

LATE BULLETIN

WASHINGTON, May 21 (AP)—Senator George D. Aiken, told the Senate today that the \$400,000,000 tax reduction bill is a "fairly good approach" but urged its deferment until June 15 in order to determine what final appropriations cuts are made by the House.

PRICE 5 CENTS

Three of State's Larger Cities to Ballot on 'Drink'

BOISE, May 21 (AP)—Within 30 days voters in three of Idaho's larger cities and several smaller ones will choose between allowing commercial establishments within their borders to sell liquor by the drink or forcing tipplers to do their imbibing at home.

Temperance leaders are encouraged by the showing they and church leaders made in securing enough signatures in Boise, Twin Falls and Pocatello to bring about the local option elections.

Although city officials in places where the petitions for elections were presented have five days from Monday's deadline in which to approve or disapprove them, there seemed little doubt that the elections would be held in the three larger cities.

Repeal of Tax On Telephone Use Is Asked

WASHINGTON, May 21 (AP)—With the Senate ready to open debate on the house-approved \$400,000,000 income tax cut, the telephone industry asked Congress today to repeal the excise taxes on communications.

The industry would save taxpayers another \$400,000,000. The excise is levied on telephone, telegraph and other communications service.

The recommendation was made before the House Ways and Means committee in statements submitted by the American Telephone and Telegraph company, AT&T's associated companies, and the United Independent Telephone association.

It was the first recommendation for a new tax cut in the committee's more than 100 recommendations of the tax structure, which Chairman Knudsen, R. Minn., said should mean "substantial" tax reductions beyond the current \$400,000,000 bill. The committee plans to write the general revisions into law next year.

Not "Luxury" Tax
The telephone industry asked that the communication excise be made a part of the 1948 revenue bill. The industry described this excise as a tax upon a necessary business and social service and not a "luxury" tax.

Ford Foremen Go On Strike, Predict Output Halt 'Soon'

DETROIT, May 21 (AP)—An estimated 3,800 foremen began a strike at the Ford Motor company at 8 a. m. (MST) today. Initial reports indicated the strike affected only Detroit plants. There was no immediate comment from the company after the Foreman's Association of America, (Ind.), ordered its members off the job.

Robert H. Keys, president of the union, said the strike received unanimous approval of the Ford chapter of the FAA Tuesday night.

A spokesman for the union predicted that the walkout would halt auto production at Ford "within 10 days."

The FAA filed its strike notice April 17 and the 30-day waiting period, which expired Saturday, was extended to permit a conference with company officials earlier this week.

Contract Terminated
A contract between the company and the independent union was terminated almost simultaneously by both sides early in April. Ford later offered a one-year renewal of the pact.

Keys outlined the chief issues at dispute as raising of rates of pay for unskilled foremen at Ford, failure to establish a new grievance procedure, and the union's demand for a "no-strike" clause in the new contract.

CAA Unit to Help Improve Gooding Port

GOODING, May 21 (AP)—Two civil aeronautics authority representatives—R. K. Glidden and Frank Wayne—announced the department of commerce had allocated \$52,875 for aid in improving and developing the Gooding airport.

Glidden, Boise, district engineer, outlined the procedure needed to carry out the project before the Gooding Chamber of Commerce meeting.

Following the chamber meeting, the Gooding city council met with the CAA officials and a committee of local businessmen.

The city of Gooding recently announced plans for the improvement of the road from the airport to the old highway between Gooding and Wendell.

Chas. Whipple, chairman of the chamber's road committee, reported "satisfactory progress" on the project.

Glidden said the CAA would be glad to help in the project, but the city must first secure the necessary funds.

Back to Normal

BOISE, May 21 (AP)—Telephone workers jangled happily all over Idaho today and "number, please" replaced "this is call an emergency."

After a more than six-weeks layoff, operators and plant workers returned to their posts following the end of the strike against Western Electric, which does installation work for the Mountain States Telephone and Telegraph company, yesterday.

With the end of that strike the last picketed exchange in Idaho—at Pocatello—was again open for business.

Some 20,000 Western Electric company workers—last major telephone strike—strewn back to their jobs in 42 states today after winning a \$4.50 a week.

Their picket lines had been disrupting service in many parts of the nation where local issues had been adjusted for some time.

Only about 15,000 of the original 340,000 telephone workers now remain out.

The National Federation of Telephone Workers said they included 8,000 equipment workers at Point Breeze, Md., 8,000 sales employees of Western Electric throughout the country and 1,100 plant employees at Lincoln, Neb.

Meanwhile, officials of the NFWA, the "Big Red Union" in the strike, hedged on the question of forming a new national labor organization.

Plan National Union
Spokesman for the NFWA's 40 autonomous local affiliates said plans for forming the Communications Workers of America at Miami on June 8 to replace the old union.

Despite the length of the strike, the seven-year-old NFWA failed to place a demand for nationwide bargaining, union shop and the union 60 weekly wage increase established by big steel, automobile, meat packing, rubber and electrical industries.

Plan Suggested
Wallace proposed a three-point plan to abolish the threat of war in a divided world.

A military settlement providing for enforceable world control of atomic energy, the internationalization of strategic areas, disarmament and the development of a world security system.

A political settlement providing for the final liquidation of the fascist, communist and other "evil" forces, and growth of a world bill of human rights as part of an emerging system of world law.

An economic settlement providing for a "10-year program of world economic reconstruction underwritten by American resources and administered by United Nations agencies."

In his final argument to the jury, Attorney Earl E. Walker, declared that the defense was not a "conspiracy" but a "movement" for world peace.

He said that the defense was not a "conspiracy" but a "movement" for world peace.

90 Millions in Pay 'Lost' in Phone Strike

WASHINGTON, May 21 (AP)—For the first time in 45 days telephone service was back to normal today in virtually all U. S. communities.

Labor department figures indicated that the nationwide strike cost telephone workers \$90,000,000 in wages since they walked off their jobs April 7.

Some 20,000 Western Electric company workers—last major telephone strike—strewn back to their jobs in 42 states today after winning a \$4.50 a week.

Their picket lines had been disrupting service in many parts of the nation where local issues had been adjusted for some time.

End Near for Damages Case In Court Here

(From Page One)
that it was the business of police, etc., including the chief of police. He also declared that the official "had no business" making a statement on the matter and that both KTFI and radio station KTFX which broadcast the comment did so with malice.

Cases Argument
Attorney J. H. Blandford, counsel for the police chief, then presented his argument, closing with the request, "I hope you will bring back the jury to me by Mr. Gillette. You have done your duty, so he may have this courtroom with his head high and with the hind his efforts to protect their homes and their families."

The chief also stated that how Chief Gillette and Detective Claude Y. Wiley went to the Clark home after the advertisement had appeared in the paper and the conversation with him. He pointed out that the police chief, as a veteran of World War I, recalled how he had worked in the mines, on roads and in the fields after his discharge, and that he pointed out to Clark that the government and other agencies were being especially generous to veterans of World War I with loans and other preferences. Clark, when asked if he had tried to obtain a loan from other sources, replied that he had not, and when finally requested by the officer to sign the plan, he said, "I will sign," Blandford continued.

"If he had expressed a willingness to cooperate, the police would have ended there," Blandford declared, pointing out that Chief Gillette's statement was broadcast as a warning to the public. He added that the statement was made in good faith on the basis of careful investigation and was without ill will or malice.

O. P. Soule and Graydon W. Smith, representing the broadcasting corporation were presenting their final arguments this afternoon.

Twifling briefly as the court reconvened Wednesday morning were Harry A. Arnold, Jr., who represented the radio station, and who testified upon newsworthiness of the situation; George Malone, radio engineer, who described extent of coverage by the station.

Tuesday afternoon's session reconvened with the radio being recalled to the stand.

Gillette testified as to various parts of the investigation, including his supervision on Clark's plan, in what manner the KTFI news reporter had heard his statement concerning it, and Gillette had interviewed Clark concerning the plan. Particular emphasis was placed on the latter phase.

Soule emphasized that radio station KTFI had employed a responsible party to obtain and write news broadcasts and that none of the officers of the radio station, besides the writer and announcer, knew of the broadcast, so there could have been no malice. He also indicated that termination of receipt of money was as much due to withdrawal of the newspaper advertisement as from the broadcast.

Claude Wiley on Stand
Following Gillette on the witness stand was Wiley, who testified that as police department chief of detective he had conducted the investigation of Clark and his plan. Wiley related that the police chief interviewed Clark. Wiley described instructions from the county prosecutor's office.

Loan officials from three Twin Falls financial institutions were called to give testimony regarding applications or lack of applications by Clark for a GI loan.

E. M. Sweeley, prosecuting attorney for Twin Falls county, was called to the witness stand to testify as to the actions taken by his office on Clark's plan. He stated that no complaint was filed and that no warrant of arrest was issued.

Advertisement Scrutinized
Helen K'engel, Times-News classified advertising manager, testified that in placing his advertisement for 2,000 GI loans, Clark had held her he had refused loan by "all hands" and stated that the advertisement was scrutinized closely because of its unusual character.

Myron Rountree, city police officer, described his part in the investigation of Clark. Attorney Walker, in cross-examination, dwelt particularly upon instructions given Wiley and Rountree by Sweeley.

Appearing on the witness stand as the first witness in the broadcast corporation's defense, Mrs. Gardner related the procedure taken by KTFI in establishing that Harry Arnold was a qualified newsmen before hiring him in that capacity.

Under cross-examination, Mrs. Gardner gave an account of the difficulties of estimating the number of persons in a radio audience at any given time, describing different types of survey methods. When asked by Attorney Walker what coverage figures she quoted prospective advertisers, she replied that the advertisers found themselves in the same situation as the court—not knowing how many listeners there were at any particular time.

Arnold on Stand
She was followed on the stand by Arnold, who testified at length on his qualifications as a newsmen. He testified that Clark's plan was

World's Fair Plans Started By St. Louis

ST. LOUIS, Mo.—Plans for a second world's fair in St. Louis in 1953 to celebrate the 100th anniversary of the Louisiana purchase are going forward with the endorsement of 110 civil groups.

An executive committee of 15 business leaders under the chairmanship of Stratford Lee Morton, president of the St. Louis Academy of Science, is formulating the plan forward with the endorsement of 110 civil groups.

Morton said that while four other cities are planning exhibitions, St. Louis has many claims on the 1953 date. He pointed out that in addition to the Louisiana purchase anniversary, it is also the centennial of Washington University at St. Louis and Fulton and Westminster colleges in the area.

The noted St. Louis historian said also that army engineers would have completed by 1953 the \$20,000,000 canal by-passing the chain of rocks narrows in the Mississippi river.

Name Not Decided
No name has been decided on for the international exposition, but Morton suggested the "One-World Exposition," the "United Nations Exposition," or the "Jefferson Memorial Exposition."

Advocates of the fair point to the gains made by the city when St. Louis was host to the World Exposition in 1904. Streets were widened, buildings of great beauty erected, and most of Forest Park, one of the largest recreational centers in the United States, came into being as a result of the fair.

Beauty Examiners Named by Robins

BOISE, May 21 (UP)—C. Robins today appointed three district boards of cosmetology examiners. The members will serve for two years.

Appointments for the southwestern district are Verna McCommel, Boise; Margarette Schmidt, Jerome; Margarette Millbrook, Payette.

Magic Valley Funerals

BURLEY—Funeral services for Mrs. Lucy Spracher Vodel, will be held at police department, chief of detectives he had conducted the investigation of Clark and his plan. Wiley related that the police chief interviewed Clark. Wiley described instructions from the county prosecutor's office.

Twin Falls—Funeral services for Anna J. Bland will be held at 2 p. m. Friday at the White mortuary. Interment will be in Sunset Memorial park.

Twin Falls—Funeral services for Mrs. Nettie Fuller will be held at 4 p. m. Friday at the White mortuary chapel. The Rev. Mark C. Cronenberger, pastor of the First Christian church, will officiate. Burial will be in Twin Falls cemetery.

Burley—Funeral services for George Herbert (Bert) Johnson will be held at 2 p. m. Saturday at the Starline Ferry LDS church with Bishop Weldon Beck officiating. The body will lie in state at the Payne mortuary Thursday evening and Friday and will be taken to the Harold Johnson home in Starline Ferry Saturday morning where friends may call until time for the funeral. Burial will be in the Burley cemetery.

newsworthy in itself, and had received wider publicity than that afforded either by the advertisement or the broadcast.

War-Created City Is Free Of All Crime

RICHLAND, Wash. (UP)—Experts on crime are amazed at the situation in this war-created community of 15,000 persons.

Here is the record for the past three years:

There has never been a murder, a major crime of violence, or a traffic fatality.

Juvenile delinquency is 70 per cent below the national average for a city of Richland's size.

The city's two jail cells have never held a prisoner.

The relief roll is zero.

Everybody is employed.

There are no vagrants.

Only two suicides have occurred.

Government in Control
The reasons for this startling record are several in part, the community is government-owned, controlled by the Atomic Energy Commission, which also controls the Richland and Hanford plants—factories working on atomic research.

The community is part of a government reservation and personnel moving in are carefully screened. Everybody works or doesn't move to Richland.

Citizens Educated
Another important factor in Richland's record is the high average education level. Workers connected with the atomic research and production are for the most part highly skilled. Most citizens have high school or college education.

Richland's service department head, former FBI agent E. L. Richmond, who is responsible for law enforcement, has tackled the juvenile delinquency problem by warning parents rather than the young. The parents are responsible and if the children don't behave, the family must move from Richland.

Scout Camp for Lincoln Changed

SHOSHONE, May 21—The Lincoln Boy Scout district camporee dates were changed to June 7 and at a meeting of the district committee in Shoshone Tuesday night.

It was pointed out that the original camporee dates would conflict with a church program and would affect nearly half of the Scouts in the district. M. W. King will be in charge of the camporee to be held at the Burke Albergo alpine resort north of Richland. Albert and other Richland Scouts will be in with local arrangements for the camporee.

The group also discussed summer camping plans and the Scout center project in Salt Lake City.

J. A. Keith was in charge of the meeting.

'Write Naturally,' Professor Urges

EVANSTON, Ill. (UP)—When writing to your congressman don't use faded, bery-kneed phrases unless you want him to file your letter in the wastebasket, an English professor warns.

"In business letters personally counts as much as it does elsewhere," according to Louis W. McKelvey, associate professor of English at Northwestern University.

"Write naturally. Relax. Imagine that the address is slitting across the desk from you, and just talk to him," the professor says.

He suggests you eliminate such phrases as "according to our records" and "at an early date," and "attached please find."

The Hospital

Emergency beds only were available at the Twin Falls county general hospital. Visiting hours are from 2 to 4 and 7 to 8 p. m.

ADMITTED
Lee Rountree and Mrs. Hugh Bean, both Edin; Henry Jensen, Charles Brewster and Mrs. Ivan Rile, all Twin Falls; Earl Anderson, Hansen; Earl Johanson, Kimberly, and Mrs. W. J. Moore, Piler.

DISMISSED
Mrs. H. C. Jackson, Mrs. J. P. Wilson, Mrs. Nettie Summerville, Mrs. D. C. Pinkerton, Mrs. Odell Robinson and son and Mrs. Guy Robinson, all Twin Falls; James Myers, Mrs. John Allen and son and Mrs. J. L. Snowden and son, all Piler; Mrs. Ross Bybee and son, Kimberly, and Mrs. Carter Lewis and daughter, Edin.

The Will Rogers memorial near Claremore, Okla., cost \$200,000.

Twin Falls News in Brief

Cub Scouts Set Meeting
The Bickel Scout pack will meet at 8 p. m. Thursday in the Bickel school auditorium, according to L. R. Davis, committee chairman.

Marriage License
A marriage license has been issued at the Twin Falls county clerk's office to Otto D. Collins and Fern L. Barney, both of Provo, Utah.

Safety Meeting Postponed
The meeting of the Twin Falls chapter of the National Safety Council, scheduled for Tuesday night, has been postponed until Thursday night.

Cost Stolen
O. R. Halpin, 441 Third avenue north, reported to Twin Falls city police Wednesday that a brown tweed suit coat was stolen from his car which was being stored in the 300 block of Second street north.

Eugene Perrine Plays
Eugene Perrine is to play for Little Goular and to trumpet in the San Francisco grand opera house on May 26, according to information received here by Mrs. Hortense Perrine.

Births
Tuesday births at the Twin Falls county general hospital maternity house include sons to Mr. and Mrs. Lester Saunders, Hazelton, and Mrs. W. J. Moore, Piler; and a daughter to Mr. and Mrs. Cecil Walker, Twin Falls.

Trade Name Recorded
Certificate of trade name for the Western home improvement company, 269 Addison was in Twin Falls, has been filed at the county recorder's office by D. W. Daniels, owner. The name to be conducted will consist of modernizing houses.

Eden Boy Hurt In Car Collision
EDEN, May 21—Lee Rountree, 19, was reported in "good" condition Wednesday by attendants at Twin Falls county general hospital where he was taken following an automobile accident Tuesday morning in downtown Eden.

His physician said Rountree suffered a fractured nose, fractured ribs, three fractured ribs, and a fractured knee cap, in addition to bruises and cuts.

Shirley J. Baker, who investigated the accident, said Rountree was driving a 1939 model Ford and was headed west. A block from Eden's intersection he made a "U" turn without signaling or apparently looking for passing cars, the sheriff said. His car was smashed by a car driven by Clyde Hansen, 21, Jerome.

The sheriff said the Rountree car was demolished and estimated that \$500 damage was done to the Hansen car.

Two Magic Valley Projects Okayed

BOISE, May 21 (UP)—The state office of housing expediter has granted the Catholic diocese permission to build a \$100,000 school building in Boise.

Other approved applications include St. Benedict's Bank, Gooding, \$15,000 addition, and Latter Day Saints church, Rupert, \$4,000 welfare storehouse.

Graveside Rites Held For Harmon Munyon

PILER, May 21—Graveside rites for Harmon G. Munyon were conducted at 2 p. m. Tuesday with interment at the Piler IOOF cemetery. The Rev. A. W. Barstow officiated.

Honorary pallbearers were W. T. Haginbotham, L. M. Smith, D. H. Davis, E. P. Polson, E. E. Haag and W. M. Dunce.

Weather

Twin Falls and vicinity—Mostly clear tonight and Thursday. Cooler Thursday. High yesterday 76, low 48. Low this morning 51.

'Sandwich War' Stirs up Lisbon

LISBON, Portugal (AP)—The "bait of the sandwiches" has been engaged with vigor in Lisbon both by consumer and supplier, and at the moment the consumer has lost the first engagement.

After several years during which all snacks and sandwiches were prohibited because of the scarcity of bread, the government passed a decree permitting their sale.

The first day of sale cafes and restaurants and stalls were besieged. But consumers accused sellers of overcharging.

So vigorous were protests that cafes have gone on strike and refuse to sell sandwiches. Their proprietors state that they will not do so until the government has fixed a just price to which all cafes must adhere.

Hansen Baby Taken Back to His Home

HANSEN, May 21—Gary Matthews, infant son of Mr. and Mrs. A. B. Matthews, Hansen, has been returned to his home after receiving treatment in Salt Lake City for removal of a bean from his lungs.

The infant, not quite a year old, was rushed to Salt Lake City two weeks ago for the delicate operation.

The organ pipe cactus is so called because its branches resemble the pipes of an organ.

Petition Filed in Estate of Jones

Petition for appointment of Attorney Harry Benoit as administrator of the estate of Harry A. Jones, who died April 28, has been filed in probate court by a brother, Reuben Jones, of Twin Falls.

Real estate involved is estimated at \$1,000 and personal property at \$500, the petition shows.

Listed as heirs, besides the petitioning brother, are: Elizabeth Ann Jones, Twin Falls, mother; Robert B. Jones, Phoenix, Ariz.; Paul Jones, Nampa; Anna Jones Kraft, Twin Falls, and Lucy Jones Blackford, Twin Falls, brothers and sisters.

Hearing on the petition is set for 10 a. m. June 2.

Spurning Aid, Spinsters Get Place to Live

WARREN TOWNSHIP, N. J., May 31 (AP)—Two elderly spinsters—whose great-grandfather helped shelter the colonial army at Valley Forge—were established today in an abandoned cabin after spending five nights under a pile of cardboard boxes which they improvised as makeshift living accommodations rather than accept charity offers.

Forced to vacate the farm house they rented for 10 years, the sisters, Misses Mary and Louise Wagner, had built their cardboard hut in a rear section of rural Warren township.

Temporary Housekeeping
They set up temporary housekeeping there, hoping somehow, they said, to raise \$45 needed as three months' advance payment on an old cottage they had located.

Warren township relief director, Mrs. W. G. Binger, said she had offered immediate assistance to the two sisters last week but it had been declined "indignantly and with thanks."

Come to Terms
Yesterday the two sisters, descendants of the revolutionary war patriot, David Wagner, came to terms with the owner of an abandoned summer cabin colony on Emerson lane, Berkeley Heights.

Mary said the owner told them the cabin had been unoccupied for two years but that, they could have one if they would make the necessary repairs. The sisters said they had agreed, and also insisted on paying rent as soon as they could arrange for some sort of income-producing work.

Children Blamed In Train Wreck

OAKLAND, Calif., May 31 (AP)—Children were blamed by some investigators today for the wreck of the Western Pacific railroad's Feather River express at Decolo.

No one was killed but four crewmen suffered cuts and bruises in the wreck which occurred shortly before noon yesterday.

Deputy Sheriff Al Ayres said he believed children placed on the rails the small concrete lid of a water meter box which wrecked the train.

Engineer Ray Cope, 47, of San Jose, was something on the track and made a grab for the brakes.

Conductor W. L. Ingram said: "At that moment the engine seemed to jump in the air." Ingram quoted him as saying.

Gotham Girls' Unusual Acts Surprise City

NEW YORK, May 31 (AP)—Women will do the dog-goneest things, police said today.

The blue-coats stood guard as New York women's organizations held a parade as part of tribute to Women week. It would have been an ordinary parade down Fifth avenue.

They held it at night, when Fifth avenue is almost deserted. They held it in the rain.

Torchlight Parade
They made it a torchlight procession, the first New York has seen in several decades, and turned it

Into the 'most spectacular show in years.

They drew a crowd of 50,000 and held it for more than an hour, despite the steady drizzle. Some of the crowd huddled under umbrellas. Some covered their heads with newspapers. Most of them took their rainwater straight.

Reactive Applause
The rain drops glistened in the flickering torchlight on the bare skins of bathing-suit clad models adding the floats. Socialists smiled from other floats as though the rain wasn't ruining their white satin gowns.

Women in the sidewalk audience applauded. Men whistled.

Capt. James Cook, British navigator, discovered the Hawaiian Islands in 1778.

Nurses Ask Pay Hike, Less Hours

LEWISTON, May 31 (AP)—Idaho nurses urged that they be given the 40-hour week, salary increase, sick leave and vacation pay during the convention of the Idaho State Nurses association which concluded yesterday.

The requests were embodied in an eight-point program concerned with the economic security of nurses, and proposed by the American Nurses association.

Officers named at the convention included: vice president, Margiea Brookwood, Lewiston; secretary, Rona Whelan, Pocatello; and two directors, Pauline Caserio, Lewiston, and Dorothy Aldrich, Boise. President is Dorothy Colard, Twin Falls.

A frozen oyster dies if shaken.

Kaiser-Frazer Auto Output on Increase

RENO, Nev., May 31 (AP)—During the first 15 days of May the Kaiser-Frazer Motor company shipped 6,871 cars and now, for the first time since its organization a year and a half ago, is making money.

This was the report President Joseph W. Frazer gave to stockholders at their annual meeting here yesterday.

Commenting on May production, Frazer said the company expects to meet or exceed its goal for the month—11,000 cars.

Since last June when operation of the Willow Run plant began, Frazer said, the company has produced 45,000 cars.

The first important sugar plantation in the Hawaiian Islands was established in 1835.

Betty Grable Has Second Baby Girl

HOLLYWOOD, May 31 (AP)—Betty Grable and her musician-husband, Harry James, today are the proud parents of a second daughter, named Jessica and weighing six pounds 14 ounces, born to the actress by cesarean section.

Both Miss Grable and the baby were reported by their physician to be doing well. The James' first daughter, Victoria Elizabeth, was born in March, 1944.

Suicide Idea Backfires for Jail Worrier

CHICAGO, May 21 (UPI)—Anton J. Julin, 46, fired for quite a while on borrowed time, but he began paying it back today with interest.

He started when Julin began drinking at a tavern and thinking wearily of his \$1,500 debts.

Finally, Julin decided to commit suicide—at 5 p. m.

His problems settled, Julin cursed his fate and went on drinking.

Somewhat unsteadily, he returned to his hotel, where he went to the room of Victor Tigerman and picked up Tigerman's .45 caliber automatic.

Visits Girl Friend
Then, stopping at the room of his girl friend, Clara Higgins, 42, he announced:

"Gonna kill myself at 5 p. m." "Lie down and rest," advised Miss Higgins.

"Okay," said Julin, "but I'm gonna wake up at 5 p. m. and kill myself."

Sets Clock Back
He put a clock beside the bed and fell asleep. Miss Higgins set the clock back a half hour. Julin awoke at the clock and dozed off. Miss Higgins set the clock back another hour. Julin awakened several times, but it was never 5 p. m. Miss Higgins continued setting the clock back.

The last time Julin awoke he fired some practice shots. The hotel manager called police. That's why Julin has to pay interest on the borrowed time.

Judge John T. Zuris gave him 30 days yesterday for stealing Tigerman's gun.

Floor Show Tops Clubroom Opener

A floor show and other entertainment featured Tuesday evening's festivities at the Twin Falls American Legion hall that marked completion of ceremonies opening the new \$20,000 Legion clubroom and lounge.

More than 300 persons were present to hear J. Hill provide novelty piano selections and to hear Jackie Dean, Hollywood singer, with introductions by Bert A. Sweet, Jr., master of ceremonies. Dancing and buffet lunches were enjoyed.

Final detail in the clubroom development program is installation of a new red, white and blue neon sign.

Rupert Will Hold Graduation Rites

RUPERT, May 21—Baccalaureate exercises for Rupert graduating seniors were held Sunday with the Rev. James Crowe delivering the sermon.

Graduation exercises will be held at 10 a. m. Friday in the LDS tabernacle. The Rev. Harstel Cobb, Boise, will deliver the graduation address.

The 10 top students scholastically are Ronald Hyde, Virginia DePalma, Betty Coons, Eayne Burns, Anna Mae McCall, Vera Cesar, Jessie Bragg, Zelma Peterson, Arthur Moncher and Carol Cunningham.

Once a Hunt Barracks—Now a Modern Medical Center

The new Medical Arts building at the corner of Addison and Locust street once was a humble, unimpressive looking structure at the Hunt relocation camp. But with a veneer of bricks and internal repairs and decorations it has been converted into a modern medical center. Wednesday, the hospital ward of 12 beds was opened. In the lower picture one of the seven registered nurses employed in the medical center is shown checking records of patients in the new ward, the hall of which is shown in the background. (Staff photos—engravings)

12-Bed Hospital Ward Opens In "Medical Arts" Building

Opening of the hospital ward in the Medical Arts building today was announced by Dr. Harwood L. Stowe and Dr. Malcolm Sawyer of the building's medical staff.

Dr. Stowe said facilities would be available for 12 patients in the building, serving to help alleviate the hospital bed shortage at the Twin Falls county general hospital.

Reconverted from a Hunt relocation camp barracks, the Medical Arts building at the corner of Addison and Locust streets now has a brick veneer on the outside and is decorated in knotty pine. In the interior of the building are medical consultation rooms, a spacious waiting room, an entire wing for the hospital ward, an entire wing for the eye, ear, nose and throat treatment.

Five physicians and surgeons have offices in the building—Dr. Stowe, Dr. Sawyer, Dr. Norton Cutler, Dr. Clarence H. Schilt and Dr. Ivan Anderson. In addition, seven registered nurses are retained, and necessary hospital attendants and clerical help.

Dr. Stowe said a Salt Lake City pharmacist was expected to arrive in Twin Falls the latter part of next week to set up a prescription pharmacy in one end of the building. Workmen now are busy remodeling the pharmacy room and installing shelf space.

Dr. Stowe said a modern operating room is included in the building and that operations other than emergency operations are now being done at the building. A modern X-ray room and laboratory facilities also are included in the structure.

ed nurses are retained, and necessary hospital attendants and clerical help.

ed nurses are retained, and necessary hospital attendants and clerical help.

Dr. Stowe said a Salt Lake City pharmacist was expected to arrive in Twin Falls the latter part of next week to set up a prescription pharmacy in one end of the building. Workmen now are busy remodeling the pharmacy room and installing shelf space.

Dr. Stowe said a modern operating room is included in the building and that operations other than emergency operations are now being done at the building. A modern X-ray room and laboratory facilities also are included in the structure.

Buddy Poppy Sale Set for May 24 Here

"Buddy poppies" will be sold in Twin Falls Saturday by Post No. 2138, Veterans of Foreign Wars, according to Leland T. Talbot, chairman of the VFW buddy poppy committee.

All persons selling the poppies will be given credentials of identification cards. Talbot declared, as a precaution against "racketeers."

Another safeguard, he pointed out, is the identification hand on each flower showing the name "buddy poppy" which has been properly registered by the VFW.

The name "buddy poppy" was chosen for the flowers by disabled veterans who make them, Talbot said. "This year, more servicemen in government hospitals are busy fashioning the blossoms in tribute to the defenders of our country."

While veterans who make the poppies are paid, all other work in connection with the nationwide sale is voluntary. Talbot pointed out.

Entire proceeds from the sale are used for welfare and relief work of the VFW, including payments to veterans who make the poppies, every penny from the campaign is used to assist disabled veterans, widows and orphans of veterans who have died and the families of men now in the armed forces, Talbot explained.

Describing the suspect as five feet 10 inches tall, of "medium" age, weighing about 160 pounds and having a light complexion, the sheriff said at the time he was seen he was wearing tan clothes and a straw hat, and made a good appearance. The suspect's partner is said to be a magazine salesman of about the same height and having a dark complexion.

Named Delegate
HEYBURN, May 21—Wanda Bailey, Heyburn high school junior, has been chosen to represent Minidoka county in the Girl's state convention at Lewiston. She was chosen by the American Legion auxiliary.

\$55 Taken From Hagerman Home

HAGERMAN, May 21—Two homes in Hagerman were broken into recently, with the possibility of a third home being entered, and suspects in the case are the object of a widespread search by Gooding County Sheriff Russell Cecil.

The sheriff said a man was found in the home of Mrs. John Jones. The man told her he was only looking for another house in the neighborhood. Cecil said the man then went across the street where he entered another house, getting away with about \$55. He is believed to have broken into a third house.

Describing the suspect as five feet 10 inches tall, of "medium" age, weighing about 160 pounds and having a light complexion, the sheriff said at the time he was seen he was wearing tan clothes and a straw hat, and made a good appearance. The suspect's partner is said to be a magazine salesman of about the same height and having a dark complexion.

SPORT FRONT

With

YOSS

(The Peaky One)

Twin Falls and the Magic Valley will be in line for some nation-wide publicity next fall if the fans continue to pour through the turnstiles at Jayco park for the Pioneer league games as they have done since the opening of the season, only 13 home games back.

It means that the Cowboy club will enter the 100,000 attendance class—a figure coveted by every small minor league club.

According to Yoss, sports writer, figures, the Cowboys, without any overflow crowds, have drawn 21,242 persons through the turnstiles at Jayco park. This is an average of 1,634 a night.

And even at a 1,634 average, the Cowboys will draw better than 105,000 all of which is a far cry from the 24,000 that they attracted in 1942 and, yes, quite an improvement over the 72,000 attendance of 1939 that the Magic Valley shouldered so much about when YOSS first landed in the area.

The fans are coming out even though there hasn't been a single warm night so far and most of them have been distinctly uncomfortable.

AND THAT'S THAT FOR NOW, except: Mr. Halliwell is certainly bearing down on his unruly players.

Gains Hill Win

CLINT HARTUNG
...fabulous rookie, who after failing as a gardener because of poor fielding, pitched the Giants to the National League leadership Tuesday. It was his second victory as against no losses.

Zavitka Holds Russets to 2 Hits, Reds Win

IDAHO FALLS, May 21 (AP)—Jim Zavitka, lanky 26-year-old Ogden Reds pitcher, pitched a two-hit shut-out as the Reds topped the second-place Idaho Falls Russets 9-0.

Zavitka added to his laurels by batting in three runs.

Ogden's Hal Lowe, who had been the half over second base, Chuck Balasid did what everyone in the stands thought he should do: Lay the ball down, but he did one better and reached first on a no-no.

Gabe Saye batted for Frank Gonzalez, who was out of the line-up.

Up to little Hal Danielson, the Pioneer's best catcher, and he came through, as he did three nights ago, with a stinging grounder in the spot where it could do the most good—between first and second—and McGarry and Lowe romped home.

Henderson, who fanned 10 Cowboys, was so quick that he should not have been scored upon until the ninth. However, the Cowboys did score when Jack Radtke walked, went to second as the shortstop muffed up Marlow's grounder, stole third and came home when the catcher's throw sailed over the third sacker's head in the first inning.

Two were out and none on the paths when the Cardinals decided to score in the fourth inning. And they came through with their two runs in the simplest manner—with four singles by Paredes, Vinbladh, Sack and Thompson.

They threatened again in the ninth when, with two down, Lane walked and Manager Tyack doubled to left center. However, Marlow took O'Laughlin's long fly against the left field boards.

Seven hundred and seventy fans turned out, which was a bit all considering that most of the faithful stayed home so they could

Halliwell Plans "To Get Tough"
POCATELLO, May 21 (AP)—Finer against two Pioneer league players were announced today by League President J. P. Halliwell.

Mike Dalton, Salt Lake City shortstop, was assessed \$25.00 for using abusive language to an umpire in the Bees-Twin Falls game last Friday.

Manager Jim Tyack of the Pocatello Cardinals was fined the same amount for tossing his cap in the Pocatello-Ogden game Saturday.

Bruins, East Idaho Schools Shun State Meet

Coach Hank Powers and the eight Twin Falls Bruins who qualified at the state meet in Eugene last Friday will be missing from the track and field extravaganza of the Idaho State High School Athletic Association at the University of Idaho, Moscow.

The announcement that the Bruins would be missed from the big event was made by the coach after the eight eligibles at a meeting decided to pass it up—thus allowing several of their number to participate in the graduation exercises at the high school Friday night.

Four of the athletes will graduate. "If we made the trip to Moscow, it would mean that we would have to leave Thursday," Powers said, "and that would mean a good chance of gaining the state crown."

However, none of the eastern Idaho schools, including Pocatello, Idaho Falls and Preston, will compete. Instead they will hold a inter-district meet at Idaho State college Thursday.

Many superintendents and coaches were irked at the state athletic association's board of control for ignoring their recommendation that the state meet be held May 17 so that it would not interfere with the various commencement exercises.

Right-hander Phil Burkhardt and southpaw Bobby Long combined to pitch a no-hit game for the Twin Falls Bruins, but that did not prevent Coach Norris Wilson's Shoshone Redskins from downing the favorites, 4-3, and with Jerome emerging victorious in the first round of games in the South Central Idaho Athletic association tournament yesterday.

Shoshone's Phil Burkhardt, who had been the half over second base, Chuck Balasid did what everyone in the stands thought he should do: Lay the ball down, but he did one better and reached first on a no-no.

Gabe Saye batted for Frank Gonzalez, who was out of the line-up.

Up to little Hal Danielson, the Pioneer's best catcher, and he came through, as he did three nights ago, with a stinging grounder in the spot where it could do the most good—between first and second—and McGarry and Lowe romped home.

Halliwell Plans "To Get Tough"
POCATELLO, May 21 (AP)—Finer against two Pioneer league players were announced today by League President J. P. Halliwell.

Mike Dalton, Salt Lake City shortstop, was assessed \$25.00 for using abusive language to an umpire in the Bees-Twin Falls game last Friday.

Manager Jim Tyack of the Pocatello Cardinals was fined the same amount for tossing his cap in the Pocatello-Ogden game Saturday.

Halliwell also said the "league is going to enforce a rule that when a player is put out of a game for the second time, he will be suspended three days without pay and when a manager is put out of the second time, he will be suspended three days without pay or a choice of \$25 fine."

Right-hander Phil Burkhardt and southpaw Bobby Long combined to pitch a no-hit game for the Twin Falls Bruins, but that did not prevent Coach Norris Wilson's Shoshone Redskins from downing the favorites, 4-3, and with Jerome emerging victorious in the first round of games in the South Central Idaho Athletic association tournament yesterday.

Shoshone's Phil Burkhardt, who had been the half over second base, Chuck Balasid did what everyone in the stands thought he should do: Lay the ball down, but he did one better and reached first on a no-no.

Gabe Saye batted for Frank Gonzalez, who was out of the line-up.

Up to little Hal Danielson, the Pioneer's best catcher, and he came through, as he did three nights ago, with a stinging grounder in the spot where it could do the most good—between first and second—and McGarry and Lowe romped home.

Henderson, who fanned 10 Cowboys, was so quick that he should not have been scored upon until the ninth. However, the Cowboys did score when Jack Radtke walked, went to second as the shortstop muffed up Marlow's grounder, stole third and came home when the catcher's throw sailed over the third sacker's head in the first inning.

Two were out and none on the paths when the Cardinals decided to score in the fourth inning. And they came through with their two runs in the simplest manner—with four singles by Paredes, Vinbladh, Sack and Thompson.

They threatened again in the ninth when, with two down, Lane walked and Manager Tyack doubled to left center. However, Marlow took O'Laughlin's long fly against the left field boards.

Seven hundred and seventy fans turned out, which was a bit all considering that most of the faithful stayed home so they could

Entomologist Gives Report On Chlordane

Recently received authentic information on chlordane, or 1089, which is recommended for grasshopper control, was provided Wednesday by Dr. H. C. Manis, extension service entomologist at the University of Idaho, who was in Twin Falls county in connection with alfalfa weevil investigations.

Lifting the shadow of doubt regarding poisonous effects of the new insecticide, Dr. Manis said, "Like DDT, the poisonous effects of chlordane to war-blooded animals has been looked upon with a doubtful eye in some parts of the country. That doubt should be dispelled in a paper just released at the University of Illinois. Experiments show the material to be almost entirely harmless to warm-blooded animals, unless given in extremely high dosages entirely unlikely to occur when the material is used as recommended for insect control."

Dr. Manis pointed out that the Illinois experiment was conducted with white rats. Extremely high dosages resulted in death of some of the more susceptible rats; others suffered ill effects, even when given the high amounts. At lower dosages, no ill effects were observed in any of the animals. Tests indicating feeding the material to the rats and letting them absorb it through the skin.

The entomologist rates the insecticide as superior to any other known substance in control of the common grasshopper, but that scientists have found it as safe as DDT for home use. It also shows promise for use against other insect pests, he indicated.

Local trials in using the material for wire worm control are being conducted by Rex Deahl, John Olson, Charles Pierce and Lloyd S. Jones in the east end of the county.

Attack Fatal for Martin S. Lucich

GLENNIS PERRY, May 21.—Martin S. Lucich, 78, retired King Hill farmer, died of a heart attack Wednesday morning at the home of his daughter, Mrs. Lucy Wakefield, Glennis Perry.

He was born March 8, 1869, in Yugoslavia and came to the United States when he was 17. He was naturalized in Fresno, Calif., when he was 21 and later moved to northern Idaho. He moved to Richfield in 1910 and to King Hill in 1920.

He was a member of the IOOF lodge. Mr. Lucich is survived by his wife, Anna Ruely-Petich Lucich; eight children, Mrs. Anna Barnes, King Hill; Mrs. Wakefield, Glennis Perry; Mrs. Helen Chapman, Murray, Utah; Mrs. Donice Gloustein, and Mary Lucich, Seattle; Mrs. Eva Delaney, Jackson, Wyo.; Steve Lucich, Boise, and Eric George Lucich, Hawaiian Islands; six grandchildren; three brothers, Tony and Pete Lucich, California, and Emil Lucich, Yugoslavia, and two sisters in Yugoslavia.

The body is at the Felix Bay mortuary pending funeral arrangements.

Car Sought From Slow Repairman

Asserting that J. J. Johnson took his 1934 Buick convertible coupe in June of 1946 to repair it, but has failed to do so and has caused depreciation of the vehicle, Gerald Tompkins has initiated suit for damages in probate court.

Tompkins' complaint alleges that Johnson has removed three tires and tubes from the machine, as well as the battery and radiator hose, and has permitted the car to remain outdoors, causing depreciation from a value of \$275 to \$100. Besides recovery of the coupe, Tompkins asks \$275 damages, or \$375 if the machine is not delivered to him.

Attorney for Tompkins is T. C. Sheneberger.

Richfield Honor Graduates

Two Richfield high school girls—Berdina Johnson, left, and Margaret Rutherford, center—have been chosen valedictorians for the high school commencement exercises to be held next Tuesday. Marilyn Dustin, right, will be the salutatorian. (Staff correspondents)

Construction Jobs Being Postponed

NEW YORK, May 21 (AP)—A survey of building engineers and steel fabricators showed postponements of construction plans running "into the millions" but "actual cancellations not serious," the Iron Age, national metalworking weekly, reported today.

Some postponements reflected watchful waiting on prices, while others arose from inability to obtain specific delivery dates, and still others from fear of further wage increases, the paper said.

Large fabricators told the Iron Age that private construction jobs are going ahead, but that some state and municipal jobs are being postponed because costs were higher than original estimates. Steel companies themselves are going ahead with expansion plans to remain in good competitive position.

Slapping Pie in Boss' Face Said Soul Satisfying

JACKSON, Miss., May 21 (AP)—Thirty-year-old Diana Guance, a former waitress, knows what it feels like to slap a pie in the boss' face. It's "soul-satisfying," Miss Guance told reporters last night as she contemplated charges of assault filed against her by Chris Coates, operator of the Ritz cafe.

"I considered it for several days and then Monday I got the impelling urge," she related. "I held the pie in my left hand and tapped him on the shoulder with my other hand. He looked up. I slapped the delicious meat in his face."

The trial is set for Friday.

About a third of a million Americans suffer permanent injuries in accidents every year.

Graduation Rites Set at Richfield On Next Tuesday

RICHFIELD, May 21.—Graduation exercises for Richfield high school's 18 high school graduates will be held next Tuesday evening. Baccalaureate exercises will be conducted Sunday evening with F. L. Manwill delivering the sermon.

The Rev. George Roebber, Twin Falls, will deliver the commencement address.

Berdina Johnson and Margaret Rutherford have been named valedictorians of the class. The girls had the same high grade average. Miss Johnson, the daughter of Mr. and Mrs. Mont Johnson and Miss Rutherford is a daughter of Mr. and Mrs. Fred Rutherford. She attended Twin Falls high school two and one-half years.

Marilyn Dustin, daughter of Mr. and Mrs. William Dustin, was chosen salutatorian.

Scholarship awards, American Legion awards and other special honors for graduates will be presented at the graduation exercises.

Other graduates are Elaine Brown, Beverly Clayton Johnson, Victor Farnsworth, Harvey Helderman, Daniel Farnsworth, Ila Manwill, Beverly Johnson, Jim Pate, Dolores Johnson, Phyllis Fridmore Helderman, Faye VanSant, Margaret Speedy, Carley Vansant, Bob Vaden and Eldon Vaughn.

Minor Accidents Listed by Sheriff

Two minor automobile collisions were investigated and reported to the Twin Falls county sheriff's office Tuesday.

Cars driven by John Mac Gaster, 21, route 2, Jerome, and Glen Nicholas, 24, Twin Falls, were involved in an accident two miles east of Twin Falls on U. S. 20. A third vehicle was indirectly connected with the mishap, but name of the driver was not determined. It occurred when the Gaster car slowed down for a left turn, with another machine directly behind him. The Nicholas machine behind the second car then attempted to swing around them, but collided with the Gaster car. Both vehicles sustained damage to front fenders and radiators, the sheriff's report shows.

A report was received of an accident at Hollister that occurred when a machine driven by Noel Larson, Hollister, inadvertently backed into the car driven by Harold W. Barrett, Twin Falls, at Barrett started to turn off of U. S. highway 93 into a service station. Minor damage resulted.

7 Die in Illinois As B-25 Crashes

CHAMPAIGN, Ill., May 21 (AP)—Seven soldiers were killed last night in the crash of an army B-25 in a farm field during a violent electrical storm, state police reported today.

The wreckage of the plane, strewn over a wide area, about 25 miles north of Champaign, was found early today. State police said the crash was on route from Champaign, Wyo., to the airport at Champaign Field near Champaign.

It was last heard from at 10:47 p.m. (EST) by radio contact as it passed Burlington, Iowa, police said.
