

Israel and Egypt Accept Orders of U.N. to Halt Fire

TEL AVIV, Oct. 22 (AP)—Both Israel and Egypt accepted the United Nations cease-fire order today and directed their troops in the Negev and southern Palestine to observe the U.N. order to restore peace to the holy land. The truce went into effect officially at 7 a. m. EST, but front line dispatches said both sides had ceased fighting hours before the deadline.

The deadline was set by the acting Palestine mediator, Dr. Ralph Bunche, after both governments had indicated the cease-fire would be observed only if the other side agreed to it. Several bombs were dropped on Tel Aviv this morning during the cease-fire, but officials said there was little damage and no casualties. A firm grip on the Negev desert area of southern Palestine and was reported to threaten several Arab towns if the fighting flares again. Medial, Rafid, and Beidan and Iadud, all Egyptian-held, were reported on the verge of surrender when they were pulled back by their own forces. Moshe Perlmann, Israeli spokesman, reported the Arab population of Be'er Sheva (4 a. m. MST) deadline for the cease-fire when Israel and Egypt made their respective conditions on observation by the other side.

10 More Are Executed for War Crimes

MUNICH, Germany, Oct. 22 (AP)—Ten more war criminals were hanged today at Landsberg prison, despite recent appeals of German Catholics and Protestants. Church leaders said further executions be halted. Dr. Pinkowski, 44, one-time commander of the Dachau concentration camp, and former S. B. Col. Hans Thiele, 49, were among the 10 men whose names were on the list of paroled prisoners, were the best kept of the war criminals.

'Voice' Radio Having Effect On Red Area

WASHINGTON, Oct. 22 (AP)—Russia's reported all-out effort to broadcast its "Voice of America" broadcasts may be boomeranging. American listening posts have picked up a number of broadcasts, mostly centered around Moscow and Vladivostok, which state radio officials say are being used to "jam" the voice program. These officials said, however, that they have no reason to believe the jamming never succeeds entirely and that the reaction of Russian listeners to the broadcasts is of great interest; they want to find out what information it is their government broadcasts are giving them. The United States is not trying to retaliate by jamming Soviet broadcasts to Russia, but special effort is made in broadcasts to Russia to tell Russian people they are not giving to them. There is evidence that this news is getting through, officials say, citing the Kasenkina case as an example. Mrs. Okazaki Kasenkina jumped out of the window of the Soviet consulate in New York yesterday afternoon. Her husband, a news reporter in the incident and began broadcasting them to the Soviet union within a matter of minutes. "Jump Wilydly Known" Observers in Moscow reported later that the woman, a widow of what the refugees Russian school teacher had done was widely known over the Soviet conference with the Assistant Secretary of State George Allen said in a dramatic statement that the Soviet government had estimated of \$300,000,000. The woman has been reviewed upward three or four times.

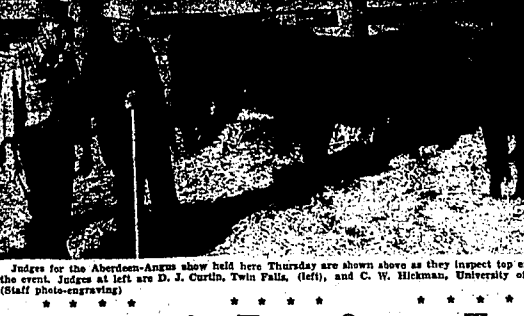

Ex-Idahoan Gets Sentence for Life

SONORA, Calif., Oct. 22 (AP)—Mrs. Ada Peters Hansen, formerly of Twin Falls, Idaho, was sentenced to life in prison today by Superior Judge J. T. B. Warner. She was charged with poisoning her common-law husband, Otto Hansen, in a flower bed.

Prosecutions Set In Hunt Mishaps

IDAHO FALLS, Oct. 22 (AP)—John Ferbauer, Bonneville county attorney, today served notice that he is instituting prosecutions in the county this fall will be followed by prosecution in any case where any degree of negligence is shown. He said he would be "alarmed at the widespread hunting of the Targhee and Caribou forests of the eastern end of the county in an effort to watch for theory and careless hunting."

Judges Inspect Angus Entries in Show

Judges for the Aberdeen-Angus show held here Thursday are shown above as they inspect top entries in the event. Judges at left are A. J. Curtin, Twin Falls, (left), and C. W. Hickman, University of Idaho. (Staff photo—enlarging)

Angus Entries From Oregon Top Show; Egg's Said 'One of Best'

Oxbow Eileenmery XII was adjudged grand champion bull and Eldorene Barnar was judged grand champion cow of the Aberdeen-Angus stock show Thursday at the Twin Falls Livestock Commission company stockyards as part of the show and sale sponsored by the Idaho Cattlemen's association. Both animals are property of the Oxbow ranch, Prairie City, Ore., which is owned by Ford J. Twaita. The Oxbow ranch took reserve champion bull honors with Oxbow Eileenmery XX, which had the same sire as Oxbow Eileenmery XII. Reserve champion cow honors went to Jaymber Mogmar Queen whose dam was Gleneg Mogmar Queen VII and whose sire was Brant of Prince II. The reserve champion cow is owned by Edw. W. Peterson, Payette.

Extortion Case Set Back by Four Weeks

Progress in the Reinhold case was set back some four weeks Thursday afternoon in district court when Defense Attorney W. L. Dunn asked Judge Hugh A. Baker to quash Prosecuting Attorney Everett M. Sweedley's amended information against Orville Reinhold, and the prosecutor in an unusual move joined Dunn in asking the court to make the information void. But the prosecutor went one step further than Dunn. Sweedley asked the judge to return all papers sent up from his office to the court, "with instructions" by Judge S. T. Hamilton with "instructions" calling for immediate action by the court.

U. S. Move to Increase Life Warnings Warns Soviet

WASHINGTON, Oct. 22 (AP)—The new U. S. move to bolster the Berlin blockade and to increase the number of four-engine transport planes whenever he needs them to supply run into the blocked city. Effective on U. N. The action came as the United Nations security council prepared to vote on the Berlin question. Diplomatic sources here suggested that the U. S. decision to step up the air-lift may have far-reaching effects on the negotiations in Paris. The additional 60 (or 54) transport planes will be used to supply the city. The U. S. air force now has 117 such planes in the air. The blockade and recently ordered 40 twin-engine C-47 transport planes to be in the air.

Specter of Demo Senate Worrying Dewey and GOP

NEW YORK, Oct. 22 (AP)—The specter of a Democratic senate next year today haunted the halls of the Rockefeller Hotel where Gov. Thomas E. Dewey, the GOP presidential candidate, has spent two days in a high-level conference with his political lieutenants. The Dewey people are sure that their man will win the presidential race, but they are not nearly so sure about the senate. Dewey has spent the day here conferring, as he did yesterday, with his top advisers, before returning tonight to Albany. He will spend the week-end at the governor's mansion, then hit the road late Monday, for a windup of his campaign. Dewey will speak on Oct. 26 in the city of Cleveland on the night of Oct. 27, Boston on Oct. 28, with the big winnow in New York City on the night of Oct. 30.

Wrigley Leasing Catalina Holdings

AVALON, Calif., Oct. 22 (AP)—A. W. Wrigley, Chicago, is quietly leasing the Catalina Island, a spokesman revealed here today. The vessel has been operated for nearly 60 years by the Santa Catalina Island company, owned by the Wrigley estate.

Hope Brightens for U. N. Settlement of Crisis on Blockade

PARIS, Oct. 22 (AP)—Hope for early settlement of the Berlin blockade crisis rose today as Russia accepted—and received—a delay in voting in the United Nations security council on a small-nation compromise formula for settlement. The council adjourned late today until 3 p. m. Monday after delegates had debated briefly the resolution of the "neutral" nations of the council which called on the big four to end the blockade crisis now, and suggested a council of foreign ministers meeting on German problems about Nov. 30.

Korea Revolt End Seen by High Officials

SEOUL, Oct. 22 (AP)—The Korean republic today appeared to be stamping out a two-day rebellion in the southern part of the peninsula. High officials here said the Korean people have the protection of Gen. Douglas MacArthur. The U. S. army said it had been advised that heavily-armed Korean troops almost unopposed had pushed into the southern part of the peninsula. The first of two cities seized by communist-led rebels Wednesday.

Insurancemen Calling State Session Here

WASHINGTON, Oct. 22 (AP)—Leaders of the draft constitution for the National Association of Life Underwriters and the company organization have called for a session here today to produce a constitution to rival that now being drafted at Bonn in western Germany. The communists called their document "the draft constitution for the German democratic republic." Their gathering was a three-day meeting of the communist-controlled "people's council" of the Russian occupation zone. The constitution it aimed to present apparently was prepared after those of the "people's democracies" of eastern Europe and is the basis for an eastern German state if Germany's division proves permanent.

Underwriter Heads Confer

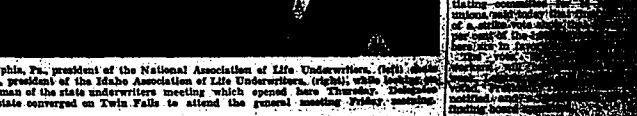

WASHINGTON, Oct. 22 (AP)—President Truman's closest advisers here today met to discuss the life underwriter training program. The program is a three-day meeting of the American College of Life Underwriters and the company to the end that the insuring public in every community may be given the best possible life insurance counsel and service. Orr said. "In addition to its work in the past, the American College of Life Underwriters will be working to improve the life insurance industry throughout the nation." The programs of the American College of Life Underwriters and the company to the end that the insuring public in every community may be given the best possible life insurance counsel and service. Orr said. "In addition to its work in the past, the American College of Life Underwriters will be working to improve the life insurance industry throughout the nation."

15 Train Victims Stay in Hospital

ST. LOUIS, Oct. 22 (AP)—Only 15 of the injured from the head-on collision between two passenger trains here today, officials will be dismissed as soon as physicians determine they are able to leave the hospital. The collision occurred yesterday at the intersection of the two main lines of the St. Louis and Chicago Santa Fe lines. The collision occurred yesterday at the intersection of the two main lines of the St. Louis and Chicago Santa Fe lines. The collision occurred yesterday at the intersection of the two main lines of the St. Louis and Chicago Santa Fe lines.

Rail Unions Vote To Stage Walkout

ST. LOUIS, Oct. 22 (AP)—The National Association of Railway Employees here today voted to stage a walkout in support of the federal government to grant veterans of both World wars a 100 percent disability benefit. The vote was taken at a meeting here today.

Clifford H. Orr, Philadelphia, Pa., president of the National Association of Life Underwriters, (left) with C. E. Thomas, Tulsa, president of the Life Underwriters Association of Oklahoma, (right) and Frank E. Sanders, chairman of the state underwriters meeting which opened here Thursday. Delegates from all districts in the state converged on Twin Falls to attend the general meeting Friday. (Staff photo—enlarging)

Soviets Push Sub Building, 'Jane's' Avers

LONDON, Oct. 22 (AP)—A new edition of the authoritative "Jane's Fighting Ships" today confirmed the opinion of many naval observers that Russia is building a fast powerful submarine fleet as the backbone of its naval forces.

"It is evident that Russia, like Germany, is inclined to rely chiefly on the submarine as a naval weapon," Jane's reported.

The publication hinted that it was difficult to obtain accurate information on Russian naval strength, but said that "an exceptional amount of fresh information has been collected."

250 in Commission

"This indicates that Russia has 250 submarines in commission and 100 building," the report said.

In addition, the Soviets are believed to be using an unspecified number of submarine hulls captured from the Germans. One source believes the best Russian submarines are equipped with the German Schnorkel device for remaining under water for long periods.

"The Russian fleet, the report said, contains many former German, Japanese and Italian units.

"Wrecks" salvaged

"Some wrecks, which would not seem to have been worth the cost and trouble of salvaging, have been retained, apparently with the idea that nothing must be wasted if it can possibly be utilized," the report said.

Jane's report on the Japanese fleet said it was in condition to "rise like a Phoenix from its ashes."

The present strength of the Japanese fleet is limited to 50,000 tons, Jane's said, with no vessels of more than 1,000 tons permitted.

"This may well prove to be the nucleus of a new navy," the Japanese report said. "One has only to recall the renaissance of the German fleet which followed a period of comparative quiescence during which—on paper—the tonnage restrictions of the Versailles treaty were observed."

Initial Contingent Of DPs Embarks

BREMENHAVEN, Oct. 22 (AP)—The American army transport General Black sailed for the United States today with the first contingent of some 800 European refugees to be admitted to America under the recent displaced persons act.

For them the trip to the United States promised the end of a 10-year odyssey during which they have been hounded across the continent by one hostile government or another.

Each were permitted 200 pounds of luggage. Artisans were permitted an extra 300 pounds for the tools of their trade.

And Baby's Only Two

Jack is plenty dog, yet the 263-pound St. Bernard is only 2 years old. Ron Nichols, his master, says the canine monster does the work of a complete dog team by himself. Jack and Ron are shown at a Hudson bay outpost near Walhof, Ontario, Canada.

War Bride at King Hill Gives Hint of Life Under Russians

KING HILL, Oct. 22—Newcomers to the King Hill community are Mr. and Mrs. Alfred Dakan, formerly of Emmett, Idaho. Mrs. Dakan is also a newcomer to America, having flown here from her native Vienna at Christmas time last year to marry Dakan.

She met Dakan in Vienna in 1946 where she was attached to the American occupation army as an interpreter secretary.

Mrs. Dakan's mother lives in the Russian-occupied zone of Vienna where everything is rationed. Sugar, coffee, canned goods and candy are unobtainable because they are controlled by Russian occupation forces as fast as they are grown or imported, Mrs. Dakan said.

The war personally touched Mrs. Dakan's family. She said her stepfather died of privations suffered while a prisoner of the Russians for six months in 1946. During his imprisonment his weight dropped from 220 pounds to 90 pounds.

Mrs. Dakan has been more impressed by the friendliness of the American people than any other thing. She says she is grateful now for the ruling in Austrian schools that compels grade and high school students to study English, French

RETURN TO UTAH

EMERSON, Oct. 22—Mrs. Theron Borup has returned to Bell Lake City after spending a week here visiting Mr. and Mrs. P. P. Borup.

17 Presumed Lost In Aircraft Crash

ALGIERS, Oct. 22 (AP)—Seventeen persons aboard a French 12-28 bomber missing in the Mediterranean since yesterday were presumed dead today following a widespread search for the plane.

The plane left Rabat, Morocco, early yesterday for Airca airport near Marrakech. It carried a crew of five and 12 officer-instructors from a Morocco aviation school who were being flown to France to pilot planes to North Africa.

The plane was 10 miles over the Mediterranean off Spanish Morocco when last heard from.

Big One

WEISER, Oct. 22 (AP)—A 25-pound, 8-ounce sugar beet has been grown by Frank Hill, Weiser farmer.

Jerome Linder, field man for the Amalgamated Sugar company, said the sugar beet is the largest he has seen this season.

The beet would produce slightly over four pounds of sugar on the basis of 16 per cent saccharine content.

Jap Steel Output Tops Predictions

TOKYO, Oct. 22 (AP)—The ministry of commerce and industry today reported that Japan's steel production of 286,388 tons for the second quarter of this year surpassed expected output by 3 per cent.

Pig iron production during the period, which was 231,686 tons, was 13 per cent short of the goal.

Overall iron and steel production for the current year was expected to be 1,200,000 tons.

NATIONAL REPRESENTATIVES WEST-HOLLIDAY CO., INC. 435 Market Street, San Francisco, Calif.

MINERS' MAHAARAJAH

John L. Lewis must have had a wonderful time at the United Mine Workers convention in Cincinnati. In fact, he must have felt like the Maharajah of the Princely State of Coaldom.

His faithful miners didn't quite follow the custom of the Aga Khan's followers and match his considerable weight in gold. But they achieved substantially the same effect by doubling his salary to a fairly princely \$50,000 a year.

Other members wanted to make his presidency of the UMW a lifetime job—officially, as it now is in reality. The convention concurred in the spirit of the resolution.

The comparison between the United Mine Workers and a princely state is not entirely idle. Mr. Lewis is, economically, the absolute monarch of the coal miners.

STREET SIGNS AT LAST!

After all these many years our streets are being properly marked with attractive metal signs for which the present city administration is to be congratulated.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—Attorney General Tom Clark's attempt to sue the National Whirligig Association on Capitol Hill.

Together with the Vinson-Lester proposal, the nagging motion picture to Bernard M. Baruch and charges against workers and farmers if they should vote against him, these are generally regarded as the most damaging technical blunders in the campaign.

Investigating—Texas Tom Clark, for instance, has named out two dozen of justice correspondents that he is investigating alleged "pay roll irregularities" on the part of Congressman Thomas.

Secondly, Clark would have to indict one-third of the members of house and senate. If he found that a majority of the members of each roll manipulation were federal officials, which they are not.

SITUATION—This analysis of Attorney General Clark's belated and long-constituted defense or an extension of Parnell Thomas's alleged practice of paying off relatives with official monies and of forcing members of his staff to "kick back" part of their comparatively negligible salaries.

Even though other members indulge in these schemes, this is not the case for him. But the fact that such a man is defeat at the hands of his constituents, and that has usually been the sentence when violators of the simple, human deencies have been.

SMEAR—The effort to "smear" Senator Ferguson is utterly outrageous, in the opinion of Democratic and Republican associates acquainted with the facts.

CRIME—Senator Ferguson loomed him \$100,000. Mr. Ferguson said a piece of property that provided an additional \$100,000. Belts raised the remainder of the money to buy a new stock of stock amounting to the total which they have advanced.

THIEF—Massachusetts Republicans apparently believe that the theft of the "Hawawid Yard" is still a political asset. For their snappy campaign newspaper, Teamwork, which is supervised by the late Lt. Gen. Arthur William Coolidge, who seeks re-election.

VIEW OF OTHERS BALANCE SHEET OF LIBERTY If it were not for the Turkish International situation this country would be making encouraging progress toward the realization of the basic constitutional principles.

One will not find in this report a clear statement as to how we are to keep agents of a foreign power from holding public employment or otherwise having an improper influence in this country. But one way to make democracy secure against its enemies is to practice it, even in times of crisis.

BOOMERANG

A story reaches the ears of a fellow who fell behind on his installments on a new letter set. Every passing week brought a dunning letter—each more heated than the last.

POT SHOTS

THESE NICE, ANYWAY Dear Pot Shots: Those new street signs going up all over town are sure nice.

But have you noticed how some of the sign posts are located? Take that one at the corner of Fifth street north and Second street north.

Of course, I could have braced him, but assuming that I was right in my suspicions that he was no good, I reckoned that he would have to tell all on the radio and put out his defense before I could put in the case against him.

KITTENS FOR KIDS DEPT.

The two newly-identical offerings of this department today probably aren't related, but there's something suspicious about the whole thing. Anyway, there are two sets of three kittens each, and one tiger-striped kitten.

HO HUM DEPT.

A man and a dog who live in his house for two years has announced plans to be married.

SOURCE OF HEADACHES

A Jerome constituent (we suspect he is a Democrat) who has a headache (his head is pointed) forwarded a little clipping from another paper.

FAMOUS LAST LINE

"I am dead and my local politicians going to call each other bad names?"

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—Four years ago during Tom Dewey's western campaign trip, I got wind of some speeches for President Roosevelt.

But he didn't. He wasn't interested. But I couldn't help. I ran down to the police records and the courts and found that he had been arrested.

Of course, I could have braced him, but assuming that I was right in my suspicions that he was no good, I reckoned that he would have to tell all on the radio and put out his defense before I could put in the case against him.

He was working for a thing called the Blue network, which has since become the American Broadcasting Company. Ed Noble, a rich and new dealer, who got richer than ever working the same side of the street with Gailmore, was about to put this krenline on a national hookup and he was telling himself, and trying to tell his constituents, that his staff was just good Democratic doctrine.

I can't say what was in Noble's mind, but I will say that I got out of him right because I was not so smart in business and politics as he was. This man could be as smart in business and politics as he was in Gailmore's opinions.

He could have hired private detectives to run down Samuel Noble, but the sponsor who was having Gailmore's propaganda just then.

BOB HOPE

They'll hit ya before you know what hit ya. If you think the presidential race is a hot one, you ought to drop into Las Vegas, Nev., where you can see the campaigning to elect a Justice of the peace.

I was there a few days ago and one candidate was winning the job so much he was running up and down the street with a sign that said "Wedding rings."

And another contestant tried to get in by trying to perform the trick. At the El Rancho Vegas the line it marked "his" and "hers."

Even the hotels there are conscious of the election. At the El Rancho Vegas the line it marked "his" and "hers."

But the election candidates have now been narrowed down to two—a bartender and a card dealer. The voters must now decide which kind of "straight" they want.

And, what do you know? Comes 1948 and here he is again, campaigning with Bubbeleh Waldin as the halibut and collector all over the country. And if you didn't think old Bubbeleh was simple-minded after reading those goofy gory letters, you had to give up on him when you read that he was using Gailmore right next to real money.

If you are around here tomorrow, stop in. I might let you know and I paid the salaries of Gailmore and another speaker on the same line. Johannes Siedel, a refugee from Hitler, who, like Gailmore, was too proud to fight him.

Marine Corps Recruits Get Special Work

Approximately three of every four young enlistees in the marine corps will receive four to nine months of formal specialist schooling after "boot" camp, under a new program approved by Gen. Clifton B. Cates, commandant of the marines. It was announced Thursday from the Twin Falls marine recruiting station.

School facilities and quotas, both of which have been expanded rapidly or reallocated in order to reach the desired ratio early in 1949.

All 18-year-olds enlisting for one year will undergo recruit training for two weeks, then receive a short leave.

Men selected for formal technical training will begin commencing study in one of the following schools: clerical, engineer, ordnance repair, automobile, electrical, supply-clerical, photographic, electronics, aviation, and cooking and bakery specialties.

Aviation students, after a basic technical school, will be further assigned for flight training in the electronics, mechanics, structural mechanics, and ordnance and electronics specialties.

Men not selected for formal schools will be assigned after recruit training to special tactical training units in artillery and infantry, composite tank-amphibian tractor training units or to regular aviation units within the United States.

Graduates of the technical schools will round out their year's service in the regular training and service at regular posts, stations, supply depots and air stations.

Plan Made to Dedicate New Plant Sunday

BULLLEY, Oct. 22—Plans have been completed for the dedication of the new, modern building of the Jerome Cooperative Creamery at 2:30 p.m. Sunday. The new brick building is located on the north bank of Snake river, just one-half mile north of the Burley city limits.

The new structure, which replaced the old creamery destroyed by fire in the fall of 1943, will combine the functions of both the Rupert and Burley plants. The building, started last year, was constructed at a cost of approximately \$60,000.

The dedication service will be combined with an open house, to which the public is invited to inspect the building. The cooperative will serve cheese, crackers, cream and a hot drink to all visitors. Refreshments.

Parking of cars will be in charge of Scout troop 97, Heyburn, and E. M. Myers, Scoutmaster. The flag raising ceremony will start at 2:30 p.m. with DeLoe Slocum in charge of the Scoutmaster. A prayer will be given by Charles Clark.

Albert Jagels, master of ceremony will give a short talk, and the program will include speeches by Mayor B. Myers, Deputy Mayor Henry Brezale, Rupert; Marvin Neuman, president of Challenge product; E. E. Evans, general manager of Challenge, and Raymond Snyder, president of SICE, Albion.

The Jerome Cooperative Creamery was founded in 1915 and has grown into one of the largest farmer-owned dairies in this area. In inviting the public to the ceremony, Ross stated: "This modern new building is the first of Snake river will consolidate activities of the organization formerly carried out at Burley and Heyburn. The consolidation is expected to result in substantial economies through greater efficiency in the various operations affected, including the transportation of milk by modern trucks to the existing diversified facilities of the organization at Jerome and Burley. The new building is located conveniently to serve the patrons and consumers of both Minidoka and Cassia counties."

Hospital Cash Is Weiser Drive Aid

WEISER, Oct. 22 (AP)—A drive to raise \$72,000 for construction of a new hospital here was announced today by Mayor Robertson Smith. The government has already approved an appropriation of \$12,000 to pay one-third of the hospital's construction costs in Washington county and the city of Weiser must put up the other two-thirds of the cost, Smith said.

Total cost of the hospital, including construction and equipment, has been estimated at \$70,000.

Old Pals Rescue Henry After Sad Encounter With Buddhas

By HENRY McLEMORE
SHANGHAI, China—When we first got to Shanghai we checked in at the Cathay hotel on the corner of the Bund and Nanjing road. We had been told that it was the best hotel in Shanghai, and no doubt it is, but all the same it has a few quirks.

We were assigned a single room on the same side as the Yale bowl, and the charge clerk evidently was playing square foot.

Had we stayed here a full week I should have had to take up rickshaw pulling and peddling as a job as an apprentice coolie.

I don't know how many rooms the old creamery destroyed by fire in the fall of 1943, will combine the functions of both the Rupert and Burley plants. The building, started last year, was constructed at a cost of approximately \$60,000.

The dedication service will be combined with an open house, to which the public is invited to inspect the building. The cooperative will serve cheese, crackers, cream and a hot drink to all visitors. Refreshments.

Parking of cars will be in charge of Scout troop 97, Heyburn, and E. M. Myers, Scoutmaster. The flag raising ceremony will start at 2:30 p.m. with DeLoe Slocum in charge of the Scoutmaster. A prayer will be given by Charles Clark.

Albert Jagels, master of ceremony will give a short talk, and the program will include speeches by Mayor B. Myers, Deputy Mayor Henry Brezale, Rupert; Marvin Neuman, president of Challenge product; E. E. Evans, general manager of Challenge, and Raymond Snyder, president of SICE, Albion.

The Jerome Cooperative Creamery was founded in 1915 and has grown into one of the largest farmer-owned dairies in this area. In inviting the public to the ceremony, Ross stated: "This modern new building is the first of Snake river will consolidate activities of the organization formerly carried out at Burley and Heyburn. The consolidation is expected to result in substantial economies through greater efficiency in the various operations affected, including the transportation of milk by modern trucks to the existing diversified facilities of the organization at Jerome and Burley. The new building is located conveniently to serve the patrons and consumers of both Minidoka and Cassia counties."

The Broadway mansion commanded a fine view of the Shanghai harbor and the city, but the finest sight to be seen there is Gen. Clifton B. Cates, commandant of the marines who fought in World War I, tremble in the presence of his lovely, tiny Chinese General Chen.

Chen's eyes often cast at the correspondent's mess, and while he appears terribly in love he appears terribly frightened of the doll-like Mrs. Chenmahl. When she speaks, the husband-billion 200 million dollars as if he were a public private and a three-star general had issued him an order.

I met the general, thanks to a bottle of Tabasco sauce. Being an order.

BACKACHE

Is nature's warning that something is wrong and you should not neglect it. IT COULD BE ONE OF THE STRAINED SACRO-ILIAC JOINT or ligament, misplaced spinal disk, or loose kidney caused by sagging stomach which reduces their support from the inside.

We make to order and have modified types of our own mixtures to meet your individual need. Ask your Doctor.

Cotton Firm Sales Above \$28,000,000

WASHINGTON, Oct. 22 (AP)—The cotton firm of Anderson, Clayton and company, sold more than \$28,000,000 worth of cotton to China and France during August, the economic cooperation administration reports.

The firm's 280 deals for cotton, cotton seed cake and Brazilian peanut cake led all companies in the number of transactions financed by ECA during the month.

William L. Clayton, former undersecretary of state and now an adviser to Secretary George C. Marshall, once was board chairman of the company. His present position is that of a stockholder. He resigned the board chairmanship when he went to work for the government in 1940.

Cardinal Hlond opposed both communism and nazism in Poland. On Oct. 20, 1946, he declared the Catholic church's opposition to the Polish government and endorsed the Vice Premier Stanislaw Mikolajczyk's Polish peasant party.

Then, in April 1947, the cardinal urged the Polish people to oppose the government's "atheistic" policies which he said was trying to "replace the worship of the Creator with the cult of the creature and worldliness."

The prelate had been primate of Poland since 1926.

GET MORE POUNDS GAIN FROM YOUR GRAIN AND ROUGHAGE

Balance with PURINA STEER FATENA

You feed cattle to make money... and the more pounds of gain you get from your grain and roughage, the more money you can make.

Feedlot tests prove that Purina Steer Fatena makes grain put on more pounds gain. At the Purina Research Farm it took 117 pounds less grain to feed 100 pounds of gain than with a single protein supplement. And hundreds of cattle feeders also report top results: proof that Steer Fatena pays off in the feedlot—pays off in saving grain.

So, before you buy feed ask us about Purina Steer Fatena. It's priced right for profit!

Then try Retonga. This is the green, green tonic that has helped countless thousands of men and women feel better than in years, gives you strength, and again enjoy life to its fullest.

Retonga's special formula of notes, herbs, and bark, combined with Vitamins B-1, B-2, B-6, and C, helps you gain strength, energy and weight. It wakes up lazy gastric juices in the stomach, aids appetite and digestion. It helps nature remove poisonous waste from the bowels and brings prompt relief from pounding muscular aches, nerve-racking restlessness and nervous irritability.

Don't go on dragging around without organic reason. Take Retonga. Buy your first bottle with this iron-clad guarantee: If you don't rest, sleep, feel and look better and stronger, its small price will be cheerfully refunded. You alone are the judge. You can get Retonga at all good drug stores everywhere.

Poland's Catholic Chief Succumbs

WARSAW, Oct. 22 (AP)—August Cardinal Hlond, Catholic primate of Poland, died at 10 a. m. today after undergoing two operations for appendicitis.

He was 67. Cardinal Hlond opposed both communism and nazism in Poland. On Oct. 20, 1946, he declared the Catholic church's opposition to the Polish government and endorsed the Vice Premier Stanislaw Mikolajczyk's Polish peasant party.

Then, in April 1947, the cardinal urged the Polish people to oppose the government's "atheistic" policies which he said was trying to "replace the worship of the Creator with the cult of the creature and worldliness."

The prelate had been primate of Poland since 1926.

ATTEND MEETING

OAKLEY, Oct. 22—Lloyd E. Smith, Roosevelt H. Hale, S. Veri Clark and Edward Ward attended the Snake River council, Boy Scouts of America, meeting in Twin Falls.

The word esteveo comes from the Spanish word estevador meaning packer.

AWARDED MEDAL

BULLLEY, Oct. 22—Chief Warrant Officer Carl R. Carle has been awarded the occupation medal in Japan, according to word received here. He entered the army Jan. 29, 1938. He served with the 4th Infantry division in the European theater prior to his present duties as motor officer for headquarters, 12 corps.

Colds

Prevents colds, cures, relieves, soothes and breaks with confidence.

Wallace Says \$100 Weekly Pay Possible

NEW YORK, Oct. 22 (AP)—Henry Wallace last night said that "America where the average worker can earn \$100 a week and where the streets are cleaner than in any other 'average worker'."

"Some will tell you that is impossible," the progressive party candidate said in a speech on the American Broadcasting company network.

"But I say it can be so if we plan for it in the same routine way that men in Washington and Albany today are planning for war."

"Fearless Planning"

Saying such an America could be achieved by "fearless planning for abundance, not scarcity," Wallace continued:

"I know something about this question of planning because I personally planned to produce abundance in the corn and wheat and I saw this dream come true."

"I know that it is possible in 10 years to double the output per hour of labor on all the farms of the world. All that is required is a plan to do it and a will to do it."

"But it cannot be done by the men who sit in high places in Washington and Wall street. They are not interested in such plans. These apostles of scarcity protect their vested interests."

"Carbing Atomic Use"

"They are doing their best to keep atomic energy out of effective peace time use. They are doing their best to prevent the use of the backward areas of the earth."

"I say we can get \$100 a week but we cannot achieve this goal unless the productivity of the entire life is stepped up. This will take planning, not through the government, the establishment of a super-normal granary through the U. S. This will mean making available American technology to every country in the world—including Russia."

State Eyed as 'Fertile Field' Of 3rd Parties

By BOB LEIGHT

BOISE, Oct. 22 (AP)—Idaho, traditionally a fertile state for the rise of third parties, is eyeing what affect the Progressive party of Henry A. Wallace and Olen H. Taylor may have on the Nov. 3 election.

The Idaho senator has a large personal following throughout the state and is expected to attract numerous votes from the Democratic party ranks. The extent of his personal "pull" will not be known until the votes are tabulated.

Gen. state voters throughout history have given the third party candidates considerable support.

Supported Popularly

In 1922, the first presidential election in Idaho, the state gave its electoral votes to a third party candidate—James Weaver, a Populist.

The elder Bob-LaFollette, running as a Progressive in 1924, outpolled the Democratic candidate, John W. Davis, by more than two to one. Republican Calvin Coolidge won the Idaho election with 69,870 votes to 54,160 for LaFollette. Davis polled 24,250.

7,684 Votes in 1938

In the depression-afflicted 1938 election, William Lemke, union-party candidate, gathered 7,684—about three and one half per cent of the total vote cast. That margin is capable of winning most elections in the Gem state.

Political observers estimate that the Wallace-Taylor ticket will poll about 10,000 votes in Idaho. Progressive party supporters claim a much larger vote.

In the past two presidential elections only a handful of voters cast ballots for third party candidates.

Air Chief

Air Marshall Soper James Robb, above, has been named commander-in-chief of western Europe's air force. Robb will serve on the staff of Major R. Carson Smith and other civil figures, who arranged a testimonial dinner for the Martins.

Youthful Pledge Fulfilled by Son After 40 Years

SANTA ANA, Calif., Oct. 22 (AP)—Plans-Building Glenn L. Martin has fulfilled a promise made 40 years ago to his mother.

He promised her then that "some day, well fly across the country in one of our own planes."

Yesterday Martin and Mrs. Minta Martin, his 84-year-old mother, landed at El Toro marine base near here after a leisurely cross country flight. The flight was made in a Martin 2-0-2.

It was at Santa Ana that Martin built his first plane and where his mother showed her confidence in him by going aloft in the trail contraption of wood, bamboo and muslin.

As her son loved to build his first plane, she often held a kerosene lamp for him so that he could work on it. That was about 1909.

The mother and son were met at the airport by Mayor R. Carson Smith and other civil figures, who arranged a testimonial dinner for the Martins.

Gems Impounded After Air Crash

PRESTWICK, Scotland, Oct. 22 (AP)—Diamonds worth an estimated \$40,000 to \$60,000 and 10,000 watches found in the wreckage of a KLM airliner were impounded today by Prestwick customs officers until their owners can be traced.

The four-engined Dutch Constellation crashed near the airport early yesterday morning, killing 39 of the 60 people aboard.

The shipment of watches was listed on the plane's manifest. The diamonds were not. A KLM official in London said the diamonds apparently were shipped by registered mail instead of as freight and mail would not be manifested.

A KLM statement denied published guesses that the diamonds were being smuggled. One of Holland's major industries is diamond cutting, and shipments of stones leave there regularly.

Sweet

PITTSBURGH, Oct. 22 (AP)—Hospital attendants said today that a 10-month-old boy who swallowed \$18 worth of perfume might be the sweetest baby in town for a while but would probably pay for it with a case of hives.

Kane, son of John J. Kane, Jr., Democratic congressional candidate, swallowed the contents of the bottle he found in a dresser drawer at his home taken to a hospital for examination.

New 'Ultrafax' Device Speeds Up Messages

WASHINGTON, Oct. 22 (AP)—A new system of communication that makes use of international television and radio mail sent at a rate of a million words a minute has been demonstrated for the first time.

It is a combination of radio, television and photography. It is known as ultrafax.

Showing that it has reached the state capital, the public can be made, the 1047-page novel "Gone With the Wind" was transmitted word for word in its entirety in about two minutes. The distance was about three miles—from a studio in a hotel to the library of congress.

Firms Develop

Ultrafax is a development of the Radio Corporation of America in cooperation with the Eastern Kodak company and the National Broadcasting company. The new system, combining the use of television and radio, transmits with the speed of light—185,000 miles a second.

Brig-Gen. David Sarnoff, president of RCA, stated numerous possibilities opened up by the new system, including a new radio-mail system with pictures, and a new system of the post office department.

Fast Mail Flow

The system, he pointed out, has the potential of delivering the equivalent of 40 tons of mail in a single day at "relatively low cost." That would be 12,000,000 letters of one word each.

Messages, letters and documents could be beamed through the air, received and reproduced as exact duplicates of the originals.

"We would, of course, have to add hands and feet to this winged messenger," Sarnoff said, "in order to provide a pickup and delivery service that corresponds to our present mail system."

Relay System Used

Ultrafax used the micro-radio relay system in which relay stations are located about 30 miles apart. They receive television broadcasts and "bounce" them along to the next station.

Such a system already is in operation between New York and Boston, and other networks are being installed. As to getting television across the ocean, Sarnoff said airplanes now flying constantly over the route could carry portable relay stations.

Work Is Resumed At Chrysler Plant

DETROIT, Oct. 22 (AP)—Production resumed at the Chrysler corporation's main Dodge plant today after a one-day wildcat strike ended at 8:00.

But a dispute affecting 60,000 United States Rubber company employees kept that plant shut down for the second day.

The Dodge plant workers were sent home yesterday after 24 men in the trim department walked out in protest of disciplinary action against a foreman, Raymond Wray.

The trouble was settled in time for afternoon shifts to report yesterday.

COMPLETE VISIT

CECIL DRAW, Oct. 22—Mr. and Mrs. Hugh McGuire have returned from LeGrande, Ore., after visiting their brother, Connie Moore, and relatives.

Ex-Convict Taken From Celebrities

NEW YORK, Oct. 22 (AP)—A 23-year-old former convict was being held without bail today for an Oct. 22 hearing on charges of kidnapping the Albert Einstein, the singer, and screen actress Gene Tierney.

Assistant District Attorney Paul P. Reilly identified the man as George Field and said he had admitted being in the 40 to 50 Manhattan apartments of articles identified by Reilly to be written by the Niesen and Tierney apartments were insured for \$100,000.

Reilly said articles taken from the Niesen and Tierney apartments were insured for \$100,000. Niesen last night recovered an estimated \$11,000 worth of jewelry left in a taxi cab after a trip here to examine some of the gems allegedly stolen from her New York apartment.

The jewelry was returned to Miss Niesen by Mrs. James Vandenberg, who said she got into the taxi cab which the singer left and found her handbag with Miss Niesen's identification in it.

Decree, Property Awarded in Court

Vendy was awarded a decree of divorce from H. G. Hayes, Thursday in Judge Hugh A. Baker's district court on the grounds of extreme cruelty.

She was also awarded real property located in Twin Falls and all furniture, dishes, bedding, cooking utensils and appliances in the above mentioned property; a note of \$1,000, which \$10,000 has not been paid plus interest to be secured; a mortgage on other real property in Twin Falls in the sum of \$26,000 to be paid in monthly installments of \$150; \$1,200.50 in cash, and an automobile.

Hayes received as his portion other real property in Twin Falls and all merchandise, stock, furniture, poultry supplies, feed and equipment used in his business; three horses; livestock; poultry; brooder houses; all grain, straw, hay and beans; two tractors; all cash on deposit in banks; all war bonds; two pickup trucks and one Jeep.

LAME BACK CORRECTION

Is pleasant and painless. Backaches may be associated with rheumatism, arthritis, lumbago, sprains and kidney disorders. If you have tried everything else try adjustment on other real property in Twin Falls in the sum of \$26,000 to be paid in monthly installments of \$150; \$1,200.50 in cash, and an automobile.

Lincoln PTA Hears Report Of Unit Work

A comprehensive report of work of the Twin Falls citizens committee in the study of local schools was given by Mrs. Kenneth Whitelids at the first season meeting of the Lincoln PTA.

Mrs. Whitelids urged members to follow the results of surveys the group is making at the present time. She said an expert will be called in before final plans are approved.

Conclude Meeting

Mrs. Warren Skinner, study group chairman, conducted the meeting. Mrs. James Vandenberg spoke on the psychology of the school age child when his feelings are hurt deeply.

"Much maladjustment, frustration and unhappiness to be seen in adults can be traced back to feelings that were hurt in childhood," she said.

Mrs. Vandenberg cautioned parents on four factors which could cause hurt feelings in childhood, favoritism, competition, sarcasm and discrimination.

Discusses Trouble

Mrs. Eberstman discussed lesson trouble, saying it is a challenge to both the parent and teacher to discover the underlying cause of the difficulty. Parents should make an effort to learn the policy of the schools concerning homework, she said.

Parents, she added, should be alert to any defects in the child's vision, hearing or speech which may be the basic cause of lesson trouble.

General discussion followed during the social hour and refreshments were served.

Commissions for Officer's Reserve Corps Now Open

Capl. Leo R. Sumpter, Jr., unit instructor for the organized reserve corps in Pocatello, has announced that commissions in the officers' reserve corps are now open to the following:

1. Individuals who served on active service in any component of the army of the United States between Dec. 7, 1941, and June 30, 1947, in the grade of warrant officer or in one of the first three enlisted grades who have a high school education.

2. Individuals who served a period of one year or more on active duty in any component of the army of the United States between Dec. 7, 1941, and June 30, 1947, in grades four to seven inclusive who are graduates of accredited colleges or universities.

Applicants must be between the ages of 21 and 32, citizens of the United States, and possess a high moral character.

Other captives have reported the following: Ted Larsen \$128; Glen Kumau, \$33; Curt Fackell, \$123; Or-

Report Given On Drive for Scout Money

BURLEY, Oct. 22—The 1948 Scout campaign will hit a new high this year with \$2728 pledged by 416 subscribers, less than half of the contacts to be made, according to the Burley district finance chairman, Albert Carter.

A meeting will be held with Campaign Chairman Palmer Saterstrom, Vice Chairman Jim Roper, Scout Executive Herbert R. West and Carter next Friday to plan the rest of the campaign.

Because of harvest work, four rural teams have not reported yet. The top team in Burley is led by Ed Frank with \$156.23. The leading team of the campaign is DeLo, Clarence Phillips, captain, with \$185.

Other captives have reported the following: Ted Larsen \$128; Glen Kumau, \$33; Curt Fackell, \$123; Or-

School Board Airs Reports; Teacher Quits

RUPERT, Oct. 22—Reports on a census of school children, resignation of a teacher and a discussion of progress on sale of unused school property highlighted the meeting this week of the board of trustees of Minidoka county unit No. 331.

Clerk Les Merrill presented the district's financial report and outlined progress in the disposal of unused property. He said the former Walcott, Big Bend and Lincoln school district properties have been duly advertised for sale and prepared for transfer following the public auction at the school offices at 10 a. m. Oct. 22.

Teacher Resigns
The resignation of Mrs. Erma Dean as second grade teacher at Pershing school was accepted and Mrs. Virginia Short, Rupert, was named to fill the vacancy.

H. V. Creason was retained as attorney for the school district.
Supt. Don Dufore reported a school census is being taken to have a complete check on all children under 18 years old in the district. He said a map would be prepared showing the location of all pre-school and school children in the district. The information will be used in planning use of existing units and planning for future needs.

Outline Plans
Asst. Supt. Evelyn Gravelle outlined plans for an in-service program for Minidoka county teachers and principals to be held at the school. He also reported on progress in planning possible adult education courses.
Arrangements were made to excuse students urgently needed in harvest work even though harvest vacation ended Wednesday.

44 Victory Fetes Slated by GOP, 1 in Each County

BOISE, Oct. 22 (AP)—Plans for 44 victory dinners—one in every Idaho county—have been announced by Sen. H. H. Hinshaw, Republican state chairman.
Hinshaw said the dinners Oct. 29 would be attended by the county chairmen and other county workers and everyone of the 834 precinct committeemen and committeewomen.

The meetings will be administered by Gov. Earl Warren, the Republican vice presidential candidate; Sen. Henry O. Dwarak and Congressman Abe Clift and John Sanborn.

The three Republican delegation are candidates for reelection.
Hinshaw said arrangements have been completed for the program to be broadcast over a network taking in every one of Idaho's 19 radio stations.

Barkley Flays GOP View on Laboring Men

NEW YORK, Oct. 22 (AP)—Sen. Allen W. Barkley, Democratic vice presidential nominee, accused the Republican party last night of regarding working men "as a human beings but simply as fuel for the mills of industry."
In a speech at a CIO-PAC rally in Carnegie hall, the Kentucky senator said the GOP "has an anti-labor, anti-public record that condemns itself and the party responsible for it in spite of all the hypocrisy with which they have sought to obscure it."
Barkley called the Republican party "the political arm of the National Association of Manufacturers" and said its entire record is "one of responsiveness to the demands of the lobbies maintained by big business and of indifference to the needs of the people."
The Republican-controlled 80th congress, he said, rejected President Truman's plea for an increase in minimum wages, for extension of social security benefits and for legislation to curb inflation.
"They save you the Taft-Hartley act," he said. "Gov. Dewey claims that this act brings the Wagner law up to date. But the working men and women know that it actually restores the abuses suffered by workers in the dismal twenties, abuses which the Wagner act was designed to eliminate."
Barkley said the Democratic party is pledged to repeal the Taft-Hartley law and "correct the basic ills that lead to industrial strife, rather than simply suppress protests against those ills."

VISITS NEW YORK
CEDAR DRAW, Oct. 22—Mrs. Marquette McDonnell has left for New York to visit her daughter and son-in-law, Mr. and Mrs. Robert Leary. She will be gone several months.

Final Honor Paid Allen Kohntopp

Graveside military services were held for Allen O. Kohntopp at 2 p. m. Thursday at the Sunset Memorial park.
The Flier American Legion was in charge, with the Rev. J. D. Wilford, chaplain officiating.
Palibearers were Alfred Theener, Elmer Reicher, Henry Orbel, Jr. and John Orbel.

Less Polio Cases Reported in State For Current Year

BOISE, Oct. 22 (AP)—So far this year there have been 101 fewer cases of infantile paralysis in Idaho than during the same period last year.
The state department of public health today reported four new cases during the first three weeks of October.
This brings the 1948 total to 87 cases. There were 198 for the corresponding period in 1947.
Ada, Bear Lake, Donnellville and Teton counties each reported one case during the past three weeks.
John W. Wright, director of vital statistics, said "the number of cases of the disease reported this year have been extremely scattered throughout the state and can be considered about normal when compared with the 235 cases reported in the 1947 epidemic."

**Thomas Says U. S.
Has 135,000 Reds**
ALLIANCE, N. J., Oct. 22 (AP)—Rep. J. Parnell Thomas, R., N. J., estimated today there are between 115,000 and 130,000 communists in the United States.
The chairman of the house committee on un-American activities said in a telephone interview at his home that only about 75,000 of this number actually hold party cards, but the others "are just as active communists."
Thomas suggested passage of legislation to bring the communists out in the open.

Legion Units Pick Officers At Conclaves

MIAMI, Fla., Oct. 22 (AP)—Auxiliary units of the American Legion today had chosen new officers for 1948. This year 20 men in 17 auxiliaries named Mrs. Hubert A. Good, Portland, Ore., as president. The 40 or 8 Society named Harold J. Riley, Detroit, as chief de chémin de fer (commander).

The Legion Women's organization also selected the following five national vice presidents:

Mrs. E. R. Kelly, Buffalo, N.Y.; Mrs. Harry C. Mulder, Hammond, Ind.; Mrs. William Kashman, Hartford, Conn.; Mrs. El Bennett, Little Rock, Ark.; and Mrs. H. C. McShane, Salt Lake City.

Mrs. William H. Hagerty, Washington, D. C., was elected national historian and Mrs. J. Pat Kelly, Atlanta, Ga., national chaplain.

The auxiliaries received Mrs. Owendolfe Wiggins MacDowell, Story City, Ia., secretary, and Cecilia Aik, Indianapolis, Ind., treasurer.

Riley was named head of the Legion's anti-smoking groups by a unanimous vote at the 40 and 8's closing convention session Wednesday.

Six sous chefs de chémin de fer (vice commanders) were also chosen, including Rulo Hume, Little Rock, Ark.; Clarence E. Smith, Raleigh, N. C.; Max Bernbers, Omaha, Neb.; John W. Wynne, Burlington, Vt.; Charles E. Pierzi, Casper, Wyo.; and R. S. Timmons, Portland, Me.

The Rev. Thomas Lawless, Wilmington, Del., was elected summer national chaplain and Phil E. Clements, Indianapolis, Ind., was chosen historian.

Grocer Views Lower Prices On Groceries

CHICAGO, Oct. 22 (AP)—Housewives will soon be able to buy larger quantities and a greater variety of food for less money, a grocery executive said today.

Paul R. Willis, president of Grocery Manufacturers of America, Inc., said gradual declines in food prices and a continuation of high incomes should result in a rosier future for the housewife.

"It seems probable that the people will soon discover that weekly grocery bills are well in line with family income and therefore can be expected to maintain their interest in the eating of good food," he said.

Police Declares Taylor 'Laughed'

NEW ORLEANS, Oct. 22 (AP)—Progressive party vice presidential candidate Gen. Glen Taylor of Idaho today claimed Jacksonville, Fla., Grand champion cow, Elders Barnar, also owned by the Gabeur ranch, Prairie City, Ore., is pictured with the ranch manager, Dick Richard. Sale of the Aberdeen-Angus cattle was scheduled for 1 p.m. Friday. A show of Hereford cattle in the annual futurity and range bull sale was slated to begin at 3 p.m. Friday with the sale scheduled for 11 a.m. Saturday, at the Twin Falls Livestock Commission company's stockyards. (Staff photo—engraving)

Willis said that the national defense program, the farm price support program and the European recovery program all will tend to keep the nation's general economy on a high level, however.

"We produce ample quantities of food in the next 12 months and there is evidence that the American people will have plenty of food with which to buy them," he said.

Smallest Profit Margin

He added that the grocery industry operates on the smallest profit margin of any industry in the nation, and that grocers have been trying to be as efficient as possible in order to mark down prices wherever they can.

He compared prices of specific food items in August, 1947, and September, 1948, and said many foods have remained stable in price or even have dropped.

Certificates for Awards Available

Maj.-Gen. Edward F. Wittell, adjutant general, department of the army, has advised all holders of World War II military decorations that they may obtain certificates attesting to the awards by writing directly to him.

Medal winners will receive certificates of the diploma type, each bearing a replica of the decoration for which it is granted.

Winners of decorations should address their requests for certificates to the adjutant general, department of the army, Washington 25, D. C.

\$33,333.33 Is Given for Bull Calf at Auction

KANSAS CITY, Oct. 22 (AP)—A record price of \$33,333.33 was paid in private sale here yesterday for a 10-month-old bull calf, S. O. Symbol Seth, by the Combe and Worley ranch of Panola, Mo.

The bull calf, which was named reserved champion of the 1948 Hereford show at the American Royal livestock show, was owned by the Suncrest Hereford ranches of Gunnison, Colo., and Phoenix, Ariz.

Officials of the American Hereford association said it was the highest price ever paid for a junior bull calf.

In the American Royal fat and feeder carlot sale held here today, a record price for a carlot of feeder cattle of \$35.50 a hundred pounds was paid for 20 head of 300-pound Hereford calves consigned by Fred de Borard, Kremmling, Colo.

High price paid for the grand champion carlot of fat cattle owned by Karl Hoffman, Ida Grove, Ia.

Kellogg Man Is 100F's Leader

POCAHELLO, Oct. 22 (AP)—Albert J. Graf, Kellogg, was installed as grand master of the Odd Fellows lodge at the closing sessions of a five-day grand lodge convention.

Other officers installed to grand lodge officers are:

W. W. Rhodenbaugh, Middleton, deputy grand master; Volney Watts, Pocahello, grand warden; Presley F. Horne, Caldwell, grand secretary; G. A. Hagen, Moscow, grand treasurer; Fren Moore, Moscow, grand; and sold to the Williams Meat company.

Sensitive for two-year term; Ed T. Guroy, Koonka, grand representative for one-year term, and Earl R. Baird, Caldwell, member of the home board for three-year term.

Star for the 1948 convention was not announced but there was a strong indication it would be held at Kamus with a dedication of Caldwell of the new Odd Fellows historical building there.

Bruins to Tackle Tough Pocatello

Hoping to avenge a 31-8 defeat at the hands of Pocatello High school last year, the Twin Falls Bruins will play host to the Bannocks in a Big Six conference game at 8 p.m. today at Lincoln field.

Coach Hank Powers will send his team into the game without the services of six men, including two regulars. Definitely out of the lineup are Coach Powers' captain Duane Bell, left end, and right guard Bobby King.

Pocatello will enter the game with an slight edge over the Bruins. On the basis of last season's performance, the Bannocks are rated as the best team in the league.

In the Big Six competition, Twin Falls downed Boise 14-6 and lost to Nampa 14-7. Pocatello, in its conference games, defeated Nampa 35-6 and Boise 21-0, but lost to Caldwell 6-0.

Montanians defeated Coach Powers' team in the Bannocks have downed Teton, Mont. 7-0 and Pocatello 13-0.

Coach Powers has his grimace over the practice field Thursday afternoon, and instead went over Pocatello offensive and defensive lineups.

Powers is planning to start four in line on the line. Duane Bell and Palash will get the starting call at guard. Bell may see action at fullback in case of a touchdown. He has practiced seven consecutive extra points for the Bruins.

Reserves Sideline
Reserves who are not slated to see action because of injuries are tackle Felton and Ellsworth, quarterback Leopold and fullback Morris.

The contest will be the only one in Big Six play over the week-end. Twin Falls and Nampa will be inactive and Caldwell will travel to Emmett.

Question Raised - On Nevada Negro Football Players

TULSA, Okla., Oct. 22 (AP)—The University of Tulsa put up to Nevada Thursday whether the Wolf-pack plays two Negro members of its football squad in the school's game here Saturday.

Dr. C. I. Pontius, president of Tulsa, said there was nothing in the school's contract to prevent their playing, and the decision "is the prerogative of the University of Nevada."

He said, however, that Nevada "is a part of the traditional background of intercollegiate athletics in the state of Oklahoma." Tulsa will abide by the contract, he added.

The Nevada squad was reported en route here by plane with the Tulsa squad in the school game here Saturday.

Intercollegiate athletic teams have played against Negroes in games away from home. It Howard and Tabor set up the contract, he added, however, they will be the first of their race to perform against a hurricane squad.

University officials said they knew of no state law that would bar the Negroes out of the Nevada lineup.

McCall Chamber to Stage Ice Carnival
McCALL, Oct. 22 (AP)—The McCall Chamber of Commerce will sponsor a winter sports carnival to be held on the ice of Payette lake Oct. 23 and 24.

The Dog Musher club of Ashton will provide slush dog teams for a new sport. Other events will include slush-joring, snowshoe races and cutter races.

SICE Panthers Prepare for Weber

Gene Bledsoe, Duhl, left, left halfback and co-captain of the Southern Idaho College of Education football team, and Warren Okleberry, right guard, are shown above as they will look to Weber college's gridders Saturday. The game between SICE and Weber will feature the annual homecoming events on the Albion campus. The Panthers are undefeated in conference play. (Staff engraving)

SICE Meets Weber In Homecoming Tilt

SOUTHERN IDAHO COLLEGE OF EDUCATION, ALBION, Oct. 22—Alumni attending homecoming Saturday at the Southern Idaho College of Education will watch their Panther football machine tangle with Weber college from Orford in a conference game.

The Panthers will be pointing for their third conference win, while the Utah team will be trying to get back into the win column after losing to Boise Junior college last week 12-0. Statistics give Weber a slight edge over the Albion team. Both have lost and defeated Carbon college, Price, Utah. The Panthers won by a 27-7 score and Weber 38-6.

After losing their first game, the Panthers will be trying to get back with three straight victories. In addition to Carbon, the Panthers have wins over Eastern Oregon College of Education, 40-20, and Ricka college, Heppner, 37-6.

Coaches Gene Cooper and Ernie Cranner scouted the Weber eleven last week in Boise. Weber runs from a T formation. Three SICE blocking backs, DeWard Bell, Max Heiser and Ron Topp, may slip the game because of old injuries. Others on the injury list who may not see action are urday are Bob Switzer, 245 pound tackle, and Art Gambelin, end and co-captain.

"In Bad Shape"
However, Coach Mill Mechem of Idaho, SICE says the team is in bad shape for its meeting with SICE, according to the Associated Press.

Mechem said, "We are a crippled outfit after the treatment Boise gave us last Friday. If anybody gets hurt against Albion, we'll be in a bad way."

Smechem said the Albion team is expected to give plenty of trouble. He said the Idahoans are bigger than the Boise squad.

Nebraska Pigskin Coach to Remain

LINCOLN, Neb., Oct. 22 (AP)—Nebraska Athletic Director and Football Coach George (Potsy) Clark Thursday termed "just a lot of good news" a report that Iowa State College Coach Abe Stuber would sign as Nebraska football coach.

Clark's statement was in comment on a Des Moines Tribune story saying Stuber was expected to resign "voluntarily" that Stuber would take the Nebraska football post at the end of the current season.

Clark said Nebraska does have plans for the future when he may also down as coach to devote himself entirely to the job of athletic director. But, he said, names of any coaching candidates who may have come up for discussion have "never been revealed."

The current athletic director, chairman of the Nebraska athletic board, said he had "never heard it mentioned before" that Stuber had resigned. "It is news to me. I haven't given it a thought."

Experts Pick Top Teams To Repeat in Grid Battles

NEW YORK, Oct. 22 (AP)—Unlike most years, when this football forecasters' average shrinks from week to week, the 1948 season has resulted in a steady increase. With a four-week percentage of 762 on 240 correct predictions and 79 misses, they still plenty room for improvement. Here we go again: Minnesota vs. Michigan—Minnesota, still trying to recover from its loss to Northwestern, will be shooting for the Pasadena assignment but the Wolverines will be at top strength for the first time this year. Nothing short of over-confidence can stop them, Michigan.

Mike Jacobs Backed In Boxing Squabble

NEW YORK, Oct. 22 (AP)—The millions of the Madison Square garden corporation are riding on Mike Jacobs' boxing club in its boxing war with the Tournament of Champions.

"Full support to the limit of the garden's resources—which are considerable," was promised the 20th yesterday by Ned Irish, the garden's executive vice president.

The board of directors of the Garden corporation lists some of the most important business men in America. Among the more prominent are Bernard Gimbel, Walter P. Chrysler, Jr., James Norris, Floyd B. Orlum, John D. Gertz and Sidney J. Weinberg.

Irish's statement backing up a lenient and sometimes co-sponsor was not too surprising, but the timing was perfect. There have been hints from some sources that the Garden might be content to operate on its own after Jacobs' lease expires in two years.

"The Garden has no intention of returning to the promotion field in boxing," said Irish. "We feel it is in complete hands. We could not improve in any form whatsoever."

The board of directors has every intention of giving every support within the limit of our resources to make certain that boxing in the Garden continues to be the bellewether of all boxing and that the Twentieth Century Sporting Club will continue to operate for the entire duration of its lease and we hope many years longer."

A program to solidify the 20th's leading position, has been revealed in plans for an extensive farm system to develop new talent.

No Elk

CEDAR, DRAW, Oct. 22—Leo Crown has just returned from an elk hunting trip with a buck and a cougar and a cougar no elk.

Crown, who has hunting south of the Selway forest on Indian creek, had the cougar on a trail. He said the cougar was a yearling and he had shot it with a .243.

The cougar weighed about 200 pounds and was seven feet long. Crown said.

Cleveland Browns May Lose Mentor

CLEVELAND, Oct. 22 (AP)—Paul E. Brown, coach and general manager of the Cleveland Browns, will resign as chief of the All-Americans football conference champs and return to the intercollegiate field in 1949.

That's a flat statement, and probably "Precision Paul" would not confirm it, but folks closest to Brown said he'll be off in a few days.

It's a flat statement, and probably "Precision Paul" would not confirm it, but folks closest to Brown said he'll be off in a few days.

Dafoe Sounds Pleas to Okay 2 Amendments

LEWISTON, Oct. 22 (AP)—The president of the Idaho Education association today has sounded the battle-cries for teachers of the state. Don Dafoe, Rupert, last night called on teachers of northcentral Idaho to "vote school administration out of politics on Nov. 2."

He spoke at an education conference here and referred to the two school amendments to the state constitution to be voted on in the general election.

"Work Hard"
Dafoe told the education conference to "work hard for popular passage of the two amendments, five and six, which were passed by the Idaho legislature last year and placed on the ballot."

The two amendments would eliminate the constitutional offices of state superintendent of public instruction and county school supervisor.

Recommended in Report
They were recommended in the Peabody school commission survey of 1943-46 as part of the overall school reorganization program.

Dafoe pointed out that both of the amendments had been recommended by the IEA, the Parent-Teachers association and the Association of County School Superintendents.

Harvest Ball to Be Held Tonight Following Game

False ceilings and walls of bright chrome paper will decorate the gymnasium of the Twin Falls high school at the annual Harvest Ball tonight, sponsored jointly by the Future Farmers of America and the Future Homemakers of America, the dance will feature official colors of both organizations, red and white of the FFA and blue and gold of the FFA.

The dance will begin following the Twin Falls-Pocatello game. Students in charge of arrangements are Melvin Jaynes and Lois Soper. FFA has charge of music, publicity and tickets, while the girls planned decorations, intermission and refreshments. Both groups have assisted on decorations.

Ation Bastian's orchestra, playing for the dance, will accompany Shirley Smith, high school vocalist, during intermission numbers. The boys' trio, consisting of Roy Ellsworth, Bill Porter and Keith Crosey, also will sing. Doughnuts and cider will be served at the refreshment table. Invitations, in charge of Marian Brewer, were sent to all members of the high school faculty. Ralph Edwards is sponsor of the FFA and Mrs. Richard R. Smith sponsors the FFA.

Bishop Talks to Episcopal Group

At their first meeting of the season, Thursday night, members of the Episcopal Men's Club heard Bishop Frank Rhea, Boise, describe the 11 weeks he spent in England last summer in connection with the Lambeth conference. The conference was originated in 1868 and are held every 10 years. Only 40 bishops from all parts of the world attended. He described numerous English cathedrals and explained the conference, before turning to the British government and visits to Ireland, Belgium and Holland.

In a question and answer session afterwards, he discussed a wide variety of facets of English life including sports, housing, recreation, politics, rationing and shortages, and other subjects.

ELK IS BAGGED
CEDAR DRAW, Oct. 22—Elko Edmonds has returned from the Goddard mountain area where he killed an elk.

HEAD TIMES-NEWS WANT ADS.

I'm sure I have at least 10 more tiny hairs than I did six months before Mary's excited phone call. "Mother, come quick!"

You can imagine the thoughts that ran through my head. Bobbie had seriously hurt, I was sure of it. In 2 minutes I made it to Mary's apartment.

And I'll never forget the picture I saw as I threw open the door. Bill (an hour late for work) sitting on the floor on one side of the room, and Mary on the other. And between them was Bobbie, standing up without support and taking his very first steps!

Well, it was a great event in our lives. At eleven months our little Bobbie was walking!

As I write this, and think about those straight, sturdy little legs, I realize I should tell you how thankful we are for Special Mornings Milk. But today—well, I'm too excited!

He chooses sweet hearts by the thousands...

Good celery has to have a heart that's sweet and tender. So that's one of the things our buyer looks for when he chooses celery. He buys celery by the thousands, is an expert at picking out stalks which will eat best.

You put this specialist to work for you when you buy celery at Safeway. Celery you find here has been selected in the growing area by our own buyer. He actually visits the fields to check quality. Only those with crisp, tender, sturdy stalks, free from defects, get his o.k.

And celery is just one example. All our vegetables and fruits are chosen with the same personal care. We go where they grow, control quality from farm to you.

Enjoy the better eating this personal selection assures. Let Safeway supply all your produce needs.
