recent times continued today with armed posse searching for a gunman who killed a deputy sheriff and seriously wounded another.

Deputy Earl Griffith, 48, was shot and killed and Deputy Tom Lambert was wounded late Tuesday night when they stopped to investigate a car near here.

Sheriff Ray Root said Larry Gene Yancy, 17, of near San Diego, surrendered to army officers at the Reno army airbase a few hours after the shooting and said that he was one of two persons in the car the two deputies were investigating.

Yancy was quoted by the sheriff as saying his companion fired the shots. Yancy was booked at the Washoe county jail for investigation of robbery.

U.S. Hypocritical, Says Red Writer

MOSCOW, May 1 (AP)—Ilya Ehrenburg, in one of the most critical commentaries on the United States yet published in Russia, today denounced American policy as hypocritical, accused the United States of failing to achieve democracy at home and charged that America was carrying "a bomb in one pocket and an atom egg in the other."

Writing in Pravda, the Soviet publication—who visited the United States a year ago—declared that Russians are not afraid of a "dozen rattling speeches and hundred suffocating articles" in America.

He referred to Americans as "hypocrites," "gaunthers," and called some of them "half-baked crusaders."

BW Cafeteria Breakfast
Members of the Business and Professional Women's club have completed plans for their May breakfast. The breakfast, an annual affair, will be held at 1 p. m. Sunday at the Park hotel.

Review Marks Program
A review of the book "Thunder Out of China" given by Mrs. H. Dygert was the highlight of the program presented at the season's first meeting of group number one of the Presbyterian Women's association, held at the home of Mrs. L. A. Chaplin. Mrs. C. P. Coaghty, Mrs. T. O. Gray were assistant hostesses. Mrs. L. H. Brockmeyer led in the devotional service.

Officers of the group include Mrs. T. O. Gray, chairman; Mrs. H. Ball, co-chairman; Mrs. Earl Frutty, secretary; and Mrs. C. E. Orive, treasurer.

Group one will serve the Business and Professional Women's dinner scheduled for May 14 at the Presbyterian church parlors.

Good Will Club Elects
Mrs. Edna Smith was elected president of Good Will club at a meeting of the group held recently at the home of Mrs. Chloé Carr. Other officers chosen were Mrs. Mary Nelson, chairman; Mrs. Mabel Wirsching, secretary; and Mrs. Mabel Wilson, treasurer. They will be installed at the next meeting to be held May 7 at the home of Mrs. Lee Smith when Mrs. Helene Kresman will be hostess.

Final plans were made for the old fashioned tea to be held at the first district federation convention which convenes in Twin Falls May 12-14. The Good Will club to be one of the hostess groups.

Roll call responses by the members was items about modern inventions. The annual reports of committees were presented. Mrs. Carr won the white elephant award furnished by Mrs. L. E. Ward.

Bride-Elect Feted
Edith Dietter was honored at a miscellaneous shower given recently at the home of Mrs. J. C. Williams, with Mrs. Richard Morris and Mrs. Robert Watson as co-hostesses. The evening was spent embroidering tea towels for the bride-elect.

Guests, besides Miss Dietter, were Mrs. Martin Dietter, Mrs. Bill Almsworth, Mrs. Alfred Kuykendall, Mrs. Elmer Dietter, Ruby Dietter, Mrs. Louis Dietter, Mrs. James Gray, Mrs. Russell Heron, Mrs. Iral Kuykendall, Mrs. Ed Noyin and Mrs. R. O. Kuykendall.

U. P. Boosters Meet
Plans were made for a mother-daughter tea, the date and place of the affair to be announced later. The annual reports of committees were presented. Mrs. Carr won the white elephant award, furnished by Mrs. Sullivan and her co-hostesses, Mrs. Martell Meunier.

Group Attend Installation
Among the members of Twin Falls post, VFW, and the auxiliary who attended installation of officers in Shoshone Wednesday evening were Jack Tiffany, Mrs. Esther Cox, Mrs. Hester Modlin, Mrs. Grace Sears, Mr. and Mrs. Gene Helms, Mr. and Mrs. Russell Turnbaugh, Lyle Eckert, Mr. Ida Mae Pendrey, Mrs. Bonnie McLaughlin, Elizabeth Reilly, Pat Eschelman and Mrs. Alta Burdick. Those attending took part in the ceremonial installation of officers of the Wood River post of the VFW and auxiliary.

Weddings, Engagements

DEULO, May 1—Mr. and Mrs. Mart J. Heisel, Rupert, announce the marriage of their daughter, Lois Heisel, to Joseph A. Mortensen, Twin Falls, son of Mrs. Martell Lindsay, Paul. The ceremony was performed at 3 p. m., April 30, at the Presbyterian church in Deulo with the Rev. Martin W. Orabb, of the Burley Presbyterian church, officiating. Church decorations were of forsythia, tulips and lilies.

The bride wore a street dress of gray and rose jersey print with pink accessories. Her corsage was of pink roses. The groom wore a suit of gray and white. The bride's hair was styled in waves. The groom's hair was styled in a crew cut. The ceremony was officiated by the Rev. Martin W. Orabb, of the Burley Presbyterian church.

Mrs. Althea Porter, sister of the bride, was her only attendant. She was attired in a black dress with white accessories, accented by a corsage of white roses. Ben Mortensen, Paul, brother of the bridegroom, was best man.

Mrs. Clive Lindsay, aunt of the bridegroom, played the wedding march and also accompanied Jack Lindsay, vocalist, in "Alone With Me Now" and "The Girl That I Married."

For her daughter's wedding, Mrs. Heisel chose a beige suit with tan accessories. The bridegroom's mother wore a black afternoon dress trimmed in green with green accessories. The bride's mother wore a black dress with black accessories. The bride's father wore a suit of gray and white.

A reception, attended by forty friends and relatives, was held at the home of Mrs. J. C. Williams, with Mrs. Richard Morris and Mrs. Robert Watson as co-hostesses. The evening was spent embroidering tea towels for the bride-elect.

Guests, besides Miss Dietter, were Mrs. Martin Dietter, Mrs. Bill Almsworth, Mrs. Alfred Kuykendall, Mrs. Elmer Dietter, Ruby Dietter, Mrs. Louis Dietter, Mrs. James Gray, Mrs. Russell Heron, Mrs. Iral Kuykendall, Mrs. Ed Noyin and Mrs. R. O. Kuykendall.

When the Cowboys open their "at home" there will be prizes for everyone on the playing field except for the toughest of baseball row to hoe—the umpires. Why they've even been passed over in favor of the "enemy," the Boise Pilots, who have a number of prizes within their reach.

Worthy, Old—the gent who never misses a sports attraction—wants to correct that. He wants to honor the umpires.

"There's a very necessary part of the game," said Worthy, "and I don't like to see them neglected."

So he's going to invite each pair of umpires to dinner—and it'll be a fine dinner, as Ye Olde Sport Scrivener can testify—as they arrive in the city.

Chuck Balassi, the Cowboys' benjo-strumming right-fielder, has made nine hits in 14 times at bat since the opening of the Pioneer league season.

There's a bit of psychology behind Chuck's streak—psychology provided by Manager Earl Borsard.

When Balassi first appeared here a year ago this spring, he was afraid he'd be dropped by the Cowboys and consequently pressed too hard. Naturally, the hits didn't come off his bat and he was farmed out to Fond du Lac in the Wisconsin State league.

There he earned another trial with the Wranglers and when he showed up at the Aqua Caliente camp this spring, Borsard told him: "You're my right-fielder and the only way you can get out of there is to break a hit."

Well, you and you, too, have seen the result.

Browns Bang Out Four Homers To Submerge Yankee Team 15-5

Banging out four home runs, including one with the bases loaded by Jeff Heath in the first inning, the Browns walked to a 15-5 victory over the Yankees in St. Louis. The Browns cuffed starter Alie Reynolds and five relief hurlers for 14 blows while Denny Galehouse and Fred McQuinn limited the Yanks to five, including a roundtripper by George S. Reynolds was driven to cover in the third when Vern Stephens and Walt Judnick blasted roundtrippers. Judnick ended the Browns' scoring spree by smacking his second homer in the eighth inning.

Bruin Baseballers, Golfers, Thincads in Action Saturday; Hiskey Big 6 Title Choice

More than 50 Twin Falls high school athletes will be in action Saturday in one of the biggest sports days in the history of the school. The Bruin baseball team will be in the second double-header in two days. Coach Hank Powers will be entering 31 thincads in the Big Six meet at Rupert and Principal John D. Pratt, doubling up as a mentor, will be supervising the play of four players in the conference's tournament at the Twin Falls polo links.

Some idea of how the Bruins will fare in the state tournament at Lewiston May 30-31 will be received by their performance in the four Friday and Saturday contests against the Braves, who again are strong on the diamond. Haisley expects to employ all four of his pitchers, semipro Bobby Long and right-handers Cecil Stanger, Earl Burkhardt and Leroy Flak.

Principal Pratt said that three of his players will be in the Big Six tournament had been selected. They are: Stanger, Burkhardt and Flak.

Also in the Big Six are the Braves, who again are strong on the diamond. Haisley expects to employ all four of his pitchers, semipro Bobby Long and right-handers Cecil Stanger, Earl Burkhardt and Leroy Flak.

COWBOYS HOME WITH 3 WINS IN BAG

Balassi Gets 4 Hits; Marlow Clouts Homer

Paul "Red" Ennis—the lad from the same Kansas county that gave the local Wranglers Vance Carlson last season—was given the opportunity and honor of becoming the fourth straight hurler to go the route this afternoon when the Cowboys opened their "at home" season against the Boise Pilots at Jayce Park. Frank Powers hurled the full nine innings Monday night, 18-year-old Frank Loewe did likewise in the second game and last night Dick Wadsworth, the Salt Lake youngster, retrieved the distance as the Cowboys won from the Pilots, 8-4. This gave the Cowboys a sweep of the opening series at Boise.

Wadsworth, in his organized baseball debut, gave up 10 hits and walked only a pair of Pilots. Four of the hits made out of the young hurler came in the eighth inning when he let up with a six-run homer.

Balassi hitting .643

Meanwhile, the Cowboy bats were firing. Jim Loon, a southpaw, and Bill Frank, a right-hander, were banged for 13 safeties, four of them by Chuck Balassi and three by Hal Loewe. Balassi's four hits gave him nine in three games and a batting average of .643.

Ernie Marlow, the fleet-footed left fielder, became the first Cowboy to get a homer when he smashed the ball over the left field wall in the sixth frame with none on.

The Pilots were the first to score, putting over a counter in the opening frame on Mace's single to right. Marlow's safe punt and Owens' long fly to right. In the third frame they went two up on the Cowboys when Loon singled, Mace beat out a single along the third base line, Ryan grounded out and Briske filed to center.

The Wranglers scored their first run over two were down in the fourth frame. McCarty walked and was singled to third by Loewe. Then Briske beat out a bunt down the third base line, McCarty counting.

Marlow hits Homer

Then in the sixth frame Marlow's smother over the left field wall and before the frame was over another runner had counted to put the Cowboys in front. McCarty got a hit when shortstop Puncelli tossed his grounder into the dirt at first base. He took second on Loewe's infield out and came home when Balassi singled through shortstop.

In the seventh the Cowboys put on their big assault, scoring five runs. Wadsworth, first up, singled to center. Leyer filed out, but Radtke beat out a bunt along the third base line. Marlow popped out, but McCarty singled to left, scoring. Wadsworth and putting Radtke on third. Loewe doubled to left, scoring Radtke and McCarty. Franka relieved Loon and Balassi greeted him with a single to center, relieving Loewe. Newman drove a one-bagger to center to count Balassi.

Mace's bunt, Ryan's single to center, Briske's one-bagger, Owens' double and Manager Walt Loewe's single to left put the Pilots at four runs in the eighth.

Only one gem diamond in a hundred can be described as colorless and flawless.

300 to Compete In Junior High-Cinder Events

Three hundred athletes will compete in the junior high school's annual track carnival here Friday. Competing will be local pupils in the seventh, eighth and ninth grades. The track events will start at 9 a. m. and the track events at 1:15 p. m.

World Series Movies to Be Shown by Legion Post

Motion pictures of the 1946 world series, in which the St. Louis Cardinals defeated the Boston Red Sox, have been obtained by Doug Bean, Legion athletic officer, and will be shown at the Legion hall at 5 p. m. Monday with youthful baseball enthusiasts of this area as the special guests. There also will be free ice cream for the kids.

All high school coaches and their squads are invited.

Also invited will be Cowboy Manager Earl Borsard and his Pioneer league team, and the Idaho Falls squad of Manager Roy Gilhouse, which will be in town for a series.

The world series film was secured from the world champion Cardinal club. The film will be shown on Monday, May 5, at 5 p. m. at the Legion hall, under the auspices of the U. S. Army, through courtesy of Lieut. George Claxton.

Schools or organizations wishing to show the film should contact Doug Bean, box 232, Twin Falls, or Legion hall.

Bass, Crappie Fishing Good

A few large bass and all the good-sized crappie they wanted were caught by Rock Toome and Crawford Ott on a fishing expedition to Owyhee reservoir, 30 miles southwest of Nyssa, Ore. The bass averaged four pounds each, the crappie between one and one-quarter and one and one-half pounds. Toome said a party of Boise fishermen caught bass camped near a small airport near the shoreline and report that many fish enthusiasts come by plane.

End of Price Control Seen As Bad Guess

NEW YORK, May 1 (AP)—Ending price controls was a "bad guess," Fortune magazine said today, and pointed to high prices and low consumer purchasing power as danger signals in the national economy.

It was a bad guess to assume that prices would drop to normal levels with the end of controls, the magazine said.

"The U. S. has just passed through a period of violent price inflation as it has experienced at least since the continental congress," Fortune said.

Warn of Depression

The hope for continued prosperity lies in the possibility of a price deflation, "without doing too much damage," the magazine added. "A steep, continued deflation could lead to a serious depression." Fortune said.

"The construction industry has been pricing itself out of the best market it ever had," Fortune added, "and the building volume is below the level of the 20's and not much above 1941."

Profits Higher

The magazine said industrial price increases following decontrol resulted in high profits on the average in the last quarter of 1946 and still higher returns in the first months of 1947.

Favorable factors in the national economy were seen in the highly liquid position of business and agriculture and the experience of businessmen with the dangers of excessive stocks.

Fortune concluded that a depression will never again have the same shock effect that it had in the early 30's.

Buhl Men Sport "Chin Whiskers" For Rodeo Show

BUHL, May 1.—Buhl male residents have discarded their razors and are sprouting a growth of chin foliage for the night rodeo being sponsored by the Buhl Jaycees and the Buhl rodeo club on June 27 and 28.

A contest is being conducted for the bushiest bush and the most original beard, according to John M. Barker, committee member for the affair.

A total of \$1,500 in prizes for six events has been approved by the Rodeo Cowboys association with \$500 prizes being awarded for saddle horse riding, bareback riding, calf roping, steer wrestling, bull riding and wild cow milking.

A rodeo clown and professional rodeo announcer have been obtained. Guy Cash, Pollock, Idaho, will furnish the rodeo stock for the show.

Traffic Fines

Payment of four \$3 fines and 22 \$1 fines has been recorded in Twin Falls city traffic court.

Kay Ester and Francis N. Walton paid \$3 each for making illegal U turns, while Anko Bas and P. S. Stevens were fined \$3 each for improper parking.

Those paying \$1 fines for overtime parking are: L. H. Brown, H. M. Newberry, Priscilla Haun, Dave Pike, M. R. Howard, Harold Niccum, John Anderson, J. Don Spencer, Edell Brown, E. L. Shenneman, Berry Kunkle, Max Lloyd, Jim Vandenberg, E. P. Tyner, Ralph Hanson, W. W. Hudson (two), L. E. Orvig, Howard Larson, Roy Painter, L. E. Jolin and Anderson Fairbanks.

RETURN FROM EASTERN TRIP

OLENNIS FERRY, May 1.—Mr. and Mrs. Keith Westover have returned from a three-week visit in Chicago and Washington, D. C., at the homes of their daughters.

Representative of Calcium Company Arranges Outlets

E. G. McKinley, representative of the Idaho Calcium corporation, Mountain Home, is in the Twin Falls area to arrange for outlets for his company's product which is used for a filler for insecticides used in dusting crops.

The carbonate of lime, or calcium carbonate, is obtained from large deposits of calcium near Mountain Home. McKinley says the product makes an ideal filler when mixed with one per cent of DDT or insecticides known as 666 and 1028.

Calcium used as a filler for crop dusting compounds is said to have a soil-building effect.

Distributors for the product have been established in Jerome, Elmer, Buhl, Twin Falls and Burley, McKinley said.

Durocher 'Ideal' To Laraine Day

LOS ANGELES, May 1 (AP)—Whatever Leo Durocher's current status in the rough and ready world of baseball, to tender-eyed Laraine Day, the film actress from Roosevelt, Utah, he represents a lifetime ideal.

She so testified yesterday near the conclusion of a court-ordered inquiry into her American and Mexican divorces from J. Ray Hendricks, and subsequent marriage to the suspended Brooklyn Dodgers' manager.

"I guess I've been in love with Mr. Durocher all my life," she said in reply to a question by Maurice Rose, one of three attorneys appointed by the court to prosecute charges of fraud and collusion in obtaining her California divorce. "He just happened to fit into my ideal."

Jerome Townsend Heads Talk Here

A large group of Jerome representatives of the Townsend club met with Twin Falls club No. 1 here recently. A. B. Huffman, president of the Jerome club, and C. D. Huffman, vice president, addressed the group, outlining the need for action, both financially and socially.

H. A. Chappell, Gooding, also spoke and J. Peterson, Jerome, played the accordion.

Ex-Governor Wins Banking Charter Suit

BOISE, May 1 (AP)—Long litigation growing out of the issuance of a state bank charter by former Gov. Arnold Williams apparently was ended today following a state supreme court decision in Williams' favor.

In effect, the tribunal's ruling upheld Williams' right to issue the charter to S. M. Melkie and associates of Driggs for a bank at Rexburg.

Officials of the First Security Bank at Rexburg had contested his right to take this action, but the supreme court affirmed Williams' action by ruling that a district court order restraining him from issuing the charter was invalid.

Williams Pleased

Commenting on the decision at St. Anthony, Williams said he was pleased and believed the ruling

completely in accord with the American system of free enterprise.

Williams had issued the charter shortly before going out of office last Jan. 6 after he had demanded the resignation of James B. Newport, commissioner of finance, who had rejected the Melkie request for the charter. Soon after the appointment of Williams J. Sewell to succeed Newport the charter was granted.

Appeal Citation

The First Security Bank had obtained a restraining order from Ada county district court to prevent issuance of the charter. After it was issued, the bank officials asked that Williams be cited for contempt of court for ignoring the order.

The court which returned the decision included District Judge

James W. Porter, Twin Falls. Justice Raymond Owens had disqualified himself and Porter sat for him.
