

Bureau Opens Land in Area For Veterans

(From Page One)
The 1947 land program held in the Gooding division, Hunt unit, Minidoka project, can transfer their veterans status, the announcement said.

If the applicant is physically handicapped or aged, physician's detailed statement describing the disability should be attached to the application form. If the applicant, born a copy of citizenship papers or declaration of intention is needed. If the veteran is not a member of their status as heads of families in order to be eligible. Widows and dependents of World war I veterans will be eligible for this veteran's preference.

\$2,000 Needed
To be eligible each applicant must possess at least \$2,000, consisting of cash or assets readily convertible into cash. The assets may include farm machinery and equipment which, in the opinion of the bureau, will be useful in developing the land.

Along with a standard application form, the applicant must submit proof from agricultural leaders or successful farmers must be filed.

Buildings Included
Each veteran will be given, without charge, two barracks-type farm buildings 20 by 120 feet. The bureau will be responsible for the construction of the buildings. The bureau will be responsible for the construction of the buildings. The bureau will be responsible for the construction of the buildings.

The bureau will be responsible for the construction of the buildings. The bureau will be responsible for the construction of the buildings.

Local state land office agents will cooperate with the bureau in assisting settlers in planning and developing their irrigated lands. They will clear land, leveling, developing domestic water systems, building livestock production and farm buildings.

The development of a reclamation homestead is an arduous but exciting task and one that requires a temporarily, physically and financially qualified should undertake this major factor in conforming to the tasks and hardships characteristic of any pioneering venture.

Detailed information on the housing project may be obtained from the superintendent, Minidoka project, bureau of reclamation, Hunt, Idaho, or from the local office, Boise, officials said.

Pigs' Snack Bar Is Good Fattener

CHICAGO (AP)—Robert Turner has set up a midnight snack bar for his pigs.
It consists of self-feeders set up in a field under a battery of lights. Turner's pigs get their night life and make pigs of themselves. They get fat more quickly, too, which is the main reason for it.
Turner conceived the snack bar during a heat wave. His hogs were dying in daylight but were gaining little weight.
Since he established night-time feeding, Turner said the pigs sleep under shade trees during the day. The porkers are awakened every night at 10 o'clock when the lights go on in the snack bar. They roll over, blink, grunt and waddle to the self-feeders.
Turner said that between July 1 and August 15 his pigs gained an average of a pound and one-half per day, 10 to 20 percent above the usual gain.

The Hospital

Emergency beds only were available Thursday at the Twin Falls county hospital. Visiting hours are from 7 to 9 p. m.
ADMITTED
Mrs. E. D. Hewlett, Mrs. Jack Helreich, Jr., Mrs. Robert Walker, Mrs. J. W. Estep, Mrs. J. W. Estep, Portland, Ore., and Mrs. Bill Muniz, Rogerson.

12 Points for Divorce Case Win Freedom

PARKERBERRY, W. Va., (AP)—A disgruntled husband, apparently fighting for survival, filed a 12-point bill of complaint asking for a divorce. His wife, he said, acts exactly like a frenzied Malay nungging animal, leaving utter destruction in her wake.
His wife's wack left them, he charged:
1. An automobile with all windows smashed.
2. An expensive lounge chair and cabinet ruined by hot water.
3. Several retreats from his home at the point of a butcher knife.
4. Smashed Christmas gifts.
5. Clothing rubbed with a greasy ham hock.
6. Eight clean shirts ripped into shreds.
7. A complete supper set prepared, dashed to the floor.
8. A 415 box of groceries destroyed by his wife's feet.
9. A beating administered with officers of her shoe which he lapsed into semi-consciousness.
10. A wounded right arm suffered when his wife sank her teeth into it and at the same time tore his trousers to pieces.
11. A disfigured face which appeared when she threw a hot water bottle, butcher knives, rolling pins and an electric iron.
12. Three trips to a hospital for emergency aid.

Assessments Going up for City Regions

CHICAGO (AP)—A survey shows that the upward trend in assessed valuation of big city real estate is continuing.
The survey was conducted by the National Association of Assessing Officers and shows that cities with more than 100,000 population.
It indicates that the latest total assessed value for 1948 is 23 percent higher than that of 1947.
Texas Rise Fastest
Cities in Texas report the fastest rising valuations, the survey showed. The highest percentage increase was reported by Houston, Tex., where the real estate value rose from about \$225,000,000 to \$420,000,000, a boost of more than 48 percent.
Fast Worth, Tex., was runner-up with a 44.7 percent increase. The city's valuation now totals \$253,000,000. San Antonio ranked third in proportionate increases with a rise of 44.30 percent.
Other high increases were reported by San Diego, 21.54 percent; Los Angeles county (Miami), 19.15 percent; and San Diego, N. C., 18.45 percent.
But the biggest dollar increase reported was the \$460 million jump in valuation reported by New York City, an increase of 3.81 percent. New York now has a total real estate assessed valuation of \$17,584,492,000.

Magie Valley Funerals

BURLEY—Funeral services for Robert Lytle Severe will be held at 2 p. m. Friday at the Magic Valley funeral home, 100 E. Third St. Burial will be made in the Burley cemetery.
ELDA—Funeral services for George Amos Darrington will be held at 10 a. m. Friday at the Elida Lida church with Bishop Fred O'Leary officiating. Burial will be made in the Wendell cemetery.

Jerome Man Is Elected by Teacher Unit

(From Page One)
afternoon session. His talk was entitled "The Child in the Marketplace."
"Unless we put and keep children at the first in our sense of values and give them the advantage which the present economic order can provide, we cannot hope to maintain our present economic system," Dr. Boyd said. "The child and capitalism can be maintained only in people who have learned to believe in the economic system which are advantageous to them."
"Teachers who have faith in the American system can transfer this faith to students, but this requires that it be retransmitted to them. Delinquency is primarily the result of poor environmental conditions. When economic, social and cultural values are in line, delinquency is at a minimum."

175 Removed From Bureau Rolls in Area

BOISE, Sept. 30 (AP)—A Washington order calling for dismissal of 429 Bureau of reclamation employees in Oregon, Idaho, Utah and Nevada, personal roster for the entire Pacific northwest, the regional office here said today.
Lyle Cunningham, acting regional director in the absence of Robert H. Lyman, said the reduction of 175 employees in reclamation program started some weeks ago.
234 To Be Cut
He said 234 were scheduled to be cut off by Oct. 1. All now are on the Oregon rolls, he said.
He said although the Columbia River basin the bulk of the reduction in this region, most of the reclamation, has been accomplished through normal attention. This means resignation of employees for other work and transfers to areas where needed, either in this or in other regions.
81 Were Trained
Cunningham said the bulk of the reduction was in skilled trades and unskilled labor. The latter were temporarily employed and who have returned to college.
"The bulk of the region have been a small number of laborers needed at Henry Horse dam in Montana, he said.
He said there had been no reduction in the minimum regional office staff of about 20 employees.

Poland Steps up Peasants' Purge

WARSAW, Sept. 30 (AP)—The Communists stepped up their purge today against Poland's peasantry, whose inclinations toward capitalism have the government worried.
Roman Zambrowski, member of the Communist party politburo, said in a speech that some 225,000 peasants, many of them members of the Communist party, are tainted by "peasant prejudices." Of these, he said there are 20,000 who own 25 to 50 acres of land, and many "have become capitalists."
The party's executive committee has appointed a special committee to conduct a purging campaign among peasants, which will include the class. The government intends to carry out this drive by buying up land and giving it to the poor, and by taxing heavily the kulaks, or rich peasants.

DEWEY GETS SPUDS

IDAHO FALLS, Sept. 30 (AP)—Twenty 100-pound sacks of specially selected Idaho potatoes were donated to the Republican presidential nominee, Thomas E. Dewey, today.
In the middle age, hunting and fishing rights on his holdings were being reserved for the lord of the manor.

Twin Falls News in Brief

PTA Mothers Meet
The first PTA mothers of Bickel PTA will meet in the auditorium at 2 p. m. Friday.
Improved
The condition of Mrs. George Walker, who has been ill at her home, 190 Fourth avenue north, is improved.

The American Frenshon club will hold its regular meeting at 8 p. m. Friday in the probate court room. Members and friends are invited.
Sun Valley Shoot
Traps at the Twin Falls Gun club grounds will be closed Sunday to allow scattered artists to participate in the registered shoot at Sun Valley Friday. It was announced Thursday.

Action Filed
A civil action was brought in district court late Wednesday afternoon by Marjorie Lyman against Robert H. Lyman. The suit was immediately withdrawn by her attorneys, Graydon W. Smith and Leonard J. Grayson.

Birch
Were born Wednesday at the Twin Falls county hospital to Mr. and Mrs. Leo Thompson, Buhl; Mr. and Mrs. Minnie Rogers, Mr. and Mrs. Howard Jones, Wendell; and Mr. and Mrs. Alfred Hill, Twin Falls. Their daughter was born Wednesday to Mr. and Mrs. Jack Helreich, Twin Falls. A son was born Thursday to Mr. and Mrs. Norbert Larson, Flin.

Albion's LDS Church Units Pick Leaders

ALBION, Sept. 30—Officers of the new Albion ward of the LDS church, YWYMA, YWYMA, Relief Society, Sunday school and primary department were elected at the recent reorganization of the church. Ward leaders are Joseph Gillette, bishop; Merlin Stock, first counselor; Wendell Bailey, second counselor, and Matthew Tremayne, ward clerk.
YWYMA leaders include Jesse F. Peterson, president; Earl Perkins, first counselor; and Alvin Kempton, second counselor.
Officers of the YWYMA group are Mrs. Curtis Mahoney, president; Mrs. Eva Chaburn, first counselor, and Mrs. Merlin Stock, second counselor.
Marie Peterson was chosen Relief Society president with Mrs. Joe Olette, first counselor, and Mrs. Jake Baumgarten, second counselor.
Sunday school leaders are Bernell Agard, superintendent; A. Coyie, first counselor; and Victor Barrett, second counselor.
Primary department officers are Mrs. Percy Powell, president; Mrs. Victor Barrett, first counselor, and Mrs. Wendell Bailey, second counselor.

Infant's Rites Held

Funeral services for Glenn Richard Harding, 4½-month-old child of Mr. and Mrs. W. L. Harding, Flin, Twin Falls, were held at 2 p. m. Thursday at Sunset Memorial park. The Rev. Donald B. Blackstone officiated.
The funeral will be followed in Flin by first cremation of the church's 1948 general semi-annual conference which continues through Sunday.

'Man' in Gutter Brings Officers; Lecture Follows

No, that wasn't a man in the gutter near the library last night. It was a dummy, placed there, and elsewhere, by four local high school boys. Two were chastised slightly while later after being given a lecture by the police department.
The police station received several calls that a "man" is lying in the gutter near the library. Investigation proved the "man" to be a store dummy's head stuck into a sack filled with grass and dressed up to resemble a man.
Perpetrators of the hoax were four boys who stopped playing the game after the police lecture.

Relief Society Raises Money For Structure

SALT LAKE CITY, Sept. 30 (AP)—Attainment of a goal of \$200,000 for construction of a headquarters building here was recognized today by Relief Society members of the Latter-day Saints church.
President George Albert Smith and President Bishop Le Grand Richards were speakers at the morning session.
An anthem composed especially for the occasion "Build thou for life's immortal goal," by Dr. Florence J. Macdonald, was sung by a chorus of 44 "singing mothers" for good.
The conference yesterday heard pleas for increased efforts to make democracy a workable force for good.
Leaders also appealed for greater attention in the home to teaching of faith in God and high ideals.
Dr. G. Homer Durham, head of the University of Utah political science department and author of Relief Society social science lessons for the coming year, was a principal speaker. He told parents "many children are falling to teach their children a workable democracy" and that detention homes as evidence of children's failure to learn their responsibilities to go along with the freedoms provided for in the constitution.
He urged parents to give more attention to their children and less to social and civic obligations.
More than 1,600 representatives of 100 of the church's 112 stakes are attending the conference, Missions throughout North America also are represented.
The conference will be followed in Flin by first cremation of the church's 1948 general semi-annual conference which continues through Sunday.

Sentenced to Jail
Allen Henry Thorbeck was sentenced today to city police at 3:30 p. m. Wednesday by John Lutsek.
OES Club to Meet
The OES Past Matrons club will meet at 8 p. m. Friday at the home of Mrs. T. C. Terry, 633 Buchanan street.
Dunnas Leave
Mrs. and Mrs. W. L. Dunn left Thursday for Los Angeles where they will visit their daughter. They plan to return about Oct. 10.
Townsend Auxiliary
Townsend Club No. 1 auxiliary will meet at 8 p. m. Friday at the home of Mrs. Elsie Ashcraft. Officers will be elected. A good attendance is desired.

Leaders also appealed for greater attention in the home to teaching of faith in God and high ideals. Dr. G. Homer Durham, head of the University of Utah political science department and author of Relief Society social science lessons for the coming year, was a principal speaker. He told parents "many children are falling to teach their children a workable democracy" and that detention homes as evidence of children's failure to learn their responsibilities to go along with the freedoms provided for in the constitution.

The conference will be followed in Flin by first cremation of the church's 1948 general semi-annual conference which continues through Sunday.

FCC Sets 'Freeze' Of Video Licenses

WASHINGTON, Sept. 30 (AP)—The Federal Communications Commission today announced that it is temporarily suspending approval of any new television stations in order to "poll" the service already authorized.
The action, effective immediately, freezes 302 pending applications for new video stations.
The pause in the further expansion of television broadcasting at this time fits a total of 123 stations authorized of which 27 are actually on the air.

Three Minor Car Accidents Listed

City police investigated two minor collisions Wednesday afternoon in which minor damage resulted to vehicles and no one was injured.
Floyd White, 417 N. Main, was backing up his car at 1:45 p. m. in the 100 block of Second street east. The driver did not stop, officers said.
Mary E. Farley, route 2, and Walter H. Ehlers, Eden, were drivers of machines involved in a minor collision at 2:30 p. m. in the 100 block of Third street south when Ehlers pulled away from a parking place, police reported. Minor damage resulted to the right rear fender of the Farley vehicle and to the left front fender and bumper of the Ehlers machine.
At 9:30 a. m. Thursday police investigated a parking collision between two 1948 vehicles in the 200 block of Main avenue east. The right door of a pickup driven by Anthony Pederson, route 2, was damaged when struck by a sedan being backed from the curb by John H. Pierce, 267 Seventh avenue north. Also damaged was the left rear fender of the Pierce car, officers said.

Activities Slated By Cub Scouts

Plans were mapped for October 7 Cub Scout leaders Wednesday evening. The meeting was held at the home of Mr. and Mrs. Glen Crumling. "Trading" was adopted as the theme of the month.
While elephant trading will be the feature of the monthly pack meeting Oct. 13 at the Lincoln school auditorium.

U.N. NEEDS MIRACLE

The United Nations general assembly is badly in need of a miracle as it meets again in the midst of the world's greatest postwar crisis. It needs not only a miracle of patience and wisdom from the delegates of the participating nations. It needs a miracle, inside and outside its organization, to supplant the Soviet policy with a policy of reason.

For the assembly convened in Moscow, the Russian imperialism and international communism have united forces to wage a global war of nerves. One battlefield of that war lies between the delegates in Paris, where strikes, clashes between communists and the Gaullists, and an unstable government have reduced unhappy France to a new level of postwar misfortune.

Events in Berlin have reached the point where diplomats in Moscow are told that there is "no point in trying to see Premier Stalin" in their effort to dissolve the German Reich. The question of the future of Italy's former colonies is now muddled further by Russia's unexpected and illogical reversal of position. Greece's lingering civil war has now been complicated by an excursion across the Greek border by Yugoslav troops which their communist government explained, became "the first step in Burma, Malaya and Indonesia the struggle for independence are clouded and confused by communist infiltration of the revolutionary forces. The nationalist-communist war in China continues, and the situation remains unsettled in diverse Korea.

Only in Palestine and India is there strife that does not bear the unmistakable stamp of the hammer and sickle. The assembly will try, within its greatly limited authority, to solve some of these conflicts. It may confer the mercy of delay before it adjourns. But at best—and as usual—it can only discuss and recommend. The security council, which should be relentless except in final, extreme decisions, has become the scene of angry and inconclusive arguments instead of the agency of action it was meant to be. So it is left to the powerless assembly to do whatever can be done.

The assembly is an important voice of world opinion. The citizens of its member nations may be thankful that it is meeting at this time, and they may hope that its discussions will at least clear the air. But unless the needed miracle comes about, the principal efforts for world peace still have to be made outside the United Nations.

Almost day by day the Russian policy becomes clearer and more intensified. It is a policy of unceasing creation of confusion and disagreement at all points. It is a policy of planned chaos which is intended either as a substitute for war or as a preparation for war.

Against this policy the democratic nations must still wage economic war and political war. They must fight for recovery and the preservation of liberty with money, with hard work, and above all with unity. The United States, as one of the world's two great powers, must lead the way. But it has the right to expect and demand co-operation in welding the united and determined front which offers the best hope for stability and peace.

OUR PROBLEMS—OUR FUTURE

Municipal finance has become a serious problem in Idaho, to the extent that we find many of our cities grasping at straws for extra revenue with which to carry on. Our legal limit on municipal bonds indicates a serious and sufficient source of tax revenue complicates the problem on the other hand.

Twin Falls is one of those cities which have gone to extremes in rounding up extra cash, and we all know the headache we are experiencing with our 50 per cent increase in parking. But the city has insufficient revenue, nevertheless, to keep pace with normal demands.

The Idaho Municipal league, meeting in Boise recently, came forth with several suggestions for solving this perplexing problem. Included among these suggestions were the following:

1. That the state enact a 2 per cent sales tax with half the revenues going to cities and villages in proportion to their population.
2. That the cities share a 15 per cent slice of the state excise tax on gasoline.
3. That the motor vehicle license fee be increased from \$5 to \$15 and that this income be split evenly between the state, counties and municipalities.

There'll be objections to all these proposals for the stock reasons which are always advanced in opposition, and it may be that the ultimate solution will include none of these suggestions.

But it's a cinch that municipal financing has become one of the state's major problems and probably should take precedence over anything else when the next legislature convenes.

And when that legislature does convene, let's hope that it approaches the problem on a sound, fundamental basis, instead of resorting to taxes which put the state and its municipalities in the position of being forced to depend on traffic in liquor and slot machines, not to mention pari-mutuel betting which also has been proposed by several previous legislatures.

All that sort of thing is too filthy a structure upon which to be building our future. We should be well aware of that fact by now.

TUCKER'S NATIONAL WHIRLIGIG POT SHOTS

WASHINGTON—The strategy of the Dewey-Warren campaign against President Truman has become clearer as the Democrats should recognize it. The Republican plan for discrediting and defeating the Truman-Barkey ticket was revealed in this column several weeks ago.

Governors Dewey and Warren intended to base their campaign for the White House on the "pot shots" they were to fire from the Republican grounds. Until propped by Truman's attacks in the latter stages of the campaign, the Democrats should recognize it. Warren will deny his attempts to split class against class. They will plump for national unity.

MARYLENE—Governors Dewey and Warren will continue to make innumerable attacks on the news and radio air waves, hoping to tempt Mr. Truman into the delivery of politically incorrect answers to their queries.

Then, abandoning their modest approach, they will lose sight of President Truman with every step of his political career.

Until Oct. 15 at the latest, Governors Dewey and Warren will treat Mr. Truman rather kindly, in accord with their plan to make many votes for their chief executive. But after that date, the political gloves will be off.

AREAS—The oldest fact about the 1948 presidential contest seems to be that the voters are more enthusiastic about the Dewey-Warren ticket than over the Truman-Barkey ticket.

Mr. 2 No. 1 man, is making a great deal in his four of the middle west and the east.

As far as the Republicans will carry almost all districts in this area because of his presence. If the GOP corral a majority of the southern and border communities, it will be because of Earl Warren, not Tom Dewey.

Likely, the two Republican nominees reached an agreement to run in the next election in Albany. Governor Warren could win more votes than any other candidate in the next election in their campaigning area.

OVERSHADOWING—Sen. Allen W. Barkley of Kentucky, the Democrats' vice presidential nominee, is overshadowing and outgeneralizing President Truman in the campaign that is still pitiful.

Mr. Truman struck early and because he is President of the United States. Who would not turn to the head of the world's most powerful government?

Even so, his crowds have not been impressive. And his speeches have aroused no enthusiasm.

SANE—It must be acknowledged that so far Governor Dewey's oratorical efforts have not hit the mark. He is to let Harry Truman get mad, enthusiastic and hysterical. He and Governor Warren are going to run a quiet and sane campaign, until they have the votes for Truman in that few days before election. That is their program.

TEXAS—The important electoral vote of Texas may be lost to President Truman because of recent developments in the Lone Star state, which pride itself on allegiance to the anti-communist democracy.

A defection in this area of especially influential border state, no matter how President Truman fares elsewhere, would insure his defeat.

Although former Texas president John Neff Garner had President Truman and his trip for Sunday brunch on Sept. 28, it was only a kindly gesture.

His voters for Truman will be more than enough. It is such a well-deserved Democrat that he cannot vote Republican.

He has to vote for Truman's policies, any more than he did for FDR's spending program, recognition of Russia, the congressional purge or the attempt to "back" the communists.

Together with the decision of Jose H. Jones to give the editorial support of his influential newspaper, the Houston Chronicle, to the real party of the stand-offish attitude and the tremendous primary vote for the anti-new dealist Coke Stevenson in the senatorial primary plus the vote in a border state, it might go Republican, or Thurmond-Walshish, as it went for Herbert Hoover in 1928.

CELEBRATION

I noticed last week was national dog week. It was evident, too, 'cause the dogs are still celebrating around here.

Gooding must be national heaven every day. There seems to be every kind of dog, from the real to the fake. They are meeting at some girl's house. Anyway, I'll be glad when the party is over and I can get some sleep.

VIEWS OF OTHERS

THE BATTLE OF THE GIANTS

Southeastern Idaho is watching with great interest the battle between the Salt Lake Tribune and the Salt Lake Telegram on one side and the Desert News on the other for supremacy in circulation in the Utah-southwestern Idaho area. Of course the real battle is being fought in Utah but, as most of us know, Utah takes a fatherly interest in the doings of Idaho.

There has been some circulation circulation battles which newspapersmen love to bat the breeze about. The first big one was that between Hearst and Pulitzer in New York. Millions were spent in this battle and Hearst finally gained supremacy in circulation in the New York field although, strange as it seems, advertising volume didn't follow circulation. The New York Times and some of the less sensational papers continued to carry the major part of the business of the community.

Then there was the famous, or should we say, infamous, battle in Chicago between the Chicago Tribune and some of its competitors in which a life or two was lost. The last circulation battle which I remember was that between the Rocky Mountain News and the Post in Denver. That battle kept the newspaper world entertained for many months.

There it reached such absurd depths that late novels were given away for every classified ad and valuable insurance policies given for subscriptions. The readers in Denver found it profitable to advertise for lost golf balls. A truce was finally called when each side, taking an inventory of the costs, decided it was the better part of valor to stop carrying on.

Rumors are flowing around Salt Lake City as the Desert News is doing better for the first year. It has put aside a million dollars for the first year's expense in its campaign to gain circulation supremacy. A Sunday edition has been started by the Desert News and again the Chicago Tribune is in a morning paper may be put out in the near future.

The newboys are having a Roman holiday with the bikes and other things they have bought for so many subscriptions to any nothing of trips to Yellowstone park and other interesting spots. And the circulation crew is getting a little more respect from the newspaper promising disabled veterans television sets and other comforts. If you, dear reader, will only subscribe to the paper and let it be selling at the present moment—Pocatello Tribune.

ADVENTURE IN DIPLOMACY

If Russia alone and unaided, crushed Hitler's armies in Europe's most recent blood bath, then Russia is solely responsible for all of those leagues of rubble that fill the air around Berlin. If American "barbarians" bombers are responsible for the pulverization of the Teutonic capital, then Russia did not conquer Germany.

But in spite of the utter inconsistency of the two contradictory claims, Russia is making both claims and demanding credit for the destruction of the German Reich.

She claimed full credit promptly when she moved her troops into Germany and she has been pounded into helplessness by America's air arm for many months. She has been telling her benighted subjects that she was against the Teuton she received no help at all.

But now she is constantly telling the hungry and despondent people of eastern Germany. "The ruin you behold is the result of your own war against the gangsters." And, naturally, the Russian people who are not permitted to hear anything else, believe what they are told. However, the people of Germany, who know the truth, know better—Oklahoma (Oklahoma City).

IMPORTED BULBS

There is a tremendous shortage of classrooms for our kiddies here in the nation.

One school is so crowded that every morning the teacher formally invites the kids to play hooky.

In my day there was plenty of room . . . every kid had a little room of his own and I had my little corner.

The rich kids used to bring their teacher applies . . . I was poor, so I had to bring my own.

I skipped school to go swimming and got my little corner.

Bob Hope found out about it and finished the job.

I went to a little green school house . . . we were afraid of Walter Churchill.

And some of the instructors are sort of shy these days. If you do something wrong, you have to go to the blackboard. But the teachers should get more money, a hundred times.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—Governor Dewey's method of handling the domestic communists has the splendid merit of having been proposed a long time ago in these letters. Therefore his endorsement is doubly gratifying.

Mr. Dewey is a fine fellow, a good citizen and all he left me was a good idea. He had taken credit on his own account. I have expressed my admiration for his actions in Hollywood who stuck to his guns and got them knocked off.

The mere fact that the moving picture industry is rich does not relieve him of the public duty of holding it up to notice as a sly con-artist with the enemy.

However, I realize, as he is said to have said, the first thing in politics is to get elected and then he had let fly just at that point he might have jogged an election which is as good as won.

Nevertheless, he must see to it that, when he cleans the Muscovites out of our society, politics and culture, the Good Americans who went down fighting for the American way in Hollywood are remembered and repaid.

Some of them took their chances twice in hearings, first by the old Dies committee and later by the "Thomas committee on un-American activities." These committees assured them they would have nothing to fear if they should all the country what the bolshevik had been up to.

Having no more knowledge of the actual workings of congress than the producers of "The Sign of the Cross" to Washington and "State of the Union," the patriots came out of the collars and told.

Like the underground martyrs of Warsaw who were betrayed by the red army into being against the Nazis and then left alone to be slaughtered, these American writers, actors, advertising men and producers were abandoned for no reason except rattle-brained confusion. The Dies committee ran off chasing some red lecturer or furrier and forgot its promises.

After a great uproar in Wash-

ington last winter, the Thomas committee started some abandoned practitioners of a few inferior Hollywood bolshevik but forgot to protect its witnesses.

Within a few weeks one of the suspects was declaring openly in an interview that the heat would soon be off and that the treason, euphemistically called art, could be resumed.

He was so right that only recently he bobbed up as a roadblock across the career of one of the most valiant Catholic fighters against the conspiracy. That kind of treatment gets noted around and deters others from giving testimony.

Slow Governor Dewey proposes that "if they break our law against treason they'll get traitors' treatment" and that "if our laws aren't adequate we'll get ours (Ouch!) which are."

That means that anyone who joins the Communist party declares his alliance with an alien organization devoted to the overthrow of our government by "force and violence" in time of war with Soviet Russia that would be treason and the only appropriate penalty for treason is the government by "force and violence" about communists without regard for their personal friendship with anyone the great or anyone else.

Our present laws aren't "adequate" because they do not deal

with treason done in a "cold" war. President Truman himself recognized the Russian campaign against our country as a "cold war" about great ago and it has steadily grown worse.

Meanwhile, thousands of traitors are protected only because our laws were written long before cold war had been invented. The new law would just moderate our legal defense. That should be simple, but, simple or not, it has got to be done.

If the constitution is so brittle that we can't bend it to our vital necessities here, we won't be able to defend it. It will protect our enemies and frustrate us.

Then Mr. Dewey said, "if they (communists) engage in sabotage or break any other laws, we'll jail them."

It was here he said we'll get adequate laws, but I'm more that phrase up against the treason proposition to emphasize his intent that we put communists to the firing squad.

of course, they have been committing sabotage, vandalism, sedition and insurance for years. We hardly know what our laws can do to them with juries properly aware of their duties and powers and of the meaning of these crimes, because Roosevelt protected communists in all such dirty work.

The long Alga-Galliers strike, which undoubtedly cost many lives in the war, was communist sabotage and Roosevelt himself said that the Ingwood aviation strike of 1941 was a "violent insurrection" in violation of a foreign power, but with Russia. But he did nothing about it after

he used a regular infantry outfit to break the picket lines. The same traitors were involved in both of these treasons. Then he let Earl Browder and some others out of jail and fixed it up for Browder's wife to enter our country as an "alien immigrant of political activity when in her knew she was as red as Harry B. Truman's herring.

Under President Dewey, the people would have a fresh and honest patriotic view of communist treachery. Our existing laws might be sufficient if we gave them an honest chance, with the proper attorney general.

The important thing is a disposition to keep communists out of the government and the unions. That disposition never existed under Roosevelt.

I always did think well of my plan. I always did think the next President had adopted it. I bespeak a fair trial.

Farm Product Prices Down, Agency Avers

WASHINGTON, Sept. 30 (AP)—The agriculture department has reported that farm prices declined one per cent between mid-August and mid-September.

On Sept. 15, the index of prices received by farmers stood at 220 per cent of the 1909-14 average, compared with 225 per cent a year ago and a record of 307 per cent in January of this year.

Prices paid by farmers for things they buy also declined slightly. The index of prices paid was 250 per cent of the 1909-14 average, compared with 251 a month earlier, 238 a year ago and a second of 231 per cent in August.

Tightened School Attendance Rules Told in Minidoka

RUBEN, Sept. 30—Tightened attendance regulations adopted by the state board of education have been announced by Don Dufco, superintendent of Minidoka county school.

He said school principals will enforce these rules in granting any excusers to students for working this fall. The only type of work absence allowable when the student cannot go to home, the superintendent said.

Full make-up work will be required for this type of absence and no grade cuts will be made for work absence, Dufco said.

The local labor supply, seemingly more adequate than in past years, will necessitate student labor only for late potatoes. It is believed the harvest vacation scheduled for Oct. 7 to 10 will be adequate for any student labor.

Principals have been instructed to make a thorough check of all school absences, especially work absences. Parents should make a personal request to school principals before any student absence occurs for work purposes.

Clerk of Church Honored at Meet

HAGERMAN, Sept. 30—Mrs. Marvin Parks, who has served as branch clerk of the Hagerman Reorganized Church of Jesus Christ of Latter Day Saints for the past 30 years, was honored this week at a banquet dinner held in the church.

The program included remarks by Rev. Lyle Gilmore, a talk by Miss Condit, sponsored by Mrs. Parks, piano solo by Genevieve Henderson, and a musical reading by Mrs. Homer Condit accompanied by Mrs. H. Carlson.

The church presented Mrs. Parks a pen and pencil set.

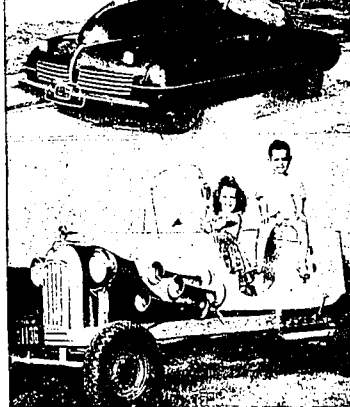

Baptists Parley

IDAHO FALLS, Sept. 30 (AP)—A banquet tonight will end the annual conference of the East Idaho Baptist association. Reuben Reising, Pocatello, moderator, is presiding at the two-day session.

The speaker last night was Mrs. Juanita Anderson, New York, representative of the American Baptist Publications society.

Kids Caper in Cute Cars

Car-crazy America is even halting its working replicas for its children. Barbara Jean Garrison, 4, top, prepares for a spin in the streamlined job her father built for her in Long Beach, Calif. Made of dremelled parts costing \$40, it is powered by a six-volt battery connected to an automobile starter. The one below, belonging to Jimmy J. and Sonya Baker, 4, of Nacogdoches, Tex., was made by their grandfather, Dr. M. M. Baker. He spent \$382 on the car, which attains speeds up to 30 miles an hour.

U. S. Fears Red Move in Iran As Russ Up Propaganda Drive

WASHINGTON, Sept. 30 (AP)—Moscow's propaganda guns are hammering so hard at Iran that American diplomatic authorities are wondering whether Russia is considering a new move in that part of the world.

Four Moscow radio broadcasts assailing the Iranian government and criticizing conditions in the oil-rich middle eastern land were recorded in a single day this week by U. S. government monitors. A secret "Azerbaijan democratic action" joined in the anti-chorus with two additional verbal attacks.

The campaign has been going on for months, but it appears now to be increasing in intensity. In Iran itself there have been other signs of Soviet interest. Hence the official speculation that Russia may try pressure in that area to divert attention from the Berlin crisis.

Iran is a recognized strategic spot. It was the scene of a mid-fired Russian adventure of two years ago. Soviet occupation troops finally were pulled out of Iran's Azerbaijan province under pressure from a United Nations security council in a crisis.

It said it has approved a request to transfer the 10,000-ton ship from United States to Panamanian registry. The request was made by the Matson navigation company of San Francisco, the commission stated, so that the pre-war luxury liner could be sold to the Panamanian Lines, Inc.

From where I sit... by Joe Marsh

Now that the husband has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and voted—80 per cent of them! That was, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it! ... like all the other individual liberties—from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank themselves that on summer evenings they'll be able to listen to band concerts in a well-kept park... enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!

Joe Marsh

Burley Scout Finance Drive Is Under Way

BURLEY, Sept. 30—Annual Boy Scout finance campaign in the Burley district got under way Tuesday night when 70 campaigners took part in a kickoff dinner at the National hotel.

The dinner was opened with the setting of a Scout salute by Keith Bingham, Ralph Seaman, Franklin Bowen and Lewis Metzger, all of troop 14. The Scouts posted the colors, led the pledge to the flag and repeated the Scout oath.

Support Urged Scout Executive Herbert R. West, Twin Falls, gave a talk on the need for strong support of Scouting. He pointed out the Scout movement helps suppress communist efforts and said reds have worked to destroy the Scout movement in European countries.

Jim Roper, campaign vice chairman, introduced team captains who in turn introduced members of their teams. Chairman Palmer Saterstrom presided at the session.

Campaign workers' kits were distributed to the men for use in making contacts.

Report Meet Get During the session, Saterstrom urged all workers to finish the campaign within a week. He set Friday as the first report meeting. The report meeting will be held in the National hotel.

All residents of the area have been urged to pledge funds to the Scout movement regardless whether or not they are contacted by a campaign worker.

The Spauldars shipped the first tobacco out of America in 1531.

U. S. Legal Aide Heeds Jury Call

SAN FRANCISCO, Sept. 30 (AP)—Thomas J. Donagan, special assistant to U. S. Attorney General Tom Clark, appeared before the federal grand jury here Wednesday.

His appearance was followed immediately by speculation that a probe into communism was under way.

A mystery witness also appeared before the jury—a small man with eyeglasses. He refused to disclose his identity. He was represented by Attorney Louis Gladstein who said that both had been sworn to secrecy.

Donagan told reporters he didn't expect to be in San Francisco long. He represented the attorney general before the New York grand jury which recently indicted several persons on grounds they were communists.

Comment Withheld

WASHINGTON, Sept. 30 (AP)—Undersecretary of State Lovett declined to comment today on reports the administration is preparing a new military lend-lease program to arm the western European nations.

The secretary told a news conference there was nothing he could say about published stories speculating on this possibility.

Some May files have an adult life of only six hours.

More Comfort Wearing FALSE TEETH

Here is a pleasant ray in everyone's face plate discomfort. PARTITECH, an improved powder, adheres to upper and lower denture bases more firmly so that they feel more comfortable. No gums, poor taste or itching. It's available (non-acid). Don't wear "Chalk" denture (denture bases). Get FASTEETH today at any drug store—42¢.

New Jets Are Tried to Hike Power Boost
By JAMES J. STREIB
AP Aviation Reporter
CLEVELAND, Sept. 30 (AP)—Jet engines which produce five times the power of types now in use are being developed by the national advisory committee on aircraft engines at its Lewis flight propulsion laboratory here.

The most powerful jet engine at normal rating today is the General Electric J-47, used to set a world speed record of 474 miles per hour in an F-86 plane. The J-47 rates normally at 3,000 pounds of thrust, but the effective force increases with the speed. More powerful turbo-jet engines are being tested for use in the turbine blades which must be made to stand twice as much heat. Doubling the operating temperature of turbine blades would permit development of several times as much thrust with greater economy.

A jet engine uses about three-fourths of its power to operate the compressor which compresses the air that is used in burning fuel. The rest is needed to cool the engine. The turbine engine limits maximum speed to 1,500 degrees Fahrenheit. Turbine blades may be cooled in future by circulating liquid nitrogen in automobile engine cooling systems.

Scouts to Get Badges, Rank Advancement

A Boy Scout court of honor will be held at 8 p. m. Oct. 6 in the disbandment of the 81st Scout Troop. The court will award badges and rank advancement to 16 local Scouts, according to Leslie Jones, member of the board of review.

Weldon Truhead, Leslie Truhead and Delvin Garbino, troop No. 62, will be awarded first class badges and Wayne Brown, troop No. 65, will receive a second class badge.

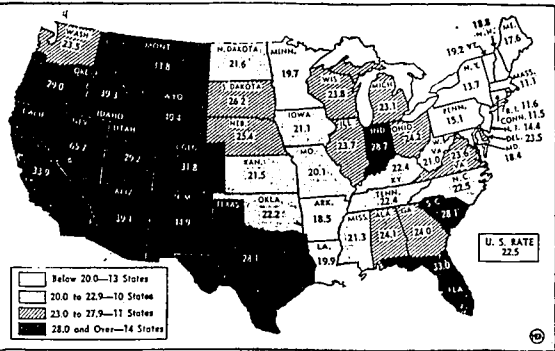

George Mills, troop No. 63, will receive merit badges for angling, home repairs and physical development. Larry Dech, troop No. 81, will receive merit badges for fireman ship, first aid to animals and farm mechanics.

Members of troop No. 82 will receive merit badges. They are Robert Honderich, for canoeing, woodwork and machinery; Phillip Custer, for swimming, life saving and camping; James Honderich, for poultry keeping and cooking; and some repairs and beef production; Leslie R. Jones, for life saving, hog and pork production and physical development; and Glenn Docket, leather work, corn raising and business.

Life awards will be presented to Larry Goetzner, James Honderich, troop No. 62, and Joe Dodson, troop No. 80. Jones stated.

The board of review met at 8 p. m. Wednesday to approve the awards. Leslie Jones, Joe Dodson and Glenn Docket, are members of the board.

Traffic Safety Campaigns Paid Off in 1947

During 1947, 22,300 persons were killed in motor vehicle accidents in the U. S.—3 per cent less than in 1946 although traffic volume was 10 per cent greater. Map, from data compiled by the National Safety Council, shows 1947 death rates per 100,000 population.

Price on Some Foods to Fall Because of Record '48 Crops

By DONALD LARSEN
NKA Staff Correspondent
WASHINGTON, Sept. 30—In spite of the millions of dollars that the government is pumping out in an effort to keep farm prices up, there are two groups of foods that can come down, and might come down. The first includes fresh fruits and vegetables. Producers are expected to produce a record crop of apples, peaches, cherries, grapes, etc. The second group includes milk, butter, cheese, chickens and turkeys.

As a result, citrus fruits have generally been down near the normal level in price by the law of supply and demand. The department of agriculture predicts big crops of oranges, grapefruit, lemons, etc. It means that the price of these fruits will be lower than in 1947.

The record crop expected in vegetables except potatoes, means that prices on them certainly can't go up, by virtue of supply and demand. And some of them are bound to go down in price almost immediately following harvests. Again it is because there is no support to keep them up.

Butterfat sold by the farmer now brings him 12 1/2 cents per pound. That means that his butterfat to-day buys him 25 per cent more shoes than it did during the year 1947 to 1948. Those years are considered the base period for computing the parity price for butter by the Bureau of Labor Statistics was 91.7 cents a pound. The price the farmer gets today he would most with their representative Tuesday to discuss settlement of the union's ban on the manufacture of phonograph records.

The ban has been in effect since Jan. 1. The authorized support price is 127 per cent of parity. The retail price average is 21.5 cents a quart. The farmer's price could go down 37 per cent before the government would step in.

PUC Studies Phone Firm's Rate Request

BOISE, Sept. 30 (AP)—The Idaho public utilities commission has under advisement today a rate increase asked by the Mountain States Telephone and Telegraph company. A hearing which started Aug. 2 and then recessed, ended yesterday.

The commission took no action on a motion by Alfred G. Corson, Pocatello, representing the Idaho Farm Bureau federation, to dismiss the application. Cordon's application for dismissal was based on the following:

- 1. Allegations of the application were not proved.
2. It is "unreasonable to require Idaho telephone users to contribute to salaries of \$125,000 per year to the president of the American Telephone and Telegraph company and \$45,000 per year to the president of the mountain states.
3. It is "unjust and unreasonable" to pile a rate increase to produce \$600,000 additional revenue annually on top of the 1947 increase granted to produce \$500,000.

Travel Increasing
Despite a sharp increase in travel. The death total for the first eight months this year was 10,330—three per cent less than in the same period of 1947.

Auto Forfeiture Sought by U. S.
BOISE, Sept. 30 (AP)—Forfeiture of the car used by Carl Raymond Ross and Carolyn B. Ross, Parma, was asked by the federal government in a suit filed yesterday in federal district court.

Truman Charges Untrue, Say Reds

NEW YORK, Sept. 30 (AP)—The Communist party tonight labeled as "a desperate lie" President Truman's assertion that the communists seek the election of a Republican president.

President Truman said yesterday in a speech at Oklahoma City that communists are backing Henry Wallace's third party because they want a Republican victory in November.

Eugene Dennis, general secretary of the communist party, said in a statement the party is uncompromisingly opposed to Dewey, the Republican, as it is to Truman, the Democrat. It is working for the defeat of both.

Wallace Given Egg Greetings In Texas City

HOUSTON, Tex., Sept. 30 (AP)—Henry Wallace was greeted with a shower of eggs and a mingled roar of cheers and boos when he appeared on the platform to address a mixed crowd of whites and negroes here last night.

Three eggs and one tomato all missed the Progressive party presidential party candidate as they were breaking on the microphone in front of him.

The missiles all came from one direction and police promptly ejected a man from the city auditorium.

Sailor Admits All

They released him outside. He told reporters he threw all the missiles and that he is John Slaters, a sailor from Pennsylvania.

Wallace told motionless and rigid negroes he is facing during the demonstration.

The non-segregated crowd was estimated to be about 2,000. It was far the biggest and noisier audience he has addressed on his trans-continental tour which began a week ago.

Interrupted by booging

Then, as Wallace began to speak, he was interrupted by booging and shouting of "go back to Russia."

The scene was reminiscent of Wallace's recent tour through the southeast when he was splattered by eggs and fruit several times.

The sailor, who showed this reporter a fraternal order identification card, said he was from Kutztown, Penn., and had been in Houston about two weeks. He said he was a member of the CIO National Maritime union and was planning to ship out on the first vessel leaving Houston.

No Charges Filed

Police filed no charges. About 700 officers filled the hall.

As the crowd awaited the arrival of the Progressive party's presidential candidate, it roared lustily for Paul Robeson, Negro singer, as he sang several songs and made a speech in which he shouted:

"I will challenge and fight fascism, whatever kind it may happen to be."

Wallace in his speech attacked racial segregation.

Burke Purchases Blaine Newspaper

HAYLEY, Sept. 30—Berywn Burke, publisher of the Hayley Times, has purchased the Blaine County Citizen from N. Harry Smith. Papers covering the purchase were filed in the Blaine county courthouse Wednesday.

The Citizen, established as a weekly newspaper in July, 1946, ceased publication last November. It has been operated as a printing shop since that time.

Burke, who recently purchased the Times from Mrs. Norma Gillespie, has completed a 600-foot clandestine addition to the main building. Equipment from the Citizen shop will be moved to the Times in the near future.

Divorce Asked in Complaint Here

Ray H. Chandler filed a divorce complaint against Mary E. Chandler Wednesday in district court. The Chandlers were married in 1916 in Ohio, and are parents of two children who have reached their majority and are not dependent. He is being represented by Perry, Keenan, Robertson and Daly.

Demos of Rhode Island Nominate Same Candidates

PROVIDENCE, R. I., Sept. 30 (AP)—Rhode Island Democrats Wednesday nominated the same slate that went down the line for the new deal to battle the Republicans in the November election.

U. S. Sen. Theodore Francis Green and Gov. John O. Pastore won re-nomination without opposition as two Democratic congressmen—U. S. Reps. Almer J. Forand and John E. Fogarty—won in a walk.

Most interest centered in the size of the vote in this long-time Democratic stronghold—home state of Democratic National Chairman J. Howard McGrath.

The unofficial count indicated the Democratic turnout would run below the vote in the Republican primary. Gov. Pastore, who was unopposed, polled 46,815 votes with only one district missing out of the state's 205. The Republican primary vote nine days ago was 53,000.

Visit in Boise

BOISE, Sept. 30—Mrs. Fred Ringert and son, Gary, have returned from Boise where they visited her sister, Mrs. Everett Bechtel.

Idaho Spuds Sell Good in Kentucky

LOUISVILLE, Ky., Sept. 30 (AP)—Idaho potatoes are making a good start in the Louisville market. C. C. Rice, dealer representative for the Idaho advertising commission, said.

In spite of last year when high Idaho prices and small turn caused some dealers to turn from our Russets to Maine potatoes, the response to early shipments has been gratifying," he said.

Rice and several competing varieties of potatoes are using the new mesh window paper bag successfully.

"Idaho should be the leader in new container ideas," he counseled.

GRANDMA SPERRY asks "what's the GOOD WORD for SPERRY HOTS?"

"FAST"? Yes, of course! Sperry Pancake and Waffle Mix contains nine ingredients, already measured and mixed, including sour cream buttermilk. Assures you old-fashioned hotcakes faster! All get out. Satisfying hotcakes, with that down-on-the-farm flavor in 5 minutes from package to plate. Fast? You bet!

or "FAST"? If it means going without food, "fast" doesn't apply to Sperry hots. Sperry hots break a fast. Sure, at breakfast! Tasty, full, adequately! And, don't overlook all the other tempting, fast-breaking dishes you can make with Sperry Pancake and Waffle Mix—waffles, dumplings, coffee cake, muffins (recipes on every package)

DON'T FAST—BE FAST with SPERRY PANCAKE and WAFFLE MIX!

Sperry Division of General Mills. "Sperry" is a registered trade mark of General Mills, Inc.

Barkley Ends Quick Tour of Upstate N. Y.

NIAGARA FALLS, N. Y., Sept. 30 (AP)—Sen. Alben W. Barkley ended his whirlwind upstate New York campaign here with a denunciation of the Republican party and criticism of congressional appropriators.

And he suggested "as one congressman to another," that Governor Dewey, Republican presidential nominee, as his theme song "I have plenty of nothing."

Speaks to 300

Barkley made his final New York speech last night to a crowd estimated at 300 in Niagara Park high school.

Barkley told the audience the Republican party in the past had plunged the nation into "despondency and despair" and had been the party of "reaction and fatalism."

"Never Knows"

The "Republican party never knows where it is going," he said. "It only knows where it has been."

Barkley left here immediately by special plane for Washington. He sets out Friday for a speaking trip that will take him to the west coast.

BUSINESS TRIP

HEYBURN, Sept. 30—Edward and Richard Blincoe and O. C. Lott have returned from Park Valley where they transacted business.

2 Brothers Jailed On Assault Count

Robert F. Hurley, 21, and Jesse Hurley, 19, were each sentenced to 30 days in the county jail Wednesday after pleading guilty in justice court to a charge of disturbing the peace by "tumultuous and offensive conduct, by threatening and challenging to fight and fighting."

In addition, they were assessed court costs of \$3. Commitment papers were issued and the pair was remanded to the custody of the sheriff.

The two men were arrested at 12:12 a. m. Wednesday, city officers said, after they had "picked a fight" with Russell Pike and Jerry Smith. The officers said the attack was unprovoked.

Pike last several teeth in the encounter and Smith received a broken tooth, the officers said.

Attend PTA Meet

CAREY, Sept. 30—Members of the Carey PTA who attended the fourth district PTA conference at Sun Valley include Mrs. Laurel Stuy, president; Mrs. Irving Eldridge, vice president; Mrs. Della Webb, secretary; and Mrs. Nellie Johnston, committee woman.

TEACHER SUBSTITUTE

DUILL, Sept. 30—Mrs. James Wingard substituted Monday at the Lincoln school for Mrs. A. Stoner, who was ill.

15 GOP Women To Meet Dewey Campaign Train

Fifteen members of the Twin Falls county Republican Women's club planned to be present when Gov. Thomas E. Dewey's campaign train stopped today in Pocatello, according to Mrs. Sturgeon McCoy, club president.

Following the candidate's address they will be guests at a luncheon given by the Bannock county Republican Women's club of which Mrs. Bryan J. Blackhurst, Pocatello, is president, Mrs. McCoy said.

Gov. C. A. Robins, St. Marys; Sen. Henry C. Dvorak, Burley; Rep. Abe Goff, Moscow; Rep. John S. Born, Hagerman; National Committeewoman Rose Mayer, Kellogg; vice chairman of the state executive committee, Mrs. Elma Wright, Dubois; National Committeewoman Ezra White, Cour d'Alene; and Ezra Henshaw, Bona, will be on the governor's train, the club president said.

The "silent" whistles used to call dewey have a pitch from about 17,000 to 25,000 per second.

Oil Strikers Stone Autos In California

MARTINEZ, Calif., Sept. 30 (AP)—Strolling CIO picketers yesterday smashed in front of the shell refinery main gate and stoned other workers' automobiles as they left the plant at 3 p. m. Wednesday. One car was overturned.

The violence followed a union meeting at which members of a local 6 of the CIO refinery workers' union discussed earlier violence in which one of their members has been and another arrested.

An estimated 100 strikers appeared at the main office site on Escobar street and when the first car came out the pickets rushed up and stoned it on its side. There were three men and two women in the car. The pickets fought the car and the occupants sped on their way.

As the pickets began to disperse, Virgil P. Coragiolli, union local secretary, shouted to the crowd: "Let's go back to the union hall. We'll be back in the morning and nobody will get in."

Reports Beating E. J. Peroutka, a member of local 6, reported that he was "beaten severely" early this evening on his way home from a union meeting.

The other incident involved Coragiolli and C. G. Clear, a non-striking employe of the Shell company. The men were involved in a scuffle this morning as they passed through the picket line. He charged Coragiolli with assault and battery and the latter filed a complaint against Clear charging assault.

After the first car was overturned, the pickets proceeded to stone some 20 or 25 other cars as they sped out of the plant. Several cars were damaged. It was not determined whether anyone was hurt.

Albion Group Holds Annual Booster Meet

ALBION, Sept. 30—Annual booster meet program of the Albion Grange was held here this morning. More than 50 persons attended the meeting and program conducted by Master Mark Bowden.

Charter members and past masters of the group were honored at the opening of the session.

Program Listed The program included the reading of the national Grange master's message by Willis Sears, a trio composed of Mrs. Curtis M. Honey, Mrs. Jesse Peterson and Mrs. Charles Clay, sang two selections accompanied by Mrs. Vard Chaburn.

The Rev. James Croce, Rupert, addressed the group on the topic, "Youth of Our Country." A poem was read by Edna Scoburn, instrumental selection played by John Chaburn, accompanied by Mrs. Vard Chaburn, and an exhortation by Mrs. J. B. Chaburn on "Grange Service to Rural Community," was read by her son, Vard Chaburn.

Fire Insurance Talk... A song by the Grange quartet, and a talk on fire insurance by Walter Amund concluded the program.

Refreshments were served by Mr. and Mrs. Richard Anderson, Mr. and Mrs. George Kelly, Mr. and Mrs. J. B. Chaburn, Mrs. Merle Gullies, Mrs. Mary Gull, Mrs. Ida Snodgrass, Mrs. E. E. Newman and Mrs. C. B. Erickson.

Stern Gang Chief Nabbed by Israel

TEL AVIV, Israel, Sept. 30 (AP)—Reliable informants said today Israeli police have arrested Nathan Friedman-Yellin, head of the Stern gang.

A terrorist arm of the Stern gang, a Jewish underground extremist organization, has boasted that it was responsible for the assassination of Count Folke Bernadotte, the U. N. Palestine mediator, in Jerusalem Sept. 17.

The informant said Friedman-Yellin was arrested in Haifa last night, together with one of his right hand men. In the room where they found Yellin, and in a search of Yellin's apartment in Tel Aviv, police were said to have found "documents throwing new light" on Sternist activities.

Four-Alarm Fire

SAN FRANCISCO, Sept. 30 (AP)—Damage was estimated at \$50,000 today from a four-alarm fire that wrecked the post exchange warehouse in the army's Presidio last night.

Baptist Ministers Plan Youth Emphasis Program

An evangelist staff called the "40-day cooperation crusade," scheduled in six Magic Valley Baptist churches from Nov. 12 to 24, has been planned by the group pictured above. They are, standing, left to right, the Rev. Herman C. Hiler, Twin Falls; the Rev. Edwin F. Hall, Jr., Jerome; and the Rev. James Brown, Filer. Seated from left to right are the Rev. Dwight Dodson, Salt Lake City, Utah; the Rev. J. J. Brown, Gooding; the Rev. John Sanders, Boise; the Rev. E. B. Madesta, Buhl, and the Rev. W. Phipps, Castelford. The Rev. Mr. Brown was selected as chairman of the movement and is to be assisted by the Rev. Mr. Hiler. Emphasis will be placed on the work of youth in the church.

CIO's Red-Controlled Unions To Walk Out, Chiefs Predict

WASHINGTON, Sept. 30 (AP)—Veteran CIO leaders said today a walkout by communist-controlled unions is inevitable.

They said the split was hastened by two developments yesterday. One was the naming of a special committee by CIO President Philip Murray for a showdown on alleged communist activities by the New York City CIO council.

The other was the blacklisting by the atomic energy commission of the United Electrical Workers and United Public Workers, both CIO left-wing unions.

The split could come at the Portland, Ore., convention of the CIO in November. Left-wingers seek only a sudden and complete reversal of Soviet Russia's foreign policy can prevent or limit what one CIO official said appears to be "an inevitable and logical break."

Thus, after the left-wing unions have denied any intentions of seceding from the CIO, but in nine months they have taken two top-level positions in the CIO executive board on the endorsement of President Truman and support of the European recovery program.

They have lost ground in the national maritime and transport workers unions. And more than 100,000 members have swung away from them to right-wing CIO unions.

Livestock Price Dips Sharply at Weekly Auctions

Prices were from 50 cents to \$1 lower on feeder steers, heifers and common cattle Wednesday at the Twin Falls Livestock Commission company sale, according to Tom Callen, co-owner. Bulls were from \$1 to \$2 lower with culler cows steeper.

Good quality feeder steers \$24.50 to \$26.50; medium \$22 to \$23.75; common \$18 to \$21; good cows \$21 to \$21.75; medium \$18 to \$19.75; culler cows \$14 to \$18.50; fat heifers \$2 to \$2.40; good feeder heifers \$22 to \$23.50; common and medium heifers \$18 to \$21.50; good veners \$24 to \$26.50; common \$20 to \$23; medium bulls \$18 to \$25.50. No good bulls were offered.

Area Boy Starts Marine Training

RUPERT, Sept. 30—Raymond Kaiser, son of Mr. and Mrs. Dave Kaiser, who enlisted for a year in the marine corps, left Thursday for San Diego, Calif., to receive basic training.

After being stationed at San Diego for eight weeks he will be transferred to another duty base. Kaiser, who graduated from Rupert high school this spring, enlisted last week through the Twin Falls recruiting station.

He named three right-wing union presidents to the committee. They are O. A. Knight of the oil workers, Joseph Proech of the glass workers, and Martin Wagner of the chemical workers.

Murray and other top CIO leaders maintained a tight-lipped silence on the atomic energy commission's blacklisting of the electrical workers and the public workers. But privately some of them felt that the action—the most drastic yet taken by any government agency against left-wing unions—would eventually undermine the present leadership of the two organizations.

Dewey Far in Lead, Roper's Poll Indicates

NEW YORK, Sept. 30 (AP)—Fortune magazine, in its last pre-election survey, said today Gov. Thomas E. Dewey is leading President Truman by the "almost unimpeachable margin" of 44 per cent to 31 per cent.

The findings of the poll, conducted by Elmo Roper, "merely reinforce and confirm the results of the four preceding public-opinion polls conducted between April and August of this year," the magazine said.

All of them indicated that in the election to come Mr. Dewey will pile up a popular majority only slightly less than that accorded Mr. Roosevelt in 1936 when he swept the boards against Alf Landon.

The magazine's last poll gave these figures: 42 per cent for the Republican nominee; 31 per cent for the Democratic candidate; 26 per cent for Henry Wallace, the Progressive party nominee; 44 per cent for Gov. J. Tom Thurmond of the States' Rights party; 25 per cent for Socialist Norman Thomas; 65 per cent for others, and 154 per cent of those polled expressed no opinion.

IEA Unit Meets

POCATELLO, Sept. 30 (AP)—Mrs. Idalina Knudsen, Blackfoot, district president, was in charge for opening sessions today of the Idaho Education association's fifth district.

The conference will continue through tomorrow.

Social Dance Is Set for Gooding

GOODING, Sept. 30—A box social and square dance, sponsored by the Gooding high school junior class, will be held at 8 p. m. Friday in the Gooding high school gymnasium.

Admission for mothers' and daughters' will be a box of food for two persons.

The social is sponsored to promote better relations between parents and students. Music will be provided by an old time orchestra.

Conclave Slated for Flood Control Talk

MENAN, Ida., Sept. 30 (AP)—Businessmen and farmers from all communities in Jefferson and Bonneville counties were invited to attend today a public flood control meeting at the Menan Grange hall.

Col. O. E. Walsh, Portland, representing the army's corps of engineers, was the scheduled speaker.

Chairman Harold Ball said the group would discuss with Walsh plans for flood control work along the upper Snake river.

5 4-H Youths To Represent State Region

Five Twin Falls county club members will represent Idaho and this county Tuesday at the Pacific Northwest Livestock exposition at Portland, Ore. It was announced Wednesday by Bill Pryor, county club agent.

Two 18-year-old members of the Buhi Dairy Maids, Pauline Yost and Jeanne Kudlac, will represent the state for the second time in an agriculture demonstration contest. The girls won the county, district and state 4-H contest this year with a rapid milking demonstration. Their club leader is Frank Southwick.

Pryor pointed out it is unusual for the same persons to win the state event for two consecutive years, and said the girls are anxious to return to Portland in an effort to better their showing at a year's end. The contest they are entering is open to only one team from each of the states participating, and a trophy is to be awarded.

As highest scorers in the county fair livestock judging team contest, Francis Karel, Tom McClain and Dale Matthews will represent Twin Falls county in similar competition at the Portland exposition. They reside near Castleford and their club leader is Clifford Nutting.

A scholarship will be awarded to the individual with the highest score and trophy will go to the county team with the highest rating.

Reclamation's Bureau Slices Employe Lists

WASHINGTON, Sept. 30 (AP)—Reclamation Commissioner Michael W. Strauss has announced the reclamation bureau is discharging 2,682 of its 18,000 employes in the west to comply with a congressional limitation on funds for salaries.

The firing of 2,682, he said, will have an estimated \$5,803,200 during the remainder of the year ending next July.

Costs Within 1 Per Cent. This brings bureau operations within one per cent of the \$48,000,000 limitation placed on federal services in the 1949 interior department appropriation act. Strauss told a news conference.

The commissioner said it is anticipated that normal rearmament will make up the one per cent "without further budgeting." However, he added, another budget study will be made Jan. 1 to determine whether additional cuts are required.

Breakdown Given. Strauss listed the following breakdown on the number of employes eliminated in the process of being dismissed in the various regional offices: Region 1, Boise, 423; region 2, Salt Lake City, none; region 3, Amarillo, Tex., 29; region 4, Billings, Mont., 53; region 5, Denver, 20; and the Denver office of the chief engineer, 230.

Strauss said the cuts were made in conformance with a schedule worked out by a committee of eight officials in the bureau.

Choir Rehearsal Held at Gooding. GOODING, Sept. 30—First practice for the newly formed Gooding community chorus was held this week under the direction of Donald Strub, Gooding high school music instructor.

Eighteen persons took part in the first rehearsal. It is hoped a chorus of 40 can be formed. The group plans to rehearse once a week.

Mrs. Helen L. Smith, president of the group, announced membership in the group is still open and urged interested residents to attend the meetings.

Practices are planned on the first and third Saturdays and on the second and fourth Mondays of every month. A concert will be given by the group following the completion of plans.

Seal of Service FOR EUROPEAN RECOVERY

This emblem will be stamped on every package of relief goods sent overseas under the European recovery program. The colored stars and stripes will remind Europeans that Uncle Sam is their benefactor.

Students Set Unusual Play On Oct. 14-15

When the curtain goes up at Twin Falls high school on the first school play of the season Oct. 14 and 15, Twin Falls residents will be treated to something new in school plays.

Our Heroes Were Young and Gay by Correllis Otis Skinner and Emily Kimbrough, dramatized by Jean Kerr and recited by Ewald Winter, has been selected for the first production.

Heading the cast is Anita Turner as "Emily." Admirers of the two girls are Kenneth Falzer, "Dick Winter" and George McKay as "Leo McEvoy."

Featured in the cast are Warren Pennington and Fran Averis as Mr. and Mrs. Skinner. Also in the cast are Afton Dean and Geraldine Grandall as "Winifred Blagay" and "Harriet St. John"; Lawrence Kirkman, pursuer; Bob Holloway, admirer; Zandra Thomas, investor; Nancy Mae Gore, stewardess; Sarah Jordan, Madame Elise; Donna Custer, Theresa; Lloyd L. Turner, Dr. La Croix; and Les Spellman, window cleaner.

Headed by Mrs. Mary Jean Deagle, assistant director; Ellen Green, stage manager; Bob Carlson, lighted Max Cooper, carpenter; Janet Gillespie, stage design; John Flourney, general stage crew; Joyce Spaulley, properties; Pat Thier, house chairman; Phyllis Payne, business manager; Pat Parrett, tickets; Beverly Bond, advertising; Margaret Weaver, program; Laurelle Chaney, makeup; Pat Rathke, costumes; and Genevieve Bower and Viola Murphy, prompters.

Gabert, Bob Miller, W. Rathburn, J. H. Sivall, Mrs. Lella McBurney, Russell Horn, S. F. Howell, A. B. Smith, and Mrs. Nicholson and the Greenery Package company (two).

Work to Start on Church in Rupert

RUPERT, Sept. 30—Construction on the new Trinity Lutheran church here is slated to begin immediately, the Rev. John Westendorf, pastor, reported.

The new church, to be constructed on the corner of 14th and 1st streets on E. 4th, adjoining the present church building. Contract for the building has been let to William Kiefer, local contractor.

Specifications call for the main building to be 34 by 85 feet with furnace room of 10 by 20 feet. The Rev. Mr. Westendorf said the new church is necessary to handle the growing congregation.

Camp Fire Girls Conduct Outings, Other Activities

Outings, handouts, and programs have highlighted recent activities of various Camp Fire groups.

Plans were made for Blue Bird picnic day to be held in the city park on Oct. 23 at the Tuesday meeting of the Blue Bird leaders.

The Wacanda Camp Fire group had an election of officers at its business meeting in the Christian church.

A diet number, "Tell Me Why," was staged for the fourth law.

Wetomachick Camp Fire girls were on a hike recently at the home of Mrs. W. V. Wagoner.

Cleveland Bears Pennant With Win Over White Sox

CLEVELAND, Sept. 30 (AP)—The irresistible Cleveland Indians advanced to within one victory of insuring themselves at least a tie for first place in the American League pennant race Wednesday. They came from behind to defeat the tail-end Chicago White Sox, 6-2.

Snavelly Still Rates Single Wing at Top

NEW YORK, Sept. 30 (AP)—His horse and buggy coach boot has let the figures to show that he can get more mileage out of his old-fashioned single wing than the modern double. Snavelly still rates the single wing at top. His greatest enemy is complacency and he is convinced that his boys scored the upset of the season to date simply because they were "all tired up."

Keep Trying

LONDON, Sept. 30 (AP)—Don't give up, J. C. Hurd, 65-year-old golfer, got his first win in the 19th hole at Woodcoote park last week-end.

Warren Goes Into N. Y. for GOPer Drive

NEWARK, N. J., Sept. 30 (AP)—Gov. Earl Warren has rolled his trans-continental GOP campaign caravan into the metropolitan New York-New Jersey area to declare America must prove to the world it is not a nation of boom and bust.

In an address at a Republican rally at the Mosque theater here, the No. 2 GOP candidate last night said the nation should not rest on past accomplishments if a dynamic national economic policy is to be preserved.

"Much to be Done"

Much is yet to be done "to round out our democracy," he declared.

He termed it a job "in which labor, management, agriculture and government have a joint responsibility."

Warren reached New York City late in the day from Providence, R. I., where he had said that political promises of "quick cure-alls" are "dishonest," and are "trifling with the security of the American people."

Up to U. S.

He motored to the other side of the Hudson river to tell a Newark audience it is up to the United States to prove to itself, "and the world, that we can continue to live and prosper in a well-ordered economy."

"We must show that in America we can achieve an economy that will be stable, and that we are not a nation of boom and bust."

"The dollars earned by workers in the United States must be real dollars—money that can be used to buy some of our European friends have become so accustomed."

Must Prove Ability

"We must also show that we can develop a sound, cooperative relationship between workers and management."

Warren said the Republican party is "thoroughly conscious" of distress seen in the high cost of living, the housing problem, and "the hopes of the American people."

Russ News Organ Avows Appeal to U. N. Is Useless

MOSCOW, Sept. 30 (AP)—The Soviet weekly New Times declared Wednesday the western powers' appeal of the Berlin case to the U. N. security council would be unsuccessful.

An editorial declared a "thought out and organized" campaign around the Berlin issue was being used for the "further ignition of war hysteria leading the West towards high temperature."

It added that this campaign was "openly directed" by U. S. Secretary of State Marshall and British Foreign Secretary Bevin and "it is not even necessary to talk about some invisible director's baton."

New Times stated that the western powers "have reaped what they sown themselves sown" when they took successive steps to set up a "separate western German government."

This "exploded the legal basis which assured them of the right of participation in the Berlin administration," it explained.

Aside from this comment, there was a notable lack of material in the Soviet press reflecting any all of crisis over the Berlin case.

The newspapers have printed nothing about United States Ambassador Walter B. Smith's statement after seeing President Truman that relations between the USSR and the United States are serious. There has been no mention here of the meeting of officials of the western European alliance to integrate their defense systems.

Soviet Consulate Leaves for Home

SAN FRANCISCO, Sept. 30 (AP)—The staff of the closed Soviet consulate here is finally on its way out of the country.

Soviet Vice Consul Ivan Tarasov left for New York Wednesday night in charge of half of the staff members and Consul General Konstantin A. Efremov will leave tomorrow with the remainder. Both parties are traveling via the Southern Pacific's steamliner, the Cold Coast.

Presumably they will board ship at New York and proceed to Moscow.

The Soviets abruptly closed their San Francisco and New York consulates because of the Kasenkina case several weeks ago.

U. N. Problem Bigger Than Berlin Issue

By J. M. ROBERTS, JR.
AP Foreign News Staff

FARIS—There are more causes of pessimism in United Nations corridors than the mere prospect of a knockdown-drawout fight over Berlin.

Herbert Evatt is a doughty fighter for the principle of settling issues on the basis of what is right rather than who is right. When he says that he is not too optimistic over the future of the world peace organization, as he said here today, you can be sure there is real trouble in the air.

Cause for Worry

One of the fundamental causes of worry here is that when the allied charges against Russia were filed today, a solid block was formally kicked out of the U. N.'s very foundations.

Everyone understood at San Francisco in 1945 that agreement among the nations of the three great powers was the keynote of the whole thing. The small nations agreed to the big five veto system in the Security Council with that understanding, knowing that without a united big five there was no united United Nations.

It is obvious that Russia, with its big powers agreed to settle their disputes amicably.

War Indirect

Everyone knew they hadn't done it, but the cold war, insofar as it involved the U. N. was being waged more or less indirectly.

Another cause for worry is the visible strain being placed on the relations of the three great powers—France, England and America. While formally standing together they still are operating from bases of opinion which differ widely in some particulars.

It is obvious that France, and Britain to a lesser degree, are standing before the security council as formal custodians of Russia, principally because of pressure from the United States.

Still No. 1 Enemy

The truth of the matter is that France still considers Germany her No. 1 enemy. There is also a doubt in official circles here that Russia is prepared to make war, or that she would wish to do so if she were prepared. Some even expect the war with Russia to be fought out on theological and economic lines.

More people, of course, feel just about the same as Americans about it.

In Britain I found a different and somewhat strange attitude. Fearful of their front-line position, still fighting the war's postlude battle as no other victor nation is doing, they would prefer not to meet Russia head-on. One official seemed to express a rather general attitude when I asked him what would happen in Anglo-American relations if the United States decided that to keep the peace, it was necessary to risk war, perhaps by putting up fighter escorts for the Berlin airlift.

"Oh," he said, "we haven't thought about that. We can't bring ourselves to think about it."

New Type Fire Escape Device Tested at High School

Members of the Twin Falls fire department are shown at left clamping the evacuator canvas fire escape to the roof of the Twin Falls high school directly in front of the school dome.

The canvas was lowered to the ground, but was too short for safe use. Firemen at right are shown pulling the canvas slide back in the demonstration.

A youngster is pictured at left sliding down the evacuator from the second story window of the high school. Scores of children took part in the test supervised by the local fire department. The escape device can be moved from place to place and in the event of fire, students could use it to escape flames rapidly. In picture at right a youth is

shown at the end of his slide down the evacuator. When set up, the device is similar to any playground slide. Fire Chief E. H. Freecove and school officials will use the test in trying to determine a means of eliminating the fire hazard in the school's dome. The dome is presently used for music classes. (Staff photo-engravings)

Firemen Find New Type of Fire Escape Useless to Eliminate Hazard at School

In continuing their search to remove part of the danger in the fire hazard existing in the Twin Falls high school dome, members of the local fire department and school officials experimented Tuesday afternoon with an "evacuator," a new type of fire escape device.

The evacuator is constructed with a metal bar top that can be easily clamped to any window ledge or roof top. From the top of the device, canvas can be lowered to the ground to form a canvas slide similar to any playground slide.

Philpott persons can easily and quickly make an exit from second or third story windows and slide to safety.

Fire Chief E. H. Freecove recently met with school officials and suggested something be done immediately to eliminate or reduce the hazard in the high school dome.

He said, the dome, which is used for music classes of both the senior and junior high schools, is dangerous for students to use.

At present there are only two paths of escape from the dome. The fire chief explained the stairs leading to the dome are a continuation of stairs starting in the basement of the building.

Fire starting in the building would have an easy path to the dome by following the perfect vent of the stairs, the chief said. Smoke from any part of the main building would pour up the stair vent and fill the dome rapidly, causing panic among the youngsters, Freecove warned.

"While the addition of an evacuator or some other outside fire escape device would not eliminate the dome as a fire hazard, it would

cut down the possibility of loss of life. It is possible that with a major fire in the high school, serious loss of life in the dome would be the outcome," Freecove said.

Officials are studying the outcome of the evacuator tests and are trying to determine the best methods of solving the school problem.

The chief pointed out another means of solving the problem would be to erect a permanent metal slide from the third story dome to the ground.

"Something has to be done, and it has to be done before any of our children lose their lives in a disastrous fire," Freecove said.

He suggested that civic organizations might take the problem as a project during fire prevention week and help the school department

purchase the necessary fire escape equipment.

In the case an evacuator canvas slide is purchased for the school, it would be stationary. School officials are studying the idea of cutting a doorway in the dome's wall facing Shoshone street and building a permanent base for an evacuator slide.

"With more than 100 of our youngsters taking music in the dome at once, nothing should be left undone to make the room safe," Freecove concluded.

Named to Caucus
UNIVERSITY OF IDAHO, Sept. 30—Kenneth Briggs, Murtaugh, was named to the Independent caucus representing Lindley hall. Among the retiring caucus members for Lindley hall are David Weeks, Burley, present student body president, and Paul Bistrup, Burley.

UTAH VISITOR

"We Want No Man's Money Without His Goodwill"

Good Weather Nearing State To Dry Range

BOISE, Sept. 30 (AP)—A large high pressure area moving into Idaho from British Columbia and Alberta will dry out forests and range lands in the state by Jones, U. S. weather bureau meteorologist, said today. "It looks like deer hunters are going to have to be especially careful," Jones said.

Lynn Kestler, fire dispatcher for Boise national forest, had hoped Jones could promise some rainfall before the opening of the deer season Tuesday. Carlyle Smith, rangeland fire dispatcher also concerned about the drying effect clear weather will have.

However, Jones said it was doubtful that Idaho would get any measurable amount of precipitation before the deer season opens.

Little Chances Seen The only chance for much rain, he said, lies in a storm moving westward from the middle of the Pacific ocean. But Jones said that storm may wear itself out before it reaches Idaho or the state at all.

General cloudiness with chances for light showers predicted for Tuesday night and Wednesday failed to materialize, Jones said. The low pressure system that moved in from the Oregon coast was little more than cooler air by the time it reached Idaho.

Hoover Commission's Studies Of Bureau Workings Awaited

By DOUGLAS LARSEN NEA Staff Correspondent WASHINGTON, Sept. 29—Just what's cooking inside the super-secret Hoover commission is the subject of great speculation these days.

The job of the commission is to make a study of the work of the year on how the executive branch of the government can be reorganized to operate more efficiently. There have been several of these commissions assigned to the same job but no one has ever accomplished much.

But this one looks like it might really do a good job, for several reasons. First, the commission had a hand in its organization and appointed eight of the 12 members.

Another pretty well-founded report is that a special department of the university to study the administration will be a sort of "housekeeping" agency and will probably include the present "housekeeping" department.

There are now between 40 and 50 major federal agencies, each with countless bureaus, branches, etc. Gov. Roy J. Turner promised to cut down the number of agencies to 20.

\$80,000,000 Fund Required in Work in Columbia Area

SPOKANE, Sept. 30 (AP)—Approximately \$80,000,000 would be made by the next congress if work in the Columbia basin reclamation project is to proceed on schedule, a state research engineer said Wednesday.

Charles Cone, research engineer for the Columbia basin commission, told the Spokane construction council that the rapidly developing project will require approximately that amount. He compared that figure with the \$45,000,000 granted by the federal congress in 1932 and 1936.

'Phantom Orders' Reported Placed

NEW YORK, Sept. 30 (AP)—The head of the national security resources board said Wednesday "phantom orders" already have been placed for war goods with American manufacturers.

Arthur M. Hill, chairman of the board, told the news industrial association in a speech that such orders will be filled only from six months to a year in existing goods like machine tool industry.

U. N. Faced by Biggest Crisis In Reich Fight

By DEWITT MACKENZIE
 AF Foreign Affairs Analyst
 The United Nations faces its greatest crisis today as America, Britain and France throw the bitter Berlin conflict into the lap of the security council, charging that the red blockade is a threat to international peace.

Indeed the situation is so grave that the three-year-old peace organization is in danger of splitting with the democracies and the Soviet bloc going separate ways. British Foreign Secretary Ernest Bevin was voicing the thoughts of many statesmen in Paris when the U. N. might fall apart.

Russ Also Told
 The Soviet press in Moscow also told the Russian public that the two camps in the U. N. might go their separate ways—this despite the fact that Deputy Soviet Foreign Minister Vatsinko was quoted by a London paper as saying in an interview: "We shall not abandon the United Nations."

Well, supposing the U. N. does split; what then? Bevin answered that in a horse-sense way by saying that the most important question is "we must proceed on a regional basis." That is, the Russian bloc would have its own organization and the democracies would have theirs.

Never was "U. N." as a matter of cold fact there have been a "united" nations. The organization has been split since the start, with the communists using it for purposes of obstruction and as a grand sounding board for red propaganda. Thus actually the U. N. has been used by the bolsheviks as a weapon of aggression against the democracies.

So if the Moscowites want to desert the U. N. there need be no regrets there couldn't be collaboration. It will be rather reminiscent of Japan's action in 1922 when she walked out of the League of Nations in anger over the Lytton report charging her with aggression against Manchuria. Also in passing, one might note that Russia was sounding the alarm for red propaganda in 1929 for aggression against Finland.

Peiping Is Not "Upstart" City, Henry Learns During His Visit

By HENRY McLEMORE
 PEIPING, China—No upstart city this one.

No flash in the pan. No jerry-built boomtown enjoying a few moments in the sun before being forgotten.

It has been here since 1121 B. C. which is a lot of B. C. and today it is still the most beloved city in the east.

Fierce fighting rages close by—so close that one is advised not to make the trip to the great walled city even though it is only four hours away by slow train. Yet Peiping, or Peking as it is better known, today is crowded with visitors from all parts of the world here to enjoy its antiquity, its culture, its fairyland sort of charm, its thousands of shops, its almost perfect climate, its scenery, and well its everything.

In the Wagon Lits hotel where we are staying one can hear the languages of England, Holland, Belgium, France, Russia, Switzerland, and even the most casual tourist speaks the dialects of all the Chinese provinces. A few days in Peiping and even the most casual tourist speaks it with a tender warmth—as if he had had something to do with it, as if a part of it belonged to him.

Even the then power-crazed Japanese fell under the spell of Peiping. They occupied it from 1937 to 1945, but they did not loot or burn it. The damage they wrought was limited to the tearing down of a few metal gates, doors, grills, etc.

McLemore

Attend Reunion

SPRINGDALE, Sept. 30—Residents of Springdale who attended the Hurst family reunion in Salt Lake City last week were Mr. and Mrs. Wesley Hurst, Gerald Hurst, Deon Hurst, Shirlene Hurst, Mr. and Mrs. Fred Johnson and family, Mr. and Mrs. Rulon Hurst and family, Mr. and Mrs. Ralph K. West and daughter and Mrs. Ray Norton and son.

and its magnificent companion, the altar of heaven.

Peiping is little changed from the city that was beloved by the great Ming emperor, Yang Lo. The countless little streets wind and wander, and each is noted for the wares it shops have to sell. There is Embroidery street, Jade street, Lantern street, Scroll street, Cricket street, and Chow street.

There are restaurants which have been serving patrons for more than 1000 years—restaurants in which Peking duck is broiled over flames which are said not to have been extinguished for more than a century, and restaurants whose soup is made from stock that has been simmering since the British burned the White House.

"The predominant note of the city is the cries of the street vendors. Those who have cakes to sell have a certain call, those who have pork, another. But another story another day about the vendors.

I could tie and dynamite in Peiping—if you get tired I miss.

Newspaper Week, PTA Month Set By Proclamation

BOISE, Sept. 30 (AP)—Gov. C. A. Robins Wednesday proclaimed the month of October as Idaho Parents-Teacher month and the week of Oct. 1 to 8 as newspaper week in Idaho.

The governor said the Parents-Teacher association is devoted to the welfare of children in not only the school, but in the home, church and community in an effort to provide better training for all children.

"The economy of Idaho is such that our daily and weekly newspapers play an equally important role in falling the American story," the governor said. "All thinking Americans realize a free press has made a great contribution to preservation of freedom in our country."

"Fish apparently obtain about all the water they need through their skins and the food they eat."

OWDEN TRIP
 ACEQUIA, Sept. 30—Mr. and Mrs. Dan Reyt have returned from a business trip to Ogdén. Their daughter, Mrs. Arnold Hogue, who has been a patient in an Ogdén hospital for the past week, is expected home this week.

No 'Practical' Atom Defense, Doctor Warns

BOSTON, Sept. 30 (AP)—An army doctor who witnessed the Bikini test two years ago warned Americans today there is no practical defense against the radioactivity of the atomic bomb.

Dr. David Bradley, San Francisco, gave the warning in his forthcoming book "No Place to Hide," the first installment of which appeared in the October Atlantic Monthly.

His text has been passed by the office of information control of the U. S. atomic energy commission, the publication said.

Human Race at Stake
Bradley, a radiological safety officer at "operations" headquarters, said the test convinced him that the survival of the human race is at stake in the indiscriminate use of atomic energy for political coercion.

Bikini, he said in his conclusions prepared for the December Atlantic Monthly, taught:
"That there is no real defense against atomic weapons."
"That there are no satisfactory countermeasures and methods of decontamination."

No Satisfactory Safeguards
"That there are no satisfactory or satisfactory safeguards for the people of atomized areas."
"That the devastating influence of the bomb and its radioactive relatives may affect the land and its wealth for centuries through the persistence of radioactivity, and the people for generations through the persistence of adverse changes in the mechanisms of heredity."

He will say in his November installment that soap, water and even lyc failed to remove radioactivity from steel and merrily soaked use of poison more deeply and permanently into wood.

"The only thing that did work, he said, was apply strong acid or sandblasting steel and planing the contaminated surface off wood."
"You can't sandblast Pearl Harbor or Bremerton shipyards of Chicago," he warned. "You can't sandblast a whole ship under battle conditions."

Wage Study Unit Will Be Named, Governor States

BOISE, Sept. 30 (AP)—Gov. C. A. ROOSE, Wednesday said a committee will be appointed soon to study adjustments of salaries and wages of state officials and employees.

The governor said he had received a letter from the Idaho state Chamber of Commerce suggesting that the "problem of equitable adjustment of salaries and wages of officials and employees of this state (Idaho) is a matter of general concern to every citizen and taxpayer."

Directors of the state chamber committee to assist in seeking a "proper solution" to the problem.

The state chamber pointed out that a committee representing every phase of the state's economy would bring to bear, in the future, the valuable experience and thinking of successful private businesses in various matters affecting personnel.

The chamber said the committee would present its findings before the next legislative session, suggesting the legislators time required for gathering data.

The Democratic state party and the Idaho state bar association have recommended that salaries of state officials be raised.

Filer's Residents Report on Visits

FILER, Sept. 30—Mr. and Mrs. Roy Farmer, who have been visiting relatives here, have left for their home in Santa Monica, Calif.

Mrs. Junette Baker and daughter, Alfred, Seward, Neb., and Mrs. Charles Winkelman, Lincoln, Neb., have left for their homes after visiting Mr. and Mrs. J. C. Baker.

E. F. Gettel has left for Chicago. He, after lunch after business interests here and visiting J. C. Baker and Edward Baker.

Mr. and Mrs. A. C. Bower have returned from a visit with relatives in Pocatello.

Mrs. Kenneth Medford have left on a trip to Salt Lake City. Mr. and Mrs. D. C. Dayless and family have returned to Alameda, Calif., after visiting her parents, Mr. and Mrs. D. N. Englebright.

Mr. and Mrs. Loren Farmer have returned from a visit with relatives in Idaho Falls.

Honors Correspondents

Secretary of Defense James Forrestal and Mrs. Raymond Clapper attend the dedication of the Posterson building memorial honoring war correspondents who were killed reporting World War II. Mrs. Clapper is the widow of the Scripps-Howard News alliance correspondent who was killed in a wartime plane crash.

New England Folks Not Cold, Just Independent, Boyle Finds

By HAL BOYLE
PORTSMOUTH, N. H., Sept. 30 (AP)—Any resemblance between a New Englander and a clam, living or dead, is purely coincidental.

I found this out by going to a clam bake here.

It just isn't true that New Englanders regard a clam as a blabbermouth. They're as talkative as anybody.

The only obstacle to my going to a clam bake was the need of first convincing him that you are worth talking to. Once you're over that hurdle the rest is easy.

The New Englander may mince his meat but he doesn't mince his words. He gets full value from them and he budgets his adjectives as carefully as he does his income. He may try to sell you an antique, but he won't try to sell you an opinion.

The New Englander doesn't indulge much in the bragging local pride that is typical of many American regions. He isn't the booster type. He likes his own meat and land and leaves you free to make up your own mind whether you like it or don't.

He likes his own town so well that he won't leave it for larger opportunity elsewhere. He is willing to face the fact that he isn't likely to find a gold mine, struck oil or discover Captain Kidd's buried wealth.

His roots are deep and strong and old. He likes to know that he probably will have the same neighbors all his life.

In a mechanized world he has managed to keep from becoming a mechanized human being. He isn't afraid of being regarded as eccentric. He prizes his own individuality and respects individuality in others.

This mental independence of the New Englander is the first thing that strikes you. He is underwhelmed by life rather than overwhelmed. He retains a sturdy self-sufficiency that is based on self-respect rather than on his income. His character is generally bigger than his income.

Up this way winter and memory stay a long while. One of the most interesting New Englanders I've met was a lady who had been exploring an old ancestor.

She located his home and found that some unusual wall paper he had brought back from France was still in use—140 years later. The present owner of the house gave her lady a souvenir fragment of the old wall paper, and she took it to a wall

Hunt Slated On Rumored Buried Gold

BOISE, Sept. 30 (AP)—An extensive search for some of the hidden gold in Idaho will be launched by three men with equipment they termed "foolproof."

The men are Fred Herberg and Fred Harmon of Spokane and Tom Hayes of Grangeville.

They said they would seek buried treasures in the Boise area first before continuing east to the silent City of Rocks near Oakley and the Craters of the Moon, where other riches are believed buried.

To Use "Tracer"
The men explained they would use a "tracer" effective up to nearly a mile in uncovering hidden wealth.

The other piece of equipment is a detector for close-range use.

The tracer, they said, was developed by Hayes and was instrumental in recently locating a pocket of silver in Idaho county.

Much of the gold which is being sought by the three men is lost from stagecoach robberies in the early days of Idaho. Stories of the hidden gold vary, but in most cases the highwaymen were killed before they could recover the treasures and the secret of the hidden wealth's whereabouts died with them.

Intigued by Stories
Harmus is about 45 with considerable mining experience. Hayes is in his 60s, Herberg is 38 and "intigued" by Hayes and was instrumental in recently locating a pocket of silver in Idaho county.

The adventurers said they would begin their hunt in Cottonwood gulch near Boise for gold supposedly buried there by David Levy of Boise, murdered in 1901. He was believed to have buried a large sum of gold, which has never been recovered.

Shoshone Falls

Windsailed stickers to publicize the Shoshone Falls area are now available at the Chamber of Commerce office, Secretary O. J. Bohne announced Thursday.

Bohne said 81,000 of the stickers had been ordered. The stickers are oval in shape (just about the same size as an Idaho russet) with a picture of the falls in the center. White letters on the brown margin read: "See Shoshone Falls, Twin Falls, Idaho." Height of the falls, 212 feet, also appears on the stickers.

Bohne said businessmen who wanted to print their own ads on the stickers could purchase a quantity of them at cost. Stickers for use on individual windshield shields will be distributed at no cost.
