

7 Floor Hospital Is Aired

Construction of a seven-story hospital building covering only a small ground area instead of building a long rambling two-story structure as originally planned was among suggestions made Wednesday afternoon at a meeting of county commission and other, with Alan Fisher, member of the Denver architectural firm designing the hospital.

Fisher submitted rough sketches of changes proposed in the increase in building costs since the first preliminary plans submitted last November. The architect is also rushing through the preliminary sketches and floor plans for approval by county groups and various medical groups.

Local medical groups are to appoint spokesmen to attend a joint meeting at which time it will be determined which improvements are desired.

Edwin Green, chairman of the county commissioners, pointed out construction of a seven-story building will considerably reduce the cost of the structure. One of the more expensive factors of the originally planned building.

Green said the proposed improvements include many unique features, and will represent the last word in hospital design. The new plans have been worked out within the past nine months but have met approval throughout the nation during that time, he pointed out.

Driving Is Always a Full-Time Job

Even backing from a driveway can be a dangerous operation, especially in a situation such as this. The photo above shows a car ready to pull onto the highway from a farm driveway between Buhl and Twin Falls. Trees at right of the driver completely obstruct his view of traffic approaching at high speed from that direction, and the photographer noted that drivers of cars, such as the one approaching, were completely oblivious of the auto that was backing up until they had passed it. Such situations as this provide fertile ground for serious accidents and require the undivided attention of drivers. (Staff photo—engraving)

Officer Declares "Part-Time" Drivers Constitute Greatest Peril on Highway

(Editor's Note: This is one in a series of articles written by Times-News staff members as a public service in continuing the campaign of the local safety council.)

Others attending the conference were DeWitt R. Young and L. W. Hawkins, county commissioners; C. Bacon, hospital board chairman; N. V. Sharp, pilot; Mrs. Henry Davis, Twin Falls, and Sheldon Paul, Buhl, of the hospital board building committee; Evert E. Moody, hospital superintendent; Dr. Earl C. Jensen, Dr. A. A. Jensen, Dr. J. H. Murphy, county physician.

Jerome Bucks Clinton Plans In Reservoir

Chamber of Commerce has gone on to the Clinton project as a method of distributing water from the American Falls reservoir.

Charles Wolteroth, secretary-manager of the Jerome, Idaho, Chamber of Commerce, told county commissioners that water users in Jerome, Gooding and Elmore counties were seriously affected by the bureau of reclamation policy which would require water obtained from the proposed Palmdale dam north of Idaho.

Kaiser Put 'Heat' For Wood Plane Deal, Says Krug

WASHINGTON, July 24 (AP)—Secretary of the United States labor investigating committee members today that Henry Kaiser "put the heat" on the bureau of reclamation in Washington to obtain water contracts to build a huge plywood airplane.

U.S. Intends to Maintain Atom Lead, Make More Tests, World Is Notified

WASHINGTON, July 24 (AP)—A world unable to agree on military by the United States today that: 1. It intends to conduct more tests of atomic weapons in the field of nuclear fission now head a joint army-navy agency devoted to "development of atomic weapons of all types;" and 3. "We mean to maintain and increase the pre-eminence of the United States in atomic weapons until... acceptable international agreements" are reached and control machinery established.

A report of the atomic energy commission to congress contained the terse announcement of future experiments and the implied acceptance of any challenge to a world atomic armament race. (Russia and the United States made plain again yesterday at a New York session of the United Nations atomic energy commission their diametrically opposed views on the subject of big powers' veto rights over international atomic control questions.)

The armed forces disclosed, in answering a reporter's questions, something of the activities of their atomic weapons at work on the "armed forces special weapons project."

Powers' Threadbare Unity Wears Thinner

WASHINGTON, July 24 (AP)—A new split between the United States and Russia — this time over drafting a Japanese peace treaty — threatens today to destroy what little unity remains between the great powers. Another prospect is that it may delay indefinitely work on a peace settlement for Japan.

Dutch Turned Back in Push For Main City

BALEIS, Java, July 24 (AP)—Chertom, important northwest Java port, has fallen to a Dutch tank attack, but Indonesian republicans declared today they had beaten back a strong Dutch drive on their capital of Jogjakarta and now were closing in on the north Java port of Semarang.

The Dutch army commander announced the capture of Chertom. The Indonesian radio said the Dutch were a striking force of 50 tanks in the assault yesterday afternoon against the port, birthplace of the Indonesian independence movement.

Second Arrest of Gun Toter Alerts Fears for Solons

WASHINGTON, July 24 (AP)—The arrest of another gun toter at the Capitol—just after President Truman's speech—has renewed fears for the safety of congressmen.

# Youth of 17 Now Allowed To Join Units

Headquarters company, 133rd infantry of the Idaho national guard is now accepting enlistments of youths 17 years old under an amendment to the national defense act.

Winifred F. Potter, commanding officer of the company, announced Thursday.

Announced by the officer is that the minimum age requirement of 21 years for commissioned officers in the guard can be waived under certain conditions. Recognition as second lieutenants can be extended to those who were previously commissioned in the officers' reserve corps and those granted battlefield commissions.

# Cent in Lighter Causes Car Fire

A small child playing in an automobile while the mother, Mrs. N. H. Hogeness, 188 Elmwood street, stopped for groceries, was believed to be responsible for an electrical short that caused a fire in the auto about 11 a. m. Thursday.

Assistant Fire Chief Laurel O. Howard said the blaze, which started in the engine compartment and spread to the front fender, was put out by firemen arriving, started when a penny placed in the car's cigarette lighter caused a short in the wiring.

# Hospitals

Emergency beds only were available Wednesday at the Twin Falls county general hospital. Visiting hours are from 2 to 4 and 7 to 9 p. m.

**ADMITTED**  
Gordon Jones, James Ulrich, Mrs. Merrill Becker, Mrs. Orville Heimer, Mrs. Victor Cummings and Mrs. Carl Dahm, all Twin Falls.

**DISMISSED**  
Ruth Phillips, Mrs. Don Rodden, Mrs. Howard Johnson and daughter, Mrs. Emil Netz, all Twin Falls; John R. Burkhardt, Jr.; Donald Wagman and infant John; Mrs. Glenn M. Kimbrey; Mrs. Alfred Slater, Mrs. Harlan A. Hodkins and daughter, and infant John; Mrs. E. J. Hogeness and daughter, Hazelton; Annabelle Olinier, Murtaugh, and Mrs. Emil Bernard and daughter, Castledale.

# Medical Arts

**ADMITTED**  
Paul Temple, Jay Goodman, Murtaugh; Mrs. Mary Hoodeney, Wendell; Mrs. Ralph Balch, Hazelton; and Harry Baugman, Hazelton.

**DISMISSED**  
Mrs. M. L. Severson, A. V. Smith, Mrs. Ralph Cantrell and Mrs. O. H. Herrick, all Twin Falls.

# Weather

Twin Falls and vicinity fair to light and Friday. Slightly rising temperature Friday. High Tuesday night, 82, low 52. Low this morning 56.

**STAGE OF SNAKE RIVER**  
The level of Snake river was low Thursday as shown by the flow over Shoshone falls (only a trickle of water going over the falls).

Now 24 days without a traffic death in our Magic Valley.

# Seen Today

Man and woman in station wagon with California license stopping just long enough for them to change places in front seat and then continuing on way south along Main street with woman at wheel. . . . Woman sitting in car, tearing up letter into small pieces and dropping them out window. . . . Man working in dress shop window behind sign reading, "Special \$17.50". . . . Charles Cotton's extra-short Ol' haircut. . . . Ed Elliot, Dick Hill and Wally Craig all putting on pipe during pow-wow at veterans' administration office. . . . Wilmoth Meltrie industriously waxing desks at Boy Scout office while Scouters are away at summer camps. . . . "Cabin Is Rented" sign tacked on front door of home. . . . Charley Russell's pup peering out of screen door. . . . Jack McCarthy perched on motor scooter. . . . Ohio license 228-58. . . . Just seen S. H. Graves in sidewalk conversation, Morris Roth back from U. of I. summer session, Eddie Lehman, former Cowboy manager, Don Robertson, Eddie Purvis laughing filling cabinet into office, and Eddie Merkle. . . . And overhead: Woman scout stopping momentarily to ask him "Where's the Twin Falls?" and QM Edgar P. Palmer figuring out when he'll get next clasp for his good conduct ribbon.

# Safety Problems Told to Grangers Wednesday Night

A program on farm and home safety and plans for a picnic to be held at 1 p. m. Aug. 3 in Twin Falls came before Wednesday evening's meeting of the Twin Falls Grange.

Members received pamphlets provided through the county agents' office on home safety and also discussed this topic.

Those present were urged to start saving grain for the Grange's booth at the county fair this fall.

# Hearing Slated On Non-Support

Preliminary hearing was requested by Clifford Gee when arraigned Wednesday before Probate Judge R. T. Hamilton on an indictable misdemeanor charge of "failure to support minor children."

The hearing was set as 10 a. m. Monday, Gee's bond was fixed at \$500, and he was remanded to the custody of the sheriff.

# Magic Valley Funerals

**BURLEY**—Funeral services for Mrs. Mary Emma Carey Curritt will be held at 2 p. m. Saturday at the Burley funeral home chapel with Bishop Francis Casey officiating, fourth ward officiating.

**TWIN FALLS**—Gravestone services for Howard L. Teater, former Eden resident, will be conducted at 7:30 p. m. Saturday at Sunset Memorial park by the Rev. George L. Clark, Presbyterian minister.

# Discharges

Robert H. Jaka, Edouard Jesse Hale, Lloyd Clayton Martin.

# Jerome Bucks Clinton Plans In Resolution

(From Page One)  
Falls at the cost of American Falls water.

Purchase Efforts Spurred  
Welteroth told chamber members that in 1931, the 25 water user concerns had contracted with the government for the lease of American Falls reservoir surplus water and that they had been leasing the water since then and several times have tried to purchase the water. The latest attempt to purchase the surplus water was rejected by R. J. Newell, Boise, regional director of the bureau of reclamation, only last week.

The Jerome reclamation official charged that Rupert farmers were opposed to leasing of the Minkola and had produced letters from several farmers who rapped the Rupert Chamber of Commerce's "over-exuberance."

United Effort Planned  
LeRoy A. Frazier, secretary-manager of the Jerome chamber, said efforts will be made to get Wendell Hazelton, Eden, King Hill, Gooding and other north side civic groups behind the anti-Clinton report proposal.

Welteroth asserted that 95 percent of the water users in the Snake river valley were opposed to the Clinton report but charged that the bureau was attempting to force the provision of the report onto the water users against their wishes.

Investment Cited  
Frazier said the North Side Canal company and 37 other water users had invested some \$325,000 in the American Falls reservoir for the lease of the surplus water, which would be applied to the cost of purchasing the water.

He said the Jerome chamber felt that priority on the surplus water should go to the old users and the next priority for the opening of new land.

# Gunmen, Troops Swap Gunfire in Jerusalem Fight

JERUSALEM, July 24 (AP)—Gunmen and British troops exchanged fire today at the gate of a secure zone in Jerusalem, touching off alarm sirens and halting traffic for 45 minutes.

An official report said the attackers arrived in a taxi, fired four times with a Bren gun and escaped toward the Jewish quarters as troops returned the fire. No casualties were reported.

The attack was the latest in a long series since the British turned back toward France the 4,500 Jews intercepted on the SS President Warfield, also called the Exodus of 1947, in a bid to get out of the Jewish agency and the Oldsmith officers' club, which previously had been a headquarters for the Jews.

Six men were reported by a reliable informant to have robbed a Tel Aviv diamond merchant's car on the city's main street and used the loot for a similar robbery and another \$100 haul occurred yesterday.

# Victim of Crash Reported 'Good'

James R. Ulrich, 1315 Fifth avenue east, Thursday was reported by his physician as in a "good condition" following a collision Wednesday night between the motorcycle he was riding and a pickup truck driven by J. W. Cherry, 148 Quincy street.

Partial fracture of a vertebra in the lower part of his back, revealed by X-rays taken Thursday morning at the Twin Falls county general hospital, was not considered serious by his doctor.

The accident was investigated at 6:45 p. m. Wednesday by city police who said Ulrich was riding his motorcycle west on Addison avenue. The truck was going east and turned left into the alley between Jackson and Quincy streets when the two vehicles collided. The truck was undamaged and only slight damage was done to the motorcycle.

In another accident reported at 8:45 p. m. Wednesday, Arthur G. Hamney, Burley, escaped injury when his truck and 34-foot semi-trailer overturned on a curve about three miles south of Rogerson on U. S. highway 20. The accident was investigated by sheriff's officers who said Hamney was "going too fast for the curve."

The tipping over occurred when the huge truck was clipped off and the entire left side of the truck and trailer was extensively damaged.

# Twin Falls News in Brief

**Ride Postponed**  
Frontier Riding club members are advised that the ride scheduled for Sunday has been postponed one week until Aug. 3.

**Moore to Meet**  
The Moore lodge and Women of the Moose will meet at 8:30 p. m. Friday at the Moose hall. The program will be furnished by Moore members. Refreshments will be served.

**Former Residents Visit**  
Mr. and Mrs. Earl Dooley, former Twin Falls residents now living in Endicott, N. Y., are visiting Mr. and Mrs. B. W. Smith and Mrs. Mettlo. They are en route to Los Angeles.

**Take Vacation Trip**  
Mr. and Mrs. Lee Empey were to leave today on a vacation trip through Utah, Colorado, Kansas, Oklahoma, Texas and New Mexico. They will return to Twin Falls in three weeks.

**Grange to Meet**  
The Kimberly Grange will meet at 8:30 p. m. Monday at the Grange hall. The Knoll Grange will be in charge of the program. All members of the Kimberly Grange are requested to bring sandwiches or cookies.

**Recruiter Back**  
First Lieut. George P. Clanton of the Twin Falls army recruiting station has returned from a two-week leave. The officer traveled to Dushan, O., where he was joined by his four children, who returned to Twin Falls with him.

**Helps Preserve Fleet**  
Donald C. Anderson, fireman second class, is serving with the Atlantic reserve fleet, Boston, Mass. He is aiding in inactivation and preservation of 19 escort aircraft carriers. Anderson is the son of Mr. and Mrs. J. M. Anderson, 337 Third avenue east, Twin Falls.

# Thief Rifles Trio Of Jerome Puruses

JEROME, July 24—A man described only as at least six feet tall, husky, and wearing a light-colored shirt and straw hat, is the object of a search by Jerome county officers in connection with the theft of about \$60 between 4 and 6 p. m. Monday amid rifling three purses in a Jerome house.

Sheriff Olen Hall said all members of the family from whom the money was taken were at home during the time of the theft, but were outside the house eating their supper on the lawn.

The sheriff said the thief walked in the back door into one bedroom where he found nothing in a purse, then walked into another bedroom where he took \$50 from a purse, continued into the diningroom where \$5 was taken from a purse, and then into the kitchen.

# Permits to Build

Two new applications for building permits were filed Wednesday and Thursday at the office of the city clerk and estimated cost was increased for another permit filed previously.

Harry J. Gibson, 1704 Eldridge avenue, plans construction of a 30 by 24 foot one-family dwelling from cinder blocks and a frame garage at an estimated cost of \$5,000.

The applicant said the plan to finish a porch for use as a kitchen, build a smaller porch and otherwise remodel a 24 by 26-foot frame one-family dwelling at 358 Quincy street. Cost is set at \$700.

Edith D. Carter raised the estimated cost of a 30 by 28-foot one-family frame dwelling she plans to have built at the rear of 331 Third avenue east to \$5,000. Her previous estimate had been \$2,900.

# No Part-Time Job, Officer Tags Driving

(From Page One)  
and whether he'll be able to get back soon enough to finish the field that day. Then, if it throws him too late, he may miss the meeting that night that the misadventure had been planned on, and he knows he is in for trouble there.

"All this time he's rolling along through traffic toward town and when he comes to a narrow bridge it just doesn't register on him far enough in advance that his car and that one with the trailer house on it are going to arrive at the same time. When they do, it's too late to do anything about it, and somebody gets hurt or killed."

"Accidents like those could be avoided by full-time driving. But the part-time driver is just an unknowing victim of his lack of attention to the job at hand."

"The businessman who tries to work out the day's schedule on the way to work, the lawyer who studies out a case while at the wheel or the young fellow who pulls all his thoughts on what he's going to do that evening—they're all part-time drivers. The sooner people realize that driving is a job in itself, the sooner we'll have safer highways," Officer Perkins added as he pulled over to the left to avoid a car that was backing out of a driveway onto the road.

# Discussions Set On Teacher Fund

BOISE, July 24 (AP)—The investment of funds accumulating to the state teachers retirement system will be discussed at a meeting of the retirement board of trustees Monday in the office of Alton B. Jones, state superintendent of public instruction.

Ralph Farmer of Moscow, dean of the University of Idaho school of business administration, is chairman of the board and will preside at the meeting.

Special tax levies by school districts and county governments provide funds for the retirement system inaugurated at a special legislative session in 1946.

# Goff Selected for Farm Plan Group

WASHINGTON, July 24 (AP)—Representative Hoover, R., Ia., was appointed today chairman of a house agriculture subcommittee to conduct hearings on a long-range government farm program.

Other members, picked by Chairman Charles McNary, R., Ore., are: H. R. Hays, R., Calif., and J. Morgan Kousser, D., Utah.

Hoover told reporters he plans to hold six regional hearings during the congressional recess. There will be one each on the Pacific coast, the Rocky mountain section, New England, and the south, and two in the midwest. Dates and places will be set later.

# Music Teacher Group Picks Jerome Woman

MOSCOW, July 24 (AP)—Mrs. Frank Hansen, Jerome, has been elected to the executive committee of the newly formed Idaho Music Teachers association. She will represent the south central district of the state.

Robert B. Walls, associate professor of music at the University of Idaho, is the first president of the association.

# ICC Recommends Rail Line Discard

WASHINGTON, July 24 (AP)—Interstate commerce commission spokesman Jerome E. Lyle recommended today that the Oregon Short Line railroad be permitted to abandon an 11-mile segment of track from Warren to Murphy, Id.

Abandonment of an additional two miles between Warren and Stoddard was found not to be justified. The entire proposal was opposed by the Idaho public utilities commission on behalf of the shippers on the line.

## Idaho Towns Hand Dewey Big Welcome

POCAHELLO, July 24 (AP)—Gov. Thomas E. Dewey of New York received in Pocahello and Idaho Falls welcomes usually reserved for a presidential candidate.

Mayor George Phillips of this Democratic stronghold said the 1,000 persons who stood in a dust storm and applauded the New York governor were "the largest group that ever welcomed anybody."

Both the governor and Mrs. Dewey were introduced during a public reception in the Municipal park and both shook hands with scores before hurrying to their train for Cheyenne, Wyo., where tomorrow and Friday they will attend the Frontier Days rodeo.

**Crowd Leaders on Hand**  
State Republican leaders were on hand to greet Dewey in Pocahello and Idaho Falls.

At the end of a 126-mile automobile ride from the Grand Teton mountains of Wyoming, Dewey was met at the outskirts of Idaho Falls by Gov. C. A. Robins, Tom Smith, Republican state chairman, and Mayor E. W. Fanning, Democrat.

**Rides to Open Car**  
Dewey rode with them in an open car, flanked by a sheriff's posse of 40 Stetson-hatted minio pony riders to the accompaniment of a band playing a Sousa march in the hot, sultry Idaho sun.

The parade coursed through crowds lining the streets, posted with "Welcome, Governor Dewey" signs, to the Rogers hotel where the governor was a luncheon guest of the Idaho Republican committee.

Later he spoke to several hundred persons at the armory. Delegations of Republicans were present from seven southeastern Idaho counties.

## Auction Here Sets Bull Price Record At \$18 Wednesday

A new high price of \$18 per hundredweight for bulls was noted Wednesday at the regular weekly sale at the Twin Falls Livestock Commission company.

The market was stronger on better grades of steers, already on feeder and common stock and up 50 cents to \$1 on canners and cutters, according to Tom Cullen, co-owner of the yards. Run at the sale was 972 head.

Two loads of near-choice steers sold at \$24.00 and \$24.50.

Other market quotations were:  
Steers: Good, \$22 to \$23.75; good grass fed, as high as \$25.50; fed, common and Holstein, \$17 to \$21.50; good feeders, \$20 to \$21.50; culls and common, down to \$12.  
Cows: Choice, \$18 to \$18.50; good, \$14.50 to \$15.75; common and medium, \$12 to \$14.25; canners and cutters, \$8 to \$12.75.  
Heifers: Good, \$20 to \$22.50; grass fed, pulled a little green, \$17 to \$19.50; feeders, \$12 to \$15.50; common, down to \$15.  
Yearlings: Choice, \$11 to \$12.75; bulls sold from \$12 to \$16.

## Purchase of Fire Truck Discussed At Glenns Ferry

GLENN'S FERRY, July 24—Further discussion of the purchase of a new fire truck for Glenns Ferry resulted in a village council motion Wednesday night to obtain expert advice from the Fire Company Underwriters association as to the type of truck best adapted for use here.

LeRoy Hull, E. F. Clements and George Mosgrove were appointed by Council Chairman Clarence Moore to serve as a committee to investigate completely the advisability of building storage tanks for the village water supply.

In other business, the council increased the price of cemetery lots from \$10 to \$20 for persons residing outside the village limits. The council decided to survey the cemetery and provide for the caretaker to seed in grass the new south section of the cemetery and a west portion of the area. Monuments are to be limited to bronze plaques in the new south portion.

**RETURN TO CALIFORNIA**  
ACEQUIA, July 24—Mr. and Mrs. Harold Hansen and daughter, Helen and Maureen have returned to their home in Santa Monica, Calif., after visiting in Acequia for two weeks.

## NOW SHE SHOPS "CASH AND CARRY"

Many suffer from backache, sciatica, neuralgia, rheumatism, etc., because they do not get enough exercise. The kidneys are Nature's chief way of taking the excess acid and waste out of the blood. They help most people pass about 8 pints a day.

When disorder of kidney function permits poisons to remain in your blood, it means nagging backache, rheumatism, sciatica, neuralgia, etc., and, finally, kidney trouble. Frequent or scanty urination, swelling, puffiness under the eyes, passages with unusual acid, burning, etc., shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's gives better relief than any other medicine for kidney trouble. Get Doan's Pills.

## Centennial 'Covers'

JAM S. L. POSTOFFICE  
SAULT LAKE CITY, July 24 (AP)—Half a million first day covers of the Utah centennial stamp were canceled today by the postoffice here.

More than 100 extra persons have been hired by the postoffice to take care of the job. Requests for the centennial stamp have been received from throughout the nation as well as from foreign countries, according to L. A. Smoot, postmaster.

Aluminum foil can be made so thin that 10 sheets are needed to equal the thickness of a newspaper.

Legion Move On Veto Puts U. N. on Spot

By J. M. ROBERTS, Jr.  
AP Foreign Affairs Editor

The American Legion has added its power to the increasingly active movement in the United States to do something about the U. N. security council.

It suggests, in letters to congressmen, a reorganization of the council to give the United States the veto power to curtail their veto power in cases of aggression and lay down some rules for handling atomic power and weapons of mass destruction.

Russ Would Remain

The Legion envisions an organization in which Russia would remain active, where as recent resolutions of the congress for reorganizing the U. N. deal largely with the possibility that world cooperation will have to go ahead without her.

The practical possibilities in the various proposals for bolstering the U. N. are less important than the amount of interest that is being generated in the necessity of keeping some sort of world peace organization going.

Veto Is U. S. Device

Russia, for instance, already is on record against atomic regulations which would permit punishment of violators without reference to the security council, which the veto could be exercised. And a lot of people seem to forget that the veto itself is an American, not a Russian, device.

While Roosevelt did use it as a sop to Stalin, it also was inserted in the charter to protect the one "have" nation of the world against any coalition of "have nots." It was generally believed at the time that the U. S. senate never would approve the charter without it.

May Lay Down Rules

But what the agitation for charter revision all leads up to is the possibility that, in the light of one down some rules to follow, as against the present system of trying to progress through mere political debate.

If an attempt were made, for instance, to really do something about the use of the veto power in cases of aggression, it probably would involve adoption in the general assembly of a definition of aggression, and that would be the biggest step forward ever taken in the search for peace.

Trail of Mormon Trek Covered in 23 Hours by Car

SALT LAKE CITY, July 24 (AP)—Ab Jenkins, who left Nauvoo, Ill., yesterday in a station wagon, drove into Salt Lake City today at 10 a. m. MST, covering the 1,200 miles in 23 hours and 15 minutes.

Jenkins arrived here on the 109th anniversary of the Mormon pioneers' entry into Salt Lake valley, demonstrating today's speedy methods of travel. He covered in less than one day a route that it took the pioneers more than a year to traverse by handcart and ox team.

Jenkins was accompanied by Nauvoo's mayor, Lowell S. Norton, who will ride in the centennial parade here this evening; Wilford C. Woods, a Latter-day Saints (Mormon) church missionary from Woods Cross, Utah; and Oliver R. Smith, a reporter for the Salt Lake City Deseret News.

The party stopped only for gasoline and oil and light meals.

Jenkins said speed laws were observed throughout.

Pair Reverse Usual Custom Of War-Bride

BURLINGTON, Ia., July 24 (AP)—The accepted practice is for a soldier to bring a bride home from the war. But Florence Davis, an official of the Hotel Burlington here, brought back a bridegroom.

It all started when she was serving with the women's army corps in Europe a couple of years ago. She met her man at a party—a tea party, of course. Somebody dropped out a few bars of "Polonaise," Chopin's beloved tribute to Poland.

"Looked Right Back"

Florence looked across the room at Henry Kubicki, who had fought with the Polish army in France. He looked right back with that gleam in his eye—and an international romance was born then and there.

Henry was recuperating from war wounds at the time. He and Florence saw each other every day until her leave was up and she had to return to Germany.

But they wrote each other and the airlines became carriers of love letters. In September of 1945 Florence returned to Burlington and Henry went off to study chemistry at the University of Edinburg.

Visits in U. S.

The correspondence continued and one happy day Henry wrote her that he had been granted a visitor's visa and was coming to the United States—and Burlington, Ia.

His stay was all too short and before the lovers knew it, his visa was up. There were two things they could do, the immigration people said. Either Henry could go back to Europe or get married and stay here.

They got married. Henry thinks he may be the first war bridegroom in the nation.

FAR AHEAD . . . With only 7 per cent of the world's population and 6 per cent of its land area, the United States under the free enterprise system enjoys an overwhelming advantage in not only industrial strength but in the everyday comforts of life. Its railroad mileage, for example, is nearly a third of the world's total whereas with 14 per cent of the land area Russia has only one-sixteenth of the tracks. In every day comforts and luxuries, this country is in a class by itself. There is a telephone in practically every home, on for every four persons, an automobile for every four persons, a radio for every three. No other country enjoys these conveniences to such an extent. In some countries, such as Russia and even Great Britain, telephones for personal use are rare and in Russia there is only one for every 188 persons. In the dissemination of news this country has no equal, nor even near comparison. The 1749 daily newspapers contrast with only 150 in Great Britain where most important publications are national in scope. In all Russia, with its 226 million population, there is record of only 28 daily newspapers. When it came to winning World War II, this country's vast resources and ability to produce made it the outstanding contributor to victory. From June 30, 1941, to V-E day, its war expenditures were \$2431 per capita whereas an Englishman expended \$2351 from March 31, 1940, and a Russian only \$622 from June 1, 1940, until the Axis surrender.

Trail of Mormon Trek Covered in 23 Hours by Car

SALT LAKE CITY, July 24 (AP)—Ab Jenkins, who left Nauvoo, Ill., yesterday in a station wagon, drove into Salt Lake City today at 10 a. m. MST, covering the 1,200 miles in 23 hours and 15 minutes.

Jenkins arrived here on the 109th anniversary of the Mormon pioneers' entry into Salt Lake valley, demonstrating today's speedy methods of travel. He covered in less than one day a route that it took the pioneers more than a year to traverse by handcart and ox team.

Jenkins was accompanied by Nauvoo's mayor, Lowell S. Norton, who will ride in the centennial parade here this evening; Wilford C. Woods, a Latter-day Saints (Mormon) church missionary from Woods Cross, Utah; and Oliver R. Smith, a reporter for the Salt Lake City Deseret News.

The party stopped only for gasoline and oil and light meals.

Jenkins said speed laws were observed throughout.

Murdock Caught In Storm Center Over Labor Law

WASHINGTON, July 24 (AP)—The Tatt-Hartley labor law blew up a fresh storm over capitol hill today with former Democratic Sen. Abe Murdock of Utah caught in the center of it.

The issue before Murdock's one-time colleagues:

Whether to disapprove his appointment to the enlarged national labor relations board because he voted against restrictive labor union legislation while in congress.

Senator Ellender, D. La., told a reporter he is confident Murdock will get a senate okay. Sen. E. D. Thomas, D. Utah, told the senate labor committee "of course he will be confirmed." And Senator Donnell, R. Mo., said he would support Murdock.

But several Republican senators left little doubt that they plan to vote against the former-lawyer who was beaten in the last election after six years in the senate and eight years in the house.

The opposition centered around the very man who beat him—Sen. Arthur V. Watkins, Republican, of Oregon, Utah.

Watkins confronted Murdock at a hectic, five-hour session of the senate labor committee last night and objected strenuously to the appointment.

Mother Searching Dayton for Son Reported Dead on Luzon

DAYTON, O., July 24 (AP)—A white cross above a grave on Luzon bears the name and identification tag of Victor B. Ramsey. But his mother doesn't believe he lies beneath it.

Mrs. Owen D. Ramsey, a farm woman, believes her son is an amnesia victim roaming the streets of Dayton. She spends her time searching the streets her son saved as a defense worker in Dayton before he entered the service.

Fragmentary bits of evidence have turned up to stimulate her belief that her son is a victim of shock and may be living in the area he knew before the war.

Maj.-Gen. Robert S. Beighler, commander of the 37th division in which Ramsey served, told Mrs. Ramsey a year ago she had "every right in the world to wonder. I've never seen such a mixed-up man."

Beighler referred to the conflicting detail surrounding the reports on Ramsey's injuries and subsequent death. One telegram said Ramsey had been wounded and was in Manila. Another said he had been killed instantly on Luzon. A third message said he had been wounded and had died before reaching the hospital.

Each telegram listed her son's army serial number differently, Mrs. Ramsey said.

A soldier who was in the same foxhole with Ramsey told Mrs.

Farm Instructor Wanted For Vets

An instructor is needed for the veterans institutional on-the-farm training class at Jerome, Henry Schodde, area supervisor for this training program under the state department of vocational education, announced Thursday.

Any interested and qualified persons are asked to get in touch with the official, either at Heyburn or through the Twin Falls office of the veterans administration.

Traffic Fines

Payment of a fine and costs on a speeding charge and 13 more overtime parking fines has been made in Twin Falls city traffic court.

Loral F. Gillham, appearing before Municipal Judge J. O. Humphrey, pleaded guilty to a charge of speeding and was assessed a fine of \$16 plus \$3 costs.

Paying over-time parking fines of \$1 at were Gordon Crockett, Mrs. C. Harmon, W. R. Mayes, O. J. Bohne, Ruth Anne Hayes, V. L. Miles, Mrs. J. P. Rymerson, F. B. Hunt, Jack Thomas, Mr. Harold Lackey, M. J. Day, Von Smith, and, P. E. Kail.

LDS Youths of Minidoka Go to Utah Centennial

PAUL, July 24.—About 170 Minidoka LDS stake youths attended the Salt Lake centennial celebration recently in two separate journeys to the Utah capital.

Eligibility for the trip was won by attending 76 per cent of the church group meetings over a stated period of time. About 70 boys attended the festival in one group and the other trip was taken by 100 teen-age girls.

Paul boys attending the trip were Averill Green, Evan Merrill, Clyde and Larry Harper, Ray Miller, Evan Elliott and Dwayne Loveland. Girls taking the trip were Lois and Lila Harper, Doris Elliott, Darlene Mer-

# Pittsburgh Star Who Played Here Last Fall Routs Sophomore Jinx With Golf Swing at Bat

Ralph Kiner has a style all his own.

## Kiner's Pair Of Home Runs Sets Record

PITTSBURGH, July 24 (AP)—Three home runs, two by Ralph Kiner—his 24th and 25th of the season—and one by Hank Greenberg, tonight helped the Pirates sink the Phillies, 6 to 2, before a crowd of 37,852.

Kiner's home run set an all-time Pirates record.

## On the SPORT FRONT

### With YOSS (The Fudge One)

Sitting high up in the stands at Joyce park at the opening game of the Ogdens was a gent that Ye Old Sport Scrivener can pronounce the greatest acquisition that the Yankees have made in the west since Joe DiMaggio totted his big bat into the Stadium.

He is Eddie Leishman, who was making his first visit to Twin Falls since the New Yorkers plucked him away from the managerial end of the national pastime and made him their western farm director. Eddie combines all the attributes needed for a great farm director. He knows baseball players, and he has a personality that sends you away singing his praises. And for that reason his friends are counted in the thousands—friends ever willing to tip him off to the prospects hidden in the vast area over which he has jurisdiction.

Eddie, you know, once managed Twin Falls and he always likes to get back here to circulate among the many friends he gained then and in, turn, like to greet him.

Leishman speaks up in superlatives when talking about Earl Bolyard, the Cowboy manager.

"He's one of the finest of young players in the game—something that is marvelous when you realize that he is little more than a kid himself," said Eddie.

"Look at Jack McCarthy out there on the mound! Doesn't he look like a great prospect? But you ought to have seen him in training camp; he didn't look like he had a chance to the world to make a pitcher."

"I know Earl will go far as a manager for the reason that he not only is a fine developer of players, but he has the knack of working with the club owners, the farm organization and winning friends among the fans."

Leishman said Jack Radtke the greatest player in the Pioneer league. In fact, he said: "Just give Jack a little more arm and he could be playing major league ball."

Eddie can go completely ga-ga on Radtke.

"When Jack's playing days are over, he won't want for a job with the Yankee chain," stated Leishman. "He proved himself a fine business manager during the off season and I know a half a dozen Yankee farm clubs that would like to have him in that role right now."

The Yankee farm director reported that Babe Jensen, last year Cowboy outfielder, is playing great ball at third base for Victoria in the Western International league. He said Jensen is hitting about .320 and already had bettered in more than 100 runs.

But the player which Leishman likes to watch more than any other is the Cowboys' little catcher, Hal Danielson.

"I can always get a kick out of that little body," he commented.

Eddie said that Casey Stengel, manager of the Oakland A's, in the Coast League is high on the little fellow.

"Casey likes to talk about Danielson," revealed Eddie. "He said Danny, who came to the Kansas City Blues, then managed by Stengel, as a 16-year-old youngster two years ago, used to bring his lunch out to the park between afternoon and evening games so that he wouldn't miss a chance to get in on all the practice sessions."

## Negro Star Gets Four Hits as Browns Batter Yankees, 8 to 2

NEW YORK, July 24 (AP)—Eddie Kiner snapped a personal five-game losing streak and halved the New York Yankees in their tracks with a six-hit, 8-2 decision for the Browns with the help of four singles by Willard Brown and a two-run homer by Jeff Heath.

# COWBOYS RALLY TO NIP OGDEN, 6 TO 5

The Ogdens Reds got 10 hits off Jack McCarthy last night but the right-handed looker so good that a couple of major league scouts sitting up in the stands couldn't believe what their eyes told them: That the San Francisco friar was the same lad they didn't believe at the Yankee farm club's Agua Caliente camp would ever make a pitcher.

McCarthy had just about everything—a fast ball that streaked across the plate, a curve ball that was sharp as a razor and fine control—in fact, so much that when the runs were tallied up Manager Earl Bolyard's Cowboys had won the game, the opener in a three-contest series here, 6 to 5.

Except for the first inning when Ogdens scored three of their runs—all resulting from an error by third-sacker Koralaki—McCarthy made off McCarthy were of the handle his variety that did very little damage except in the final game when the Reds got their two earned runs.

Only 6 Cowboy Hits

The Cowboys got only six bingles off Bob Waters, the Ogdener hurler, but they rang with a lot more authority than those made off "Big Mac."

The victory gave the Cowboys undisputed control of second place but they remained two and one-half games behind Boise and Salt Lake City, tied for first place. However, the distance from the leadership may be shortened tonight when Frank Logue or Frank Brown, the two hurlers for the second contest of the series.

Things looked rather black to the 1,350 fans that filled the stands when the Reds got off their three-run lead. Gene Darrt opened with a double and then after two batters went down, Koralaki mused up Spindler's grounder, allowing Darrt to score. Then Bush doubled against the left field line to score Spindler and Weisman's one-base knock sent Bush over the payoff station.

Error Helps Cowboys

The Cowboys got two of the runs back in the third frame when Chuck Balasait and Hal Danielson walked, moved up on McCarthy's infield out and both came home when Murphy scored on Leyrer's bouncer.

The game was tied up in the fifth when Jack Radtke walked, stole second, went to third on Jensen's fly caught when Eggert threw wild to first on White's grounder.

All of the Cowboys earned runs came in the sixth. Danielson singled and so did McCarthy. Leyrer beat out a bouncer to second base for a single, filling the bases. Danielson came home while Eggert was throwing out Radtke and then Jensen came through with a single to right that sent McCarthy and Leyrer over the plate.

With one down in the ninth, Guth beat out a grounder that McCarthy couldn't field in time to toss him at first. Mederos walked and both runners moved up as McCarthy threw out Darrt. Murphy got a handle hit over second that just eluded Radtke's outstretched glove to send Guth and Schlenker, running for the injured Mederos, home. However, Buck grounded to Radtke to end the game.

Five, crowding 100 hits, batting .312, for that month. He has hit 280 since June 1, is now in the Big Walker Cooper, Mike and Willard Kiner is one of the mighty few individuals ballplayers. He holds the bat directly in front of him, straight up and down, swells the ball with a twist of the wrist, adopting a perfect golf swing for baseball. Kiner is anything but a disciple of the deadly level swing that belonged to such as Shoeless Joe Jackson, Lefty O'Doul, the Waners and other remarkable hitters. Yet Kiner riffs the ball into left field stands when he uncorks his wrist.

Murphy got a handle hit over second that just eluded Radtke's outstretched glove to send Guth and Schlenker, running for the injured Mederos, home. However, Buck grounded to Radtke to end the game.

## Bolyard Baseball School Opens For Youngsters in Magic Valley

Cowboy Manager Earl Bolyard's personal baseball school and "tryout-for-the-future" camp, got under way at 1 p. m. today with hundreds of ambitious youngsters between the ages of eight and 17 on hand at Joyce park. The Wrangler pilot's entire squad of Pioneer league players assisted at the camp.

Today, Bolyard had infielders, outfielders, pitchers and catchers working out before such baseball notables as Yankee Western Farm Director Eddie Leishman, the New York's famous scout Joe Devine and Hal Spindler, former major league catcher here with the Ogdens Reds.

Friday only youngsters who have ambitions to become infielders and outfielders will be eligible for the school.

Saturday, the catchers and pitchers will be invited, while Monday Bolyard will work with the infielders and outfielders again and on Tuesday the catchers and pitchers will get their chance to perform a second time.

Wednesday candidates for all positions will show and then the two all-star teams scheduled to perform Thursday night between the Twin Falls-Boise game will be selected. The sessions will begin each afternoon at 1 o'clock.

The name of every "pupil" will be taken and catalogued for future reference.

"We are going to keep track of all the boys showing promise no matter their age with an idea of giving them a chance in organized baseball when they become eligible," said Bolyard.

## Low Drives in Six Runs While Pilots Triumph

BOISE, July 24 (AP)—Boise refused to relinquish its half of the Pioneer league top spot tonight as it administered a 12 to 3 beating to the Russians.

Stellar performance was turned in by Pilot Manager Walt Love who socked a 335-foot homer with three men on base. He also drove in two other runs.

## Old-Timer Team Wants to Play SCI Champions

The South Central league champions, whoever they will be after playoffs beginning next week, have a new challenge awaiting them.

The challenge comes from R. H. "Benny" Benedict, Rupert. He wants to organize a team of old-timers—such players as Bill Williams, Burley; himself; Earl Williams, Jerome; Bud McNelly, Piler, and Henry Schodde and Johnny Drew, Paul—to play the SCI titleholders.

This is the second challenge awaiting the SCI champs. Burley's strong Merchants also have put in a bid for such a game through their coach, Rulon Budge.

SCI league officials are considering both challenges.

## Vets Eligible for Coaching School

POCATELLO, July 24—Veterans eligible under the GI bill may attend the Idaho State college first annual coaching school at Sun Valley and receive tuition, subsistence and credits. The school will be held July 28 to Aug. 1, inclusive.

John Vesser, athletic director at Idaho State, said the Veterans Administration has approved the school.

Idaho state college has also approved the project for which credit will be given in football and basketball.

With action by the two groups, Vesser expects a large number of war veterans to attend the sessions which will be instructed by Coaches Ed Shellen of the University of Wyoming who will handle basketball, Cliff Butler and his staff of the Brooklyn Dodgers professional football club, and others.

## Group Moves For Taxes on Federal Land

SALT LAKE CITY, July 24 (AP)—Some 1,200 county officials from 35 states today are on record as supporting legislation which would make federally-owned land subject to local taxation.

The approval of such a resolution was unanimously at the end of the 11th annual convention of the National Association of County Officials.

### Revenue Needed

Former U. S. Sen. Abe Murdock, Utah, set the convention on the path towards approval of the resolution at the opening session of the conference. He told the delegates that federally-owned land which constitutes a majority of some western states, must provide some means of revenue to the counties within which it lies.

Murdock advocated outright "donations" by the federal government to the counties in proportion to the amount of land which was government owned.

### Salt Lake Is President

George W. Morgan, chairman of the Salt Lake county commission, was elected president of the national association.

Jacksonville, Fla., was selected as the site for next year's meetings. Joseph P. Hammond of Jacksonville was elected first vice-president, and George F. Simmons, Ogden, was named secretary-treasurer. Simmons is also executive director of the organization.

### ALBION BIRTHS

ALBION, July 24—Daughters were born recently to Mr. and Mrs. C. E. Hamlin, Dr. and Mrs. James Kirchner, Mr. and Mrs. Clark Bell and Mr. and Mrs. Ed Sater and sons were born to Mr. and Mrs. Lyle Adams and to Mr. and Mrs. Keith Justen-gon.

## Prefers Military Life

Nan, ex-warrior who isn't particularly interested in converting to civilian life, is shown above with two cronies as she suspiciously eyes a Times-News photographer. Her companions are Major L. A. Johnson, at wheel, who brought Nan from Okinawa, and First Sgt. Daniel R. Rogers, headquarters company, 183 Infantry, Idaho national guard. (Staff photo—engraving)

## Dewey Taking in Cheyenne Rodeo

CHEYENNE, Wyo., July 24 (AP)—Gov. Thomas E. Dewey mixed politics with pleasure today as he took in Cheyenne's Frontier day rodeo celebration.

The governor, accompanied by Mrs. Dewey and their two sons, Thomas, 15, and John, 11, returned to Wyoming for the second time in a week to concentrate on the vaca-

tion phase of his 4,500 mile trip through western states. He did not abandon politics entirely, however.

Dewey will meet again while he is here with U. S. Senator Edward V. Robertson and state GOP Chairman Ewing Kerr of Wyoming.

## This Veteran Has No Rights; Still Prefers U. S. Uniforms

By CHARLEY BUSTER

Meet a veteran who has no privileges under the GI bill of rights, national service life insurance or disability plans, doesn't care about same and still prefers a uniform to civilian togs.

This unusual character, who rated the purple heart medal for wounds received while attacking the enemy on Okinawa, is now an unofficial observer with the Idaho national guard after receiving an honorable discharge from the service. Your reporter was more than a little worried when starting out to get a picture of this unusual character, reasoning that a veteran who was not completely reconverted might be a little tough to handle.

Honorably discharged from the G-9 corps, Nan, a wardog, has retained her love for the military and sticks close to her new commanding officer, Major L. A. Johnson, regular army officer now attached to the Idaho national guard and an instructor. Major Johnson brought Nan back to the U. S. from Okinawa.

Nan goes almost everywhere her boss goes, riding in the major's jeep as though she were still in service. Her bright brown eyes move swiftly back and forth to cover the entire area through which the jeep is about to pass. She seems to be always on the alert, watchful and waiting as if doing sentry duty or patrol duty in a combat area.

During the war Nan was with the seventh, 77th and 71st divisions and saw combat duty during the Pacific campaign from Makin Island to Okinawa.

Nan is a purebred German shepherd dog, registered with the American Kennel club.

Major Johnson obtained Nan on Okinawa after she had broken her left rear leg when pushed back from the top of a Japanese reversion during an attack. A splint for

the broken leg was made of aluminum from a crashed Zero and Major Johnson still has the cast, which was autographed by several general officers, he said.

Johnson attempted to bring Nan and two other dogs back to the states with him and succeeded in getting them to Honolulu where the other two dogs killed was given over by trucks on a crowded military highway.

Nan's dislike for civilian clothes probably is caused by the training she received as a canine soldier during World War II, in which most of her instructors were in uniform and her primary job was to patrol beaches and borders and to act as messenger in combat areas.

The dog can do tricks that would put circus dogs to shame. Not the usual kind of tricks like jumping through a hoop, walking on her hind legs or shaking hands but tricks like disarming a man carrying a knife or gun. Nan has a form of julien all her own that is even more dangerous than the original—when she throws her opponent it is usually for keeps.

As a watchdog, Nan can't be beat because her training has made her cautious and suspicious of any trespasser. When she was released from the G-9 corps she was given a course in reversion intended to convert her back to the peaceful dog she was before she became a soldier, but she learned things in the service that cannot be forgotten in a few days or even a few years.

San Juan, Puerto Rico, was established in 1510.

## Burma Assassin Suspect Shot by "Private Army"

RANGOON, Burma, July 24 (AP)—A man suspected of taking part in the assassination of U Aung San and six other members of the Burma executive council was disclosed today to have been shot to death by members of Aung San's "private army."

Official sources said the suspect was San Yan Naung, 30, a former member of the fifth battalion of the Burma defense army which Aung San commanded against the Japanese. He also had been an officer in the Galon army commanded by former Premier U Saw, who was arrested soon after the assassinations, officials said.

Arrests of leaders of the opposition Myochi party, which U Saw led, continued. Upward of 200 were reported in custody. Among the latest jailed was Ba Yinon, described as U Saw's right hand man. He was with U Saw at the time the British arrested him in the war on charges of collaborating with the Japanese.

### OFFICE MOVED

HAILEY, July 24 (AP)—R. H. McCoy has moved to his new location at the corner of Main and Bullion streets where he will conduct his abstracting and real estate office.
