

Reds Said 'Fostered' In Austria

NEW YORK, May 26 (AP)—Gen. Mark W. Clark, back from Europe to become sixth army commander at San Francisco, last night accused Russia of not cooperating in Austrian rehabilitation and said the Soviets fostered communism in their zone by giving communists more food and higher wages.

Clark, former commander of the American forces in Austria, returned from Europe Friday. He spoke last night on a radio program, "We the People."

**Vote Against Soviets**

"As far as the attitude of the American people is concerned, free elections held throughout the nation resulted in an overwhelming vote against Soviet influence," Clark said. "But since the first election in the Soviet zone, extra food, higher wages and better salaries have been given to Austrian workers who joined the communist party."

The general said the U. S., Russia, France and Britain had agreed their occupying armies "were not to subsidize or control the land."

**Protests Ignored**

"Despite my personal, repeated protest to the Soviet high commissioner, the Soviet occupation forces—contrary to their pledge—seized Austrian food products and livestock and other Austrian resources, and even exported surplus above their own needs," Clark said.

"The Soviet zone has increased the burden of UNRRA, and indirectly the burden of the American taxpayer who was the principal contributor to a relief program for the Austrian people who have existed on a starvation diet."

The general said his protests over seizure of industries, foodstuffs and of the Danube river and its shipping facilities by the Soviet zone, brought the Russian answer that "it's according to the Potsdam agreement."

Clark said he was convinced that to be firm and definite in our relations with the Soviet Union does not increase the chances of war, but on the contrary reduces them.

Senator's U.S. Aid Backfires

WASHINGTON, May 26 (AP)—Senator O'Mahoney, D., Wyo., contended today that Great Britain's aid to Russia is a "backfire" in a battle for world trade centering around such products as wool and cotton.

The Wyoming senator, who voted for the \$3,750,000,000 British loan when it was approved by congress a year ago, said a report by the Senate Foreign Relations committee, which was put in as a condition to the loan, was "a backfire" in a battle for world trade centering around such products as wool and cotton.

Parliament earlier this month passed a bill banning private importation of cotton and closing the British market for American wool. O'Mahoney said it is important that congress give the domestic wool industry a guarantee of price support by approving a bill which would do this.

"We are up against a wall of state monopolies," he said, "and we are up against a wall of state monopolies, and we are up against a wall of state monopolies."

Son 'Amazed' at Vitality of Ailing Mother Truman

GRANDVIEW, Mo., May 26 (AP)—President Truman expressed amazement today over his mother's vitality as she still clung to life.

Mrs. Martha E. Truman has been growing more steadily at her rural home here.

"The President, speaking at nearby Grandview, where he spent his childhood, told reporters at 4 p. m. 'There's no change this morning. I talked to my sister, she's just about the same.'"

After his talk with Mrs. Jane Truman, the President went for a brief, minute walk returning to the hotel at 6:30 to have breakfast before driving her to his mother's home, as he has done every morning since his mother's illness May 17.

At 10:30 a. m. after a telephone call to Grandview from Kansas City, President Truman's Secretary Charles D. Ross said he was looking to see to what the President said earlier. Ross had talked with Mrs. Gen. Truman, who said the President was looking to see to what the President said earlier.

Seriously Ill

**Justice Ailshie, Critically Sick, Is 'Unchanged'**

BOISE, May 26 (AP)—Members of the family reported today "practically no change" in the condition of Supreme Court Justice James F. Ailshie, 78, who is critically ill at his residence where he was taken after three days in a Boise hospital.

Ailshie, father of State Attorney General Robert Ailshie, was stricken Friday and taken to the hospital. A daughter, Mrs. Lucile McHugh, of Denver has come to his bedside.

The supreme court justice has been at work for conferences with other justices about 10 days ago. His physician said he was suffering from complications incident to old age.

British Labor Party Favors War Training

MARGARET THATCHER, leader of the British Labor Party, said today that the party favors war training for young men.

Thatcher, who is a member of the party's executive committee, said the party favors war training for young men.

State Makes Only Bid for Bushnell

SALT LAKE CITY, May 26 (AP)—Apparently only one bid for the abandoned Bushnell hospital at Brigham City was received today.

The state proposed to take over the 200 acre of land and 180 buildings at a 100 per cent discount, for use by public institutions.

The proposal was received by officials here and sent to Washington where the WAA real property review board will take it and make the final decision.

If the offer is turned down, the multi-million dollar property would be sold piecemeal to the highest bidder.

Craters of Moon Monument Opens

AROO, May 26 (AP)—Craters of the Moon national monument was at last opened to the public today following the seasonal opening ceremony.

The monument, which was dedicated in 1924, has been closed since 1941 because non-residents received no deductions for dependents.

Senate in Debate on Tax Cuts

WASHINGTON, May 26 (AP)—Senator Tydings, D., Md., said today that tax reductions must be delayed because congressional action is spending are "far less than we hoped and expected."

The Maryland senator took the floor to argue against any immediate action to trim taxes as the senate prepared to vote on a motion by Senator George D. Graham, D., Ga., to delay until June 10 further consideration of the \$4,000,000,000 tax cutting bill.

**"Balance Budget"**

Tydings said that for a long time the government had been indulging in deficit spending. Now that the time has arrived when the budget can be balanced, he said he wants to be sure that action is taken before taxes are cut.

"I want to vote for tax reduction and payment on the debt with the reasonable knowledge that 14 months from now when we come to the end of the next fiscal year we will be confronted with another deficit," Tydings declared.

**Demostrs Want Delay**

The Democratic minority proposed delaying action on the tax reduction bill until June 10 because they contend a clearer picture of budget cuts will be available by that time.

Senator Taft, O., chairman of the Senate Republican policy committee, voiced a "radio" majority in support of passage of the measure last night.

**Taft Asks Passage**

"If the bill is not passed now," the Ohio senator said, "it will be too late to put in the reduction on July 1 because new tax withholding tables have to be furnished to all employers today."

Taft also disputed Democratic reasoning behind the delay motion. "We know approximately as much about it (the budget picture) now as we will three weeks from now, and so do the Democrats," he insisted.

FLASHES of LIFE

**CUPID** CHICAGO, May 26—The alligators at Brookfield zoo are unromantic and Director Robert Bean is trying to do something about it.

He believed the low note of a French horn, which sounds like the love call of the alligator, would stimulate the love life of the reptiles.

Yesterday a woman French horn player blew a dozen notes but the alligators did not respond. Bean said he assumed they were embarrassed to do any wooing with a crowd around and asked the lady to back some week day and try again.

**SLACKERS** CHICAGO, May 26—The removal of a 600 pound safe to where it could be quietly blown up was no problem to robbers in suburban Winnetka.

The thieves saturated the floor of a grocery store with water and put the safe in a bathtub of soap, police said. The safe was then pushed into a large refrigerator where explosives were attached. The explosion was muffled by the soundproof room.

Utilizing a dolly at hand, several steel compartments of the safe were taken to a nearby vacant room. Police said it was one of the slickest jobs they had ever seen.

Payette Resident Named to School Revamping Unit

BOISE, May 26 (AP)—Ben Tomlin of Payette was today appointed by the state board of education to a unit to revamp the state's school system.

Tomlin joined other committee members here today as the group convened to discuss problems relative to the reorganization of Idaho's 1,100 school districts.

"Tomlin, who has been active in the state Orange for about 16 years, is a wholesale grower and shipper of fruit and vegetables, and a successful dealer. He succeeds Glenn Aldrich of Wilder who resigned when he moved to Oregon."

Committee Secretary Paul Elmer of Grangeville said the committee today discussed specific problems of the state's schools raised by various districts throughout the state.

It is expected that the committee will consider the appointment of a full-time secretary during its meeting here. Andrew Johnson of Blackfoot is chairman.

Fight Looming on Idaho Wage Tax

CLACKETON, Wash., May 26 (AP)—Five hundred residents who earn their living across the Snake river in Lewiston, were organizing today to fight a new state wage tax requiring them to pay state income taxes.

A law passed by the 1947 Idaho legislature, which would require making 90 per cent or more of their income in the state to pay income taxes on the same basis as Idahoans.

Paterson made filing testimony in court, declared unconstitutional in 1945 because non-residents received no deductions for dependents.

Hope for Miracle in Battle

While science and the sea gulls joined forces in battle against hordes of crop-threatening Mormon crickets at Fenderton, Ore., 3-year-old Sharon Pitzer said she saw a few of the pests killed on her mother's doorstep. As millions of the migrating crickets near one of the richest agricultural areas in Oregon, Sea gulls, seldom seen so far inland, have been attracted to the impromptu feast. Residents hope the crickets will repeat the miracle of 1947 when he gulls saved the crops of Mormon pioneers in Salt Lake valley. Just in case of sea gull's failure, crops are being sprayed with quantities of a new chemical. (NEA telephoto)

Crickets Stop Advancing as Poison Holds

By United Press

Polson bait lines were holding firm against eastern Oregon's cricket invasion Monday, only to leave the state's farmers scanning the skies for relief from a more implacable enemy.

Rain, promised by the weather bureau for the weekend, failed to materialize, and farmers in many parts of the wheat belt reported their crop yield already halved by drought.

**Barrier Deepened**

Leroy Fuller, assistant Umatilla county agent, reported from Hermiston that the poison barrier has been deepened on a 12-mile front.

He added that the insect offensive has been "halted" as state crickets widened the poison belt lines throughout the threatened area.

Only one major field—1,000 acre—sited 14 miles south of Orogrande—was damaged by the insect infestation, according to Fuller.

**Little Comfort Seen**

But the end of the invasion threat brought little comfort to the area's farmers who predicted that the present drought would cut the wheat harvest in Umatilla county to as little as seven bushels to the acre.

Meanwhile, relief in the form of rain, appeared to be as elusive as ever. As the prospects of showers disappeared in rising temperatures and continued low humidity, the weather bureau in Portland predicted no precipitation until Tuesday at the earliest.

Pickets at Boise Waive Jury Trial

BOISE, May 26 (AP)—Four employees of the Western Electric company, charged with violating Idaho's new law prohibiting secondary boycotts, today waived a jury trial in the justice court of J. M. Laney.

Instead, the four will present their case on its merits before Laney beginning tomorrow.

The four pickets are J. E. Abel, J. H. Casselman, D. J. Brown and George Hink. They were arrested when they set up pickets in front of the Boise telephone exchange after the telephone workers settled their dispute with the Mountain States Telephone and Telegraph company. Hink is the leader of the complaint. The Western Electric company settled its dispute with its workers.

Push-Button War Said 'Far Away'

WASHINGTON, May 26 (AP)—Secretary of War Robert P. Patterson said today that universal military training would shorten any possible future war. He said a push-button war, he said, appears to be "many years away."

Patterson made filing testimony in court, declared unconstitutional in 1945 because non-residents received no deductions for dependents.

President Renews Hemisphere Arms Collaboration Plea

WASHINGTON, May 26 (AP)—President Truman today renewed his request to congress for legislation to authorize a program of military collaboration with the other nations of the western hemisphere.

Mr. Truman sent a draft of proposed legislation to congress along with his request for a program under which this country would cooperate with Canada and the 20 American republics in the training, organization and equipping of all their armed forces.

The President made a similar request to congress last year. A bill was approved by the house foreign affairs committee but was not passed by either house.

CIO Sets up Committee on Phone Union

WASHINGTON, May 26 (AP)—The CIO today set up a committee to open a full fledged drive to enroll telephone workers and establish a new industrial union in the telephone industry.

CIO President Philip Murray directed Allan R. Haywood, chairman of the committee, to launch a two-day conference May 31 to set up machinery for the proposed new organization. He added in a statement that the "opportunity union" will be extended to other telephone workers who do not take part in the movement.

The 20,000 members of the American Union of Telephone Workers are voting in referendum this week on a unanimous decision of their executive board to join the national federation of telephone workers and join with the CIO. The NFWU, an independent, directed the recent telephone strike.

Murray disclosed that he and Haywood had conferred with "officers of a number of telephone work unions" in Atlantic City Sunday.

"All in attendance expressed a desire for affiliation with the CIO," the CIO chief said.

Haywood reported that the officials at the meeting represented more than 100,000 telephone workers. The NFWU, three months ago, had 40,000 members. The total membership exceeding 325,000.

Agency Asks 'Better Deal' On Migrants

WASHINGTON, May 26 (AP)—A government committee has called for a reduction in the size and a better deal for this nation's "permanent" army of migrants.

In a week-end report, the federal migration committee on migrant workers said the "American forgotten people of 1947" are still in need of help.

An immediate end to "child labor" was urged, and a plan to keep children from the fields and factories was proposed. New laws, federal and local, to protect the migrant and his family.

A reduction in the number of migrants would be a "better deal" for the 1,000,000 to 2,000,000 people. This could be done, the report says, if communities cut down on their needs for outside labor.

The migrants, who wander from place to place for seasonal work, are unorganized, unprotected by workmen's compensation laws in most states, ineligible for educational, health, or welfare benefits.

Yet, the report charges, they are an essential part of our economy. Many industries cannot operate without them.

Among the legislation proposed by the committee:

Stronger state child-labor laws (and better enforcement of state laws requiring children to attend school).

A national minimum wage law for all workers, including farm help.

Workers' compensation laws for migrants.

"Federal grants to help states provide health, housing, and welfare for migrants."

Wallace Will Bolt if 'War Party' Seen

PORTLAND, Ore., May 26 (AP)—Henry A. Wallace said today he will bolt the Democratic party if it becomes a "war party."

At the same time, he charged that there was a "type of man" in high places in the United States who were "ready to stage a totalitarian 'putsch' at the time of the first election of Franklin D. Roosevelt."

Wallace said these men regarded Roosevelt as a "weak man" and that they had been prepared at the bottom of the depression, to "preserve order with force" in the United States.

Today he declined to amplify his announcement at Olympia, Wash., where he was speaking at a liberal party meeting. He said it was necessary to help maintain peace.

Asked at what point he would decide whether the third party was necessary, he said:

"Events will decide about a third party. The thing to do now is to make the Democrats liberal. That is where the focus of attention should be."

Last night in Vancouver, Wash., Wallace declared the common man all over the world may be fighting with the Soviet union against the United States.

Slate Strike Poll

DETROIT, May 26 (AP)—The CIO United Auto Workers union reported today that its negotiations with the Ford Motor company have been unfruitful and said it would poll 130,000 Ford workers on a nationwide strike vote.

The disclosure came at a time when the company already was struggling to maintain normal output in the face of a strike by 3,800 organized foremen.

Chuckles, Blushes Follow as Extra Child Rushed to Boise

Chuckles mixed with blushes Monday when a slight error came to light at the courthouse.

Last week-end, 13 children were found to be alone at a home near Fort taken to the Children's Home Finding society at Boise. The little, whose ages ranged from 1 year and 10 months to 16 years, were a little fellow six months old, were at the home of Louise and Winona Martin, sister-in-law, who are in the Twin Falls county jail awaiting trial on a burglary charge involving shoplifting. One of the fathers is a 16-year-old boy with him.

The situation seemed wild under control with the children safely deposited at the Boise institution, until Monday morning when a couple of the children were found to be missing. It was then that it finally developed that the boy had been staying with his big family recently and when officials picked up the children he climbed in the car and went along for the ride.

Still wide-eyed and enjoying the experience, he happily went along with the rest of the gang to Boise, surviving the ordeal of being taken to the children's home. He was too young to comprehend the situation, however, the older girls who had been taking care of their younger brothers and sisters seemed to include him in the family circle when asked for information.

Meanwhile, the parents to whom the 13th child belongs, are making arrangements for his return from Boise.

Queen Mary, 80, Feted by Family On Her Birthday

LONDON, May 26 (AP)—The British royal family today celebrated Queen Mary on her 80th birthday with a Buckingham palace luncheon. The Duke and Duchess of Windsor, who are in the United States, were mentioned in the future husband of Princess Elizabeth, was not present.

Large crowds gathered outside the palace during the afternoon and evening old lady appeared on the balcony with King George VI and Elizabeth and other royal family members.

## Rush Food to Europe, Says Agency Chief

WASHINGTON, May 26.—The United States must rush "maximum" quantities of food to Europe this summer to prevent widespread violence and rioting, D. A. Fitzgerald, executive director of the International Emergency Food Council, said today.

Fitzgerald said the food shortage abroad between now and August will be at least as critical as last year, when emergency action was taken to provide relief.

Effect More Serious  
He added in a report to the council that stocks in shortage areas are considerably lower than they were a year ago and "the cumulative effect of these food shortages is becoming more and more serious, nutritionally, economically and psychologically."

"People are protesting more and more about the continued shortages. In some instances, the protests have reached the stage of violence and rioting."

Need Cereals  
The big need until harvest time is for cereals, Fitzgerald told the council. To meet this need, he said, the United States and Canada would have to ship 1,000,000 tons (about 150,000,000 bushels) during the July-September period. He described this as the maximum that can be expected from these countries in view of their own small reserves.

Such cereal would have to be supplied largely from this country, which in the case of wheat will start moving to market late next month.

## Mrs. Steelsmith Dies in Seattle

Mrs. Wilmina Steelsmith, 69, died at 9:30 p. m. May 26 at the home of her daughter, Mrs. Jim Taylor, in Seattle, Wash. She was born Aug. 18, 1876, and was married to George Steelsmith in 1900, coming to Idaho in 1910. Her husband preceded her in death in November, 1935.

Mrs. Steelsmith left Hansen three years ago, moving to Seattle to make her home with her daughter there.

Survivors, besides Mrs. Lyndon, include one son, Cahill Steelsmith, Ruhl; two brothers, Paul Steelsmith, Ruhl; and Lyman Steelsmith, Twin Falls; also two sisters, Mrs. Margaret Cahill, Topeka, Kan.; and Mrs. Herbert A. Smith, Twin Falls, and five grandchildren.

The body will be received Tuesday by the Twin Falls mortuary. Funeral services will be held at 2 p. m. Wednesday at the Twin Falls mortuary chapel, with the Rev. George G. Roseberry, Methodist district supervisor, officiating. Burial will be in the Twin Falls cemetery.

## Drunken Capers Jail Three Men

POCATELLO, May 26 (UP)—"Just cutting up while drunk," was the excuse three Lava Hot Springs men gave today for the capers which put them in Bannock county jail on grand larceny charges.

They were caught in the act of butchering a calf near Bancroft, according to Sheriff Alva Marley. He identified the defendants as John J. and Dalton H. Weston and Ray Potter, all of Lava Hot Springs. The trio was awaiting arraignment later today.

Some things that get around to the Old Sporter's kind late, but they're still good.

That catfish are becoming such a delicacy in the west (because, says Chuck Alderson, the movie hit-yip, so many middle-westerners, like YOGIE, have moved out this way) that Burton Perrin, the hatchery guru, plans on raising them for the trade.

And, too, you can't catch catfish and propagate them like you do trout because the little ones die without their mummy around. . . . That from Alderson, too.

That when the Jerome Rod and Gun club offered \$5, in addition to the state bounty, for magpies, a couple of sportsmen nearly broke the club's treasury. . . . That from Lud Dreier.

That W. R. Priebe believes the duck season will be shorter in 1947 because of the government order to give the Magic Valley area a later period to close this about the only region where more ducks are raised than are destroyed.

That the Snake river in the Hagerman area is considered the best spot for hooking sturgeon outside of the Lewiston vicinity.

That the ancient word pudder got an awful scolding when he failed to learn before now that—

Rupert's Joe Dolan was the nation's best and arrow man champion in 1947—a title that he won in a contest sponsored by the National Field Archers association.

And, too, that Dolan dived a deer 17 yards away in the special 1946 Minidoka bow and arrow hunt.

AND THAT'S THAT FOR NOW, except, Castelford has quite a pitching prospect in Gerald Bybee who reminds the ancient word pudder of Bill Doak.

**NEXT SUNDAY'S GAMES**

South Side: Rupert at Pier, Murtaugh at Twin Falls, Hamilton at Castleford.

North Side: Jerome at Shoshone, Glenns Ferry at Richfield, Halley at Wendell.

Pier and Rupert and Jerome and the south side and north side South Central Idaho league yesterday. They remained the only unbeaten teams in the circuit.

Earl Fallon, former minor league star, hit home runs in the second and fourth innings as the league's defending champions, the Jerome Jaycees, defeated the strong Halley team, 9-5, in a game that may go a long way in deciding the championship in the northern division.

The Junior Cowboys took an 8-1 lead in the first two innings, but the arm of their star hurler, Russ Russo, sell gave out in the third frame and Russo, also got seven runs in the eighth frame to win, 15-14. Bob Shupert, the Junior Cowboys second baseman, hit a home run with bases packed in his league's big second game.

Best game of the day was at Castleford with that community's representative downing Murtaugh, 5-3, when Hale hit a home run with a man on base in the 12th frame.

Castleford sent the game into extra innings when B. Brown singled, Hal sacrificed and Reynolds doubled to score one run. In the 11th, N. Perkins singled, Randall was hit by a pitched ball and pitcher Tietloworth doubled to give Castleford a 5-3 lead.

In the other game, Glenns Ferry won from Wendell, 15-1.

**Tennis Revived As Albion Sport**

ALBION, May 26.—The Southern Idaho College of Education at Albion is having a successful tennis season as part of the extensive intramural program setup, according to Gene Cooper, head of the physical education department.

A series of lessons for beginners and advanced players are being given with Gene Hull, student instructor, in charge. The instruction will terminate with an all-school tournament in order to seed the players for collegiate competition within the state in the near future.

Twenty girls and 20 men have shown active interest in the program. Of the girls, Shirley McDonald, Wilma Bybee, Ann Davis, Melissa Gwin, Darlene Coleman, Gayle Thomas and Meredith Kurtz have shown good possibilities. The men students expecting to carry most of the tennis load in competition will be Leland Tremayne, Jim Wallace, LeVere Cooch, Bob Lamborn, Johnny Wright, Gordon McEwen, Dewey Merrill and Gene Hull.

Miss Irene Buckley, head of girls' physical education, and Ernie Granger, assistant to Cooper, have been very active in renewing the tennis interest and in arranging for competition with other schools.

## The Theory Indicates Dip In Cattle Due

SPOKANE, May 26 (AP)—Northwest cattlemen and hog producers can stop pitying the poor sheepman if Roy B. Beck has his cycles plotted correctly.

The marketing specialist at Washington State college says past lessons in agricultural economics learned by livestock producers in the sales yards indicates that cattle prices are starting down and will decrease for several years. Hog prices probably will drop in the next two years, but sheep prices are likely to go up.

Beck bases his predictions on a study of livestock market cycles and qualifies them with the phrase, "If history repeats itself."

Eliminating livestock price shifts caused by changes in the general commodity price level, economists have been able to trace the cycles in prices caused by differences in market supplies of livestock.

Cycles vary in length for different animals, Beck says. For example, the cattle cycle is long because a cow produces only one calf a year and it takes another three years to get a third generation. A sow, though, can have two litters of eight and a year and the females can reproduce within a year.

Thus, the hog producer can adjust operations to changing markets much more rapidly than the cattlemen and cattle price cycles are likely to last much longer.

## Presidency Is 'Killing Task' Figures Show

WASHINGTON, May 26 (AP)—Representative Bell, D. Mo., dug some figures out of the library of congress today to show that "the presidency is more of a man-killing job than it used to be."

Bell is turning them over to a house judiciary subcommittee in support of his bill to provide pensions for presidents after they leave the White House.

"Can't Save Anything" he told a reporter, "without having to worry about where their groceries are coming from when their terms end. They can't save anything out of their salaries."

As for the figures: The first 15 presidents took office at an average age of 54, Bell said, and lived an average of 11 years after they left the White House. The next 14 men who held the office, ending with Calvin Coolidge, were inaugurated at an average age of 49 and lived an average of 5.5 years after retiring from the presidency.

Had Less Burdens  
"Back in the old days, when this was a small, young country with less burdens on the President," Bell said, "they went in older and lived longer after they got out."

"In more recent years, they have gone in younger and lived a little more than half as long when they retired."

Martin Reinken spoke on "The Road to Happiness" at the evening vesper services. In the afternoon hikes and a wicker road were held at the ski lodge on Rock creek. Betty Lu Heller was in charge.

Senior league officers installed by the Rev. R. C. Muhlly were Kenneth Barth, president; Kenneth Lierman, vice-president; Marie Thomsen, secretary; Edel Melin, treasurer;

Victor Lierman and Lloyd Thomsen, executive board members. Junior league officers are Bob Schneider, president; Donald Schukla, vice-president; Owen Hovey, secretary, and Grace Almoe, treasurer.

## 'Dancing Good,' Says Man at 102

SALT LAKE CITY, May 26 (AP)—As hearty as ever, Joseph C. Manning today remarked "dancing is good for a person" in referring to the waltz he danced at his 102nd birthday party yesterday.

At a tea given in his honor at the veterans' hospital here, Manning delivered a 15-minute speech recalling the adventures of his youth, which he likes to say were considerably more exciting than the heroics portrayed in cowboy films.

He told his audience he ran away from his Springfield, Mass., home, shipped for Rome, Italy, and was back before his 12th birthday.
