Magic Valley Firemen Will Convene Here

(From Page One) Nitelch's Twin Falls, as townmaster. Principal address was by Mayor H. O. Sawyer of Twin Falls, followed by presentation of motion pictures illustrating techniques by Chief Treadwell.

While delegates are attending the morning sessions, their wives will be entertained by showing of sound motion pictures by O. A. Kelter at the Klover Klub.

Besting hosts to this convention, members of the Twin Falls city fire department are engaged in routine drilling and training program conducted by Chief Treadwell, who came here at the request of Commissioner Nitelch through the safety commissioner of Ft. Collins.

This drilling and training program is set up under standards of the international firemen's training course of the National Fire Protection association and consists of elementary, advanced and related techniques of the "modern" firework, which will last for a week through Friday, deals with such phases of firefighting as hose and ladder work, life rescue, fire chemistry, hydraulic and fire department administration. Tests will be given during and at close of the training course. Certificates and grades will be sent to the 11 members of the department on the basis of their performance.

Chief Treadwell, who has established a nation-wide reputation for excellence of the Fort Collins department, will also provide city commissioners with a basic analysis and suggestions and recommendations upon a local fire prevention program.

The Fort Collins fire department, being the winning 16 consecutive first places nationally for its fire prevention program, has received numerous commendations from the state of Colorado, as well as in the nation.

Merchants Given Checks Warning

Police Chief Howard W. Gillette Saturday reminded merchants of Twin Falls that at this season of the year they should be particularly cautious about accepting checks from unidentified persons.

"There are many drafters and transients passing through the country now. In some cases, these men will work only for a day or so to get a pay check and will then make copies of it which they will attempt to pass. In this season, operators of business establishments should be certain of the identification and reputation of persons giving them checks before cashing them," Chief Gillette said.

Harry Barry Ains Mad as Nobody A friend of ours was in two weeks ago and had us build one of the three room houses in the yard to be moved on his farm for a gentleman house. He came in several times to see the progress on the house, and he remarked: "I've been told that you just build cracker boxes, but this is a well constructed house. You addition are built with 2x6 ceiling joists, and 2x6 rafters on 16 inch centers, as you have built this one. This is as well built house for its size that I have ever seen."

And that reminds me that we got to several cars of dimension and boards that we can sell while it lasts for \$35.00 per thousand. TUCKER'S NATIONAL WHIRLIGIG POT SHOTS. STRAINED - Foreign Minister Bevin's clamorous denials that the \$120,000,000 loan of gold to foreign nations reveals strikingly how strained relations have become between England's government and the Truman administration.

POT SHOTS. NEW YORK - Sen. Sheridan Downey, Calif., a ham 'n' eggs new dealer, recently learned that California and Hollywood in particular, had developed an underworld. He was apprehensive of a grant war and called upon the governor, Earl Warren, a Republican, to do his duty.

HOW THINGS APPEAR FROM PEGLER'S ANGLE. LUCIANO, the deported dealer in prostitutes and narcotics, and with the Sicilians of Chicago, who are relatives of the Capone's, was associated with typical Capone business interests.

did indicate a certain 'prejudice' against it. It will be observed that the 'facts of the case' never were tried and that this 'experience of the press' seems to be a 'prejudice' against the 'fact of American citizenship' was by no means common to decent young American males, however poor.

PATRIOTS ALL THE TIME. On Sept. 16, 1940, the first national guard units were called into service for the emergency which resulted in World War II.

The campaign's object is to stimulate the rebuilding of the national guard to a strength needed to protect the nation which 17 divisions of guardians helped to win.

There had been 100,000 enlistments by July 1 of this year. The goal of this two-month drive is 85,888, which figures out about one new guardsman a minute during the period.

Violated - But Mr. Snyder quickly found out that London had violated the first provision on its own initiative and without consulting us. It had spent \$62,000 by June 30 on the withdrawal of shipping.

Even if universal training should be established, the bulk of a national guard could not be removed. Nor, we believe, would many of its members wish to see it discontinued.

LET'S GET THAT \$8,000! The drive to raise this year's annual budget for the Twin Falls Chamber of Commerce was scheduled to have been completed yesterday, but the total receipts were short approximately \$8,000 short of the \$20,200 goal.

Views of Others. HELP FOR ALCOHOLICS. For centuries the alcoholic has been a victim of erroneous diagnosis and treatment. Nearly everyone has assumed that alcohol was the cause of his trouble, just always understood, nevertheless, it has happened in bond selling campaigns, Community Chest drives and similar efforts for the Red Cross and other service organizations.

LET'S ABOLISH BIRTHDAYS. Although Mr. George Bernard Shaw is not regarded as the mildest of celebrities, it must be said that he was not unkindly when he said that the annual horror of having his birthday rained out is a condition which for the eminent began no later than 60 and which he would like to see abolished.

THE BEST PICTURE OF HEALTH IS NOT THE HAND-PAINTED VARIETY. Salt keeps grease from smoking—and as for Junior, try peppering the seat of his pants.

CHANGES - The British asked for two major changes in the \$3,750,000,000 loan agreement which the British government had secured from the southwestern office which he occupies in the treasury building. They were:

EXHAUSTION - Secretary Snyder was also disturbed by the Attlee-Bevin government's rapid exhaustion of the loan funds. Whereas it had been expected to last three or four years, it now is estimated to last only a few months, long before any funds voted by congress under the Marshall plan will be available.

WESTERN PATER. They enjoy the pleasing attention of a whole corps of journalists of a peculiar sort, few of whom ever had other-room training or any education beyond the primary grade. These propagandists, subject to no verification, discipline or any other standards of news journalism, have the power to confer public recognition, even distinction on individuals who merit their favor for any personal reasons.

THEY HAVE THE POWER to intimidate, condemn, silence and bench actors, writers, singers and others, for personal or political reasons. They may make the names of individuals and create fantastic artificial reputations and arouse sympathy.

THIS HAS BEEN done notoriously in the case of Frank Sinatra, who languished his own reputation last winter. Of all the "celebrated" Broadway and Hollywood radio reporters and columnists, not one ever reported that he was once arrested charged with a sexual offense.

SINATRA has been thrust upon the public as a crusader for clean thought and living and clean living among American youth, particularly innocent but excitable young girls. This was a quick and directed change from his old propaganda by which some alarmingly large element of adolescents had been directed into scenes of emotional public behavior.

SINATRA somehow, had secured a power. He had a spell. There was nothing quite like this in the history of mass hysteria. The hobby-soxers were staying up far into the night on the dark streets of New York. There were episodes here and there over the country.

IT THEN BECAME advisable to indicate that Sinatra was, naturally, a wholesome, domestic fellow, a variation of "The Miracle of the Bells." Therefore, in a manner of speaking, it was imperative that he be denounced after his notorious delusion last winter with Lucky

Sinatra was in the room house stage of his career and Morrell, or Moore, was his friend of some years. The complaining witness developed a husband in about one month, so the charge was reduced to adultery which, naturally, was beneath the notice of a worldly Bergen county grand jury.

THE HANGOUTS of such people have long been the unofficial political headquarters of the bosses and aristocrats of the new ruling class. It was at Toole's Shrimp restaurant, in New York, frequented by Longie Zwillman and similar trade, that Bob Hannegan, the postmaster gen-

ral, then chairman of the Democratic national committee, who also makes the place his spiritual home in town; invited Sinatra to visit President Roosevelt in the White House.

THIS WAS toward election time in 1944. Sinatra was in the OPA at the moment over red points for steaks, but Hannegan invited him, and Sinatra said that was his duty received.

PRIOR TO this time, Sinatra had been classified I-1 by his draft board but had not been called. E. J. Kahn, Jr., a very friendly biographer, reports that after the visit with Roosevelt, Sinatra gave \$7,000 to the Democratic campaign fund for the Roosevelt ticket. A few months later, in March, 1945, he was permanently deferred on final orders from Washington.

The fields all day and was sorry to bother him so late at night.

Convinced that the man was innocent, Sweet rode with him to the back door of the furniture store, went in and turned on the lights. When he turned and faced the man, he was covered with a revolver described as of 38 caliber with a five or six-inch barrel.

"This is a holdup," the bandit told Sweet. "Turn out those lights!"

After turning out the lights, Sweet was told by the bandit to open the safe.

Sweet told the man it was impossible to work the combination with the lights out and without his glasses.

Sweet told Chief Gillette that he argued and reasoned with the man for several minutes and finally told him, "You have me covered. Go ahead and shoot me, but then you'll face a murder rap."

"I'm getting damned nervous. I can't go through with it. Open the door!"

After Sweet opened the door, the bandit entered his car, cut the back lights and drove off. Sweet and the other officers followed in the automobile, he was able to describe it only as a sedan, light green or grey in color, a 1940 or 41 model and of medium size.

Another link in the man's activities during the evening was provided by Mrs. D. O. Parrott, 1124 Ninth avenue east, who reported that she came to the Parrott home to inquire as to location of the Sweet residence. Mrs. Parrott's description corresponded closely to those of other persons who saw him.

After he had come to the Sweet home and as he and Sweet were leaving, Mrs. Sweet became suspicious of his actions and told her husband to be on the alert, as she sensed that something was amiss.

White Burkholder and Sweet were reporting to Chief Gillette and city, county and state officers were checking light green or grey sedans.

Bessie Laurence, desk clerk at the Park hotel, reported at 11:27 p. m. that the bandit had held her up and had taken the money in the cash register there.

Mrs. Laurence reported he had walked slowly to the desk from the front door and inquired about a room. When told there was a vacancy, he pulled a long, small caliber revolver and said, "I want all the money you have in the cash register."

She took the money from the register and hid it on the desk and the bandit told her he didn't want to bother with the change and scooped up the bills. Before he left the desk he told her, "I'm sorry to have to take it," and walked toward the front door.

As he reached the door, he turned and told Mrs. Laurence, "You can

Divorce Actions Filed by Quartet On 'Cruel' Count

Four divorce actions in which two husbands and two wives charged their mates with extreme cruelty were filed Saturday in district court.

Norman W. Stewart, represented by Rayburn and Rayborn, filed suit against Evelyn G. Stewart, whom he married Dec. 26, 1946, in Elka, Nev. In his complaint he said the couple had no children or community property.

James L. Munsellwhite, who married Hoke Munsellwhite in Gainesville, Ok., on May 27, 1947, listed no children or community property in his complaint filed by Attorney J. W. Taylor.

Louis Easley asked the court to award her a divorce and \$75 a month permanent alimony in the divorce decree granted her by Judge Porter against Don Haneey. She also asked \$150 for attorney fees.

John F. Conard, whose wife was asked by Winifred Conard in an action filed against Martin Conard, asked for \$150 in attorney fees.

No community property was listed by Mrs. Conard. The two children, a son and a daughter, were cared by Mrs. Conard. Asked in her complaint, are now in her care, the daughter and the son of four and daughter are in Conard's care.

use the telephone now." He walked out the door and disappeared into the darkness and, although officers covered on the hotel within a few minutes, no trace of the robber could be found.

Business establishments remaining open Friday night were warned by officers to put as much of their money in safe keeping as possible and only a few minutes after such a warning was given, Eugene Hollar, desk clerk at the Regent hotel, looked up from his work to find a man standing at the desk with a gun pointed at him.

"That was at 1:10 a. m. Saturday. Before the gunman could say anything, Hollar said, "Buddy, you can have everything I've got."

"Give me the bills," ordered the holdup man.

Hollar handed him the bills in the cash drawer and a roll of silver dollars and the man disappeared out the side door of the hotel.

Again officers converged on the holdup scene, writing up and down alleys near the hotel and checking all cars in the vicinity but the bandit had made another get-away.

After a check was made at the two hotels it was reported \$274.75 was taken at the Park and \$164 at the Regent.

Chief Gillette commended Mrs. Laurence for remaining calm and getting the complete description of the holdup man which Sweet and Hollar substantiated.

Caution Urge Given GOP's Tax Cut Aims

WASHINGTON, Sept. 13 (AP)—Opposing the uncertainty of America's future foreign spending, Representative Doughton, D. N. C., said today a "no slow and be carried" plan ahead of Republican plans to launch a new drive bent on slaughtering individual income taxes by \$4,000,000,000 or more.

This stand by the veteran lawmaker, who managed the tax legislation when Democrats controlled congress, forebode a tax battle when congress returns.

Doughton supported the last Republican effort to reduce taxes, by \$4,000,000,000 in 1947, but he indicated today that he feels the world situation has presented new considerations that must be taken into account.

President Truman, who twice used his veto power earlier in the year to kill the Republican tax reducing efforts, recently estimated that the treasury surplus in the fiscal year ending next June 30 will be almost \$5,000,000,000. But he said this surplus would be paid out by the public debt and as a standby fund ready for any emergency at home or abroad.

Differring with the President, Chairman Knutson, R. Minn., of the tax framing ways and means committee, announced last Sunday he would recon the tax-cutting drive in January.

Trio of Divorce Decrees Granted After Defaulting

Three divorce decrees were granted Friday by District Judge James W. Porter after the defendant in each case had defaulted.

Lulu Louise Johnson was awarded divorce from Jess L. Johnson and custody of two children was divided equally between the two, with the condition that if the equal custody of the children interfered with their education Mrs. Johnson would keep them during the school year and Johnson during vacation. Legal representative for Mrs. Johnson was J. C. Shores.

The decree also stipulated that Johnson was to pay Mrs. Johnson \$10 a month while the children were in her care and \$20 when they were not. Settlement of property was made out toward Mrs. Johnson.

Thelma Widener was awarded the custody of an only child in the divorce decree granted her by Judge Porter from Sidney Widener. No support payment was stipulated in the decree. She was represented by Earl E. Walker.

Lawrence H. Mayo, represented by Rayburn and Rayborn, was awarded a divorce from Thelma O. Mayo.

More Raises Predicted on Food Prices

(From Page One)
Consumers and distributors of farm products.

It said that "while non-farm incomes has slightly more than doubled from 1940 to 1946, realized net farm income has increased from 4.7 billion dollars to 12.1 billion during the same period" or more than trebled.

Another section reported that processors, market-chain stores and other food distributors and processors had greatly increased sales volume and slightly increased the profit on each dollar of larger sales.

But the study declared that complete elimination of these distribution processor profits "would not appreciably affect the total price of food to the consumer."

Farmers were said to be getting about 65 cents of every consumed food dollar at present compared with a share of 40 cents prior to 1940. But the nation's farmers were given a pat on the back for greatly increasing food production during and since the war despite 10 or 15 percent fewer farm workers and only a slight average increase.

OPA and its system of wartime price ceilings were said to have accomplished much in checking a price spiral during and after the war. The reported noted, however, that government subsidies and black market prices under OPA had accentuated price distortions since.

Government price-support programs also were credited with encouraging expanded farm production through an increased food supply.

Building Permit Applications Hit \$27,350 in Week

Applications for building permits during the past week totaled \$27,350 in estimated costs with eight applications for new construction amounting to \$23,500 and 10 applications for alterations/remodeling and moving totaling \$3,850.

Included in the week's totals were three applications filed Saturday at the office of the city clerk.

Mrs. Oliver W. Johnson, 611 Fourth avenue west, plans to remodel a 14 by 26-foot frame house and repair a porch. Cost was estimated at \$100.

Richard E. Jilin, Jr., requested permission to build a 23 by 35-foot frame dwelling on lot 4, Johnson subdivision, for an estimated \$1,000.

Laura Fisher, 300 Blue Lakes boulevard south, plans to place a 13 by 24-foot frame house and a 10 by 30-foot frame garage on concrete foundations and add a partition in the house to provide a fruit room. Estimated cost is \$200.

Burial was in the Twin Falls cemetery.

Man Dies in Car At Jerome Fair

JEROME, Sept. 13—Fred William Peterson, sr., 67, died of a heart attack at 11 a. m. today while seated in his car at the Northside fairgrounds.

A group of men nearby heard Mr. Peterson honk the horn of his car, apparently in an effort to summon aid, but when they reached him in the car, he was dead.

Born in Chicago, Ill., he came to this section in 1907, and had operated a farm in the Canyonville country south of Jerome, for a number of years.

Surviving besides his widow, are seven children and one grandchild. The children are Mrs. Ralph Beerna, Wendell, Fred William Peterson, jr., Doris and Merriam Peterson, Theodore, Edward and Walter Peterson, all of Jerome.

The body is at the Wiley funeral home pending funeral arrangements.

Junior-Senior PTA The first general meeting of the Junior-Senior high school Parent-Teacher association this year is slated for 8 p. m. Monday in the high school auditorium.

Featured will be the introduction of high school and junior high school officials and instructors and officers and chairman of the association.

An all-alumni musical program has been arranged by Mrs. M. E. Showalter, program chairman, and refreshments to be served in the gymnasium are in charge of Mrs. Ray Drunken.

Canchayua Camp Fire The regular meeting of the Canchayua Camp Fire group was held Saturday. The assistant guardian, Barbara Johnson, entertained the girls. It was decided that in future all meetings will be held on Saturday. Elaine Fianik was elected chairman of the program committee. Her assistants will be Sharon McBeth and Colen Peters.

June Cook, president, conducted the meeting. The white elephant gift was donated by Shirley Davis and received by Sharon Watkins. The next meeting will be at the home of Shirley Davis.

PAUL, Sept. 13—The Eastern Star resumed its regular meetings Wednesday after summer recess. Worthy Matron Mrs. Amy Clark presided. At the close of the evening refreshments were served by the hostesses Mrs. Marion Pittinger, Mrs. Helen DeLong, Mrs. Ada DeLong and Mrs. Lenora Robinson.

DAVEY STEVENSON FURNISHES BY ALICIA FURNISHES NEA Staff Writer No time to measure your back—sit at home or at office—easy to exercise if food doesn't help. Exercises for stretching and toning muscles. Here's how bedmaking, ironing, station, can be turned into an exercise for slimming. A "colorful" stand in one position at the center of the bedside. Don't move your feet but twist your torso and stretch your arms as far as possible to tuck in abs and smooth curves. The routine of dusting Venetian blinds and high shelves offers good possibilities for stretching neck and diaphragm. When you climb stairs, stand erect and make leg muscles push you upwards to give them a needed work-out. Here's one streamlining exercise an office worker can do without bugging her chair. Put a pencil on the floor about 15 inches from the side of the chair. Hold shoulders and back straight, bend the body sideways at the waist as you reach down to pick up pencil. Pull your body erect and reach again, after transferring pencil to the other side. Instead of stooping to pull files out of a drawer, practice a deep knee bend with back held straight. These knee bends help slim down legs and hips.

6 Pin Loops Will Tip Season Lid This Week

What Doner Berlich, new secretary of the Twin Falls Bowling association, says will be the greatest bowling season in history, will get under way at 7:15 Monday night when eight teams in the Merchants league send their materials against the maps at the Bowling... Other leagues and the time of starting, as announced by Berlich, are:

John Jennings Seeks Fourth 1st-Round K.O.

John Jennings, the 185-pounder who recently moved to Twin Falls from Weiler to join Bill Moran's stable of boxers, will seek his fourth straight one-round knockout when he battles Red Huff, Ogden heavyweight, in the six-round semi-wrap-up of the Veterans of Foreign Wars ring program Wednesday night at the high school gymnasium.

COWBOYS NIP BEES, 6-5; WIN PIONEER TITLE

"Red" Jessen Bats in, Scores All Waddie Runs With Two 3-Baggers

By MAJOR HOOPLE The Little Man Who Wants' Fourth and fifth games of the Pioneer League series will be played at Jaycee park in Twin Falls starting next Thursday. That became assured tonight when Manager Earl Bolyard's Cowboys defeated the Bees for the second time in three games and thus won the second-half championship of the Pioneer League.

The Big One Table with columns for AB, R, H, O, A. Lists stats for Twin Falls and Idaho Falls.

Russets Erase Reds in Race With Twin Win

COODEN, Utah, Sept. 13 (AP)—The Idaho Falls Russets sent all hopes of the Ogden Reds for a second half pennant glimmering tonight when they exploded with four runs in the top of the eighth inning to win the first game of a doubleheader, 6 to 3. The Reds then lost the second, 8-2.

Brooks Increase Lead, Cardinals Bow, 8-7

Brooklyn moved another step nearer the National league pennant by defeating the Cardinals 8-7 in a free-hitting ball game. Opening up a 6 1/2 game gap over the ever-tiring Cardinals with only 13 to go, the Dodgers may well have capped the championship with the victory that combined sharp pitching and fielding in the early innings with incredible looseness in the late going.

Heyburn Wins

HEYBURN, Sept. 13—Coach Ted Hanker Heyburn's Panthers defeated Coach Johnson's Dietrich team in a six-man game here yesterday afternoon, 23-6.

Hits—off Liberton, 5 in 10; off White, 1 in 7; off Logan 3 in 2; Dempsey 7 in 2; Savarese 3 in 2; Lister 1 in 2. Runs responsible for—Liberton 2, Logan 2, Dempsey 2, Savarese 2, struck out by Liberton 7, Logan 1, Dempsey 4, Barciocco on hit off Liberton 4, Dempsey 3. Hit with pitched balls—Radtke by Lister; Brocker by Liberton wild pitch—Dempsey. Passed ball—Brocker, Danielson. Time 2:14.

Hank Behrman replaced Gregg. The fast baller right hander got Joe Garagola on a third called strike but Red Schoendienst, who has been out a week with a dislocated shoulder, pummeled a pinch hit single to center, scoring Slaght and Moore. With the tying and winning runs on to base, Behrman made Duak sky to Walker.

The Cowboys got two runs in the first frame, Liberton scoring at first when shortstop Dalton fumbled his grounder and second on a wild pitch. Leyerer flied out but Jessen hit the first pitch for a triple to deep right center, Liberton scoring. Balaas grounded out but White potted a one-baser into right center to count Jessen. Radtke ended the frame by being down, retiring.

order in their half of the eighth. Logan tossed out Rymar and Robb, while Koralek took care of Collins. After Balaas had singled and died on base in the ninth, the Bees threatened again. Dalton fanned, but Brocker got his second two-bagger to left. Gust, batting for Lister, singled to left. Brocker holding third, Jacinto got a one-bagger to left, scoring Brocker, but Gust stopped

Steel to Roll; Rail Workers Stop Walkout

PITTSBURGH, Sept. 13 (AP)—About 1,000 operating employees of the Union railroad, on strike the past eight days in a demand for a 10 cent hourly wage raise and other benefits, agreed to return to their jobs today.

The return also would end the idleness of 17,500 steelworkers, employees at four Pittsburgh district plants of the Carnegie-Illinois Steel corporation, served by the inter-plant railroad.

A joint statement issued last night by railroad officials and negotiators of the Brotherhood of Locomotive Engineers and Railway Trainmen said the workers were to receive an immediate 15 cent-an-hour pay raise plus another 10 cent increase which might be agreed upon in "national wage determinations."

The strike, unauthorized by the national brotherhood, began Sept. 5. With their inter-plant carrier lines out of operation, Carnegie-Illinois mills halted basic steel production also immediately at nearby Homestead, Braddock, Duquesne and Clairton and heavy operations were curtailed at the Irwin works.

Idaho Vets Owe Half Million Pay

BOISE, Sept. 13 (UP)—The Idaho veterans administration said today that 3,500 Idaho veterans still owe the government \$350,000 in back subsistence overpayments.

George McFall, finance officer for the Boise VA office, said that veterans may face loss of future educational benefits if they do not make arrearments immediately to liquidate the debt.

NBC Will Ban Early Evening Crime Airings

ATLANTIC CITY, N. J., Sept. 13 (AP)—The National Broadcasting company and its affiliates agreed today to ban, beginning Jan. 1, 1948, all crime, mystery or suspense programs before 9:30 p. m. (New York time).

The decision by the NBC and 100 of its affiliates attending the N.B.C.'s first annual convention was taken "in order to further reduce the exposure of juvenile and adolescent minds to crime suggestions."

The "approved" recommendation included "dramatization of crimes, mystery and detective, while recognized, and justly popular form of entertainment and literature, results particularly mature and discriminating judgment in radio presentation."

"While mystery and crime stories are as old as literature itself, the vivid, living portrayal of such drama on the air has an impact on the juvenile, adolescent or impressionable mentality that cannot be underestimated."

Pershing Observes His 87th Birthday

WASHINGTON, Sept. 13 (AP)—General of the Armies John J. Pershing observed his 87th birthday quietly today at the army's Walter Reed general hospital where he has been living for several years.

The commander of American expeditionary forces in the first World War, who was known to his doughboys as "Black Jack," engaged in no special activities in connection with the observance.

Big-Gen. George C. Beach, commanding general of the army medical center and Walter Reed, said the general's condition "is all right and he is spending a quiet morning."

State Rates High In Dairy Export, Specialist Avows

BOISE, Sept. 13 (AP)—Idaho's dairy industry is "built on the foundation of exports and as an exporting state ranks as one of the highest in the nation," O. C. Anderson, extension dairy specialist of the University of Idaho, said today.

"From the standpoint of our production in comparison with other states, and taking into consideration the small home consumption of dairy products because of a small population, Idaho is probably tops for dairy exporting," he declared.

Nationally, the state ranks 11th in total production of cheese, 13th in butter and 15th in evaporated milk production.

Dairy manufacturing plants in Idaho made 2,500,000 pounds of butter and 2,100,000 pounds of American cheese in July, according to figures released today by the bureau of agricultural economics. But ter production was 10 per cent less than the June output and the July cheese production was down 11 per cent as compared with the previous month.

Boost for Rail Rate 'Needed,' Official Avers

WASHINGTON, Sept. 13 (AP)—Robert E. Woodruff, director of the Erie railroad, said today that the nation's railroads need an increase in freight rates to guarantee them "a fair living wage."

He testified at an interstate commerce commission hearing on the industry plan for an immediate 10 per cent increase in freight rates, 2.75 per cent on their investment and under present freight rates will earn an estimated 2.68 per cent this year.

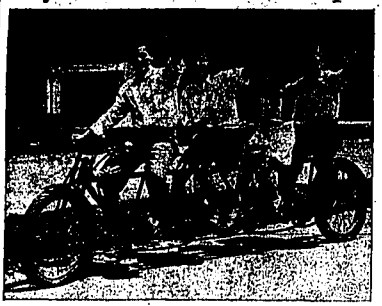

Special Session
The commission, holding a special Saturday session in order to speed the hearing, also heard from R. J. Egan, Washington, D. C., vice president in charge of traffic for the Atlantic Coast Line railroad, and L. L. Knight, of the Seaboard Air Line railroad.

Doing, supporting the carriers' request for the rate boost, estimated that under present freight tariffs the coal line will operate at a loss during the last six months of 1947 of more than \$37,000.

Aak 27 Per cent Hike
The increase which will average about 27 per cent for the nation. They urge that 10 per cent of that boost be made effective immediately prior to extended testimony on the 10 per cent hike.

Woodruff said the increased rates are necessary to pay increased expenses for necessary improvements and to make possible payment of "reasonable dividends and restore credit in order to attract investment capital."

FBI Director Fears Gain of Youth Crimes

WASHINGTON, Sept. 13 (AP)—FBI Director J. Edgar Hoover today expressed fear that juvenile delinquency, which dropped off after the war, may again be on the increase. Although a study for the first six months of this year showed that fewer boys and girls were arrested than in a similar 1946 period, an upward trend was noted during April, May and June.

Predicts Increase
"If this trend continues throughout the year," Hoover said, "1947 will show a noticeable increase in the arrest of juvenile offenders."

Hoover said the same study, based on 371,228 fingerprint records, revealed that the number of arrests of both juveniles and adults—during the first half of the year was 29 per cent higher than in the corresponding 1946 period. He said arrests of males was up 30 per cent, and of females, 16.7 per cent.

Early 20's Danger Age
Those in their early 20's got into trouble most frequently, according to the survey.

Compared with the pre-war year 1941, Hoover said, the arrests of both boys and girls under 21 increased 17 per cent, while the arrests of youths under 18 were up 5.9 per cent.

Community Choir To Start Monday

Rehearsals of the community choir will resume for this season at 8 p. m. Monday at the First Christian church, according to President Charles E. Allen.

The choir will try to give the presentation of "Elijah" during this season. Last year, an outbreak of flu and conflicts with other musical events forced cancellation of the event.

All interested persons are urged to report for the first rehearsal. Allen said cooperation of churches is requested in encouraging members of church choirs to turn out for the community choir.

Director of the community choir has not been selected for this season.

Sleepy Gent, 74, Throws Chicago Loop Into Mess

CHICAGO, Sept. 13 (AP)—This bed-time story turned Chicago's loop into a mess of clanging fire engines and rerouted trolley cars.

Passengers thought he was in a coma and screamed to the motorist that a man was dying.

"You're a sick man," the captain said, "here's an inhalator for you." "Nonsense," replied the man, "I'm just sleepy."

"You should go to a hospital," said a street car line official. "I'm not sick, just sleepy," the old man protested.

Anyone wishing to pick potatoes reported: "Nothing wrong, he's just sleepy."

Minidoka Opens Potato Harvest

RUPERT, Sept. 13—The early potato harvest began last week, and, according to County Attorney Warren Deibel, a bumper crop is being produced here this year.

Chief difficulty at present is the shortage of potato pickers. Farmers are anxious to get the potatoes out before starting to harvest sugar beets.

Anyone wishing to pick potatoes is asked to apply to the county agent's office at the courthouse.

Never Again
HOUSTON, Tex., Sept. 13 (AP)—A 58-year-old Houston man filed a petition to divorce his wife for the fifth time.

He met her through a matrimonial agency in 1943. Since then they have been married five times and divorced four times.

The last marriage lasted from last Sept. 2 to Sept. 8.

Never again," the man's lawyer quoted his client as saying.

Brothers 'Home' After U.S. Tour In 1914 'Flivver'

SALLEN, Neb., Sept. 13 (AP)—The summer tourist season was over today for Salen's "Touring Emmett" brothers, home again after a 23,000-mile flivver trip during which they visited all 48 states.

John, Virgil and Thorval Emmett started out last Jan. 23 in their 1914 model Ford they called the "Flivver". Thorval dropped out after being injured in an accident near Merced, Cal., in March when the car left the road during a storm and struck a tree branch.

Highlights of Hospital Talk Outlined Here

High points of timely discussions on administrative and medical problems facing hospitals were provided by E. H. Furr, E. J. Moody upon his return from the first joint session of the Idaho and Utah hospital associations conducted at Boise Monday and Tuesday.

Two days of talks at the session were held in the Chamber of Commerce building in the Overhills hotel, was J. H. Genger, president of the Utah hospital association, who discussed "Intangibles of hospital administration."

"Intangibles" is defined as the intangible factors that are essential to the success of a hospital.

"A discussion of wages as they relate to the administration of hospitals was offered by Dr. A. B. Pappenhagen, Orofino, president of the Idaho Medical society.

Talks on "Intangibles" which were presented by Dr. A. B. Pappenhagen, Orofino, president of the Idaho Medical society, director of Idaho public health, presented a proposed training program which would include the training of nurses to prepare them for their work to license them for their work under the new state legislation.

Other speakers included W. C. Simons, secretary of the council on associated relations, American Hospital Association, Chicago; S. Lee Adams, superintendent, St. Alphonsus hospital, Boise, and Richard Jones, national director, Blue Cross commission, who spoke upon "Blue Cross Hospital Program from the National Viewpoint."

Officers elected were Sister Dorothy, president; Nelson Anderson, business manager; Samaritan hospital, Nampa, vice-president; and Mrs. Ross, secretary-treasurer.

Other speakers included W. C. Simons, secretary of the council on associated relations, American Hospital Association, Chicago; S. Lee Adams, superintendent, St. Alphonsus hospital, Boise, and Richard Jones, national director, Blue Cross commission, who spoke upon "Blue Cross Hospital Program from the National Viewpoint."

Man-Made Rainfall Produced, But Found Not Practical—Yet

BY HOWARD W. BLAKESLEE AP Science Editor

NEW YORK—The first man-made rain was produced in Australia recently—four rains out of eight tries—but apparently science has a long way to go before rain can be made when and where it is needed. The Australians also made rain in two tries that did not reach the ground. Radar showed showers produced in clouds on those occasions.

(American scientists, bombarding a cloud with dry ice over Roosevelt dam, Ariz., also caused rain to fall since. The fall was not measured, but lasted for 25 minutes.) The Australians seeded clouds with bits of dry ice the size of peas, in the same manner that snow was produced by dropping dry ice crystals over a cloud last November, at Mt. Greylock, Mass. That snow, barely enough to reach the ground, was made by Dr. Vincent J. Schaeffer of the General Electric company.

Schaeffer got snow because the weather was right for snow. The Australians got rain because their conditions were good for rain. They probably produced snow in the clouds, but it turned into rain before reaching the ground. One of their rains lasted all afternoon over an area of 20 square miles. The others were about enough to wet the ground. But all the Australian rains were made when clouds and weather were favorable for precipitation. The scientists did not make the clouds. To date there is no evidence as to whether rain or snow can be made when the weather is unfavorable. There are clouds often during droughts. From what has happened thus far there is no good reason to believe that the dry ice crystals would give rain from dry weather clouds. However this experiment has not been made and until it is men will hope to discover circumstances in which dry ice will break a dry season. The American pioneering exper-

BURLEY, Sept. 13—Annual fall meeting of the board of district advisers of the Twin Falls grazing district, bureau of land management, will be held in the land management office here at 10 a. m. Sept. 19, according to James F. Keith, district grazer. Purpose of the meeting is to make recommendations in connection with grading applications and formulae plans for range improvement work on federal range during fall and winter months. Keith said it is expected the meeting will last for two days. Other matters which are incident to improvement and management of federal rangeland within the Twin Falls grazing district also will be considered. Members of the board of district advisers are Dan J. Cavanagh, chairman, Twin Falls; Wesley B. Ward, Elba; Vern Kamet, American Falls, and Jesse H. Dredge, Malad, for the sheep industry. Representatives of cattlemen are A. D. Pierce, vice-chairman, Malad; Russell C. Larsen, Kimberly; Milton T. Jones, Malad, and Max D. Cohn, Arimo. Other board members are Reed E. Larkin, free-use representative, Snowville, Utah, and George Z. Smith, wildlife representative, Burley.

Delo P. Newman, regional grazer, bureau of land management, may come here from Portland, Ore., to attend the meeting, Keith said.

Ideas of 'Keeping Up With Jones,' Flayed by Doctor

DETROIT, Sept. 13 (AP)—The secretary for "keeping up with the Joneses" puts a strain on married life for the middle-class, educated wife and mother, a Massachusetts psychologist said today. Blaming "middle class society" for the situation rather than the educated mothers themselves, Dr. Frederick Wyatt, McLean hospital, Weverly, Mass., told a reporter at the 85th meeting of the American Psychological association: "Middle class life lays great stress on keeping up appearances, 'keeping up with the Joneses,' as it were. Thus many middle-class women in women's club affairs while at the same time being faced with the necessity of being good housekeepers and good mothers. The effect is a feeling of con-

VA Reforms In Hospitals Gain Results

NEW YORK, Sept. 13 (AP)—The American College of Surgeons was told today that the finest type of medical care now is starting for O.V.'s under the reorganized program of the veterans administration.

The report was made by Dr. Charles E. Pustow, clinical professor of surgery, University of Illinois college of medicine. He credited the reforms to Gen Omar Bradley and Dr. Paul R. Hawley and Paul B. Magnuson.

That at the VA hospital, Hines, Ill., one of the first to be reorganized, three times more operations are being performed in a year than formerly, he said further.

Where veterans had to wait weeks or months and occasionally a year for necessary surgery, they now are taken into the hospital immediately and there and also direct the hospital's staffs.

Not all veterans' hospitals have this medical school staff, he said. Pustow said, of the previous policy of the VA that placed many hospitals in areas inaccessible to the colleges.

Crop Report Receives Jealous Guarding, Reporter Discovers

WASHINGTON, Sept. 13 (AP)—"Shh! Quiet, everybody! We are about to peek into the nation's best kept secret."

We are about to observe a secret so secret it makes the atom bomb bunch sound like Thursday night at the sewing circle.

Men inside a locked room . . . no one permitted to go out . . . no one permitted to come in . . . blinds let down . . . armed guards on the post.

What is this on-the-Q. T. special? What dark, mysterious something do these men shelter?

That carefully guarded top secret is the monthly crop report.

Possibly honest, innocent little you never thought about the fortunes to be made in the grain market by its characters who could find out in advance what the department of agriculture has up its statistical sleeve.

County Purebred Breeders Taking Top Rams to Sale

Several prominent purebred breeders in Twin Falls county are consigning top rams to the sale to be held at Pocatello on Saturday, Sept. 27.

Among those who plan to take rams to the sale are R. B. Beatty, A. E. Boone, Harry Holmquist and Frank L. Stephan, Twin Falls; David Bethune and Ralph Smalley, Buhi; and Robert E. Blalock, A. E. Holmquist, W. E. McCoy and L. A. Winkle and sons of Elmer.

Listings will include a large number of top rams representing Hampshire, Suffolk, Suffolk-Hampshire, Corriedale, Fannans, Columbias, Romney and Lincoln-Rambouillet.

Robert E. Blalock, chairman, said about 700 rams from 53 leading breeders are expected for the 21st annual showing and sale of purebred rams.

Payments to Vets Hit \$145,000,000

WASHINGTON, Sept. 13 (AP)—The government is paying compensation or pensions at the rate of \$145,000,000 a month to 2,321,917 veterans of all wars and pentecost pensions up to \$90,000 of this dependent, the veterans administration announced today.

The living veterans on the rolls include 88 from the Civil war. The others are: The Indian war, 629; Spanish-American, 1,000; World war I, 438,000; World war II, 1,728,000; peacetime service, 43,000.

The term "compensation" is applied to awards based on service-connected disabilities or death. "Pension" designates non-service-connected awards provided by law.

She Plunks for Longer Skirt In Amusing Battle of Fashion

Editor, Times-News:
I have been most amused at the different viewpoints on the length of skirts. We are glad to hear there can be a happy medium in regard to this question. I believe Texas women are wrong in trying to convince the public that they should continue the short skirt. They were told it was to save material during the war, but why continue to do so when there is no such need now?
I agree that it is impossible to make our present skirts longer with the narrow hems we have had lately. Why not give those suits and dresses to refugees and step out in new styles which are beautiful? The short skirt has been ridiculous, not only showing homely knees, but even creeping up when we sit down. I will be glad to buy a dress or suit with a decent hem and at least 12 or 14 inches from the floor.
I'm sure the public will not object to seeing less of the feminine leg and seeing more grace and style in new garments. I hope our Idaho women will agree with me and demand the longer skirt. Let's ally wrap-around or hobbie skirt, but a skirt that lends dignity to a woman's figure.
Why consider the masculine point of view, for it is known that woman dress to please their own friends who know what is correct and what adds charm.
But right now I'm more interested in seeing the Tail-Hatley law enforced than in the length of a skirt. If our government cannot stop these strikes, we will have a shortage of nearly everything. Let's vote for men who will back up the Tail-Hatley bill.

She Avers Public Surprised, Complaining of School Laws

Editor, Times-News:
The public is surprised and complaining over new school laws and the county board of education bill. The legislature state would not permit and which Republican Governor Robins would not veto it.
This bill has nothing to do with becoming law by referendum, people who will have to pay the bills.
I believe with Mrs. Defenbach that the people of Idaho should not be forced to endure what other states would not permit. I mean the reorganization of school districts which Asher B. Wilson has taken over. There is not one place in senate bill 29 which permits him to take any action outside of Boise of the place of meeting of the committee. I believe the whole committee should be disqualified. The Peabody survey was highly critical of the state board of education, of which Mr. Wilson was chairman, dividing in subcommittees.
I believe that bills should be changed or the cost paid at the 1946 election by the Republican party since Governor Robins demanded them.

Britain Hit for "Austere" Policy And Gold Hoards

Editor, Times-News:
If the English government is putting on an "austere program" so Britain can hoard gold, then she isn't being fair either to her own people or to ours.
I have heard that England has "more gold buried in South Africa than we ever will have in Kentucky" then we shouldn't wish her any more money.
If England is penalizing her own people to raise this end, it is about time for the English people to read some of their history and rise up and demand justice from their leaders.
Being fair and just and generous is one thing, but being deceived and exploited is quite another thing. It is short time for Americans to try to find out the truth about the countries to which we give vast sums.

T. F. County's Fair Gets Nod Over Iowa

PAUL, Sept. 13—The Iowa state fair this year was not as good agriculturally as the Twin Falls county fair, in the opinion of Allen Hardin. Hardin said the mid-west drought was partly to blame for the poor-tress of the Iowa state fair.
Mr. and Mrs. Hardin returned recently after visiting their daughter and son-in-law, Mr. and Mrs. Knox Craig, Des Moines. They also visited other relative and friends.

Powerful Jap Families Now 'Falling Low'

TOKYO (AP)—The mighty Zaibatsu, who with the military dominated Japanese life in the pre-war days and more or less ran things to suit themselves, have fallen to low estate.
Fungo, taxes and allied control of their wealth have blasted those moneyed barons, although they are expected to survive in the middle class and perhaps in some cases turn into useful citizens.
A United Press close-up of the 10 men who used to be at the top of Japan's private wealth revealed them as a group of humbled individuals, tending to grumble over current conditions, but not irrevocably bitter over their personal fate.
There seemed a tendency to nub-

ordinate the fall of their financial empire to the ruin of the Japanese empire.
Under the Allied ban on their activities, these former millionaires, now "disgraced persons" will be put under close supervision for at least 10 years and are permanently prohibited from appearing again in any public role as the leader of any financial enterprise.
Only two among the "big 10" of Japan's Zaibatsu—Sumitomo and Sanwa—have been imprisoned on war criminal charges. Punishments of the others have been so severe that they are considered comparatively shabby circumstances.
The Zaibatsu's dislodgment from pre-war and wartime financial prominence is being accomplished through a special process with a full backing of the allied powers.

High School Graduates! YOU CAN continue your education!

If you finished high school last June and have found it difficult to enter college because of present overcrowded conditions, don't give up your ambition for a higher education. The "biggest university of all"—the U. S. Regular Army and Air Force—has room for you. Any intelligent, physically fit young man can enlist at once and go right on studying!
Do you know any other educational institution that provides practically all your living expenses and excellent pay while you learn?
All over the world, more than 265,000 members of Uncle Sam's million-man Army and Air Force are taking nearly 200 different courses offered by the U. S. Armed Forces Institute. There are standard classroom courses, self-teaching texts, correspondence courses in almost every subject under the sun. Most schools and colleges give academic credit for successful completion of these courses.
Besides this education, there are leadership schools and some of the most modern technical training schools on earth. Men who enlist for three years, and can qualify, may attend these schools and learn subjects such as jet airplanes and engines, radar, recollection weapons and many others not yet available to civilians.
Other enlisted men who can meet the requirements are given the opportunity to enter Officer Candidate Schools or take the highly prized Aviation Cadet Pilot Training.
Army and Air Force policy of today is to give every young man opportunity for self-improvement... to encourage him to move to higher grades and greater achievement... to help him fit himself for a career.
Will joining the Army or Air Force interrupt your education? Not a bit of it! If you're eager to learn, an enlistment is your great opportunity to continue your education in a job you'll be proud of. Get all the facts at your U. S. Army and Air Force Recruiting Station.
The Cadets are flying high. Aviation Cadet Pilot Training is open to qualified aviators between 17 and 23 who have completed two years of college or the equivalent.

ARMY AND AIR FORCE VETERANS! Your World War II Victory Medals are waiting for you at any U. S. Army and Air Force Recruiting Station. Bring your discharge papers.

Price of Used Cars Dipping, Dealer Avers

LOS ANGELES (UP)—Madman Munia, the world's wisest used car dealer, has quit. He has announced he's not buying any more because the market is so soft.

"The days when a three-year-old Cadillac would bring \$5,000 are over," he explained. "But it'll be three years before they get back to 1940 prices. Munia, a mid-westerner, never before has started the 'crazy man' used-car selling technique, believes.

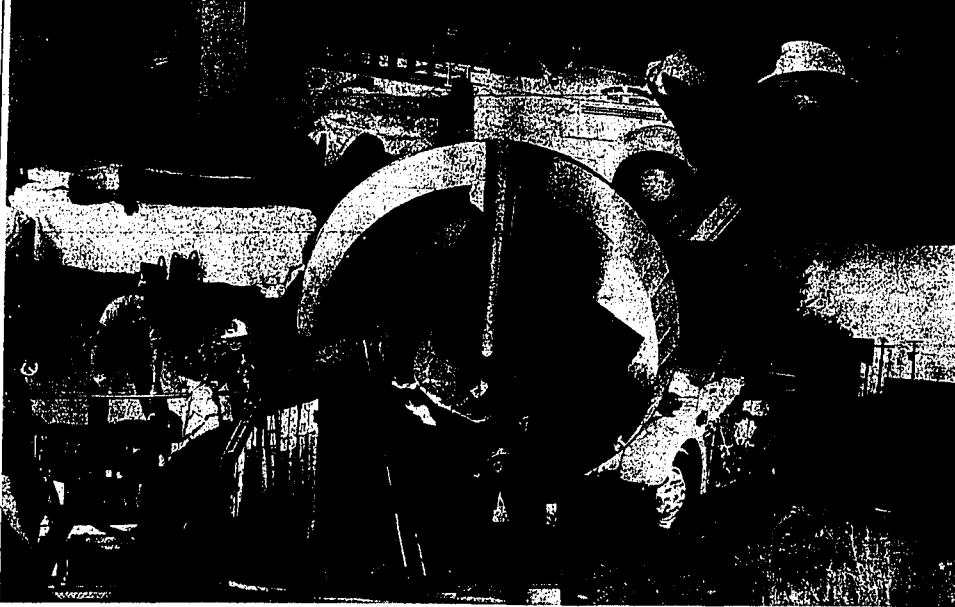

"I've who advertised, 'Just about your horn—we pay by ear,' changing the height of the used car dealer, he explained. He was still buying used cars like crazy in New York, where 'the people just haven't got trade-in'.

Some **SUN Buying**

Although this original madman, Earl W. Munia, 33, "doesn't see how the price they went up. But it'll be three years before they get back to 1940 prices. Munia, a mid-westerner, never before has started the 'crazy man' used-car selling technique, believes.

"I've who advertised, 'Just about your horn—we pay by ear,' changing the height of the used car dealer, he explained. He was still buying used cars like crazy in New York, where 'the people just haven't got trade-in'.

Twin Falls' City Firehawks Do Their Stuff for the Visiting Firemen

For the benefit of delegates to the Southern Idaho Firemen's association convention in Twin Falls today, as well as for the public whose safety they safeguard, a crew of city firemen went through one of their regular speed drills before the Times-News camera lens. These photos show how the department of Fire Chief Sam Gibb swings into action at the sound of a simulated alarm and trace them through various steps of the process. Two minutes from the time they left their banks, firemen were at the scene of the make-believe blaze six blocks away. Starting at top left, Firemen L. A. (Slim) Hansen, C. W. Birchler, Iceland (Sparky) Tomlinson and George Mann are shown reclining in their banks with firefighting tools close at hand. Next they are shown rolling out of the fire station after sliding down poles at center. At upper right, Assistant Chief Nob Freese and Engineer-Driver Bud Horvath are roaring toward the scene of the fire-fighting as they would in event of a real fire, when the siren would be wide open. At right side, Horvath and Fireman Ted Fontana are setting up the pump for fighting a fire reported in the building at bottom for purposes of the drill. This job done, they're shown at lower left loading the hose for the return trip. (Staff photos and engraving)

Wildman Pritchard's ads said he was still the only Wildman Pritchard—the boy who knows how to pay off.

"The smiling fireman" still vowed to start paying where others stop and "Honest John" was dramatizing his high-paying prices with airplane ad-writers, and "Kelley outbids the world."

Prices handled a 1947 Chrysler for \$2,883; 1942 Cadillac, \$2,583; 1941 Ford coupe, \$1,685; 1942 Plymouth, \$1,285; and a 1941 Studebaker, \$1,285.

But the one, the only, the genuine and original Madman Munia imported from Elgin, Ill., cooked his Napoleon hat sideways, pulled his crew into the office and took off in reverse gear with the proclamation:

"Used cars are coming down."

Student Council Ready at Hansen

HANSEN, Sept. 13.—Student body officers have been selected by the student council of Hansen high school following election of class representatives who are members of the council.

Herbert Johnson is student body president; Byron Sims, vice president; Nanette Arment, secretary, and Eric Standlie, treasurer.

Class representatives on the council are Eric Standlie and Ruth Soumerai, freshmen; Leona Muhlstein and Virginia Prior, sophomores; Byron Sims and Neil Smith, juniors; and Herbert Johnson and Nanette Arment, seniors.

The newly organized council will draw up a set of regulations for the study hall and draft a constitution for the student council.

Nations Race To Gain Atom Ore Deposits

LONDON (UP)—Geologists are engaged today in the greatest mineral hunt since the California gold rush of 1847. Their adventure is so surrounded with secrecy that only whispers reach the everyday world.

On every continent, not excluding the frozen Arctic and completed "sub-continent" of Greenland, 20th century rock hunters are seeking the greatest lodes of all time—the deposits of uranium, thorium, cerium and other radio-active ores, the future possession of which may assure a nation's place in the sun in the foreseeable future.

Already Canada is in a strategic position as regards North America. Not only the wilderness, but also settled areas of Europe, Asia and America are being probed for the all-important ores. The major advantage the radio-activity searcher has over the old-time gold hunter is that he does not have to see the ore to know the mineral is present.

From airplanes flying at 3,000 feet or higher, "Geiger counters," or mechanical devices which record radio activity, can tell whether beneath the innocent-appearing surface below, there will be found uranium or its priceless cousins.

May "Prospect" Ocean With Geiger counters it may eventually be possible to prospect the floors of the oceans themselves. For the first time, then, there may be reason for trying to stake out an area of ocean for a single nation.

Foremost of the desired minerals is uranium, the substance from which the first atomic bomb dropped on Japan was made. From uranium comes plutonium, of which was made the bomb that stopped on Nagasaki. Uranium comes from pitchblende and the yellow mineral, carnotite, usually found in sandstone.

Ten amino acids are now regarded as essential for nutrition of rats but only eight for human beings.

Dismantling of Rupert's POW Housing Ends

BOISE, Sept. 13 (UP)—Dismantling of the state-purchased buildings at the Rupert prisoner of war camp has been completed and building materials have been distributed to various state institutions, purchasing agent Harold Boyd said today.

Seven of the buildings have been moved to Gooding for use by the Idaho tuberculosis hospital and four were moved to Albion to be used as classroom space, replacing a transient hall which was destroyed by fire early this summer.

Bricks salvaged from the camp have been shipped to the state penitentiary where where prisoners will repair them for use at other institutions.

Youth, 16, Loses Driver's License

PAUL, Sept. 13.—An indefinite suspension of his driver's permit and a \$25 fine plus \$5.00 court costs were the penalty levied against Leonard Nelson, 16, Burley, on a charge of hit-and-run driving when he appeared before Probate Judge Jake Weigart at Rupert.

Nelson was alleged to have struck the bicycle ridden by Elmer Ely, 13. The court ordered that Nelson pay for repairs of a wheel and a pedal of the bicycle. Ely was not injured.

Charges were brought by Marshal C. E. Mitchell who witnessed the accident.

The HOFFMAN "Malibu"

PUTS EMPHASIS ON FINE DETAIL

- ... with ultra smart styling and precision-built hardwood cabinet
- ... with a superior, performance-proved and static-free FM circuit
- ... with Hoffman's exclusive Sound Expansion System for greater tonal range
- ... with MUSICORD, an engineering masterpiece in professional-type home recording
- ... with Webster, America's outstanding automatic record changer
- ... with your choice of four superb models and three sparkling finishes

THERE'S OUTSTANDING RADIO RECEPTION—You can select a model with an AM radio (short wave and standard broadcast bands) or with both AM-FM. As you know, FM is the latest achievement in radio engineering. Completely free of electrical interference and distortion, it reproduces the true high fidelity of studio broadcasts. Whether you choose Hoffman's AM or AM-FM you get push-button tuning, separate tone control for treble and bass, 12" electro-dynamic speaker for rich in "shock absorbers," heat and moisture protection which guard against port failures.

THERE'S A SWEET AND SILENT AUTOMATIC RECORD CHANGER—You get a precision automatic record changer with any of the four Malibu models. Equipped with a permanent-type sapphire needle the Hoffman changer gives longer life to your records. With manual operation you can start or stop your records at will... or you can relax while it plays 10" or 12" records automatically! It is fast, smoothly simple, smooth, quiet, foolproof... and entirely safe for your most cherished recordings.

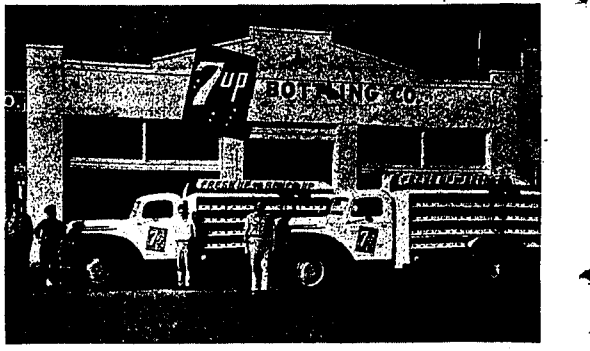

THERE'S HOFFMAN'S "MUSICORD"—Here's something that's exceptionally different... a professional-type home recording unit that is simple to operate. With it you will be able to take your own records quickly and inexpensively. You can record radio programs while they are on the air, you can "cut" your own records or with the radio, or with recorded or live music accompaniment. And you'll thrill to the finished records with their professional studio quality.

You will never experience greater listening or recording pleasure than with these magnificent Hoffman radio-phonograph combinations. We have them on display and we would like to have you come in to see and try them for yourself.
