"Flying Saucers" Seen by 16 More Residents of Area

Eleven more Twin Falls residents and five Jerome persons reported seeing the mysterious "flying discs" Monday night and their descriptions of the discs, though varied, conform with the tales of others who have reported seeing them.

Between 9 and 10 p.m. Monday, John Anderson, who had been visiting friends at 232 Second avenue north, saw the discs and called them to attention of Mr. and Mrs. Paul Fuller, Mr. and Mrs. George Magers, Mr. and Mrs. Otto Rice and Mrs. Clyde Green.

The discs were reported by Mr. Fuller to have come from the west over the city at a high rate of speed and in small groups during the hour the group watched them.

There were in formation as they were seen by Mr. Fuller and the group passing out of sight east of the city.

Single Disc Reported
The size of the discs seen by the group were described as "small." Near 11 p.m. three boys reported seeing a single disc which appeared about the size of a motor scooter wheel and white in color.

The single disc was reported by Jackie Smith, 14; Jimmy Brantley, 15; and Bud Sandaw, 16.

The three discs seen in formation appeared to have wings although the sky was overcast and they were seen from a great distance.

Other sightings of objects seen by Anderson and others present were believed to have been bats flying over the city and the "chimney" lights about them was believed to have been reflections from the city streets. The erratic course of the discs was described as "zigzag" and given as a reason for not believing them to be "discs."

Three flying discs, with an apparent diameter of three feet each, were reported seen flying southwest at great speed and height at 10:30 p.m. Monday by five persons: Mr. and Mrs. V. L. Vinayard, Mr. and Mrs. Vernon Vinayard and Gordon Hordt. They said the discs could be seen very distinctly.

Robins Plans Road Study On Northside

GOODING, July 6 (AP)—Thoughtful consideration is being given to the development of the Gooding-Arnold road, a project which would improve highway travel between the two cities. A study of the road was planned by the Idaho State Highway Department, which is now in the process of planning a new highway between the two cities.

The proposed road would closely parallel the Union Pacific railroad main line through Shoshone and Gooding.

Branch Bird, Gooding city attorney, said the conference with the highway department was held before the middle of state officials.

"Save State Money"
D. Bird, Shoshone businessman, said the highway department is planning to improve the road by reducing the maintenance and repair costs of those routes.

At present about 50 miles of the 100-mile route from Bliss to American Falls is hard surface. The surfaced section extends eastward from Bliss through Shoshone to Gooding. The rest of the road is gravel surfaced or just a trail.

The proposed route would pass Twin Falls, main point on highway 30 in southeastern Idaho.

Smith said his delegation was "well satisfied" with the "favorable reception we received from Governor Robins and the highway department." E. W. Sinclair, commissioner of public works, (Continued on Page 2, Column 3)

Airlines Probers Propose Electric 'Eyes' on Planes

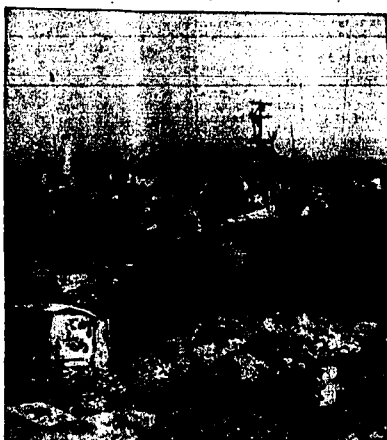

WASHINGTON, July 8 (AP)—President Truman's special air safety board today recommended that airlines be required to install electronic "eyes" which would enable pilots to see obstructions through darkness or fog.

At the same time, the board also suggested that planes be required to fly at 2,000 feet—twice as high as under present rules—when flying at night or in overcast above dangerous terrain.

The recommendations composed the third interim report of the five-man board filed with Mr. Truman late yesterday. It appeared to be the most drastic yet in the information developed during investigation of the crash of a TWA plane in the Hudson river on June 30.

On June 30, 1946, 56 persons were killed in this second worst disaster of commercial flying.

Fire Destroys Homes

Costs Remain Under Budget For Hospital

Operation of the Twin Falls county general hospital during the first six months of 1947 has cost \$129,148.88, less than the \$168,000 called for in the budget and 69.9 per cent of the 1947 accounts receivable has been collected. Those were the highlights of regular monthly reports submitted by Dr. Evert E. Moody at a meeting of the county hospital board Monday night.

In a routine business session, the board authorized payment of \$12,000 for salaries and wages, and \$12,064.35 for supplies purchased during June. Moody outlined new operating policies for the hospital, which he hopes will record photographic proof of the objects he reported seeing.

House Approves Revised Bill to Slash Income Tax Payments \$4,000,000,000

WASHINGTON, July 8 (UP)—The house passed the new \$4,000,000,000 a year income tax reduction bill today as a powerful Republican-Democratic coalition swamped all opposition to the measure. The house rejected a Democratic alternative which would have given bigger cuts to small taxpayers and eliminated the income tax for many of them. Under the revised Republican bill, the 10 to 30 per cent reductions for 48,600,000 taxpayers would become effective next Jan. 1. The original bill, which President Truman vetoed, would have made the tax cut effective this July 1. The revised legislation now goes to the senate. Republican leaders expect the senate to pass it Friday or Saturday.

Then it will be up to Mr. Truman again. If he vetoes it, Republicans are confident the house will override the veto this time. There is some uncertainty about the senate overriding a veto. The house passed the bill after Democratic opponents had made a vigorous but futile fight. Rep. Alme J. Forand, D.-R., offered a motion to send the bill back to the ways and means committee with instructions to re-draft it.

He proposed that the present \$400 exemption for each taxpayer and dependent be increased to \$600 and that taxes in each bracket be decreased by three percentage points. Such an increase in exemptions would cancel income taxes for several million persons.

Refuse Proposal
GOP leaders refused to consider the Democratic proposal. Speaker Joseph W. Martin, Jr., who is generally credited with reviving the tax reduction bill after it once met a presidential veto, stepped down from the podium for the first time since becoming speaker to plead for passage of the tax legislation.

He said he was convinced that congress must retain and protect its rightful prerogative of determining when and how much taxes shall be levied upon the people.

Truman Silent
President Truman has given no public indication of his attitude toward the new tax law but most admitted he has not read it. He is expected to read it soon.

The bill was considered by the house under a rule prohibiting amendments.

Miners' New Pay Contract Okayed

WASHINGTON, July 8 (UP)—John L. Lewis today formally signed a new wage contract with northern and midwestern soft coal operators, sending 195,000 of the nation's 400,000 bituminous miners back to work after a brief strike. The pact—best ever won by Lewis—covers immediately about 76 per cent of the soft coal industry, and provides a \$13.05 daily wage rate—an increase of \$1.20.

The northern and midwestern miners were to go back to work as soon as possible—probably on the afternoon shift in many cases. They technically had been on strike since midnight—the end of a 10-day vacation period—under the United Mine Workers (AFL) "no contract, no work" policy. Miners in southern and far western pits remained on strike.

Operators in those areas have refused thus far to go along with the agreement reached between Lewis and the northern and midwestern miners.

There were indications, however, that some of them also would sign up within the next day or so—possibly sooner.

The three-man negotiating committee of the Southern Coal Producers association scheduled a meeting at 3 p.m. today. A spokesman said action by the southern group would be delayed until after that meeting.

The war agreement with northern and midwestern miners was the threat of a strike by the U. M. W. which was rolled back.

Lewis, his usually sober face wreathed in smiles, signed for the union.

Charles O'Neill, chairman of the northern operators negotiating committee, and Harry Moore, a negotiator for the U. S. Steel corporation, signed for the northern operators and captive mine owners.

George Handberg, director of the Illinois mine owners and Hubert Howard for the Indiana and Illinois strip mine operators.

As each operator group signed, the UMW district president for the area covered by the signature telephoned orders for the men to return to work at once.

The back-to-work order applied to miners due on the 4 p.m. shift. The signing ceremony described by one UMW official as a "mob scene"—took place in Lewis' swank walnut-paneled office on the sixth floor of UMW headquarters.

The Bliss-to-American Park route was on the "state highway department's program about 20 years ago," Smith said, "but beginning with the administration of George W. Shoup it was removed because of political pressure."
Members of Smith's delegation were: Wesley Miller, county engineer; Ben P. L. Maxwell, R. Lincoln, of Richfield; C. Jack Christensen, Rhoads county councilman; Russell Thomas, Lincoln county commissioner; Earl Whitely, Gooding Chamber of Commerce highway chairman; Leonard R. Hildebrand, County Chamber of Commerce highway chairman; Jack Edwards, Lincoln County Pomona Grange; Bruch Bird, Gooding county and Mrs. Brooks, Gooding city councilman.

Porkers Disturb Citizenry After Truck Wrecked

PITTSBURGH, July 8 (AP)—The brakes on the truck, laden with pigs, failed. The truck hit three other cars and was itself wrecked.
Some of the 89 pigs tumbled out of the unbraked truck and dashed wildly up and down Liberty early today.
Mistaking the squeals of the pigs for the cries of injured children, three ambulances and two police cars hurried to the scene.
It was an exciting time but only two persons were hurt and they didn't have to stay at the hospital.

Excavation Begins For Cascade Dam

CASCADE, July 8 (AP)—Excavating of the Cascade dam site continuing today in the former channel of the north fork of the Payette river, diverted yesterday as the project work began.
By October the Morrison-Knudsen Construction company of Boise expects to have the 90-foot high earthen fill dam finished. It will back up a reservoir to store 700,000 acre feet of water for irrigation in the New Plymouth-Middleton area and for Emmet valley.
The 800-foot long concrete tunnel which is carrying the stream around the work site will become part of the dam as an outlet to control the reservoir level.

Marines Land in Mobile Unit Here

Marine recruiting, conducted in a mobile unit at the Twin Falls post office, is now in progress in this area, and T/SGT. Elmer Kees, marine recruiter, reports that the unit will be in Twin Falls until July 16.
The marine corps is now accepting qualified applicants between ages of 17 and 45. Recruits will be transferred to Salt Lake City for final examination. From there they will go to the marine training base in San Diego, Calif. Upon completion of 16 weeks' basic training they will be assigned to duty stations.
Enlistments are also being accepted in the volunteer reserve, Sergeant Kees said.

Bond Forfeitures Enter City Coffers

Three men forfeited appearance bonds Tuesday by not appearing before Municipal Judge J. O. Humphrey on charges of being drunk or fighting and disturbing the peace.
Bond of \$20 each was forfeited by Benjamin R. Dick and Wayne Shriver, charged with fighting and disturbing the peace; and a bond of \$15 was forfeited by Leo Bass, charged with drunkenness.

Emma M. Schroeder requests the probate of the will of Theodore Schroeder who died May 21, leaving an estate of real and personal property valued at \$25,250. Real property includes a section of land with a valuation of \$20,000 and city property valued at \$5,000. Personal property includes \$2,250 in cash and government bonds.
The will names her as executrix and the estate is to be settled. Hearing is set for 10 a. m. July 26. Her attorney is J. R. Bothwell.
Sarah McMaster, route 2, Hansen, asks for letters of administration of the estate of Roy O. McMaster, who died June 23, leaving a \$5,500 estate of real and personal property. Besides herself, the petition lists as heirs a daughter, Gertrude Brady, Twin Falls, and a son, Floyd McMaster, Tropic, Nev.
Hearing will be at 10 a. m. July 10. She is represented by Rayburn and Rayburn.

Damage by Frost 'Not Determined,' Agencies Declare

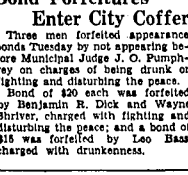

BOISE, July 8 (AP)—Potatoes, peas and wheat in the east and south-central parts of the state were damaged by frost last week but the extent "is undetermined," a cooperative report by state and federal agencies said today.
The report said "it is believed that the crops will be delayed but total loss is not too great. In the southern district most damage occurred in beans and potatoes. Leaves of beans were frosted in the damage areas but only delay to the crop is expected. It is also expected that potatoes in this section will only be delayed a few days."
The crop survey was made by the U. S. weather bureau, department of agriculture and the University of Idaho extension service.
Moisture over the state, the report said, "continues generally good. However, rain is needed in parts of the south central section. The report added that "most first cutting of alfalfa hay is out of the way and second crop is making normal growth. Ranges and pastures continue good. Livestock on ranges are continuing to make good gains. Milk production is high."

Jaycees Will Run Stand at Model Event

Plans for the operation of a concession stand at the model airplane meet here July 20 and possible sponsorship of a nationally-known speaker next fall were discussed by the Junior Chamber of Commerce at its weekly meeting Monday night.
Cliff Simmons, chairman of the Jaycee committee helping sponsor the model airplane meet, reported on plans for the event. Jaycees helping with the arrangements will meet at 8:30 a. m. July 20, at the Warner Bros. transfer company and go to McMaster flats south of the city where a portion of the contest will be held. The remainder of the model plane flights will be held in the afternoon at Harmon park.
Graydon W. Smith reported that Jim Ellender, New York City, would be in this area in November and would be available for a speaking engagement in Twin Falls. He is an expert on youth welfare problems. Sponsorship of his address here was taken under advisement.

Delay Asked for Mail Cost Hearing

WASHINGTON, July 8 (AP)—Postmaster General Hannegan asked the interstate commerce commission to postpone a hearing set for July 10 on the application of railroads for a 45 per cent boost in railway mail pay.
Hannegan's petition to the ICC said:
"The questions involved in this proceeding require an audit of the railroad industry of the United States to determine the cost incurred by the industry in the transportation of mail, and the proportion of its investment so devoted."
Hannegan said the railroad petition would involve an annual increase of 27.

Burned Out

BLOOMFIELD, N. J., July 8 (AP)—A sparrow which tried to build a lighted cigarette into its attic nest was looking for new quarters today.
The cigarette set off the nest and started a blaze in the attic of a two-story house here. Only minor damage was reported, but firemen hastily cleared out what was left of the nest.

Three Fined for Drinking Charges

Two men pleading guilty to drunkenness charges and a woman pleading guilty to charges of driving while intoxicated were assessed fines by Municipal Judge J. O. Humphrey Tuesday.
Another man requested 24 hours in which to enter a plea and was confined in the city jail.
Paying a fine of \$35 plus \$3 costs for drunkenness was Guy McCallister, Heyburn, and paying a fine of \$20 on the same charge was Al Howell, Jerome.
Merle Pratt, Heyburn, was prohibited from driving for one year and paid a fine of \$100 plus costs on a charge of drunken driving.
Willard Marlow, Glenna Perry, was confined to jail for 24 hours on a plea on a drunkenness charge.
Lempiras are the units of money in Honduras, Surinam in Ecuador, and in Peru and Bolivia in Bolivia.

Window Displays Herald Pageant

Window displays, sponsored by the Twin Falls retail merchants' bureau, will herald the "Magic Valley Yesterdays" to be held in Twin Falls July 17, 18 and 19.
Contrasting the old and the new, the modern and the pioneer in clothing, hardware and other displays, the windows are planned to revive the western spirit for the Yesterdays program, Charles Shirley, chairman of the sponsors, announced Tuesday.
Thursday is the date set for the window displays to be the inspection of the public.

State Upholds Judge Rule in Hospital Case

BOISE, July 8 (AP)—The Idaho supreme court in a unanimous opinion yesterday upheld the action of Judge Miles S. Johnson of Idaho county district court in sustaining a deceiver and dissuading a case involving the operation of the general hospital at Grangeville.

The original action had been brought by M. L. Ayers in behalf of Grangeville citizens and stockholders of the General Hospital, Inc., requesting that operation and control of funds for the institution be placed in charge of the hospital association instead of the city of Grangeville.

Group Formed in 1938
The hospital group was formed in 1938 through the sale of 1,135 shares of stock valued at \$22,875 in addition to donations of \$2,500.

The funds were turned over to the city of Grangeville in order to obtain federal aid which was allocated only to municipalities. The operation of the hospital, following its construction, was directed by a committee appointed by the mayor of Grangeville.

The hospital group, the city of Grangeville and the First National bank of Lewiston were named defendants in the action.

Allege Better Controls
Ayers held that the "management and control of the hospital can be handled better by the General Hospital, Inc., which was organized for the purpose and if so operated it will repay the stockholders and subscribers."

The hospital filed an answer admitting all the allegations of the district court complaint but alleged the funds were taken over by the city of Grangeville "without right."

Oakley Blaze Takes 10 Ton of Baled Hay

OAKLEY, July 8.—Ten tons of baled hay, a derrick and sheds were destroyed by fire Sunday afternoon at the Lyle Critchfield ranch about one and one-half miles north and west of Oakley. Cause of the fire was undetermined.

The city fire department's new equipment was called into service, but because of the strong wind firemen were unable to check the blaze.

Insurance Lapse Deadline Nears

With less than 30 days remaining for World War II veterans to re-instate lapsed national service life insurance under present re-instatement provisions, Warren O. Nuzman, veteran administration contact representative in Twin Falls, Tuesday urged Idaho veterans to take advantage of the opportunity before it is too late.

"At present, a veteran can get back up to the full \$10,000 protection carried while he was in the service without paying back premiums or otherwise being penalized," Nuzman said. "In most cases, he added, a physical examination will not be required until after August 1, even for veterans with service connected disabilities."

Nuzman reminded veterans they can re-instate their insurance by filling out a three-question form, obtained from the VA office in Twin Falls, on which they certify that their health is as good as when the policy lapsed. Payment of two monthly premiums puts the insurance back in force.

Terms, Effect Told on New Pact for Coal

By The Associated Press
Terms of the soft coal settlement, as unofficially reported by industry and United Mine Workers spokesmen.
Scope—Covers 3,000 soft coal mines in north, plus "captive" mines (owned by steel companies) in north and south. They furnish 40 per cent of country's coal.
Wages—Increased from \$11.85 to \$12.00 a day, hourly rate up from \$1.18 to \$1.43, or a gain of 44 per cent.
8-Hour Day
Hours—Eight-hour day including waiting time, instead of nine hours. Half-hour for lunch, instead of 15 minutes.
Conditions—Federal mine code of uniform safety standards will apply in place of varying state requirements.
Welfare fund—Employer levy increased from 5 cents to 10 cents a ton.
Strike liability—Miners will work when "willing and able," relieving union of penalties for unauthorized stoppages.
Effects Revealed
The effect:
Production—Assures resumed work today, as 10-day miners' holiday ends, in mines producing about 22,000,000 tons a year.
Prices—Will increase coal costs 47 cents a ton by union estimate, \$1 by employer estimate.
Jobs—Affects well over 150,000 of UMW's 400,000 soft coal miners.
Outlook—Illinois coal operators (40,000 workers) and Indiana owners expected to settle quickly, either midwestern, western, and southern operators expected to follow suit.

Gooding Youths Enlist in Army

Three former Gooding high school athletes, Orville W. and Darrel J. Chigbrow and Dallas D. Burch, have been accepted for three-year enlistment in the army air corps. Lieut. George P. Claxton, Twin Falls army recruiting officer, reported Tuesday.
Orville W. Chigbrow, 17, is the son of Mr. and Mrs. Orville W. Chigbrow, route 1, Gooding. He attended Gooding high school before his enlistment and won letters in football and boxing.
Darrel J. Chigbrow, 17, a cousin of Orville, is the son of Mr. and Mrs. Henry E. Chigbrow, Gooding. While attending Gooding high school he was awarded letters in football, boxing and track.
Dallas D. Burch, 17, Gooding, is the son of Mr. and Mrs. Leonard G. Burch, route 1, Gooding. He won a football letter in Gooding high school.
They will receive technical training in military school after completing preliminary training. Lieutenant Claxton said.

Red Satellites Like Aid, But Not Liability

By J. M. ROBERTS, JR.
AP Foreign Affairs Analyst
The scurrying diplomats of eastern Europe are busy trying to convince the Russians that their countries can eat at the American table without diminishing their loyalty to Moscow.
At the same time, the communists apparently realize they are taking a terrific beating as the European reconstruction program shapes up without them. They are beginning to talk about it being all right for countries to participate in any program which does not constitute a political bloc against Russia, does not permit political intervention in internal affairs, and does not lead to economic subordination.
Want No Guarantees
In other words, they want the countries to get relief without any guarantees that their economies would be geared to the general welfare.
If any of the Russian captives were finally admitted to the pool on that basis it would be a hindrance rather than help. They would merely continue to produce for Russia while themselves depending on outside aid.
Don't Understand
They don't seem quite yet willing to understand that the United States is promoting a cooperative reconstruction effort, not a program under which we would supply one end of Europe while Russia takes them out at the other.
Russia, to escape the stigma of keeping her satellites out of the plan, and to enable her to keep a finger in the pie, might permit herself to be convinced. But it is not likely. Men from the Russian sphere would have to come up with concrete programs for linking their production with that of the rest of Europe. That means, to a certain extent, unliking with Russia. To meet the terms would disrupt the Russian bloc.

Jewelry Stores To Close Early

Twin Falls jewelry stores will close at 5:30 p. m. starting Wednesday. It was announced Tuesday. The firms will retain their 9 a. m. opening time.
Jewelers said the change in hours was made because of increased activity of Magic Valley farmers during the summer months. Cooperating in the store-closing plan are Sterling Jewelry, Roberts, R and G, Matt and Vic's and Twin Falls Jewelers.

Holiday Car Crash Reported in Rupert

RUPERT, July 8.—One minor automobile accident was reported in Rupert over the July 4 weekend. Cedar driven by John Garro, Rupert, and Nap Bailey, Albion, collided as Bailey attempted to pass Garro who had stopped to make a left-hand turn into his home driveway. The mishap occurred about 8:40 p. m. July 4 on highway 30, just inside the Rupert city limits.
As a substitute for lime in the manufacture of glass, magnesia is most frequently used.

Hospital Infant Death Rate Low

Commenting upon a recent Associated Press story concerning Twin Falls county leading the state in the number of infant deaths, Everett E. Moody, superintendent of Twin Falls county general hospital said Tuesday that only four of the six deaths reported occurred in that institution.
Of those four deaths, Moody said, two could almost be classified as stillbirths, with the infants being born alive but dying within a very few minutes after birth.

OBTAIN LICENSE
RUPERT, July 8.—A marriage license was issued here to Rollins A. Anderson and Helga Lesendorfer, both of Twin Falls.

Varied Social

Attend YWCA Camp
Fifty-three Y-Teen girls from southern Idaho attended a YWCA conference held at Coeur d'Alene on Payette lakes from June 25 to July 3.

Where Do We Go From Here?
This was the theme of the conference which was directed by May Doolittle. Canon Bert Simmons of St. Michael's cathedral was the conference speaker and centered his discussions around the girls' relationships toward friends, family, and community.

Mrs. Helen Hoffman, executive director of the Eugene, Ore. YWCA led discussions on program ideas and club problems, also publicity, worship and social activities. "Art, newspaper, crafts and dramatic hobby groups were held during the afternoons. Mrs. Ted Harwood, McCall, presented stories of early days in McCall.

Girls attending from Twin Falls were Geraldine Crandall, Helen Tucker, Margaret Douglas and Bertine Langdon.

BPW Passes Resolutions
The board of directors of the National Federation of Business and Professional Women's club added to its legislative program Saturday a resolution endorsing peacetime universal military training, according to Mrs. John W. Graham, vice president of the local BPW club.

The endorsement was recommended by Helen Lewis Moines, chairman of the legislative committee. The action was seconded by Mary Anderson, Albion, Tex. president of the Texas group, which endorsed peacetime training at its convention last month.

Earlier Mrs. Georgia L. Luk, New Mexico congresswoman, lost a son in World War II, had urged the board to endorse the training program.

Another resolution approved by the board, according to Mrs. Graham, pledges the organization to work for the adoption of the so-called equal rights amendment to the federal constitution. The proposed amendment would prohibit discrimination against women in business and industry.

No action has been taken on these resolutions by the local group as no meeting have been held since May, Mrs. Graham said.

Hold Annual Picnic
Members of the Good Will club and their families attended the group's annual picnic Sunday at Yal-lapah. The afternoon was spent hiking, swimming and visiting.

Mrs. Lester Ward was in charge of refreshments for the event. E. A. Laughlin, Colorado Springs, Colo., who is spending the summer at the home of his daughter, Mrs. Art. Mellon, was a special guest at the picnic.

PRaise Women Musicians
By ALICIA HART
NEA Staff Writer

Welcoming words of praise about women musicians which should bestir and encourage the rest of us come from Dr. Paul Sevitzky, conductor of the Indianapolis Symphony orchestra. He says, "Women are never late, that they make excellent troupeurs, that they keep the music on their minds on a job."

Between 13 and 17 women are in his orchestra personnel. The instruments they play range from the English horn to the violin. Dr. Sevitzky says ability is his only criterion in choosing men or women.

He then tells girls—listen to this conductor of your want to make the most of your feminine virtues—in a good sportsmanship, good teamwork and seriousness of application.

On tour, these orchestra girls—the oldest is 26—never miss a performance or complain about accommodations, their conductor says. What's more, he has never seen a single one display a trace of feminine jealousy.

To curb a tendency to "dress to kill"—an easily corrected fault—the Indianapolis conductor designed a simple, long-sleeved black dress which is required for on-stage wear. He doesn't allow flashy jewelry or dramatic makeup, since he thinks these gimmicks are distracting to the audience.

Only trouble with feminine musicians, according to Dr. Sevitzky, is that marriage often abruptly ends their careers.

Man Dies of Burn
From Forest Fire
AMERICAN FALLS, July 6.—William Schatz, 33, died yesterday morning of burns suffered last week while fighting a range fire near his farm home.

Schatz and his son, William, Jr., were plowing a firetrap around a barn just west of the Snake river, when a wind-driven fire, which moved the direction of the flames, trapping the man. The son received third degree burns.

A native of Russia, Schatz had lived here for 34 years.

Shew-Cunningham
PAIRFIELDED, July 6.—At the home of Mr. and Mrs. R. L. Eubanks, Boise, Jane Ellen Cunningham, daughter of Mr. and Mrs. R. L. Cunningham, Fairfield, became the bride of Kenneth W. Shew, Boise, in a nuptial ceremony performed at 7 p.m. Thursday, July 3, by the Rev. J. Edwin Elder of the Wright Community church in Boise.

The double ring ceremony took place in front of an open fireplace filled with a bouquet of honeysuckle and daisies, bordered by lighted tapers in candelabras and tall baskets of gladioli and fern.

The bride wore a navy blue and white silk marquisette dress with white accessories and a corsage of orchids. She was given in marriage by her father.

LeVir Knight, Meridian, was bridesmaid and Wendell Knight served the bridegroom as best man.

Following the ceremony a reception was held at the Eubanks home. Mrs. H. J. Wood, mother of the bride, presided at the reception. A three-tiered wedding cake was cut by the bride and bridegroom.

Out-of-town guests at the wedding were Mr. and Mrs. R. M. Cunningham, Fairfield, and Mr. and Mrs. Wendell Knight, Meridian.

The bride was graduated from Camas county high school. She also graduated from Westminster Junior college, Salt Lake City, and the University of Idaho, Moscow, with honors in music education from the University of Idaho in June, 1946. For the past two years she has been employed as music supervisor at the Franklin school in Boise.

The bridegroom is a graduate of the Mitchell high school in South Dakota and was a student at the University of South Dakota prior to 1942. He served with the armed forces for over five years and is now employed by the state government at the state house in Boise.

After a short wedding trip the couple will be at home at 206 Orchard avenue, Boise.

MRS. DELOE EDWARDS (Staff engraving)

Marriage vows were exchanged by Bernice Leah Wright, daughter of Mr. and Mrs. Raymond Wright, of Filer, and Deloy Edwards, Twin Falls, in a ceremony performed Monday, June 30, at Elko, Nev.

The bride chose a pale green suit with white accessories for her wedding outfit.

The former Miss Wright attended Filer high school. The bridegroom, the son of Mr. and Mrs. Lafe H. Edwards, Carey, is a graduate of Carey high school. He attended the technological institute at San Luis Obispo, Calif., and served with the army ground forces in the Pacific theater.

Following a wedding trip to Hailey, the couple will be at home in Twin Falls.

MRS. ROBERT F. FRENCH (Staff engraving)

KIMBERLY, July 6—Ardis L. Post, daughter of Mr. and Mrs. J. O. Post, Kimberly, became the bride of Robert F. French, son of Mr. and Mrs. E. E. French, Farmington, Ia., in an informal nuptial ceremony performed at 4 p.m. June 12 at the Collegiate Methodist church in Ames, Ia.

The Rev. G. E. Nichols read the marriage vows before an altar decorated with a single bouquet of English and daisies and tall white lilies. Two baskets of pale pink peonies formed a gateway to the altar.

The bride wore an ivory white tulle gown with a small matching bolero and light brown accessories. Her corsage was of gardenias and sweetheart roses. Mary Louise French, sister of the bridegroom, was the bride's only attendant. Miss French wore a shell pink tulle gown similar in design to that of the bride's and a corsage of pink carnations and lilies. The bride was given in marriage by an uncle, John F. Sollow, Jr., Omaha, Neb., in the absence of her parents.

Donald E. French, only brother of the bridegroom, was best man. Ushers were Maurice E. Freitag, Fairbault, Minn.; Kenneth C. Lepore, Edora, Ia.; and Mark Zaiser, Burlington, Ia.

Hold Reception
Immediately following the ceremony a reception was held in the church parlor. Mrs. Lillian Vollmer, Ames, and Mrs. Frances D. Nichols, Washington, D. C., presided at the reception table. The reception table was centered with a large four-tiered wedding cake and decorated with white lilies and pale pink roses.

For traveling the bride chose a navy blue wool crepe suit with navy and white accessories.

Mrs. French attended the University of Nebraska and Iowa State college, from which she graduated last March. At present she is employed as assistant dietitian in the Broadview hospital in Des Moines, Ia. The bridegroom will graduate this summer from Iowa State college with a degree in mechanical engineering.

tossed sprawling. There was the sound of a door closing and a sense of lifting rapidly into space.

I scrambled to my feet and looked out the window—its infra-irradiant paint is only invisible when you look at it from the outside. Manhattan was falling away beneath us like a toy town.

"Well, how do you like your first ride in a flying saucer, Orson Welles?" leered the green man. "You're on the way to a place where there are more Martians than there ever were in New Jersey."

"Look, this may be a flying saucer," I complained, "but I'm not Orson Welles. I got this high forehead from wearing a tight hat."

"Then who are you?"

"I'm his cousin, Arcturian Welles," I countered, "and who or what are you?"

"What sweetestakes?"

"Why the sixty thousandth centennial running of the universal Martian treasure hunt sweetestakes?"

"Crossly grunted the green man. "This time there are 500 space ships competing. To win I look to you back 12 rare objects, including Orson Welles. Now somebody will beat me. It's all your fault for looking like somebody else."

Modestly he tossed some peanuts on top of his head. To my mild surprise it opened and a double row of teeth chomped down on the peanuts. Now I knew where his voice had been coming from.

"What are the other items on your treasure hunt list?" I asked.

"Oh, I've already got a slice of moon cheese, a burning spark from the sun, the fingerprint of Mother Machree, a photograph record of Gargantua singing 'Mammy,' and an autographed smoke ring from Winston Churchill's cigar," said the green man.

"I've just got a few things left to do in this country—like buying a new motor car, getting a nickel beer and a good five-cent cigar, and plucking a hair from the eyebrow of John L. Lewis."

"Balmation, old boy," I said, "I think that most of the other flying saucers are going to be here a long time. Your search is only beginning."

"I'll keep you as a hostage then," he said. "You steer while I catch a little sleep."

Injunction Given Wallace Tavern Owner on 'Slots'

BOISE, July 8 (AP)—An injunction issued by District Judge A. J. Patterson at Wallace which restrains state and local officers from "molesting" the owner of a tavern where slot machines are located until the court determines the constitutionality of some of Idaho's new laws is being studied by Attorney General Robert A. Little.

Little said the judge was presented with "some misinformation" about notation given the attorney general before the order was issued.

The order, dated July 1, was served on R. C. Lewis, state commissioner of law enforcement, yesterday by the Ada county sheriff. It restrains him from "molesting" Diabrow, Burke tavern operator, "in the sale of whiskey and the operation of slot machines."

The order also restrains officers from "molesting" the said plaintiff in anywise from continuing to operate said business until the court determines whether or not the acts passed by the last legislature are constitutional.

News stories said Diabrow was charged June 22 with selling whiskey and operating slot machines in violation of state law. The charges were filed by Sheriff Archie J. McPhail and County Attorney Albert J. Graf.

Acequia Resident Honored at Rites

RUPERT, July 8—Funeral services were held this morning for Mrs. Mattie Sullivan, 89, Acequia resident who died July 4 at St. Anthony hospital in Pocatello.

Her death was caused by complications which set in from a fractured hip she received June 29. The Rev. Father McGroarty was in charge of the funeral and burial was in the Rupert cemetery under direction of the Goodman mortuary.

Among Mrs. Sullivan's survivors is a son, George Sullivan, Rupert.

RETURN FROM TRIP
HAILEY, July 8—Mrs. Fred Allen and son, Richard, have returned home after spending a two-week vacation in San Francisco, Calif., with her son, Mr. and Mrs. Fred Allen, Jr. Mr. and Mrs. Earl Allen returned with them and will spend their summer vacation from school at the Snake creek ranger station where he will be employed by the Sawtooth Forest service.

Model Plane Meet Slated Here July 20

Model airplane enthusiasts from throughout Magic Valley will gather in Twin Falls, July 20, for a model tournament.

Trophies will be awarded to 18 winners of the various phases of the tournament, and second and third prizes will also be given.

Under sponsorship of the Twin Falls Junior Chamber of Commerce and the direction of Frank Tidwell, the meet will be held at the model circle recently completed in Jaycee park.

At 10 a. m. at McMaster flats, the rubber power and free flight matches will be held. A beauty contest for planes entered and a towline glider contest are also scheduled.

At 1 p. m. in Jaycee park, beauty judging of U-control planes will begin. A U-control stunt contest will follow the beauty judging and six classes of U-control planes will be judged for speed.

Following the contests in which participants from Salt Lake City, Boise, Pocatello, Burley, Idaho Falls, Caldwell and Nampa have already agreed to participate there will be demonstrations of model jet-propelled planes and model racing cars.

Tidwell is arranging for a radio control demonstration as another feature of the meet.

A trophy will be given for the model club with the largest entered membership in the meet, with the Twin Falls club expected.

Tidwell said that contents will begin promptly at 10 a. m. and 1 p. m., and there will be no delay for participants.

Newspapers Favor UMT, Says Legion

BOISE, July 8 (AP)—Commander William F. Galloway of the Idaho American Legion today said a poll of Idaho and other American newspapers shows 30 to 1 approval of universal military training.

He advised Idahoans to "write or wire our congressional delegation in Washington, urging their immediate support for UMT."

"I do not know of a single daily paper in Idaho which does not favor UMT," said Galloway. "Likewise the weekly newspapers in the state are for the most part vigorously behind this vital measure."

KING HILL, July 8—F. A. Coulter is visiting friends and relatives in the Pacific Northwest.

'Excess' Officers Cost 250 Million, Dworshak Avers

WASHINGTON, July 8 (AP)—Senator Dworshak, R. Ida., said today the failure of the army to reduce its officer personnel to peace-time strength will cost the taxpayers \$250,000,000 in the year which started July 1.

He told a reporter: "An appropriations committee study has disclosed that this excessive cost resulted from a higher proportion of commissioned officers than heretofore and failure to downgrade officers from the high temporary ranks they attained during the war."

Dworshak said the ratio is scheduled to level off to 13.6 per cent this year but is still considerably above the total which the committee believes can be justified.

During the war, as the enlisted strength was increased, the percentage of officer personnel to total personnel dropped as low as 6.7 per cent.

U. S. Market on Furniture Stays At Strong Point

CHICAGO, July 8 (AP)—Furniture industry leaders said today that demand for some furnishings still is strong, and that "there are 50,000,000 Americans without a comfortable place to sit."

Buyers and manufacturers discussed the industry's problems at the summer furniture mart, being held at the Merchandise Mart.

Lawrence E. Whitting, president of the American furniture mart, predicted that 23,000 buyers would view 1,200 carloads of home furnishings on display during the two-week market.

Robert R. Rau, executive vice president and secretary of the National Retail Furniture association, predicted that when the residential construction boom develops, it will result in a heavy demand for furniture.

He predicted that buying at the summer market would be "cautious and substantial."

RETURNS TO HAILEY
HAILEY, July 8—Mrs. Minnie B. Florer has returned to Hailey after spending the winter in Boise with her brother and sister-in-law, Mr. and Mrs. Bert Cathoun.
