## 50 Fire Fighters Combating Blaze in Forest Region

About 50 fire fighters are still combating a forest fire south of Rock Creek after it already swept about 1,500 acres of heavy brush and timber. A. B. Briggs, supervisor of the Minidoka national forest, said that the fire is "pretty well controlled now unless the wind causes it to break out."

Briggs said the fire was started about 1 p. m. Sunday by carelessness of two young couples in a black pickup truck. He said they apparently had started a fire, attempted to put it out and then left the forest area after reporting it to another visitor in the forest area. They were last seen leaving the lower Rock Creek area.

## 21 Are Killed As Chartered Plane Wrecks

MELOUBOURNE, Fla., July 14 (AP)—Twenty-one persons were killed yesterday in the crash of a DC-3 chartered airliner in swamp wastelands near here, and today 12 remained missing, mostly because of a confusion in Spanish names.

The death toll was expected to mount with two of the 13 injured on the "critical" list.

En Route to Miami  
The plane, enroute from Newark, N. J., to Miami with 36 persons aboard—a crew of five and 31 home-bound Puerto Ricans—cut a 300-foot swath through the swampy pine six miles from this Florida east coast town as it ploughed to earth shortly after 4:30 a. m.

Civil aeronautics authority investigators reached the scene early but would not comment on their findings.

The plane had been heard from as it passed over Jacksonville, Fla., after leaving Augusta, Ga.

Names Similar  
Similarly in the Spanish names of the Puerto Ricans, a number of whom were young children carried in the arms of parents and not listed as passengers, and the inability of the survivors to speak English, hampered identification of the dead.

The bodies of trucks to a local funeral home where they overflowed into a garage.

Another "flying disc" was seen in Magic Valley Sunday but this one was still flying and didn't raise the hopes and interest of the nation as did the "flying disc" found Friday morning in a twin Falls yard.

Mr. and Mrs. Irvin Bodensieb and Byrd Walter reported seeing one of the elusive "discs" about 6:30 p. m. Sunday while they were driving in Hagerman valley. The "disc" was described by Mrs. Bodensieb as "round and silver and travelling very fast." She said it was headed toward the southwest.

None Hurt in  
Four Crashes  
in T. F. Area

Four highway accidents in which no one was injured were investigated Sunday by Twin Falls city and county officials.

Three cars were involved in an accident about eight miles southwest of Twin Falls on U. S. highway 20. The cars were a 1946 Buick, a 1946 Ford and a 1946 Chevrolet.

A U. S. mail truck came up behind the Buick, and the Buick, in turn, ran into the Ford. The Ford, in turn, ran into the Chevrolet. The Chevrolet, in turn, ran into the mail truck.

The mail truck continued on without stopping after the accident. It was believed to have had a Nevada license.

Shirley Boyd Thietzen investigated an accident six miles east of Hagerman in which a truck driven by Harold K. Paichlich, 40, of Hagerman, went out of control and struck the left side of the highway.

In his report, Sheriff Rayburn said the Paichlich truck was following a small car which had stopped. The small car was a 1946 Buick.

The Buick was following a 1946 Chevrolet which had stopped. The Chevrolet was following a 1946 Ford which had stopped.

The Ford was following a 1946 Chevrolet which had stopped. The Chevrolet was following a 1946 Buick which had stopped.

## "Grounded" Flying Saucer

Here's the "flying saucer" which threw Twin Falls police, the FBI and army intelligence into such a dither here last week when the "disc" was discovered in the back yard at the home of Mrs. T. H. Thompson, 219 Seventh avenue east. Capt. B. B. Zacharias, Ft. Douglas, Utah, is shown above looking over the handwork of four Twin Falls boys. (AP photo.)

## Pageant Heads End Stagecoach Search

With "certain time" nearing for the "Saga of the Snake" pageant to be presented nightly during the Magic Valley Yesterdays observance in Twin Falls, J. L. Lawrence, general chairman, announced Monday that the search has been abandoned for the city-owned stagecoach.

To be used instead will be the stagecoach from the Perrine Blue Lakes ranch. This ancient vehicle went into the repair shop Monday morning.

"We've traced down every clue in trying to locate it, but it has so completely disappeared that the only thing I can figure out is that it got hit by a flying saucer."

The Perrine stage, drawn by four black horses, will take its place, and the officials thanked those who have offered suggestions as to the location of other stagecoaches located at more distant points.

Meanwhile, other details of the pageant are receiving final touches in preparation for the presentation.

Music Director Charles Shiley sent Sunday developing arrangements for background music to be sung by the massed choir, and Tuesday evening a dress rehearsal for key items of the pageant is scheduled at 8:30 p. m., and that spectators will miss one of the best parts of the show if they are late.

Lawrence said Monday that a special "surprise" feature is planned for opening of the pageant promptly at 8:30 p. m., and that spectators will miss one of the best parts of the show if they are late.

## \$4,000,000 Tax Slash Bill Approved by Senate; Act Goes to Certain Veto

WASHINGTON, July 14 (AP)—The senate today passed the revived Republican income tax reduction bill and sent it to President Truman who promised a prompt veto. The vote was 60 to 32, two short of the two-thirds margin that would be needed to override a veto. Except for the effective date—Jan. 1, 1948, instead of July 1, 1947—the bill is the same as the one which Mr. Truman vetoed last month. His veto was sustained in the house by a two-vote margin.

This time, the house is expected to override the President on the basis of its 302 to 112 vote in passing the revived bill last week. That was 26 votes more than the necessary two-thirds majority to override. The showdown will come in the senate where the decision to sustain or override a veto is expected to be decided by a one or two-vote margin.

The new bill completed its second tour through congress after the senate rejected a series of amendments, including one to increase personal exemptions from \$500 to \$600 a person and another to apply to all 48 states the so-called community property provision which permits a married couple to split income for tax purposes.

A each spokesman said western Germany inevitably must be added to the 16-nation organization, embracing all western Europe except Spain and excluding Russia and eight eastern nations under the influence.

Zone Merger Suggested  
One of the first consequences of including western Germany, the spokesman suggested, would be a merger of the French with the American-American-British occupation zones.

The conference rules committee went into session to wind up its report for presentation to the plenary session tomorrow. It will make recommendations for places on the economic organization's exclusive committee and the four technical sub-committees.

Swedish Action Hit  
Swedish spokesman at the conference showed considerable interest in an article in L'Express, a French magazine, which said that the Russian government organ, saying that "American capital penetration in Sweden is not limited by the fact that Sweden is a neutral country."

Russian interest in the conference was evident, despite the Kremlin's displeasure. Russian Ambassador Alexandre Bogomolov made an unexpected visit to the conference, Minister Carlo Sforza, chief of the Italian delegation.

GOODING, July 14—Three Buhl youths are reported in "good condition" at St. Valentine's hospital from injuries sustained in an automobile accident one mile south of Hagerman about 10:30 p. m. Saturday.

Hospitalized are Alice Johnson, 23; L. C. Douglas, 23, and Harold Conrad, 22. The driver of the car, Raymond Conrad, 22, registered no treatment Saturday evening but was not hospitalized.

The 1939 sedan in which the youths were riding was demolished when it went off the road, struck a telephone pole, ploughed through a fence and hit a tree. The Morrison-Knudsen ambulance rushed two of the injured to the Wentworth hospital and a passing motorist took the other two to the hospital.

Douglas received a fractured right foot and will be hospitalized for several days, according to his physician. Miss Johnson and Conrad are expected to be discharged from the hospital this afternoon. Conrad sustained a fractured right arm and Miss Johnson received a fractured left forearm and a fractured ankle. Upjohn had face lacerations.

MEXICO VISIT SET  
MEXICO CITY, July 14 (AP)—The newspaper La Prensa today reported that U. S. Secretary of State Marshall will come to Mexico in September.

WASHINGTON, July 14 (AP)—President Truman today accepted the resignation of Assistant Secretary of War Howard O. Peterson effective July 31.

Peterson, who has been in the war department more than six and a half years, the last year and a half as assistant secretary, said he felt he must return to private life. He is an attorney.

Mr. Truman accepted the resignation with "genuine regret" and congratulated Peterson for the "outstanding quality of his work."

Meanwhile, service sources said that the war and navy high commands from cabinet posts down are due for a shakeup when congress passes the military bill.

Informed war department sources said that Secretary of the Navy James Forrestal has the inside track for the next post of secretary of naval defense, top spot in the revised set-up.

WASHINGTON, July 14 (AP)—The federal bureau of investigation recommended at Pittsburgh that bond of \$100,000 be set for Alexander Von Der Luft, 33, ex-argy agent accused of taking records from the Los Alamos project.

The recommendation was made by Agent F. A. Fletcher in a letter to U. S. Marshal John E. Sloan. U. S. Commissioner Roger Knorr read the letter to Von Der Luft, before the start of a hearing on a charge of willfully and unlawfully removing and concealing records and documents.

FBI agents arrested both men Saturday, nearly two and one-half months after the justice department was called into the case by the atomic energy commission.

The two previously had been described as simple "atomic spies" and confessed we "have" that they were not only "atomic spies" but also "atomic saboteurs" as well as the FBI insisting that none of the secrets were shared with possessing the atom bomb.

WASHINGTON, July 14 (AP)—William L. Kaser, chemistry teacher, was named today as the first school teacher to be needed at Burley for the school year, Sept. 8, 1947.

Mr. Kaser, 34, is a native of Burley and has been teaching chemistry for 12 years. He is a member of the National Education Association and the Idaho Teachers Association.

## Greek Forces Rout Guerrilla 'Invasion'

ATHENS, July 14 (AP)—Greek forces have routed an attempted "invasion" by 1,000 guerrillas from Albania, Greek government sources claimed today. A government spokesman said that guerrillas, which reportedly had neared the Greek town of Kozani, were fleeing back toward the Albanian border after Greek reinforcements were flown to the area.

Communist newspapers in Athens, however, claimed that the guerrillas had entered Kozani. The government also announced the arrest of 3,100 more leftists in the Athens-Piraeus area, making a total of nearly 6,000 who have been seized since Wednesday.

In the latest arrests, 1,100 persons were picked up in Athens, 1,000 in Piraeus and another 1,000 in the surrounding area.

Greek sources said all were suspected of being subversive. Among those arrested was a writer for the newspaper Ellinika, organ of the EAM leftist coalition.

A Greek communiqué reported that the Greek town of Kozani, 10 miles from the Albanian border, was attacked and nearly captured by a lightning thrust of 1,000 guerrillas who assembled on Albanian soil.

Greek sources in London claimed large bands of guerrillas were massed in the southwestern tip of Albania, ready to drive down the Greek coast. Among sources, a Greek source said, were upwards of 20,000 Albanian molemen.

Reports received by the Greek government from Athens said that among the guerrillas attacking Kozani were sections of an international brigade which included Germans and Italians.

Mr. Truman notified coal and steel producers of his desire to withhold price increases through a statement issued by the White House.

"In view of the uncertainty as to whether or how much mine costs of coal may be raised," Mr. Truman said, "the people of this country have the right to demand that their property shall not be imperilled by immediate increases in the price of coal and in the price of steel."

"Only Reasonable"  
He said it was "only reasonable" to ask coal and steel producers "to hold their prices for a fair test of the actual effects of the coal wage increase under conditions of maximum production before changing their prices."

"We've traced down every clue in trying to locate it, but it has so completely disappeared that the only thing I can figure out is that it got hit by a flying saucer."

The Perrine stage, drawn by four black horses, will take its place, and the officials thanked those who have offered suggestions as to the location of other stagecoaches located at more distant points.

Meanwhile, other details of the pageant are receiving final touches in preparation for the presentation.

Law

Weddings, Engagements

**Turner-Rice**  
In a ceremony performed at 3 p. m. Friday, June 13, in the First Christian church, Aberdeen, Ore., Clara Fern Rice, daughter of Mr. and Mrs. A. M. Rice, Aberdeen, and Theodore Eugene Turner, son of Mr. and Mrs. H. E. Turner, Twin Falls, were united in marriage. The Rev. Percy Ferguson read the nuptial vows.

Given in marriage by her father, the bride wore a floor-length gown of dotted net with off-the-shoulder neckline and gathered flounce around the bottom. She wore a wedding veil trimmed with lace and fastened to a Juliet cap with orange blossoms. She carried a colonial bouquet with orchid center.

**Anscootes**  
Vivian Anscoote, of Wash., was the maid of honor and wore blue chiffon over blue satin and wore a half hat of blue ribbon and carried a colonial bouquet tied with blue ribbon.

Erma Jean Pearson and Edrie Lundgren were bridesmaids. The brides were yellow net with a matching half hat and Miss Lundgren wore aqua taffeta with a matching half hat. Miss Lundgren wore aqua taffeta with a matching half hat. Miss Lundgren wore aqua taffeta with a matching half hat.

The bride's mother wore pale green crepe and Mrs. Turner, mother of the bridegroom, wore a black dress. Mrs. J. B. Glasgow played the wedding music and accompanied the bride. The bride's mother wore pale green crepe and Mrs. Turner, mother of the bridegroom, wore a black dress.

John Pariah, Twin Falls, acted as best man. The ushers were Merriam, Twin Falls, and Walter Jones, Eugene, Ore.

Oregon grape and calla lilies decorated the church. The vines were twisted into an archway at the entrance of the church.

A wedding reception was held in the church parlors following the ceremony. A large three-tiered cake topped with bride and bridegroom centered the refreshment table.

Miss Clarence Lundgren, sister of the bride, cut the cake. Mrs. Charles Suttin and Mrs. L. O. Suttin, sisters of the bride, presided at the urns. Mrs. Clyde Rice, sister-in-law of the bride, was in charge of the punch and Mrs. Ray Richardson, sister of the bride, assisted with the bridegroom's cake. The bridegroom's sister, Mrs. Paul Singleton, another sister of the bride, was in charge of the guest book.

Serving were niece of the bride; Barbara Jean, Aberdeen, Edrie Lundgren, Mabel Sharon and Shelby Rice, Walla Walla, Wash.; and Jo Ann Ferguson, Aberdeen.

Reception of the couple left for a two-week trip to British Columbia. The bride wore a white wool suit with blue accessories. Mr. and Mrs. Turner will make their home in Eugene, Ore.

The bride is a graduate of Weatherhead high school and of North-western Christian college at Eugene, Ore. The bridegroom is a senior at Northwest Christian college and also attends the University of Oregon. He is studying for the ministry and is pastor of the Christian church in Portland, Ore.

Out-of-town guests at the wedding were Mr. and Mrs. H. E. Turner, Mr. and Mrs. Horace Turner, Mr. and Mrs. V. E. Turner, Mr. and Mrs. Craig Graybill and daughter, "Toots," Wash.; Mrs. James Ordway, Jefferson City, Mo.; and Mary Alice Ordway, Jefferson City, and Doug Eaton, Moscow.

Other guests were Mr. and Mrs. Fred Eaton, Mr. and Mrs. James Eaton and daughter, Mr. and Mrs. Earl Nielson and family, Mr. and Mrs. Jack Graybill and Mr. and Mrs. Guy Stevenson, all of Twin Falls.

Varied Social

**Observe Anniversary**  
Mr. and Mrs. H. O. Weeding, Twin Falls, are observing their 60th wedding anniversary Monday. The couple were to be honored at a family dinner Monday evening by their son-in-law and daughter, Mr. and Mrs. Jack Bailey, with whom they are making their home.

Mr. and Mrs. Weeding were married Jan. 14, 1887, in Norway. They came to the United States 40 years ago and settled in Utah. Ten years later they moved to Pahr, Idaho, where they resided on a farm until 1945, when they moved to Twin Falls. Mrs. Weeding is 85 years old and her husband is 80.

They are the parents of nine children, four of whom are now living. Two sons reside in California. E. J. Weeding, San Bernardino, and C. K. Weeding, El Monte. They also have two daughters, Mrs. A. B. Bostad, Salt Lake City, and Mrs. Bailey, Twin Falls.

Hold Family Picnic

Members of circle six of the Methodist Women's club held their husbands and guests at a picnic and hamburger fry Thursday evening at the home of Mrs. E. T. Gundersen. During the evening, Fred Ingham showed the moving picture, "Story of the Snake," a history of Magic Valley.

Assistant hostesses for the event were Mrs. Frank Sanders, Mrs. D. W. Feamster and Mrs. High Anderson.

Give Floral Demonstration

Mrs. Paul Taber demonstrated artistic floral arrangements for the church altar and tea tables at the meeting of the Women's council of the First Christian church, held Thursday in the church parlors.

Mrs. R. O. McCall, retiring vice president, presided at the old business conducted at the meeting. The business was then turned over to Mrs. John Platt, newly elected president, who conducted the remainder of the meeting.

New group leaders were introduced and each leader read the names of the members of her group for the coming year. Mrs. C. Haynie, assisted by Mrs. Elva Olson, gave the devotional which was based on the flowers of Palestine.

Following the program led by Mrs. C. P. Bowles refreshments were served by the new executive committee, Mrs. Fred Hudson and Mrs. Paul Taber.

## H. Payne Wins Fifth Flight Tournney Title

**THE PUBLIC LIKES THE KAISER  
AND THE FRAZER**

1. Because they are beautiful! They tick the what they are—the newest things on wheels! They set the fashion for all future motor cars—in body lines and colors.
2. Because they are roomy! The whole width of these cars is inside! Both seats are more than five feet wide. Six adults have room to spare. And then, too, there is 27 cu. ft. of space in the luggage compartment!
3. Because they are safe! Extra low center of gravity and stainless bars both front and rear, cut away to a minimum. They hug the road! Superlative vision in all directions. Smooth, positive braking action.
4. Because they perform! The economical, 100-hp., six-cylinder engine provides a very high horsepower-to-weight ratio. Sensational acceleration. Unbelievable gasoline economy!
5. Because of the ride. Owners say there never was a ride like this! No car designed before the war can even compete. This you must experience! Compare the ride, today!

### 'Set Example In Jap Pact,' General Asks

TOKYO, July 14 (AP)—Gen. Douglas MacArthur declared yesterday the pact treaty with Japan, "without yielding to any of the essential demands," should avoid "punitive, arbitrary and unrealistic provisions," and by its terms set the pattern for future peace throughout the world.

The supreme commander outlined his views on the principles to be embodied in the peace treaty in a statement lauding the far eastern commission's policy decision as "one of the great state papers in modern history."

Action Approved  
The action by the 11-Pacific nation commission in effect approved the occupation directive MacArthur received from President Truman Sept. 6, 1945.

MacArthur said the agreement on basic allied policy provides the entire framework for the peace which "we shall win" in Japan. The treaty, he added, "may now be approached with confidence and complete understanding in principle and full unity of purpose in evolving its detail."

Parley Not Set  
No date has been set as yet for the Japanese peace conference. MacArthur has advocated it be held as soon as possible.

The YSC decision omitted allied policy on Japanese assets outside the home islands because of the commission's inability to determine whether they should be included among reparations.

Manchuria Port Probe Forecast  
NANKING, July 14 (AP)—Sources in this Chinese capital expressed belief tonight that Lieut. Gen. Albert C. Wedemeyer's new investigating mission to China and Korea might include inquiry into Soviet failure to turn Dairen and Port Arthur over to Chinese administration.

Status of these two Manchurian ports, in which Russia has special treaty rights, including a naval base at Port Arthur, has been an increasing irritation to China. Both remain in Russian military occupation.

Chinese officials say the Soviet, only yesterday denied that Russia was hampering entry of Chinese administrators and said the Chinese foreign ministry was "distorting the facts."

Whatever the nature of Wedemeyer's fact-finding mission, any change in American policy towards China was unlikely for at least two months.

### 2 Sunday Blazes Call Out Firemen

The week-end closed with a blast of action for Twin Falls city firemen, who were called out at 10:09 and 10:33 p.m. Sunday to extinguish small grass and rubbish fires.

First fire in the 100 block of Harrison street consisted of burning weeds and grass in a vacant lot. This was quickly brought under control without damage.

Then 44 minutes later rubbish at the rear of the Walgreen Drug store, 101 Main avenue north, became ignited, but was extinguished before damage resulted, firemen reported.

### Sugar Beet Crop Tops 1946 Record

RUPERT, July 14—A record crop of sugar beets has been planted in Minidoka and Cassia counties, R. O. Hatch, manager of the Amalgamated Sugar company plant, has reported.

A total of 14,484 acres of beets were planted in the two counties this year—an increase of 2,507 acres over last year's total of 11,977. Planted in Minidoka county were 7,090 acres and Cassia acreage was 7,394 acres.

### Company Sets Year Vacation For Employees

CHICAGO, July 14 (AP)—Employees of M. G. Menzies, who runs a small advertising agency here, will receive a full year's vacation for every six years of service with the firm.

Miller said today that he believes the plan should be extended "as far as possible" into every line of American employment.

Get Full Pay  
"Each of my employees will receive a year's vacation, at full pay, as soon as they have put in six years of service with the firm," he said. "There's just one string attached. The year must be used for self-improvement such as travel, schooling or research."

Miller's office employs 11 persons. One of them, stenographer Nelly Mason, has a few days ago, the first of the employees to take advantage of the plan. She is going to travel.

Miller said that employees would have a chance to save extra money for the long vacation but to give them a good sendoff he adds a \$100 bonus to the last pay check before they leave.

He's convinced the general application of the plan would give a boost to the employment in the nation.

"It stands to reason that the system would increase the number of jobs about one-sixth," he said. "And since the people on vacation would still be drawing their pay their earning power would remain the same."

### Rupert Planning Tax Levy Boost

RUPERT, July 14—The city tax levy of Rupert tentatively has been upped five mills—three mills earmarked for a city recreation fund as legalized by the state legislature and two mill increase for the general fund.

The total tentative levy will be 22.2 mills.

City Clerk Price D. Sears reported that despite the five mill increase, Rupert would have one of the lowest tax levies in this area.

Breakdown of the proposed levy is 1.5 mills for the library, 7 mills for the city band and 20 mills for the general fund, of which three mills is set aside for the city recreation program.

Appointed on a committee to work out a long-range recreation program for the city are Mrs. Dan Blavin, Mrs. Robert Brockie, A. P. Byrner, Bob Reed and Clark Cameron.

### Union School Recommended For Minidoka

RUPERT, July 14—A union high school capable of holding at least 1,500 students and not within the city limits of any incorporated village or city in the country, has been tentatively recommended by the Minidoka county school reorganization committee.

The committee also has recommended that the county become one single school district to be administered by the county board of education; that present school buildings be retained at Heyburn, Paul, Minidoka and Rupert; and that a single school tax levy be made for the operation of all schools in the county, thus equalizing the tax load and giving students from all parts of the county equal training, such as manual training, home economics, farm machinery repair, dairying and other related subjects.

The union high school in Minidoka county would be capable of holding all the students in the county and would be erected large enough to meet future needs of the county. Four high schools—Rupert, Acquia, Paul and Heyburn—now are located in Minidoka county.

It was explained that the complete report of the school reorganization committee, headed by Charles Whitaker, is not completed yet, but that when it is finished will be sent to the state committee for study.

### School at Albion To Get Infirmary

ALBION, July 14—A surplus government building from Gowen field, Boise, will be moved to Albion to serve as an infirmary building, President Raymond H. Snyder has announced.

The offer to move the surplus building to Albion came from the federal works administration, he said. Snyder recently inspected the building at Boise and observed that it was satisfactorily constructed and would be of considerable value to the school.

The school is to erect a concrete foundation on which to place the building. There is no infirmary at the college now and several rooms in dormitories are being used for patients requiring medical treatment.

Visiting Brothers  
ACEQUIA, July 14—Mrs. Clyde Hawkins and Mrs. Maude Terry, Denver, Colo., are visiting at the homes of their brothers, J. B. Hurd, Acequia, and Elmer Hurd, Piler.

### South Carolina's Negroes Victors In Suit on Votes

CHARLESTON, S. C., July 14 (AP)—South Carolina Negroes have won a court victory in their fight for the right to participate in the state's democratic primary, limited by party rules since 1901 exclusively to "white Democrats."

U. S. District Judge J. Walter Waring, Charleston-born jurist, Saturday held that "Negroes are entitled to be enrolled to vote" in the Democratic primaries. The case was brought by George Elmore, a Columbia Negro, who contended he was not permitted to vote in the 1946 primary because of his color.

Waring, in another case, turned down the petition of John H. Wright, Charleston Negro, for a court order enjoining the University of South Carolina from refusing to admit "qualified" Negroes to its law schools on the grounds of race, but he ruled that Wright would be entitled to enter unless by the opening of the next school year the state provide an adequate course in the college for Negroes at Orangeburg.

RETURNERS FROM CAMP  
PILER, July 14—Jacqueline Joslin has returned from Ketchum, where she attended the Camp Fire Girls camp.

### Medics Have Array of Hay Fever Cures

NEW YORK, July 14 (AP)—Medical science has an array of new drugs to help the hay fever victim through the wheezing and sneezing season. There isn't a cure in the lot but a check today of the research laboratories showed that the scientists were working on new types.

Two of the most effective drugs are pyributamine and benadryl. These are easily obtainable and their makers insist the treatment is not expensive. Both are taken in pill form.

French Develop Two  
Two other effective drugs are antergan and neontegan. They were developed by French scientists and are hard to get.

Another hard to get drug is antistamine. A sixth, antihistamine, gives promise of being the most effective of all, but it is still in the experimental stage.

You can't go to your corner drug store and buy any of these drugs unless you have a doctor's prescription. Experts on hay fever think that is the way it should be.

Best is to prevent it. The doctors report that the best way to treat hay fever is to prevent it in the first place. That is, avoid the sections where you pick up the pollen. The condition is usually inherited.

They also scoff at the old-fashioned theory of spending hours in a storage ice-box or refrigerator. In some severe cases, it is best that the patient move to an area free of pollen.

But stay out of ice boxes, the doctors insist. They are liable to give you a cold along with your hay fever.

### Legion at Gooding Installs Commander

GOODING, July 14—Andrew P. James has been installed as commander of the Perry Ryan post of the American Legion. Other newly installed officers are Stanton Clark, first vice-commander; Warren Borders, second vice-commander; Francis Marlett, adjutant; Helen Kimbrell, chaplain; Dwight McCombs, finance officer; and John Beck, sergeant-at-arms.

ON FLAGSHIP  
BUHL, July 14—Adrian P. Human, printer second class, son of C. A. Human, Buhl, is serving aboard the flagship of the Atlantic fleet, the USS Pocahontas.

### Pressure Cooker Testings Slated

Pressure cookers will be tested Friday and Saturday in the Twin Falls high school home economics room. Florence Schindler, county home demonstration agent, announced Monday.

Testing will begin at 8 a. m. both days and will last until 5 p. m. Friday and to noon Saturday. Monday, July 21, is the date for testing cookers in Buhl. Tests will be held in the Methodist church kitchen, according to Mrs. Adolf Machack, Buhl, who made arrangements.

How "RPM" gave a happy ending to Uncle Pete's Sad Romance

When Uncle Pete planned to pop the question...

on a picnic, carbon caused by old-fashioned oil made his Metz pop a piston ring instead. Too bad "RPM's" carbon-fighting detergent compound wasn't around then to help Cupid out. This cleansing agent in RPM Motor Oil literally "scrubs" carbon off engines, then carries it out next time oil is changed.

Uncle Pete tried again...

Aunt Tillie said "Yes"...

on a moonlight spin, but the spark of romance died with a burned-out bearing. Though bearings are better nowadays, many oils still turn corrosive and actually eat the metal from modern alloy bearings. But not "RPM"! It's designed for modern cars, contains an anti-corrosion compound to keep bearings safe.

when Uncle Pete stopped his engine troubles with RPM Motor Oil. "RPM" contains added compounds which stop sludge and carbon troubles, guard upper-cylinder hot spots ordinary oils leave bare, prevent internal rust, bearing corrosion and crankcase foaming. To keep your car young longer—switch to premium-quality RPM Motor Oil.
