Barkley Raps Dewey Attack On U. S. Aims

ROCHESTER, N. Y., Sept. 29 (AP)—Sen. Alben W. Barkley, Democratic presidential nominee, today accused Gov. Thomas E. Dewey last night of "embarrassing the foreign relations of the United States."

In his first invasion of the GOP stronghold in upstate New York, Barkley said the Republican presidential nominee's public utterances on atomic energy and Italian colonialism left a "hollow ring" to Dewey's promise "that he will appeal to no special interests."

Questions Left

Dewey's campaign declarations including his favor for private development of atomic energy leaves some question whether Republicans comprehend even the meaning of the force of atomic energy," Barkley said at a Democratic rally.

"The Republican candidate has demonstrated anew and more clearly than has ever before that the chief and abiding concern of the Republican party lies in the profits for a special few and that this concern even overrides the development, safety and well-being of the United States."

"Ultimate Gravity"

"This," he added, "is a matter of the utmost gravity."

Barkley referred to the Republican party as the party of high taxes, the enemy of public housing, the friends of the wealthy and the haven of "the exploiters and the special interests."

Big Ears Mean Much Work

Farmer Francis L. Gorman, Monroe, Ill., examines ears of corn he grew. Gorman's farm helps to make up the record corn crop, which means a record job of harvesting and husking. Upwards of 3,500,000,000 bushels are expected.

PTA at Paul Holds Parley For Teachers

PAUL, Sept. 29—Members of the Paul PTA honored local teachers at a reception held in connection with the first PTA meeting of the year Tuesday. Mrs. Don Hackney, president, presided at the session.

Teachers were introduced by H. Jean Brown, high school principal, and Mark Anderson, grade school principal.

Teachers at Meet

Teachers present were Harold Brown, coach; Boyd Earl, music and band director; Mrs. Ruth Dornell, principal; Mrs. Don Hackney, principal; Mrs. Lois Detton, Mrs. Donna Sanford, Mrs. Williams and Mark Anderson, grade school teachers.

Anderson explained Mrs. Carter and Mrs. Detton will have charge of the first four grades in music and Mrs. Sanford the upper grades.

Hearing Goes on For Phone Rate Boosts in Idaho

BOISE, Sept. 29 (AP)—The public utilities commission hearing on the Mountain States Telephone and Telegraph company's request for increased rates continued today with more cross-examination of witnesses and exhibits scheduled.

Yesterday company officials questioned R. E. Harper, Seattle accountant, on the exhibit of proposed rates he prepared for the commission.

Telephone company officials said at the hearing the firm must have substantial earnings to attract capital needed to improve Idaho phone facilities and to provide adequate service. They said earnings had been inadequate in the past few years to attract sufficient investment.

The company officials said Harper's analysis had cut down on depreciation payments, eliminated costs for construction in progress and altered the necessity of investments.

Paul Group Aims Traffic Problems

PAUL, Sept. 29—Traffic conditions in Paul were discussed by members of the Paul Boosters' club at the last regular meeting of the group. Willis Reed, vice president, was in charge of the session.

It was decided to place school markers and signs in the school area for the protection of students. Speed through the village on the north and south highway will be regulated to 20 miles per hour and on Main street to 10 miles per hour. Proper parking also will be enforced in the village.

Mr. Hamilton made an estimate on the cost of the sewer project. He reported he is completing the survey of the village and will issue a statement in the near future.

A drive was started for new members. The group meets on the third Tuesday each month.

Don't take medicine, torture of rectum. Get Pazo for comforting relief. Ask your doctor about it. *Prepared from a natural vegetable base.*

Henry Is Completely Baffled By Chinese Theater's Acting

PEIPING, China—(AP)—Marcelo Polo visited here in the 13th century, and it is believed to be the first time the Chinese theater is all about it. It is the same today as it was in Mr. Polo's time.

which means to a foreigner it is utterly incomprehensible. We have been to the theater since we got to Peiping, and not for ten years ago, but we have understood what was going on.

The behavior of the audience is as confusing as what goes on on the stage. The Chinese love the theater and all the theaters in Peiping are full.

The spectators seem to pay little or no attention to the actors. They talk and eat and drink all the time the plays are going on. They walk about the theater visiting friends, and when the musicians are playing, they aren't bringing food or drink, they are passing around steaming hot towels which they wipe their faces with.

A great deal of time the actors' voices are half drowned by the chatter of the spectators.

However, at an actor make a mistake and he will be booted from all corners.

The plays are done to music—and what music! The orchestra sits on one side of the tiny stage, with the conductor equipped with a little drum, a pair of wooden clappers, two gongs and a pair of cymbals. He is assisted by a gentleman who plays a two-stringed fiddle, and one who picks at a mandolin-like instrument.

When all the instruments are sounded together, as they often are, the din is enough to wake the dead for miles around. Yet the music must be sweet to Chinese ears, because the orchestra is heavily applauded, especially after finishing a piece which, to western ears, bears a strong resemblance to New Year's eve in a ballroom.

The actors apparently can't hear the sight of the audience clapping, but they have no way of knowing. So they frequently pause to sip from a cup or, when they are wearing beads or make-up, to adjust the long point of a tassel held by an attendant.

There are usually as many "prop boys" on the stage as there are actors. They slip quietly about the stage.

Radio Forum Debates Value Of Sales Tax

"Should Idaho have a sales tax?" was the question debated in the Valley roundtable broadcast at 7:30 p. m. Tuesday over KIDP.

Speakers were Warril Kleinkopf, master of the Twin Falls Grange, and Carl Lowe, court reporter, on the negative side; John D. Pitt, high school principal, and Lelan Black, businessman, on the affirmative side. Juneau Shinn acted as moderator.

The affirmative side took of any kind were unnecessary. It is the opinion that if developments are to be carried out some method other than property taxes will have to bear the weight. They declared home builders and home buyers should not be penalized and that if a sales tax is increased, then they are in favor of the state sales tax as an equitable form of payment for the services.

The negative side thought the sales tax unfair for it violates the cardinal principle of just taxation—that of the ability to pay. They said the low income group is taxed far greater for per cent income than the higher income group and the tax discriminates against persons at the same income level because those having dependents have to pay additional taxes for each.

Mrs. L. S. Shurcliff, representative of the League of Women Voters, introduced the program.

The broadcast was sponsored by the League of Women Voters, a non-partisan organization. The subject for next week's broadcast will be, "Are Our Present Day Labor Laws Appropriate to Our Time and Needs?"

Another Oil Well Succeeds in Utah

SALT LAKE CITY, Sept. 29 (AP)—Daily production of nearly 200 barrels is expected at a new oil discovery by the California company 12 miles southwest of Escalante in Garfield county, southern Utah.

The strike is the company's first test of its 27,543 acre Upper valley block. Full scope of the discovery cannot be determined until the well is adequately tested, officials said.

However, officials said indications are for production of 102 barrels per day.

The well was drilled to a depth of 8,971 feet with the top of the producing limestone believed to be in the Pennsylvania formation.

A report on the fourth district PTA conference at Sun Valley was given by Mrs. Hackney and Mrs. Arnold Sompe. Mrs. Sompe also reported on summer canning completed by the PTA.

During the business section, the resolution of Mrs. Hackney, group president was accepted. Ros Greenwell, first vice president, was appointed secretary.

Greenwell appointed Mrs. Dee Peck as a member of the hospital committee.

China Reported Lose Ground in Manchuria Area

SHANGHAI, Sept. 29 (AP)—The Chinese government today reported a loss of ground in Manchuria and China slipped still more Tuesday.

In Chihli, only one case in Eastern Manchuria, was hotly pressed on three of the Commercial pilots back from the north said the communists seized the air field, terminating for all supplies flown to Mukden.

This was not confirmed but all commercial flights to Chihli were halted. Supply planes left back to Peiping and Mukden in order to keep up the air lift to Mukden.

Western, the communists cut the railway to Kowloon, the government stronghold in the inner Mongolian province of Suiyuan. This is a crucial, capital of the province, for a red assault.

In a broader scene, three widely-spaced attacks were lightening from the north the squares on the Popular Frontist-Peiping area, the most important government holding left in all North China.

Agency Studying Blast on Thomas

WASHINGTON, Sept. 29 (AP)—The justice department studied the request of 17 New Jersey lawyers that "payroll padding charges" against Rep. A. Patrick Thomas, R. N. J., be investigated by the government.

The attorneys, all from Thomas' (seventh) New Jersey congressional district, called Attorney General Tom C. Clark's attention to charges made against the chairman of the house un-American activities committee by Columbia Press Pearson.

The New Jersey Republican was accused by Pearson of putting relatives and friends on his official payroll and pocketing part of their salaries on a "kick back" basis.

Thomas' only comment was: "I refuse to be intimidated."

Corn Shipment for Europe Is Slated

WASHINGTON, Sept. 29 (AP)—The Agriculture department officials are working on a plan for shipping 100,000,000 bushels of corn to Europe this year to prevent a threatened market glut at home, it was disclosed today.

Although the plan still is in the "talking stage," officials conceded it is receiving serious consideration. The corn would be used to replace Europe's war-depleted livestock herds so Europeans would have more meat to eat.

"With a record corn crop flowing into the bins, we're going to have grain flowing out of our ears," one official said. "This plan would serve the dual purpose of easing

INDIA'S BLITZ INVASION
We don't pretend to know what the exact
political score is in the far-off subcontinent
of India. Yet the blitzkrieg invasion of the
princely state of Hyderabad makes us suspect
that maybe the new Indian government is
a trifle too big for its breeches.

WHITE CRANES OVER IDAHO
The Briscoes of Depey Bay are remarkably fortunate
people. Not long ago, while motoring along the Snake
river, near Kilt Hill, Idaho, they saw nine great
birds, which they believed, with amazement,
were whooping cranes. Their description of the birds leaves
no doubt of this identification. They had been privi-
leged to see a small band of the great birds or whooping
cranes, the tallest and most stately of North American
birds. And the whooping crane is all but extinct
of the continent.

Recognition of Russ Mistake; Garner Avows

WASHINGTON, Sept. 29 (AP)—John Garner, the former vice president, still feels that recognition by the United States of Russia in 1933 was a mistake.

"My considered judgment," he says, "is that the United States would do nothing by recognizing them and they lose a lot."

The avowal is related in a new book about Garner, just in the process. It is a personal history of the Texas by a long-time friend, Bascom N. Timmons, Washington newspaperman.

"Garner of Texas" Published by Harper and brothers, the book is entitled "Garner of Texas."

Asserting that this country gave diplomatic recognition to Russia back in 1933 without having gained any agreement on \$500,000,000 American claims for public and private debts against the Soviets, Timmons quotes Garner as saying all-around:

"It's All Through" "It's all through and the damage done as far as a long-time friend. I hope it turns out better than I think it will."

The biographer adds that Garner has "never ceased to think the recognition of Russia was one of the most fateful actions of our history and that we may have bolstered the communists in a time of their great weakness."

Crop Reports Reveal Spud Yield Is Good

BOISE, Sept. 29 (AP)—Good yields of late potatoes are being reported, the Idaho weekly cooperative crop and weather summary said today.

The potato harvest is under way throughout the state but killing frosts are needed in most sections to mature potatoes. The yield in south central Idaho was good with high quality spuds also reported.

Grain harvests were being completed in late spring plantings in the north and in higher elevations of the east. Fall grains were being planted with seeding completed in south-central Idaho.

The bean harvest was delayed by rain with some damage feared, particularly in south central Idaho. Little threshing has been done and growers expect some injury to unthreshed crops. North Idaho bean yield and quality is reported good.

Apple picking has started in south-central Idaho and the entire harvest was getting started. The peach and prune harvests are nearly completed.

Fall plowing was still underway in northern Idaho and seeding of summer fallow land was in full swing. Clover seed was still being threshed.

Sugar beet harvest is progressing in southwestern Idaho, just starting in the upper Snake river valley and scheduled to start next Monday in the Twin Falls area.

The report is issued by the University of Idaho extension service, the U. S. weather bureau and the bureau of agricultural economics.

Paul High School Paper Is Issued

PAUL, Sept. 29—First issue of "School Echo," Paul high school weekly paper, was issued here last week. Gertrude Blomer is serving as editor of the paper and Viola McGarity, assistant editor.

Other staff members include Norma Thomas, senior reporter; Lora Harter, junior reporter; Jacquelyn Pfister, sophomore reporter; Allen Bragg, freshman reporter; Darlene Loveland, pep club reporter; Delbert Bertach, "P" club reporter; Pearl Pack, gossip; Barbara Felton, jokes, and Vonda Merrill, artist.

TREASURE HUNT

Accord Reached By Dockworkers, Stevedore Firm

SAN FRANCISCO, Sept. 29 (AP)—A tentative agreement was signed between the striking CIO longshoremen and an Oregon stevedore firm Tuesday providing for the handling of commercial cargo for the first time since the maritime strike began Sept. 2.

Ernest Baker, CIO official at the small Coos Bay lumber port of North Bend, reported the newly-formed Commercial Marine company had agreed to load three foreign vessels if their American agent approves.

Baker said there was every indication the Agent J. J. Moore company of San Francisco, would consent.

However, H. B. Adams, vice president of J. J. Moore, said in San Francisco Tuesday night his company had turned down the proposal "several days ago." Whether a new agreement was coming up for consideration he did not say.

J. J. Moore is a member of the Waterfront Employers' association. The agreement is basically the same as that between the longshoremen and the Mutual Stevedore company of San Francisco and Griffiths and Sprague of Seattle, except that the latter two firms are handling only army cargo.

Commercial Marine would be the first to load commercial cargo.

There are about 1,500 known species of mosquitoes.

Traffic Fines

Robert R. Martin, route 3, was fined \$2 and \$3 costs in justice court Tuesday for failure to have the gross weight shown on his truck.

In city court, overtime parking fines of \$1 each were paid by Vern Poulianos (two), Glen Dillon, Harry Walters, Jack Witherspoon, Dick Hill, Hal Walker, Mrs. Chester Hon, Dale Thule, Ed. Nelson, A. B. Hanson, Charlie Hart, Cleo Shorthouse, R. W. Baker, E. J. Pence, O. Coleman, C. B. Hinkle, John Nayls and the Keller Photo shop.

Scouts Heads for Paul Are Picked

PAUL, Sept. 29—Alton Orfflin has been appointed Scoutmaster of the Paul troop sponsored by the local LDS church. Virgil Olson has been named Senior Scout leader and Mack Anderson assistant Scout leader.

Scouts held a watermelon "bust" at the home of Scoutmaster Orfflin. The group meets every Monday in the LDS church.

UP Agricultural Car to Tour Area

Union Pacific's agricultural improvement car will visit southern Idaho starting December for a series of meetings in communities which were not reached last year, according to Boyd Baxter, agricultural agent for the railroad.

County agents will serve as chairmen of the meetings to be held in Tuli, Dec. 13; Kimberly, Dec. 14; Rupert, Dec. 15; Shoshone, Dec. 16, and Hully, Dec. 17. Also cooperating will be specialists of the University of Idaho extension service, agricultural instructors and personnel from industrial concerns, Boyd said.

The car's film library will include at least 14 pictures covering potatoes, beets, grain, soil fertility, crop production, weed control, irrigation, farm measurement and the use of DDT, Boyd said.

WELCOME teachers and delegates

Once again the Mayfair Shop takes pleasure in welcoming the delegates to the Fourth District Idaho Educational Association to Twin Falls and to our store. It has always been a sincere pleasure to serve you while in Twin Falls and we hope we may have the opportunity of doing so again.

Erla M. Dennis Becomes Bride Of E. Messner

Erla Mae Dennis, daughter of Mr. and Mrs. Weston Dennis, and Eugene Messner, son of Mr. and Mrs. Elmer Messner, were united in marriage before an altar decorated with baskets of asters, fall flowers and candelabras with tall white lilies. The Rev. B. M. Davis performed the ceremony before an arch of greenery and fall flowers at 2 p. m. Sept. 14 at the Methodist Temple church.

Given in marriage by her father, the bride wore a gown of white satin fastened with fitted bodice and full skirt in train. Her long veil was trimmed with matching lace and held in place with a beaded tiara. She carried a crescent-shaped bouquet of red roses and scattered white chrysanthemums. As a token of sentiment, she wore a necklace belonging to her great-grandmother, Mrs. J. H. Merrill.

The maid of honor was Claude Mae Merrill, cousin of the bride. She was wearing a floor-length dress of light blue and carried pink asters. Bridesmaids were Roseline Wildman, cousin of the bride, dressed in pink; Norma Foley, wearing pink; and Lucille Stansell, wearing white. The bridesmaids carried similar arrangements of colored asters. Candelabras were Lois Messner, sister of the bride, and Wallace Dennis, brother of the bride.

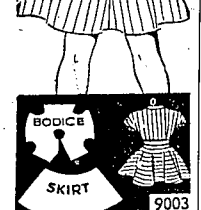

Miss Messner served as best man for his brother. Ushers were Duane Madson, Robert Helmsman, Everett Aldridge, and Wildman and Dennis. Larry Stansell, dressed in a white suit, carried the ring on a white ribbon with ribbon streamers, and Karen Stansell, in a shell pink formal, scattered rose petals from a white satin basket.

For her daughter's wedding, Mrs. Dennis chose a new suit with black accessories. Mrs. Messner, mother of the bridegroom, wore a brown sequined trim dress with matching accessories. Both mothers had corsages of red roses and white scattered chrysanthemums.

Vocal selections preceding the ceremony included a duet by Dennis and Bob Stansell. During the ceremony a solo was given by Edward Youik. They were accompanied by Mrs. Robert Helmsman who also played the wedding march.

Background music was provided by Mrs. Robert Helmsman.

For the reception following the ceremony, the church parlor was decorated in pastel rainbow colors.

Exchange Vows

MRS. EUGENE MESSNER (Keller photo-staff engraving)

Lattice work of orchid, yellow, pink and blue formed a background for the receiving line and large white ribbons held the streamers in the ceiling.

The five-tiered wedding cake was cut in the traditional manner by the couple and served to the 200 guests by Mrs. B. K. Aldritt, aunt of the bridegroom, and Mrs. Ina Knox, aunt of the bride. Phyllis Tews had charge of the guest book. Refreshments were served by Mrs. R. H. Merrill, Mrs. Greta Madson and Mrs. Susie Messinger.

During the reception Mr. and Mrs. Earl Stansell, accompanied by John Williams, sang "Our Thanksgiving" and dedicated it to the couple.

The bride graduated from Twin Falls high school with the class of 1947 and is employed in the Cornell Seed company office.

The bridegroom attended the Twin Falls school for the past two years and is employed in the Cornell Seed company office.

TWIN FALLS WINS PIONEER LEAGUE PLAYOFF CHAMPIONSHIP

Eskenberry, Maycock Hurl Final Victory

By GALEN BARKICK
Times-News Sports Editor

Playing before 2,811 cheering fans, the Twin Falls Cowboys won the Pioneer League's Shaugnessy playoffs Tuesday night by clubbing Cleveland Indians 10 to 0 at Jayces field. Southpaw Jim Eskenberry started the game on the mound for Twin Falls and received credit for the win, although he was relieved by Dale Maycock in the sixth frame.

Eskenberry fanned seven men during his stint on the mound, and his fast ball hurt the Indians. He slammed the ball over the fence in the sixth frame. Maycock then started staving up one more run, held the regular season champions in check the rest of the way.

Real Champions

The Cowboys looked like real champions while losing 10-0 at the plate. Twin Falls drew 14 lusty base hits, including two triples and a double. The Indians, however, turned in sensational plays in the infield. After the first few innings, there was never much doubt as to the eventual winner.

The Wanderers scored at least one run in every inning from the second through the sixth. Hal Danielson was the big man with the willow, slapping a four-run homer late in the game. Leyer, Jensen, Polich and Koralski each had two safeties.

Four Out of Six

Manager Charlie Metro's club won the playoff by whipping Pocatello five times while losing 10-0. The Cowboys won their semi-final playoff series from Ogden by taking the first two games, and then won their semi-final playoff by downing Idaho Falls three out of four times.

The playoff championship battle marked the end of an uphill struggle for the Cowboys. After the first week of the season, Twin Falls was deep in the cellar, but in mid-May they started to turn the top. They had his young, long-hitting club fighting for every game. In August, the Wanderers were in first place, but they looked like a cinch to win the pennant. But misfortune, in the form of injuries, sent the Cowboys into a lengthy losing streak.

Third baseman Bob Koralski was hurt in a collision with base runner at Ogden, and a few days after he returned to the lineup he was struck in the head by a pitched ball. Outfielder Ray Jacobs received a fractured cheek bone in an attempt to catch a fly ball. Pitcher and was out of the lineup for two weeks. Second sacker Gil McDougall broke his right arm while sliding into second base, and he returned to his home in California.

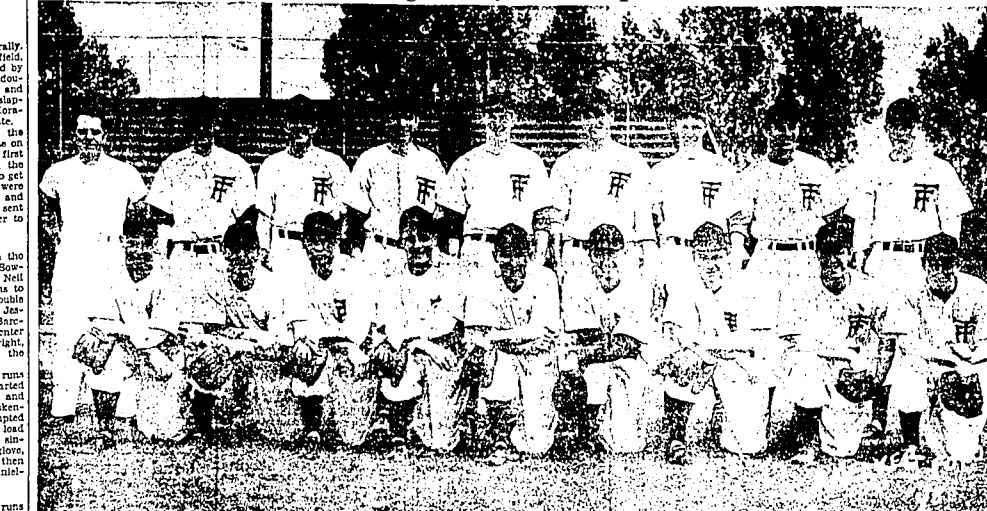

But the Cowboys, showing fight, won the second game of the Magic Valley game back with a closing rally to finish second. George Leyer, a two-year favorite with local fans, came out of baseball retirement to play center field. Metro, proving himself a tough manager and ball player, proved to second base and gave a good performance at the keystone sack.

Meyers Ties Record

Pitcher Richie Meyers joined the club from Sacramento and immediately became a consistent winner. He also proved to be a good hitter, firing a outfielder and a strikeout artist. At Boise, in the last week of the regular season, he set a Pioneer league record by fanning 13 batters.

Eskenberry started Tuesday night's game in spectacular style by striking out two of the men who faced him in the initial lining. The Cowboys also went down on order in the first, but they came back with two runs in the second.

Pioneer League Playoff Champions for '48

Placed above are most of the Twin Falls Cowboys who won the 1948 Pioneer League Shaugnessy playoff title by winning four out of six games from the Portland Cubs. In the front row, left to right, are Dale Maycock, Hal Danielson, Dick Walkingshaw, Charles Nash, Charlie Metro, "Red" Jensen, Bob Koralski, Joe Polich and John Hart.

Indians on Top by 2 Full Tilts

CLEVELAND, Sept. 29 (AP)—Backing Gene Geardens' shutout pitching with a 13-hit attack, the Cleveland Indians walloped the Chicago White Sox 11 to 0, Tuesday night, to open up a two-game lead over Boston and New York in the American League pennant race.

The victory, Cleveland's third straight and 17th in their last 20 games, gave the Tribe a strangle hold on the flag, since each of the three contenders has only four games remaining. The Red Sox and Yankees, decimated for second place, are the only ones left in the Indians' almost insurmountable lead by losing their afternoon games.

A three-run first inning of lefty Bill Wistich ignited by leadoff batter Dale Mitchell's 300-foot home run into the east field stands, sent the Indians off to a flying start. They picked up an unearned run in the second, a legitimate tally in the fourth, then burst the game wide open in the fifth with a six-run outburst that caught Wright to the showers.

Alie Clark, who like Heerden came to the Indians from the Yankees, led the Tribe's attack on three Chicago pitchers with a home run and three strikes in five trips to the plate. Clark drove in three runs and scored three times.

Red Sox Lose To Washington

BOSTON, Sept. 29 (AP)—Ray Seagraves trimmed the Boston Red Sox's pennant hopes to a flickering ray of dying hope Tuesday when he held them to six hits in a 4-2 Washington victory.

The loss dropped the Red Sox two games behind the pennant-bound Cleveland Indians, who smashed the Chicago White Sox in a night game 11-0. They remained in a second place tie with the New York Yankees, who struck in five trips to the Philadelphia Athletics 5-2. Each of the three contenders has four games left.

Athletics Trip Yankee Hitters In Crucial Tilt

PHILADELPHIA, Sept. 29 (AP)—The Philadelphia Athletics couldn't do a thing with Vic Raschi all year but Tuesday night they did a victory, the A's turned on their momentum to blast out a 6-3 triumph.

It was a very costly looking for the Yankees and might very well have spelled the end of their pennant hopes. The only consolation they had was that the Boston Red Sox lost to the Washington Senators.

Scheib Stops Yanks

Raschi had beaten the A's five times this season and had an eight-game streak over them. This afternoon he was no match for 21-year-old Carl Scheib. The young Philadelphia righthander gave up 11 hits but he was superb in the pinches, blanking them until the ninth.

The Yanks had a chance in nearly every frame but Scheib allowed the New Yorkers' bats each time—except in the ninth. Here a single, walk and a pinch-hit double accounted for the only runs off the Grizz. The hitter who stranded the Yanks was Joe Judge with one out in the third.

Joost Triples

Shortstop Eddie Joost opened with a tremendous triple deep to center and scored immediately on Barney McCool's error. Paine doubled and moved McCool to third.

In the third the Yankees led off with two singles and a walk, two outs being sandwiched in between. DiMaggio, big wheel in the yards' drive-all year, was up. As the bottom struck he was the count to 3-0. Then the Yankee clipper hit a grounder to Joost for a farce play on Bobby Brown at second.

The A's got three runs in their half and a 4-0 cushion for Scheib.

Cowboys Get \$45 Playoff Statistics

Each member of the Twin Falls Cowboys will get \$44.99 as a bonus for winning the Pioneer League playoffs, according to figures released by General Manager Jack Radtke. The Shaugnessy playoffs players' pool, taken from gate receipts of the first four games of the final series, totalled \$1,415. The Cowboys' cut will be \$58.99, with each of the 19 players getting \$44.99. Pocatello's cut, for winning runner-up honors, will be \$50.99.

Tobacco was the first export crop from America.

120,000 Baseball Fans See Cowboys

During the 1948 season, including the Shaugnessy playoffs, the Twin Falls Cowboys drew a total of 120,450 fans, according to General Manager Jack Radtke. Regular season home games attracted more than 111,000 fans, while approximately 9,000 persons attended five playoff tilts.

FULLY WINS

NEW YORK, Sept. 29 (AP)—They had to hand a three-year-old bill the big money again Tuesday when Miss Request galloped to an easy victory in the \$5,700 Ladies handicaps at Belmont park.

Camels were first out to work in the desert areas of Australia in 1940.

GAME SIDELIGHTS

Catcher Weatherwax was injured when he was struck by a foul ball in the third inning and he had to leave the game. Powers took over right field at that point. Koby moved to first base and Blain took the catching tools. Metro's play on Koby's single in the eighth frame scored the winning run for the Cowboys Tuesday night. . . . and that's all for this year.

TRIPLETS

Sonnie E. Nell, LeBlanc, Jacobzewski, Hack Metro, Polich, Koralski, Leyer, Jensen, Lohme, Jacobzewski, Koby 2, Twohaves, Hays, Schuster, Koralski, Blain, Threlkeld, Hays, Jensen, Koby, Nell, Russ, Batters, Nell 2, Hays, Leyer, Jensen, Lohme, Jacobzewski, Metro, Koralski, Double plays: Polich to Metro in Jensen; Koralski to Metro to Blain in Koby; Leyer to Jensen. Two Falls 12, Hits: Off Eskenberry 4 in 2, Leyer 4 in 3, Hart 2 in 2, Leyer 2 in 4. Base on balls: Eskenberry 2, Maycock 2, Hart 2. Errors: Leyer 1, Jensen 1, Maycock 1, Blain 1, Jensen 1, Leyer 1, Jensen 1, Leyer 1, Jensen 1, Leyer 1, Jensen 1.

ARMY GRADUATES SERIES WITH TROJANS

NEW YORK, Sept. 29 (AP)—Licut. Col. Bill Proctor, U. S. military academy physical relations officer, announced Monday that the football team has signed for a two-year series with Southern California.

Warren Gives 'Real Method' To Avert Dip

HAITPOFD, Conn., Sept. 29 (AP)—Gov. Earl Warren, declaring a national economic collapse was not inevitable, said last night the nation nonetheless must face up to the real and "formidable" threat of disaster by returning to the fundamentals of industry, thrift and unity.

A magic formula exists to avert off economic disaster, he said, except "those three magic words."

To meet existing economic threats, Warren included in his prescription the necessity of increased production, tax law adjustment to encourage greater investment of funds on governmental spending.

The Republican vice-presidential nominee said the American people were confronted by a "challenge of tremendous magnitude."

There is no magic formula to avoid economic disaster," he said, "except perhaps a combination of those three magic words—industry, thrift and unity."

It is "unthinkable" that the United States should be overcome by a collapse of its economy, Warren declared, "no matter what the difficulties."

Warren came here after a day of stumping Massachusetts and New Hampshire in the cause of national unity in the current political campaign.

Wallace Visit To Dallas Is Met by Calm

DALLAS, Sept. 29 (AP)—Mixed white-and-Negro meetings here without stirring up any violence or excitement, Dallas took his visit calmly.

The Progressive party candidate for the White House continued his attacks on U. S. foreign policy and business interests.

On a speech last night, he demanded that a fact-finding commission be created to investigate "these current 'fear scares'."

Oil interests' servants. He charged Defense Secretary Forrestal with building up those "scare"—"the communist scare" and fear of Russia—in order to serve private oil interests.

Referring to Forrestal as "a Wall street oil banker," he said Forrestal's hands are "stained with oil" and he thinks an investigation would show they are also "stained with blood."

Wallace said he meant "the blood" of men, women and children killed because they were fighting for democracy in the middle east against the opposition of Arab oil kings supported by Mr. Forrestal and men like him.

Here No War. The candidate said he doesn't think there will be a war soon.

Wallace dug at President Truman again on the civil rights issue. He said Mr. Truman's high praise of Sam Rayburn of Bonham, Tex., Democratic leader of the house, yesterday showed the "President" didn't believe in the civil rights program at all. Sam Rayburn is a man who has boasted of his consistent record in opposing anti-poll tax, anti-lynching and FEPC legislation.

Before the evening rally, Wallace spoke before 40 people at a breakfast held in a small Mexican restaurant, 20 women at a meeting in the YWCA, and about 75 persons at a luncheon in a Negro YMCA.

North Idaho Boy Is Killed on Hunt

COEUR D'ALENE, Sept. 29 (AP)—Leo Houk, 18, Silver King, Shoshone county, was killed last night when he was shot through the neck by a high power rifle. Prosecuting Attorney James W. Wayne said today.

Sheriff's officers said Houk was getting out of a car about 28 miles southeast of here when the bullet hit him.

Officers said they were questioning three other Silver King youths. They apparently were "potholing" deer, officers said. Preliminary investigation indicated that Houk was shot with his own rifle, officers said.

Unavailing

SALT LAKE CITY, Sept. 29 (AP)—Salt Lake City police received a call at about 10 o'clock last night reporting a theft. The caller said his wooden leg cane had been stolen. Police investigated and found the complaint was true.

However, the man's wife said she had seen the cane in the man's room going out on the town.

Police doubted if she was very successful.

The theft was reported from a downtown beer tavern.

Three Minor Car Accidents Listed Here on Tuesday

Two minor collisions were investigated by city police an hour apart Tuesday night. Another was investigated earlier.

At 10:40 p. m., there was a collision between cars driven by William H. Haggard, 120 Van Buren street, and James D. Fuhrmann, front of the Ridge-way car and the rear of the Fuhrmann car were damaged, police said. The Ridge-way sedan was following the other car in the 200 block of Main avenue east.

At 11:40 p. m., cars driven by Carl D. Toupin, 120 Van Buren street, and William C. Kramer, 24th, collided at the intersection of Second avenue and Second street east. The front bumper of the Toupin car and the right front wheel of the Kramer car were damaged, according to police. Toupin told police he did not have his lights on at the time of the crash.

City police officers investigated a collision at 2:25 a. m. Tuesday between automobiles driven by Herbert W. Cio, 377 Seventh avenue north, and Alfred C. Kramer, 24th, at the intersection of Second avenue and Fourth street west. The collision damaged the left fender of the Cio's machine and the right front fender of the Kramer vehicle, officers said.

Building permit applications for two \$18,000 houses were filed Tuesday with the city clerk by E. W. McRoberts and Maury Doer. The brick and frame structures are to be built near the corner of Blue Lakes boulevard north and 21st avenue. McRoberts plans a house 40 by 100 feet in size with an attached 20 x 32-foot garage. Doer's is to be 40 by 55 feet with an attached garage 20 x 25 feet. Neither house will have a basement.

In a third application filed Tuesday, J. H. Carlson seeks permission to build a 6 by 12-foot shed on Locust street south at an estimated cost of \$50.

Pair of \$18,000 Homes Scheduled

Building permit applications for two \$18,000 houses were filed Tuesday with the city clerk by E. W. McRoberts and Maury Doer. The brick and frame structures are to be built near the corner of Blue Lakes boulevard north and 21st avenue. McRoberts plans a house 40 by 100 feet in size with an attached 20 x 32-foot garage. Doer's is to be 40 by 55 feet with an attached garage 20 x 25 feet. Neither house will have a basement.

In a third application filed Tuesday, J. H. Carlson seeks permission to build a 6 by 12-foot shed on Locust street south at an estimated cost of \$50.

Actress Is Given \$300,000 Bequest

BUFFALO, N. Y., Sept. 29 (AP)—Actress Katherine Cornell was left \$300,000 by her father, the late Dr. Peter C. Cornell, his will revealed today.

Cornell, a local theater manager, died last week after a lingering illness. Besides the cash bequest, Miss Cornell will receive the residue of her father's estate in trust to provide a life income, as well as his summer home at Marsha's Vineyard, Mass.

SON BORN. OAKLEY, Sept. 29—Mr. and Mrs. Elson Williams are the parents of a son born recently at the Oakley hospital. Mrs. Williams and the infant were released from the hospital Monday.

Before the evening rally, Wallace spoke before 40 people at a breakfast held in a small Mexican restaurant, 20 women at a meeting in the YWCA, and about 75 persons at a luncheon in a Negro YMCA.

Officers said they were questioning three other Silver King youths. They apparently were "potholing" deer, officers said. Preliminary investigation indicated that Houk was shot with his own rifle, officers said.

RETURNS HOME. FILED, Sept. 29—Mrs. Gilbert Pinkston returned from a visit at Longview, Wash.

Beatrice C. Drake Paid Final Honor

KIMBERLY, Sept. 29 — Funeral services for Beatrice C. Drake were held at 10 a. m. Saturday at the Kimberly LDS church, with Bishop D. T. Whittle officiating.

Clarence Blanger gave the opening prayer, and speakers were Ray Larson and E. J. Morgan. George Bennett sang two solos and Evera Morrison gave the benediction. Edith Whittle played the prelude and postlude.

Members of the Relief society were in charge of the flowers. Pallbearers were Joe Urfo, Floyd Olson, Garth Morrill, Merin Blanger, Theodore Blaley and Frank Orton. Burial was made in Sunset Memorial park, Twin Falls.

Tomatoes Canned

PAUL, Sept. 29—Members of the Paul PPA canned more than 250 quarts of tomatoes at the Rupert cannery kitchen for the school hot lunch program. Canning was done by Mrs. L. E. Calcutt, Mrs. Ted Winn, Mrs. Rosa Greenwell, Mrs. Eller Watson, Mrs. Clyde Greenwell and Mrs. D. E. Overfield.

Burley Man Jailed

Fred L. Bates, Burley, was sentenced to 30 days in the county jail after pleading guilty in justice court Tuesday afternoon to a charge of issuing a check without sufficient funds. He was assessed \$1 court costs. Bates was arraigned Monday and took the statutory time to enter his plea. Amount of the check was \$23.

Completes Employment

HEBURN, Sept. 29—Alvin Osborn has returned from Oregon where he was employed at a lumber mill.

U. N. Council Eyes Possible Soviet Moves

By J. M. ROBERTS, Jr.
AP Foreign News Analyst
PARIS—The possibility that Russia might spring some surprise when the Berlin situation comes before the security council shared interest here tonight with what appeared to be general concern over an extremely grave world situation.

The franc was falling in its relation to the dollar, and war talk was believed to be the cause. The franc is rated officially as 314 to the dollar. Last week it sold in the free market at around 385. Monday, after the announcement that direct negotiations over Berlin had broken off, you could get 415 francs for a dollar. Today, 440.

Faith Lacking
Although expert observers still believe there can be no war this year, there is really not even next year, people are displaying little faith in the long-range future of Europe. There is still no good reason to believe that the U. N. will not survive the tests to which it will be put in the next few weeks, but there is also no tendency to minimize the great strain.

In addition to Berlin, the western powers appear to be determining their course over the whole east-west conflict. There is a developing split over Palestine. The western powers have largely headed their own rift and support the Bernadotte proposal. Now the Russians are giving indications that they will attempt to stick by the outdated U. N. partition plan of last fall. If they fight the Bernadotte plan it will mean destruction of the last bridge of agreement at any point between Russia and the U. S.

The assembly, which last week seemed inclined to freeze out Russia as far as possible, are willing today to take up the Soviet disarmament proposal. No one expected any sort of agreement, but they were ready to go through another battle of recrimination rather than let it be said that any avenue of peace remained unexplored. Renewed demands that Yugoslavia, Bulgaria and Albania cease aiding the Greek communists are further evidence that the allies intend to use this session of the U. N. to complete the record to its blame if there should be further deterioration in east-west relations during the coming months.

State Chiropractors Permitted to Use 'Local Anesthetics'

BOISE, Sept. 29 (AP)—Chiropractors licensed in Idaho are authorized to prescribe and use "local anesthetics" and the use of some drugs are no longer barred even though they may be classified as "narcotics," an attorney general's opinion said Tuesday.
Don J. McClellan, assistant attorney general, in the opinion pointed out that the Idaho law says chiropractors are not licensed to amputate the foot or leg, surgery of the leg "or the use of any anesthetic other than local anesthetics."
The opinion said this would mean the use of local anesthetics in the practice of chiropractic is not prohibited. He further pointed out that drugs for local anesthetics include some that are defined as "narcotic drugs" under Idaho law.

OBJECT TO PRAISE
WASHINGTON, Sept. 29 (AP)—Delegates from the European Economic Community objected Tuesday because the annual report of the international monetary fund praised the Marshall plan for European recovery. They said the report had "political implications."

Reclamation Cost May Hit \$500,000,000

WASHINGTON, Sept. 29 (AP)—The annual federal outlay for reclamation probably will be around \$500,000,000 within a few years, Don McBride, executive secretary of the National Reclamation Association, predicted today.

McBride, just back from an inspection of reclamation work throughout the west, told a report: "Money Needed
"The large projects have reached the point where it will require that more money to keep them going."
Funds appropriated by congress for reclamation this fiscal year, ending next June 30, totaled about \$250,000,000. This was the largest amount ever started in one year, but still below the budget bureau's recommendation of \$344,000,000.

McBride said he found the western people have "very definitely rolled up their sleeves with the determination that reclamation development shall go forward."
Completion Urged
McBride asserted that there is "every obvious reason" why reclamation works should be completed as rapidly as possible—one of them being the great population increase in several western states.

"Within the past seven years the Pacific northwest gained in population by 4,000,000 people," he said. "There is every indication that this migration to the west will continue to 1950, at the rate of 500,000 people a year."
"The west must take steps to care for this increased population or be headed for trouble."

Idaho, Maine Tie For 4th Place in Traffic Fatalities

BOISE, Sept. 29 (AP)—Idaho is tied with Maine for the fourth largest increase in traffic fatalities this year.
The Idaho state safety director's office said there were 130 fatal accidents through August of 1948 compared with 118 for a similar period of 1947.
It is an increase of 22 per cent over last year and 27 per cent over 1946.

The safety director's office said more than one-fifth of the accidents reported in Idaho during the past four months involved drivers between the ages of 25 and 34 years. There were 2,532 accidents in the period, 578 of which involved drivers between those ages.
Only seven of the accidents involving drivers under 14 years of age. Ages of 200 drivers were not given in the accident report.

Death Claims Area Pioneer Store Owner

Mrs. Dora Nelson, the woman who opened the first Twin Falls store for women, died at her home in Phoenix, Ariz., on Sept. 18, according to word received here.

Mrs. Nelson came to Twin Falls in 1915 with her daughter, Nellie. The following spring she opened a millinery shop in the building now occupied by the Bertha Campbell shop. The little millinery store was developed into three stores, each known as The Vogue, in Twin Falls, Buhl and Jerome.

Sold Store in 1945 Because of ill health, Mrs. Nelson sold the three stores to Mr. and Mrs. P. L. Lawrence, the present owners, in 1945. In December, 1947, she moved to Phoenix, Ariz., where she resided until her death this month.

Her friends remember Mrs. Nelson as a dynamic, optimistic and courageous business woman. She was born on a farm near Chertavale, Kans., where she remained until a young woman. She taught school until her marriage to William L. Nelson, Pawukwa, Okla., where they resided for a number of years.

Died in Accident Mr. and Mrs. Nelson later moved to Santa Monica, Calif., where Mrs. Nelson died in an accident 34 years ago.

Survivors of Mrs. Nelson include her daughter, Mrs. William Garvey, and one granddaughter, both New York City; a stepson, Everett L. Nelson, Twin Falls, and two sisters, Mrs. Floyd Huff and Mrs. Ed George, Jerome.

Burial was made in Santa Monica, Calif.

Hungarian Reds Force Oil Men to Sign Confessions

VIENNA, Austria, Sept. 29 (AP)—Two American oil men said Tuesday police in communist Hungary forced them to sign confessions of sabotaging production in the Hungarian plant of the Standard Oil Company (N. J.).

Paul Buedemann, Hartstadele, N. Y., chairman of the American-owned Hungarian company, and his deputy, George Bannantine, St. Louis, Mo., were expelled from Hungary Saturday after seven days of questioning.

They denied all charges against them, and said the entire case was part of a government campaign to take over the American-owned plant. They predicted all American interests in Hungary would meet a similar fate.

The two men held out four days before signing the confessions. During questioning they were forced to go for long periods without food and were not permitted to see each other.

Buedemann estimated the physical assets of his company, including the oil itself, at \$25,000,000. The entire Lipce fields are now under government control, he added.

Three Milestones on Palestine's Rocky Road

Brought into tragic focus by the assassination of Count Folke Bernadotte, U.N. mediator, the Palestine problem hatched the opening session of the U.N. general assembly in Paris last week as an uneasy truce. Bernadotte's last report—a plan for enforced settlement—dominated the meeting. The U. S. promptly approved the plan. But it faced immediate opposition from the Arabs, who said they would reject the whole question in the assembly. Maps show three critical stages in the strife-torn holy land.

Partition of Palestine as recommended by the U.N. created an assembly, Nov. 29, 1947. It created a sovereign Jewish state, and an Arab state with Jerusalem under international control. The Arab bloc angrily rejected the plan and its representatives walked out of the assembly hall. Open warfare soon followed.

This shows Palestine when Arabs and Jews agreed to a four-week truce on June 11 after weeks of bloody fighting. Count Bernadotte was appointed U.N. mediator. State of Israel had been formally proclaimed on May 14. One of Bernadotte's first moves was to try to get the uneasy truce extended.

Count Bernadotte's plan recognizes Israel; revises original partition plan, transferring the Negev area to Arabs and all Galilee to Jews; breaks Haifa and Lydda into free port and airport respectively; Jerusalem to be U.N.-controlled. Merger of Arab Palestine with Trans-Jordan was recommended.

Airlines Probe Is Ordered by CAB

WASHINGTON, Sept. 29 (AP)—In an unprecedented action, the civil aeronautics board yesterday ordered an inquiry that could result in putting National Airlines, Inc. out of business.

The inquiry, the board said, is to determine "whether it is in the public interest" to shift National's route and equipment to other carriers.

The action conceivable could be the forerunner of others to reduce the number of trunk line carriers. Most of them have been operating in the same way for years.

The board said it will conduct a hearing about Dec. 1 to decide whether to transfer National's route.

Rocket Plane Creates New Time Record

CLEVELAND, Sept. 29 (AP)—An American rocket plane has been flown by four different pilots at speeds ranging from 850 miles per hour to more than 1,800 miles per hour, the Cleveland Press said it was learned today.

The fact that such a speed had been attained was first hinted at last Saturday in a New York speech by Air Secretary W. S. Byrdington. He said then an American plane had flown several hundred miles an hour faster than the speed of sound (760 miles per hour) at sea level.

The speeds were definitely established today at the annual inspection tour of the national advisory committee for aeronautics flight propulsion laboratory at the Cleveland airport, the Press said.

The information was not officially announced, but facts of the maneuvers were at Shreve, Calif., were confirmed by officials present today who refused use of their names, it added.

The plane was the air force X-1, manufactured by the Bell Aircraft Corporation. It has been undergoing tests since last November and still is being perfected. It is launched from a launch at an altitude of about 40,000 feet.

Of the four air force pilots who have flown the plane at supersonic speeds, only one—Capt. Charles Yeager—is still living.

Special Session Sought by Solon

WASHINGTON, Sept. 29 (AP)—Sen. Hartley R. N. J., said Tuesday that President Truman should call a special session of congress to deal with the west coast labor-shutdown strike.

The house labor committee chairman told a news conference that he recognized the practical difficulties of summoning congress with the national election little more than a month off. But he said the 29-day dock strike requires special steps by congress.

The CIO political action committee in a statement on Hartley's special action suggestion, commented that "this is the man who told our people that his act would bring peace to labor and management alike."

California Use Of Columbia's Water Studied

WASHINGTON, Sept. 29 (AP)—A plan to move part of the Columbia river water possibly more than 1,000 miles southward into southern California came up for serious study today.

The mighty Columbia—the border between Washington and Oregon—wastes 10 times the amount of water produced by the Colorado river, from which comes much of southern California's supply.

United Western Plan Reclamation Commissioner Michael W. Strassus said the gigantic diversion proposal is referred to by engineers as the "united western" plan. He told a reporter:

"The bureau has informed congress it intends to use certain money and is now starting a pre-reconnaissance survey to see whether the proposal stands up under close and critical observation."

Two Alternatives Engineers, in an exploratory "paper study," consider two alternatives: 1. Direct movement of surplus waters from the lower Columbia, along a system of canals, tunnels and rafts, through California's central valleys and under the Tehachapi mountain range into the Los Angeles area.

Secretary of the Interior Krug is expected soon to appoint four reclamation experts to work with men in each of the reclamation regions involved in a two- or three-year study of the proposals.

A field office probably will be set up at Lake Mead to coordinate the \$100,000 for the studies.

Peary Documents Of '05 Discovered In Arctic Circle In Arctic Circle WASHINGTON, Sept. 29 (AP)—Documents left behind by Rear Admiral Robert E. Peary on an expedition in 1905—four years before he discovered the North Pole—have been found far up in the Arctic circle.

The state department made the bare announcement of the discovery Tuesday. It gave no details of what the records disclosed.

Some government officials said the navy's caution was dictated by fears that Russia might be tipped off about navigable waters in the ice-choked region where Peary's notes were found.

This vast polar area has assumed more and more strategic importance in post-war years since tension between the United States and Russia has lightened.

The state department's brief announcement, made jointly with the Canadian government, said three U. S. navy and coast guard men made the discovery on an Arctic expedition last summer. The documents were found in a rock cave on Ellesmere island, in the extreme north of Canada, about 450 miles from the North Pole.

Buhl Man Jailed On Check Charge Buhl, Sept. 29—Vernal Bill, Buhl, charged with cashing a check with insufficient funds on a check returned to 10 days in the city jail this week by Police Judge E. C. Rody.

Judge Rody ordered Bill to furnish sufficient cash to cover the check. Bill was arrested by Police Chief Clyde Pryor.

VISIT IN CAREY CAREY, Sept. 29—Mrs. Larry Ryan, New York City, and Mrs. Tommy Reichmuth and daughter, Sandra Lee, Puerto Rico, are visiting at the home of Mr. and Mrs. Ira Eldredge.

Booster Program Staged by Grange

FILER, Sept. 29—Members of the Filer Grange observed booster night Friday with more than 75 persons attending the program. The evening was under the direction of Fred Mayson.

Joy Gubb, Grange master, delivered the address of welcome. The program included group singing, also presided by Clifton Dougherty, C. G. Thomas, P. J. Elschultze and R. M. Walker, and a group of songs by Filer school girls under the direction of Glenn Baird.

Ten members told of the benefits of belonging to the Grange. The program was concluded with the singing of booster night songs. Refreshments at the end of the program were served by the Kiellen committee.

CAREY VISITORS CAREY, Sept. 29—Mrs. Kenneth Hickman and son, Kenneth Mainard, Red Bluff, Calif., and Mrs. Grace Smith and son, Wilson Canby, Ore., recently visited Mr. and Mrs. Kenneth Eldredge.

CLEAN & CHECK BEFORE ADDING ANTI-FREEZE Before you add anti-freeze to your radiator have us check it thoroughly for leaks; have it properly cleaned. If the hose connections are defective have us replace them—and have the thermostat checked. Complete Radiator Service here.
