

Jewish Army Units Attack Egyptian Base in Renewal Of Holy Land's Open War

TEL AVIV, Israel, Oct. 16 (AP)—Reliable informants said tonight an Israeli motorized column with air support has hammered to within a few miles of Gaza, principal Egyptian army base in Palestine.

(In Cairo, Egyptian government officials said Egyptian troops had killed more than 500 Jews in repulsing a recent attack on their positions in southern Palestine. The officials also said Egyptian planes had intercepted two Jewish fighter planes over the El Arish area and forced both of them down.)

(Egyptian anti-tank guns set fire to all the attacking Jewish tanks, the officials said. They added that panic spread among the Israeli forces who escaped, leaving behind large quantities of weapons and ammunition and more than 500 dead.)

The report, which lacked official confirmation, was made as Israel rejected a United Nations cease-fire order and apparently pushed a coordinated land and air offensive aimed at smashing open a road to settlements in the Negev, southern desert.

Observers speculate that while observers speculated whether the truce between Israel and Egypt had been broken or not, an Israeli spokesman late tonight said he believed fighting on the east-west line reaching almost to the coast north of Gaza.

He said the Egyptian army had attacked the Egyptian supply line between Gaza and the Egyptian frontier. Preliminary reports said the Jews attacked the Egyptians' supply line between Gaza and the Egyptian frontier. He said the Egyptian army had attacked the Egyptian supply line between Gaza and the Egyptian frontier.

He said the Egyptian army had attacked the Egyptian supply line between Gaza and the Egyptian frontier. Preliminary reports said the Jews attacked the Egyptians' supply line between Gaza and the Egyptian frontier.

Dewey Backs Cabinet Rank For Agencies

IN ROUTE WITH DEWEY, Oct. 16 (AP)—Gov. Thomas E. Dewey, 46, suggested tonight a cabinet of prominent social progressives to coordinate federal agencies headed with a lavish and extravagant

The Republican presidential nominee made the proposal in a speech at Remondino, Ind., on the way to a Democratic convention in Chicago. Dewey, at Ottawa, Mich., said he would like to see the placing of the various government welfare agencies "under one roof" should be "considered."

President Truman has called on congress to establish a department of social welfare. Dewey said he would like to see the placing of the various government welfare agencies "under one roof" should be "considered."

Dewey, in talking about coordinating the various welfare agencies scattered with a lavish and extravagant

He said the Egyptian army had attacked the Egyptian supply line between Gaza and the Egyptian frontier. Preliminary reports said the Jews attacked the Egyptians' supply line between Gaza and the Egyptian frontier.

Man Dies In Plunge Off Road

BURLEY, Oct. 16—Joseph Edwin Smith, 38, was killed instantly at 10:40 a.m. today when the tractor he was driving plunged over a 30-foot embankment on U. S. highway 30 one mile east of Unity.

Mr. Smith had been a burley renter for 34 years. He was a native of Rice, Fremont county, Ida., the son of Mrs. Mary Ann Smith. His wife and one son preceded him in death.

He survived by four children: Mrs. Ruth Gardner, Mrs. Veda Schenk and Don and Edward Smith, all Burley, seven sisters. Mrs. Ann Smith, Community Chest president, Mrs. Eugene Anderson, all Burley; Mrs. Donata Workman, Long Tree, Idaho; Mrs. Emma Anderson, Declo, and Mrs. Willard Lund, Riverside, Crook county.

Funeral pending. The body is at the McCulloch funeral home pending funeral arrangements.

Mr. Smith's death was the 27th Magic Valley traffic fatality of 1948 and the 10th in Cassia county. The last traffic fatality in Cassia county was on July 6 when Gary R. Kelly, from a truck, was killed on his father's ranch, Magic Valley's last fatality was on Oct. 14 when Albert D. Cooley was killed in a highway accident near Declo, Idaho.

Border Opens For Mexico's Farm Helpers

EL PASO, Tex., Oct. 16 (AP)—The U. S. immigration service, in an unprecedented move, today abandoned its long-standing policy of barring farm workers into this country.

An estimated 4,000 Mexicans have crossed the border into the United States since the border was opened. The Mexican government has agreed to supply the labor.

Simultaneously, Don Lavin, head of the U. S. employment service, said the Mexican government had violated its labor agreement.

Across the river in Juarez, Francisco Garcia, head of the Mexican migratory labor office, said the Mexican government had agreed to supply the labor.

He said the Mexican government had agreed to supply the labor. The Mexican government had agreed to supply the labor.

Britain Approves Part of American Reparations Plan

LONDON, Oct. 16 (AP)—A government source said today Britain has agreed in part to an American plan for reparations to Germany.

Paul Hoffman, U. S. administrator of the Marshall plan, said the reparations program made the request on the ground that a going German industry would help restore economic stability in Europe.

He said the reparations program made the request on the ground that a going German industry would help restore economic stability in Europe.

President Says 'Prisoner Of Military Clique' Of 'Military Clique'

PARIS, Oct. 16 (AP)—A Soviet bloc delegate charged today in the United Nations that a military clique stopped President Truman from sending a special peace envoy to Moscow.

He said the clique was made up of military leaders who were opposed to the President's plan to send Chief Justice Vinson to the Kremlin for direct talks about the atomic control stalemate.

U. S. Plans Reaching Europe Defense Aids

WASHINGTON, Oct. 16 (AP)—The state and defense departments are now charting a broad program of military support for western Europe which goes far beyond enactment of a peacetime lend-lease arms plan.

American, Canadian and key European foreign policy officials are understood to have decided tentatively that nothing less than a sweeping alliance, binding the North American powers with non-communist Europe in a mutual defense system, can provide the western world with necessary security.

The best guess now upward from 1947 to 1950, a year ago, is that the program will be worth \$10 billion annually.

He said the reparations program made the request on the ground that a going German industry would help restore economic stability in Europe.

Parley Slated Oct. 21-22 by Insurancemen

A conference of the State Association of Life Underwriters will be held at the Park Hotel in New York City, Oct. 21-22.

The parley will begin Thursday at 10 a.m. and will be held at the Park Hotel in New York City.

He said the reparations program made the request on the ground that a going German industry would help restore economic stability in Europe.

Nimrods Flock to Hills North And South of Valley for Hunts

Seven special hunts Saturday saw nimrods stalking mountain areas to the north and south of Magic Valley but few reports were issued from the area.

He said the reparations program made the request on the ground that a going German industry would help restore economic stability in Europe.

Officer's Faith Returns; Boys Pay Back Loan

State Patrolman M. J. Bays' faith in humanity has returned. In several days ago Bays, in carrying out his duties as a highway patrolman, found two youths from Oregon who did not have a temporary vehicle permit for the state of Idaho.

On arrival at the office, the youths emptied their pockets and found they had only \$4.75 with which to purchase the \$5 permit. The patrolman "chipped in" the additional 25 cents.

The following day the two boys returned Bays' quarter.

Castleford Ends Vacation Monday. The annual harvest vacation will end with school reopening at 9 a. m. Monday, according to Mrs. Doris Stradley, county superintendent of schools.

Dr. Sperry at a group of approximately 50 persons during the afternoon at a meeting in the LDS church meeting house in Gooding.

James Barnhart was elected vice president of the Presbyterian men's club to replace Wilton Horvick, who had moved to Burley, at a club dinner Friday evening.

Entertainment was furnished by a group of girls from the Pler high school under the direction of Mrs. George Warber. A reading was given by Marjorie Drake, and a skit, "Ladies of the Mob," was presented by Lolly Mae Barker, Della Ann Scott, Marjorie Drake and Helen Ruth Hill.

SONS BORN. GLENNE PEREY, Oct. 14—A son was born Sept. 19 to Glenn and Kenneth Barrett in Malheur county. Barrett formerly was high school coach here.

Candidate for U. S. Senate Visits Valley

JEROME, Oct. 16 — Speaking before 125 persons in the Jerome high school auditorium at 8 p. m., Senator John Kerr, Progressive candidate for U. S. senator, said if the two old parties continued to lower the nation would be led into permanent inflation and a final storm war since the bipartisan foreign policy would not be changed.

Both of the old parties draw their financial support from international financiers and are both controlled by special interests. The Progressive party, however, draws its financial support directly from the people and will represent the common people and their best interests, he said.

Earl Robinson, Hollywood song composer, presented a number of his own songs and ballads. Helen McCannon, Boise, executive secretary, accompanied Kerr and Robinson during the day at their stops in Gooding and Mountain Home.

Wave of Cold Moves Across U. S. to East

By United Press
Autumn's first "real" cold snap moved southward across the northern plains today as weather forecasters warned that it would reach the Atlantic coast by tomorrow.

Heavy frosts were expected in many sections of the midwest but weather experts said the cold weather would help crops, particularly corn, rather than harm them.

Help to Corn
"At this stage virtually all of the corn has been laid by and the cold will help in dry out the kernels," the weather bureau said.

Winter Is Near
"Temperatures will go low enough to remind us that winter is approaching at our heels and that we'd best prepare for it," one forecaster said.

Already the cold air sweeping down from Canada had pushed temperatures down to 18 above zero at St. Paul, Minn., and 10 above zero in the country. Other representative temperatures early today were 49 degrees at Madison, Wis., at Fort Worth, Tex., and 34 at Waterbury, Conn.

Snow Predicted
Some scattered snow flurries were predicted for tomorrow and Monday in the upper lakes region. Occasional light showers or snow flurries were forecast for the lower lakes on Monday and Tuesday.

The weather bureau said it could air mass would sweep over the Ohio river valley during the night and reach the east coast tomorrow. By that time, the cold front ridge will be reaching into the northern sections of states along the Gulf of Mexico.

'Community Fair' At G. F. Termed As Huge Success

GLENNIS FERRY, Oct. 16—Annual "community fair" sponsored by the community center here raised funds was acclaimed as a huge success here Saturday night.

Several booths sponsored by various civic and fraternal organizations drew crowds to the event held in the city hall. An auction sale of goods on display raised a sizable sum of money. Highest sale was \$23 for a quilt.

Mrs. LeRoy Hull, general chairman, said it would be next week before a tally of the proceeds could be made.

Traffic Fines

Floyd H. Olson, route 1, Kimberly, was fined \$10 and \$3 costs Saturday in justice court for speeding. Fines of \$5 and costs of \$3 each were paid by Carl Fleetwood, camp, and Allen DeVries, route 3, on charges of failure to have gross weights stenciled on their trucks.

Richard Young was fined \$3 in city court Friday for improper parking, and R. L. Loder was fined \$2 Saturday for the same offense. Improper parking fines of \$1 each were paid Friday by:

Ralph Martin, George Mitchell, Leroy Simpson, Phil Hayden, Mrs. M. Kenner, Mrs. Harold Garrison, Derrant Lyons, Mrs. J. Cristol, Alex Stevens, Mrs. Frank Beer, C. E. Adams, Mrs. L. C. Groves, Mrs. Harry Severn, Robert Howell, Laurel Howard, E. G. Sims and W. P. Anos.

Improper parking fines were paid Saturday by R. L. Sumnerfield, Ben Tillery, M. R. Black, A. G. Kall, M. C. Phillips, Mrs. G. Jensen, V. R. Tinsley, Bert J. Knefel ranches, Mrs. Sara Meek, Alvin Combs (two), Ruth Cunningham and Bob Duncan.

She Likes America

Although she has been in the country only a short time, Ursula Wensauer, Berlin, Germany, has "adopted" the United States. She arrived in Twin Falls recently to marry Robert A. Williams, son of Mr. and Mrs. A. E. Williams, 139 Ninth avenue north. (Staff photo—enlarging)

German Girl Opines Americans Kind, Generous; Lauds Church

"The people of America are kind and generous. I think it is because they go to church on Sunday. In Berlin no one has time to help one another and the young people do not go to church, Hitler did that."

This was the opinion expressed by Ursula Wensauer who recently arrived in Twin Falls from Berlin, Germany, to marry Robert A. Williams, son of Mr. and Mrs. A. E. Williams, 139 Ninth avenue north, a native of Berlin, she watched Hitler build an empire and saw it come crashing to earth under the allied drive during World War II.

At the close of the war all of the people in Berlin expected the Americans to occupy the city, but the Russians moved in and took over two and one-half months prior to the arrival of the Americans, she said.

The pillage which followed was unbelievable with houses after houses on her street being raided. Many young girls were taken away from the Russians, she said.

Mrs. Wensauer related how she blackened her face with coal dust and wore rags as clothes so Russian soldiers would not molest her.

One great difficulty which arose between the German people and the Russians was the fact that few Germans could speak Russian whereas they could speak French and English, this infuriated the Russians, she said.

"When the Americans came I secured a position as company secretary with the 712nd special troops battalion. That is where I met Bob. He left Berlin Dec. 23, 1947—it was a sad Christmas for me," she said.

"My time is not my own here," she said, "for people keep me busy by being kind to me. I shall never live in Germany again. I love America and intend to stay here."

Her mother, Mrs. Erna Wensauer, lives in the American sector of Berlin. She has other relatives who live in the Russian sector and wish they lived in the American, French or English sector, she said.

Mrs. Wensauer is a pianist and an expert typist having won several speed competitions in Germany. She learned English in school during her early education, she said, and went to a women's school after which she attended a commercial school for two years.

"The foods here are too rich for me," she explained, "in Germany we did not have the sort of food you have here. Foods which you take for granted are some we have not seen since before the war. My stomach is not accustomed to them. Speaking of the "air lift," with which the allied forces are trying to feed Germany, she said, "Everything that can be done is being done for the people of Berlin and they appreciate it from their hearts."

The German miss Jet Memphis arrived Oct. 5 and arrived at the municipal airport Oct. 7. She praised the attentiveness, pilots and aircrew men for their courtesy and kindness. "I have sent many small trinkets and rubber balls to the children of my neighborhood in Berlin. It will make them very happy for they have never seen such things."

"Bob won't get a leave until Nov. 11. His birthday is the end of this month so I hope he can come home sooner," she added.

G. F. Resident Hits Own Foot On Deer Hunt

WENDELL, Oct. 15—Ray McAnulty, Glennis Ferry, was reported in "good" condition tonight in St. Vincent's hospital after having shot himself accidentally in the left foot while hunting Friday.

The mishap occurred about noon in the Trinity area. McAnulty thought he saw a deer and dodged behind a tree. A branch caught the trigger of his 30-30 rifle, discharging a bullet into his foot.

Almost two hours elapsed before he arrived at the hospital for treatment. Tetanus shots were administered and X-ray examinations were made.

Tonight his attending physician said the wound was large, but he didn't know as yet whether an operation would be necessary. His development in the next few days would determine necessary action, the physician explained.

McAnulty is employed on the Anderson Ranch dam project. His family resides in Glennis Ferry.

Mother of Three Held for Slaying

IDAHO FALLS, Oct. 16 (AP)—Mrs. Zelma Madine Kelly, 33, mother of three children, was in Bonneville county jail today awaiting arraignment on a first degree murder charge.

She is accused of the slaying of Mrs. Peggy Norris in sportmen's park here on Oct. 15, 1947, during a struggle over an old model pocket pistol.

The charge was filed after Kelly went to Portland police a week ago and said she shot Mrs. Norris through the heart. She signed a statement telling of the slaying, after declaring her "conscience bothered."

Mrs. Kelly was returned here last night by Bonneville County Sheriff Dean Wilkie. She waived extradition.

County Attorney John Ferberer said she probably will be arraigned early next week.

F. C. Muffley Is Paid Last Honor

GOODING, Oct. 16—Funeral services were held at 2 p. m. Friday for Fred C. Muffley in the Thompson chapel. The Rev. Leile Cook, Fairfield, officiated.

Muffley was provided by Mrs. C. E. Ashbire and Omar Melton. Honorary pallbearers were Dean Perkins, Cecil Healy, Chester Green, Harvey Gleaser, Earl Bolte and Tom Wokeshin. Pallbearers were Lloyd Barson, Edie Horness, Arthur Perkins, William Leck, Clarence Barkley and Letroy Gobie.

Burial was made in the Elmwood cemetery.

Progress? No War Seen By Babson in 1949 Forecast

GLENNIS FERRY, Oct. 16—Something new has been added—such to the consternation of local and neighboring residents. And local marshals and state patrolmen are being kept busy reminding folks the "something new" will have to be observed henceforth, or else.

Yes, the new dingus at the intersection of the highway and Commercial street is: A traffic light.

Graveside Rites Set for Soldier

FILER, Oct. 16—Graveside services for Sgt. Allen O. Kohntopp, 22, son of Mr. and Mrs. Jacob Kohntopp, will be held at 2 p. m. Thursday in Sunset Memorial park, Twin Falls, with the Rev. J. D. Wilford officiating. The Filer post of the American Legion will have charge of military rites.

Sergeant Kohntopp was born May 7, 1920, in Twin Falls and died May 6, 1942, in the Philippines islands. He graduated from Filer high school in 1938.

Survivors include his parents, three brothers, Ralph Kohntopp, Jerome, Raymond and Leroy Kohntopp, both Filer.

The body will be received by the Filer mortuary Thursday from Ogden.

No War Seen By Babson in 1949 Forecast

WELLESLEY, Mass., Oct. 16 (AP)—Roger W. Babson, who accurately forecast the 1929 stock market crash, predicted today there will be no war nor depression in 1949.

The 73-year-old statistician made his latest forecasts at the third annual conference of businessmen and educators at his Babson Institute.

Confidence in Talks
He said his confidence in continued peace stemmed from talks with a "top government official" who recently conferred with Gen. Lucius D. Clay, the United States military commander in Germany.

"If Stalin were starting a war, he would give us maple sugar—he wouldn't be irritating us," explained Babson.

As for business, he predicted conditions next year would be similar to those in 1948.

Predictions Listed
He predicted better things for the stock market, continued high real estate prices in cities and only a "slight shading" in rural areas, a substantial rise in the number of business failures and no fourth-round wage increase for labor.

Babson warned, however, that he saw a cloud on the horizon. "Things can't go up forever," he said. "Something we will have a

Fairview Reports Trips and Visits

FAIRVIEW, Oct. 16—Mr. and Mrs. LINDSEY, Mrs. VERA, Mrs. WILKIE, Mrs. HAZEL CLIFTON.

C. G. Roland, Sheldon, Mo., is visiting his brother, C. A. Roland.

Mrs. Bub Bernard and daughter accompanied her father, Harry Taylor, to his home in Salt Lake City following his visit here.

Mr. and Mrs. L. O. Watson have returned from Prescott, Ariz., where they have found a location to spend the winter with their son, Donald Gary, in the interest of his health. Donald Gary remained in Prescott while his parents have returned to complete the barter.

RETURNERS FROM VISIT
HAILEY, Oct. 16—Myrtle Friedman has returned from Philadelphia where she visited her brother, Jerome, and family for two months. Her sister, Beatrice, remained for a longer visit.

Were reaction for the property were having today—but it won't come in 1949."

Jaycees Thank Residents Who Aided in "Youth Month" Plans

Editor, Times-News: We also wish to express our appreciation to the businessmen of Twin Falls for their splendid cooperation, both personally and in donating equipment; the Times-News for the large amount of picture material and all other citizens of Twin Falls who helped make "youth month" such a big success.

We teenagers didn't know exactly what was going to happen when we were first told we had been invited to run the city for a day. You've probably heard of the extensive campaign waged to elect a mayor and commission and how we finally elected Tom Speedy as mayor.

We hoped that we would really have the opportunity to put in a few words regarding our interests in this city. We did get that chance and also found out how little we knew about how a city is governed. All of us were surprised at how much we were able to learn in a day of practical experience and saw that youth month was a really great idea.

Twin Falls entertained us magnificently as well as taught us. We have gained an entirely new set of youth officials will be selected and appointed to office so as to take over the city for a few days. We did get that chance and also found out how little we knew about how a city is governed. All of us were surprised at how much we were able to learn in a day of practical experience and saw that youth month was a really great idea.

Blackfoot Writer Urges Quick Action to Get Sewage Plants

Editor, Times-News: It took Uncle Sam half a century to enact a pure fishing law and it cost the life of its author. Sen. W. B. Heyburn of Idaho, who wrote the act, died in 1907. It took 41 years to enact what is now known as public law 848, which states work last July. It is stream pollution by installing sewage disposal plants, some of which burn sewage sludge.

Laboratories are finding so many bacteria in the water that the use of the treatment plants has been reduced from the sale of the product. Chemicals and poisons from industrial plants that whole rivers receiving the discharge are unfit for fish or any other aquatic life. The U. S. navy has quit sending ships into the Delaware River in Philadelphia because of the stench and damage to ships' bottoms.

BYRD THEOD
(Blackfoot)

Lunch Guest Declares Carey Should Be Proud of Schools

Editor, Times News: Here is a brief report of what goes on in Carey high school five days a week at lunch time. I had an invitation from Superintendent McBride to eat lunch there a few days ago, which, of course, I accepted.

First impression was the spotless cleanliness of the dining room; also that all pupils washed their hands before eating. The ladies who do the cleaning and cleaning the tables are to be commended. They are Mrs. Ted Davis, who is in charge, and Mrs. Nellie Spencer, Mrs. Parley Meacham and Mrs. Janet Bird Sparks.

The charge for the meal is 15 cents. I did not have 15 cents but they let me eat anyway with the promise that I remit at my earliest convenience.

I took a plate and proceeded to fill it with good hot food, good enough for a king, and before I got to the end of the counter my plate was overflowing.

I staggered over to the first table where I could see a vacancy. On the table were cakes, bread and milk. The children said they have hot cocoa on some days. Mrs. Spen-

cer was seeing we had everything we wanted, and passing the fruit, of which there were two kinds on each table, prunes and peaches. I wonder if our children appreciate what is being done for them? I suppose they just take it for granted, but we parents do appreciate it. Our children got to school anyway they could, hot, homesick, and were late half of the time, with frozen lunches under their arms and some at all. Now nice warm school buses pick them up not very far from their door. We should be proud of our schools here in Carey. Let's go visit and see our fine new heating system that the people have had put in for our children. The school has been cleaned and changed from top to bottom, thanks to the school board, taxpayers and faculty.

"Shareholder" in Government Asks Aid to Cut Costs

Editor, Times-News: If I could fully approve and endorse your editorial crusade against government waste, political hypocrisy and Marx cynicism in this, our greatest emergency, that it prompts me to add my two-bits.

It's just a matter of days until the date of our national election, hope everyone eligible to vote will go to the polls with a fixed determination to vote according to their own convictions for the continued progress of the United States.

I am only one of the 400,000 stockholders. I hold one share of preferred stock in the U. S. A., Inc., (in fact) and am common share in our American way of life. I'm as interested in its healthy continuation, operation and management as the other 139,999,999 shareholders should be in demanding a continuance of the present system, liberty and justice. I'm just as interested as if it were a private corporation paying dividends.

Now I ask you, do we demand these U. S. dividends or do we vote against a pension for life? Do we call in our creditors or do we fire someone? Let's roll up our sleeves and go to work for the streamlined reorganization of U. S. A., Inc.

ELLIS B. ALLEN

Only Four Words Used to Describe Communist Aims

Editor, Times-News: The theory of communism may be summed up in four words: "Abolish all private property." Under communism you own nothing, not even your own soul.

Recently in Belgrade, Yugoslavia, the police entered every shop and store, closed them, took the keys and notified the owners that their establishment hereafter was owned by the government.

Government clerks were sent to take inventory and set the amount which was to be paid each owner for his shop, payment to be made in government bonds, the value of which was determined by the government.

Apparently the average communist here in America believes that a communist state is a sort of Utopia—the end of hard work, the equal distribution of all wealth, etc. Further, it can be described as a "land of perpetual fear." Officials, as well as common people, spy upon each other and all are aware they are under constant surveillance of secret police.

A prominent clergyman puts it this way: "Communism sacrifices individuality and initiative. Christ does not, instead of bringing the highest to the lowest. He brings the lowest to the highest."

Let's keep America free and stay on God's side.

W. R. HOWARD
(Fort Worth, Tex.)

They List Four Reasons Why 'Lateral' Should Be Covered

Editor, Times-News: We would like to call to the attention of residents of Twin Falls four reasons why the lateral in our town should be covered.

First and foremost is the protection and safety of our children. Money could not repay any parent for the loss of a child's life or permanent injury to any child. The lateral runs through well-settled residential districts.

Second, the uncovered lateral is a source of constant worry and fear to parents. The water in the lateral will always be a fascination for children. Money is expended in repeated warnings and punishment. Older children and dogs manage to keep holes along the fence in spite of constant repairs. A fence, therefore, is false protection.

Third, the uncovered lateral would help beautify the city and last for years to come. The ditch with its tall weeds and ugly appearance is very unattractive. A covered lateral would be a most welcome change.

Fourth, a covered lateral would allow the extension of an alley between Addison and 8th. As it is, garbage and refuse along parts of Monroe and Jefferson streets must be kept at the front of the house to be collected. This creates an unsanitary and unattractive condition that is hard to tolerate.

Must we wait for a drowning or some more east-drownings before the city will decide to correct such a death-trap? We feel the time for action is now and that money should be appropriated and work started immediately to cover the lateral that runs through Twin Falls.

Like Communism? Try It in Russia, Woman Suggests

Editor, Times-News: You who would have communism, and Wallace, sojourn in the land of the Russians.

The moment you pass beyond the iron curtain you are under surveillance. Government officials are followed. Every move is watched. Spies in every apartment house, spotters in every congregation. All are in deadly fear of their government. All are suspicious of each other; wives against husbands, husbands against wives. If a child inadvertently repeats a parental criticism, the father is seized and deported to Siberia. Two-thirds of the people would gladly exchange between four and five thousand have made their way into this country.

The Russian government will issue no passport to wives of American soldiers. Many women carry concealed weapons to slash wrists and throat. If there is ever a move to locate their husbands in this country, they will be ready to die.

Government wages average \$50 per month. They prefer working two shifts to starvation. Every effort is going into war equipment. Live in Russia and you will re-encounter communism forever.

Boat Fishermen, Best Sports, Get Word on Parking

Editor, Times-News: Beyond a doubt, all fishermen want to be good sports, but it is expected that the all boat fishermen are the very best of sports. I have yet to see a boat fisherman who does not observe all the rules when on the lake, but a large number of these law-abiding boat fishermen are so eager to get on the lake and start fishing that they leave their cars and boat trailers littered along the very edge of the lake, making it almost impossible for some to get their boats to the lake to get their boats from the lake.

At Magic dam in particular, there are acres and acres of nice level parking space 100 feet or so from the lake, where all cars and boat trailers could be parked. This would give everyone a chance to get his boat in the water and away from the water at will.

It so happens that the places where boats can be docked with ease are limited. There to have come thousands of persons have his car and boat trailer parked right where he unloaded his boat is disastrous to some of the fishermen.

When you again have the pleasure of going boating, won't you please try to remember to park your car in some convenient place away from the good docking places and give the other fellow a chance?

Follow Frantic Hunt for Child, Writer Suggests

Editor, Times-News: Sometimes I feel sorry for me devoid of feelings that children's lives are of little or no value compared to the material things that measure the wealth of a community. Money has disappeared. I wish they were forced to stand on the banks of that damnable canal and watch the muddy water rush by—stand there and wonder if their child was on the bottom of that ditch.

If our esteemed city officials just once had to follow the neighbors in a frantic search for a strayed child in the vicinity of the open Eighth avenue lateral, I feel sure one would be enough to convince them the ditch needs to be covered immediately.

Potato Group Seeks Russet Spud Studies

IDAHO FALLS, Oct. 16 (AP)—The russet—the toughest member of the potato family—will be even tougher if a disease combating research program of the Idaho potato coordinating committee is set in motion.

The committee discussed the proposed program at regular session today at the Idaho Potato Growers association plant here.

The group agreed to seek conferences with officials of the bureau of plant industry in an effort to set up a budget for a long range research program in the state. Facilities of the Aberdeen experiment station have been offered for the program but funds are needed to employ a potato breeder specialist, committee members said.

The objective would be to obtain a russet variety more resistant to several diseases or viruses to which the Idaho potato has grown more susceptible with successive pickings.

"Make no mistake about it, however, the russet is still the toughest potato in the potato family," said Leo Wagner, Boise, committee chairman.

Others attending included M. O. Stinson, secretary manager of the Idaho Potato and Onion Shippers association; John D. Snow, Burley shipper; Wilson Kellogg, Idaho industry inspection service executive; James E. Kraus, and Glenn O. Holm, Moscow, both of the University of Idaho experiment station; C. D. Peley and Neil Blair, Boise; Sen. Henry Davenport, T. Ida, and Rep. John Sunburt, R. Ida.

Idaho Campus Yields "Lost" WSC Mascot

MOSCOW, Oct. 16 (AP)—The quack from Frank Buck, 7th grad he's back alive. President J. E. Buchanan of the University of Idaho today when advised that "Buch," lawyer cougar mascot of Washington State college, was safely and securely secured up on his home campus.

Match disappeared Wednesday night from his quarters at WSC. Setting off a cougar hunt such as has not been seen in the inland empire since pioneer days. As the Washington state homecoming exchange with University of Washington was only a few days off, U. of W. students were suspected of the cat-napping. University officials, however, also were suspected because they were "handicapped"—just nine miles away.

Assumed to be in the hands of WSC students beat the brush on the Idaho campus last Thursday night, but they found no "Buch." Then yesterday morning President Buchanan received an anonymous telephone call advising him the WSC mascot had been found but not hot. Butch the caller said, someone had wandered into his portable cage to the 2nd Delta Tau fraternity house on the Idaho campus.

President Buchanan had state college officials informed of Buch's whereabouts, and requested a joint procedure for his safe return. A delegation of WSC students arrived late yesterday afternoon with a moving van, met with Idaho students, and took their mascot home.

Returned in Secrecy The exchange took place in the secrecy of a clearing on the university forest, suitable grounds. Only a few students of either campus were in on the deal—plus, of course, an ever-present reporter and cameraman.

The incident is regrettable, said Buchanan. "I am sure Buch was taken in the spirit of good clean fun. Certainly no harm was done. We are making it clear to Idaho students, however, that we want them to confine their future hunting across the state line to touchdowns."

Car Plants Push Production Into New High Levels

DETROIT, Oct. 16 (AP)—The auto industry pushed production into new high ground this week. By building more than 110,000 cars and trucks it topped all weekly output marks since June, 1941. Last week, according to Ward's automotive reports, 113,312 vehicles were built in the United States; automotive news put the figure for the week ended Oct. 9 at 111,511.

The week's production first brought October output to date to about 251,000 units. The industry was without a serious work stoppage this week, and every vehicle builder contributed something to the assembly volume. General Motors, Chrysler and Ford, "big three" of the industry, alone accounted for 84,045 of the week's output volume.

So far this year these major producers have built 1,780,122 of an industry total of 4,693,027 vehicles. However, the other car makers also have been stepping up their output, and all are ahead of last year's assemblies at this time.

RECEIVES TREATMENT OAKLEY, Oct. 16—Mrs. Thurlow Smith is receiving medical treatment at the Cottage hospital, Burley, following an operation.

Analysis shows that there is no great difference in the nutrient content of light-shelled or dark-shelled eggs.

Fatal Visit

YAKIMA, Wash., Oct. 16 (AP)—Three-year-old Jimmy O'Connell had eagerly awaited a promised visit to the main city fire station. It ended in his death.

The child fell 12 feet through a second-story opening around the station "sliding pole," and was injured fatally. He had strayed from the side of a fireman who was caring for Jimmy on his day off.

Taylor Says T-H Law Hurts Labor

CHICAGO, Oct. 16 (AP)—Sen. Glen H. Taylor, Progressive party vice-presidential candidate, charged last night that the Taft-Hartley law "is the first step in the smashing of American labor unions."

Taylor told a University of Chicago student rally that the first thing Hitler did when he came into power was to smash German labor unions. He said the Taft-Hartley act in this country paralleled Hitler's action.

"Hitler showed that with a Roosevelt," Taylor said, "here we have the Thomas house un-American activities" committee.

Taylor was introduced by Rexford Guy Tugwell, professor at the university, who made his first speech under the third party banner since the Progressive convention in Philadelphia last summer.

Hunter Killed

PARIS, Oct. 16 (AP)—A stray bullet was blamed today for the death of a deer hunter in eastern Idaho. Sheriff Gilbert Amell said Parrell Ketch, 20, of Woodborough, was shot and killed as he stood beside his horse in Geneva Valley, in Bear Lake county, yesterday.

The sheriff said the bullet hit Ketch in the neck.

Drive Started For Increase Of Atom Ores

WASHINGTON, Oct. 16 (AP)—The drive to expand domestic output of vital atomic ores will be stepped up by the construction of two new uranium processing plants, it was disclosed today.

The U. S. atomic energy commission said new plants are scheduled to go into operation next year in the White canyon district of southeastern Utah, a hitherto unworked field, and at Durango, Colo.

The commission said it is negotiating contracts with Vanadium corporation of America to operate both plants for the government.

The plants will not produce fissionable material, as do the atomic energy installations at Oak Ridge, Tenn., Hanford, Wash., and elsewhere.

They will be refining plants which separate natural uranium from the other more plentiful ores with which it is usually mingled. The refined uranium will then be shipped to atomic plants for secret processing into U-235 or plutonium.

Commission officials said the Utah part of the ore may come from the Navajo Indian reservation, the atomic energy commission said. Royalties for such ore will be paid to the U. S. Indian service to be used for the benefit of the Navajo tribe.

Estimates Given On Lettuce Crop

BOISE, Oct. 16 (AP)—The Idaho lettuce crop has been estimated at 675,000 crates by the U. S. department of agriculture.

The department said weather conditions have been favorable. The crop is now moving to market.

The estimated production of onions remains at last month's figure of 1,820,000 bags of 10 pounds each, the department said.

The agriculture department also estimated a production of 45,000 tons of sweet corn for processing and 8,800 tons of green peas for processing.

Wendell Home Is Damaged by Fire

WENDELL, Oct. 16—The living room of the M. O. Barnard residence was blackened this morning when an overheated oil stove caught fire. Quick action by the Wendell fire department prevented any serious damage.

Firemen were called Friday to extinguish a trash fire in the alley back of Juanita's cafe in Wendell. No damage was done.

As a result of the latter fire, Fire Chief Victor Jamison has asked all merchants to clean up and haul away all trash in alleys.

Ceremonial Will Admit Members Into Y-Teens

Symbolic ceremonies on Monday evening for both junior and senior high school age will mark the admission of new members to the Y-Teens of the Twin Falls YWCA and will culminate the events of the national Y-Teen week.

The recognition ceremonial for junior and senior high school girls will be held at 7 p. m. Monday night at the Church of the Brethren. The ceremony will feature the lighting of the Y-Teen torch and the reading of the YWCA girls in the state, nation and the world.

Mr. D. O. McClure, YWCA director, said 300,000 girls throughout the country belong to Y-Teens.

A poll of key cities revealed that girls join first because of the chance to make new friends and second, because of the opportunities for leadership training. Among other reasons they gave were to be service to others, to have a good time, to broaden their interests through new experience, and to have a chance for personal growth and to be a part of a world-wide organization.

All girls who are admitted to the Y-Teens is not limited to roll call week, but that is the first of any card party, a race between ages of 12 and 18 may join at any time.

All girls who were not Y-Teens last year and wish to become members are invited to join the group on Monday evening. All parents are also invited to the recognition service and the social hour following.

Latest Styles Shown During Fashion Show

With the theme "Holiday in Fashions," the Twin Falls Jay-Cettes presented the latest in fall and winter styles in a fashion show Thursday night at Radio Row.

Beginning with breakfast wear, through new evening, casual and bright colored dresses. Then children's outfits for school, dress and winter wear were exhibited.

Intermission followed with Bill Porter singing "Somewhere a Voice is Calling" and "Thine Alike" accompanied by Donna Ray Bagley. Casual, afternoon dresses and suits were then displayed during the intermission. Hoena Meyer performed two Spanish ballet dances and was accompanied by her mother at the piano. Balls and evening wear were the highlight of the next section of the fashion parade displaying many fur coats and ultra modern dresses. Bill Porter then sang.

Something unique at the style show was the parade of hair styles and type of make up. Mrs. Grace Sims and Mrs. Merie Stoddard described the styles as each model appeared. Among the hair styles were the "wind blown" and "cutie cut."

Evening robes, night wear, sports, fur and cocktail dresses were displayed in all their glory.

"Dancing for the grand finale, a bride and two bridesmaids, the bride in white and bridesmaids in pastel color.

Models for Saturday Shop were Susan Threlkeld and Roger Detweiler; Hot and Teen Shop, Ellen G. Jones; Junior and Fall Shop, Helen Benach and Lewis Babin; The Mayfair, Margie Holt, Doris Dawn, Elizabeth Taylor, and the Junior's, Marie Pearson and Norma Hadley. The Vogue, Zelma Wagner and Betty Zook; The Sporter, Fred Tappin, Vi Colner and Bob Hoffmann.

Models for Saturday Shop were Susan Threlkeld and Roger Detweiler; Hot and Teen Shop, Ellen G. The Vogue, Zelma Wagner and Betty Zook; The Sporter, Fred Tappin, Vi Colner and Bob Hoffmann.

Here are only three of the many styles of the latest in modern wear shown at the fashion show sponsored by the Twin Falls Jay-Cettes. At the left is Mrs. Val Toolson, modeling for the Idaho Department store, wearing a Dorothy O'Hara gown which is displayed in the October Vogue magazine. Barbara Aldrich of the Idaho Department store is styled in a two-toned beige sport suit from the Campus shop at The Vogue. Right is Mrs. Betty Zook, sponsored by the Sweetbriar Shop, attired in a pajama outfit from the petticoat box. (Staff photo-engraving)

United Church Council to Be At T. F. Church

At the Thursday meeting of the Board of Christian Education of the United Church of Christ, the Christian church will be hostess to the United Church of Christ and the Board of Christian Education to organize an Idaho state council.

The new council conducted the business meeting and Mrs. C. E. Zimlich, chairman of the spiritual life department, presented the program. Mrs. Heinrich gave a talk on Bible study and Mrs. Peter Carlson spoke on the study of the church. Refreshments were served by the hostesses, Mrs. Martin, and co-hostess Mrs. Haecla Cook, to 13 members.

Halloween Fete Held for Group

Maids-Y Halloween scarerow party was held at the home of Mrs. Lloyd Martin. All members were dressed as scarecrows, with pumpkins going to Lucille Mounce for the funniest costume and Vera Simpson for the costume with the most scarerow planor.

Halloween games were played by the members, with prizes awarded to Mrs. Leslie Burkhalter, Mrs. Simpson and Lucille Mounce. The Halloween party was held at the home of Mrs. Heinrich on the 12th of the decorations of the room.

Refreshments with candy scarerows as the theme were served by the hostesses, Mrs. Martin, and co-hostess Mrs. Haecla Cook, to 13 members.

All members are urged to attend the next business meeting to be held Nov. 6 with Mrs. Robert Wilson for the purpose of sewing on baby layette for England.

A Thanksgiving social will be held at the home of Mrs. William Puffer with Mrs. Martha McCutry serving as assistant hostess.

Mrs. J. Cover Is Honored at PTA's Fall Tea

Mrs. Jerre Cover, a bride of late summer, was presented with a gift at the fall tea of the Junior High PTA. An original poem, "Little Annie Cover," based on "Little Annie Cover" by Mrs. J. Cover, was read by Rebecca Curtin in making the gift presentation to Mrs. Cover.

Mrs. J. O. O'Leary, Junior High principal, and Mrs. Joe Bernersted presided at the tea table. Decorations following the Halloween theme, featured a "Halloween Magic Ball" centered the tea table. Arranged by Miss Banzhof, this festive table was decorated with green colored water with white flowers floating on the water. She placed red and white paper flowers for ornaments about the room. Quests in addition to Junior High faculty members and the honoree were Mrs. L. L. Brockenridge, Mrs. Joe Bernersted, Mrs. Halloh Edwards and Mrs. Marie Redcliffe.

The committee in charge consisted of Rebecca Curtin, Helen Banzhof, Maury Beyer and Bernard Smith.

The tea was held in the home economics dining room.

Mrs. G. Starkey Becomes Member

Mrs. G. Starkey became a new member of circle 2, WBCS, at its last meeting conducted at the home of Mrs. Harry Wohlhab, Gustav street.

Mrs. G. Starkey and Mrs. Orlif Halverson, Twin Falls, and Mrs. K. Shrode, Boulder, Colo.

During the business meeting led by Mrs. C. E. Beyer, a committee was appointed to take care of Packard for ten-digits to be sent to displaced persons' camps. Plans were made for a rummage sale which was held Sunday and also for the bazaar which will be given the first of December.

Mrs. Charles Fisher led devotionals with an article from "World Outlook" called "Urgency and Desires." Mrs. Ben J. Tully read an article from the "OmniBook" called "Guide to Competent Living."

Refreshments were served by Mrs. Wohlhab and Mrs. C. A. Beyer.

The group will convene again in November with Mrs. Ralph Foley.

Leads Discussion

Mrs. Russell Potter led the discussion from the study book, "The People," at the Thursday meeting of circle 5, WBCS conducted at Mrs. Potter's home. The devotionals were read by Mrs. P. E. Glingert. A short business session was held and bundles were packed for foreign relief.

Mrs. M. Johnson Attends Session

ALBION, Oct. 16—Mrs. Mayo Anita Johnson, grand organizer, OES of the assembly of Idaho, went to Twin Falls for the official visit of Mrs. Elsie J. Redfield, worthy grand matron. Mrs. Johnson and Mrs. Ida Snodgrass went to Glenn's Ferry as guests of Victory chapter No. 60.

Mrs. Snodgrass also visited her daughter and son-in-law, Mr. and Mrs. Louis Mooney, and small grandson, Orville Leddy.

Desert Lunch Is Served to Group

Members of circle 1 of WBCS were feted with a 1:30 p.m. dessert luncheon given at the home of Mrs. W. Teague with Mrs. Cora Wrocker assisting.

Following the luncheon a business meeting was conducted in which plans were made to assist with the WBCS rummage sale held Saturday and the bazaar and cooked food sale set for Dec. 4. Preparations were made to attend the meeting of the United Council of Church Women Tuesday and Wednesday and the pullock dinner Tuesday.

Mrs. Teague led the devotionals.

Halloween Party Given in Jerome

JEROME, Oct. 16—A Halloween party was given at the home of Ruth Tankersley when the White Rose Girl Scout troop entertained members of the Wild Rose troop. Games were played and refreshments served by the girls.

The White Rose troop also held a roller skating party recently, followed by a winter roast and games at the home of their leader, Mrs. Frances Keefer.

Club Meetings Held in Jerome

JEROME, Oct. 16—Club activities are highlighting social meetings in Jerome.

During the past week Mrs. Dean Clark entertained members of her own bridge club. Mrs. W. C. Harman was a guest. Honors were awarded to Mrs. Verle Sullivan and Mrs. and Lewis Davidson.

Mrs. L. M. Zug was hostess to the Pioneer bridge club Wednesday. Prizes and trophies were won by Mrs. Gilbert White and Mrs. Stella Moore. Guests of the club were Mrs. George Buckley and Mrs. Guy Towle.

Members and guests of the Out club met Wednesday afternoon at the home of Mrs. E. B. Fritlar. Guests of the club included Mrs. Arthur McIlveen, Mrs. Edna Weisen and Mrs. Stanley Slatyer. Mrs. Murray Jensen, Mrs. McIlveen and Mrs. Anton Hof won honors. The club gift was presented to Mrs. Dale Thomas.

Members of the Garden club brought specimens of chrysanthemums to the recent meeting of the club at the home of Mrs. C. C. Stevens. A discussion of the different species of chrysanthemums was conducted. Mrs. Edna Stroud and Mrs. E. M. Snodgrass gave brief talks on "Compost." Twenty-five members and two guests, Mrs. J. D. Holand and Mrs. H. D. Cook, were present.

Members of a dinner club met at the home of Mrs. and Mrs. Dale Thibault recently. Bridge was played following dinner, with honors being awarded to Mrs. and Mrs. Paul Malone.

First Card Party Given by Lodge

HAOERMAN, Oct. 16—The Rebekahs conducted their first card party of the year with nine tables in play. Prizes were won by Calvin Marsh, Mrs. Addie Finch and Mrs. Bill Gardner.

Mrs. Boyde Preston received a cake. Refreshments were served by the hostesses, Mrs. Oscar Anderson, Mrs. Orval Brown, Mrs. Louise Conrad, Mrs. Ward Marsh, Mrs. Charles Blackhart and Mrs. Ted Bell.

A donation from the proceeds of the card party was given to the library.

Lutheran Women Conduct Meeting

The Lutheran Women's Missionary League of the Immanuel Lutheran church met at the church parsonage for a business and social meeting.

During the business meeting led by Mrs. Elizabeth Davis, plans were discussed on the LWML dinner given with the annual Rural Market on Dec. 3 at Memorial school.

Refreshments were served by Marquette Ehlers and Mrs. Elizabeth Davis.

Mrs. Meyers, Corvallis, Ore., was a guest.

BLACKFOOT DOGS WIN OPENING EVENT

Two More Trials Set For Today

Dogs owned and handled by Fred Hunter, Blackfoot, dominated the opening event in annual Idaho state fall field trials at the Bob Ray airport early on the old Twin Falls airport Saturday.

Monte Crockett, a setter, won the derby stake for Hunter, and his dogs also took second and third place honors. Madcap Melody, a female pointer, was runner-up, and Dan-2's Defender finished third. Many's Defender is a male pointer.

Fisher's Dog Win

Spunkey Yaw Babe, owned and handled by Hugh Hunter, Blackfoot, took first place in the puppy stake. The runner-up was Turner's Quarty Cuch, owned and handled by veteran A. L. (Ace) Davidson, Pocatello. Both dogs are female pointers. Peggy's Dixie, a male English setter, took third place. He is owned and handled by W. D. Williams, Jerome.

The trials are sponsored by the Idaho State Field Trial association, which is holding the annual meet at the Park hotel Saturday night, with about 25 dog fanciers in attendance. Nine dogs were entered in Saturday's events, and President Mel Everett said the field was low in quantity but high in quality.

All-Age Stake Today

The all-age stake will start at the Ray property at 8 a. m. today, with Hugh Hunter, Blackfoot, and Washington entered. The event will be judged by Clyde Schooner, Pocatello, and Fred Hunter, Blackfoot. The gun dog stake will conclude the meet Sunday afternoon.

Hugh Fisher, Pocatello, and Nelson Everett, Twin Falls, judged the derby stake. Saturday's puppy stake was judged by Fred Hunter, Blackfoot, and Bob Ernest, Seattle, Wash.

Nell Buck, pictured above, is one of the favorites in today's all-age stake at the annual Idaho state fall trials at the Bob Ray property near Twin Falls. The dog won the all-age stake at the Utah state trials last week. She is owned by Helen Everett, Twin Falls. (Staff engraving)

Stanford Belts Favored UCLA By 34-14 Count

LOS ANGELES, Oct. 16 (AP)—A gallant, fired-up Stanford football team, led by star quarterback Jim Mitchell, edged the Bruins from Palo Alto when Stanford's first Pacific Coast conference game at the stadium here today, 34-14, following over-lavished UCLA eleven, 34 to 14, before 60,381 fans.

Marshall Schwartz's Redskins broke a 7-7 halftime deadlock in the first minutes of the third period, and went on from there to add 27-0 to a massacre of the bulky Bruins.

Rain Homecoming

The Stanford team, far smaller, non-conference fry, but today they took care of and thoroughly thrashed a much larger and more powerful team to ruin the Bruins' annual homecoming celebration.

Clubbuck Ernest Mitchell, 191-pounder from Burka, started the Bruins during which he heeled off the Bruins' first drive from scrimmage opening the third period, putting the Stanford ahead, 13-7.

Mitchell scored via ground on a 34-yard play, with a 20-yard run and a 14-yard pass, and seemed headed for the tying touchdown. But an important fourth down pass incomplete, precipitation was rained, precipitation was rained, precipitation was rained.

Stanford scored three more touchdowns in the final quarter, one on a lucky break on a pass interception. UCLA tallied once more, too, but by this time both teams were using substitutes given only and the issue was never in doubt.

Boise Finishes Strong To Tie Caldwell 13-13

BOISE, Oct. 16 (AP)—The Boise high school Braves executed a slim bang finish to a Big Six conference game today as they defeated with the Caldwell Cougars, 13 to 13, with a last minute score. The Braves scored a touchdown and kicked their extra point with about a minute and a half remaining in the last quarter to tie the contest up with the undefeated Cougars.

Both teams exhibited sparkling defense. Caldwell scored first in the opening period and the last three touchdowns of the game all came in the fourth quarter.

Mickey Vail, Cougar end, snared a 100-yard pass from quarterback in the first Caldwell tally. Two running plays failed to gain and Larry Garland, halfback, passed to Vail who drove to the one foot line. Garland plunged across to score. His kick was wide.

Boise scores its 4th

Boise scored on the fourth game opening drive as the Bruins' defense tackled LeRoy Moorman blocked a Caldwell kick as the third quarter. The Bruins drove to the goal line on the Caldwell 10. Halfback Gene Van Houten went over from there. The kick for the extra point was blocked.

The second Caldwell touchdown came when Garland passed from his yard to Vail who scrambled to tie the Boise seven yard stripe. On the third play from there Garland scored. He kicked the extra point.

Drive Falters

With minutes remaining in the game, Boise drove to the Caldwell one foot line and then let it fall on down. The Cougar kicked out on the 20. Several lines and a 35 yard penalty set the ball back on the Caldwell two yard line and Idaho quarterback Larry Jackson carried across. Paul Burris made the conversion from placement.

Boise struck up 14 first downs on the ground to Caldwell's 161 yards. Boise drove for 100 yards for 158 yards and Caldwell passed for 123 yards.

Cards Release Veteran Infielder

ST. LOUIS, Oct. 16 (AP)—The St. Louis Cardinals today released veteran infielder Gene Young, 35, to the New York Yankees. Young is a free agent today.

Young came to the Redbirds from the Boston Red Sox in the middle of the past season on waivers.

Robert E. Haxson, president of the Cardinals, said Young was being released so he could make his own way in the major leagues.

Yols Trip Alabama

KNOXVILLE, Tenn., Oct. 16 (AP)—Tennessee coach W. V. Yols today announced a record-breaking homecoming crowd of 48,000 persons today by smashing Alabama today.

Yols, who has been in the job for 10 years, said the crowd was the largest in the school's history.

High School Football

BOISE, Oct. 16 (AP)—Boise high school football action today featured a number of games, including the annual Big Six conference game between the Boise Braves and the Caldwell Cougars, which ended in a 13-13 tie.

Montana Tops MSC

BUTTE, Mont., Oct. 16 (AP)—Montana topped the Montana State Cougars in a 21-0 victory today in a game that was a preview of the annual Big Six conference game between the Braves and the Cougars.

Trainers Troupe Navy

BALTIMORE, Oct. 16 (AP)—Missouri moved east to win Navy's 49-0 victory today in a game that was a preview of the annual Big Six conference game between the Braves and the Cougars.

Safety Gives Oregon 8 to 7 Win Over USC

PORTLAND, Ore., Oct. 16 (AP)—Norm Van Brocklin was Oregon's margin as the Ducks kept their Rose bowl hopes alive in the Pacific Coast conference by squeaking past the Southern California Trojans here today, 8-7. Van Brocklin passed to one touchdown, but unexpectedly was his punt that gave Oregon the edge before capacity crowd of 33,000 in Multnomah stadium.

He pulled Oregon out of one hole with a 64-yard punt that led to the Ducks' touchdown, and later set up a game-winning safety by kicking out of bounds on the Trojan 7-yard line.

The 64-yard punt came after Oregon fumbled the opening kickoff. Oregon held and Van Brocklin moved the play to the other end of the field by kicking the ball into the wind and out the Trojan 11.

Fumble Halts Ducks

Shortly after, Oregon drove to the field with the game tied 7-7, but a fumble again halted the Ducks.

Brocklin, however, was not to be denied. Before the period ended, he whipped a 40-yard pass to end Roy Williams, who caught it in the end zone. Van Brocklin's kick was wide.

In the second quarter Van Brocklin drove Oregon to the Trojan 11. The Trojans attempted to punt, but end Dan Garza snuffed the punt, and the Oregon offense was ahead, 9-0, at the half.

Game Changes

All Oregon up to that point, the game changed as the third quarter. The Trojans took a punt on the Oregon 31, and moved 60 yards purely on power plays to tie the game. They chucked up five first downs on the Oregon 11.

Brocklin's 40-yard punt set the game back to the Oregon 11. Brocklin's 40-yard punt set the game back to the Oregon 11.

Pocatello Club Druhs Nampa By 35-6 Count

POCATELLO, Oct. 16 (AP)—Pocatello High school football team today won two Nampa fumbles for a pair of first quarter touchdowns. Pocatello led Nampa 13-0 at the 10:00 mark in a Big Six high school football game Friday.

A crowd of 3,000 watched the game, the feature of Pocatello's annual "Red and Blue" day.

Pocatello led Nampa 13-0 at the 10:00 mark in a Big Six high school football game Friday.

Minnesota Edges Illinois With Last Period Tally

MINNEAPOLIS, Oct. 16 (AP)—Minnesota's football team suddenly found itself in the winning minutes of the final period and defeated Illinois 6-0 today. For three periods and well into the final stanza the teams had battled virtually in a tie. Then a long pass from left halfback Paul Patera to wide receiver Earl Ophers on fire. The pass was intercepted by Illinois' fullback Gary Paxman sent across from the Nampa.

A few minutes later Nampa again fumbled and Pocatello recovered, setting the ball this time on the Nampa 49. In the second half Nampa had another counter, with a pass, from Paxman to quarterback George O'Brien, good for 29 yards and the score.

Pocatello scored a touchdown and a safety in the second period, then added single touchdowns in the third and fourth quarters. A junior fullback, Earl Ophers, scored on a 45-yard touchdown pass to wide receiver Paul Patera.

California Rips Oregon State Club For 42 to 0 Win

BERKELEY, Calif., Oct. 16 (AP)—The California Bears, ripping the opposition to shreds with a powerful ground attack and a deceptive aerial game, opened their bid for the Pacific Coast conference championship today with a 42 to 0 win over the Oregon State Beavers.

The slight edge in crowd of 55,000 fans saw Lynn Waldor's undefeated Bears rack up their fifth victory of the season—their first in the conference.

The one-sided score exceeded the fondest hopes of spectators and stamped California as the odds-on favorite to go through the season without defeat. The Beavers' closest bid was in the third quarter, when they recovered a 29-yard fumble on the later's 2 and advanced to the nine.

California blasted to its first touchdown late in the first period after fullback Vern Bennett intercepted a pass on the Oregon State 47. A 53-yard drive added the first touchdown in the second period.

The Bears turned the contest into a rout in the third period. They took the kickoff and pounded 80 yards to score. After Oregon Beavers had gained 67 yards on three tries and punted, California put the ball into play at its 49. On the first play, Steve Bergan galloped for the touchdown.

Irish and Michigan Stay at Top For Second Consecutive Season

By HAROLD CLAASSEN
NEW YORK, Oct. 16 (AP)—Michigan and Notre Dame, twin giants of midwestern football, won greater stature today with lopsided triumph over the Southern conference.

The Wolverines shakked North-western so completely the Evanston, Ill., outfit gained only 47 yards on the ground while losing 28 to 0.

Meanwhile, Notre Dame toyed with Nebraska, 20 to 18. That made 22 games in a row since the Big Ten Irish suffered their last defeat. Notre Dame had four touchdowns in the bank before the Huskers put their offense into gear.

Michigan's triumph lifted the club to the top of the Big Nine standings with every indication it will stay there. It also set up the possibility some soundly welcomed eleven will carry the conference banner in the Rose bowl game Jan. 1.

The Wolverines appeared in the Corn Belt for the first time in 16 years and are denied a repeat appearance by league rules.

Indiana's 20-18 victory over the Big Nine lead with Michigan tonight save for the Hoosiers' unexpected 17-14 win over the Hoosiers in the Indiana Homecoming game. Minnesota, Michigan's next foe, Purdue and Penn State Mulligan, who are 25-4 to 4 and from Bluffs, 95 to 8.

Big Gains in 3rd

Michigan's big passing yardage came in the third-period play that produced the Bulldogs' lone touchdown. With the ball on the Nampa 47 left halfback Dick King passed to Penn Mulligan for 25 yards and the change in scenery proved a boon to Levi Jackson, fullback, who put on a one-man show.

North Carolina, voted the nation's best college team this week, had to hustle to maintain that position. The Tar Heels lost to the final 14-0 to dump North Carolina State, 10 to 0. The Tar Heels are now on top in the Southern conference.

Maryland, erstwhile top leader, was dethroned by Duke, 13 to 12. In the first game of the Maryland team had been scored on this fall. Georgia Tech moved out front in the neighboring Southeast with a trouncing Auburn with ease, 27 to 0. However, a free-for-all among 300 fencers and players ended almost as much confusion. It was finally halted when a game-official ordered the band to play the national anthem.

Easy victories by Vanderbilt, Tulane and Texas A&M also marked Southeastern action. Tulane upended Mississippi, defending champion. The Rebels lost to the Southern Methodist with ease, 28 to 7. In a game involving a pair of one-time greats, the Volunteers moved to a 21 to 6 verdict over Alabama.

Missouri followed its upset of Southern Methodist with a smooth 35 to 14 victory over Luckless Navy. The Tigers turn next to Big Seven competition, where they will face favorites of Oklahoma and Kansas. The Sooners began Friday night's game with a 20-0 victory over Washington, 20 to 0. The Redskins, however, were whipped 10 to 6, 42 to 0, 13 to 0 and 13 to 0. The Redskins, however, were whipped 10 to 6, 42 to 0, 13 to 0 and 13 to 0.

Rogers-Rieke Duo Bows 1,101 to Lead Harvest Meet

The first annual Ladies' Harvest bowling tournament started in Twin Falls Saturday, with the team of R. Rogers and R. Rieke tallying 1,101 to take the lead. The tournament will continue today.

M. Gowman and V. Commons were in second place at the end of Saturday's competition with a score of 1,099. Third place team was M. C. Cline and H. Weller with a 1,094 tally. In fourth place was G. Watson scored 1,090 to hold fourth place.

Entrants who bowled Saturday may roll again today, officials said, provided they are not among the top four teams.

National Anthem Played to Stop Grid Game Riot

ATLANTA, Oct. 16 (AP)—A 300-man battle royal among players and spectators was the big moment on Grant field today as Georgia Tech defeated Auburn, 27-0. It was Tech's fourth straight football victory.

Game officials rushed into the melee of flying fists and feet late in the fourth quarter but could not even slow down the battle which gained in size by the moment. One of the officials then dashed to the Tech band and ordered, "The Star Spangled Banner quick." The band played through two stanzas before patriotism overcame the battle and before peace could be restored to the playing field.

The issue which caused the battle is clouded. However, after the play preceding the free-for-all an Auburn guard and a Tech halfback were put out of the game. On the next play Tech got off a running play which ended only after the national anthem quelled the riot.

In the game itself, Tech easily outlasted Auburn to remain undefeated.

Coyotes Troupe Eastern Oregon

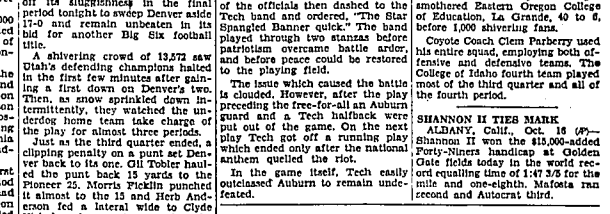

CADWELL, Oct. 16 (AP)—The College of Idaho Coyotes tonight smothered Eastern Oregon College of Education, La Grande, 40 to 6, before 1,800 cheering fans.

Coyote Coach Cliff Parberry used an entire squad, employing both offensive and defensive teams. The College of Idaho fourth team played most of the third quarter and all of the fourth period.

SHANNON T. TIES MARK
ALBANY, Calif., Oct. 15 (AP)—Shannon T. Ties marked his 100th career rushing yard today in a game that was a preview of the annual Big Six conference game between the Braves and the Cougars.

Mangrum Regains Glendale Lead

GLENDALE, Calif., Oct. 16 (AP)—Ole Mangrum, Chicago, shooting off 40 yards in the final hole of his way back into the lead in the \$10,000 Glendale open golf tournament today, after a three-quarter mark today.

Mangrum, one over at the turn, picked up three strokes on the back nine for a 70, two strokes back and a 54-hole total of 207.

30 scores open, four strokes back was Mangrum's chief rival for leading money honors this year, Ben Hogan, Hershey, Pa. Hogan was two over par, with 74, for the day, and finished with 211.

Cliff McClellan, Memphis, Tennessee stepped into third position with a 212. He shot 33-38-63 today.

Riley Druhs Zaharias

PORT WORTH, Tex., Oct. 16 (AP)—Methodical Polly Riley, Fort Worth, Texas, today defeated Mrs. George (Betty) Zaharias to win the women's title in the 18-hole women's golf tournament at the Fort Worth Country Club.

Mrs. Zaharias trailed after the second hole and won only three of the 18 holes. Riley was probably one of the worst-touted players she has taken in her long athletic career.

Brains to 14-6 Victory

DAHO FALLS, Oct. 16 (AP)—

The Twin Falls Bruins, with two hard running backs behind a powerful line, scored a decisive 14-6 football victory over Idaho Falls Tigers here Friday afternoon. Jack Cross and Ralph Aronoff fullback and end, respectively, were the Bruin attack as they smashed for repeated long gains. Equally potent was the Twin Falls line which held the Tigers without a first down until the final period.

ISC Wins 38 to 6 Homecoming Game

POCATELLO, Oct. 16 (AP)—

How to entertain a Homecoming crowd was demonstrated Saturday by Idaho State college players who lopped the Bears of Colorado State college, 38-6, before an estimated 4,000 fans in the Spud bowl. The game showed the Bengals in fine fashion as they ran up three touchdowns before the Bears caught their breath, and to clinch any argument that might have remained, the Bears failed to get a touchdown in each of the succeeding quarters.

Bledsoe Leads SICE Gridders In 37 to 6 Win

REXBURG, Oct. 16 (AP)—

Halfback Gene Bledsoe led his SICE Gridders to a 37 to 6 intercollegiate conference football victory over Ricks college here tonight.

Here it is! A long look ahead! The modern design for '49 new Hudson

Come in and see the new Hudson—the lowest-bid car on the highway, with safety, riding qualities, comfort and beauty, only possible because of a new "step-down" design, offered by no other automobile.

Hudson has the long road way of going on every conceivable kind of highway. The way in which this car takes even the sharpest curves makes it a "stand-out" for roadability in any year!

These remarkable riding qualities are largely due to the fact that the New Hudson provides the lowest center of gravity in any American stock car yet made. It is so low that it is a well-recognized fact that the lower to the ground a car can be built, the more stable it will be and the safer it will be.

See a delightful conformity to the road, coupled with the protection of riding, secured by a sturdy box-section steel frame, give to everyone who ride in New Hudson a grand feeling of safe well-being. This feeling is further enhanced by the ease with which this car is steered, and by the careful work with which Hudson goes along—thanks to the superb sound control secured into this advanced automobile.

See "The modern design for '49" today! Come in and let us show you the many advantages of Hudson's fabulous "step-down" design principle.

NEW HUDSON
The only car you step down into

Rites Set for Soldier Who Died on Duty

Funeral services for Pfc. James W. Bailey, son of Mr. and Mrs. J. V. Bailey, route 2, Twin Falls, who died while on duty with the U. S. army in Alaska, will be held at 2 p. m. Tuesday in the LDS first ward meeting house.

Blahop Sherman Swensen will provide military rites will be performed by the Twin Falls American Legion at graveside in Sunset Memorial park.

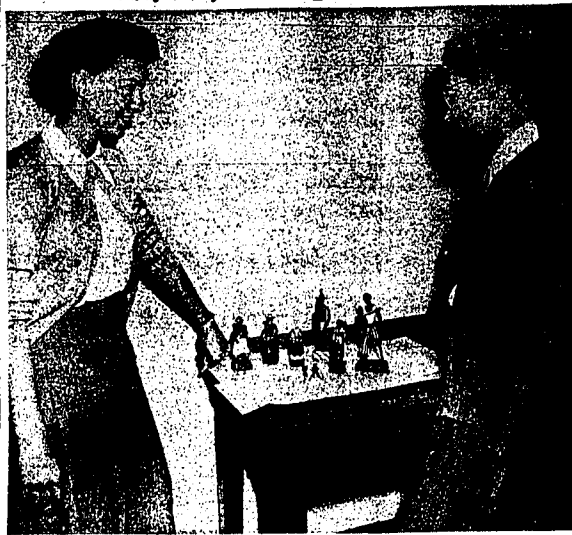

Private Bailey was born Jan. 29, 1921, in Firth. He died Feb. 6, 1942, at Camp Twin Falls with his parents in 1925 and attended local schools. He entered the service in the national guard in September, 1941.

Before entering active service he was employed by the Times-News and the Amalgamated Sugar company here. He was a member of the LDS church.

In addition to his parents he is survived by his maternal grandparents, Mr. and Mrs. H. O. Wooding, Twin Falls; two brothers, Eric Patrick Bailey, stationed at Fort Angeles, Wash., with the U. S. coast guard, and Don Bailey, Twin Falls; five sisters, Mrs. Flora Braden, Longview, Wash.; Mrs. Norma Radlock, Burbank, Calif.; Gladys Bailey, Pasadena, Calif., and Mrs. Selma Lamb and Donna Jean Bailey, both in Twin Falls.

The remains are scheduled to be received from the Ogden distribution depot Wednesday. White mortuary is in charge of arrangements.

Hobby May Develop Into Business

It Started as Hobby, but Two Girls Learn Carvings Popular

By HELEN TUCKER

What began as a hobby may turn out to be a profitable business for JoLina Lyons and Janet Coleman, Twin Falls. Three years ago while drawing a altar, JoLina decided to carve the form out of wood. Since the approval of the buyer and then JoLina has become the accepted thing in the Lyons household.

The altar statue, which was an inch high, was the beginning of a long line of carved figurines. At first JoLina confined her talent to small statues, but then she decided it would be just as easy to carve larger ones. Her latest effort, a pirate, is seven inches high.

At first JoLina did not take her hobby seriously and disposed of most of her wood figures by giving them to friends. Later Profitable Hobbies, a national magazine, ran a special article about JoLina, consequently she had to round up all of the statues she had given away to be used for a picture for the magazine.

Recently, Sentinel Studios in California, requested to make a film of JoLina and her hobby. For a while JoLina had to give up her hobby for school. Last summer, however, she went back to her wood carving with renewed vigor and has finished more than 50 figurines.

Janet Coleman, on seeing the success of JoLina's carving, also became a hobby with Miss Coleman later joining the venture. Photo at bottom shows eight of the carved figures. (Staff photo-engravings)

and commercial art in school. JoLina has never had any course in wood carving. "I just picked it up," she said.

JoLina and Janet plan to take orders for specific designs of figurines. They will submit a sketch for the approval of the buyer and then carve the figure from the sketch design.

JoLina has done several figures of her friends. One in particular is a friend in a hunting pose.

When the wood carving business is firmly established, the figurines of distinction will bear the label of "originality by Jo and Janet."

Pioneer Resident Passes at Wilder

Mrs. Fannie Barber died Friday at her home near Wilder of causes incident to old age. Her husband preceded her in death in 1917.

The family was among the early pioneers of Twin Falls and resided here for many years. She is survived by five sons, Dr. Fred A. Barber, Twin Falls; Roy G. Barber, Colville, Wash.; Dr. L. B. Barber, Oklahoma City; Harry E. Barber, Long Beach, Calif., and J. B. Barber, Wilder.

Mrs. Carrie Race Claimed by Death

RUBENET, Oct. 16 — Mrs. Carrie Esther Pettie Race, 53, Jackson, died at 8 p. m. Friday at the home of her daughter, Mrs. Rita Hield.

She was born April 16, 1885, at Blooming Prairie, Minn. She was married to William Race, Blooming Prairie, June 18, 1888. They came to the Minidoka project in 1934 and settled on a farm at Jackson. She was a member of the Episcopal church. Her only surviving relative.

The body rests at the Goodman funeral pending funeral arrangements.

Hogs Jump by \$3 At Gooding's Sale

GOODING, Oct. 16—Hogs jumped \$3 and cattle were up \$1 to \$1.50 with buyers showing renewed interest at the weekly sale of the Gooding Livestock Commission company today.

Owner J. L. Berry reported the cattle market was "very active." Hogs topped at \$22.40 for top grade. Pigs were up \$3, topping at \$1.50, and feeding cows, heifers and steers showed \$1 gain over last week, Berry said.

Crusher Installed

HAILLY, Oct. 16—The Sun Valley barite mine has installed a crusher plant and will crush ore now on hand. The crushed ore will be shipped to Pocatello for further processing.

Trips and Visits Reported by G. F.

CLENNY WERNY, Oct. 16 — Mr. and Mrs. Harold Smith, Hammett, have returned from a visit to Reno, Nev.

Mr. and Mrs. J. Y. Thomson, San Bernardino, Calif., are visiting Mr. and Mrs. Del Thomson. They were former local residents.

Mrs. Hattie Ward, Oberlin, Kan., is visiting her son, Buck Ward, and wife at Hammett.

D. W. Abernathy has purchased the former Brown ranch near Hammett and will move there soon with his family.

Mr. and Mrs. Nell Orveth, Seattle, have returned home after visiting her parents; Mr. and Mrs. James Blacketer, here.

Mr. and Mrs. Beaman Woods and children, Pocatello, visited his mother, Mrs. Thelma Woods. He has returned, but his wife and children remained for a visit with his grandmother, Mrs. Jess Duncan, King Hill.

Ernest Garner, son of Mr. and Mrs. Mike Garner, has enlisted in the U. S. navy. He will receive basic training at the U. S. naval training center, San Diego, Calif.

In photo at top, JoLina Lyons, left, and Janet Coleman display some of their wood carvings. Miss Lyons started carving the small figures as a hobby with Miss Coleman later joining the venture. Photo at bottom shows eight of the carved figures. (Staff photo-engravings)

194 UP Workers Holiday at Resort

SUN VALLEY, Oct. 16 (AP)—A week-end of recreation and rest is on the schedule at Sun Valley resort for 194 UP workers of the Union Pacific railroad.

A special train arrived here today carrying the railroaders, all from western states.

The employees, all members of the Junior Oldtimers, have from five to 30 years service with the Union Pacific.

Mr. H. Day, Los Angeles, secretary-general of the organization, said the meeting was not a convention but a social get-together. They will stay until Sunday noon.

An annual dinner was held tonight.

Leader Predicts Farm Prosperity

WASHINGTON, Oct. 16 (AP)—Farm prospects for at least eight or ten years ahead, with a high level of food and fiber consumption in the cities, are predicted today by Chairman Hope, R., Kans., of the house agriculture committee.

Hope, who may head the agriculture department if the Republicans win the election, made his forecast at a news conference. He said the nation now has a bi-partisan farm policy and that agriculture no longer is a political issue.

"I know of no responsible leader to either the Republican or the Democratic party who opposes the farm price support program," the Kansan said.

Kimberly People Are on Sick List

KIMBERLY, Oct. 16—Otto Fowler is confined in Swedish hospital, Seattle, where he underwent an operation for back injuries sustained several years ago.

Mrs. Sadie Swisher is at the home of her daughter, Mrs. Arvitt, where she is recuperating from a recent illness.

Mr. and Mrs. James Lundy have gone to Modesto, Calif., to return to Mrs. Henry Bachman, Mr. Bachman has been.

Atom Blast Rays Kill Jap Insects

WASHINGTON, Oct. 16 (AP)—A soil expert reported today that rays from the atomic bomb which exploded over Nagasaki killed insects, plant blights and soil bacteria.

Writing in the fertilizer review, Francis M. Jurnlin said Japanese scientists found that bomb radiation had a "disinfecting action" on diseased plants and a sterilizing effect on bacteria in the soil.

Jurnlin, formerly consultant to Gen. Douglas MacArthur's headquarters, said crawling insects were "noticeably absent immediately after the bombing." And Japanese scientists, he added, reported that atomic radiation penetrated four to six inches into the soil, exerting a partly a sterilizing effect "noticeable one month after the explosion."

Edward Farnsworth underwent surgery at the Bailey Clinical hospital this week.

Hospital Patients

RICHFIELD, Oct. 16—Audrey Monroe, daughter of Mr. and Mrs. Lee Monroe, is a patient at St. Vincent's hospital in Wendell for treatment of a knee bone infection.

Edward Farnsworth underwent surgery at the Bailey Clinical hospital this week.

Idaho, Maine Find Another Rival Ground

By BOB LEEBRIGHT
BOISE, Oct. 16 (AP)—Idaho and Maine, those old potato state rivals, have another ground for argument, the political maneuvering of the United States. "As Maine goes, so goes the nation" has long been a political saying. Idaho could easily challenge that saying.

Wrong since 1928
 Maine hasn't been right since 1928 and Idaho hasn't been wrong on a Presidential election since 1900.

The eastern potato state bucked the political tide and voted Republican in the four elections Franklin D. Roosevelt won.

After being on the losing side in the Gen. state's first three elections, Idaho voters have backed the winner since 1904.

Backed Populist
 In 1927 Idaho cast a majority for James Watson, the Populist candidate. In 1930 and 1932, the Gen. state backed the great commoner—William Jennings Bryan.

In 1904 Idahoans voted for Theodore Roosevelt and four years later backed William Howard Taft. Idaho swung to the Democrats in 1912 and 1916 voting for Woodrow Wilson.

Idaho voted for the Republican banner in the 20's, going for Warren Harding in 1920, Calvin Coolidge in 1924 and Herbert Hoover in 1928. Thereafter Idaho gave its electoral votes to Franklin D. Roosevelt.

Confederate Vets Name Chief

The surviving veterans of the Confederate army, at their convention in Montgomery, Ala., named Gen. J. W. Moore, 71, left, commanding general of the United Confederate army. He is being congratulated by Dr. W. R. Scudder, surgeon general of the sons of veterans.

Atom-Propelled Craft Is Past Theory Stage, Scientist Says

BALTIMORE, Oct. 16 (AP)—An Oak Ridge scientist says the atom-powered airplane has passed the theory stage and is now ready for the engineer's drawing boards.

Such a plane might have a practically unlimited flying range.

Not long ago a City College of New York professor said atomic airplanes would be flying around within seven years—the first vehicle of any kind to be propelled by nuclear energy. Now David M. Poole, automotive engineer at a scheme has already been worked out for a mobile atomic pile.

That means Uncle Sam is all set to begin designing a plane that might fly to any corner of the globe and back without refueling. The problems ahead are to develop the engine, body and controls, and to build a shield to protect the crew from radiation.

Poole, who represents the Fairchild Engine and Airplane Corporation, Hagerstown, Md., at the government's Oak Ridge, Tenn., atomic plant, is head of the thermodynamics section of an Oak Ridge group working on nuclear-propelled aircraft.

He explained that our present aircraft—even the newest types—are limited by the very heavy loads of gasoline required to carry them long distances.

However, atomic fuel is as powerful as two million times its weight in gasoline.

Dr. Morton Koolenoy of the City College of New York has estimated that one pound of uranium could give a 3-20 around the world six times.

Dr. Koolenoy, a permanent consultant to the Oak Ridge nuclear-propelled aircraft group, says there ought to be an aviation-type atomic engine on a test stand in five years.

Weather Is Right For Apple Crops
BOISE, Oct. 16 (AP)—Weather conditions here are favorable for maturing and coloring the apple crop, the bureau of agricultural economics reported today.

Idaho's commercial apple crop remained at last month's forecast of 1,200,000 bushels. While there was a decline of 1,200 tons in the prune production during the month of September, the crop was expected to turn out well.

Cullage was higher than usual because of early frost and rusting.

100F Opens Meet

Preliminary registration opened today. Ed T. Gilroy of Kootenai, grand master, will preside.

HEAR OF BIRTH
GLENNIS FERRY, Oct. 16 (AP)—Mr. and Mrs. Rex Wertz will receive word of the birth of a daughter to Mr. and Mrs. Jack Newell in New York City.

Last Request
SAN FRANCISCO, Oct. 16 (AP)—Consider Willie Bowen, sentenced to jail here in the theft and passing for \$5 of a violin he later learned was the \$10,000 Stradivarius of Sigmund Beal, former concertmaster of the London symphony.

"Could I have one last request, your honor?" he asked Judge Eugene Callahan. "I'd sure like to hear Mr. Beal play on that fine violin."

Beal obliged with a concert from the witness stand. The loudest applause came from Willie, as he was let off to jail.

Idaho Traffic Figures Drop After Summer

BOISE, Oct. 16 (AP)—Traffic over Idaho highways is beginning to decline after the summer tourist rush. The state highway planning survey today said September traffic over seven of the state's automatic counters showed a drop over August.

The only counter showing an increase was one located on U. S. 93 three miles east of Lewiston.

The average daily traffic over that counter in September was 2,543 vehicles compared to 2,641 in August.

Heaviest Traffic
 Idaho's most heavily traveled road, according to the highway planning survey checks, continues to be U. S. 10 west of Coeur d'Alene. The automatic counter 1.8 miles west of Coeur d'Alene checked off a daily traffic of 6,240 vehicles a day in September, compared to 6,260 in August.

Other highway counter figures are:
 U. S. 30, 22 miles east of Boise—2,840 a day in September, 2,839 in August.

Near Twin Falls
 U. S. 30, two miles east of Twin Falls—4,033 per day in September, 4,507 in August.
 U. S. 29-N, seven miles south of

Rupert Plans Vote Tuesday On Pool Bond

RUPERT, Oct. 16—Rupert taxpayers will go to the polls Tuesday to vote on a \$100,000 bond issue for a municipal park and swimming pool. Polls will be open from 8 a. m. to 7 p. m.

No registration will be necessary for the vote, but each voter must sign a voters' oath that he is eligible to cast a ballot. A two-thirds majority is needed to pass the plan.

Polls Are Listed
Polling places for residents living east of 2 street will be in the Civic building and residents west of 2 street in the Minidoka county courthouse.

Bids for the proposed pool will not be received until after the election. Mayor Henry Brazzard said. A committee composed of members from all organizations and portions of the city will select a suitable site from those available.

Backed by Groups
Mayor Brazzard said most of the local organizations are backing the bond plan and are contributing funds for further development of the pool.

Rupert groups backing the bond plan are the Lions club, Rupert Women's club, the Chamber of Commerce and the Business and Professional Women's club.

Rupert firemen have volunteered to donate all funds from the annual ball game. The Rupert Legion post is donating funds received from weekly wrestling matches.

Vandal Boosters' Units Organized For Jerome Area
JEROME, Oct. 16—Plans were made at a meeting Friday noon for organization of a Vandal Boosters' unit here.

The appointed committee chairman to begin work on a membership drive. Those named are Charles H. Peterson and Wilcox Churchman, to work north Main street west of Lincoln avenue; Willard Wood and Frank Rose, south side of the Rupert local attorney and U. of I. alumni, was elected chairman.

Airstrip at Pine Nears Completion
BOISE, Oct. 16 (AP)—The airport under construction by the Hoops Construction company, Twin Falls, at Pine is expected to be completed today.

Equipment Obtained
KETCHUM, Oct. 16—The Ketchum village board has secured road equipment to be used in grading and leveling village streets before winter snow falls.

LEAVE ON TRIP
BURTON, Oct. 16—Mr. and Mrs. E. Fredrick have left on an extended trip to Kansas and Missouri.

FOR GOOD GOVERNMENT Vote to Return Henry Dworshak To the U. S. Senate

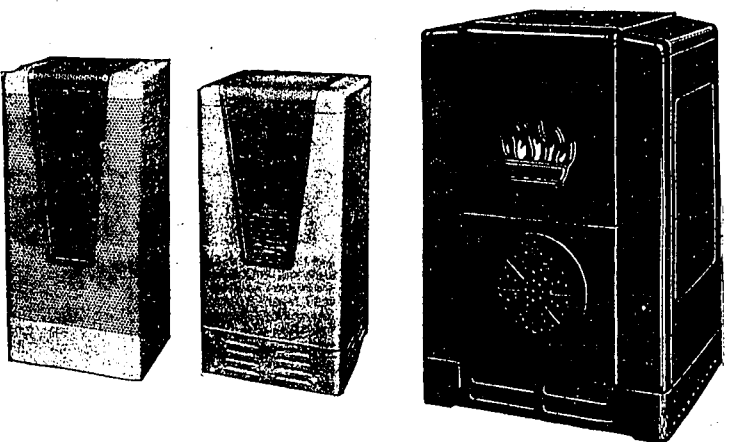

A Long Record of Fine Service
Henry Dworshak who is completing his freshman term in the United States Senate after serving eight years in the House is the only Idaho Senator who ever served on the powerful Senate Committee on Appropriations. His appointment to this committee was a signal honor because many large eastern states have no representation on this committee. Senator Dworshak is also a member of the committee on Interior and Insular Affairs which deals with public lands, irrigation and reclamation, mines and mining and Indian Affairs.

Re-elect Him United States Senator Henry Dworshak

Expert Finds Storms' Path High in Sky

MIAMI, Fla., Oct. 16 (AP)—Meteorologists now look high in the air to map the probable route of a hurricane.

A simple rule developed by Chief Forecaster Gray Norton of the Miami weather bureau which involves the use of radar, permits storm forecasting to be done on a 24-hour basis.

6-Hour Notice "Perfect"

As late as 1945, six-hour notice of an approaching hurricane was considered "perfect" warning.

Through long study of tropical air, Norton has found that the hurricanes are carried along by the main air stream, sometimes far above the earth.

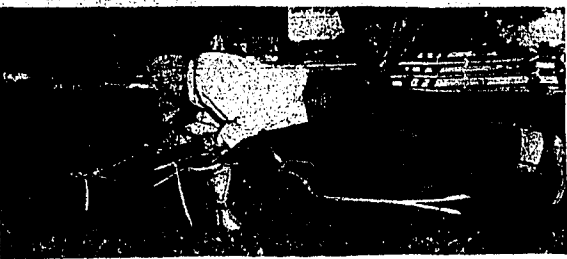

His rule, which is so simple that some meteorologists still refuse to believe it, has worked every time it has been applied.

24 Hours "Ample"

Longer than 24-hour forecasts might be made, but Norton says that is ample time. "And there's always a chance of some fine or nature upsetting the apple cart."

The rule calls for an exploration of the upper air with a pilot balloon until the "steering" level is found, "then we can tell which way the storm is heading and the path it will follow."

Trained Mule and Clown Rehearse Acts

Touching as the above scene may be for its undying love, Gene Helms and his mule, Corky, find it boring and assume a lachrymose air at left while they cogitate on further foolishness. Helms' wife, who collects cactus, isn't in the picture but she says the only way she can tell one from the other is that her husband wears a hat. (Photos by Harry Arnold—staff engravings.)

ing into a fireplace and garden wall which seems to be an unending project at the home he owns at 608 Highland avenue. Besides keeping track of her husband, Corky, assorted rocks, cacti and other little chores, Mrs. Helms takes pride in the neatness of her home and yard.

Rupert Youths to Face Court Count

RUPERT, Oct. 16—Don Farmer, 16; Roscoe Tuttle, 15; and Herbert Shade, 19, all of Rupert, were released on \$100 bond each this week on petty larceny charges. They were charged with taking 10 gallons of gasoline from a tank at the Bishop gravel pit.

No date has been set for the hearing which will be held before Probate Judge Jake Dale Kasper. Rupert, was fined \$10 and \$3 costs for intoxication. Charles F. West-Hindale, paid a \$25 fine and costs for disturbing the peace.

Ira Collins, Heyburn, was fined \$10 and \$3 costs for failure to have a signal arm on a truck and Nord Jenkins, Rupert, was fined \$10 and \$3 costs for speeding.

Got to Know as Much as Mule, Says Trainer of Rodeo Animals

By HARRY ARNOLD

"Got to know as much as the mule," was Gene Helms' reply to the question of what it takes to train a mule to perform rodeo comedy acts. Those interested may write that statement down as the sum of Helms' three years of training his 4-year-old mule, Corky.

What's more, Helms admits there's a lot more training yet to come.

During the past three years, Corky and Gene have appeared as amateur performers in rodeos and roundups in Boise valley and Magic Valley. Last summer the only shows they could make were at Halley and Fairfield because of Helms' duties as a deputy brand inspector for the state.

Helms found himself in these parts as early as 1908. For the 40 years since, he has been farming and ranching. His knowledge of the ins and outs of the livestock business is top-flight, and dudes wanting to meet a real westerner need look no further.

What started Helms' new career as a mule trainer? Sparse of words about himself, Helms did admit he just took a liking to it and enjoys every minute of putting Corky through his old tricks and "learning" him new ones. Not content merely with one hobby, the deputy also collects rocks, and his wife has interested him in collecting various types of cactus.

Among his rock specimens are several types of lava, and some unusual ones from the City of Rocks. These have gone and are go-

Blaine Demos to Stage Veto Rally

HAILEY, Oct. 16—Members of the Blaine County Democratic association set plans for the coming general election at a meeting in the courthouses here this week.

The association announced the first of a series of rallies will be held Wednesday evening in the Blaine County house. All county candidates will be present at the meeting. A motion picture will be shown.

Kiwanis Set Vote

PIILER, Oct. 16—Members of the Kiwanis Club will hold their annual election of officers at a regular luncheon meeting Tuesday.

VISIT IN LOUISIANA

OLENNIS FERRY, Oct. 16—Mr. and Mrs. Yvonne Allison Hammett, have left on a trip to Shreveport, La., where they are visiting their grandson, Jack White, and family. White attended school in Glenns Ferry.

COMPLETE VISIT

PIILER, Oct. 16—Mr. and Mrs. Claude Brown have returned from a visit in Nebraska and Kansas.

Among kangaroos multiple births are rare.

EDDY'S BAKES 25 POUND CAKE FOR DEWEYS

When Mr. and Mrs. Thomas E. Dewey returned to their special train at the Great Northern Station, after the Governor's speech in Helena, officials of Eddy's Bakery were on hand to greet them with this beautiful 25 pound cake. "This is more than we can eat," said the Republican Pre-

dential Candidate. "You won't mind if we share it with the press boys and the rest of our party, will you?" In the picture above are Mrs. Thomas E. Dewey, Governor Dewey and Willard T. Anderson and E. M. Grundy of Eddy's Bakery, Helena.

The Victim - The Killer. The victim (above) and the killer (right). The first symptoms to die as they spring and appeared somewhat depressed.

Cattle-Killing Weed Creeping North; No Remedy Is Known

By RICHARD KEINER, NEA Staff Correspondent. STELLWATER, Okla.—A poisonous weed which has killed many cattle as victims, is gradually creeping northward, contaminating more and more acres of pasture land.

Great herds of cattle, fattening on the nation's prairies, are threatened by this killer weed. Its scientific name is Glottidium Veicarium, but the farmers call it bladder-collecting or catclaw.

H. J. Featherly, professor of botany at Oklahoma Agricultural and Mechanical college in Stillwater, has been studying the bladdercol. His findings—no satisfactory remedy is known.

The bladdercol's death-dealing technique is peculiar. When growing, it is not harmful, but as soon as the first frost strikes the plant, the beans begin an agonizing death.

Knoll Grange held its booster business session Friday at the community center, featuring a political supper at which 100 persons were present.

The program was under the direction of the lecturer, Mrs. Fred Smith. Songs were sung under the leadership of C. E. Orved, I. T. Orved gave a review of his observations at a polo clinic which he attended in Portland.

A talk on "The History of the Grange" was given by Elmer Deffert, and one on "What the Grange Means to Our Community" by Mrs. C. E. Orved. The young people of the Grange presented a halloween skit, a group of poems was read by Mrs. Una Allen and a solo was sung by Mrs. Orved. A short play, "Such a Bold Woman" was presented by Mrs. Deffert and Mrs. Smith.

Mrs. T. M. Knight spoke of her impressions of the "Hector's Death" program which she had attended in Hollywood. A demonstration was presented by Boy Scout troop No. 27.

The plant is now found in the south, in states like North Carolina, Kentucky, Arkansas, as well as Oklahoma. It was originally described, in 1876, in Florida, and some authorities claim it came from the southwest by way of an animal.

"The plant is moving slowly northward," says Dr. Featherly. "All indications are that it will continue to move northward until the length of the growing season become too short for it. Just how far north it will grow is not known, but in the Midwest it will probably be somewhere in Kansas."

Life in MAGIC VALLEY

By INEZ PUCKETT

The troubles of our childhood pursue us right through life. For here and there, along the course on which we hoped to glide, some envious hand will sprinkle ashes just to spoil our slide.

Eugene Field.

In the time of Caesar they probably called it "invidia," but we call it envy. Mr. Webster says it's "chagrin and discontent at the achievements or good fortune of another." It is not to be confused with jealousy, which concerns exclusive emotions about love.

Envy is a frightful and strange virus in the blood of some people. It actually can tear the bodies of its victims to letters, and make them physically ill. You readers have often watched it seeping like acid into the soul of someone unfortunate. There is something both pitiful and terrible in the way it is operating about it. Some day the human race will have a competent doctor for the mind and heart.

As well as the body. Their first job, we bet, will be to relieve suffering victims of this ghastly thing. That will be a happy day for us all.

"Young business women in the U. S. are just standardized machines with the same hairdo, fingernails, clothes—and frozen pans!" That's what a popular British writer says. He should see Ima Lee Moser.

Ima Lee is bookkeeper and office manager for the Cios book store, and there's nothing standardized about her. The gal wouldn't know how to make with a dead pan; she's always smiling and good-natured, and as for the hair, dress, and fingernails—light brown fluff waves around in unostentatious fashion on her head, her clothes are feminine, but not too slick to make you sparkling the gal in 'em.

Ima Lee has sported brown eyes to go with all this. She likes golf and reading and what's more, she thinks OWNING looks is worth while! That's unusual for anybody these days; if you don't believe it, go into our American homes and have a look around. For every hundred coffee tables and fancy china and wood doodads you'll find one book.

Ima Lee was graduated from Twin Falls high school, got her business know-how by working various places in the valley. "The nice thing about this Cios store job," she says, "is the spirit of good-natured cooperation. We all like each other, and are united in liking the boss."

A column who learns plenty about human beings; who is pean-tious and who isn't; who has good manners and who hasn't, and we are here to tell you that this little rosy-cheeked gal, Ima Lee Moser, is just as understanding and kind as she looks. Yep, we wish that British writer could see Ima.

E. M. Spitzer belongs to the Ferris hotel gang. His hat is the seventh wonder of Magic Valley. It's a broad-brimmed felt with beaded-in crown and a whooshy effect around the brim. It looks as

if it came across with the wagon trains and had more through a dozen major battles. We hope Spitzer never discards it.

"How did I come by it?" says Spitzer. "Well, sir, there was a fellow named G. A. Quay that farmed on the northside in the early days; I used to live with them over there until Quay went back to Ohio and made himself a pile of money. One day I got his wife from him—'Come on once' it says. I figured he was sick or something, and hoped to get a plane. When I got there Quay tells me he's taking me to Chicago to a big blowout some eastern business men are having. I wanna give those boys a real taste of the west," he says. "And you're IT?"

Spitzer says his old Idaho pal fitted him out at Marshall Fields and they went to this banquet at the Hotel Stevens. He made a real pit in his department store western togs, and that hat was part of the outfit. All during his visit with Quay.

"Once they got a clothes line and asked me to rope one of the kids' ponies," he said, "it was just a simple job, but I snagged my shirt in the ditch beyond the fence. We run—but only the distance of two telegraph poles. After we get conditioned we'll make it the distance between three."

It's wonderful to walk the Idaho roads on these October evenings. Come on over and try it folks. The moon looks so pale and handsome riding up in the clouds; the poplar leaves rattle, and the wind and moonlight stroke your face. Makes you glad to be alive.

Some men are born with wills of their own. Others marry them.

"I'm having a wonderful time," the vacationist from Mountain Home wrote his psychoanalyst. "Wish you were here to tell me why!"

It's autumn again. Time for the evening walks again. The two dogs

'Red Officer' Proves Reporter

During one of the biggest postwar amphibious landing maneuvers, at Aliso canyon, Calif., minutes picked up a "Russian officer" without correct papers, and turned him over to the FBI. He turned out to be a San Diego reporter, John D'Alfonso, whose assignment was to test security precautions. The FBI office in San Diego let him off with a sharp scolding.

Road Conditions Discussion Held By G.F. Chamber

GLENN'S FERRY, Oct. 16—Road conditions in the area of Blaine county were discussed by members of the Glenn's Ferry Chamber of Commerce at a dinner meeting here this week.

It was decided a delegation will confer with Rep. John Shauborn in an effort to secure federal aid to repair several farm-to-market roads in the area.

Members were told new signs will be placed throughout the county directing traffic to Glenn's Ferry. Committees were named by President Herman Johnson to make arrangements for the college football game to be played here Nov. 20.

Frank Redford, William Peterson and R. E. Johnson were named to the dance committee; Sam Jones, L. L. Clark and Gene Roach, advertisement, and Vern Ahlschlagel, John Perking and F. E. Pearl, tickets.

It was announced the chamber plans to insert advertisements in leading newspapers throughout the state inviting businessmen to investigate business opportunities in Glenn's Ferry.

LEAVE FOR EAST

FILER, Oct. 16—Mr. and Mrs. Pete Slatter have left on a trip to the east.

CALIFORNIA VISITORS Discovers Miniature Device for the Deaf

CHICAGO, Ill.—A big improvement has been made in a new device now welcomed by thousands of deafened.

It is so small it fits in the palm of the hand. Its clearest soundness tone is so efficient that even faint voices are understood. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls permit you to adjust it instantly to changing sound conditions. Accepted by the American Medical Association's Council on Physical Medicine. The makers of Bellone, Dept. 33, 1450 W. 15th St., Chicago 8, Ill., are so proud of their achievement, they will gladly send you free descriptive booklet on how to overcome deafness and explain how you may try this miniature device in the privacy of your home without making a penny. Write Bellone today.—Adv.
