

Steel Price Hike Termed 'Against Public's Interest'

WASHINGTON, March 13 (AP)—President Truman's economic advisers said tonight the price increases by major steel companies were ordered without due regard for the "public interest." The justice department said they warrant further anti-trust investigation.

Three reports, requested by Mr. Truman following February's round of \$5 to \$6 a ton price boosts on semi-finished steel, were made public by the White House.

Czechs' U. N. Envoy 'Fired' By New Rule

LATE SUCCESS, March 13 (P)—The Prague government today fired Dr. Jan Papek as Czechoslovak delegate to the United Nations, but Papek defied the communist-dominated regime he has bitterly attacked.

Three reports, requested by Mr. Truman following February's round of \$5 to \$6 a ton price boosts on semi-finished steel, were made public by the White House.

The gist of their findings: Presidents, courts and economic advisers: The action demonstrates that inflationary influences are still strong in the Czech steel industry and that no real economic legislation should not be delayed.

Collected Denied
Justice department: All producers questioned have denied price-fixing collusion. The action demonstrates that inflationary influences are still strong in the Czech steel industry and that no real economic legislation should not be delayed.

That was the day when Papek attacked the communist government in Prague, accused it of siding the communists to gain control, and demanded that the U. N. security council investigate the case.

Papek acted without informing Prague what he planned to do, and by telephone that "I am going to be in my position." He said he would bow only to a written recall signed personally by President Benes.

Chile Spies Action
Since he blasted the communist-dominated regime, Papek has obtained a sponsor in the U. N. Chile yesterday took up his complaint against Russia, and the security council decided to put the case on its provisional work-sheet for next week.

The defiance by Papek gave the U. N. a knotty legal problem.

Robbers Didn't Plan on Them

ANCHORAGE, Alaska, March 13 (AP)—The wreckage of a small Shanghai-to-St. Paul airliner which vanished last night with 30 persons aboard was sighted on an Alaska mountainside today.

Walter Platt, CAA regional administrator, said the Northwest Airlines plane rammed into a sheer rock cliff at 11,000 feet and tumbled about 3,000 feet down the mountainside.

Lost Airliner Sighted Wrecked; 30 Aboard

ANCHORAGE, Alaska, March 13 (AP)—The wreckage of a small Shanghai-to-St. Paul airliner which vanished last night with 30 persons aboard was sighted on an Alaska mountainside today.

Walter Platt, CAA regional administrator, said the Northwest Airlines plane rammed into a sheer rock cliff at 11,000 feet and tumbled about 3,000 feet down the mountainside.

Hero's Medal Given to Boy, 8, at Burley

BURLEY, March 13—Roy Lee Grindrod, 8, who drove his blinded father, brother and another boy to a hospital in time to save their eyesight, was honored Saturday morning over the Abbott and Costello show.

Roy received the weekly Lou Costello, Jr. youth foundation award and was showered with gifts, including the youth foundation gold engraved trophy for outstanding citizenship and the Abbott and Costello gold medal for heroism.

National Recognition
Roy's part was portrayed by a professional actor and a Hollywood cast reenacted the incident which brought the boy national recognition. The screen comedian turned serious for a while and narrated the play.

Other prizes presented to Roy were a solid gold wristwatch, engraved "from Dad and Mom," a gold pen and pencil set, a three-way portable radio, a new bicycle and collection of football, basketball, softball and tennis balls.

Saved Eyeght
Roy's feat saved the sight of his father, Louis Grindrod, his brother, Kenneth Grindrod, and Paul Chesley. The trio was digging a government test well north of Paris when a gas explosion temporarily blinded them.

The youngster led the three victims to his father's car, directed his father to the driver's seat, then sat on his father's lap steering the car through country roads while his father operated the car controls by touch.

"Plenty Material" Available in GOP, Smylie Tells Club

CALDWELL, March 13—The Republican party has plenty of material from which to make a presidential choice in 1948, according to Robert E. Smylie said tonight.

We have a wealth of material from which to make our choice," he told the Canyon county Republican luncheon club. There are men whose whole career has been spent in exercising the executive function.

Smylie listed a number of qualifications he considered necessary for the GOP presidential nominee and mentioned problems confronting the President.

"He will have asked us to give him the toughest job any group of people ever gave to any man," Smylie said. "It is not enough that the next President be a good man—he must be a very great man."

Grange Schedules Degrees at Meet

HOLMISTON, March 13—Degrees are scheduled to present all new members of the 30th district Grange. Master Homer Roberts announced at the last regular Grange meeting.

A report was given on the Farmers' hall which was sponsored by the Grange. It was reported that 422 voted at the hall will be turned over to 4-H club work.

A program was presented by members of the home economics committee.

Refreshments were served by Mr. and Mrs. Warren Stead and Mr. and Mrs. Ralph Ward.

The next regular Grange meeting will be held March 24.

'Most Courteous' Driver Given \$5

In an attempt to promote greater courtesy on the part of drivers in Twin Falls, \$5 is being awarded each week to the driver selected by city traffic officers as the "courteous driver of the week."

The campaign started last week with Gus R. Rice, Twin Falls, selected to receive the \$5 award.

Sponsor of the program is the city cleaners. The cleaning establishment awards \$5 to the driver selected by city traffic officers.

Writ Seeks Okay For New Village

POCATELLO, March 13—With District Judge L. E. Glennon today under advisement a petition for a writ of mandamus to force Bannock county commissioners to incorporate the village of Blackfoot two miles south of here.

The commissioners denied a petition of incorporation last month.

Traffic Fines
Traffic fines amounting to \$45 were paid by 14 motorists Saturday, according to Twin Falls police.

Fines of \$15 and \$3 each were paid by Marion S. Swenson, cited for speeding, and Maria W. Nees, for failure to halt his vehicle at a stop sign.

Paying 11 fines for overtime parking were Dudley Driscoll, W. L. Gardner, J. H. Oreson, P. A. Skinner, Kyle Wattle, Anthony Chasler, E. H. Riley, S. J. Brown, H. L. Manley, L. R. Still, Joyce Fisher and Russ Wilcox.

Home Economics Parley to Draw Valley Delegates

NAMPA, March 13—The annual spring meeting of the southwest district of the Idaho Home Economics association will be held March 20 in Boise. Jean Kilpatrick, district counselor of the association, said today.

Representatives from Twin Falls, Jerome, Lincoln, Owyhee, Elmore, Ada, Camas, Boise, Canyon, Gem, Payette, Valley, Washington and Adams counties are expected to attend the conference at the Hotel Boise. Registration will begin at 8:30 a.m., with the formal business meeting opening at 10 a.m.

A roundtable discussion of consumer problems will occupy the morning session at which Sarah Scharr, Boise, adult vocational homecoming teacher, will preside.

In the afternoon, Mrs. E. W. Yarburt, president of the Boise League of Women Voters will speak on "What Is Woman's Job Today?" and Mrs. W. P. Kallenberger, former Boise Junior college art instructor, will give an illustrated talk on home decoration.

Jobs Opening up, Bureau Declares

BOISE, March 13—The Idaho state employment service today forecast increased job opportunities in Idaho industries.

The agency said there had been some reduction of employment in retail stores but there had been expanding activity in construction, transportation, agriculture and service industries.

An ample supply of labor is indicated by the March 1 total of 11,169 job seekers registered with IDES offices. Included among the unemployed were 1,648 women and 5,526 veterans.

During the past week job listings jumped 11 per cent to a total of 1,051. Most of the job listings were in skilled trades, the agency reported.

Officers Elected By Pershing PTA

RUPERT, March 13—Ralph Rosecrans was elected president of the Pershing school PTA Friday at a meeting held in the Rupert high school auditorium.

Other new officers include Adam Schell, first vice president; Mrs. J. E. Holmes, second vice president; Mrs. Horace Nelson, secretary; and Mrs. Frank Krivavak, treasurer.

County Agent Willard E. Kuns gave a talk on 4-H club work and showed slides on 4-H club projects. Refreshments were served by Mrs. Horace Nelson and Mrs. George Thompson.

Rupert Graduate

RUPERT, March 13—Harold Anderson, son of Mr. and Mrs. A. O. Anderson, has been graduated from Woodbury college, Los Angeles, Calif. Anderson, who majored in interior designing, is in Phoenix, Ariz., where he plans to open an interior designing shop.

Traffic Fines

Traffic fines amounting to \$45 were paid by 14 motorists Saturday, according to Twin Falls police.

Fines of \$15 and \$3 each were paid by Marion S. Swenson, cited for speeding, and Maria W. Nees, for failure to halt his vehicle at a stop sign.

Robins Urges New Methods On Road Tax

WEISER, March 13—Another method of financing road construction in addition to the gasoline tax, was advocated today by Gov. C. A. Robins.

Addressing the Route 53 association, the governor said the state needs more money than the gasoline tax provides "because the cost of building and maintaining roads has increased." He also said increased travel has put a burden on Idaho roads.

Advocates Truck Boost
Governor Robins also advocated that heavy vehicles pay more of the cost of road building and maintenance than they now bear.

Recent figures released by the state highway department show truck licenses provided 51 per cent of the revenue from sale of vehicle licenses. Revenue from licenses also goes for highway building and maintenance, most of it in county highway districts.

Faster Approved
The association approved the publishing of an illustrated folder promoting the scenic spots along the highway which stretches from the Mexican to Canadian border.

A budget of between \$3,500 and \$4,000 was approved and a plan adopted to collect about 10 cents per capita from cities along the route, Idaho, Nevada and Oregon cities from Moscow to Winnemucca, Nev. were represented at the meeting.

John Markey, 79, Claimed by Death

HAILEY, March 13—John Edward Markey, 79, Hailey farmer, died at the Hailey clinical hospital at 8:30 a.m. Friday after several months of illness.

Mr. Markey was born May 13, 1868, in Ekstorn, Wis. and came to Hailey to live with his sister and her husband, Mr. and Mrs. Gilbert Fleming, 32 years ago.

Mrs. Fleming is his only survivor. He was retired at 8 p.m. Saturday in the St. Charles church and funeral services will be held at 2:30 p.m. Sunday with the Rev. Father L. M. Dougherty officiating.

Burial will be in the Hailey cemetery under the direction of the Haris funeral home.

Two Die in Mishap Of Private Plane

LEVAN, Utah, March 13—A cramped private airplane, its two occupants dead, was found today in a central Utah field.

The craft disappeared Wednesday on a flight from Richfield to Salt Lake City.

Aboard the plane were D. C. Winget, 37, Sevier county attorney, and Reed F. Watson, 32, Annabella.

Wreckage of the plane was located in a grain field, three miles south of Levan. The site is about 80 miles south of Salt Lake City.

A Utah state highway patrol trooper, E. C. Shurwood, Nephi, and a Levan farmer, Eldon Chase, found the wreckage.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—The prospect of an atomic war against Russia in the fairly near future has been discussed in many quarters at the capital in recent days, although it is a dread question which nobody wants to raise openly or frankly.

As a consequence of the seizure of Czechoslovakia and menacing moves toward Poland, members of congress reluctantly envisage the necessity of applying greater pressure than that which could be applied by a plan or in the military aid extended to Greece and Turkey.

The idea of a possible use of force is inherent in the questions President Truman and Secretary Marshall. "How far are we going to let Russia go? What plans have we formulated for stopping her if the Marshall plan is not sufficient?"

It also lies behind Washington's virtual sponsorship of a military alliance linking the western European nations embracing the Marshall program. It motivates the proposal for shipment of additional arms and weapons to Athens and Ankara. The administration realizes that the economic relief and rehabilitation plan will not halt the Russian steamroller at its present advance post.

BOMB—Should war appear to be the only alternative, the question will arise immediately as to whether the United States shall drop atom bombs on the cities, industries, transportation facilities and fortifications.

It probably has arisen already among top-level military circles. It is known, however, that we have continued to manufacture the missiles, and that we have stockpiled them in readiness for the day when those which destroyed Hiroshima and Nagasaki.

WALL—It is the Czech coup which has precipitated this gloomy talk at Washington. Both administration and congressional realists like the present situation which has existed in the few months before Munich.

The western nations, according to this viewpoint, now stand vis-a-vis Russia as England and France stood vis-a-vis Germany in 1938. However, the fact is, that Stalin cannot be trusted to keep any pledges, the only alternative seems to be war if the economic and military aid is not to result further Soviet aggression.

ITALY—The western nations and military experts carry the Munich analogy still further. Hitler promised that he would grab no more territory after he was given the Czech Sudetenland under the pact. When he broke that agreement by invading Poland, London and Paris decided that it was time to fight.

Italy is looked upon as the Poland of the current crisis. The Munich agreement was made in 1938. Italy's April 18 elections, further assistance to Greece and Turkey will be useless. The Mediterranean will become a Russian lake. The Balkan Peninsula will become a factor insofar as checkmating the sweep of communist power is concerned.

DARK—Military analysts paint a dark picture of the initial stages in the event of actual hostilities. They say that Russia could drive very many soldiers out of western Europe within a few weeks.

including the British, American and French troops still stationed in Germany. Dunkirk would be only a makeshift in comparison.

American reinforcements, especially planes and atom bombs flown to England and possibly Norway and Sweden, would be of little use unless the United States would be to the salvation of the democracies.

They would be relied upon to smash extended enemy supply lines and to destroy munition factories within Russia.

PUBLIC—Frightful as this dismal scene may be so soon after World War II, it does not seem far-fetched or impossible in the minds of responsible men at Washington. It strikes them as a distinct possibility, if Italy falls into Stalin's hands.

The discouraging aspect to many military, diplomatic and congressional observers is that the administration has made no attempt to prepare the public mind for such an eventuality, any more than its predecessor kept the American people informed on the danger of Japanese attack on Pearl Harbor.

TICKETS—The Democratic national convention planned to open at the Waldorf-Astoria Hotel in New York was to be nominated as a mere formality, but the Wallace war and the southern rebellion may make the GOP show at Philadelphia.

There was only a small demand for working press tickets for the Democratic party a few months ago, as against a rush to attend the Republican rally. Now, however, the requests for seats to the Truman-Wallace-Bridges three-ring circus exceed the supply.

VIEWPOINTS OF OTHERS

WHAT'S OUR POLICY?
The national committee on atomic energy department were put on the spot, so to speak, last Saturday when Sen. Styles Bridges, R., N. H., and chairman of the Senate subcommittee on government operations, asked President Truman "what is our atomic policy toward Russia?"

He said this information is necessary before the appropriations committee approves \$3,000,000,000 for European recovery program; \$200,000,000 for Cuba; \$200,000,000 more for Greece and Turkey; and \$200,000,000 for Trieste.

We felt like an example to get the desired information the following: the committee must know what the administration plans to do if Greece and Turkey are attacked. He said the committee also wants to know what the administration has in mind if the communists take over Italy.

The senator could have enlarged his questioning and asked, What does the U. S. propose to do about the Russia-China war? What are we going to do about the situation handed the Finnish government by Russia? What about the Czechoslovakian situation by the Russians? What are we going to do about Russian agents on France and the low countries? In what is the United States going to do to stop encroachments upon weaker nations by Stalin, Molotov, Vichinsky and their Russian gangsters?

The senator could have enlarged his questioning and asked, What does the U. S. propose to do about the Russia-China war? What are we going to do about the situation handed the Finnish government by Russia? What about the Czechoslovakian situation by the Russians? What are we going to do about Russian agents on France and the low countries? In what is the United States going to do to stop encroachments upon weaker nations by Stalin, Molotov, Vichinsky and their Russian gangsters?

POT SHOTS

HERE'S THE LOWDOWN
Pot Shots:
If local radio listeners were surprised by the other day at the naughty words coming over their sets, they would have been surprised to learn how much more startled a couple of tough construction guys were when they heard the words "Pot Shots" bellowing from the radio every time they picked up their private car phone.

For that is how it started—the guy bringing a local hook-up to KTTV agreed enough to loan him the phone wire of a private company. When the men were gone, those rugged boys and the construction livers were both learning the hard facts of life in a way neither appreciated.

And just to keep the local hook-up unfulfilled, it should be known that the person culprit was not a local entrepreneur, or even an Idaho boy, but a rugged character down in Nevada.

What's This?
Dear Pota:
I read a letter to the letterhead reference to a juvenile rooster. I heard reference to a juvenile rooster. I heard reference to a juvenile rooster. I heard reference to a juvenile rooster.

Twitters and Detwitters
When a local firm submitted the low bid on some work for a new library at Washington State college, the paper published the name of the firm's name around.

Still the Capitol
Dear Pota:
Why more the basketball cap? There is no law in Idaho that holds basketball in such high esteem as does Rupert. Why this basketball and basketball in the background of every kid around here.

And something thing from now on, the picture of a basketball player, Rupert, there will always be a team here to reckon with.

For P. S. And for the benefit of the people down Rupert, as long as the picture of a basketball player, Rupert, there will always be a team here to reckon with.

For P. S. And for the benefit of the people down Rupert, as long as the picture of a basketball player, Rupert, there will always be a team here to reckon with.

For P. S. And for the benefit of the people down Rupert, as long as the picture of a basketball player, Rupert, there will always be a team here to reckon with.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

This is the fourth installment of a series of articles presenting and discussing a sheet of letters which have been received by Pegler since he was elected to the national position.

Every day I know how to induce Wallace to do this or deny secretly he wrote him. He has dodged the issue. In view of the political reality of this material, it seems to me imperative that the Wallace should meet the question.

Did he or did he not write them? The question is vital because it is the mental condition reflected in this correspondence. The right of a free press on our journalism is the right of the public to know the truth.

Another letter is addressed to the Wallace addressed before. "This letter is from neither a tiger nor a monkey," it says. "It must be very short because I am tired and sleepy after a strenuous day. Enclosed a letter to Madam and Professor. It is not as I would like but time is so occupied. May the faith of the most high abide and illumine. May the joy of eternal present inspire. May we take the long step into the world of potentialities."

Another letter is addressed to the Wallace addressed before. "This letter is from neither a tiger nor a monkey," it says. "It must be very short because I am tired and sleepy after a strenuous day. ing one (President Roosevelt) of the hymn "Swain." (A cultist reference to a close associate of Herbert Hoover) in a sufficiently impressive way.

"I am appalled to fear to me that you and George, being of fellow race, will be non grata to our friends on whose graces we are so dependent. I assure him that our relationship is of the closest and reassured him somewhat. It is easy to see that his fears are altogether beside the point. I told him and the other man in a presence that you and George were entirely responsible for the contacts with the authorities, the direction of the travel, etc. — seemed to have a certain uneasiness about a sound relationship with the enemies of the tigers.

"Otherwise I believe the matter is straightened out. Work in the field will allow this type of fear. How unfortunate to spend energy enervating some and dirt when the glorious vision is before us. May the unseen one abound in renewed strength. May glory and peace surround us in the midst of the most fiery strife. Shambhala. The initials are "W" and "G."

39 Diphtheria Cases Told in State for 1948

BOISE, March 13 (UP)—Thirty-nine cases of diphtheria have been reported in Idaho since Jan. 19, Dr. Louis B. Thomas, acting epidemiologist for the state department of public health, said today.

Thomas said the number of cases "indicated extreme negligence on the part of parents in not having children immunized against this unnecessary disease."

There has been one death among the 39 reported cases.

Twenty-seven of the cases were reported from Nez Perce county with 21 in Lewiston. Nine cases were in Canyon county with eight of them in Nampa. One case each has been reported from Clearwater, Jerome and Lewis counties.

"There is absolutely no reason for an outbreak of diphtheria to appear in Idaho," said Thomas, "because this disease can be prevented through immunization. The 39 cases indicate parents are extremely negligent in not protecting children."

He urged parents to determine whether their children had been immunized and if not to take them to their family physician immediately.

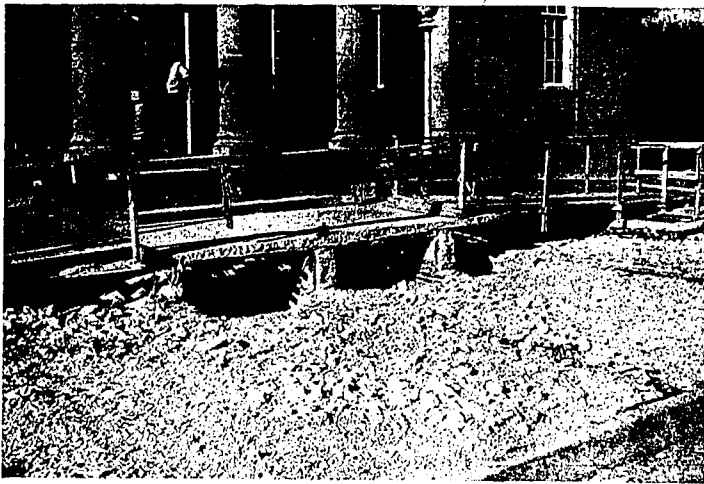

In 1947 there were 23 cases reported, and there were three deaths.

'Padded' Hat

MINNEAPOLIS, March 13 (UP)—B. D. Stocking, Minneapolis, has asked police to help him recover his hat which he said a thief stole while he was having lunch in a restaurant.

An old hat the thief left doesn't fit, he complained. His own fit him perfectly, he said, because he had \$150 in bills concealed inside the band.

New Steps, Sidewalk Being Installed at Postoffice

As part of the first general "clean up and paint up" for the Twin Falls postoffice since before the war, workmen are putting in new steps and sidewalk in front of the building. The interior of the postoffice has been scrubbed, painted and varnished and wooden portions of the exterior have been painted. Workmen now are replacing worn

steps and sidewalk in front of the entrance. Weather permitting, the steps should be completed in about 10 days, according to Postmaster M. A. Stronk. As shown in photo above, wooden walks were constructed to handle pedestrian traffic while the work is in progress. (Photo by Bill Howard-staff engraving)

MOVER TO PLUMMER

GLENN FERRY, March 13—Mrs. Lucia Leasing has moved to Plummer for the summer months.

RETURNS FROM OGDEN

FILEN, March 13—Mrs. Homer Bean has returned from a visit with relatives in Ogden, Utah.

America's finest low priced washer Genuine Maytag \$124⁹⁵

THE FAMOUS MAYTAG CHIEFTAIN

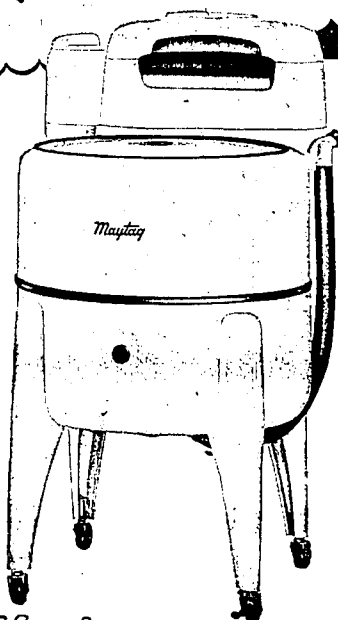

Here's why you get more for your money with Maytag!

Today's outstanding value! Did you know that Maytag prices have increased far less than those of washers in general? In fact, Maytag's percentage of increase is less than half as much as the average—comparing all today's washer prices with those of all washers in 1941. You pay scarcely more for this genuine Maytag than for the lowest priced washer on the market!

You've heard plenty about Maytag washers, of course, from relatives, friends and neighbors who have them. You know the Maytag reputation for quality and all-around excellence... for extra-fast, extra-efficient washing performance... for the rugged dependability that's built into every part. It's because of this reputation that over five million Maytags have been sold—far more than any other washer.

Don't wait! Make sure of earliest possible delivery by seeing your nearby Maytag dealer immediately, and taking advantage of his "Priority Agreement Plan." Pay in easy monthly installments; trade in your old machine, any make, if you wish.

Find the name, below, of your most conveniently located dealer and see him right away.

Story on Old Town of Milner Renews This Man's Memories

Editor, Times-News:

I would like to comment on an interesting article about the old town of Milner that appeared in the March 7 issue of your paper. The writer said, "The old town of construction workers imported from all over the United States, Italy, Greece, Australia and other countries is a no wonder that the settlement gained a reputation for wildness."

I worked there nearly all the time during the construction period, and I had various jobs with the Harris Construction company. I recall serving on a jury when a man was killed, but we exterminated the defendant. Another case occurred when a man was killed by a dynamite explosion, and a man was drowned in the Snake river.

Those were the only deaths that might be called "violent" as I remember.

I think such statements as "killings were not uncommon" and the reference to "violent deaths" and the statement that "victims of murders" were buried give a wrong impression of the actual conditions.

As to the people from other countries, I ran an electric power shovel with "Dago Mike" and his gang of Italians. They were certainly a happy bunch. I remember how they would laugh and say, "Arts, he is a pretty good boy when he is asleep."

I was also a foreman of a crew of Russians. They spoke no English, but were good natured and willing workers. There were also some Greeks working on the dam and canal.

These foreigners were easy to get along with and caused no trouble as far as I can remember.

School Consolidation Bill Is 'Undemocratic,' She Declares

Editor, Times-News:

Senate bill 59, section 13, reads: "County committee—when to organize school districts. In event that any school district or district or unorganized territory in a county is excepted presently organized independent school districts class 'A' with an assessed valuation of not less than \$2,000,000, and employing not less than 25 teachers have not joined to form either a class 'A' class 'B' or class 'C' school district under this act on or before July 1, 1949, (or at such later date as the state committee may approve) either because no proper application has been made or because the plans were rejected in the special election, then and in the event of such event, the county committee shall organize such districts and/or unorganized territory into a school district of a class for which such districts and unorganized territory have the qualifications prescribed by this act, including therein all common, independent, rural high school districts and unorganized territory."

"Should the territory of such event be not contiguous or being contiguous have natural barriers or other topographic conditions not adaptable to one natural school service area, then two or more school districts of a class prescribed in this act may be formed within ten days after receipt from the county committee of the plan of organization of such committee, organized school district or districts. The board of county commissioners, shall without an election, enter its order establishing said district or districts and shall perform all other acts to fully effectuate such plan."

I believe this is a coercive forced school consolidation bill. I ask those who believe it is not to please enlighten me differently.

I believe that section covers all schools but independent class 'A' which have no higher class to join, including joint county districts. In reply to Minidoka people, the state attorney has ruled joint county districts remain as such unless the people choose to join either county of the joint district territory.

We thank Minidoka Americans for that.

Our Appleton Joint Gooding and Jerome district has decided to remain as such until the 1948 legislative changes pass.

It was Jerome county that divided our district to form a Jerome county. It was Jerome county's assessor years ago who then went to the equalization board at Boise and demanded our Appleton Gooding county tax valuation across the county line a long distance from the Gooding county seat be raised to match the Jerome valuation near the Jerome county seat.

These undemocratic bills should be repealed as was done in Washington. I believe they will be from the temper of the state school trustees at their last session at Boise. I do not see how a consolidated district could then benefit with the county board of education's rapid action.

I believe not even a school house will be left to reassemble our youth Jan. 1, 1949, unless we vote all proposals down.

They Miss Idaho, Deplore Taylor's Candidacy Action

Editor, Times-News:

My wife, Margaret, and I and our three children (there were two when we lived in Twin in 1934-44) take this opportunity to greet our old friends from Aloha-land.

While we love Hawaii (it being my wife's birthplace), we shall always have fond memories of the days we spent in your hospitable and friendly town; in fact, we all look forward to a vacation some day that will take us back to our old haunts.

Our regards to the Fishers, the Sallaburs, Kenneth Beach, Claude Detweiler, Mr. Baker and a host of others.

We miss the Times-News and would like to subscribe to it and would appreciate your mailing it to us on receipt of this letter.

Only one incident has caused us parts of remorse about believed Idaho—and that, of course, is the fact that one Glen Taylor allowed himself to become taken by the platitudes of the communist-dominated audiences that pack Mr. Wallace's meetings. Like Henry Wallace, he has been mesmerized into believing that the voice of the nation speaks from the speaker's mouth.

The people in Milner were very friendly and cooperative. For instance, a man left town after selling his restaurant to two men simultaneously. Instead of quarreling, they became partners and ran the business together successfully.

It was an interesting experience working there, especially as I was able to save enough money, not by gambling, to enable me to own a farm here after a few years.

He Approves Aid to Europe if Help Goes Where It Is Needed

Editor, Times-News:

It has been said that man's inhumanity to his fellow animals is excelled only by his inhumanity to man.

When one attempts to visualize the horrors and suffering in combat areas during war and the prolonged effects of starvation, disease, exposure and lack of medical care, the statement carries some meaning.

Like many "isolationists" I heartily approve of American aid in Europe and Asiatic recovery, providing the aid is placed where it is needed; for example, to feed, clothe, shelter and hospitalize the masses as much as possible and also build their industry and agriculture to make them as self supporting as possible.

If this aid is used to swell the coffers of the Francos and Kai Shaks, to support oppressive governments, to protect American investments abroad or to create states to control the population, especially where the dissatisfied elements are in a majority, I feel that the program will be futile and a waste of the taxpayer's money unless we decide to manage the world's affairs as Hitler.

It seems senseless to attempt to solve the effects of war while we promote another.

In my estimation we missed the boat when we were strongest at the close of the war, and Russia was weakened so badly.

If, at that time, we had shown a sincere desire, backed by appropriate actions, to attain peace by working cooperatively through a United Nations organization with a view to attaining maximum justice for the people of all nations with total disarmament of all nations as the ultimate halfway. Of course the disarmament provision should have included the necessary police forces and military backing for the U.N.

Instead, none of the major nations was willing to relinquish its empire, special privileges or spheres of influence and in the United States there was a clamor for imperial training and even the progressives and socialists joined in the chorus

for a "get tough" policy toward Russia.

I make no apologies to Henry Wallace because it's the truth. All of which doesn't promote confidence nor true love.

It seems there is a certain stigma attached to anyone who advocates peace in any way and I know it is difficult to ascertain anyone's honest effort should be made immediately if not sooner, with or without a Marshall plan.

I can't say I will envy those who administer it.

New 1948 FM-AM Radio and Record Playing Sensation!

Admiral \$259⁹⁵

Model 64—Walnut, Only

with **MIRACLE** tone arm

the greatest improvement in RECORD PLAYING since the invention of the phonograph...

Any record, old or new, sounds better when heard through Admiral's Miracle Tone Arm. Bass tones are richer, fuller. Treble tones delight your ear with their vivid brilliance. And you'll notice especially the complete absence of annoying needle scratch, "talk-back," and other surface noise. This remarkable new electronic invention uses no coil, crystal, filament, or special tubes... all of which create distortion in ordinary phonograph systems. Hear the astounding Miracle Tone Arm, today. We guarantee you'll be thrilled!

NEW EASY TERMS

- 1 New, improved changer plays up to 12 records... Automatically changes records in 3 1/2 seconds.
- 2 Now pull-out panel for easy record loading.
- 3 7-tube, static-free FM-AM Superhet radio.
- 4 Continuously variable tone control.
- 5 Powerful Alnico dynamic speaker.
- 6 Beautiful indirectly lighted Lucite dial.
- 7 Walnut veneer cabinet; also mahogany or blonde at slightly higher prices.

LDS Leaders to Be Speakers for Conclave Opener

SALT LAKE CITY, March 13 (AP)—Pres. George Albert Smith and his two counselors will be speakers at the first day's sessions of this year's annual Latter-day Saints (Mormon) church conference.

This annual gathering begins this year on Sunday, April 4. Church officials explained that as a result of the largest crowds are expected at the opening day, and top authorities will speak then.

President Smith and Counselors J. Reuben Clark, Jr., and David O. McKay will speak the keynote for the three-day session.

Meetings will end April 6, actual anniversary of the church's founding in New York state in 1820.

Two daily sessions, at 10 a. m. and 2 p. m., are planned throughout the conference. All general authorities, with two exceptions, are expected to speak.

The exceptions are Stephen L. Richards, a member of the council of 12 apostles, who is visiting church properties in Argentina, and Alma Bonine, assistant to the council of 12, who is presiding over the church's European mission.

Named to Board
BOISE, March 13 (AP)—Service Van Stiklin, Weber, has been named to the state cemetery board.

The replaces Mortimer Millbrook, Payette. Other members of the board are Mrs. Verna McConnell, Boise, and Mrs. Margaret Shaw, Jerome.

Seven Divorce Decrees Given In Court Here

Seven divorce decrees were granted, seven defendants defaulted and six of the decrees were granted on grounds of extreme cruelty Friday in district court.

Only divorce not granted on grounds of extreme cruelty was the divorce awarded Maggie Clyde from Robert Clyde, who is now serving a prison sentence for grand larceny. Grounds were conviction of a felony. Her attorney was J. H. Barnes.

Custody Granted
Custody of a son and daughter was awarded Mabel Jordan, in addition to a divorce from Earl Jordan. She was represented by W. L. Dunn.

Norma Mechem was awarded a divorce from Joseph Ralph Mechem and her maiden name, Norma Jean Darrow, was restored. Her attorney was G. B. Dibble.

Custody of a minor son was awarded Ethel Terry in her divorce from Thomas C. Terry. Rayburn and Rayburn were attorneys for Mrs. Terry.

Husband Gets Deceit
The only husband to be awarded a divorce Friday by District Judge James W. Porter was Jack Raymond Tiffany, who was represented by Graydon W. Smith and Leonard H. Jacob. According to the decree handed Tiffany, he is to pay his former wife, Thelma Tiffany, \$15 per month during March, April, May and June of this year.

Extreme cruelty, described as habitual intemperance, won a divorce decree for Fern Goodman from Willard Clark Goodman. Mrs. Goodman was awarded custody of her children. Attorney Barnes represented her in court.

Attorney Barnes represented a 43-year-old man in his divorce from Paul L. Wade. Wade was awarded custody of his son, 13, and his daughter, 10, and his property, represented by Attorney Dunn.

What They Won't Be Wearing This Spring!

These dippy chapeaux are examples of what American Legion and auxiliary members will be wearing at the "Tom Breneman" dinner to be given Tuesday honoring the birthday of the Legion. Left to right are H. C. Peterson, commander of the Legion, in a sharp-looking battle bonnet; Mrs. Douglas Bean, auxiliary president, in a concoction of Legion popples and bunting; Mrs. Harry Benson, under the vegetable salad, and Mrs. Jess Rainbolt, who may lead the Easter parade in her bunny-and-eye creation. An award will be given at the dinner for the funniest hat, and there will be an award for Twin Falls "best neighbor" as selected by letter ballot. Nominations for the best neighbor contest should be sent to postoffice box 232. (Photo by Vera Silen-Smith engraving.)

Cleveland Rent Control Chief Fired for "Pressure" Actions

WASHINGTON, March 13 (AP)—The Housing Expediter, Hugh Woods, said today he has fired Henry J. Zetter, Cleveland regional rent administrator, because of indications that Zetter attempted to "influence" legislation to extend rent controls.

Woods, who also is federal rent administrator, told a news conference he acted upon evidence presented to him by a senate banking subcommittee headed by Senator Cain, R., Wash.

Cain gave reporters a copy of a letter which he and Woods said Zetter had circulated to area rent directors, area rent director-at-large and all rent chief attorneys in the Cleveland rent region.

Zetter, apparently referring to a rent control extension bill which was drafted by Cain's committee, wrote in part:

"I was much impressed by the fine showing Tighe Woods made even though they are senate subcommittee in fact over the coal repeatedly."

Just looking over the membership of the subcommittee gives one a good picture of what we are up against, viz.: Republicans Cain, Buck and Bricker, Democrats Taylor and Fulbright.

"Only Taylor expressing any faith in rent control, and most of the others are openly hostile."

Woods in a statement said the regional rent administrator at Cleveland rent communications, "which were not in accord with the policies of this agency" to area rent directors.

Driver Unhurt When Car Rolls Off Road

GLENNIS PERRY, March 13—James G. Goff, driver of a delivery truck for the Idaho Typewriter Exchange company, Boise, escaped uninjured when his truck failed to make a turn east of Glenis Ferry and plunged down an embankment, tearing out six posts of the protective railing and a stop sign.

Groves reported that an approaching car's headlights blinded him and he was unable to see the turn in the highway. The truck was almost demolished.

Local Woman May See Gold Rush 'Jubilee'

Mrs. Minna Lang, Twin Falls, pioneer of the 1926 Alaskan gold rush, may make this exciting day at Skagway, Alaska.

Mrs. Lang said that she may attend the Golden Jubilee celebration to be held in Alaska this summer. She still is a member of the Pioneer Women's club in Skagway, and she declared she would like to attend the festivities.

According to an Associated Press dispatch, soundboughs will again race over 2,400-foot White pass this summer as they did in the days of '98. The race, this time for cash prizes instead of elusive gold, will be a feature of Skagway's summer-long jubilee.

Announcing plans for the celebration of "50 years of gold," Mayor Pat Carroll said Skagway will be "wide open."

The old Alaskan dance hall will be revived with its days of '98 show.

Arrival of each boatload of tourists will set off such events as the reenactment of the shooting of Boatswain Smith, Skagway's bad man of the time. Dan McGraw also is scheduled to die again.

The Fourth of July will be Alaska's day. A soundbough reunion will be held about Aug. 1.

Complaints Over Cows Accompany Arrival of Spring

Springtime may mean love and flowers to many, but to Charles E. Cotton, city sanitary inspector, it means a period of complaints over cows.

Cotton said each spring brings many calls to his office from people objecting to their neighbors' cows. With the thaw, cows develop an urge to wander, and odor nuisances become more prevalent.

Cotton therefore cautioned residents owning cows to keep "Bossy" in a sanitary condition.

A Twin Falls code provides that one cow may be kept in certain sections of the city, Cotton explained.

However, he added, persons owning cows should contact the city clerk to see if cows are permitted in the district.

If allowed, the cow should be kept in strict accord with sanitary restrictions to protect neighbors against nuisances and fly-breeding hazards.

"Unless cows are kept in accord with the law, immediate action may be expected from city and state officials," Cotton concluded.

Chairman Elected For Jerome Group

JEROME, March 13—Russell Woolley was elected chairman of the Jerome Canning Kitchen association board of directors at an organizational meeting this week.

Earl Williams was re-elected secretary-treasurer of the association and Mrs. Frank Hogue and O. W. Dougherty were rehired to work at the canning kitchen.

Members of the board of directors include Woolley, S. H. Stockton, H. E. Ziegler, Matt Kulm and Ed Buickner.

It was announced that the price of cans may be lowered this year. A cutoff of cans has been ordered and will arrive before the canning season.

Rupert Births
RUPERT, March 13—Sons were born this week to Mr. and Mrs. Keith Dixon, Rupert; Mr. and Mrs. Edwell, Burley; Mr. and Mrs. Weldon Tracy, Rupert; and Mr. and Mrs. Smith Selar, Burley.

Daughters were born to Mr. and Mrs. John A. Schaeffer, Paul; Mr. and Mrs. Herman E. Meas, Rupert; Mr. and Mrs. William O. Paul, Meridian; and Mr. and Mrs. Ralph Walker, Rupert.

4 Local Youths at College Organize 'Handy Man' Unit

John Dripe, Marshall Pettigrove, Bill Dwyer and Norman Hultet, all Twin Falls, who are students at Norfolk junior college, Norfolk, Neb., have formed a "handy man" organization to help finance their school expenses, according to word received here.

They purchased a used car and all equipment necessary to work both indoors and outdoors at the homes of Norfolk residents who need help with gardening or housecleaning.

Three other Twin Falls boys attend the college. They are Jim Hart, George Rich and Stewart Wegener, sophomores.

All seven of the boys from Twin Falls are fine, ambitious, capable and clean young men, who are valuable assets to our institution, said Dean Frank O. McIntyre, when he heard of the business venture.

Buhl PTA Elects Officers for 1948

BUHL, March 13—Mrs. Mary Johnson was elected president of the Buhl high school PTA for the 1948 fiscal year at the last meeting held in the high school auditorium.

Other new officers include Mrs. Mrs. Chatterton, first vice president; Mrs. Geraldine Morse, second vice president; Lois Jane Rudy, secretary, and Mrs. Lillian Bagley, treasurer.

A committee of P. Lutz, Joe Edgett, Irene Wyatt, Lillian Bagley and Mrs. Averett were appointed to contact civic clubs for aid in creating a summer recreational program for the youth of Buhl.

An invitation was read to the group for the state PTA convention to be held in Twin Falls April 21, 22 and 23.

A program was presented by students of the high school and refreshments were served by the high school home economics class.

Report Tells Sanitarian's Work in '47

H. B. Post, senior sanitarian and acting director of the south central Idaho district health unit, has completed the sanitation division's 1947 report in which he declares that about one-third of the wells in Magic Valley are contaminated.

He pointed out in his report that underground lava formations are to blame for the water problem in Magic Valley. In addition to inspecting wells, the health unit worked with operators of all city water supplies. He noted that several communities had installed chlorinators to improve water and advise had been given on several sewer systems.

Milk Inspected

Enforcement of the pasteurization law which became effective in May is also mentioned in the report. Post said a number of operators had not complied with provisions of the law, so milk was "degraded" in October. Action was taken against two plants in Gooding county, two in Jerome county and one in Blaine county. Within 10 days, the four plants made the necessary corrections, he added.

There are now 12 good pasteurizing plants operating in Magic Valley to supply an estimated 90 per cent of the bottled milk sold in the valley. In Cassia county, Post said a grade A milk plant operator covering several towns was taken to court on a charge of false labeling, and a raw milk dairy plant was closed for a week "to get the place in order."

Plants Closed

Two small raw milk dairies operating in Twin Falls county were closed for a few days for violations of basic state laws and in Gooding county, a small raw milk dairy plant was closed. The city of Gooding passed an ordinance prohibiting the sale of raw milk, Post reported.

Post reported inspection of food and drink establishments occupied second place on the program in 1947 because establishments violating regulations were "handled harshly" in 1946, thus eliminating the worst offenders.

Action Told

He cited actions taken to gain observation of regulations governing the operation of food and drink establishments.

In Gooding county, a beer parlor was closed for violation of sanitary laws. A cafe was given a written order to make corrections or close its doors. In Jerome county, a rooming house was given written orders to clean up or close. The place closed before further action was taken. In Blaine county, a cafe made the necessary corrections before being ordered to close. The cafe was closed for failure to provide proper facilities and failure to remodel the building to conform with regulations.

Bad in North

Post said conditions were particularly bad in the northern half of the valley. However, a cafe was closed in Cassia county and a rooming house in Twin Falls county was closed.

Several complaints were filed against grocers in Twin Falls county. Three operators were fined in an effort to halt the practice of placing food on floors or sidewalks and reach of dogs or having open displays of food, where they could be contaminated from handling by shoppers.

Laws governing the operation of bakeries were termed weak by Post. He said the only prosecution contemplated in 1947 was in Minidoka county. He said the prosecuting attorney did not consider it advisable to file charges, in spite of the unsanitary condition of the bakery in question. Post said the legislature would be asked for stronger laws.

U-I Sugar Firm, Growers Fail on Contract Accord

BALZ LAKE CITY, March 13 (AP)—The Utah-Idaho Sugar company was unable to come to terms with representatives of beet growers' associations during the past week, Douglas E. Scallie, vice president and general manager of the company, said today.

Negotiations for the 1948 contract ended without signature by the growers. Scallie said the contract offered by the company was similar to those already signed by the growers' associations with other companies operating in the Lewiston and Ogden districts of Utah and the Twin Falls and Rupert districts of Idaho.

Scallie said the contract contains usual provisions for a price scale to growers depending on net return of the sugar. Increased payments over 1947 levels are provided for, he said, for all sugar bringing \$5.50 per hundred pounds or more.

Honduras has about the same area as Pennsylvania.

Two Stations Operate on Same Wave Length

Phil Cargill, left, owner of the Yellow Cab company, and Woody Reed, operator of the Checker Cab company, watch Mrs. Reed work the Checker Cab company's newly installed two-way radio station. The microphone and earphone, in a single unit, is clamped to Mrs. Reed's head. Cargill's radio station, operated on the same wave length as Reed's new station, has been in operation for more than a year. The Checker Cab company station is located in the Reed home. (Photo by Earl Heford—staff engraving)

2 Cab Company Radio Stations Here Using Same Wave Length

By EARL HOFELD

How can two cab companies broadcast on the same wave length 24 hours a day without a small war resulting?

It's been done in Twin Falls for about the last 10 days. Woody Reed installed a two-way radio system for his Checker Cab company, thus ending "exclusive" broadcasting by Phil Cargill's Yellow Cab company. Cargill has been using the air lanes since December, 1946.

Reed and Cargill operate their stations in close harmony. There isn't much they can do about using the same spot on the dial. The federal communications commission allows wave lengths and all cab companies in the United States use the same frequency.

"If calls are short and snappy, there won't be any confusion," Reed says. "If a girl operator is cut off her call while broadcasting, she can try again."

He referred to the difference in power between the two cab broadcasting systems. The Yellow Cab company operates with a power of 40 watts, while the Checker system uses only 15 watts of power. If the Checker firm is making a call when the more powerful station is on the air, the stronger station cuts the weaker off the air. Then the girl who is broadcasting for the Checker company has to try again when the more powerful station is not broadcasting.

"Naturally, the layman would want to know why rival drivers can't 'intercept' a call, especially if they happen to be in the same block. There's a slight matter of \$200,000 fine or two years in jail for not conforming to FCC regulations," Cargill declared. "You can't interfere with another station's calls or accept a message not intended for you."

Both owners praise the value of radios for taxis. With a broadcasting system, operators know the exact location of every cab. When a call comes in, the operator can contact the cab nearest the call, or the call. This saves time in addition to eliminating return trips to the dispatcher's office.

Cargill, who was among the first 13 cab owners in the nation to install a radio system, operates all station from a stand at Shoshone and Main. Reed's station is operated from the living room of his home.

Both companies work around the clock, with girls handling the broadcasts in shifts. Each girl records every call in a log in accordance with government regulations.

Both firms keep charts on the location of cabs. Reed has provided

Name Troubles

ATLANTA, March 13 (AP)—Pretty Mary Jane Jones told the Fulton superior court she's tired of a lifetime of getting mixed up with all the other Mary Joneses in town.

In a petition to change her name, she said mail and telephone calls had resulted in a long state of utter confusion. The city directory lists 53 Mary Joneses.

Her attorney asked the court to allow her to change her name to Jan De Wolf Jones. That would leave her without a compeller in the city and telephone directories.

BLUEFIELD, W. Va., March 13 (AP)—A liberal-minded reader of the Bluefield Daily Telegram noted a help-wanted ad which asked for applicants to "write stalling experience."

Yesterday the mailman brought an envelope bearing this address: Stalling Experience Box 21, Daily Telegraph.

Dear Friends:—

Your stationery talks for you—goes places and says things you can't or don't have time to. Consequently, that stationery should be of the best.

If your stock of business letter-head is low, do something about it, or better still, let me do something about it. Drop in with a sheet of your stationery and we'll duplicate it for you in any quantity. You can save more than you think by ordering plenty at a time. For all types of duplication the "Multimail" way, we stand ready to serve you quickly, efficiently, and economically.

Sincerely,

J. HILL

world agency to block the spread of communism.

Turn in Substitutes

The substitute measure, sponsored by Senator Capewell, R. Ind., called for an outlay of \$3,000,000,000. The original measure, which had been authorized for relief only, the remaining \$3,000,000,000 for economic phases of reconstruction.

The proposal to set up a veto-proof international agency against communism was rejected by voice vote. It had been put forward by Senators Hall, R. Minn., Hawkes, R. N. J., and Wherry, R. Neb. Hall declared that adoption of the proposal would "bring a shadow down with Russia and her satellites to see if they really want peace."

Amendment Opposed

Chairman Vandenberg, R. Mich., of the senate foreign relations committee opposed the amendment at

Roll Call

WASHINGTON, March 13 (AP)—Six intercontinental and four northwest senate votes were cast for the European recovery program bill tonight.

Four Republicans and two Democrats voted for the bill. The two senate senators—one a Republican, the other a Democrat—voted against the measure which passed 60 to 37.

For the bill: Cordell, R. Wash.; Cordell, R. Ore.; Morse, R. Ore.; Magnuson, D. Wash.; Watkins, R. Utah; and Thomas, D. Utah.

Against the bill: Dewar, R. Ida.; and Taylor, D. Ida.

the time of its introduction. He said it would permit other nations to use the United States' aid without the consent of congress or the people.

He objected specifically to a provision in which all signatories to the supreme council would have agreed to make their armed forces and resources available to the council when it decided their use was necessary to maintain peace or defend the freedom of a member nation.

Credited Guarantee

The senate wrote into the bill an amendment providing for a U. S. guarantee of up to 70 per cent of the credits which all participating nations extend to western European countries within the ERP.

The amendment was offered by Senator Taft and accepted without opposition.

Also without objection, the senate adopted an amendment by Senator McCarthy, R. Wis., saying: "It is the understanding of the congress that, in accordance with agreements now in effect, prisoners of war remaining in participating countries shall if they so freely elect be repatriated prior to Jan. 1, 1949."

Grain Mart Goes Up as Purchases Of U. S. Resumed

CHICAGO, March 13 (AP)—Grain futures advanced today on news the government has started to buy wheat for export at the rate of a million bushels a day.

Some of the buying fever spread to the New York stock exchange in the final hour of trading. Fractional gains predominated in all classes of stocks, although the market was down slightly for the week as a whole.

The Associated Press weighted wholesale price index of 33 commodities jumped .37 of a point to 162.29. The index was at a seven months low before trading opened today. A week ago the index was 158.23, a month ago it was 158.23, and a year ago 162.72. The index used 1926 average prices as 100.

Hogs, cattle and sheep were normally steady at Chicago. Prices in most classes of livestock declined during the week.

March Changing Tune to 'Spring'

CHICAGO, March 13 (AP)—Finds March finally began acting like the first months of spring today.

Warmer southwest winds began breaking up a bitter and long cold spell in the Midwest. Warmer weather was forecast Sunday for the east and southeast sections.

Normal or above temperatures were predicted for the Midwest tomorrow for the first time this month.

Ahead of the warmer air front, freezing temperatures extended as far south early today as central South Carolina, central Georgia, extreme southern Alabama and south central Texas.

Sub-zero readings were recorded in the upper Mississippi river valley, the northern upper lakes, northeastern New York and New England.

Drawing Set

KLAMATH FALLS, Ore., March 13 (AP)—Arrangements were complete today for Monday's drawing for 44 irrigated homesteads in the Coppack valley area of the Klamath reclamation project.

A total of 2,375 names will be in the converted pickle jar to be used in the drawing. These are veterans of the United States who qualified for participation in the drawing for farms valued at around \$20,000 each.

Forty-four names will be drawn, and 44 alternates will then be drawn as a reserve list in case there are any post-drawing disqualifications.

Trio of Local Experts Slate Talks on Wool

Grading of wool by the "sorting process," a method used on locally grown wool since last fall, is scheduled as the topic for a radio discussion at 6:40 a. m. Tuesday by three experts on wool marketing.

The 20-minute broadcast, over KTVB, will be made by John Brockmeyer, Twin Falls, president of the Idaho Wool Growers association; C. W. Colner, Twin Falls, veteran range sheepman, and County Agent Warren Dalglish.

Tells Objective

The objective of the program, according to County Agent Dalglish, is to further familiarize sheepmen with the process so they can prepare their product for market accordingly.

Instead of judging the amount of shrinkage of wool by sight, the old method, Dalglish said a hollow tube is inserted through the neck of wool and the specimens picked up are tested in a laboratory. The market value is based on the results of the tests.

In previous years, growers sheared their wool and packed the wool in bags for market without bothering to sort out "lags" (dirty wool), black wool and "dead" wool, he said. They relied on sorters and slight appraisal to determine the value of each bag. Bags were still open and names from the whole bale were judged by graders.

More Scientific

With the new, more scientific method, the whole bale is judged on the contents of the tube, picked up through a portion of the bag. Therefore, Dalglish said, it is important that any bad wool, which would tend to lower the value of a bale, be sent off to market in separate sacks.

This information, he added, which he elaborated on in the program, was brought out at the wool school conducted Feb. 28 at Shoshone by the Idaho Wool Growers association.

Utah Liquor Unit Prove Is Sought

SALT LAKE CITY, March 13 (AP)—State-wide probe of the Utah liquor control commission looked tonight as the latest development in the state's missing liquor mystery.

As city police, the state auditor's office, and the Salt Lake county auditor continued their investigations into the loss of \$20,000 worth of liquor from the Brigham street pharmacy package agency, a measure was introduced into the senate calling for a probe of the commission.

The measure was introduced by Sen. Mitchell Melich, R. Grand. It calls for an investigation and audit of the liquor control commission accounts by the Utah legislative council.

Senator Melich said that S. Wayne Clark, R. Tooele, will drop a similar resolution into the house hopper on Monday.

Establishment Is Closed After Row

The Smoker, 261 Shoshone street south, was temporarily closed Sunday night by action of Police Chief Howard W. Gillette and the operator was called for conducting a disorderly house.

W. E. "Bill" Combs was charged with conducting a disorderly house after alleged engaging in a fight with a customer, Earl Johansen. Johansen was also in jail charged with carrying the peace by light.

The two men were arrested at 9:25 p. m.

County lawyer, Roy Smith, indicated to Chief Gillette by telephone that bond, set at \$300 by Municipal Judge James O. Pumpfrey, would be posted for the tavern operator's release.

Gillette said the Smoker was "closed for the night at my suggestion."

Panama is about the same size as Indiana.

Hike in Steel Price Flayed By 3 Reports

(From Page One)

Industry is guilty of profiteering," said the report of the economic council, headed by Edwin O. Sourse.

"Added to inflation"

"It is whether, in the interest of the health of individual companies, it was necessary in this way to add to the inflationary pressures on the economy at this time."

The council notified Mr. Truman that the publicity given his three-agency investigation "undoubtedly" was a factor in the steel price hike.

A person who witnessed the accident reportedly told Bear of the model with the elderly driver.

Judge Fines Two Drivers in Court

Two Twin Falls men, Leland Winsel and Edward Bailey, were fined Saturday by Judge James O. Pumpfrey on separate traffic violations.

Winsel paid \$20 and \$25 court costs for speeding within the city limits and Bailey paid \$25 and \$25 court costs on a reckless driving charge. Both men were apprehended late Friday by city police.

Break Promised Check

The February market break gave promise of a healthy check in the price rise, the report said. "Unfortunately, the effect of the rise of steel prices wiped out some of this advance because of caution and restraint."

It served notice on the public, the council said, that "this pivotal industry interpreted the situation as still one of inflation."

This indicated that the FBI, which sent agents into 16 steel company offices last month, believes its probe still incomplete.

The 12 steel companies involved in the FBI investigation, not previously identified, were disclosed to include the Geneva Steel company, Provo, Utah.

Nevada Resident Claimed by Death

PATRICK DONAGHUE, 71, resident of Jarbidge, Nev., who was well known in Twin Falls where he was a member of St. Edward's Catholic church, died Wednesday in Kansas City, Mo.

Mr. Donaghue's body was sent to the Twin Falls mortuary Saturday morning.

He had lived in Jarbidge since 1911 and was the owner of a farm near Buhl. He is survived by two brothers, one in New Zealand and the other in Ireland.

Funeral arrangements are pending.

MOVE TO MURTAUGH

MURTAUGH, March 13—Mr. and Mrs. Leroy Christofferson and family, who have spent the past several years in Tooele, Utah, have returned to Murtaugh to make their home.

COMMENTS OF AN EX-COP

and Deputy Sheriff

DID YOU KNOW — the normal speed limit for a truck weighing 10,000 pounds or more is 45 miles per hour on any highway unless that highway is posted for a safer speed? Right now that posted speed is 30 MPH on most of our old roads. The gross load limit has also been reduced to 200 pounds per inch of combined tire width. Example — if your truck has six 7.00 x 16 inch tires, the combined weight must be 42 inches and your gross load 12,600 lbs.

DRIVE CAREFULLY — it is the person behind the wheel who can prevent the wreck, not the policeman.

Parked Auto Said Damaged in Crash

Damage estimated by H. L. Bear, Twin Falls, at \$40 was inflicted on his machine shortly before 9 p. m. Saturday while the car was parked near the American Legion hall on Second street east.

Bear told city police that while he was in the Legion hall, a late model car driven by an elderly man crashed into his machine. The accident, Bear said, resulted in his machine being knocked or dragged for 75 feet, stopping on the curb across the street and alley from the original parking spot. He said the emergency brake had been set at the time.

A person who witnessed the accident reportedly told Bear of the model with the elderly driver.

Troubles Pile Up in Truman Try for Race

(From Page One)

deron will remain in the cabinet until the summer adjournment of congress," Ayres added.

Anderson said he will work for Mr. Truman in the November election.

Associates said the President has not yet had time to cast about for a successor. Anderson said he hasn't the slightest idea who might succeed him.

There were predictions the new cabinet member will come from the midwestern farm belt where the Democrats are trying to break into a Republican voting stronghold.

Led by Senator Taft, R. O. Republicans immediately read into Anderson's decision a fear on the part of Democrats that Mr. Truman must be able to beat the GOP presidential nominee in November.

"It begins to look as though some of the Democrats are beginning to recognize the inevitability of defeat at this time," Taft commented to a reporter.

But Senator Sparkman, D. Ala., said along with it until November."

Frank Holmgren, 80, Passes Here

Frank August Holmgren, 80, died at 1:50 p. m. Saturday at the county hospital following a lingering illness.

Mr. Holmgren was born July 1, 1867, in Stockholm, Sweden, and came to the United States in 1903. He made his home in Twin Falls since 1917. His wife, Mrs. Hilma Holmgren, preceded him in death March 24, 1946.

Survivors are a daughter, Mrs. Hazel Kaler, Albany, N. Y.; a son, Wallis Holmgren, Twin Falls, and two grandchildren.

Funeral services will be held at 2 p. m. Tuesday at the Twin Falls mortuary chapel. Burial will be in the Twin Falls cemetery.

Legion Birthday

GLENN FERRY, March 13—The Glenn Perry American Legion post celebrated its 20th birthday at a party for members in Legion hall recently. A potluck dinner was served to Legion members and their wives.

It began to look as though some of the Democrats are beginning to recognize the inevitability of defeat at this time," Taft commented to a reporter.

"If the Republicans can get any comfort out of that viewpoint," he said, "I hope they continue to drift along with it until November."

But Senator Sparkman, D. Ala., said along with it until November."

Move Again

PEARL HARBOR, March 13 (AP)—The 100 homeless sailors of Bikini will move to Kwajalein starting Monday, the navy announced today.

Displaced from their ancestral home for the atom bomb tests of 1946, the Bikinians have lived since on Rongerik, but it has proved unable to support them. Rear Adm. C. H. Wright said today it was experimenting "a drought worse than California's."

On Kwajalein, mid-Pacific American air base, the Bikinians will work at maintenance jobs.

Wins Talk Contest

NAMPA, March 13 (AP)—Ross Powers, Nampa, won the district American Legion oratory contest. He will represent southwest Idaho in the state Legion oratorical contest at Albion March 27.

Privation and Death Termed Partition Gain

(Editor's Note: A report on the present position of the Jews in Palestine is given by a well-known United Press correspondent who has just returned to the United States after spending almost a year in the mid-east.)

By ROBERT C. MILLER

Partition of Palestine, which the Jews believed would be the realization of a 2,000-year dream, has brought death, misery and privation to the holy land.

Hundreds of Jewish youths have been killed or wounded in three months of warfare. Property losses of millions have been suffered from bombings, arson and sabotage. The Jewish economy faces straggle.

Global "Poker Game"

The western civilization which the Jews nurtured in Palestine with sweat and blood is doomed if the war continues. And the same Jews who rejected the United Nations and particularly the United States as their salvation, are now convinced that they have become dice cards in an international poker game for middle east oil.

The greatest shock to Jewish morale was the bombing of the Palestine Post building in Jerusalem Feb. 8. That building is in the center of a Jewish area. Prior to then they had believed it impossible for any Arabs to penetrate the road block barriers, and sentries guarding all such areas.

Attributed to Renegades

The possibility of British renegades working with the Arabs had been overlooked, and both the Post and Ben Yehuda street dynamitings are attributed by the Jews to British deserters employed by the deranged Arab terrorists. Considerable circumstantial evidence supports the charges, particularly the fact that the Arab higher executive has denied any part of either outrage.

British Are Hated

There is certainly no love lost for the Arabs, but the Jews say they can understand the attitude of the "middle" Arabs and their "honor" fight against partitioning.

They regard the British as hypocrites who "talk of unity while arming and aiding the Arabs."

The Jews are determined to go down fighting regardless of the odds.

Plates' Time Limit To Stick in State

BOISE, March 13 (UP)—Idaho's law enforcement commission, R. C. Lewis, said today there would be no extension of the March 31 deadline for purchase of 1948 motor vehicle license plates.

This year's license plates were manufactured by the state at the Idaho penitentiary and all have been delivered to the various county assessors.

Lewis said also that motorists must display both front and back license plates. This year two plates were delivered to motorists for the first time since 1941.

Gee Resigns as Head Of Veterans Project

GOODING, March 13—James W. Gee has been named to collect for the service department and has been placed in charge of repairs at the Gooding veterans housing project following the resignation of Merrill Gee, manager.

Gee has been in charge of the 24-apartment project since its opening in December, 1946. Choice of a successor to Gee will be made by the veterans committee.

Prized Souvenirs of Heinrich Himmler

The Rev. W. T. Armstrong, pastor of the Kimberly Nazarene church, is pictured above holding souvenirs of Heinrich Himmler, notorious Nazi "Hauptmann." The Rev. Mr. Armstrong collected Himmler's possessions while he was an army chaplain serving in Europe. He is shown with a pair of Himmler's dress pants, a Himmler family religious book and a tapestry that hung in Himmler's private office. (Photo by Bob Gilliam—staff photographer.)

Dying Words of Himmler Gave Warning About Russians, Says Kimberly Pastor

By BOB GILLIAM

Heinrich Himmler, the notorious butcher of Dachau, in his dying words predicted trouble and possibly war with Russia for the allies, according to the Rev. W. T. Armstrong, pastor of the Kimberly Nazarene church.

The Rev. Mr. Armstrong was chaplain of the 16th Infantry regiment, which captured Himmler's country home at Lake Tegernsee near Munich, Germany, and was with the group that captured Himmler.

The Kimberly minister has become quite an authority on the life of Himmler and has many of his personal belongings as souvenirs. Some of the souvenirs include a pair of Himmler's pants, a family religious book, a wall tapestry from the office where Himmler signed the death warrants for thousands of people, and a number of articles from Himmler's home.

Judging from Himmler's pants, he was about six feet tall and 50 inches around the waist. The pants are made of heavy wool, lined with rayon and have fancy silver embroidered stripes down the legs.

The pants were found along with the religious book in the basement of Himmler's lake-side home. The Rev. Mr. Armstrong spent several days in Himmler's home which served as headquarters for his division.

"I was very interested in Himmler's life and collecting most of his possessions as souvenirs," the Rev. Mr. Armstrong said.

The Kimberly minister held victory day services in Himmler's country home.

The religious book was one of Himmler's prized possessions. It was printed in 1937 and is signed by Himmler's great grandfather. The book is entitled "Triumph."

The Rev. Mr. Armstrong obtained a wall tapestry from Himmler's private office. The tapestry was found hanging over Himmler's desk, right below a large picture of his wife.

The Rev. Mr. Armstrong was present when the British caught Himmler hiding with a large group of captured German soldiers. Through questioning and cross-examination of the soldiers, Himmler's identity was learned.

The captured German official asked for an audience with General Montgomery. Montgomery wasn't in that section, so a British colonel was summoned for the questioning.

The Rev. Mr. Armstrong said, "Himmler talked freely with the colonel until the British officer arrived. He told the men that Hitler was dead and trouble was near with Russia."

"The British officer immediately told Himmler to shut his dirty German mouth," Himmler refused to talk from that time on and it was only a few minutes later until he hit down on a capsule of poison hidden in his mouth," the Rev. Mr. Armstrong added.

The Rev. Mr. Armstrong also has souvenirs from Berchtesgarden, Hitler's famous home. The chaplain served in the European command for 24 months.

Group Sifting Revisions for Project Pacts

WASHINGTON, March 13 (UP)—A house public lands subcommittee is again considering a revision of the reclamation bureau's short-term water contracts.

In a continuation of hearings started in January, the subcommittee heard members of the National Reclamation association and two other water writers endorse a bill to authorize contracts to:

1. Extend water repayment period to 50 years.
2. Give irrigation districts the option to operate their local distribution systems.

Clear Right Bought

2. Give a farmer contracting for water a clear right to that water.

W. F. Flinn, Missa City, Mont., newspaper editor, told the subcommittee at yesterday's hearing that irrigation farmers were entitled to those changes.

"We have had too many trial and error methods of solving the financial and economic troubles of those who have peeped our irrigation lands," he said. "The law should not be left in such condition that some future government representative might coerce the settler out of his freedom, his water rights or his God-given privilege of farming according to the dictates of his conscience."

Bolton Testifies

Maurice H. Bolton, Idaho, lawyer, also endorsed the measure sponsored by the National Reclamation association.

Pres. Harry F. Polk of the association said the bill was the result of a long study by members of his group. Reclamation bureau spokesmen said they wanted to study it before testifying.

Hailey Man Asks Water Transfer

BOISE, March 13—State Reclamation Engineer Mark H. Kulp has asked for the transfer, from Wayne Clark, Hailey, to transfer 375 inches of water rights between his two farms in Blaine county.

Clark presented testimony here Friday before the Idaho water commission asking for the transfer. He was represented by Attorney Joseph McFadden, Hailey.

Opposing the transfer is the Hilewa Canal company which was represented by Attorney Frank James, Gooding, and Fred Hurre and Kenneth Buttram, canal company directors.

Clark claims the transfer of water will allow him to raise better crops and the canal company said the transfer would complicate delivery of water.

Mans Coffin, Hailey, district watermaster, also attended the meeting.

Bathing Neptune

Note to Junior: even the god of the sea has to take a bath. It happened in Rome, where this statue of King Neptune, crowning the famous Trevi fountain, gave a spring shower. All the city's many statues got scrubbed.

Soil Unit Debated

BLACKFOOT, March 13 (UP)—Farmers were being sought today among Blaine county farmers on whether they should petition the soil conservation commission for creation of a soil conservation district.

Two meetings have been held at Moreland and Thomas and other meetings are scheduled for March 24 at Plugree and March 25 at Blackfoot.

FARMERS ATTENTION

The annual meeting of the Twin Falls County Farm Loan Sponsoring Association will be held March 15, 1948. The Twin Falls District at the County Court House, Hansen and Kimberly District at the Agricultural Building, Murtough District at the High School, Filer District at the Filer High School.

This is an important meeting.

M'Arthur Bid News Okayed For Jap Press

TOKYO, March 13 (UP)—Gen. Douglas MacArthur has instructed censorship officers to permit the Japanese press to publish any American political attacks against him emanating from the United States, it was announced today.

Col. M. P. Echols, MacArthur's press aid, made public MacArthur's order after Kyoto news agency reported that allied headquarters censors had suppressed some incoming cable copy from the United States reporting the activities of anti-MacArthur clubs.

Kyoto, one of the largest news agencies in Japan, says Japanese papers throughout the islands.

Statements conflict.

Echols said the MacArthur pronouncement in no way affected Pacific Islands and troops or army radio stations, where no censorship is in effect "or ever has been."

His statement appeared to conflict with an earlier declaration that army newspapers and radio stations would not use dispatches on pro-and-anti MacArthur clubs because the controversy was not "straight news."

Echols said MacArthur had not learned of the censorship until Echols gave him the information.

Hall Is Ordered

"He at once directed that this should cease and the Japanese press be permitted to carry any American political attacks against him," Echols declared. "It was the first time the matter had been brought to his attention."

Echols said MacArthur told him no form of censorship would be used to protect his name as a political figure.

However, the public relations officer pointed out, removal of censorship on political attacks did not apply to criticism of the occupation forces or any of the allied powers.

Construction Tax For Roads Okay 'Until Abolished'

BOISE, March 13 (UP)—Highway district may make their so-called "post-war construction levy" until the legislature abolishes it, the attorney general's office ruled today.

The 1947 legislature authorized the highway districts to levy a property tax of 80 cents per \$100 valuation for post-war highway construction, the funds so raised to be matched with federal monies under the federal aid highway act of 1944.

Robert Summerville, secretary-manager of the Moscow Chamber of Commerce asked Atty-Gen. Robert E. Smylie if there was a limitation on the levy.

Assistant Atty-Gen. Don J. Macintosh wrote Summerville that "The legislature has the power to lower the amount of such a levy or to abolish it entirely" and that no limitation was set in the 1947 law.

Mrs. Painter Will Head Fund Drive

BOISE, March 13 (UP)—Mrs. Lela D. Painter has been named Idaho campaign treasurer in the drive for children which will be launched throughout the state soon.

Theo H. Wegener, Boise, state chairman of the American overseas aid-united Nations appeal for children, said the state drive would be organized within a few days.

Mrs. Painter, now state treasurer, formerly was Canyon county treasurer in Caldwell for 12 years. She also formerly was treasurer of College of Idaho.

THE New STANDARD OF THE WORLD!

Today, the world has a new standard by which to measure quality cars. For Cadillac has taken a great stride forward—one of the greatest, perhaps, in its entire history of automotive pioneering. As is always the case when a new Cadillac is introduced, the advancement embraces every phase of automotive goodness. The exterior appearance is wholly new, and represents the soundest engineering developed in years of research. Interior design and finish are complete departure, and add immeasurably to comfort, beauty and convenience. Performance is finer in every way, for the great Cadillac chassis and engine have been

thoroughly refined. And vital improvements in factory equipment have raised even Cadillac's high standards of manufacturing. In fact, all the attributes which have contributed to Cadillac's reputation as the world's premier motor car have been made more pronounced. Regardless of the price class from which you expect to select your next car, you are cordially invited to view the new Cadillac—now on display in our showrooms. When the standard of the automotive world has been so decidedly raised, it should be of interest to everyone.

Cadillac's basic characteristics of design are fully apparent in the front view of the 1948 model. Bumper and grille are even more massive. The symbolic V ornament and crest have been pleasantly refined to harmonize with new, low hood lines.

Viewed from the rear, the 1948 Cadillac shows a complete departure in design. The full-width rear window improves appearance and safety. Smart "bullet-proof" fenders, protected by sturdy bumper aprons, give an appearance of sleekness. Note the wide, low hood deck.

Job's Daughters Plan Meet With Grand Guardian

Entertainment for the visit of the grand guardian, Mrs. Irene Stilling, was planned at a meeting of the Twin Falls branch of Job's Daughters Monday at the Masonic temple.

Mrs. Stilling will make her official call with the belief at the next meeting, March 22, and a banquet will be held in her honor.

Virginia Higgins, grand queen, presided at the meeting as the group discussed arrangements for a visit with the Halley belief, Friday, March 27.

Mrs. Higgins also was elected as an Easter cooked-rod sale will be held Saturday, March 27.

War Mothers Observe 30th Year of Club

American War mothers celebrated the 30th anniversary of the local chapter with a program honoring charter members and past presidents Friday in the Legion hall.

Mrs. Bertha Irwin, organizer of the chapter and past president, presented a birthday cake with 30 candles. Mrs. Irwin is moving to California.

Mrs. Irwin was born in 1918, and during the meeting she told of how she sold the cake to help make money for the Legion boys.

The chapter also presented Mrs. Irwin with a gift.

Mrs. H. B. Johnson and Mrs. Anita Peters are the only charter members in addition to Mrs. Irwin and both are past presidents. Mrs. Anna Wise, Mrs. Myrtle Handy, Mrs. W. D. Reynolds, Mrs. J. L. Robinson and Mrs. Carrie Jones, past presidents, were honored and each presented a short talk about her experiences as president.

The business meeting was conducted by Mrs. Roy Garber, president, who appointed Mrs. John Jensen treasurer. A letter was read and discussed about the clothing situation at the soldiers' home.

It was reported that clothing was needed for the veterans. Mrs. Clara Pullman was appointed as a committee to secure clothing for the veterans at the home.

Program chairman was Mrs. E. M. Peters. For the program, Mrs. Anderson, Mrs. B. Barnhouse, Mrs. Margaret Davis, Mrs. Anna Wise, Mrs. H. B. McGowan, New York, N. Y.

At the close of the meeting refreshments were served by the hostesses, Addie Smith, Lulu Sullivan, Jennie Rinehart, Pearl Norris, Elma Bryan and Carrie Jones. Mrs. Irwin cut the birthday cake and served.

The business meeting was made that a picnic will be sponsored by the War Mothers March 20 in the Legion hall.

Filer Group Is Feted at Lunch

FILER, March 13 — Mrs. Jack Bandy and Mrs. Don Anderson, Hazelton, entertained at the Andrews home Tuesday with a luncheon for Mrs. Lillian Filer, Mrs. L. E. Pierce, Mrs. Edward Sheriff, Mrs. Jay Cobb, Mrs. Paul Brown, Mrs. Mattie Clayton, Mrs. Leonard, Mrs. Robert Belcher, Mrs. A. W. Dean, Mrs. O. C. Kelley, Filer; Mrs. Robert Allison, Mrs. James Sinclair, Mrs. Lyle Frazier, Mrs. O. E. Greaser, Mrs. Paul Beck and Mrs. Rudy Aschenbrenner, Twin Falls.

Prizes at bridge for high scores were given to Mrs. Robert and Mrs. Frazier, and Mrs. Brown received low-score prizes.

Conferences for the luncheon tables were nosey of speeches. Hand-made place cards were used.

Patricia Cash Is Hephworth Bride

A. L. B. I. O. N., March 13 — Patricia Cash, daughter of Mr. and Mrs. Lewis W. Cash was married Wednesday, March 13, to James Merrill Hephworth, Athol, who is a local instructor and a student at the Southern Idaho College of Education.

The marriage ceremony was performed at Elko, Nev. They returned to Burley after their marriage and are now at home in Athol.

Gooding Legion Attends Dinner

GOODING, March 13 — Observance of the 25th anniversary of the Gooding Legion was made at a dinner and program given by the Pryor Hyman auxiliary unit with Mrs. D. Koller, Mrs. Frank as guests. Gladie Hudson presided for the evening.

The church was presented to Legion Commander Andrew P. James by Mrs. Glenn Barker, auxiliary unit president, who congratulated the Legion on its accomplishments of the past 25 years. Mrs. Gladie Hudson told of the origin of the American Legion on March 15, 1919, and veterans present told where they were when World War I hostilities ceased. Group singing was led by Miss Hudson with Mrs. D. Koller, Mrs. Frank as guests. Gladie Hudson presided for the evening.

Also participating on the program, which was arranged by Mrs. Stanley G. Smith and Mrs. Hyman Lee, were Mrs. Arnold Stevens who gave a reading, "O. I. Joe"; Miss Hudson played a piano solo and Mrs. K. L. Butler, a humorous reading.

A play "Women Must Talk" was given with Mrs. Stevens, Mrs. Ray Terry, Mrs. Charles Jones, Mrs. E. H. Shupe, Mrs. Dorothy Galt, Mrs. Hyman Lee, Mrs. J. W. Pond and Mrs. Vernon W. Goodwin in the cast.

Tables were arranged by Mrs. Gerald Nelson and Mrs. Phillip Lowder, and the kitchen committee included Mrs. O. D. Heller, Mrs. P. M. Massey, Mrs. Glenn Scanlan, Mrs. Maurice Weber and Mrs. H. P. Gooding.

Following the program the unit held a business meeting with Mrs. Barker presiding. Mrs. Barker reported that the unit is sponsoring the Red Cross drive for the residential district during March. Mrs. A. O. Clemens reported the sale of rehabilitation stamps.

Mrs. John J. Cramer, community service chairman, told the group of the needs of the Gooding hospital and suggested that the unit contribute to the hospital fund. Mrs. J. D. Puleher gave a report on the hospital fund and Mrs. Cramer reported that other women's groups were being asked to share in sponsoring a girl. An invitation to attend the AAUW sponsored style show and tea held Saturday was read.

Visitor at the meeting was Mrs. Loretta Noll, member of George W. Waller, Jr., unit No. 109, at Shattburg, Pa., now residing in Gooding.

Council Meet

JEROME, March 13 — Members of the North Side Denominational Council held their regular monthly meeting on Friday evening. Preceding the meeting members and their wives enjoyed dinner at the Jerome Country club.

Those attending included Mrs. Mrs. Gene Callen, Mr. and Mrs. Sharon Albertson, Mr. and Mrs. Veril Lasky, Mr. and Mrs. Max Fuller, Mr. and Mrs. Charles Hansen, Mr. and Mrs. Phil Hurrell, Mr. and Mrs. G. W. Peck, Mr. and Mrs. Lancaster, Wendell.

Change Meeting

The smiling Thursday club met Friday afternoon to hold its business meeting on the third Friday in the month instead of on the second Friday as has been the practice.

Mrs. Pearl Swenson entertained the club and served refreshments after the business meeting.

Three Birthdays

JEROME, March 13 — Three birthdays were celebrated at a party Sunday at the home of Mr. and Mrs. Jack Roston. The celebrants were Royston, Mrs. C. W. Peck, Jerome, and their nephews.

Other guests were Mr. and Mrs. C. W. Peck, parents of Mrs. Royston; Mr. and Mrs. M. M. Peck and children, Wendell, and Mr. and Mrs. M. L. Peck, Jerome.

JEROME, March 13 — The Relief society conference of the 1928 second ward was held Sunday at the church.

The meeting opened with the congregation singing "High On the Mountain Top" which was followed by prayer led by Hazel Burnham. A piano solo, "Up In The Swing" was played by Donna Christensen.

Mrs. Charles Anders welcomed the members and guests and introduced the readers including Mrs. Lynn Burnham, Mrs. John Butters and Mrs. Walter Terry.

Guest speaker was Mrs. E. W. Pond. Gooding spoke on the Relief society. At the close of the meeting the "singing mothers" presented "Dark As The Wintry Day."

Jerome's Civic Club Has Meet

JEROME, March 13 — Regular meeting of the Civic club was held this week at the club rooms.

Mrs. E. M. Snodgrass, president, conducted the business meeting, with Mrs. A. H. Harshorn acting as recording secretary in the absence of Wilma Vignall. Routine business was discussed and Mrs. Dean Clark and Mrs. H. Stroud were elected to membership.

It was announced that the next meeting will be a traveltogue, illustrated with moving pictures. Mrs. John Woolley and Mrs. H. Franson will be in charge.

Junior Class Mystery Play Given Praise

The recently used in "The High School Mystery" plus comedy and excellent opportunities for the cast makes the junior class play one of the most enjoyable productions to watch in the high school. The play, directed by Shirley Pope, high school drama coach.

This three-act mystery promises to provide a full and exciting evening's entertainment for the audience.

Tickets for the production will go on sale Monday in the main hall of the high school. Seats are being reserved. The curtain goes up on the first presentation at 8:15 p. m. Thursday. At the close of the Friday performance awards will be given for the most outstanding acting.

The cast consists of Helen McEwen, Lona Grabert, Edith Krevan, Merry Slayton, Mary Jean Dangle, Joyce Swartz, Fred Hansen, Don Carroll, Warren Peppertine, Joe Harris, Lloyd Webb and Bob Slattery.

Importance of the backstage crew is emphasized at rehearsal. The most, mystery drama involves complicated lighting and sound effects.

Backstage workers are Nan Penwell, prompter; Pat Price, properties; Elaine Bodenshtab, costumes; Bill Porter, stage manager; Bill Taylor, electrician; Louise Hall, business manager; Betty Beasley, publicity; Nancy Shipley, programs; Elsie Roebber, tickets; Carmel Lou Johnson, house chairman; Donna Custer, make-up; Charles Conway, sound effects.

Proceeds from the play will be used to finance the junior prom.

Full Information Is Available for Mexican Laborers

Full data on employment of Mexican nationals for farm work in this area is now available at the Idaho state employment service office, according to an announcement by A. J. Meeks, manager of the local office.

Employers desiring to secure Mexican farm help may secure contract forms at the IDES office, Meeks added. Full details are also available on sending recruiters to contracting centers in Mexico, he said.

Mexican nationals may be hired only for agricultural purposes, and contracts must be approved through channels of the Mexican government, U. S. employment service and U. S. immigration and naturalization service, Meeks explained.

Veteran of Army Service Enlists

The reenlistment of Raymond E. Putzer, 229 Monroe street, was announced Saturday by Lieut. George P. Claxton, officer in charge of the Twin Falls army recruiting station. Putzer enlisted for three years in the corps of engineers and will be stationed at the engineering school, Ft. Belvoir, Va. He rejoined the service in grade of staff sergeant. Putzer has 12 years of prior service and was a first lieutenant in the 163rd infantry regiment, Twin Falls national guard unit.

During the war Putzer served with the 41st division in the Pacific area, participating in three campaigns and one beachhead landing. He is a graduate of Twin Falls high school.

Putzer was the first local man to be processed through the new examining station at Pocatello. He is now home on enlistment furlough.

Procedure Given on Filing of Complaint

Complaints regarding health and sanitation conditions should be filed directly with the south central Idaho district health unit and not sent to state headquarters in Boise, H. B. Post, health unit director, said Saturday.

Many residents in this area believe they can get quicker response by sending complaints to Boise, Post declared. However, this only causes an unnecessary delay, as such correspondence must be returned here for action, he added.

Post said too many complaints were being sent to Boise, thus delaying action.

School Planned for Granges in Rupert

RUPERT, March 13—A training school for all Granges in Minidoka, Cassia and part of Power counties will be held in Rupert March 19. Roy D. Larue, Pomona Grange master, announced Saturday.

Several state Grange leaders will be in Rupert for the school. Arrangements for the sessions were made this week by George Hersley, state Grange master.

PTA Speaker

DAVID ROSS
... psychology professor at the Southern Idaho College of Education, who will address a meeting of the junior-senior high school PTA at 8 p. m. Monday. (Staff engraving)

Professor at SICE Slates Talk to PTA

Speaking on the general theme, "We Share a Responsibility for Learning," David Ross, psychology professor at the Southern Idaho College of Education, will address a meeting of the junior-senior high school PTA at 8 p. m. Monday.

Ross, who is a native of Idaho with 15 years of teaching and administrative experience, will lead the meeting to be devoted to the study of problems which concern parents, teachers and young people of high school age.

Ross has had three years of domestic and foreign work with the Red Cross during the war. He is a former county superintendent of public instruction for Latah county. Among other items, he will speak about preparation for college and alternate courses for youths who plan to follow vocational training or go to work after high school graduation.

Also scheduled to be discussed are the reasons why young people drop out of high school without graduating. There will be a general discussion by the audience and a panel consisting of Mrs. Lionel Dean, moderator; Mrs. Ralph Smith, Bernard Martyn, Morgan and Mrs. Rose North will conduct discussions.

According to Mrs. John E. Hayes, local study group chairman, the talk by Ross is the third in a series of four study meetings that are required for standard rating.

Army Recruiters Set Valley Trips

Representatives of the Twin Falls army recruiting station will visit four Magic Valley towns Monday and Tuesday, Lieut. George P. Claxton, officer in charge, announced Saturday.

On Monday the representatives will be at the Blufffield postoffice from 10 a. m. to noon, and at the Carey postoffice from 2 to 4 p. m. They will be available at the Blaine county sheriff's office Monday evening.

On Tuesday morning, one representative will stay in Halley until noon and the other will be at the Ketchum postoffice from 10 a. m. until noon.

Anyone interested in army enlistment may contact these representatives, Lieutenant Claxton said.

Idaho's Radio Operator Test Set for April

Idaho state radio operator examinations will be held April 17 in the senate chamber of the state capitol, Boise, according to announcement from the federal communications commission, Portland, Ore.

Examinations for radiotelegraph and radiotelephone operators will be held at 8:30 a. m. The radiotelegraph tests will include all classes of code and written examinations. Radiotelephone applicants will be tested for all classes except restricted radiotelephone. At 11 a. m., class A and B amateur examinations will be announced. Examinations will start promptly and no schedule variations will be possible.

Application forms will be furnished on request sent to the federal communications commission, 408 Central building, Portland 5, Ore., and also may be secured at the time of the tests in Boise.

No proof of citizenship will be required of applicants born in the United States or persons who hold naturalization or derivative citizenship papers. For persons having citizenship by other means, documents should be presented for inspection. Applicants desiring code tests should bring telephone receivers.

Man Arrested at Ketchum Held on Mann Act Counts

William Poulla, 47, wanted on a white slavery charge in Fresno, Calif., was arrested in Ketchum late Friday night by federal officers and Blaine county sheriff deputies as he lay back in his one-room motel apartment.

He had been employed in a Ketchum night club for the past two weeks, according to Sheriff L. E. O'Neil, who aided in the arrest.

Appearing before U. S. Commissioner James O. Humphrey in Twin Falls Saturday morning, Poulla was committed to the Twin Falls county jail in lieu of \$5,000 bond, pending the arrival of official charges from federal authorities in California.

The citation compiled by FBI men in Twin Falls and filed with Commissioner Humphrey said Poulla had violated the Mann act by transporting a woman for immoral purposes from Merced, Calif., to Virginia City, Nev., during the first week in March, 1947.

His arraignment before Commissioner Humphrey, to determine a plea to the charge, is expected next week when papers arrive from the U. S. marshal in Fresno, Calif.

BUSINESS TRIP
FAIRFIELD, March 13—W. W. Leck, accompanied by Charles Oasak, has left on a business trip to Ogden, Utah.

"Solid" Fog

SPOKANE, March 13 (AP)—A Spokane motorist drove his automobile into a patch of fog today—fog with a solid spot in it. Police said the fog was a cloud of dust raised by a mechanized road sweeper. The sweeper was the solid spot. Damage to the automobile was \$75—to the sweeper practically none.

Laborer Demand Reported Static

Labor demand remained practically unchanged in the south central Idaho area during the past week, according to an announcement by the Idaho state employment service, Boise.

Increases in advance farm orders at Twin Falls were counterbalanced by earlier placements on farms in the Gooding area, the bulletin said. The announcement also declared there were 1,616 unemployed persons registered with Magic Valley IDES offices.

Fort Hall Indians Seek Mining Jobs

POCATELLO, March 13 (AP)—Indians on the Fort Hall reservation are seeking employment in the Shoshone phosphate mine on the reservation.

The Bannock-Shoshone tribal council declared that Indians would be employed at the mine.

A meeting is to be held next month to discuss the situation.

Sprayers Warned on Purchase of Permit

Custom weed sprayers and crop dusters were reminded Saturday by County Agent Warren Daigh that they are required to purchase licenses under a new state law passed during the last legislature.

The law, Daigh explained, is designed to protect pollinating insects, such as bees, and livestock.

The Anatolian plateau of modern Turkey was the home of the ancient Hittites.

Cautious 'Yes'

SAN JOSE, Calif., March 13 (AP)—The cost of medicinal whiskey deductible from one's income tax return? A cautious "yes" came from the federal income tax man here today.

But he cautioned the inquirer: "It is difficult to determine where a line begins. The whiskey, in quantity, must be advised by a doctor."

Nicaragua is about the same area as Michigan.

"If It Isn't Right, Bring It Back"

End Seen for 'Sellers' Mart' Within Nation

NEW YORK, March 13.—The "consumer is coming into his own" are echoed throughout the news.

Earl Owen Shure, president of the U. S. Chamber of Commerce, sounds the cry, or warning, at the national marketing conference in St. Louis.

The time now is near when the customer will do the telling to the store clerk and the manufacturer's salesman, Shure says.

Jay D. Runkle, of Detroit, chairman of the National Retail Dry Goods association, is even more blunt. He says many manufacturers are trying to maintain the present high price levels and adds, "This is the stuff out of which booms and busts are made."

"Inflation on Ware" is the title of a new book, the president of the New York State Savings and Loan league says. Devereux W. DeWitt told the mid-winter meeting here that retailers and utility men tell him "money is very tight" and delinquencies rising. He urges the banks to jock up their collection departments.

The New England council urges a nationwide anti-inflation drive by business men to keep prices down by not bidding against each other. Department store sales on a country-wide basis were up four per cent in the week ended March 6, compared with a year ago, the federal reserve board reports. That's not enough, say many store managers. In view of the higher prices this year than last and the early Easter which should be sending shoppers out in flocks, but isn't.

Personal incomes rose to a new high in January, the commerce department says. It reached the annual rate of \$10,800,000,000, which is 11 per cent higher than a year ago. Wages and salaries dropped as employment slumped. But farm incomes rose and the huge New York state bonus for veterans pulled the total up.

In Omaha, the Union Pacific railroad reports widespread layoffs among shippers because "business is far below what we previously had expected, all over our system."

Rites Scheduled for Camas War Casualty
FAIRFIELD, March 13.—Funeral services for Pfc. James O. Griffith, who was killed Feb. 4, 1944, on Kwajalein atoll, will be held at 1:30 p. m. Monday at the Golden Gate national military cemetery near San Francisco, Calif.

Mrs. Verna Griffith, mother of Pfc. Griffith, and Mrs. and Mrs. Orris Griffith, Gooding, will attend the military ceremonies.

COMPLETES VISIT
PAUL, March 13.—Charles Francisco, who has spent several weeks visiting relatives, has left for his home in Brea, Calif.

The name "Palestine" is the Philline name for the country.

Didn't Watch His Step

Ivan Taylor, 54, elevator operator of Chicago, Ill., is rescued by firemen from an elevator shaft. Returning to the spot where he left his elevator during his lunch hour, Taylor failed to notice that the car had been moved. Slipping into the open shaft, he fell 25 feet to the bottom, sustaining cuts and bruises about the face. (NEA telephoto)

Minidoka Calls for Construction Bids

MINIDOKA, March 13.—R. H. Leger, chairman of the Minidoka village board, has called for sealed bids for laying approximately 3,700 feet of new water mains.

Besides the mains, bids will include service connections, reconditioning of six gate valves and installation of nine valves connecting fire hydrants with mains.

The bids will be received until March 27 at which time they will be opened at a public meeting.

Nampa Paper to Get New Building

NAMPA, March 13.—Construction of a \$40,000 building for the Idaho Free Press, local daily newspaper, will be started Monday by McGonigal and Brodson, Boise contractors. Bernard Mainwaring, president of the publishing company announced today.

The new plant will be 52 by 127 feet, of red brick construction, one story high with all newspaper operations on the street level. Completion within five months is expected.

The Free Press also announced that a new rotary press will be installed in about a year, together with other printing machinery now on order.

Teachers Rehired

Strol-a-walk

- IT'S A STURDY STROLLER!
- IT'S A BABY WALKER!
- IT FOLDS FOR CARRYING!
- A BASKET FOR BUNDLES!

It's light and easy to push, yet sturdy and durable, a real quality product. It turns without lifting or tipping on its large, easy rolling ball bearing wheels. The washable fabric seat is a cushion against jolts—soft and comfortable as a hammock.

You can change it from stroller to walker in five seconds! Nothing to take apart, nothing to unscrew! Just drop the back and push the footrest out of the way. With only soft fabric between the legs, baby can walk naturally and easily.

It folds up at a touch for storing in the hall closet or carrying in auto or bus. It weighs so little any woman can carry it. The basket—an extra accessory—supplies ample carrying space for bundles.

See it today! It answers every mother's problem.

McNary Dam Advocates Set Hearing Plans

WASHINGTON, March 13 (UP)—McNary dam advocates will carry to the senate side of the capital next week a plan for \$40,000,000 for work in the year starting July 1. Total cost of the project, on the Columbia river between Washington and Oregon, is estimated at \$250,000,000.

The budget bureau recommended \$20,000,000 for work during the year. The house cut the amount to \$20,000,000. Army engineers have asked the senate appropriations committee to restore the cut made by the house.

To Testify Monday

Herbert G. West, executive vice-president of the Inland Empire Waterways association, said that he and others would appear Monday before a senate subcommittee in addition to \$40,000,000 for McNary dam, he said he also would seek \$40,000,000 for starting construction on the first of four Snake river dams.

Senator Magnuson, D. Wash., said West's statement, saying McNary dam should be pushed to completion as soon as possible, he said additional power is necessary in the Pacific Northwest and for the atomic energy works at Hanford, Wash., and a proposed superoxide research center.

Speeds Construction

West said that a \$40,000,000 appropriation would mean the dam can be constructed in six years, as compared to 10 years if only \$20,000,000 is voted.

West, former mayor of Walla Walla, Wash., said he also will ask the senate to add \$40,000,000 to the \$40,000,000 the house voted for McNary dam in the lower Columbia.

His organization, West said, wants to see the Snake river dams started as soon as possible and ready for construction. The first dam will be 10 miles up the Snake from the Columbia, he said.

At the head of the pool to be formed by the McNary dam, it is estimated to cost \$47,500,000.

Jerome Girl Gets High C. of I. Mark

COLLEGE OF IDAHO, Caldwell, March 13—Shirley Eppel, student, a Junior at the college of Idaho majoring in chemistry, was one of three students who obtained a "four-point" average at the college during the first semester. The grade is the highest obtainable at the college.

Marie Valley students who received grades from 2.8 to 4.0 are Warren Barry, Evelyn Schuck and Meredith Glenn. Twin Falls: Elaine Butler Williams, Gooding, and Lois Bingham, Wendell.

Area students receiving grades from 3.5 to 4.0 include Joyce Barnes, James Hayden, J. C. Holte, Audrey Smith, Elsie Carlson, Leroy Ehlers, Donna Pratt, and Ann McMillan.

Twin Falls: James Echols, Rupert; James Kaecher and Myron Sheldahl; Bull: Mary Billingsley, Carey; Velpo Hawks, Gooding, and Mary Redfield and Mary Gillett, Burley.

Gate City Submits Plans for Airport

POCATELLO, March 13 (UP)—First step in a \$71,000 improvement program at the Pocatello municipal airport was taken Friday when the project plans were submitted to the city aeronautics administration.

If approved, the CAA will contribute 80 per cent cost. Proposed improvements include construction of new hangars, seal coating of aprays, drilling of a well and installation of segmented traffic pattern indicator.

Harry Barry Ain't Mad at Nobody

Mr. Barry, wife and their friends are still down in the southern states and if we know Harry, he's helping everyone to enjoy themselves.

It's rather hard for Harry to keep in touch with us here at the yard so I'm taking it upon myself to let you folks in on some good news: If I'm not mistaken, Mr. Barry mentioned something about paint in his last bit of news—well, we've been able to get hold of some of that Schumers paint called "Blankit". I'm not kidding when I tell you that you yourself can do a professional looking job on your walls even though you have had little painting experience.

"Blankit" is a one coat washable paint, quick drying and is available in many beautiful colors. We'll be glad to tell you how to get the best results.

Also, if you plan on doing your wood-work too, we have a wide selection of Schumers stains and primers. In fact, we are now able to take care of your paint needs for both interior and exterior surfaces.

Another thing, we received a car load of vertical grain fir flooring this week. Ed Hall tells me it's really beautiful stuff and if I do say it, "Ed" knows his flooring. Oh yes, we were fortunate in getting a little of the 5/4 inch flooring, used a lot in truck beds, this time.

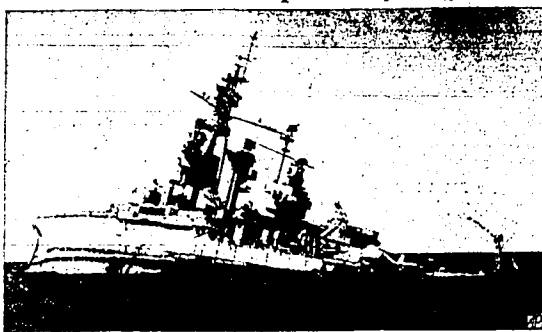

We're able to supply you with Aluminum roofing, Ply-board, Cabinet hardware, insulation, etc. not to mention the wire variety and grades of lumber—and wait a minute! How about cedar shingles? We have them in No. 1 and No. 2 grades. The prices are right.

So long for now, Charlie Sharp

Veteran Battleship Sunk by Navy

The 23-year-old battleship Pennsylvania goes down by the stern after being towed from Kwajalein lagoon and dermed unawar. The 33,000-ton veteran of two wars and belated flagship of the U. S. Pacific fleet, was a target in the Bikini atomic bomb tests. (AP)—photo from the U. S. Navy

Queer Antics of 'Big Dipper' Are Explained by Astronomer

By J. HUGH FRUETT

Astronomer, Extension Division, Oregon Higher Education System

"The antics of the big dipper during the course of a year have me mystified," (N. L. J. Seattle).

"In all my life I have never before seen the big dipper standing on the end of its handle as it has done this winter." (Several inquiries).

"During the clear nights of January, from my pillow I watched two stars in the north, one higher than the other, until they passed my window going east. By 10 p. m. they were in the northeast. Many times I lined them up with objects and know they went east and that I was not just 'seeing things.' I thought stars went west. Why and how these could go east I do not know as I am just a farmer." (A. B. F. Newberg, Ore.)

All these puzzles will be handled in the one continuous explanation below. Being "just a farmer" has not hindered one person from conducting a commendable research which has revealed the astronomical fact that stars apparently move eastward across the lower northern sky. Those mentioned were doubtless in the handle of the dipper.

If the earth's north pole were extended out to inconceivably great distances, it would touch a spot very close to the north star. In our latitudes this star measures about half way up from the northern horizon to the zenith, although it seems considerably higher.

Approximately and poetically then we may say that the earth turns on

while dangerously balancing on the end of its slinky handle.

The earth's revolution around the sun causes all stars to come to a certain position four minutes earlier each succeeding night. (Note the 23 hours 56 minutes mentioned above). This amounts to two hours a month, or 12 hours in six months. In September our big dipper is low in the north at midnight; in December, at 6 p. m. This accounts for the various locations at a certain hour at different times of the year.

In mid-March at midnight the big dipper is almost overhead and is moving west, at 6 a. m. in the north star is climbing up (south) with the bowl leading as usual; at noon, low in the north and of all things—just east as our correspondent discovered. At 6 p. m., our celestial drinking cup is in the northeast and is climbing up (south)

Rustproof galvanized... meets all required electrical specifications. 1/2-inch knockouts on all sides.

When you're fixing up for spring play safe—check up on your wiring and replace with new fire-safe equipment. We have it—priced right.

Harmless Pill Relieves Fear Over Dentists

LOS ANGELES, March 13 (UP)—A harmless pill will take away all your fear of that trip to the dentist. Two dentists promised today that if you take the pill, a mild barbiturate, when you leave the house, you can walk fearlessly into the doctor's office.

Dr. Milton Levine and Robert Hoyt, of White Memorial hospital's institute of experimental medicine, said the pill prevents fear and eliminates some of the pain of having teeth filled. They said they had eliminated the rest of the pain through a new painless technique of injecting anesthetic.

The new treatment was tested successfully on more than 200 patients in the last two years. Trips to the dentist became a pleasure instead of a horror for both adults and children, the doctors said.

The pills have no bad effects on children if used in the amounts recommended by dentists, they said.

Bazaar Sale Planned By Albion Granger

ALBION, March 13—Plans for the Albion Grange Bazaar were made at the last regular Grange meeting. Master Mark Bowden presided.

Refreshments were served by Mr. and Mrs. B. G. Kelley, Mr. and Mrs. Eugene Mahoney and Mr. and Mrs. Joe Frederickson.

BUSINESS TRIP

FILER, March 13—Mr. and Mrs. B. C. Huffman have left on a business trip to Salt Lake City, Utah.

If children prefer, they can drink an equally-harmless soda pop containing the barbiturate.

The patient will be calm and relaxed for a half hour or so after the treatment, the dentist said, but the effect will wear off then and leave no pain.

Margaret O'Brien, child movie star, was so enthusiastic about fear-free trips to the dentist, they said, that she gave \$1,000 to their research.

RADIATOR SPECIALISTS

It takes a specialist to properly clean or repair an auto radiator. We specialize in this work and have the facilities, equipment and parts stock for rendering guaranteed service.

Life in MAGIC VALLEY

By INEZ PUCKETT

The pillar towers of Ireland, how wonderfully they stand by lakes and rushing rivers through valleys green and bland; In mystic file, throughout the lake, they lift their heads sublime Those gray old pillar temples, those conquerors of time.

Burns and the O'Donnells and the Deas and the Boyles, the Mahoneys and the Sullivan, will be decking themselves in green next Wednesday, shamrocks will brighten coat lapels; boxes of emerald will sit on their hairpins. St. Patrick's Day is here again. The Irish are wonderful folk. All of us have known Irishmen we can't forget. Such gay, ready laughter, play merriment and courage, can be found in no other race. The names of Ireland's great men are known to us all: O'Connell, Parnell, Moore, Goldsmith, Dean Swift, Disraeli, Berkeley, Robert Emmet.

As for fighters, no nation anywhere has matched Ireland in warriors. When Irishmen can't fight at home they wander off and join the wars and wars of others. These fearless Celts scrapped the Roman Legions and helped resist Julius Caesar. When mighty Rome couldn't muster enough of her own male citizen to fill her armies she used Irishmen.

For ages Erin was the favorite recruiting ground of Europe. In the 30 years of bloody war after 1691, 400,000 of her sons died as soldiers of the French alone. That sad reputation was always brilliant.

Magic Valley has her share of descendants of these gay and fiery folk. They are mostly sweet, unassuming and charming. Some of them are "Black" Irish, and some of them are "red," but all have that sparkle characteristic of the Celt. Personally, we never saw a colorless Irishman, there just isn't such an animal!

One of the most outstanding of Erin's sons we know is the nephew of Dr. Keeley—the man who originated the Keeley cure for alcoholism. This Celt is big, ruddy, and so full of personality and charm, that we never knew him to enter a room or step on a platform, without attracting instant attention. He was our first boss, long ago in California, and now he has retired to carry on his good works. Henry Keeley epitomizes everything an Irishman should be: he is strong, humorous, courageous and magnetic. Here's to him!

The only thing Idaho has that we can't buy or drive to, is our relatives, and right now they're wishing their zero weather wishing they were here in this heaven on earth! Mrs. Glen Moon of San Diego, Mrs. Moon is all set up over our recent criticism of California, says she spent most of her life around J. Edgar, Twin and Jerome, but moved south eight or 10 years ago. "It's all been wonderful," she writes, "People as nice as any in Idaho . . . the professional folks we meet are human too—a thing which amazes me. The Idaho brand seem to think they are quite special!" (Oh! That Glenn on you professional folks of Idaho! What did you do to this lady to make her so bitter?) Mrs. Moon doesn't like what we

sons in general told us over and over that things had got to an appalling state and were not improving. Factories have come and with them swarms of humans willing to live like pigs if only they can stay in that "heaven on earth." The air is polluted with smog.

Some of our friends have moved to the Santa Monica mountains, another couple to Hemet, another to Arrowhead. Sister Moon, you can have your present-day California. Lots of out-of-staters get slapphapp when they see all those roses in December, and oranges actually "win." But as an old-timer from down there who knows the score, we'll take the clean air, the friendly people, the varied weather of dear old Idaho.

Guests who was in the mail today: The Baron, of Annie Greenwood's "We Singin' in the Rain" at the Grandview—other side of the snake—sent me a clipping of your recent column, he writes. "Are you the girl from Oakley who lived on the Greenwood farm in 1917 and married a Puckett boy who went on a Mormon mission? . . . Maybe you remember Leber's store in Old Milner and the cable bridge across the river." The Baron says he is now running a

bookshop in Santa Fe, N. M. The letterheads of publisher Charles Brown of the Oakley Herald, are really something. They say, "The Oakley Herald. Where will it be 20 feet deep. . . Local color and the human touch!" "I asked my girl if she could learn to love me," said Lavinia Rock Lem. She said she reckoned so, she learnt shorthand in three weeks!

Want a short winter? Then have your note come due in the spring.

Oleo Tax Backed By Chamber Unit

The Twin Falls Chamber of Commerce, on the recommendation of its agricultural committee, went on record Friday as supporting the bill which would keep the federal tax on oleomargarine.

The agricultural committee was authorized to send telegrams to the state's representatives in congress, urging them to oppose any attempt to remove the tax.

The federal tax on colored oleomargarine is 10 cents per pound.

Robins Proclaims Month on 'Ideals'

BOISE, March 13 (AP)—Gov. C. A. Robins today proclaimed the period from March 15 to April 15 a month of "rededication of American ideals and principles."

Reason for the proclamation is

the visit of the Freedom train to Idaho. The train will visit Pocatello, Coeur d'Alene and Boise during that period. It will be in Boise March 29.

The governor urged Idaho citizens to extend a hearty welcome to the Freedom train "carrying precious cargo of significant and historic documents."

RHEUMATISM YIELDS TO DRUGLESS METHOD OF TREATMENT

Excelsior Springs, Mo., March 13.—So successful has a comparatively new, drugless method proven for treating rheumatism and arthritis that an amazing new book will be sent free to any reader of this paper who will write for it.

This book entitled, "Rheumatism," fully explains why drugs and medicine give only temporary relief and fail to remove the cause of the trouble.

The Ball Clinic, Excelsior Springs, Mo., has perfected a system of drugless treatment for rheumatism and arthritis combined with the

world famous mineral waters and balm. This new system of treatment is fully described in the book and tells how it may be possible for you to find freedom from rheumatism.

You incur no obligation in sending for this instructive book. It may be the means of saving you years of untold misery. For writing promptly, the clinic will send their newly combined book entitled, "Rheumatism—Good Health, Life's Greatest Blessing." Address your letter to The Ball Clinic, Dept. SSS, Excelsior Springs, Missouri, but be sure to write today.

12 More Vets Join Jerome's Legion Group

JEROME, March 13—Twelve new members were initiated into the Jerome American Legion post at its last regular monthly meeting.

The new members include Dr. James Elliot, Fred Abrams, Tom Alban, James Milford, Dudley Broad, Charles Miller, David Burke, Kenneth Raver, Herman Kulin, Ollie Reed, Harry Jackson and Harold Harris. A transfer member, Kenneth Brande, from Hays, Ill., was accepted into the post.

Jerome leads the fourth district in new membership and the fourth district in second high for new members in the state.

Following the initiation ceremony, members discussed the purchase of old Jerome high school boxing equipment. The equipment was made available for Legion purposes after high school officials turned down a higher bid from a Twin Falls group to keep the equipment on the north side.

Comdr. John T. Stille, Jr., appointed three standing committee members for current purposes. The committee members are: Walter Peterson, Ralph Peters, Robert Ott, Kenneth Brande and Wayne Thompson, boxing.

Century-Old Mine Reopened for Use

SAN FRANCISCO, March 13 (AP)—The old quartz mill mine in Idaho county, discovered nearly 100 years ago, is in a new cycle of operations.

Modern rock drills, a power shovel and a bulldozer, the state division of mines reports, are being used to break and move the gold-bearing rock. Formerly this was done by water from hydraulic giants.

A modern mill has replaced the old sluice boxes and the ore is crushed to release its precious metal.

Many rich clusters and specimens of gold have been recovered from the mine through the years. One specimen found last year, the mine division said, was reported to have contained several hundred ounces of gold.

Gooding Club to Raise Funds for Fish Hatcheries

GOODING, March 13—Members of the Gooding county Rod and Gun club will raise funds for the federal fish hatchery at Hagerman in operation until fish can be planted in streams in June. The decision was made at the last meeting of the club.

Plans were discussed for the Blue Rock shoot. One of the shoots will be announced later. All proceeds from the event will go into the hatchery operation fund.

A delegation from the club will attend the fourth district Wildlife Federation convention to be held at Salmon in April.

Blooms Hold More Attraction Than Anything, Boyle Learns

NEW YORK, March 12 (AP)—Flowers have more drawing power than musclebound wrestlers and six-day bike riders in the asphalt races of Manhattan.

The subway farmers and cunts dashing window-box watercress are proving that this week at the Kentucky derby of the garden world and the international flower show, each year this big league floral extravaganza attracts about 100,000 spectators.

Everybody comes but Ferdinand the bull.

They even learn some special traits from New England and charter buses in Raleigh, N. C., to bring in the dogwood and rhododendron fans. And—yes, indeed—people try to pick the flowers right out of the displays, and they've got to make guards on duty just to prevent them. This year more than 1,000 constables are striving for prizes.

253 main events. There are more minor feuds and vendettas in the four-days display than you'd find in a tri-facial reunion of the Hatfield, McCoy and the Borgias.

But in a real emergency the people who bring the outdoors indoors really help each other. When Don Roehrs, 33-year-old Euterford, N. J., landscape contractor, at the last moment needed some soil and a few flowers to complete his rock-walled Normandy garden display, other exhibitors generously pitched in.

Roehrs' exhibit then won the grand prize as the best garden of the show. His construction was supervised by Lowell Kennedy, 32, a three-wounded war veteran. He saw a lot of Normandy walls while doing some landscape work overseas with a machinegun.

The rabid enthusiasts of some of the elderly spectators is a source of

worry to show officials, who keep a nurse handy to revive those overcome by similia-excitement.

A 75-year-old grandmother snaked on a freight elevator in order to crash the show before it opened. An old man suffered his stark heart attack the day the show opened, but as he was carried off promised: "I'll be back!" To him and many other people who came here flowers are the most important things in life.

One elderly woman fainted and was placed in a wheel chair. She came to as they were rolling her to an elevator and murmured graciously: "This reminds me of Atlantic City."

Commercial booths had for sale hundreds of items ranging from 10-cent glass flower earrings to \$1,000 floral refrigerators, from \$150 to \$400 tractors.

Some florists were annoyed at two men from Hackensack, N. J., who were selling 10 gray kias which preserve flowers indefinitely, thus enabling a lady to keep her bridal bouquet and other floral pieces permanently.

"They don't have any smell though," the florists told each other. "I'll be back!"

Of the millions of flowers on display the bloom that won most interest from the women was an orchid from the wedding cake of Princess Elizabeth. It had been preserved by borax crystals.

Guarding the orchid display was Irving Wiener, an ex-con.

"There's \$35,000 in orchids here," he said. "I been guarding flowers here for five years. Never lost a single orchid. But three women! I turned my back for half an hour—they wouldn't be a flower left in the place."

Juniors Present Stunt Assembly For High School

A novelty band, Bob Duncan and his "Five Little Tonas," was featured in a stunt assembly presented Friday by Twin Falls high school juniors.

Some of the stunt was a ski lodge. Comic acts and special numbers were performed for lodge "guests." Bill Breda, Bob Stansbury, Owen Hovey, Nancy Magli, Roy Ellsworth, Bill Porter and Jim Craig.

Members of the band were Skippy Pierce, Tommy Danner, Bob Duncan, Paul Eastman and Bill Taylor. Donna Rae Bagley was accompanist.

Participating in the program were Lucille Langdon, tap dances; Don Bell, imitation of Al Jolson; Bill Porter, Roy Ellsworth, Keith Crowley and Jim Craig, quartet; Helen McQueen, imitation of Betty Hutton; Jim Craig, card tricks, and Edith Kevan, recitation.

Assembly judges were Mrs. Victor Goertzen, Mrs. Dean H. Affleck, Mrs. Lovell Nutting and Mary Jane Shearer.

The senior class stunt assembly was presented in February and the sophomore event is slated for April 16.

ISC's Yearbook Is Due May 15

POCATELLO, March 13 (AP)—The Idaho State college year book, Wikkip, will be ready for distribution May 15, Editor Kenneth Spiekerman said today.

Editorial work is scheduled to be finished Monday. Theme of the 1948 issue is "the old and the new" comparing present ISC activities with those when the school started out as the Academy of Idaho.

RETURN FROM OREGON

DEXIO, March 13—Mr. and Mrs. Harvey Berg have returned from Portland, Ore., and Boise where they visited relatives.

Savant Believes Atom Energy to Revive Deserts

COLLEGE PARK, Md., March 13 (AP)—Atomic energy may some day turn the world's great deserts into lush farmlands, Dr. Philip N. Powers believes.

Powers, advisor on scientific personnel to the atomic energy commission, addressed Maryland university students here last night. Denying that "atomic energy and

atomic bombs are synonymous," Powers forecast a time when power released by splitting atoms will be put to work "in regions where other fuels, such as coal and oil, are not easily available."

Powers envisioned use of nuclear heat to remove the salt from sea water. The distilled water then would be transported "into desert regions of the earth where the soil has great fertility but which we cannot now use for growing food because of the lack of water."

By thus causing the deserts to bloom, Powers said, atomic energy could "make an important contribution to increasing the world's supply of food."

Artist Avers Modern Art Vicious Plot

HOLLYWOOD, March 13 (AP)—An artist charged today that modern art is a vicious plot to drive the world insane.

T. J. Hobbs-Gibblings said the modern art cult aimed to destroy "bourgeois civilization" and run the world to ruin.

"People will begin to doubt the reality of actual life," he said, "if they see enough surrealist paintings of three eyes and legs in the head."

"They won't know which is the dream world—what they see in modern art or what they see around them."

Started in Italy

Hobbs-Gibblings, a New York interior decorator and furniture designer, said the whole thing started with Martinetti, who established a school of painting in Italy in 1910. He said the school planned to get up a "government of experts"—the artists themselves.

"They looked for a way to break down bourgeois civilization," he said, "and found it in art," he said. "Until they arrived, our civilization was based on rationality."

"Furiously Smearing"

Since they arrived, he said, they've been furiously smearing paint into panels—like clocks, heads with no nose where the eyes should be, arms and legs floating in the air and there are unrecognizable assortments of triangles.

The artist added that the plot to ruin the world had extended even to people's homes.

"The original modernists were functional, trying to make the building fit the human use," he said. "But some of them now are saying—yes, some American architects are saying this—that the individual doesn't matter; the architecture should represent the state."

A Journal Seeking "A Stinkin' Ink"

PANWOOD, N. J., March 13 (AP)—Chemist Clayton Myers has an order to make some "stinkin' ink" for the weekly newspaper in Richmond, Va.

The ink has to be ready for a special edition of the News-Leader March 17 to celebrate the annual "harvest of the ramp."

The ramp is a spring herb of the early family.

"It tastes good going down," says Myers, "but stinks terribly after you eat it."

Everybody in Nicholas county, Va., eats ramp to celebrate the coming of spring, says Myers, so the ramp is pretty important.

Editor-Publisher J. F. Comstock of the News-Leader got an idea. The March 17 edition of his paper will be printed with "ramp ink," he says, to commemorate the stink.

HOSPITAL PATIENT

OAKLEY, March 13—George H. Bevers is receiving medical treatment in the Cottage hospital, Burien.

... Into the Wild Blue Serge

OK, troops, you can re-enlist now. The air force's brand-new uniforms have made their bow. They're blue—shades of blue, as a matter of fact—and even the chevrons are redesigned. Chairman John T. Baker, R. N. Y., of the house appropriations committee, examines Major Edward Ance, left, of Hittison, Pa., wearing technical sergeant's stripes, and Pfc. Claude Eldings, of Baltimore, Md., in a sergeant's uniform.

Old Stage Driver Buried in Nampa

MURPHY, March 13 (AP)—Last rites for Ed Paul, 70, lifelong resident of Owyhee county, were held here Saturday morning with burial in a Nampa cemetery.

He died of a heart attack Thursday afternoon a few minutes after he was found unconscious behind a tractor he had been driving. In the early days he was a freight and stage coach driver from Murphy to Silver City.

Probate Judge W. A. Lewis said Friday Paul was found by two youths who were hunting scrap iron in the vicinity. They carried him to a nearby farm house where he died a few minutes later.

Active at 93

ST. LOUIS, March 13 (AP)—William A. Rutledge celebrated his 93rd birthday anniversary yesterday with a break weekend at the downtown Y. M. C. A.

The spry old gent, a retired real estate dealer, did some calligraphy, tossed a medicine ball around, and said it was good to have the first 93 years behind him.

The elevation of the Great Lakes from Superior's 602 feet down to Ontario's 245.

February Boost in Unemployment Is Listed by Bureau

WASHINGTON, March 13 (AP)—Unemployment rose sharply in February, the census bureau reported today. Bad weather and the fuel shortage were blamed.

A census sample survey early in the month showed a 574,000 increase in unemployment since January. That put total unemployment at 2,629,000, which was 149,000 above the level of Feb. 1947.

The bureau said that cold weather had forced layoffs in outdoor work, while fuel shortages in some sections caused plants to shut down.

While unemployment was increasing, however, the number of employed in February remained virtually unchanged from the previous month at 57,139,000. That was 1,619,000 higher than a year earlier.

The bureau noted that there was a substantial reduction in hours worked even by the employed. It blamed weather conditions largely for this.

Forestry Board To Meet Monday

BOISE, March 13 (AP)—The spring meeting of the Idaho state cooperative board of forestry will be held here Monday. Stanton G. Ready, state forester and board secretary, said the meeting will be routine.

A special forest study committee appointed by Gov. C. A. Robbins will make a report.

RECEIVES TREATMENT

EDEN, March 13—Mrs. Pearl Day is receiving medical treatment at Kenneth Vaughn, who is ill in Boise at the Twin Falls county hospital.

IF RUPTURED TRY THIS OUT

Modern Protection Provides Great Comfort and Holding Security WITHOUT TORTUROUS TRUSS WEARING

An "eye-opening" revelation in sensible and comfortable reducible rupture protection may be yours for the asking, without cost or obligation. Simply tear this out and mail with your name and address to William S. Rice, Inc., Dept. 335-N, Adams, N. Y. and full details of the new and different Rice Method will be sent you free. Without hard flesh-grinding pads or tormenting pressure, here's a support that has brought joy and comfort to thousands—by releasing them from Trusses with springs and straps, that bind and cut. Designed to securely hold a rupture up and in where it belongs and yet give freedom of body and genuine comfort. For FREE TREATISE and full information—write today.

Take It Slow

WASHINGTON, March 13 (AP)—You'll have to take this slow: Melvin Davis, 23, was arrested for speeding today. He explained to police that he was in a hurry to get \$25 to help a friend who had been

arrested for speeding. The friend got out of jail when his father posted bond. Davis remained in jail. He couldn't raise the collateral.

About 3,500 years ago Jerusalem was an Egyptian village.

Farm Leader Urges Support for Strike

DENVER, March 13 (AP)—State presidents of the National Farmers union have adopted a resolution urging "all farmers to support the strike of packinghouse workers"

called for Tuesday. The United Packinghouse Workers of America (UPWA) has called the strike against major packers.

Mt. Parnassus in Greece was the seat of ancient Apollo and Dionysus worship.

Schools - Granges - Clubs

We especially invite schools, granges and organizations to take advantage of this opportunity to get a piano that is just like new for their activities at a very low cost.

When Your Land Was Owned by The Indians

THEY DIDN'T WORRY about titles—but when settlers began to make homes, till the soil and raise domestic flocks and herds they wanted to be certain of their ownership.

At first, land ownership was simple—but as time passed and land was bought and sold many times and became affected by a variety of circumstances, such as mortgages, liens and inheritance problems, it became more complicated.

In Massachusetts Colony, in 1640, began the American system of recording land titles. For a while it was easy to go to the records and look up titles, but as records became more voluminous, abstracts or digests of the records became necessary.

These abstracts, however, were just a condensation of the records.

Then in 1876, in Philadelphia, titles were first insured. This is the modern method. It affords the only real title protection.

The title insurance company searches the records and issues an insurance policy guaranteeing title protection to the full amount of the policy.

This modern method of insuring land titles not only guarantees against title defects shown in the records, but also protects against forgery, fraud, and other hazards not apparent from the records.
