

Police Probe Trio of Minor Auto Crashes

Three minor traffic mishaps were investigated Saturday by Twin Falls police who reported that no one was injured in each case. No one was injured. Machines operated by Hazel F. Loucks, route 3, Gooding, and William J. Gardner, route 3, Twin Falls, collided in the 100 block of Second street west at 10:48 a. m. According to the police report, Gardner coupe had stopped and was backing into a parallel parking space when Mrs. Loucks car passed and struck the right rear fender on the rear bumper of the Gardner vehicle.

Now 22 days without a traffic death in our Magic Valley.

2 Trucks Crash Head-on but No One Is Injured

BURLEY, Jan. 3.—Two trucks were involved in a head-on crash at 10 a. m. Friday approximately nine miles west of Burley on highway 30.

Robert Anderson, Burley, driving an Antigonish Sugar company truck loaded with pipe, lost control of his vehicle and collided with a truck driven by James V. Hollahan, also of Burley.

While Ted Vanderpole, Heyburn, was waiting with his truck at the south end of the Heyburn bridge at 7 p. m. Friday for a car to pass, a truck driven by Melvin E. Lord, Heyburn, hit the rear of his machine. Damage was slight.

Movie to Help County Drive By Polio Unit

A 20-minute motion picture with a round titled "In Daily Battle" has been prepared by the Twin Falls county chapter of the National Foundation for Infantile Paralysis for use during January.

Organizations wishing to use this film are asked to bring in touch with a Victor Goetzow, who may be reached at 265 Adams avenue or by phoning 2141.

Mr. Sharp pointed out that this film has been approved by the committee on medical motion pictures of the American College of Surgeons and is a true-to-life story of how a chapter aids infantile paralysis patients and builds community facilities in the fight against the disease.

In conjunction with the campaign, Mrs. Beirer, Boise, Idaho, representative of the national foundation, pointed out that the year 1947 made history as the most disastrous year in Idaho's history in the number of cases of infantile paralysis.

Auto "Escapes" After Dumping Driver in Ditch

GOODING, Jan. 3.—When the automobile owned and operated by Frank O. Paul, Nevada, (also registered in the highway four miles west of here Friday afternoon, it ceased to act like an automobile.

It took a swipe at a passing truck, putting it out of commission, jumped ditch dumps and tumbled into the muddy water and then went off on an independent enterprise across the fields.

Paul shook the muddy water out of his eyes, caught his "mender" and drove to the highway. He was unable to drive off. Dewey Brannan, driver of the Hunter Produce company truck, was unable to wait for a wrecker before he could leave the scene.

Mr. Paul, about approximately one-half mile from the scene of the first mishap, an automobile driven by Ivan Wilkerson, Jerome, and owned by W. T. Suckland, also was unable to drive off. Dewey Brannan, driver of the Hunter Produce company truck, was unable to wait for a wrecker before he could leave the scene.

Several windows in the car did the windshield were broken but no other damage was done. The Suckland nor his two passengers, Carl Briggs and Frank Day, both Jerome, was injured.

Mrs. Ford Hurt In Skiing Mishap

BURLEY, Jan. 3.—Mrs. Henry Ford, 212 E. Third, Burley, sustained a minor fracture of the right ankle while skiing on the slopes of Mt. Hood.

The automobile accident and her wife have been at Sun Valley for the last few days.

She was skidding down the mountain by loggans and the rest of the descent was in a stretcher on the ski lift. Mrs. Ford has a walking cast on her ankle and is being crutched.

Meetings Planned By School Board

OROPJNO, Jan. 3.—The state board of education will hold a three-day meeting beginning Jan. 7, in three southeastern Idaho cities.

McCarthy said the meetings will be held at Albion Wednesday, Rupert Thursday, and Gooding Friday. Routine matters will be discussed.

Other members of the board are W. F. McNaughton, Coeur d'Alene, Maud Cocho Houston, Boise; John Bernhardt, Rupert; A. Owen, Idaho Falls; Alton B. Jones, state superintendent of public instruction, is executive secretary.

Stop-Gap Aid Pouring Into Europe Area

LONDON, Jan. 3 (AP)—Food and coal already are pouring into the hungry streets of Europe from the United States under the interim aid program and will continue for the next three months until the full-fledged Marshall plan goes into effect. It was disclosed today. Agreements cementing the interim aid program were signed in London in Paris and Vienna. Aid to Italy will be ratified formally when the agreement is signed in Rome sometime during the day.

\$22,000,000 in Help Under the program, France, Italy and Austria will receive \$22,000,000 in food and raw materials to help their economies stabilize until the Marshall plan goes into effect.

France, whose economy was disrupted by an unsuccessful communist strike against the government in November, received 342,000 long tons of cereals valued at \$4,700,000 and 1,000,000 tons of coal during December.

Most of Bread Bailed Jefferson Caffery, American ambassador to France, said that 70 per cent of the entire French bread ration for December was covered by American shipments. The coal was delivered on an airer Dec. 11. Both will be paid for out of interim aid funds.

France is expected to receive more than \$200,000,000 worth of coal, oil and other raw materials during the next three months, with all but petroleum products coming from the United States.

Signed Yesterday The interim aid agreement was signed by Caffery and French Foreign Minister Georges Bidault late yesterday at about the same time a similar agreement with Austria was being signed in Vienna.

The Vienna agreement was signed between the U. S. representative, Lieut.-Gen. Geoffrey Keyes, and Austrian Chancellor Leopold Figl. Allocations for Austria included \$21,204,000 worth of cereals, soyas flour, rolled oats, lard, beans, pigskins, coal, fatty acids, insecticides, seeds and cutters.

Italy Part Signed In Rome today Italy and the United States signed an interim agreement in terms of food and other American assistance under an interim aid program.

The second provision that Italy will receive an initial allotment of \$71,022,000 to pay for food, fuel and other supplies until December and January allocations.

The agreement was signed by James C. Dunn, U. S. ambassador to Italy, and Italian Premier Alcide De Gasperi and Italian Foreign Minister, Carlo Sforza.

Churchill's Cold Said Satisfactory MARRAKESH, French Morocco, Jan. 3 (AP)—Winston Churchill went to Marrakech to have an X-ray photograph taken. His physician, Lord Moran, afterward lauded this bulletin.

"Mr. Churchill has had a cold which degenerated into bronchitis. He is not seriously ill and is better today. Mr. Churchill has no more temperature and his condition is satisfactory."

The wartime British prime minister, 73, came here to write his memoirs and took cold on a trip into the mountains to paint. Mrs. Churchill and his physician arrived last night from England.

Ex-Jerome County Agent Given Post MOSCOW, Jan. 3 (AP)—Ray O. Peterson, who for the past year has been emergency farm labor supervisor at Boise, has been named extension conservationist, a new position authorized in the budget of the agricultural extension service at the University of Idaho.

A graduate of the University of Idaho in 1920, Peterson has had eight years service as county extension agent in Gem, Jerome and Canyon counties.

The position of emergency farm labor supervisor will be filled by Paul E. Wood, who moves up from the position of assistant supervisor.

Entered Through Roof

Marjorie Savelberg is shown above pointing to the hole through which vandals entered the Sears, Roebuck store here. A similar hole was cut in the roof by the vandals who climbed a telephone pole at the rear of the building to reach the roof. Miss Savelberg is an employee at the store. (Staff photo-photography.)

Safe at Store Blasted Open With "Nitro"

(From Page One) over the main floor of the store from the mezzanine floor.

Horse blankets and horse collar pads from the firm's stock were used to muffle the sound of the blast and to reduce the effects of the explosion's concussion, Chalmers said.

The store was closed until about 11 a. m. Friday until money could be obtained from the bank for operation.

Chief Gillette said it most likely that the safe was blown open about midnight New Year's eve when all kinds of noise-making devices were used to welcome in the new year. This noise could have covered the sound of the blast, he indicated.

Tax Collections Reach \$1,203,196 A total of \$1,203,196.70 was collected in real estate taxes prior to the Dec. 20 deadline for first installment payments, Mrs. Rose J. Wilson, Twin Falls county treasurer, said Saturday.

This amounted to 73 per cent of the entire yearly figure, she said. Next installment payments are due June 20.

On Jan. 20, the books will again be opened for further collections, she said. In the interim, posting, auditing and balancing of the books will take place.

Analyst Lauds Statements by Mihai's "Girl"

By DEWITT MACKENZIE AP Foreign Affairs Analyst

The fact that Britie-lin-by-Princess Anne of Bourbon-Romania is affirming her love for Parnian's deposed King Mihai is a "girl" who says: "Wherever he goes, I will follow him."

"That's the sort of thing you want to hear from a girl who the man she loves is in trouble. And young Mihai has indeed fallen on evil days, for the royal world in which he has reared has been pulled down suddenly about his ears. Worse yet, he is being sent into exile from the last of his birth because he has committed the sin of being born to kingship.

"What a Girl!" But what a girl he picked to be his queen! "Wherever he goes, I will follow him." It took courage for a proud young woman to make such a public declaration, before her betrothal had been formally announced. That was her way of saying:

"I'll stand by him. King or no king, through thick and thin."

Now please don't get the idea that this column is grieving over the downfall of another ruler. We are for democracy as laid down in our United States. We don't happen to need a king in America, but if the people of any country want a king, they can have him and still remain a democracy—a fair example being the constitutional monarchy of Britain.

Unanswered Question Whether the majority of the Romanian people would have liked to retain Mihai on the throne is an unanswered question. He is beloved by a host of his former subjects, but he has been deposed by the ruling red machine without reference to the "proletariat" as a whole.

Romania has a totalitarian communist government which dare not let Mihai remain in the country. So many of the people want him on the throne that there might be danger of an uprising in the country. Mihai would be allowed to stay in Romania. On that basis the bolshevists probably are smart to throw him out.

Since Romania can't utilize Mihai's capabilities in any other way than that of king, he must go into exile. The Romanian government is said to have requested Swiss visas for him and the members of his entourage, which may mean that he will settle down in Switzerland—a man without a country or a job.

Stassen to Talk At Pocatello Jan. 13, Smith States

BOISE, Jan. 3 (AP)—Harold E. Stassen, announced candidate for the Republican presidential nomination, will speak at Pocatello on Jan. 13, Tom W. Smith, Republican state chairman, announced today.

Stassen originally was scheduled to speak in Lewiston that date but was unable to make connections to arrive in the northern Idaho city in time for the address. The former Minnesota governor is speaking at Sheridan, Wyo., on Jan. 12 and in Salt Lake City, Jan. 14.

Smith said he would meet with representatives of the Hancock county GOP central committee at Pocatello at 10 a. m. tomorrow to complete arrangements for the address. Earl Lewis, Pocatello, is chairman of the GOP central committee.

Stassen will speak in Lewiston on Jan. 17, Smith said. Stassen spoke at Twin Falls and Boise in 1946.

Ten persons, including Stassen's secretary and news representatives, will be in his party.

Slides Shown PILER, Jan. 3—Frank Stradley, a missionary from Alaska, showed slides in the prayer service of the United Missionary church Thursday evening.

Stradley, who currently is living in Portland, Ore., was called to Piler by the death of his mother.

The word "Kotlin" is derived from the Arabic "Kotn."

Atlee Asserts Reds Set New "Imperialism"

LONDON, Jan. 3 (AP)—Prime Minister Clement R. Atlee said tonight that Soviet communism was threatening the rest of Europe with a new form of imperialism.

Atlee's attack on Russia and Russian communism, as distinct from the more generalized term "communism," was the strongest by a member of the labor government. It came in the midst of his nationwide labor party political broadcast on his 65th birthday.

Personal Freedom Lost "Today in eastern Europe the Communist party while overthrowing the economic tyranny of landlordism and capitalism has renegeed the doctrine of individual freedom and political democracy, and rejected the whole spiritual heritage of western Europe," Atlee said.

The history of Soviet Russia promises us with a warning here—a warning that without political freedom, privilege and justice creep back to communist Russia, privilege for the few is a growing phenomenon, and the gap between the highest and lowest incomes is constantly widening.

"Soviet communism pursues a policy which threatens with a new form of imperialism—ideological, economic and strategic—the welfare and way of life of the other nations of Europe."

Parley to Debate Mergers in Area

BOISE, Jan. 3 (AP)—School consolidation proposals of five counties will be considered by the school reorganization committee at its meeting here Jan. 17 and 18, Kenneth Dean, director, said today.

County-unit proposals for Clark, Cassia, Minidoka and Bear Lake counties will be studied. Also coming up for consideration are the creating of two districts in Adams county centering around Council and New Meadows, three districts in Lewis county centering around Craigmont, Nes Perce and Winchester, three districts in Lincoln county centering around Shoshone, Dietrich and Richfield, formation of a district for the southern half of Blaine county around Cascade and a district for the southern portion of Washington county around Weiser.

ROTARY LUNCHEON BUIH, Jan. 3—Entertainment at the Rotary club luncheon Wednesday was in the form of motion pictures on Florida shown by A. C. DeMarty.

Day which threatens with a new form of imperialism—ideological, economic and strategic—the welfare and way of life of the other nations of Europe."

Day which threatens with a new form of imperialism—ideological, economic and strategic—the welfare and way of life of the other nations of Europe."

Meeting Announced

BOISE, Jan. 3 — Howard A. Moffat, secretary-manager of the Rupert Chamber of Commerce, announces that a luncheon meeting of the chamber will be held in the Catholic parish hall Tuesday, Jan. 5, at 12:30 p. m.

Thomas Cummins, Boise, director of the agency handling Idaho's advertising campaign, will be the speaker.

RETURNS HOME PILER, Jan. 3 — James York, Berkeley, Calif., who has been guest of Mr. and Mrs. John S. Gourley, has returned home. John Gourley, son of Mr. and Mrs. Gourley, who has been home for the holidays, has returned to school at Stanford university, Palo Alto, Calif.

S. L. Protests Nevada's Rain Making Tries

SALT LAKE CITY, Jan. 3 (AP)—The Salt Lake City Chamber of Commerce today served notice on the state of Nevada that it was "milking" the clouds for artificial snow by artificial means or means which will result in federal court.

The protest came from G. P. Backman, executive secretary of the Salt Lake Chamber, who said attempts of Nevada to dry east-bound clouds with dry pellets would meet with stiff opposition from Utah.

The protest was contained in a wire to E. H. Walker, secretary of the Reno Chamber of Commerce. Backman warned Walker that either the practice would have to stop or action would be taken. Walker has been supervising attempts to produce artificial snow storms.

Backman took the position that nature intended any moisture from the clouds for Utah, Nevada to have had no argument with Nevada taking "any overtones" from the clouds that objected to the milking process.

Backman's telegram said: "This is to notify you that unless you cease and desist from attempting to milk our clouds and appropriate water which nature had intended for us, we will bring suit in federal court asking that a permanent injunction be granted prohibiting you from illegal diversion of our water."

Reno C. of C. Says "Go on And Sue Us"

RENO, Nev., Jan. 3 (AP)—The Reno Chamber of Commerce told the Salt Lake City Chamber today to go ahead and sue, but it won't stop the local boys from trying to make rain or snow over the unseasonably dry Sierra Nevada.

The Reno chamber recently tried snow making twice and failed.

Walker replied, "We claim the right to water or snow contained in any and all clouds during the period they are in the vicinity of Reno."

Being the possibilities of inter-city warfare in respect to snow, they then drew up a line of the most formidable guns of his publicity gear in the district:

"As Reno has not only its home population to consider but also approximately 10,000 visitors who hail from every state in the union as well as many foreign countries, the benefit of precipitation derived from clouds hovering over our area is both national and international in scope. We will be prepared to meet your injunctive proceedings when filed."

Because winter sports areas in the Sierra Nevada west of here are hampered by lack of snow, the Reno chamber tried snow making with dry ice dropped from airplanes into clouds. The experiment was not successful. The clouds were blanked.

Represents Idaho

BOISE, Jan. 3 (AP)—Tom W. Smith, Republican, chairman of the Idaho state Republican central committee, will leave tomorrow to attend a national meeting of the state chairmen in Oklahoma, he announced today.

The schedule will be held Jan. 8 and 10 in Oklahoma City and Tulsa.

In Hospital

DECLO, Jan. 3—J. P. Potts is in the Cottage hospital at Butte for medical treatment.

Christmas Trees Provide Two Bonfires

Hundreds of youngsters attended a giant bonfire in which hundreds of Christmas trees were burned Saturday afternoon and then another group of youngsters appeared for a second bonfire in the 400 block of Main avenue west Saturday evening. In photo above, a portion of the children are shown stacking the Christmas trees in preparation for the afternoon fire. When the flames had died down, the children roared rosters and marshmallows donated by 13 local merchants. Boy Scouts collected the trees for the bonfires which were sponsored by V. N. Price. (Staff photo-Ensign.)

Mrs. Turner, 54, Dies at Hospital

Mrs. Adeline Turner, 54, died at 11 a. m. Friday at the Twin Falls county general hospital following a brief illness. She was the wife of Guy E. Turner, route three.

Mrs. Turner was born Sept. 6, 1893, and has resided in Twin Falls since 1921. She was a member of the Christian church and of the Addison Avenue club.

She is survived by her husband, a daughter, Mrs. Noel Neer, Hansen; a brother, James Dunn, Pine River, Colo.; a sister, Mrs. Lizzie Boyer, Salt Lake City, and a grandson.

Funeral services will be held at 2 p. m. Tuesday at the Twin Falls mortuary chapel. Burial will be in the Sunset Memorial park.

Kiwanis Officers Installed at Buhl

BUHL, Jan. 3—Dr. M. A. Drake was installed as president of the Buhl Kiwanis club at a meeting Wednesday night at the C. L. Allen home.

Other officers installed at the same time are: Robert Aiken, vice president; E. N. Pearson, secretary, and Frank Flint, Winston Gray, Robert Good, Russell Thomas and Dr. William Bages, directors.

Ladies' night was observed at the meeting. Those who took part in the program were Helen Watkins, Mrs. Edward Johnson, Vivian Dunneport, Mrs. Wilma Carlson and Mrs. Edward Conrad.

Buhl Yule Contest Winners Revealed

BUHL, Jan. 3—Mrs. J. A. Baum won first prize in the Christmas home decoration contest sponsored by the Buhl Junior Chamber of Commerce.

Other winners are Mrs. E. A. Owens, second, and R. C. Pelt, third; E. D. Borling won first place in the inside decoration contest and

One Driver Pays \$15 for 2 Fines

One man paid two fines Friday, both assessed by Justice of the Peace J. O. Pumphrey, and another paid a fine assessed earlier and was released from the county jail.

Henry Adelt, Twin Falls, pleaded guilty to charges of operating a truck without brakes and for driving a vehicle without registration plates. He was fined \$10 on the first charge and \$5 on the other. Court costs of \$3 accompanied each fine.

Ray Bays was released from the county jail when he paid a fine of \$100 and costs of \$5 on assessed Thursday on charges of drunken driving.

Charges for the three offenses were made by State Police Officer M. J. Bays, Jr.

PTA Forms Cub Unit at Hagerman

HAGERMAN, Jan. 3—A Cub Scout pack, sponsored by the PTA, has been formed in Hagerman.

Larry Hall is cummaster; Peter Woody, assistant cummaster; Blaine Shaffer, chairman of the pack committee; Robert Gardner, treasurer; Shaffer, secretary; Mrs. Eva Kline, No. 1 den mother; Mrs. Peter Woody, assistant den mother; Mrs. Dana Gilmore, No. 2 den mother; Mrs. Woody, assistant den mother; Gardner, den dad; Mrs. Blaine Shaffer, No. 3 den mother; Mrs. Larry Hall, assistant den mother, and Shaffer, den dad.

Virgil Norwood has been elected PTA treasurer.

The German word for cotton, "baumwolle," means "tree-wool."

RUPTURED? then make a resolution you should have made before... but really carry it out this year.

"RESOLVE not to put in another single day in 1948 like I put in nearly every day of 1947. To see my doctor, and if I truly is necessary, to go directly to Sav-Mor Drug to get the proper and most comfortable fit, giving me a much brighter outlook on life in '48."

So many in the past who have done this have told us how sorry they were that they had put it off so long. You too will realize the true comfort and sense of well-being when you are fit with the most modern appliance made today—an Akron Truss—fitted correctly by a trained technician.

New Wave of Europe Riots Is Predicted

BERLIN, Jan. 3 (AP)—A new wave of communist inspired strikes in France and Italy "to tip the scale out of the European economy" and wreck the Marshall plan was predicted today by a top American labor representative.

Irving Brown, European representative of the American Federation of Labor, who has been touring the 16 Marshall plan factories, said he expected a new wave of 118 strikes against the European recovery program to reach its climax this spring.

Brown has been sounding out European trade union leaders' opinions on possibilities of forming a counter labor union force in the Marshall plan countries to combat communist opposition to the program.

He told a news conference he hoped an international conference of trade union representatives would be held within the next two or three months in Europe to work out a program of support and participation in the Marshall plan.

Brown said that in his tour he had found trade union leaders in favor of a conference to unite workers in making ammunition for support of the Marshall plan.

An estimate of 15 million tons of commercial fertilizer used in 1946 set a new high record for the United States.

Pauley Seeks to Quit Demo Duties

LOS ANGELES, Jan. 3 (AP)—Edwin W. Pauley has asked to be relieved of his duties as California Democratic national chairman, Sen. J. Howard McGrath of Rhode Island, said today.

McGrath told a news conference that Pauley, wealthy Los Angeles oil man, had said during McGrath's current visit that he wished to quit because of his assignment as special assistant to the secretary of the army.

The national chairman said he had asked Pauley to send a letter of resignation, adding that "I have taken the position that the office is vacant." There was no indication when Pauley might resign formally, and Pauley was not immediately available.

Smilpot Planning To Remodel Plant

SALT LAKE CITY, Jan. 3 (AP)—Remodeling of the Saline plant in Salt Lake City for heavy production of fertilizer will be started as soon as possible, Vice-Pres. G. A. Power of the J. R. Smilpot interests said today.

Power said efforts are being made to line up supplies of sulphuric acid and sulphuric ammonia, materials used in making ammonium sulphate.

Smilpot, Pocatello, recently bought the war surplus plant from their basic administration for \$750,000.

Act to Blame On Disability, Royall Avers

WASHINGTON, Jan. 3 (AP)—Secy of the Army Kenneth C. Royall says that complaints about tax-free disability payments to retired military officers are principally the result of "a statute that should be changed."

Royall made this statement in a letter to Secretary of Defense Forrester. It was made public today, together with Forrester's letter to President Truman transmitting the names of 23,523 army, navy, air and marine officers retired for physical disability.

Mr. Impropriety Seem "The army secretary wrote that 'I am informed that every case in which a complaint was made to the war department was thoroughly investigated without disclosing any improper action taken.'"

He quoted from a report in 1946 by a special assistant to former Secy of War Robert P. Patterson. That investigator, Royall said, reported that:

"The real difficulty lay in the law itself, including the fact that disability pay is a flat 75 per cent of the base pay although this is not so for enlisted men (except those with more than 20 years service); and that an officer 'found to have any incapacity merely sufficient to unfit him for field service in time of war... regardless of the degree to which his capacity to carry a civilian livelihood may have been impaired' is entitled to tax exempt disability payment."

"He concluded that the provisions of the law tend to cause a strong motivation towards abuse, and that this should be corrected."

West Rails Seek Fare Rate Boost

SAN FRANCISCO, Jan. 3 (AP)—Western railroads today asked state and federal authorities for permission to increase their basic one-way coach fares from 23 to 26 cents a mile, or 13.3 per cent.

Eighty-five railroads petitioned the Interstate Commerce commission in Washington for the rate while seven companies filed applications with the California public utilities commission.

The petitioners also asked permission to raise round trip coach rates by 15.63 per cent, and to increase one-way, first class standard sleeper rates from 33 to 38 cents a mile. The new rate would bring the cost of a ticket from San Francisco to Reno from \$37 to \$43.

Its merely sufficient to unfit him for field service in time of war... regardless of the degree to which his capacity to carry a civilian livelihood may have been impaired' is entitled to tax exempt disability payment."

"He concluded that the provisions of the law tend to cause a strong motivation towards abuse, and that this should be corrected."

'Eye for Eye' Is Only Rule For Palestine

By EDWARD CURTIS
JERUSALEM, Jan. 3 (AP)—Palestine now lives in a virtual state of anarchy because of a law which "an eye for an eye and a tooth for a tooth."

For the people in this biblical land—the Jews, Arabs, British and others—life stumbles on uncertainty by simple things as a traffic light. For many the daily ride to work is a dangerous adventure in an armed bus.

Most services are uncertain and often nonexistent. First the Jewish and then the Arab police force work, demanding more guards and security measures, refused to work. Some mail has been left to train routes.

Jerusalem "isolated"
Jerusalem was isolated tonight through the outside world except by commercial telegraph as both Arab and Jewish telephone operators refused to work because of a lack of security on their way to and from jobs. The dial system still was working, permitting long calls, but there was no inter-city communication.

Home life for many residents of Palestine has become one continuous series of threats to families left their homes because they lived in the "wrong" districts. Spending was high with the families of Jews leaving Arab sections or of Arabs leaving Jewish districts as a common sight.

Business struggles
In both the Jewish and Arab districts business still might be expected but except in the predominantly Arab or Jewish towns residents buy only necessities.

Supply services have almost broken down. Road convoys are blocked and train tracks are blocked. Meanwhile, while Arab life is in a state of steps. In the old city of Jerusalem about 1,500 orthodox Jews live off by a surrounding Jewish-impacted Arab area. The Jews are supplied by daily convoys which supply food to the residents.

The no-man's land between Arab and Jewish Tel Aviv is the barometer and conveyor of news, leaving Tel Aviv from Jerusalem, come under sniper fire.

Guns fire spatters
At night in Jerusalem pistol-packing patrols of Arabs and Jews make movement hazardous. Gunfire spatters and bangs erupt frequently throughout the residential districts mostly in former mixed quarters or along the main streets. Explosions of "scar" bombs and grenades are commonplace.

Even the dead rest in peace. The Jews are making a new cemetery further down the slopes of the Mount of Olives. Plans for the distance funeral corteges must go through Arab sniper fire.

Two American ministers at a Jerusalem firm established a branch in the Arab quarter and the Jews asked to open a Jewish quarter.

"The situation is becoming impossible," he said cynically. "At least those who have been shot, and killed no longer have to worry."

Russians are rejecting their newly-devaluated ruble, say dispatches from Moscow. But the average price of a pair of shoes, dollars-and-cents equivalents are also shown, at the current rate of exchange.

Freak Accident Toll Includes Hunter Shot by Dead Deer, Bed-Smoking Bird

CHICAGO (NEA)—Smoking in bed cost a sparrow his home. And almost cost Mrs. Marie Daugher of Madison, N. J., her life.

Puzzled fireman, looking for the source of the smoke that filled Mrs. Daugher's home, found it up under the eaves. The sparrow had carried a lighted cigarette to its nest.

To prove that sparrows aren't the only offenders the National Safety Council, in its annual roundup of freak accidents, reports that a

Leroy Thurman of Oklahoma City fell up. He didn't jump fast enough while unpacking compressed bedspings. Was shot up to the ceiling, and wound up in a hospital bed.

Georgia Brooks, of Chicago, had an off-again, on-again harrowing ride in a speed boat at Lake Geneva, N.Y. When the boat swerved back again, tossed her 10 feet in the air, and nearly caught her on the prow.

A dead deer wreaked vengeance on Clarence Gertin, of Hiddon, Colo., who shot it. The deer then shot Gertin. Gertin was preparing to dress the dead deer when a reflex kick by the animal discharged his gun. The bullet ripped through Gertin's arm.

A hunted quail committed suicide on the gun of Gene Hatfield, Hatfield fired a cover near Joplin, Mo. One quail flew straight at Hatfield, broke his neck on the gun and landed and dropped dead at Hatfield's feet.

Beas brought a new trolley song to Earl Armstrong, Cincinnati workman. They swarmed through the open window of his streetcar. Armstrong batted the bees, his tool-bumpered automobile, which bumped another automobile.

Charles Woodson, 19, was trained as a member of England's women's land army to face bombs, bullets and battle without flinching. Nothing was said about a mouse.

When one shared the truck she was driving and scampers across her foot, she took the course of resistance, and fainted. The truck went into a ditch, Miss Woodward went to a hospital, and the mouse presumably went back to walking.

Fire slipped a fireman; he dropped a wrench. The wrench was driving and scampers across her foot, she took the course of resistance, and fainted. The truck went into a ditch, Miss Woodward went to a hospital, and the mouse presumably went back to walking.

Russians Say Hungary Pact Is 'Observed'

BUDAPEST, Hungary, Jan. 3 (AP)—Russia in a note to Hungary has stressed that a reduction of Soviet military strength in this country was effected by Dec. 16, in conformity with article 23 of the Hungarian peace treaty, a government announcement said today.

The statement said Russia explained that Soviet army forces remaining in Hungary are "only those units which are necessary to secure the lines of communication" to the Soviet occupation zone in Austria.

The Russian note was handed to Communist Mikoyan Rakol, deputy Hungarian premier and acting foreign minister by Soviet Minister Gregory Puzhkin on Dec. 30, the statement said.

On Dec. 20 the Associated Press reported on the basis of an eye-witness field survey that Soviet forces still in Hungary included 20,000 troops, 400 fighter planes and 50 tanks.

The Hungarian foreign minister later characterized this dispatch as "libel" but did not issue any other figure on Soviet forces in Hungary.

The Soviet note, as released today, likewise did not disclose the strength or composition of Russian "lines of communication" units.

'Mystery Victim' In Salt Lake Is Native of Valley

SALT LAKE CITY, Jan. 3 (AP)—Police continued their investigation today into the death of Herbert, Monte Ryser whose body was found at Main and 17th Street Thursday morning. Ryser was born at Geneva, N.Y.

Louis F. Clark Sanford, chief of the police traffic bureau, said the cause of Ryser's death was not known, but he was convinced the man had not been hit by a car.

Dr. Clarence R. Oenshaw, city physician, conducted an autopsy and said Ryser died from a hemorrhage of the plural cavity, two ribs had been fractured, puncturing the right lung.

Mrs. Ryser told officers she accompanied her husband to a party in Sandy Wednesday evening. They returned to Salt Lake City by bus shortly after midnight. After leaving the bus, Mrs. Ryser said they walked and she went home alone.

She added that her husband had been in no fight and bore no bruises at that time.

Mrs. Bowman, 77, Claimed by Death

Mrs. Margaret Monica Bowman, 77, died at 3:15 p. m. Saturday at the home of her daughter, Mrs. Floyd Miller, 325 West Heyburn, following a lingering illness.

Mrs. Bowman was born April 28, 1870, in Illinois and has been a resident of Twin Falls for the past four years. She was a member of the Christian church.

She is survived by two daughters, Mrs. Floyd Miller and Mrs. J. O. Miller.

Funeral services will be held at 3:30 p. m. Tuesday in the Cottage hospital at 4:37 a. m. Jan. 1.

Mart Probers Ready Studies Of Aides' Acts

(From Page One)
Jan. 1946 through Nov. 1947, also was sent to congress by Andrew. Secretary of the Treasury Budget monthly reports by the special committees that six field employes of the Internal Revenue bureau had engaged in some small trading in securities, wheat and cotton since July 1, 1946.

Senators Tom Harkin, Meanwell, Rep. August H. Anderson, R. Minn., made ready for a one-man field investigation of speculation on commodity exchanges, with his destination labeled "secret."

Anderson, chairman of a house committee to probe speculation, told lawmakers he is having tomorrow a three or four day trip to New York personally on "leads" involving alleged commodity gambling by government employes, equipping with inside information.

Anderson sent his "master list" of the trad man to congress and also made it public.

Death of Gooding Man Said Suicide

GOODING, Jan. 3.—Ralph Kelly, about 35, was found dead in his hotel room Friday morning from self-inflicted pocket knife wounds.

Conner J. H. Green, who Kelly had taken his own life by slashing his temples and his throat with a pocket knife. Death, Green well said, occurred some 10:30 Thursday night or early Friday morning. The dead man was found by a hotel maid.

Very little is known of Mr. Kelly although he had lived in and near Gooding for a number of years. He had been employed by various agencies in the locality and just prior to his death had been working with Ralph Paulkner.

Burley's First Burley, Jan. 3.—First baby to be born at Burley in 1948 was a son to Mr. and Mrs. Raymond Wickel, Albin. The baby was born in the Cottage hospital at 4:37 a. m. Jan. 1.

Pair of Local Men In Boise Hospital

BURLEY, Jan. 3.—William Beck, 40, and Lee V. Cox, both Twin Falls men, were injured when their automobile plunged into a canal near 'Y' on the 10th of Jan. 3.

The pair were taken from the Cottage hospital to the veterans hospital in Boise. Beck is serving in the army, and who was hurt in the same accident, was placed aboard an army transport airplane Saturday and taken to the army hospital at Ft. Lewis, Wash. for treatment.

Why a Title Insurance Company Must Be Financially Responsible

When an abstractor delivers an abstract he is generally liable only for negligence in failing to exercise skill and care in its preparation.

THE TITLE INSURANCE COMPANY, however, enters into a specific contract of indemnity. Not only must it be in a position to pay any claims arising under this contract, but it must be able to do so during the entire life of the policy.

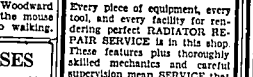

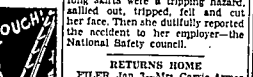

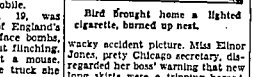

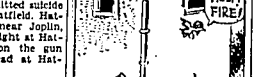

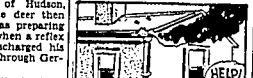

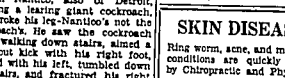

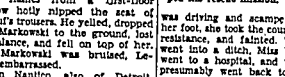

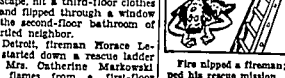

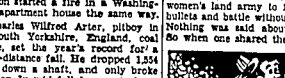

Our own company now has resources of more than \$250,000. It also maintains a substantial guaranty fund with the State treasurer, a large cash insurance reserve and a re-insurance contract with Lloyd's of London for an additional \$100,000 of protection.

Just as in any other kind of insurance, the worth of a title insurance policy depends upon the financial strength of the company issuing it.

In addition to the necessity of being able to pay any losses that may be incurred, the title insurance company has to maintain a large force of trained and experienced personnel. Our organization also maintains complete title plants to facilitate and expedite our service.

As previously mentioned in this series, the cost of TITLE INSURANCE is based on the value of the property insured—not, like an abstract, upon the number of transactions affecting the title. No further payment or premium is required so long as the ownership remains unchanged.

Life in MAGIC VALLEY

By INEZ PUCKETT

He was young and had a warming grin. He was also one of the easiest editors to interview that I ever met. Seemed like he knew just what I wanted and wanted and colorful way of answering questions. Victor Leman ran the Idaho Times during the war. Two years ago he went seeking another paper, pitched on The Irrigator at Wendell. This little sheet was only four pages of home print then. Today Leman has stepped it up to eight pages of home print with two of rural prints. This makes a snappy weekly of 10 complete pages. From a list of about 150 paid subscriptions to the Irrigator, Leman has grown to a paid list of 600.

PUCKETT

I handle editorials and local news stories. We hold no "My Wife, Lucille, is an associate editor, and does all the proof reading as well as bookkeeping." The columnist of the sheet is Jim Gossett, a farmer south of Wendell. Jim calls his column "FIRST PRIZE" and along with writing he grows crops, runs a dairy, and has a law office. Henry Hall, the Jerome barrister, a mighty nice combination of activities you can see. Editor Leman said he had a picture job press ordered from Salt Lake. Meanwhile he carries on with the usual weekly shop equipment. The Irrigator office has a friendly "smack-low" American flag flying. You can see it all down beside the fat-bellied stove, put your eye on something, smell the good coffee-and-ink, hear to the rattle of his typewriter.

It's the kind of unique place Nevada Rockwell would love to put on a STATEPOST cover. And of course he'd get in Editor Vic Leman's office. At his desk sits a typewriter. In the background would be Merlin Leman, compositor-opponent and Fred Perry, County clerk. We just live long enough, we just master this Iron Horse yet.

"One of the sanest, surest and most generous joys of life comes from being handy with tools over the years of others." . . . A Rutledge said that.

Bonds to Finance \$9,539,264 State Public Work Jobs

WASHINGTON, Jan. 3.—The state of \$9,539,264 public work programs planned by Idaho to meet future needs will be financed through sale of bonds.

Reporting on the status of the 27 federal projects so far approved for financing by the federal works program, the federal works agency says the present intention is to issue \$10,000,000 in general obligation bonds and \$200,000 in revenue bonds.

The remainder of the cost would be paid in cash, taxes and other sources.

Revenue bonds would be retired from earnings of the project, such as tolls on a bridge or road, general obligation bonds are paid from taxing other revenues of the sponsoring agency.

New Starch Plant Operating in I. F.

IDAHO FALLS, Jan. 3.—A new \$800,000 potato starch plant is now operating in the Idaho Falls area. In operation at the Idaho Potato Growers association site in Idaho Falls, L. L. Brandt, owner, has charge of the association's potato processing plant.

Brandt also announced the association's dehydrating plant had resumed operation after a two weeks' shutdown. Work of the plant is for the temporary closure, and, he said, the supply of cut potatoes will determine the continued operation of both the starch and dehydrating plants.

Permits Issued

RUPERT, Jan. 3.—Building and remodeling permits amounting to \$107,000 were issued in Rupert in 1947. City Clerk Price D. Sears has announced.

Machine Automatically Seals Milk in Cartons

Sanitation Charles E. Cotton of the south central district health unit is shown above as left inspecting one of the first cartons of milk to come off the new "packaging" machine installed at Young's Dairy in Twin Falls. Holding one of the quart-size cartons is Ruth Duckmaster of the dairy office staff; while the manager, Allen Young, appears at right. (Staff photo-engraving.)

Automatic Cartoning Machine Packages Milk at Dairy Here

By JOHN BROSNAN
Operation of the most recent addition to a \$60,000 program instituted throughout the past year in the interests of maintaining the Twin Falls area milk supply at a high level began last week in the form of automatic cartoning of milk and cream at Young's dairy here.

This ingenious \$15,000 machine seals 300 gallons of milk per hour in cartons ready for delivery. Those containing cream are delivered direct to the consumer as well as to wholesalers; while one-quart cartons of milk are placed in retail outlets for purchase by housewives and other milk users.

According to Manager Allen Young, this new process offers advantages for all concerned. One of the expendable cardboard containers eliminates return, deposits on and washing of bottles, loss and breakage of bottles and consequent competition at stores and other points of sale.

The manner in which the packaging machine operates reduces the human factor to a minimum. From the time the milk enters the storage tank until it is sealed in the carton, it is never exposed to the air.

Cartons are originally flat when placed in the machine. They are opened by a mechanism in the machine, and they pass through a device that glues the bottoms shut with a special preparation. They are then blown through a tube into a hardening chamber after passing through a bath of hot water.

From this chamber, they pass through an "assembly line" in which a multi-operated ladle pours one quart, or in cases of cream, a pint or half pint, into each. Finally, the cartons are automatically stapled together and sealed just before the cartons emerge onto a platform to be placed in boxes for distribution.

Young indicated that the cartons so produced have met with excellent response among wholesalers, retailers and consumers. He expressed the opinion that cartoned milk may replace 50 per cent of the previous quart-size bottle supply.

Rail Wreck's Probe Is Set For Tuesday

SEEDALE, Mo., Jan. 3.—Missouri Pacific railroad officials said today a closed hearing would be held next Tuesday at Seedale in connection with the New Year day wreck of the Missouri in which 14 persons were killed.

A spokesman for the railroad said the hearing would not be open to the public because it would be a private investigation by the company's agents.

"Going The Fast"
Earlier today the conductor and fireman of the second section of the Missouri said they believed their train was moving too fast against danger signals when it crashed into the preceding section of the train.

The victims included former Ambassador Alexander W. Wedell and his wife and five members of the Frank Ryan family of Los Angeles. J. R. Boyer, the conductor, said from his hospital bed that the train reduced speed about nine miles west of Jefferson City and later got red block signals at four other points.

"Ready to Pull Out"
"I was sitting in the back making out reports when I happened to look up," he said, "and I was getting ready to pull the cord to stop the train and find out why the speed when I got the first red block signal."

"Hollered to Engineer"
"I saw a black object in front of us and hollered to the engineer, E. W. Butler, to stop the train. I had been on the job for 11 years and had worked in the railroad for 25 years."

At his home in Suburban St. Louis, Butler answered a telephone call but hung up when told who was calling. Earlier, a member of the family had told reporter Boyer was "nervous and in no condition to be questioned."

U. N. Council Parley Called In India Fight

LAKE SUCCESS, N. Y., Jan. 3.—The United Nations Security Council will announce today Tuesday to tackle the India-Pakistan dispute over the invasion of Kashmir.

The Indian government, outlining a situation which it said was not to end unless a meeting of international peace and security, called upon the Security Council last night to require Pakistan to stop giving aid to the tribal invaders of Kashmir.

The Indian note said the matter was one of "extreme urgency" and added that if Pakistan's help to the tribal invaders was the basis of government of India may be compelled, in self defense, to enter Pakistan territory in order to stop military action against the invaders.

Kashmir, a predominantly Moslem province, is the extreme northern part of the Indian subcontinent, located in the domain of British India Oct. 27, after the invasion by the Hindu maharajah, the first Sikh, said in answer to the accusation: "I have no opinion but to ask for help from the dominion of India."

Indian troops then were flown in to Kashmir to help fight the invading Pakistanis, who have been indicted by the Indian government as residents of the Moslem Pakistan's northwest frontier province.

E. Haag Takes as Bride Miss Donna Ainsworth

Marriage rites for Donna Ainsworth and Eric M. Haag were performed at 6 p.m. Saturday, Dec. 27, at the second ward LDS chapel in Twin Falls with Bishop J. C. Fredrickson officiating. The chapel was decorated with a profusion of lighted tapers and tall trumpet baskets of gladioli.

Miss Ainsworth, the daughter of Mr. and Mrs. M. Ainsworth, 117 Quincy, was given in marriage by her father. The bridegroom is the son of Mr. and Mrs. Eric Haag, Burley.

The bride's gown was of white satin with a circular neckline filled with net and adorned with floral patterns of embroidery and seed pearls. Her veil, bordered with scalloped lace, was held in her hair with orange blossoms. She carried a bouquet of red and white roses and white gardenias. Her bridesmaids wore white dresses with wide brocade ribbons. Her string of pearls was sent to her by her brother while he was in the service in Japan.

The mother of honor, Mrs. Larry Bell, was dressed in apricot chiffon and carried a white carnation. Bridesmaids were Betty Haag in blue chiffon and Carleen Haag in pink. The bridesmaids carried white lilies and both girls carried white carnations. The flower girl played the wedding march. The bride was escorted by the groom's brother, H. A. Christensen, accompanied by Miss Doren, sang two solos.

The bridegroom's mother was dressed in gray with black accessories and wore a rose corsage. Miss Ainsworth wore black with pink accessories and had a corsage of pink carnations.

Following the ceremony, the bride and groom were honored at a wedding supper in the banquet room of the Kiwa lodge. Guest lists included the immediate families of the newlyweds including the Rev. Mr. Werner, Mrs. Werner and Miss Merrill.

The mother of the bridegroom wore a maroon afternoon dress while Mrs. Peck, mother of the bride, wore black. Both mothers had corsages of white carnations. The young couple left immediately on a wedding trip to Southern California and Mexico.

The bride attended the Idaho State college, where she was affiliated with Sigma Sigma Beta and Delta Epsilon Kappa sororities. Before her marriage Mrs. Quigley was a teacher in the Twin Falls schools. Quigley is a graduate of the Castleford school and attended the University of Idaho. He was a member of Alpha Tau Omega fraternity. During the war he served three and one-half years in the army air corps with 27 months service in the European theater.

The newlyweds will reside on a ranch near Castleford, where Quigley is engaged in farming.

MRS. E. M. HAAG (Dudley photo-staff engraving)

Groups Meet to Welcome in 1948 With Festivities

New Year's eve gatherings and New Year's day open-house parties have brightened holiday season activities in Twin Falls.

Dances at the Elks lodge and the Radio Rodeo drew large crowds on New Year's eve with number of dinner parties being given before the dances.

Mr. and Mrs. P. P. Parry entertained at open house New Year's eve for 35 guests. A buffet supper was served at midnight.

A reception was held before the Elks dance by Mr. and Mrs. J. L. Harmon, Mrs. L. E. Harman and Mrs. O. J. Bohne, Mr. and Mrs. L. H. Haslam and Mr. and Mrs. Arthur Urry.

Mr. and Mrs. Jack Mullen entertained guests at a steak dinner at Orville's steakhouse before the Elks dance. Guests included Mr. and Mrs. Leland Black and Mr. and Mrs. Calvin Lowe, Mr. and Mrs. Dean Oakley and Mr. and Mrs. Wesley Snoger.

Edward Crane, Frank Lott, Doug Borch, William Garnett and Wilbur Brown were in charge of the Elks dance, and Arlon Batten and his orchestra furnished the music.

At the dance held at the Radio Rodeo New Year's eve, Wayne Skene and his orchestra played. A dinner party for 18 guests was given by Mr. and Mrs. Lem A. Chapman on New Year's eve. Dinner was served buffet-style early in the evening.

Mr. and Mrs. Fred Rex entertained at a dinner party honoring Mr. and Mrs. Orlo Hillf New Year's eve. Hillf is manager of the Pizzolone store in Twin Falls. A steak dinner was served for store employees and their wives at 10 p. m. at Orville's steakhouse.

Open-house parties were held New Year's day by Mr. and Mrs. B. F. Mangel, Mr. and Mrs. E. E. Harper and Mrs. Lisa Molony.

Mr. and Mrs. Frank Kusy, 1070 Second avenue west, entertained at a New Year's day dinner for their daughter, Mrs. Bert Kniefel, and Mr. and Mrs. Charles Charbon, Mr. and Mrs. William Marshall and daughter, Mr. and Mrs. Frank Tyler, and Mr. Fredholm. Evening callers were Mr. and Mrs. Gerald Honek and Mr. and Mrs. Frank Horek, and son.

Ronald Lovely's Bride Is Woman From California

HAGERMAN, Jan. 3.—The marriage of Berta C. Van de Veer, daughter of Mr. and Mrs. Albertine Chappelle, San Francisco, Calif., to Ronald Lovely, son of Mr. and Mrs. W. S. Lovely, Boise, was performed Wednesday, Dec. 24 at the Methodist parsonage, Wendell.

The Rev. Ashmond Maxwell performed the double-ring ceremony. Mr. and Mrs. Paul Roberts, Hagerman, were their only attendants.

The bride wore a gray suit with the corsage of white gardenias. They went to Boise on their honeymoon. Lovely is the office manager for the MK company at Lower Salmon and Mrs. Lovely is employed in the accounting department. The couple will make a home in Hagerman.

Plans to Wed

LENNIE DILLE (Staff engraving)

Lennie Dille Will Wed Glenn Baum

HAGERMAN, Jan. 3.—The engagement of Lennie Dille to Glenn Baum has been announced by her parents, Mr. and Mrs. Russell Dille, Hazelton.

Mr. Baum is a 1944 graduate of Hazelton high school. He is now a sophomore at the University of Idaho. No date has been set for the wedding.

Family Tells of Wedding in Elko Of B. Robinson

GOODING, Jan. 3.—Mr. and Mrs. Virgil Robinson announce the marriage of their daughter, Bille Ann, to Joe L. Berra. The ceremony was performed by the Rev. Father Joseph E. Fisher at St. Elizabeth's Catholic church, Elko, Nev., at 3:30 p. m. Tuesday, Dec. 23.

The bride chose a woden suit of spruce green with brown accessories for her wedding. She was attended by Paul Leah, Hagerman, who wore a brown and tan tailored ensemble. Leslie Borling, Twin Falls, was best man.

The bride is a member of the songlines at Gooding high school where she plans to complete her term. She is employed at Fields Truck line.

The bridegroom is a son of Mr. and Mrs. Frank Berra. He served two years with the army and during 12 months overseas he received Rheinland and Central-Europe campaign ribbons. He is a graduate of Gooding high school and also attended an interior designing school at Blackpool, England. Berra is a partner in the Berra Accounting agency at Gooding.

Monrovia, Liberia, was named for U. S. President James Monroe.

We, the Women

By RUTH MILETT

NEA Staff Writer

The married housewife is usually a woman who doesn't get a high enough value on her own time and energy.

She will do her marketing at several grocery stores in order to save a few pennies which she lacks as not, will go for some extravaganza—never bothering to figure out what her small saving costs in time and effort.

She'll turn the house upside down getting ready for every smallest party, when actually, a rested, laundered hostess has a lot more to do with a party's success than freshly laundered curtains.

She'll go her own laundry and heavy cleaning, in order to save money to keep up with the Joneses. She'll accept any invitation that comes along, even from people she doesn't particularly like.

And it's the same with clubs and organizations—all through meetings that bore her to death, just because her time means nothing to her.

Study the housewife who runs her household easily, who finds time for the things she wants to do and the friends she really enjoys, and you'll find a woman who knows the value of her own time.

She manages her life well, because she occasionally stops to ask herself, about time- and energy-consuming activities and routines, "Are they worth it?"

Mary Lois Plans Valentine Party

A Valentine party is planned for Saturday, Feb. 10, by members of Camp Mary Lois, D.U.P. The party will be held at 2 p. m. at the home of Mrs. Mary Richard, 1014 Maple avenue. All members of Camp E.U.P. are invited to attend.

The regular meeting was held at the home of Mrs. Violet Beus with Mrs. Lillian Davidson as guest of the afternoon. The lesson "Riders of the Pony Express" was given by Mrs. Ellen Larsen.

Alumnae Lunch

Alpha Phi alumnae entertained at a no-hostess luncheon held at the Park hotel recently.

Active members and their mothers were the guests, and three special guests from Bull were present, Mrs. Gan Thompson and daughter, Betty, and Geraldine Morse.

Couple in Rupert Given Honor at Family Reunion

RUPERT, Jan. 3.—Mr. and Mrs. D. W. Moncur, long-time residents, were surprised Sunday, Dec. 21, on their golden wedding anniversary at a reunion of their children.

A ring set with rubies was presented to both Mr. and Mrs. Moncur and a large cake was served before the happy day. The evening was spent in singing Christmas carols and exchanging Christmas gifts.

Mr. and Mrs. Moncur were married Dec. 22, 1877, at Mt. Carmel, Utah. He was a native of Mt. Carmel and his bride was born in Denmark. They came to Rupert in 1903, among the first settlers of the community. Moncur was a contractor and helped lay out the streets of the town. Both he and his wife are members of the LDS church.

They are the parents of five daughters and six sons. The children are Mrs. Pearl Wilson, Wiseman, Calif.; Mrs. Nellie Christensen, Dando, Mrs. Myrtle Thomas, Oakdale, Calif.; Vern Moncur and Mrs. Lois Call, Twin Falls; and Mrs. Dora Chamberlain, Ida Melvin Moncur, Dale Moncur and Roy Moncur, all Rupert. They have 40 living grandchildren and 11 great grandchildren.

Four sons, five grandsons and one granddaughter served in the armed forces during the last war. One grandson was killed while in training.

Present for the reunion were all the children but two, Mrs. Thomas and Mrs. Wilson. A poem which she had written in honor of her parents was read to the group during the anniversary party.

FM Installation Is Recent Event

At a meeting Friday members of the F. M. club installed officers for 1948 and finished their a concert, a charity project.

Mrs. George Blec is the new president; Mrs. George Donaherty, vice president, and Mrs. Nellie Briggs, secretary-treasurer.

The next meeting will be in February with Mrs. T. J. Lloyd.

Carl Mullins and Ski Star Plan to Wed This Spring

Elma Hansen, daughter of Mrs. Louise Hansen, Portland, Ore., and Carl Mullins, son of Mr. and Mrs. J. J. Mullins, 239 Addison avenue, Twin Falls, announced their engagement at Sun Valley recently.

A desert luncheon was held to announce the event to friends. Both Miss Hansen and Mullins have been employed at the Sun Valley resort since Dec. 8, 1946.

Miss Hansen attended Oregon State college, Corvallis, Ore., where she was a member of Kappa Alpha Theta sorority. She also was a member of the Oregon State college ski team and won high honors in downhill and slalom ski competition.

As a national class A ski racer, she placed high in several national ski meets including the Hartmann cup races and the Olympic trials. Both of these events were held at Sun Valley last year. Miss Hansen is also a member of the Sun Valley Ski Club.

Mullins was graduated from Twin Falls high school and attended Hagerman business college, Salt Lake City.

The wedding is planned for May and will be held in Portland at Miss Hansen's home.

Dances Planned By Altar Society

HAGERMAN, Jan. 3.—Mrs. William Bagott entertained the Altar society last week as plans were made for the Basque dance held Saturday at the Legion hall. The society members arranged a cedar chest containing knitted sweaters and socks, which were sold at the dance.

Refreshments were served at the close of the meeting by the hostesses, Mrs. Baggett and Mrs. Ernest Robertson.

Piano Broadcast Scheduled Today

Betty Cromberger, daughter of the Rev. and Mrs. Mark C. Cromberger, will present a series of piano selections on the program, "Young Artists on the Ivoritis" over station KTFY at 6:30 p.m. today.

Miss Cromberger is a pupil of Mrs. Fred Pross.

Selections will include "The Revolutionary Hymns," Chopin's "Nocturne," and the first movement of Grieg's "Piano Concerto."

Birthday Dinner

Mrs. Margie Musser and Sister Dean Musser, Jerome, were honored Saturday on their birthday anniversary at a dinner party given by Mr. and Mrs. Dean Musser, Twin Falls.

At Least Five of Pioneer Managers Will Be Ex-Big Leaguers

The signing of Charlie Root, former pitching star of the Chicago Cubs by Billings, is the first of a line of moves by Billings to build a team of at least five of the former big league players.

Root, who pitched for the Cubs for 12 years, was one of the best pitchers in the league. He was a member of the 1905 and 1906 World Series winning teams.

Root is expected to be a valuable asset to the Billings team. He is expected to pitch in the first game of the season.

In addition, Root will help Stan Manager Jimmy Dyer coach pitcher at Holly Wood's spring training camp. The Billings team will play its pre-season drills at Whittier, Calif., April 1.

Root, who has won more than 200 games in major league play with the Chicago Cubs and pitched in four World Series, started his baseball career with the Los Angeles Angels of the Pacific Coast league in 1921.

He pitched for the Cubs on a relief basis as recently as two years ago and was a coach last season. His last game was in 1937 when he was 28 and lost 18 and was named "Pitcher of the Year" by major league baseball writers in 1929 when he won 19 and lost 6.

LOWE SIGNED
BOISE, Jan. 3 (AP)—Walter Lowe, playing manager of the Boise Pilots for the past two years, has been signed to manage the Boise club in the Pioneer League for 1948. Hadyn Walker, owner-president, announced today.

Lowe led the league in home runs, 40, and in total bases, 400, during the past year.

Boise finished fifth in the first half of the season last year and dropped to fourth in the second half. Lowe has had experience in managing a ball club and the only way a young manager can gain that experience is to be kept on the job long enough to adjust himself to all the conditions that come up during the season.

"All great major league managers were beginners when they started in Boise during the winter."

Jim Demaret Scoring Average Top Golfers

LOS ANGELES, Jan. 3 (AP)—Jimmy Demaret of Houston, Tex., and Ojai, Calif., won the Vardon Trophy for 1947, the Professional Golfers' Association announced today. The Texas, noted for his lavish sports attire and good golf, edged out fellow Texan Ben Hogan for the title—69.80 to 69.84.

Demaret, as previously announced, was also the high money winner of the year, with \$27,926.83 collected in tournament play.

Bobby Locke of South Africa maintained the best scoring average of the year, with 69.55 strokes in 42 rounds, but as a foreigner is not eligible to receive the trophy.

The award originated in 1921 in honor of the late Harry Vardon. Past winners were Harry Cooper, Sam Brent, Byron Nelson and Hogan. The award was discontinued during the war years.

Here are the top 10 players with the lowest stroke averages:

Player	Strokes
Jimmy Demaret	69.80
Ojai, Calif.	69.84
Ben Hogan	69.84
Bobby Locke	69.55
Sam Brent	69.55
Byron Nelson	69.55
Harry Cooper	69.55
Sam Brent	69.55
Byron Nelson	69.55
Harry Cooper	69.55

Vardon Winner

JIMMY DEMARET ... who won the Vardon trophy with the best golf average of 1947.

MRS. HARRIS RACE WINNER
ARCADIA, Calif., Jan. 3 (AP)—Lout Bowen's Mrs. Harris, a comparative outsider in the wagering, today won the \$50,000 Santa Susana stakes, a seven-furlong test for three-year-old fillies. Brookfield Farms' Habbet was second, with Candy Mena third.

On the **SPORT FRONT**

With **YOSS**

(The Scrivener)

Yo Oide Scrivener has made a new year's resolution—and it's not the kind that a look at his better would think he should make because the pudgy one made such a resolution unnecessary nearly six years ago.

The resolution that YOSS has taken is to make himself just as much a nuisance as possible with his hammering away at Twin Falls and the Magic Valley's No. 1 need—the need for a "Little Madison Square Garden" to take the best of the city.

The ancient word pudger is used to torment anyone in this city into thinking as seriously as he does on this project.

He's going to point his finger and say things such as: "A basketball game between the famed New York Celtics and the Kansas City Monarchs has to be taken to Kimberly because it cannot be staged here for lack of gymnasium facilities and also: There are now five Twin Falls independent basketball teams which must play all their games on the road."

Yes, sir, the typewriter tormentor is off to work on this project.

But it might bring results. As a matter of fact, it has already. And in that respect, here's the box score:

A rancher residing in the Castleford vicinity who loves kids has offered to invest \$20,000 in the project.

A contractor has offered to provide his equipment and the services of himself and an employee.

A building material dealer has offered to provide part of the material at cost.

And a group of men who get together for a weekly session at cards said they would raise \$20,000.

The project is not unattainable. The Twin Falls Magic Valley has done bigger things in the past and will do bigger things in the future.

Donations need not be sought. YOSS believes it should be a stock project and he has the advice of a business man who has his pulse on sports and athletics here in Twin Falls. He believes it should be a stock project and he has the advice of a business man who has his pulse on sports and athletics here in Twin Falls. He believes it should be a stock project and he has the advice of a business man who has his pulse on sports and athletics here in Twin Falls.

Sun Valley's Snow Puts End To Skiing Pact

First heavy snowfall of the year at Sun Valley added a foot of new snow in the valley floor and ended the plan of Magic Mountain and Sun Valley officials to exchange contents and ski.

In a letter prior to the interchange, Magic Mountain officials stated that they were not willing to exchange contents and ski.

Because of the lack of snow at the larger resort, a plan was being discussed by the two groups to transfer skis to Magic Mountain for skiing, and possibly to arrange future meals at the smaller resort. These new buses were ordered for use on the day after Friday.

The move was made in the interest of keeping many of the large ski tournaments in Idaho. According to W. P. Rogers, manager of Sun Valley, other states were making bids for many of these tournaments on grounds that their ski conditions were superior.

Rogers expressed his appreciation for the offer from the Magic Mountain area, pointing out that a small amount of snow at Sun Valley during the past two weeks had been badly worn by the several hundred skiers.

The plan would have involved approximately 115 miles of travel each way and mounting units had decided to remain overnight in Twin Falls, but would have been welcomed by many of the skiers who had come from many other states to participate in the famed Idaho skiing.

Union Pacific officials say the plan will be kept in mind and should snow conditions again become poor may be in use this year or in future seasons.

Rogers' Owner Will Talk Sale

ST. LOUIS, Jan. 3 (AP)—George P. Kinkaid, Louisville, Ky., owner of the Louisville Browns, announced today that he is interested in purchasing the St. Louis Browns. He is expected to hold a conference next week with Richard C. Muckman, owner of the American League franchise.

Kinkaid is the first of the would-be purchasers of the Browns to go so far as to make a direct talk with Muckman.

The Louisville man said he had the backing of two St. Louis millionaires in his negotiations but refused to disclose their names.

COWBOYS SWAP TWO FOR FIVE

Star Catcher Included In Deal With Ventura

President Maxey Deere of the Twin Falls Cowboys announced last night that Business Manager Jack Hatfield had completed what probably was the biggest player swap in the history of the Pioneer League. The trade involved seven players and brought to the local club a catcher, two pitchers, an infielder and an outfielder.

The trade was with the Ventura club of the California State League. Like Twin Falls a member of the New York Yankee farm chain. Ventura's catcher, Ed Latta, was traded to the Cowboys and will be pitchers Frank Prowse and Irv Liberton.

Famed Celtic Cagers to Play At Kimberly

The famed New York Celtic basketball professionals, in their first invasion of the western states, will meet the dusty Kansas City Monarchs Monday night, Jan. 19, in the Kimberly high gym. It was announced by Clyde Ross, athletic officer of the American League, who is sponsoring the event.

The Twin Falls Celtics, one of the members of the Magic Valley major league, will play a preliminary, probably against another major league team.

The name Celtics for many years has been rated right at the top among the professional cagers. Fans of this area probably recall well the names of such immortal court stars as Dutch DeJurat, Nat Hickey, Joe Lapechik, Davey Banks and Rusty Landrum, the original claimant which made the name Celtic famous in cage circles.

Though these veteran stars have retired from the active game, a new crop of younger players has been gathered to carry on, and this year the Celtics are coming out. They will play at Postelto in their only other Idaho appearance.

Record-Holder

LONDON, Jan. 3 (AP)—Lennart Strand, Sweden's crack middle distance runner, was recognized officially today as co-holder of the world record for 1,500 meters, the so-called metric mile.

The International Amateur Athletic federation announced he had recognized Strand's time of three minutes, 43 seconds, turned in at Malmo, Sweden, last July as a world mark, equalling that established previously by another Swede, Glinde Hager.

YALE VINS HEGETTA
WEST PALM BEACH, Fla., Jan. 3 (AP)—Yale's eight-oared varsity crew defeated Pennsylvania by three feet in a thrilling race today over the 2,000-meter Olympic distance on Lake Umbagog.

The Yale crew, led by Hegetta, won the race by a margin of two feet over an estimated 20,000 persons.

Little Ben Hogan Takes Lead In Los Angeles Open With 138

LOS ANGELES, Jan. 3 (AP)—Little Ben Hogan, repeating his performance of a year ago, took charge of the 27th annual Los Angeles Open today at a gallery of 10,000 turned out under ideal conditions at Riviera Country club.

Firing his second successive superb round in as many days, Hogan led with a 36-hole total of 68-70-138 with another cool disregard of the par-71 course.

The halfway stage of the event, which winds up Monday, found Hogan two strokes in front of the field.

Paterson's leader, Jack Harlan, El Paso, Tex., slipped to a 77, and such challengers as Bobby Locke of South Africa, unknown Dill Spiller of Los Angeles and former National Open Champion Lloyd Mangrum failed to keep the pace. Hogan forged to the front.

Montana Ring Champs Set for Golden Gloves

A Battle team to be selected from a list of 18 boxers, including nine who have won either state or intermountain championships, will be brought to the Twin Falls-Lexington northeast Golden Gloves tournament to be staged at the high school gymnasium on Feb. 2, 3 and 4 by the Y club there.

The team will probably be the most powerful ever represented in the tournament, according to Clyde Ross, the region's athletic officer.

Evans said the team will be picked from the following list:

John Maanovich, 175 pounds, Montana, and Idaho invitational tournament champion.

Jay Evans, 126, former state and intermountain champion.

Bill Barry, 135, state and Idaho invitational champion.

Seabee's Bout With Montoya Is Called Off

SALT LAKE CITY, Jan. 3 (AP)—A scheduled fight card on which fighters from four states were matched in feature bouts was cancelled last night when one of the boxers was unable to make his appearance because of transportation difficulties.

Jimmy Alvarez of Montrose, Colo., flying to Salt Lake City for the four-rounds Coliseum card, was grounded en route and Promoter Jim Downing cancelled the entire card. Olivero was to have fought middleweight Remo Paltieri of Toledo, Utah.

Another feature bout had been arranged between Frankie Montoya, New Mexico, and Bobby Seabee, Twin Falls, Ida.

Assault Will Duel Armed at Hialeah

MIAMI, Fla., Jan. 3 (AP)—Calumet farm's Armed and King Rans's Assault will duel under top weight of 150 pounds in the \$10,000 added Widener handicap at Hialeah park Feb. 21.

Calumet's golden gelding will carry a pound more than last year in the mile and a quarter test as he seeks his third consecutive Widener victory over a large field. Entered in two other stake races—the \$25,000 added gutstream handicap Jan. 15 and the \$25,000 added Leman at Hialeah Feb. 14—The 1947 Calumet, a 4-year-old, might surpass Blyme's record earnings of \$41,000 by winning the event.

Slot Machines Termed 'Worst' Demoralizing Factor for City

Editor, Times-News: Often in the past few months I have contemplated writing an open letter to the people of Twin Falls concerning slot machines. I have never seen anything, including liquor, so demoralizing to so many people. I have watched people play these machines with every cent they could scrape together. I have seen them literally borrowing money with which to "hit the jackpot," which they believe is worth the pay any day.

Whether a jackpot may or may not pay at any given time is merely conjecture, as the paying is only up to chance.

There are mothers and fathers who play these machines. They probably need the money badly for their families. We have enough evil influences in our daily lives without any of these legalized "un-armed robbers."

Only the week before Christmas I listened to a radio appeal by Mrs. Helen Bailey of the local Red Cross chapter. This appeal was directed to the people of this city to help in

every way the many needy families. Mrs. Bailey said in her report that she had never before in her years of service seen so many destitute people.

I wonder if she realized that the slot machines play a big part in causing this deprivation? Let's do help the needy, let's get behind any or all organized efforts working to rid our city of these machines, and let's stand behind them until they are cleaned out of Twin Falls.

I've heard the argument that nobody is forcing people to play the machines. There are many decent people who are too weak to resist a thing like this. Are we supposed to tempt them before them or should we try to lift them above such things?

One way to help is to abolish the machines and keep them from the city.

If we have to have city improvements at the expense of hundreds of deprived children, for one don't want the improvements.

MRS. BUD SILVERIS
(Twin Falls)

"Forgotten People" Are Noted In His New Year Remembrance

Editor, Times-News: Here is a New Year's remembrance of the often-forgotten people to whom we all owe so much: To the firemen and the policemen who guard our property and our lives. To the telephone operators, who are there when we call; to the service men and linemen and engineers without whom our calls would never get through. To the many vital employes of the electric light company, whose constant vigilance assures us of light and power in time of darkness and need. To newspaper editors, printers, reporters and pressmen and advertising and circulation personnel—without these we should have no daily papers. To the post-men, mailmen and out-lets who carry on, year in and year out, the tedious business of handling our letters and packages. To the janitors who keep clean and light and warm the many business and public buildings which we use. To the men who clean streets and

haul away garbage and rubbish. To the plumbers, furnace men, electricians who are called to repair the broken pipe or wire or mechanism upon which our comfort depends. To the bakers, cooks, hotel and restaurant employes whose work it does when the dawn breaks. To the bus and taxi and truck drivers upon whom we depend for the things we use. To those who keep the long night watch over machine and market. To the doctors and nurses on night call and duty. To all of you—the often forgotten and the often forgotten and our greetings at the beginning of a new year. We humbly acknowledge our debt to you for unseen but indispensable services rendered. We pray that the new year may bring much good to all of us, and that throughout its hours and its days we may all find light and health, prosperity and happiness.

DONALD B. BLACKSTONE
(Pastor First Presbyterian church, Twin Falls)

Bnhl Boy, Age 10, Claimed by Death

BUENA, Jan. 3.—Richard Lee Johnson, 10-year-old son of Mr. and Mrs. P. B. Johnson, died at 8:15 a. m. Saturday at the Twin Falls county general hospital.

The boy was born Oct. 8, 1937, in Buena, where he lived for three years until the family moved to Pocatello. In 1944 they returned to Buena. Johnson is owner and operator of the Twin Falls-Buena truck line.

Richard was a student in the fifth grade at Lincoln school, Buena, and was a member of the Bnhl LDS church.

In addition to his parents, he is survived by his sister, 6-year-old Joyce; his brother, 1-year-old Jan Mac; his paternal grandmother, Mrs. Harry R. Williams, Salt Lake City, and his maternal grandparents, Mr. and Mrs. Frank Diaz, McCallman.

Funeral services will be held at 3 p. m. Tuesday at the Bnhl LDS church with Bishop William Poole officiating. Interment will be in the Bnhl cemetery under the direction of the Albertson funeral home.

The family has announced that the casket will not be open during the services but the body will lie in state and may be viewed in the funeral home until noon Tuesday.

Pioneer of Area Dies in Arizona

Word has been received of the death of T. C. Landers, pioneer farmer of the Twin Falls tract, who died Dec. 27 in Phoenix, Ariz.

Mr. Landers and his wife had been vacationing in Arizona during the winter months. Although he had retired from active farming for the past several years, Mr. Landers resided on a farm south of Twin Falls. He and his wife came here in 1917.

In addition to his widow, there are survivors in Otisawa, Ill., his home town. The body was shipped to Otisawa, Ill., for funeral services and burial.

CALIFORNIA VACATION PILGER, Jan. 3.—Mr. and Mrs. W. R. Chaso and Mr. and Mrs. Henry Cross left yesterday for a month vacation in California and Arizona.

Safety Group Sees Need of 'More Study'

BY JAMES J. STEZIG
AP Aviation Editor

WASHINGTON, Jan. 3 (AP)—A blue ribbon board of experts picked by President Truman to study air safety has concluded that this is a continuing danger which requires "constant concentration by both industry and government."

The five men did not agree on all points, but their final report released by the White House last night. The special board was appointed June 15.

Milton W. Arnold, vice president of the Air Transport association, filed a minority report criticizing the majority for branching off into economic problems "under a cloak of safety."

"Complexity is Fault" For his party, Arnold, a retired air force brigadier general, said that "fundamentally, the fault in commercial aviation is its complexity; therefore the panacea is simplification."

He added that there is little hope for great advances in simplification for several years, but that nevertheless safety and reliability are continuing to improve.

The majority said the safety record of the airlines, considering their post-war problems "is eminently commendable."

Veterans File Disagreees Howard B. Cox, a veteran airline pilot representing his union, disagreed with the majority's discussion of personnel problems and announced that he will file a memorandum.

The board was headed by James M. Landis, former chairman of the Civil Aeronautics board. In addition were T. P. Wright, civil aeronautics administrator, and Jerome C. Hunsaker, chairman of the national advisory committee for aeronautics.

The board made live reports containing 86 recommendations during the first 10 weeks of its existence. Yesterday's report was the sixth and was devoted to broad discussions of safety matters.

Students at Filer Return to School

FILER, Jan. 3.—Students who returned this week-end to resume their studies at various schools and colleges are:

Louis Emerick, Claude Oliver, Jr., Jerry Leeper, James Bowen, Earl Richard, Wallace Johnson, Duane Duerig, Mary DeKlois, Gilbert DeKlois, Jr., Roger Vincent, Ruth Richert, Leonard Winkle, William Winkle, Donald Jasper, Ellen Eise Joelin, Carl Winkle, Georgia Lou Ehrhart, Duane Hameyer, Margaret Ann Smith, Janice Hameyer, Marietta Anderson, Linnæe Larson, Rose Ann Richert, Barbara Helcher, Mahlon Hammerquist, Margaret Laury and Emerson Hammerquist.

Water Users Set Boise Conference

BOISE, Jan. 3 (UP)—Maurice H. Greene, Boise attorney, said today a special water users committee of the National Reclamation association will meet in Boise Wednesday. Greene is the committee chairman. The committee will prepare for a hearing Jan. 11 in Washington of the house public lands committee on a bill relating to irrigation and repayment contracts. Greene will attend the hearings.

Other members of the committee are O. L. Norman, Phoenix, Ariz.; Russ Morris, Zillah, Wash.; Milton L. Midd, Modesto, Calif.; and J. I. Rovig, Mandan, N. D.

Grangers Appoint Committee to Filer Installation

FILER, Jan. 3.—Committees were appointed at the joint installation of officers of the Filer and Persons Granges in the Filer Grange hall Friday evening.

Committees include: Home economics, Mrs. J. H. Sharp, chairman; Mrs. Paul Haah, Mrs. Homer White, Mrs. Ernest Filer and Mrs. Elwood McCauley.

Pair: Paul Haah, chairman; P. J. Eamhauser, Loren Drake, W. R. Lesche and Ernest Filer.

Resolutions: Everett Bonnichsen, chairman; Robert Brackett and D. N. Zapflicht.

Grounds: J. H. Sharp, chairman; Fred Knapp, Lloyd Thomas and Francis Sharp.

Decorators: Mrs. Fred Murray.

L. F. Power Cut By River Ice Jam

IDAHO FALLS, Jan. 3 (UP)—Municipal electrical production has been drastically curtailed in Idaho Falls by an ice jam on the Snake river in the Hells district which has brought a sharp drop in the water flow. Mayor E. W. Panning reported today.

The mayor said two newly purchased Diesel engines are operating continuously in an effort to meet the city's power demand, but expressed a fear that shortages may occur during the peak periods at noon and the evening dinner hour if the ice jam continues.

"In most cases, those ice jams are usually broken up within 48 to 64 hours," he said. "If the ice jam continues and brings a further drop in the river flow, we may face an acute power shortage problem here."

Sleeping Harness Hangs Boise Tot

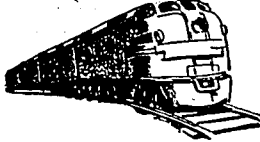

BOISE, Jan. 3 (UP)—A sleeping harness strangled Susan Jane Priest, 1 1/2-year-old daughter of Mr. and Mrs. Ralph Priest, last night.

Clyde Sumner, Ada county coroner, said the child was sleeping in a bunk type bed with the zipper jacket to keep her from getting uncovered. She apparently threw her feet off the bed and the harness acted as a noose. He said no inquest would be held.

Oregon Solon Raps Attacks For Rationing

WASHINGTON, Jan. 3 (AP)—Senator Morse, R., Ore., today attacked members of congress who have suggested meat rationing, and he demanded minimum government controls of corporate profits and basic industrial materials.

"They should not be allowed to have those controls just to the liking of their industrial constituents," Morse said in a statement.

"It is right to exercise minimum government control in the field of food supply, then it is right to exercise minimum inflation control in the field of industrial supplies which this consumer must buy."

Notes Flanders' Concern Morse said he had noted the great concern of my good friend Senator Flanders, R., Va., over the prospective shortage of meat supplies.

"In fact I have noted that a considerable number of eastern senators seem to be ready and willing to place compulsory government checks and controls upon the products of the American farm but cry about police state methods when anyone suggests some checks and controls upon corporate profits and allocation of the short supply of basic industrial materials."

Inflation Act "Ineffective" "I wonder if some of these senators are beginning to recognize, not too soon, that the anti-inflation act which they voted in the special session of congress will not be effective."

Morse said he did not want the country to go back to the drastic war time controls.

The declared "Senator Flanders and others should remember that the American farmer is entitled to protection against the speculative and profits of eastern industrialists who manufacture the goods that the farmer has to buy."

Flanders to Push Meat Ration Plan

WASHINGTON, Jan. 3 (AP)—Senator Flanders, R., Va., said today he will introduce legislation shortly setting up meat rationing machinery to be put into operation by congress if a serious shortage develops.

Flanders said in an interview that a bill he is now introducing to authorize the agriculture department to go ahead with plans for meat rationing. Congress, he said, could pass a measure putting the program into effect, the senator said.

Flanders said his bill, which he plans to introduce shortly after congress convenes Tuesday, will make no provision for price control. He said it will aim at holding meat prices in line by strict regulation of the number of ration coupons in circulation.

The House of Representatives Anderson predicted last night's resolution will be asking for meat rationing by spring.

Traffic Fines

A total of \$141 was paid to the city of Twin Falls by traffic law violators Saturday.

Frank Somson, Hatley, paid \$3 after he pleaded guilty to a charge of reckless driving. He was fined before Judge J. O. Humphrey.

John L. Maxwell, Buhl, paid \$22 for speeding while John W. Lehmann paid \$18 and Melvin D. Chaffin paid \$13 on similar charges after they appeared before Judge Humphrey.

For an improper left turn, Orville D. Hyde paid \$2 and Martin Meyer paid \$15 as amount for improper parking.

Others, each of whom paid \$1 for overloading parking, included O. P. Yerrington, A. R. Powers, W. J. P. E. Floyd, D. Alvord, Mrs. W. L. Blundell, G. H. Christopherson, L. H. Smith, L. J. Schreyer, Pay Coq, Leo W. Baudlan, H. Betty Cronenberg, Mrs. Calvo Matthes, Wayne Danner, Robert O. Norton, L. Boyd, James Twitz, Jr., Leonard Mernch, Clark Dahn, D. E. Bears, Lyle Williams, L. D. Ball, T. E. Tyke, E. H. Schrage, the Rev. Mr. White, Kenneth L. Stern, John Rogers, W. A. Poe and L. K. Niccum.

Taxes Collected RUPERT, Jan. 3—County Assessor Arthur T. Smith reports that \$31,227.74 has been collected in personal taxes in 1947. This is 89 per cent of the total amount due. On the delinquent list, \$280,647.12, a two per cent penalty will be added, Smith said. If not paid soon, the delinquent list will be turned over to the sheriff for collection.

Theirs Is Really a Happy New Year for 1948

Mr. Arnold Ecker was all smiles when presented a letter authorizing receipt of gifts from his Twin Falls and Buhl business firms for her baby boy, Paul Duane Ecker, as the first Twin Falls county baby of 1948. All she could say was, "My goodness!" and "I don't know where we're going to put everything." Mrs. Ecker is shown above with young Paul Duane, who became "first baby of 1948" by arriving at 3:45 a.m. Thursday at the Twin Falls county general hospital. Also shown is the list of gifts. (Star photo-entouring.)

Boyle "Reverses" Field; He'll Not Make Annual Resolution

NEW YORK, Jan. 3 (AP)—"I was a pretty 'copy boy' in our office. She has dark curly hair and the kind of underpinning that made Marlene Dietrich famous in her earlier generation."

A moment ago also cured me, my desk and my what was her most important new year resolution, and she said:

"To quit chewing my fingernails."

She moved away, her rear bumper narrowly missing a typewriter, and I thought bravely, "My, how times do change."

Twelve years ago I was a copy boy, too—in the primal days when copy boys were really boys and could split between their teeth and the lipstick era in the city room hadn't even dawned. And I remember the great new year's resolution I made then.

It was to read Leo Tolstol's "War and Peace" clear through without fudging.

It was this resolution that started me chewing my fingernails. It may not sound like much of a resolution to you, but "War and Peace" has turned me into a literary hypocrite and put calluses on my conscience thicker than the barnacles on Nomi's ark.

For 12 straight years I have made this same resolution and failed.

So whenever any of my well-bred friends remarked, "Doesn't go so well and so remind you of the character Toly Ilyevitch in 'War and Peace?'" I'd bark quickly:

"But of course. Who else but Toly Ilyevitch indeed?"

"I bet that I haven't tried to wade through 'War and Peace' but it has more characters with difficult names than the Moscow phone directory and its almost as long as 'Anthony Adverse' and 'Gone With the Wind' put together. And I am allergic both to strange names and endless prose, however good."

"War and Peace" is so heavy you have to hire someone to hold up the book while you read it. Even so I once got halfway through. Any number of times I have burrowed one corner the way. From 1932 to 1942 I was undoubtedly the

world's greatest living authority on the first four chapters. In recent years, however, I have fallen asleep every time after the 10th page.

This year I don't care if Tolstol replaces "Mother Goose" in the primary grades. I am through with pledges and broken promises. I can't want to and won't read "War and Peace" in 1948.

There!—At last. I can quit chewing my fingernails and start life again as an honest man.

ed to keep it. So this year I am going to reverse the field and say flatly that I never intend to read "War and Peace" I am done forever with Tolstol and his long-winded story. And I don't care if I never find how the story comes out.

My long struggle with the book began after a high school English teacher mentioned of hand it was undoubtedly the greatest novel ever written.

"Since then I have found that 'War and Peace' is a kind of 1,000-page passport among the capitalists and intelligentsia—the Democrats and Republicans of the mental atmosphere. They count you as an orphan of the literary world if you admit not having read it."

So whenever any of my well-bred friends remarked, "Doesn't go so well and so remind you of the character Toly Ilyevitch in 'War and Peace?'" I'd bark quickly:

"But of course. Who else but Toly Ilyevitch indeed?"

"I bet that I haven't tried to wade through 'War and Peace' but it has more characters with difficult names than the Moscow phone directory and its almost as long as 'Anthony Adverse' and 'Gone With the Wind' put together. And I am allergic both to strange names and endless prose, however good."

Navy Sending Marines Unit To Near East

WASHINGTON, Jan. 3 (AP)—A group of marines whose number the navy declines to disclose will sail Tuesday to strengthen U. S. forces aboard the aircraft carrier Midway, three light cruisers and 10 destroyers now stationed in the Mediterranean sea.

The cruiser Little Rock and two of the destroyers are based at ports in Greece, which this country has been trying to bolster against communist encroachment. The other craft are in Italian waters.

Eight One Five

The only clue to the size of the marine force given in the navy announcement last night was that the men, all from the second division, will make the trip on a "normal" transport of 12,000 to 15,000 tons fully loaded. They will leave from Morehead City, N. C.

The men are being sent to the navy, for shipboard training and to "restore the total personnel on board to approximately the normal over-all complement" of the carrier and three cruisers.

Carriers in the Midway class normally carry 2,200 men, including 100 marines, of whom 1,000 men of whom 50 are marines.

However, the navy said American navy ships have been undermanned for some time.

The navy turned aside questions whether it has plans to send additional marines or ships to the Mediterranean later.

ACT FLAYED IN PARIS PARIS, Jan. 3 (AP)—The communist newspaper L'Humanite today described the American marines sent to the Mediterranean as "an entire Corps of mercenaries sent by the masters of Wall Street."

"This American intervention in Greece is no longer concerned simply with massive allocation of arms and munitions and sending of 'advisers' to command fascist borders," it said.

Other newspapers here did not carry the announcement.

BRITONS SEE POLICY SWITCH LONDON, Jan. 3 (AP)—The liberal News Chronicle today interpreted America's decision to send a new force of marines to the Mediterranean as a step in American foreign policy.

While this step is officially explained in terms of "normal technical procedure," it is clearly related to Mr. Marshall's policy to apply all the resources at America's command to contain communist pressure in southeast Europe and, in particular, reinforcement of the Greek regime," the article said.

Most other papers carried brief announcements, without interpretation, on their front pages. They featured the point that some of the marines would be sent to the cruiser Little Rock, now stationed at Piraeus, Greece.

Violinist Artist to Appear Here In Concert Slated Wednesday

Within a period of only five seasons in this country, Tosy Spivakovsky, brilliant Russian violinist, will be heard in Twin Falls under the auspices of the Community Concert association, has come to town with the great masters of the bow.

Born in Odessa, southern Russia, in 1910 he was taken to Berlin at an early age to study violin with Arthur Schnabel. He made his debut at the age of 17 in New York. Full harmonic symphony, he immediately invited Spivakovsky to play the New York premiere of the Bela Bartok "Violin Concerto" the young fiddler was embarking on a sensation.

Now embarked on his second trans-continental tour of the United States, he is scheduled to play at the ever-growing city of the Beta Beta Beta "Violin Concerto" the young fiddler was embarking on a sensation.

Spivakovsky did not reach his achievement as one of the foremost violinists of the day through the usual 19th century procedures customarily associated with fiddle geniuses. His success stems from more solid grounding and astute to the increased recognition of the demands of concert audiences who want more than technical performance.

Spivakovsky knows for during the whole of his career, which is a lengthy one in spite of his youth, he is reputed to have held to the course of uncompromising musicianship. It is said that he has never believed in playing music for the sake of mere effect nor for sheer sensationalism.

Mrs. George Waberg of the Community Concert association says that Spivakovsky's appearance in Twin Falls will be the high point of the current concert series. The performance will begin at 8 p. m. at the high school auditorium.

MEETING ANNOUNCED TWIN FALLS, Jan. 3—Ester Rowland, chairman of the Tupper market dimes committee, has announced that a committee meeting will be held at 3 p. m. Monday in the Chamber of Commerce room.

STICKS TO METHOD Spivakovsky knows for during the whole of his career, which is a lengthy one in spite of his youth, he is reputed to have held to the course of uncompromising musicianship. It is said that he has never believed in playing music for the sake of mere effect nor for sheer sensationalism.

Mrs. George Waberg of the Community Concert association says that Spivakovsky's appearance in Twin Falls will be the high point of the current concert series. The performance will begin at 8 p. m. at the high school auditorium.

MEETING ANNOUNCED TWIN FALLS, Jan. 3—Ester Rowland, chairman of the Tupper market dimes committee, has announced that a committee meeting will be held at 3 p. m. Monday in the Chamber of Commerce room.

Inflation Law 'Enforcement' Handed Aides

WASHINGTON, Jan. 3 (AP) President Truman today handed an executive order delegating responsibility for administering the Republican anti-inflation law.

Responsibility was assigned to Secy. of Interior J. A. King, Secy. of Agriculture Clinton F. Anderson, Secy. of Commerce W. Averell Harriman, Atty.-Gen. Tom Clark and Defense Transportation Director M. Johnson.

Signed "Reluctantly" The act was signed "reluctantly" this week by Mr. Truman, who called it "spurtly inadequate" to combat inflation. It provides for extension of export and import controls through Feb. 28, 1949, voluntary agreements to allocate scarce industrial materials and authority to restrict use of grain by distillers during January.

The five officials will consult with representatives of industry, business and agriculture in reaching voluntary agreements to carry out provisions of the act.

Collaboration Sought In letters to each, Mr. Truman asked them to "collaborate as closely as possible in developing plans and carrying on activities to implement their respective responsibilities under the executive order."

As a first step, the President asked the group should select immediately a principal member of his staff to constitute a working committee to study operations and to make recommendations from time to time on procedures to be adopted.

"This group should select its own chairman and arrange to meet as frequently as necessary to perform its function," Mr. Truman said.

334 Clubs Given State's Licenses

BOISE, Jan. 3 (AP)—The state law enforcement department said today it has issued new retail liquor licenses to 334 clubs to date.

The applications of 23 other clubs are being held up subject to investigation and because no information was submitted on renewal of beer licenses.

Last year 430 clubs were licensed to sell liquor by the drink in Idaho.

HOME FOR VISIT PILER, Jan. 3—Dean Jullin, student of Idaho State college at Pocatello, spent New Year's day at his home.
