Spud Order Said "Best" For Grower

The government order suspending federal purchases of U. S. No. 1 potatoes in Idaho is the best thing that ever happened to Idaho potato growers, in the opinion of Joe Marshall, Twin Falls.

Marshall, known far and wide as the "Idaho potato king," said potato growers would be far better off if potatoes under two inches are never shipped. He said growers would receive more for their entire crop of potatoes by selling only russets over two inches than if spuds under two inches were sold, too.

"Idaho has the best potato crop I've ever had," Marshall declared. "I have never seen a better potato crop in the state in the more than 40 years I've been here. The percentage of No. 1's is high. Growers say they're getting from 75 to 90 per cent No. 1's this year."

Marshall emphasized that there is an eager market for every bushel of potatoes over two inches. He said growers would do well to withhold all potatoes from the market, as they would result in higher prices for potatoes over two inches, prices of government.

Reps. Warren and the Idaho potato king repeated a warning in the fall of 1949, saying that his prediction issued Sept. 16, 1949, had proved Marshall warned spud growers to withhold panicle and dump the potatoes on the market. He said a price break. He urged growers to store potatoes so that they may be marketed through the season. He warned that if growers became panicky, the market would be flooded.

Meanwhile, Leo Heller, secretary of the Idaho advertising commission, said the Idaho potato growers are not to be discouraged by the concentration of supplies of high-quality potatoes, nor abrogation of the contracts with the government. He said the production and marketing of potatoes is a business and should be treated as such.

Quash Rumors The government has been told by the Idaho potato growers that the Idaho potato growers have reached the commission officials that the Idaho potato growers are not to be discouraged by the concentration of supplies of high-quality potatoes, nor abrogation of the contracts with the government.

Quota Directive "In support of the quota directive which they telegraphed from Washington which was to be effective on Oct. 31, 1949, the Idaho potato growers are laying the foundation for a new war."

Stalin Views Injected Into U. N. Debate PARIS, Oct. 30 (AP)—The Stavko bloc injected into United Nations debate today Prime Minister Winston Churchill's views on the Russian position on the American presidential campaign.

"Another Trumpet" This view was supported by British Minister of State George Morrison, who said Stalin's attitude on world affairs "is just another trumpet" and that it was time to come "back on the Russian side of the coin."

Landslide Vote Receipt of absentee ballots received during the past few days at the county clerk's office. As many as 100 absentee ballots were received at the office, Charles Broussard said, while the main ballot in the county clerk's office was 100 absentee ballots to be counted on Monday.

Newlyweds and Attendants All Octogenarians

This wedding party has 137 direct descendants, including children, grandchildren and great-grandchildren. Left to right, they are Mrs. Mary, the bride; Mrs. Mae Eggleston, the bride's attendant; Samuel Flory, the bridegroom; Mrs. Flory, the former Mrs. Mae Eggleston, and Ben Hayes, best man. All four came to the Twin Falls from 1944 and 1904. Mr. Hayes is 82 years old, while the other three members of the wedding party are all 80 years old. Mrs. Eggleston and Mr. Flory were married Saturday night at the home of the bride. (Star photo by Engstrom.)

Power Firm Plans to Ask Right-of-Way

BOISE, Oct. 30 (AP)—The Idaho power company today said it would file with the federal land board a petition for statutory right-of-way for constructing a main power line between Boise and American Falls.

The announcement came after the company gave the government the right-of-way for the proposed line. The company had refused to build the proposed line under conditions required by the federal government.

T. E. Koch, president of the company, explained the firm's refusal to proceed with the construction of the line under the government right-of-way. He said the company had sought to start the line earlier because of a great need for power in the area.

The interior department specified the company give the government the right-of-way surplus capacity of the 210-kilowatt transmission line as an integral part of the future power system of the region.

Boach said "it was our opinion the stipulations would exercise control over our property and interfere with the operation of service to our consumers."

The incorporation of these stipulations into the right-of-way agreement was required in order to insure full utilization of the line's capacity for the benefit of the people of the region, agriculture and industry.

Youth, 17, Held On Manslaughter RUPERT, Oct. 30—Lowell Perrod, 17, was arraigned before Probate Judge Jake Wall Saturday morning and bound over to district court on a charge of involuntary manslaughter in the death of William Kunk, Minidoka county agent. Kunk was driving when he was involved in a collision with the coupe driven by Perrod.

Prosecuting Attorney Laurence Duffin was assisted by George Shurtz, Fred Robertson and Paul Reinhardt, local businessmen who were members of the school's football team in 1913. Robertson recalled that for a game with Mountain Home, the school was short of several players. To fill in, a businessman and several section hands were recruited. "I don't like the name," he added.

Octogenarian Pioneers of Tract Are Married in Saturday Ceremony Here

Mrs. Mae Eggleston, 80, was married to Sam Flory, 80, here Saturday night by the Rev. Mark C. Croninger, pastor of the First Christian church. The couple was attended by Mrs. Gardner, 80, matron of honor, and Ben Hayes, 81, best man.

The couple are both octogenarians. Mrs. Eggleston was born in 1868 and Mr. Flory in 1868. They have been married for 30 years.

'Homecoming' Event Held at Glens Ferry OLDSBERRY, Oct. 30 (AP)—A parade, queen coronation and a picnic, among other things, were held today for the first annual Glens Ferry high school homecoming.

The local team was winner 12 to 0 over the Twin Falls high school team in the football game. The homecoming was held at the Glens Ferry high school.

Candidates End Drives For Ballots

WASHINGTON, Oct. 30 (AP)—The first American Presidential campaign of the atomic era wound up tonight in a blaze of oratory.

Next Tuesday 60,000,000 to 60,000,000 voters will give a man this soul-shaking assignment: To safeguard peace and freedom from the dangers crowding in upon them, to curb inflation and prevent a disastrous bust; to help restore a degree of well-being to nations staggering up from the ruins of war.

Agriculturists Display Aerial Seeding Plan SALT LAKE CITY, Oct. 30 (AP)—An aerial seeding project was put on display yesterday for 40 agricultural experts and government officials near the Dan Orr ranch in Skull Valley, Utah.

Part of a selected, 100-acre plot semi-desert land was seeded with the pellets, made of a mixture of thoroughly dry loam, clay and fertilizer. The pellets were made of loam from five to six seeds and about nine of the pellets fall on each square yard.

President Truman kept insisting the polls have changed. He said that in an America in which we can have both social progress and individual freedom, America with security and opportunity for all. He said: "We will wage the peace program with the same vigor and a new devotion."

Soviets Begin New Industry Removal Plan BERLIN, Oct. 30 (AP)—The Russians have started a new wave of factory removals in eastern Germany. The removals are being prepared with the withdrawal of their occupation forces. American intelligence sources said today that the Russians were not only dismantling factories but also removing the machinery to which the Soviets themselves held title.

Lewis Avows Truman Lead Moved Green WASHINGTON, Oct. 30 (AP)—John L. Lewis, president of the United Mine Workers, today avowed that he would support Truman in the presidential election. Lewis said he had been "informed" by Truman's campaign manager that Truman would support the union's interests.

### City Loses in 10-Year Fight To Get Doctor

FAIRCHILD, Wis., Oct. 30 (UP)—Fairchild, population 650, lost its 10-year battle to get its own resident doctor today in Chicago, population about 3,700,000.

Mayor Roy Abrahamson said that Dr. Joachim Bronny, whom the village had hoped to claim for a group of displaced persons, had been transferred to the Illinois metropolis.

**Annance Transfer**  
The National Catholic Welfare council, which had arranged for Bronny and his family to come to Fairchild, announced the transfer. It said the doctor might be able to practice in Chicago.

It was a blow to villagers who had planned a roving reception for the doctor.

Abrahamson said that "we lost the best medical board in the world to refuse to recognize doctors who have not been trained in this country or Canada. It doesn't seem fair that we should go without a doctor just because of rules or regulations."

**Wanted 10 Years**  
For 10 years, Fairchild had been awaiting its own doctor, and for a time it thought the arrival of the Polish physician would fulfill its hopes.

The state medical board ruled that the new arrival would have to become a citizen and take courses at a school approved by the American Medical Association.

Abrahamson said townpeople even had offered to finance the educational features of Bronny's training.

**St. Nick Sends Season's 'Word' To Firefighters**  
NORTH POLE, Oct. 25 (Delayed)—Faced with possible shortages of labor and material at his huge factory here, Santa Claus issued a special Christmas proclamation two months in advance of the happy holiday.

"Sometimes I have a pretty hard time finding the good little boys and girls in Twin Falls and other places. I don't have quite enough toys and goodies to go around.

"Therefore, I appoint the Twin Falls firemen to help me out. I know there is many an outworn toy in some child's closet and many another discarded for lack of paint, or repairs. I want the firemen to have those toys ready for me on Christmas eve."

Asked Saturday what the firemen were going to do about Santa's request, Assistant Fire Chief Kenneth Royer said the firemen's association will meet Monday to make plans for gathering and repairing toys for the children. Santa sometimes drops hints.

He said the firemen wish to cooperate with any organization having similar plans. The firemen are busy Monday to get their task, he said, and urge toys be brought to the fire department as soon as possible. Other details will be announced soon.

**Furloughs Listed By Navy Recruits**  
The following navy men are home on 15-day recruit leave from San Diego, Calif., according to information received by the navy recruiting station here:

James W. Pate, son of Mr. and Mrs. Harley O. Pate, Richfield; Riley V. Boyer, son of Mr. and Mrs. William R. Boyer, Richfield; Lloyd Brown, son of Mr. and Mrs. O. G. Brown, Hagerman; Kenneth D. Smith, son of Mr. and Mrs. George L. Smith, Jerome; Marvin R. Giles, son of Mr. and Mrs. Henry E. Giles, Jerome; Robert Kinkaid, son of Mrs. Martha O. Kinkaid, Filer, and Eldon D. Vaughn, son of Mr. and Mrs. L. R. Vaughn, Buhl.

All of the men enlisted for three years in the U. S. navy at Twin Falls in August. They will report to new stations following leave periods.

**KENYON GREEN**  
Republican Candidate for STATE REPRESENTATIVE  
Resident of Twin Falls County since January 1st, 1902. Owned grub sagebrush, clear land and set out orchard on farm that I now own an operator.

Commissioner and knowing the amount of work carried on in our Twin Falls court house, believe that Twin Falls County should be recognized as a first class county by the state legislature.

I have seen the mounting relief rolls, and if elected would work to do away with slot machines and punch boards, which I feel have had a great deal to do with the increased demand for relief.

Vote for a Clean County and No Slot Machines

### Joslin Field Administration Building Nearing Completion

Fred Taplin, manager of Joslin field, expects the airport administration building shown above to be ready for operation before Christmas. The structure will provide facilities to handle airplane flights daily.

### Construction Peak Listed on New Facilities at Joslin Field

Expansion of new facilities at Joslin field has reached a peak in construction with the completion date expected sometime before Christmas, according to Fred Taplin, airport manager.

The new administration building, now well under way, will provide modern accommodations to handle six flights daily, two by Empire Air lines and one by United Air Lines east and west.

The building is a concrete, steel and brick structure. Interior finish includes green the floors, oak panel wainscoting, light gray ceiling and cream yellow walls. It will be heated with radiant heat and all flush lighting will be used in the main lobby and airlines office.

The north and south walls of the lobby are entirely of glass, giving a view of Twin Falls to the north and mountain ranges to the south.

The water plant now under construction will filter and chlorinate canal water with a pumping capacity of 500 gallons a minute and static pressure of 60 pounds. Treated water will be used in the building and all irrigation will be done with untreated water. The plant will be completed sometime in December at an estimated cost of \$15,500.

Floor plan of the administration building includes United Air lines counter in the northwest corner, Empire Air lines counter in the southwest corner, and a coffee shop in the southeast portion of the building. In the east wing are rest room, pilots' room and office of the airport manager. The basement houses the electrical vault and utility room.

Federal aid will take care of 68.50 per cent of the cost of expansion to give Twin Falls one of the best airport setups in this section of the country, Taplin said. Cost of the administration building will be approximately \$18,000.

Expansion will take care of base operators of Magic Valley aircraft Reeder flying service operating 30 airplanes, approved schools for student pilots, instructor and check flights.

Certified shops will be available to private owners of planes as well as operators.

Administration is by CAA airport division with district office in Boise, regional office in Seattle, and head office in Washington, D. C.

### Hansen Boy Gets \$300 in Vacation

HANSEN, Oct. 30—Harold Sarpington, seventh grade student, earned \$300 during the two-week harvest vacation here to lead all Hansen students.

The senior and sophomore classes tied for a total combined earnings with each class reporting a total of \$1,207. Dick Russell led the seniors with \$175 and Alton Motherhead

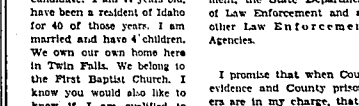

paced the sophomores with \$170. Arthur Bailey earned \$160 of the \$1,232 total reported for the junior and Mike Young earned \$75 of the \$892.8 total reported for freshmen.

Grade school earnings were as follows: First grade \$10.42, second \$64.97, third \$101.50, fourth \$207.18, fifth \$303.16, sixth \$322.30, seventh \$1,010.06, eighth \$914.23.

Grade school earnings totaled \$2,642.81 and high school students earned \$4,718.52 for a grand total of \$7,361.33.

### Jesse E. Carlton

Democratic Candidate for SHERIFF of Twin Falls County GENERAL ELECTION TUESDAY NOVEMBER 2

JESSE E. CARLTON

I am sure you would like to know a little about the history and personal habits of any candidate. I am 44 years old, have been a resident of Idaho for 40 of those years. I am married and have 4 children. We own our own home here in Twin Falls. We belong to the First Baptist Church. I know you would also like to know if I am qualified to handle this important Law Enforcement position.

I have been on the Twin Falls Police force for several years at various times since 1934. I was Special Deputy Sheriff for 6 years working with 3 Twin Falls County Sheriffs during that time.

I was an Idaho State Police Officer for 3 years. I believe you voters will agree that in 14 years of Law Enforcement work, experience is gained in correct law enforcement.

When elected as Sheriff of Twin Falls County, I assure you that I will run the office myself, and not be influenced by some outsider who would like to use the office for his personal gain.

I will not allow the office to be used for political gain for any group or individual. We already have too much ill feeling in Twin Falls county because of policies which encourage anything but harmony.

It goes without saying that all Law Enforcement Agencies in an area must have complete cooperation for the public good. In the past this cooperation has been lacking.

When elected, I promise complete cooperation with Twin Falls City Police Department, the State Department of Law Enforcement and all other Law Enforcement Agencies.

I promise that when Court evidence and County prisoners are in my charge, that I will be responsible for their safe keeping so that the law can take its true course.

I will not allow my office to be used by any group to smear the good name of the Youth or other respectable people in any community in Twin Falls County.

I believe that the conduct of the Sheriff's Office should be based on correct law enforcement. I do not believe that it should appear that I alone am doing the "big job" in law enforcement. I believe that most law enforcement officers are sincere and do their jobs right. I also believe, and the facts are that the people of Twin Falls County are more law abiding than in most other counties throughout the nation.

It is my honest belief that we live in one of the cleanest communities in the United States in spite of all the charges which have been circulated to the contrary.

If you believe in the advantages of having an experienced law enforcement officer, for Sheriff of Twin Falls County, and if you approve of my stated policy as outlined for you, I would appreciate your vote on November 2nd.

I THANK YOU  
Jesse E. Carlton  
Paid Pol. Act.

### Drive Against Comic Books Gets Support

The Pre-school PTA has voted to back the Jaycees in the drive to ban undesirable comic books in Twin Falls.

During the business meeting led by Mrs. L. L. Niccum, Mrs. Loren Bruus read a message from the president of the National Congress of Parents and Teachers. She also

gave a report on the work being done for membership month. A motion was passed to make membership dues \$1 per person or \$1.50 per couple for this year. The program for the year was presented.

The December meeting will be held on Dec. 31 instead of the fourth Tuesday of the month.

Following the business session, a party was conducted on the topic of "The Power of Play" with Mrs. James Horne acting as moderator. Speakers were Mrs. Janice Vandenberg, telling the parents part in play of the child, and Ida Allen, discussing the effect of directed play on the child, as observed by a first grade teacher.

An informative report on the school situation was presented by the Rev. Stanley Christensen on the survey conducted by the Twin Falls citizens committee.

Refreshments were served by Mrs. Beor, Mrs. Eslinger and Mrs. E. M. Tucker.

**TUCKER'S NATIONAL WHIRLIGIG POT SHOTS**

WASHINGTON — A Dewey-Warren administration will make an entirely new approach to the grave problem of food production in the United States, sources here, which embrace the burning, everyday, question of insuring a plentiful supply of food at comparatively low cost to the population. The project may entail the administration in savage and wholesale destruction of interests normally loyal to the Republican party.

... Roosevelt-Cook program that built TVA, Grand Coulee, Bonneville and other dams and that program of dam building in States faces a more severe shortage of productive land, water and other food-producing resources than did before the advent of the new deal.

... scarious derive partially from the war and the increasing population here and abroad which are also attributed to a failure to attack the basic problems.

**TRUMAN'S BOMB A DUD**

A copyright story by the Christian Science Monitor by Roscoe Drummond. "The Truman Bomb They Couldn't Explode," "the bomb," according to the author, was a plan to get a pledge from a decisive majority of Democratic candidates for congress that they would not support the "Tart-Hartley law" as soon as the 81st congress met.

The plan, says Mr. Drummond, was designed to solidify a rather apathetic labor vote behind Mr. Truman, and to give the country an exhibition of Democratic unity. It failed, he states, when the President could not get enough votes to back him up.

... If it should be true—and it would be a reflection on Mr. Drummond's well-known ability and integrity to think otherwise—the failure can cause no particular surprise. It would have been a dramatic political gesture, at least at the beginning. But it would have been dramatic principally because the leaders of labor unions and their publicists have done an amazingly thorough job of negative press-agency on that law.

... If they are one agrees with its aims or not, the job was something to admire. The very names of Tart and Hartley, when compounded and hyphenated, fairly dripped villainy after the union campaign had gone to work on them. Yet surveys by careful and reliable people have shown that union members, while overwhelmingly opposed to a law announced "Tart-Hartley law," were not nearly so bitter about its individual provisions.

... It is the difference between the whole law, as a synthetic symbol of union-busting, and its actual parts, which would have embarrassed many of the Democrats. Mr. Drummond says were asked to vote for its repeal.

... A majority of the Democrats in the 80th congress voted for the law. A good many of them were in the two-thirds majority that passed it over the President's veto. Any pledge now would have contradicted the voting record of a lot of members who are up for re-election. And the history of the law's first year of operation would have made any explanation of their change of heart sound like a lie.

... No, the record of this first year of administration, as opposed to the law's reputation of lump-sum terrorism, could not have justified outright repeal. Even a damaging record would scarcely have called for the drastic action that the Democratic congressmen were asked to support.

... For in asking for outright repeal—which the Democrats might have had trouble in getting—the congressmen would have been asking, in effect, that the country's management relations law whatever it was, be nullified. Such laws are not drafted in a day. And until a new bill was formulated, or unless the strategy was to revive the Wagner act in toto (a move that would have been not only unworkable but virtually impossible) neither labor nor management would have had any sort of specific legal protection in its particular field. This would have been a distinct disservice to organized labor—the very group that the President's plan was calculated to please.

**SUCCESS—IT'S WONDERFUL!**

By the time the defense and prosecuting attorneys and the courts are through stumbling around it shouldn't make much difference to the defense, Reinhold whether he is convicted or acquitted of a charge of—

- 1) Attempted extortion.
- 2) Successful attempted extortion.
- 3) Extortion successfully attempted.
- 4) Unsuccessful extortion successfully attempted.
- 5) Unsuccessful attempt at successful extortion.
- 6) Unsuccessful success.
- 7) Or whatever it is finally decided the charge should be.

He might be too old, too confused and too dazed to care what happened to him after that.

We have contended all along that our court system is too complicated and cumbersome—too slow and inefficient. And the repeated attempts to bring Reinhold to trial serve as an excellent illustration of what we mean.

One technically after another has marked the prosecution of this case from its inception, with three arraignments already and the case no further along than when it was started.

We are making no attempt to fix the blame on those responsible for all this bungling and dawdling. It serves our point to say that it well demonstrates the inefficiency of court procedure.

... or two delays over technicalities, it would seem that the judges and attorneys would have gotten their heads together to make sure that the next move would be on the right track.

... As it is, the whole business has turned out to be pathetic and ridiculous.

... A good doctor is one who knows almost as much about medicine as he does about human nature.

**HOW THINGS APPEAR FROM PEGLER'S ANGLE**

NEW YORK—The authenticity of the gooty groy letters has been established. Sufficient evidence has been gathered to surround Henry Wallace with his socialist and anti-American activities in the Soviet circle of the Roerich cult, and to show that he had worked as a spy for the Soviet Union in the United States.

... Wallace was a member of the Communist Party in the United States, and he was a member of the Soviet Union in the United States. He was a member of the Soviet Union in the United States, and he was a member of the Communist Party in the United States.

... Wallace was a member of the Communist Party in the United States, and he was a member of the Soviet Union in the United States. He was a member of the Soviet Union in the United States, and he was a member of the Communist Party in the United States.

**ATTENTION MRS. DANIELSON! HE DOESN'T LIKE SOUP!**

**NEWS VIEWS**

By GRANT O. PADGET

With the fly-boys would ease up for a few moments, and let us catch our breath like runners at a bridge party, we can't keep up with them. A few weeks back, the Air Force disclosed that the X-1 jet plane had flown 200 miles faster than sound. Then the same type of plane reached the speedometer to 1180 m.p.h. at sea level. It was a record. We were getting close to the speed of sound. It was a record. We were getting close to the speed of sound.

**WHAT DEWEY SAID**

The remark Governor Dewey made the engineer who backed the train was about to speak threats to become a campaign issue. And it was an unpleasant thing that sometimes have unusual effects in campaign.

### Gooding PTA Okays Ban of Comic Books

**GOODING, Oct. 30**—Proposals to ban "undecent" comic books and to give support to passage of two amendments of the state constitution have been approved by the Gooding PTA.

It was announced a movement has begun for the comic book ban in this city.

About 100 members of the group attended the meeting held in the basement of the Lincoln school prior to the regular PTA meeting. Mrs. Ray Terry, president, conducted the session.

**Discussion Held**

Special features of the regular meeting included a round-table discussion on extra-curricular expenses. Moderator was Eugene Olden, principal of the Lincoln school. Mrs. Albert Dickson, study group chairman, directed the discussion.

Students participating were Trus Myers, Margaret Johansson and Eileen Leeper, all high school juniors. Teachers were Ralph Villers, high school principal, and Mrs. Mildred Jones, high school instructor. Parents were Mrs. Clarence Wells and A. V. Carter.

**Guitar Number**

Laura Johnson presented a number on her electric guitar as a special entertainment feature.

Mrs. Terry announced that Paul Shine, assistant district supervisor of the FBI for Idaho and Montana, will be a special speaker at the next meeting, Nov. 15. All parents and interested persons are invited to attend.

The social hour which followed the meeting was under the chairmanship of Mrs. William Boyer.

### Spooks, Ghosts and Goblins Walk

Has Luck, 10, had been reading fairy stories to her two sisters, Kay, 7 (left), and Dee, 8 (right), when all of an sudden Kay saw a big mean looking jack 'o lantern watching them through the window. It wasn't surprising though, "because anything can happen on Halloween." The three girls are daughters of Mr. and Mrs. Earl Lake, 700 Mainline street. (Photo by Ron Rice-staff engraving.)

### Harvest Fete At Rupert Is Drawing Card

(From Page One)

As jockey. The three winning jockeys were permitted to keep the birds. Other entrants were given to the county office of public welfare for distribution to needy families of the county.

Other contests and the winners were:

**Hoc calling:** William S. Nutting, first; Leo Merrill, second, and Clinton Brown, third.

**Hub-and-calling:** Mrs. Leroy Jones, first; Mrs. Wren Cox, second, and Mrs. Arnold Houge, third.

**Money:** Mrs. Larry Freeman, first; Mrs. Edna Mayer, second, and Mrs. George Wrench, third.

**Clinton Brown, second, and Camp Cole, third.**

**Spud picking (500 pounds in each row):** LeVon Pearson, first in 8 minutes; 3 seconds; Valentine Salsobal, second in 9 minutes; 30 seconds; Melvin Stark, third in 10 minutes; 40 seconds; and Darold Carpenter, fourth in 11 minutes.

**Wheelbarrow race:** Clarence Loney, first; Victor Engkrat, second, and Ross Totten, third.

A Halloween jamboree staged by Lindkous county Boy Scouts in the civic auditorium in this evening completed the day's events. Participating were Girl Scouts and Camp Fire Girls.

### Woman Injured in Crash 'Improving'

**JEROME, Oct. 30**—Condition of Mrs. E. E. LaTurner, who was hurt in an auto collision south of here Wednesday, was reported "definitely improved" today.

Her attending physician said he had not been able to determine the complete extent of her injuries. She had deep gash over the left eye and all her left ribs are broken.

Mrs. Max Henry, who was a passenger in the car, is continuing to improve.

Five persons were injured in the crash. Investigating officers have declined comment until drivers have been questioned.

### Attends 2 Rites

**CLARENCE FERRY, Oct. 30**—Mr. and Mrs. Virgil Perry, and two sons have returned from Eldorado, Kans., where they attended funeral services for his father, Tracy Perry, and memorial rites for his brother, Silo Perry.

His father died Oct. 8 after a brief illness. His brother died Feb. 19, 1941, while a Japanese prisoner of war in Osaka, Japan. His body was cremated by the Japanese and an urn containing the ashes was returned on the day of his father's funeral.

### Dr. Peterson Is New Staff Chief

The Twin Falls county hospital staff elected Dr. W. M. Peterson as president for the coming year at its last meeting.

Other newly elected officers are Dr. W. F. Schow, vice president; Dr. M. A. Drake, health secretary; and Dr. D. D. Gilman, Dr. Peterson and Dr. Wallace Bond, members of the executive committee.

Dr. M. J. Prudenling is the outgoing president and Dr. Schow is outgoing secretary.

### Emerson Man Is Back From Duty

**EMERSON, Oct. 30**—Layton Schrock, son of Mr. and Mrs. E. B. Schrock, has returned from duty with the air force in Europe and will be home soon. His parents were advised of his return by telegram this week.

Mr. and Mrs. James Moncur, Kirtle, visited with relatives this week.

Mrs. Ann Blockling is in Corvallis, Ore., where a family party was planned in honor of the birthday anniversary of her sister, Mrs. Ida Johnson.

Mr. and Mrs. Charles Moncur have returned from a six-week visit to the southern U. S. and Winnipeg, Canada. On the trip they visited their daughter, Mrs. Selwyn Peterson, and family, near Fort Worth, Minn.; Mrs. Honor Clayvino and son, Clyde, former local resident; Mrs. L. A. Minton, a niece in Vale, Ore.; and Mr. and Mrs. Wallace Moncur, Boise.

Mr. and Mrs. Ernie and her brothers, Ross and Harold Hewitt, Long Beach, Calif., visited their cousins, Mr. and Mrs. Ernest Smith.

### Angle Parking Is Basic Cause of All Traffic Problems Here, Experts Aver

(Editor's note: Continuing the series of articles about the report made to the city council by the consultants on the traffic problem, the need for off-street parking is discussed in this article. Future articles will deal with their plan, financing the project, its practicality and how it may be accomplished.)

**BY HARRY ARNOLD**

In discussing the need for off-street parking, the consultants again state that basically the traffic congestion and confusion in the Twin Falls business district results largely because of the existence of angle parking. They describe how it will affect the taxpayer.

"They cite the general agreement of all traffic engineers that angle parking is undesirable but also cite the unwillingness to abolish it because of the number of valuable parking spaces lost in converting to parallel parking. They warn the situation will not improve, in these words:

"Not only will this change in traffic regulations produce a loss in parking space but a greater delay."

**Methodist Parley Slated for G. F.**

**OLLENS FERRY, Oct. 30**—The local Methodist church will be host to a general district conference and their families Monday.

Informal discussion sessions are planned. They will be directed by Dr. F. W. Weris, eastern district superintendent, and Dr. H. C. Bowman, Pacific northwest conference district superintendent.

A hot lunch dinner will be served the ministers' wives at noon in the church basement.

**Deadline Monday**

Closing date for receipt of applications for merit examinations as secretaries, stenographers, clerks and hospital workers and social workers, will be Monday, according to A. J. Meeks, manager of the local state state employment service office.

Few applications for this series of examinations have been received, Meeks said.

### No One Hurt in Highway Mishap

State police investigated a collision on U. S. highway 30 three miles west of Twin Falls at 8 p. m. Saturday. No one was injured.

According to the officers, a 1940 Buick sedan driven by Norman A. Brooks, Jerome, collided with a 1938 sedan driven by Wayne Ota Ehlo, Piler, as they began to turn to the right while Ehlo was passing him.

Damage to the Ehlo machine was estimated at \$200. Officers reported placed damage to the Brooks' vehicle at \$150.

### Revival Slated by Castleford Church

**CASTLEFORD, Oct. 30**—Revival meetings of the Bible Baptist church will begin Sunday night, officials have announced.

Services will be held at 8 p. m. daily. The Rev. N. S. Anderson, Jerome, and the Rev. Henry Rayborn, Twin Falls, will conduct the services.

All interested persons are invited to attend.

lying areas, the consultants emphasize, taxable values generally have decreased. Because new values in the outlying areas have not and cannot increase sufficiently to compensate for the losses in the business district, they point out, decentralization increases the cost of government while destroying taxable value.

To compensate, the only solution the consultants see is a general increase in tax rates on all property in the community. Thus every taxpayer is affected.

Times-News Public Forum--Voice of the Reader

They're Not Discrediting Vets, Women Say on Guns Memorial

Editor, Times-News: I thought food so they could make cookies to send the men in service their loved ones. We would be in favor of a fitting memorial to our veterans in the park, but we protest and object to placing this type of "horrid looking war weapon" in our beautiful city park. Why not a more fitting memorial rather than a grim reminder of war that the women of the churches throughout our country. Men of the VFW have you seen fear in small children's faces as they look upon a reminder of war, such as the gun in question? If you have, then isn't your first reaction to protect them from fear reaction? It is this idea we had in mind in protesting the erection of those guns in the city park. MRS. H. L. DESBENNETT, MRS. ALBERT H. PARRETT (Twin Falls)

Keep Voting Privilege, Beat 2 Amendments, Writer Urges

Editor, Times-News: If we want to keep our voting privilege for ourselves and future generations we will vote "no" on both amendments to our state constitution. To vote "yes" on SJRS would make the county superintendent of schools appointed by the county board of education and provides that counties may be united with only one board over all. Now is the chance for the people to take control of our legislature instead of IGA and the state school trustees. (Find out how much these groups have collected and have on hand to pay for campaign work.) We should not eliminate the superintendent and block our possibility in the coming legislature. We have too many appointive positions in the state now. SJRS would make the state superintendent of schools appointed by the board of education from any part of the United States. The board of education is appointed by the governor for five-year terms. The Peabody report recommended the number be changed from five to seven or nine since the governor is now elected for four years. Some governors might set out to dominate the whole Idaho free school system. You cannot do that any more. Take on this advice although it was among the first recommendations made.

Approval Urged For Amendments In Tuesday Vote

Editor, Times-News: There will be two proposed constitutional amendments on the general election ballot Nov. 2. These amendments are for the purpose of removing the offices of state and county superintendents from elective status and permitting the appointment of these officials by their respective boards of education, the manner by which superintendents of school districts now are selected. The amendments were recommended by the Idaho school survey commission, were passed by the 1947 legislature, and are now being submitted to the people of the state. Further, the present system, especially in the case of county superintendents which have close contact with and interest in public education in the state, it has been a recommendation of the State Teachers association for more than a decade. This way is now open to secure these improvements. The present system does not guarantee that qualified and able persons will be placed in these important posts. Further, the present system, especially on the state level, makes most difficult the effective direction of the public schools by even a qualified person. There are 12 "county unit" school districts now operating in each of which the district superintendent and the county superintendent should be the same person. Why should the people in these counties be forced to elect a "political plum"? Every person in Idaho has the best interests of the schools and of the education of the children of the state at heart. Will you vote "yes" on SJRS and SJR 6. CHARLES RATCLIFFE, President, Local Unit IEA.

This way is now open to secure these improvements. The present system does not guarantee that qualified and able persons will be placed in these important posts. Further, the present system, especially on the state level, makes most difficult the effective direction of the public schools by even a qualified person. There are 12 "county unit" school districts now operating in each of which the district superintendent and the county superintendent should be the same person. Why should the people in these counties be forced to elect a "political plum"? Every person in Idaho has the best interests of the schools and of the education of the children of the state at heart. Will you vote "yes" on SJRS and SJR 6. CHARLES RATCLIFFE, President, Local Unit IEA.

Approval Urged For Amendments In Tuesday Vote

Editor, Times-News: There will be two proposed constitutional amendments on the general election ballot Nov. 2. These amendments are for the purpose of removing the offices of state and county superintendents from elective status and permitting the appointment of these officials by their respective boards of education, the manner by which superintendents of school districts now are selected. The amendments were recommended by the Idaho school survey commission, were passed by the 1947 legislature, and are now being submitted to the people of the state. Further, the present system, especially in the case of county superintendents which have close contact with and interest in public education in the state, it has been a recommendation of the State Teachers association for more than a decade. This way is now open to secure these improvements. The present system does not guarantee that qualified and able persons will be placed in these important posts. Further, the present system, especially on the state level, makes most difficult the effective direction of the public schools by even a qualified person. Tourist Opposes Gun Memorial in Pretty City Park

Editor, Times-News: I am traveling through your fair city and while I was admiring your beautiful park, I was informed there are plans in the making to clutter it up with machine guns and other war material which, it seems to me, would be a grave mistake. We are a peace-loving nation—why should we glorify war in this way and put life-destroying weapons on display to be admired by our boys and girls as they play in the park? No one can deny that these objects have a lamentable influence upon the minds of your young ladies who will naturally be interested and will have a desire to learn to operate these murderous weapons, and this is induced to become criminal. I have traveled in every state of the Union and in foreign countries and always admire the beautiful parks in towns and cities, and I hope that for the sake of humanity and decency you will continue to keep your park clean and free from death-dealing weapons. M. M. BURGER (Chocomaun hotel)

Pastor Asks for End to Gun Row; "Can't Stand It"

Editor, Times-News: I dread you, brethren and sisters, cease firing. Things are getting too tough around home. I can't stand it. Only this morning my wife forgot to put half my breakfast on the table, and instead she ate it. I am a sailor at sea. I am told that most of the veterans doubt whether the guns are mounted in the park or not. The incident do care and at least one point join in their opinion. I am told also, and good authority, that the Legion turned them down because of their highly undecorative appearance when they might have JENNIE HAUN (Jerome)

Commander of DAV Unit Asks If Sacrifices Are Forgotten

Editor, Times-News: Have the sacrifices of our service men and women been forgotten so soon? Most of us veterans are led to believe that such is the case. The actions of several women with a petition from other women, and possibly a few he-ladies, before our city council in regard to the placing of several war relics in our park would lead one to believe such is the case. To begin with, these are merely replacements of brass cannons which were sent away to be melted down to further our war drive. So nothing new has been added. The placing of war relics will neither promote nor avoid war. That rests partly in our own hands and partly with the nations of the world. We too, use Old Glory in battle. It is right in the best of battle causes men to exercise greater efforts, costing them their lives. Would not suggest that we do away with Old Glory, because it has a tendency to bring out the love of country and the resolve in our hearts to defend the land it represents if we are to avoid them. After World War I the people of the world were sick of war. So they fought them, as they have firshand knowledge. But too, they realize that we must be ready for war if we are to avoid them. After World War I the people of the world were sick of war. So they fought them, as they have firshand knowledge. But too, they realize that we must be ready for war if we are to avoid them. ### Irwin Warns Idaho Voters On Vigilance

Vigilance by voters in the protection of Idaho interests was urged Saturday by Carl D. Irwin, chairman of the Idaho senate committee on irrigation.

"Two years ago the people of Idaho voted in no general terms the authority of a Columbia valley authority," he said. "Although that issue is not open to the open in the present campaign, voters should be vigilant to protect the interests of Idaho in casting their election ballots."

Object to Statements "Just as the water users of the Snake river valley resented the attempted usurpation of authority by Secretary Harold Ickes and later by Secretary J. A. Krug, so should they now object to Ickes' recent condemnation of Henry Dworak, who is seeking re-election," Senator Irwin said. He continued: "The Republican theory of conservation is that the government should protect and develop the natural resources of the country so that their life and usefulness may be prolonged."

Local Control Urged "This theory insists that control of water rights of local irrigation districts and canal companies be left in the hands of those locally connected with the vital problem of the economic welfare of the state of Idaho. "This is in contrast to some of the department of interior agencies and the CVA planners, who hold that the federal government has the resources should be a step toward state socialism with control vested in the hands of their all-powerful administrators, selected by the President at his whim from any part of the nation.

Interest Is Shown "The Republican 80th congress demonstrated its profound interest in reclamation development by making 50 per cent more money available for the bureau of reclamation than any previous congress in history.

Although Idaho has shared more heavily in reclamation funds during the past two years since Senator Dworak has been on the appropriations committee, Ickes and Krug have consistently promoted huge projects which give priority to power development over reclamation.

"This policy is largely responsible for bringing in vast new western funds and security for family-sized farm units and small projects with reclaiming of land and improving existing water rights to better stabilize the economy of our state," Senator Irwin concluded.

Attorney Compiles Idaho Labor Laws BOISE, Oct. 30.—Attorney General Robert E. Smylie has completed what is believed to be the first compilation of Idaho labor laws.

Three hundred copies have been compiled to assist in answering numerous inquiries concerning labor legislation, usually directed to the attorney general's office in the absence of an active state labor department.

Smylie said the 85-page booklet would make a considerable reduction in their clerical burden.

The booklet covers the entire field of Idaho labor legislation with the exception of the workmen's compensation law; laws relating to mining and the employment security act, all of these have been published in separate pamphlets.

Five Pay \$20 Levies On Drinking Charge Drunkenness charges in city court continued their increase of the past few days, with five persons fined \$20 Saturday, and judgment deferred on a sixth. All pleaded guilty to the charge of intoxication in a public place.

Fined were Pat McCarrith, Twin Falls; Robert W. Jones, H. E. Wren, Burley; Dale Gacken, Idaho Falls; and Albert J. Emara, Dillon, Mont. Judgment was deferred on Pomey E. Holcombe, Jerome.

### Public Forum

#### She Understands Anxiety, Worries Over Ditch Here

Editor, Times-News: I can well understand the anxiety of those parents who live near their dangerous laterals and canals in Twin Falls.

"I had that fear when my children were small, for I had heard that every summer irrigation ditches and laterals claim the lives of many little ones. Therefore, I had my home built far from the 'big ditch' and far back from the highway.

"I am sure every citizen in Twin Falls would be willing to contribute to a fund that would provide some way to cover that 'damnable lateral' as Mrs. Gortzen calls it, and I agree with her as to the laterals, and also the polo insurance racket, as Mrs. Gortzen calls it, and I hope for the sake of our children that something will be done in the near future.

MRS. ANNA SNOW (Twin Falls)

#### Appreciation Is Voiced on Angus Stories for Sale

Editor, Times-News: I wish to express, for the Aberdeen-Angus section of the Idaho Cattlemen's fair sale, the Pacific Coast Aberdeen-Angus association, and personally my sincere appreciation of your paper's coverage and promotion of the Aberdeen-Angus show Oct. 21 and Oct. 22.

#### Chess Champion To Appear Here

The Twin Falls Chess club is presenting Weaver W. Adams at a regular session set for 8 p. m. Friday in the Rogerson hotel club-rooms.

Adams holds the United States open chess championship and is fielding a national figure in the field of chess for several years. He is also an author and lecturer on chess, and members and guests are invited to attend.

Benjamin Franklin once tried to raise silk worms.

#### Kimberly Writer Finds Fallacies, 'Debunks' Them

Editor, Times-News: There are some fallacies that should be debunked: First, the idea that we should help feed the world and bring them up to our standard of living. We may help the world to help themselves and protect them from aggression, but if nations do not have the gumption to keep down the population to where they can exist then nature takes over with her infallible starvation.

Second, the idea that Russia misunderstands and fears us. The Kremlin is out to rule the world with the help of gullible crackpots and has simply got to be licked for wants never know when to quit. And unless this licking comes from the inside as Kennedy predicts, our only hope then it means his own thing, war.

Third, the idea that the world should adopt our language. There is no language worthy of adoption, and not until an entire people has been changed by the force of careful study by experts will we have the answer.

Fourth, the idea that we have a non-socialistic nation. Our post-office, public school and road systems, etc. are all socialistic, and we may need more, but we must not have enough to be wasteful or choke individual enterprise.

Fifth, the idea that competition can be depended upon to insure fair prices, as we often find harmful monopolies which, as Teddy said, "must be controlled" and excess profits taxed away as we can do with any fortune that becomes too great.

Sixth, the idea that we should have a satisfactory old age pension. No one wants to see anybody go cold or hungry, but when our people look forward to luxurious old age pensions it means that we will become a shiftless decadent nation.

E. H. JOHNS (Kimberly)

### Suit Brought Over Sale of Hauling Firm

A civil action was brought in district court Saturday against Mr. and Mrs. L. W. Kloppenburg by W. O. Shipman, surviving partner of Shipman Brothers' Transporter, and George B. Shipman, executor of the estate of O. F. Shipman.

The Shipmans ask a court order for the Kloppenburgs to sign a joint application to the interstate commerce commission to transfer ICC permits to the Shipman concern.

The Shipmans' complaint states they sold their truck line equipment and permits to the Kloppenburgs on Oct. 1, 1948, and allege the Kloppenburgs have not lived up to terms of the sale agreement.

They charge the Kloppenburgs, after notice was sent them declaring the agreement forfeited, refuse to sign the joint application for re-transfer of the ICC permits.

Attorneys for the Shipmans are Maurice H. Green, Boise, and Frank L. Stephan, Twin Falls.

### Parents of Son Accused, Oct. 30—Mr. and Mrs. Fred Boyle are the parents of a son born at the Rupert nursing home Oct. 22. His name is David Michael.

### Hansen PTA Has October Meeting

HANSEN, Oct. 30.—Members of the PTA held their regular meeting Thursday, Normal Hill, president, was in charge. After a business session a program was held.

On the program were the girls' glee club, a talk by Mrs. Marybelle Howard and Lorraine Musilite, recitations by six seventh grade students, a talk on home safety by the Rev. Roy Waldron, song by George Bennett, accompanied by Mrs. Gladys Saunders; piano solo by Shirley Forsythe. The closing prayer was given by the Rev. Mr. Waldron.

Hosts for the meeting were Mr. and Mrs. O. W. Kakey, Mr. and Mrs. Fred Molitor, Mr. and Mrs. Lyle Jones, Mr. and Mrs. Fred Howard, and Mr. and Mrs. Bob Day.

### Two New Locals Formed in Area By Farm Bureau

Organization of new Farm Bureau locals at Hollister and Hazelton during the past week was announced Saturday by Harold Radford, local state organizational director. The Hollister local will be known as the Salmon Tract Farm Bureau, and the Hazelton unit as the First Segregation local, Jerome county.

Officers of the Hollister group are William J. Lansing, Hollister, president; Lyle H. Schnicker, route 1, first vice president; C. Ross, Hollister, second vice president; Homer Roberts, Amsterdam, secretary-treasurer; W. A. Laughton, route 1, and Dale Kunkel, Amsterdam, organizational directors. Attending were 49 persons.

Officers of the Hazelton local are Frank Link, president; Claude Bernard, first vice president; Cleo Ross, second vice president; Dale Bud, secretary-treasurer; Bill Brown and Oliver Clough, organizational directors. All reside near Hazelton.

Radford was assisted at Hollister by Frank Link, president of the Twin Falls County Farm Bureau, and LaBell Thomson, local district organizational director. At the Hazelton meeting, Thomson discussed insurance, and Warren Larson, Hansen, discussed artificial insemination.

### Local Junior Red Cross to Enroll Pupils

Plans have been completed for the Junior Red Cross enrollment campaign which will extend from Monday through Nov. 15, according to Mrs. J. W. Tolson, chairman of the committee.

Supplies have been taken to all schools in the Twin Falls Chamber of Commerce jurisdiction and a 100 per cent enrollment is expected, Mrs. Tolson said. A total of 225 boxes from children in the county will be sent overseas, and a wide accident prevention course of study will be held at the schools. Safety material has been distributed in the elementary schools, she said.

**Art Project Set**

During the month, international correspondence will be stressed as well as an art project sponsored by the International School of Art. Enrollment in the Junior Red Cross is on group basis. The membership fee for elementary schools is 50 cents for each elementary class.

One or more teachers in each school building are appointed as the Junior Red Cross teacher-sponsor.

**Finance Project**

The service fund is established to finance various programs of service, school, community, national and international, in which the Junior Red Cross membership participates. All money earned or contributed by pupils in the name of the American Red Cross becomes a part of the Junior service fund.

Junior council will be composed of a small group of students elected by their fellow members to represent the entire Junior Red Cross membership.

### Women Close Annual Idaho Meet in Area

**RUPERT, Oct. 30**—The last session of the third annual Idaho retreat for the southern Idaho Women's Missionary society of the Christian church included a meeting of the state board comprised of Mrs. W. M. Fuller, state executive secretary; Mrs. Rowe, state recording secretary; and Mrs. Virgil King, president.

The retreat, which was held at the Rupert Christian church, was attended by 100 delegates and officers from Pocatello, Twin Falls, Blaine, Emmet, Rupert, Burley, Caldwell and Gooding.

**Special Music**

Special music for the afternoon session was a vocal number by Mrs. Wayne Newcomb, Burley, accompanied by Mrs. Gouchner, also Burley.

**Mrs. E. M. Pollard**, a returned missionary from India, gave a continuation of her address of Thursday.

**Birthday Dinner**

A birthday dinner celebrating the third anniversary of the retreat was served. A large birthday cake was cut and served to guests. The society presented Mrs. Pollard with a corsage of pink roses.

The history of the retreat was discussed and Mrs. Callie Simpson of Caldwell was appointed historian.

### Hardware Dealers Set Resort Parley

**SUN VALLEY, Oct. 30** (AP)—About 400 dealers and their wives will meet here Nov. 4-6 for the annual convention of the Intermountain Association of Hardware and Implement Dealers.

The group will discuss taxation of inventories, credits and collections, customer service, sales, freight rates, advertising and any proposed legislation which may be brought up. A. E. Ekstrand, Boise, vice president, said.

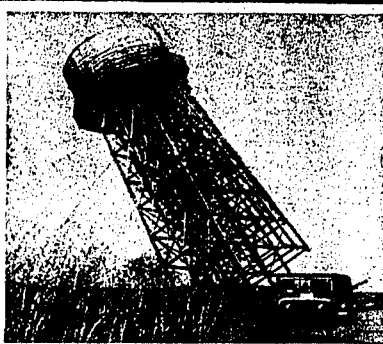

Speakers will include Charles N. Kary, sales promotion manager of Allis-Chalmers, Milwaukee; W. L. Dr. Adam S. Bennion, vice president of Utah Power and Light company, Salt Lake City; Charles Wheeler, president of Salt Lake Hardware company, Salt Lake City; Arthur C. Horrocks, general controller, Goodyear Tire and Rubber company, Akron; O. H. M. Park, manager, sales, research, Dress and company, Moline, Ill.; Marlon C. Wilson, president, Gilman Advertising company, Salt Lake City.

### Letter Heard

**EMERSON, Oct. 30**—An interesting letter from Katherine Keicher in Germany was read to West End Frank members by her uncle, Frank Keicher, at the group's meeting Thursday night.

The meeting was the group's regular event. Games were played and refreshments served.

### Wooden Water Tower at Hunt Camp Is Pulled Over

The pile of wood in photo at top was all that remained of the Hunt camp water tower after it was pulled over by a caterpillar tractor operated by Gordon Hansen, Burley. Photo at lower left shows how tower was prepared for wrecking. Unusual photo shows tower tipped at 45 degree angle as it crashed toward the ground. A cable was attached to the lower about two sections down from the tank to pull the structure over. Ivan E. Lyons, route 8, Burley, purchased the structure. The tower, erected in 1942, was torn down Oct. 15. It was approximately 100 feet high and the tank would hold 150,000 gallons of water. There were 9,000 board feet of lumber in the structure, according to H. M. Griffith, maintenance and operations watermaster at Hunt for district No. 2, American Falls reservoir. (Photos by Mrs. H. M. Griffith—staff engravings)

### Canine Left in Norway Finds Master in U. S.

**DUNELLEN, N. J., Oct. 30** (AP)—The 2-year-old shepherd collie John Jacobson left in Oslo, Norway, has come home to Dunellen, N. J., and nobody is quite sure how.

The dog was found wandering on Long Island, N. Y., Sunday and was traced to Jacobson by a collar tag which bore his name and home town.

Jacobson said he left the dog with friends in Oslo when he returned here last spring. The friends later wrote they were moving and would have to give up the idea of finding transportation to this country for the dog.

A little information on the dog's saga came in a letter Jacobson received yesterday from a Norwegian man who reported seeing the collie on a plane bound for America. The man, who Jacobson said he didn't know, wrote that he hoped the dog would reach Jacobson by means of the color identification tag.

### Gooding's Rotary Club Hears Chief

**GOODING, Oct. 30**—Gordon Baxter, Ogden, district governor of Rotary clubs for this area, was guest speaker at the regular luncheon meeting of the Gooding club. He spoke on the aims and principles of Rotary.

Paul Thatcher, Ogden attorney and authorized speaker on international affairs, will be invited to speak in Gooding in the near future.

Rotary officers and committee chairman met with Baxter before and after the regular meeting to discuss Rotary plans and procedures.

A large delegation from the Shoshone club attended the meeting. Andrew F. James, council Boy Scout vice president, reported the annual financial drive for Scout funds is under way and asked generous support. The Gooding Rotary club sponsors a Boy Scout troop.

### Visits Daughter

**KIMBERLY, Oct. 30**—Mrs. John Shobe recently visited her daughter in Postville.

### Skin Diseases

### Normal Supplies Of Water Listed For 1949 Season

**BOISE, Oct. 30**—Western water supplies in 1949 for irrigation and other purposes will be normal or perhaps better than normal, forecasters with the soil conservation services at Medford, Ore., predict in the November issue of the bureau of reclamation monthly magazine, The Reclamation Era.

A survey of 147 reservoirs, widely scattered throughout the western states, show October storage is about 100 per cent of the corresponding 10-year average.

The reservoirs (not including Lake Mead, Fort Peck and three large California lakes) hold 820,000 acre-feet, the 10-year average being 10,150,000 acre-feet. But the total capacity of the 147 reservoirs is 27,280,000 acre-feet, so that winter and spring precipitation may double the present carry-over and still leave room for more.

The Oct. 1 status of the carry-over, summarized for Idaho, is as follows: Eleven Idaho reservoirs have 1,252,807 acre-feet in storage, as compared with 1,620,419 acre-feet at this time last year, and a 10-year average of 1,118,257 acre-feet. While the storage is therefore below the total of 1947 at this time, it is better than average.

### Wood River's Grange Picks 1949 Leaders

**FALLS, Oct. 30**—New officers have been chosen for the Upper Big Wood River Grange. Wayne Clark will be master. Other officers are Ben Thamm, overseer; John Drexler, lecturer; Mrs. Wayne Clark, secretary; Al Farrar, steward; James Benavides, gatekeeper; Mrs. Al Farrar, cetera; Mrs. Rupert House, Flora; Mrs. Lyle Spencer, Pomona; Mrs. William Thurg, lady assistant steward; Mrs. Marietta Shutes was chosen chairman and Mrs. Ben Thamm was re-elected treasurer for the 20th term.

Spencer as committee member.

Don Spencer, junior past master was elected to the executive committee for one year and George Woods was chosen for the committee's three-year office.

At the next regular meeting, the group will inaugurate the new officers at a harvest home dinner.

The popular invitational dances of the Grange will be held at the dance committee announced.

To Attend Initiation

Plans were made for members to attend initiation ceremonies at Lincoln county Pomona Grange next Thursday. Those wishing to attend are Ben Thamm, chairman of the Grange hall so the delegation can go as a group.

All the meeting's refreshment group is being handled by the decorations furnished the evening. Serving were Mr. and Mrs. Ben Thamm and Mr. and Mrs. William Thurg.

### G. F. High School Names Book Staff

**OLENDS FERRY, Oct. 30**—Ruth Woods is editor of the school yearbook staff or Olenids Ferry high school.

Other staff members chosen are Bill Thompson, business editor; Julia Boyce, business manager; John McGrover, assistant business manager; Dick Frater, photo editor; Lewis Clark, assistant photo editor; Loren McFadden, sports editor; Ray Eyer, assistant sports editor; Pat Ballard, art editor; Arlene Eichholz, assistant art editor; Marion Clements, music editor; Clark Owens, assistant music editor.

### Two File Actions On Debt Matters

Two civil actions were filed Saturday in probate court seeking collection of alleged debts.

Suit was brought against Hugh Jensen by Herbert Thorne, doing business as Thorne's Grocery and Hardware, Murrah. Thorne asks judgment for \$107.50 allegedly due on an open account, plus court costs.

Harry B. Cowling, trustee against Gordon R. Jones. Cowling seeks judgment for \$250 allegedly owed on a note, plus six per cent interest, \$30 attorney's fee and court costs.

Thorne and Cowling are represented by Frank L. Stephen as their attorney.

### Richfield's Honor Roll Is Released

**RICHFIELD, Oct. 30**—Richfield high school honor roll students were announced this week by Supt. Woodrow Ash, with highest honors going to Darlene Swanson, Junice McInosh, Shirley Pace, Opal Tanner, Maybelle Lemmon, Helen Speedy, Ted Bruh, Harry Grimley, and Larry Schenk. Honors were given to Diana Bruh and Janice Johnson.

### War Bride Wouldn't Exchange America for Home in England

**BY HELEN TUCKER**

Much has been written and more said about the foreign war bride who came to America, took one look at the country, and then hurried back to her native land. In English movies all seats are reserved and the further one sits from the screen the more one pays.

Women here dress more stylishly than those in England, she says. "I never wore levis before I came here, but now I find them more comfortable than dresses."

Mrs. Hine has two sons, one 3 1/2 years and one 3 months old. Her friends have noticed that the older boy has a bit of a British accent. "I like America as well as I do England, she said, "but after all, my relatives still live in England. I do not want to go back to England to live, but it would be nice to go back for a visit."

Another "first" for Mrs. Hine was a pheasant hunt. Although she didn't shoot a pheasant, she enjoyed the hunt.

"My friends in England tried to discourage me from coming to the United States," she said, "but I believe they were just jealous."

### Trucks Involved In Filer Crashes

**FILER, Oct. 30**—Three trucks and one car were involved in two collisions investigated in this vicinity Friday. Three of the drivers were teen-agers.

State police were called at 11:15 a. m. to investigate a collision between trucks driven by Edwin E. Blyck, 19, route 2, and Victor H. Meier, 21, Buhl, about two miles west of here on U. S. Highway 30. Both vehicles were rebound and officers said Meier side-swiped Blyck who was making a left turn. Meier is to appear in justice court on a charge of improper passing. Total damage was estimated by state police at \$125.

At 8:10 p. m., sheriff's officers investigated a collision between a sedan driven by Gerita A. Huzzon, 16, and a truck driven by Volney D. Mason, 15. Officers said the front end of the car was damaged when it ran into and under the truck which was turning from the highway inside the village limits.

### Hurt in Accident

**CASTLEFORD, Oct. 30**—Jerry Corstille, Modesto, Calif., who recently visited relatives and friends here and in Hagerman was involved in an accident en route home and confined to the Mary Island naval hospital, word received here said.

He is reported to have sustained a broken hip and his auto was demolished in the accident.

### FOR GOOD GOVERNMENT

**UNITED STATES CONGRESSMAN**

# John Sanborn

*Has Worked Tirelessly for Idaho*

John Sanborn's record in the national Congress is a record of great achievement.

- He worked on and was instrumental in passing bills for the Preston Bench project, Fort Hall Irrigation project, Caribou Forest and Fort Hall Museum.
- He was instrumental in the passage of appropriation bills totaling more than 24 million dollars for other Idaho irrigation and food control projects.
- He actively supported all measures to pay the nation's debt to War Veterans, their widows and orphans.
- He voted against the bill to remove the tax on oleomargarine.
- He served on several committees whose work is of vital interest to Idaho.

John Sanborn has done an excellent job for Idaho. Let's keep him at that job.

**JOSEPH MARTIN, JR.**  
SPEAKER OF THE U. S. HOUSE OF REPRESENTATIVES

"In one brief term he has demonstrated his fine ability and has won many friends because of his patriotic service and devotion to the people of his district."

**VOTE REPUBLICAN STRAIGHT**

### "Dime" Drive Head Will Be E. M. Dossett

"There is a big job ahead for the march of dimes, but we know the people will respond when called upon to do their full share," said E. M. Dossett who will be head of the 1948 drive by its sponsoring organization, the Pomona Grange. The Grange previously had volunteered to handle the fund raising campaign for the local chapter of the National Foundation for Infantile Paralysis.

Meanwhile, the chapter chairman, Mrs. Frank Alford, emphasized the present need is the greatest in the history of the organization. She said a \$200,000 deficit in the national chapter's epidemic fund was covered by a loan from the research fund.

On a national scale, there have been considerably more than 30,000 cases of polio this year, she said, with increases still continuing in many states. The total may reach 50,000. She declared the situation is the worst since 1916 when 21,000 cases were recorded.

Locally, the chapter will have spent \$24,000 by Jan. 1 for treatment of polio victims here, she reported. Already, \$10,000 has been spent including \$10,000 from last year's march of dimes and a \$4,000 loan from the national organization in August. A second loan, \$4,000, has been received to cover expenses in this county for the rest of this year.

### Pair Fined \$400, Given Sentences On Tippy Driving

**REFURT, Oct. 30**—Two teenagers \$400 and suspended sentences were meted out by Probate Judge Jake Wall today for two North Tazooka brothers who pleaded guilty to charges of drunken driving.

The two were arrested early today by Night Patrolman Curtis Edwards after they allegedly had been racing an auto and a truck down O street.

The truck driven by Dale was reported to have struck the corner of Andrew Miller's house on O street about 2:30 a. m.

The two appeared in probate court about noon today.

**READ TIMES-NEWS WANT ADS.**

### Voters Note!

**WALLACE, Oct. 30 (P)**—Memo to those who "haven't got time" to vote.

"It cost Keith Whiting of Wallace a day's work, a 160-mile trip and \$1.50 in U. S. money to cast his absentee ballot.

Writing, chief northwest poet laureate for the American Smelting and Refining company, is currently in Kenya, Africa, on a trip for his company. He had to drive 70 miles to Kelet to mark his ballot before the district commissioner, and the money, fee and air mail stamp on the ballot cost him \$1.50.

### G. F. Lunch Plan To Begin Monday

**OLENDS FERRY, Oct. 30**—Lunch program for local schools will begin Monday, chairman of the program sponsored by the PTA here announced.

In charge of the program are Mr. and Mrs. Peter Olson and Mr. and Mrs. Ernest Pastory.

According to plans complete meals will be served again this year. Price per meal will be 30 cents, and by-the-week charge will be \$1.25.

Mrs. M. M. Daniels and Mrs. Doris Burnett are in charge of meal preparations.

**Your insurance agent is worth his hire!**

Maybe it's all right to order a guitar or a bus saw by mail, but when you buy insurance of any kind, you need a local man to advise and help you. For these reasons:

1. Insurance is so adaptable to individual needs these days, that practically every policy should be "tailor-made." You need someone to measure your personal requirements and advise you correctly.
2. If, later, you have a loss and a claim, your local agent can arrange collection for you with a minimum of worry to you!

# Come In! Bring your own Laundry

## LET US GIVE YOU A FREE DEMONSTRATION

—See how your own soiled clothes come clean at the touch of a finger tip!

Honestly we DO want you to come in, bring your *Most Soiled* clothes—Hubby's work suits, the kiddies play clothes—anything you have that will really prove to your self the outstanding merits of FRIGIDAIRE'S exclusive live-water action cleaning power on your own families clothes.

**Won't you come in and make this test?**

Install It Anywhere No Boiling, Down

New Frigidaire principle practically eliminates vibration—so this washer need not be bolted down, can be placed in the most convenient spot. That makes the Frigidaire Automatic Washer the most practical of all in apartments and rented houses!

Plus Lots More Features. Handy table-top. Convenient top loading. Ingenious leveling device for uneven floors. All parts enclosed. Rapid spinning stops if top is lifted. Built-in ground gives positive electrical safety.

### BENEFITS ALL THE FAMILY!

1. LIVE-WATER ACTION. Sends hot, sudsy water surging through every square inch of fabric, time and time again. So thorough, it washes out deep-down, grime from heaviest work clothes. So gentle, finest linens are perfectly safe! Only Frigidaire has it!
2. RAPID-SPIN. High speed—but gentle—action spins water out of clothes two to three times faster than ordinary automatic washers! Leaves clothes far drier, pounds lighter! Lets you iron some things immediately, others in a matter of minutes. Only Frigidaire has it!
3. SELECT-O-DIAL—amazing "brain" of the Frigidaire Automatic Washer. Automatically washes clothes and rinses them twice, spins them dry, fills washer with clean water between each operation, cleans and empties washer at end of cycle—all at the touch of a dial or its lets you skip, lengthen, shorten or repeat any operation to meet unusual conditions. Only Frigidaire has it!
4. UNDERWATER SOAP DISTRIBUTOR. Transforms soap into bubbly, active suds. Then—and only then—it releases soap to wash water! No more yellow soap stains on clothes. Only Frigidaire has it!
5. UNIMATIC MECHANISM. Amazing Frigidaire washing mechanism is made in one simple, trouble-free unit—no belts, pulleys or extra motors. Keeps your washer on the job! Only Frigidaire has it!
6. FLOW-TEMP WATER VALVE. Provides excellent right amount of water at right temperature for each operation. Lets you limit temperature to 100° for washing fine things. Only Frigidaire has it!
7. LIFETIME PORCELAIN FINISH—inside and out. Made to last the life of your washer. Wipes clean with a damp cloth. Only Frigidaire has it!
8. CLOG-PROOF WATER PUMP. Empties washer quickly, automatically. No screens or filters to clean or replace—can't clog up! Easily discharges water even at sink level! Only Frigidaire has it!

When you see its quick, easy, most efficient LIVE-WATER ACTION you will immediately recognize the popularity of this great new Automatic Washer... and why it washes so clean.

### 9,745 Vets of Last War Are Training Now

A total of 9,745 veterans of World War II are taking rehabilitation training in Idaho, according to a recent report by Leon Fields, manager of the Boise regional office of the Veterans Administration.

Idaho's farm program is training more veterans than any other state in the northwest. A total of 2,322 as compared with 1,237 last year. Of this group, Fields says, 914 men are disabled.

Many Disabled Of the nearly 4,000 men in training in higher educational institutions, 921 are disabled. A total of 590 of the veteran students are new entries with the fall term of college and 3,811 are former students. The University of Idaho leads the colleges in veteran enrollment with a total of 1,756, of whom 115 are disabled.

Idaho State Second Idaho State college at Pocatello has 790 veteran students, with 197 new registrants. Ferris college and Technical Institute ranks third with 353 veterans, 80 of whom are new and 273 are returning.

The College of Idaho has 238 veterans, with 95 new entries, and Boise Junior college has 201 veterans with 86 new entries. Northern Idaho College of Education at Lewiston has 165 veterans, with 100 new entries. College of Idaho at Pocatello has 146; Southern Idaho College of Education, 80; Ricks college, 68; and the North Idaho Junior college, 77.

### Hollister Grange Asks Removal of Highway Politics

HOLLISTER, Oct. 30—Removal of the state highway administration from politics and establishment of a highway commission operating on a merit basis has been endorsed by the Hollister Grange.

In another resolution the Grange urged that there be no further reorganization proceedings until the law passed by the 1947 session of the legislature has been passed by the courts.

The resolution called the law "undemocratic" and added it was "dictatorial" in that it compelled school districts opposed to reorganization to consolidate with other districts against the will of the residents.

The Grange also called on the bureau of reclamation to improve highways for the benefit of settlers on the Hunt project.

### Trips and Visits Listed for G. F.

GLENNIS PERRY, Oct. 30, and Mrs. G. G. Smith recently completed a month's visit at Red Oak, Ia. Mrs. Jessie DeWay returned with them to reside here with her daughter and family.

Mr. and Mrs. Clarence Wynn and daughter, Helen, of Arlington, Va., visiting his mother. Word of her death has been received since they left.

Mr. and Mrs. Herman Johnson returned from Moscow where they visited their son, H. Maurice, and family.

### Building at Burley to Replace Burned Structure

This new brick building at Burley will replace the burning tractor company building which was destroyed by fire last spring. Exterior work on the building is being completed rapidly. When completed, the structure will be the distributing point for machines and parts for the entire area from Burley to Mountain Home. (Photo by Cassida Steinhilber—staff engraving)

### Housing Projects Hold Week's Sum At Higher Figure

With building permit applications filed for a second housing project, to cost an estimated \$90,000, total for the week soared to \$72,750, for an increase of \$13,500 more than the previous week, when applications were filed for a \$54,000 housing project.

Thirteen applications were filed for new dwellings to cost \$67,700, four for other structures to cost \$150, and four for \$1,200 worth of repairs, additions and alterations to existing dwellings.

Building permit applications were filed Friday and Saturday by: Lincoln Kestner, to move a 18 by 28-foot frame one-family dwelling from 909 Second avenue west to 280 Adams street, \$200.

Delvin E. Bartlett, to build an 18 by 22-foot frame garage, with concrete floor, at 321 Fourth avenue north, \$50.

E. L. Primus, to construct a 12 by 24-foot frame one-family dwelling, at 180 Ramona street, \$1,200.

Little D. Burns, to move and remodel a 12 by 14-foot frame garage, at 180 Jefferson street, \$100.

### Gooding Churches To Observe 'Day'

GOODING, Oct. 30—The "world community day," sponsored by United Council of Church Women, will be observed Nov. 5 at the Church of Christ, Scientist. Committee in charge of the program includes Mrs. Z. W. Pond, Mrs. C. D. Moore and Mrs. Charles F. Baker.

Special music will be furnished by members from various churches in Gooding.

Jane Meyer will conduct the devotional period. Mrs. R. M. Robertson will speak on "The World Community Day." Mrs. H. T. Butler will speak on "peace is my responsibility."

### Trips and Visits Reported in Buhl

BUHL, Oct. 30—Mr. and Mrs. Arnold, Danier visited the funeral in Pocatello of William Jex, father-in-law of their nephew, Howard Kanare.

Mrs. W. H. Cates, Van Nura, Calif., and Mrs. W. H. King, Downey, Calif., have returned home after visiting their sister, Mrs. H. Schooley, and brother, M. D. Wilson, for a week.

Mr. and Mrs. Lawrence Nickels, Cortez, Colo., are visiting Mr. and Mrs. Harry Lindzey.

Carol Delmer, who recently broke both legs, is reported improved.

Mr. and Mrs. H. Eckfeld, Okmulgee, Okla., are visiting her sister, Mrs. J. W. Smith, here.

Mr. and Mrs. Harry Laird have returned to Indio, Calif., after a six-weeks' visit at the home of their daughter, Mrs. Howard Pickrel.

Mrs. Lucy A. Stearns, Salt Lake City, is visiting her daughter, Mrs. Myrtle Gibbs.

### Work Going Fast On Structure for Tractor Concern

BURLEY, Oct. 30—Exterior work is being completed rapidly on the new brick Bunting Tractor company building just east of the fairgrounds in Burley, and Manager Lester Slack reports his company plans to occupy the building shortly after the first of January.

The building replaces the structure which was destroyed by fire last spring. It is being built at a cost of approximately \$140,000. It has an 85-foot frontage on U. S. highway 20, and is 265 feet long, with a glass showroom across the front of the building.

The Burley office will be a distributing point for machine parts for the area from Burley to Mountain Home. Repair shops will be maintained in a quonset type building near the new structure.

### Scout Leader Meeting Airs "Rally" Plans

Scouters of Twin Falls district met at the Methodist church for a Scout leaders' roundtable, Cub leaders roundtable, and regular district meeting, Graydon W. Smith, district chairman, announced.

A committee composed of T. M. Knight, George Scholer, Lloyd Robinson and Frank Briggs was appointed to complete plans and set a date for the roundup rally.

A nominating committee composed of Frank Briggs, chairman, Mel Whitehead and George Scholer was appointed to submit nominations for district chairman, vice chairman and six members at large, as well as recommend a district commissioner to be approved by the Scout executive. Names will be submitted at the next meeting, Nov. 18.

Results of a school survey reported giving the names of boys in churches in Twin Falls who wish to become Scouts, and also boys in Scout troops who belong to no church.

Denominations Elites Scouts of the Elks troop 183 demonstrated the ceremony of taking a new boy into the troop and Larry Goodner, Knoll Grange troop 61, gave a demonstration on correct uniform. Dramatization of recruiting a new boy was given by Tom Speedy and Darrell Heider.

Plans were made for the November roundup and the meeting ended with the closing ceremony.

The Cub leaders roundtable was under the direction of Ray Moon, district cubbing commissioner. During the discussion, ideas were exchanged on how to conduct a den meeting and different forms of handicraft.

### School Plan Told Rupert Rotarians

RUPERT, Oct. 30—An explanation of the proposed constitutional amendments was given Rotary club members at their luncheon this week by Melvin Grivell, assistant superintendent of Minidoka county schools.

He said the two amendments to be voted upon Tuesday are the first of several measures which will be necessary before the school reorganization program is in full effect.

Guests were L. L. Brathover and Anton Polver, Idaho Falls; Raymond H. Snyder, Albion, and Charles Collin, Rupert.

### Address Given for Inquiries on DP's

Until further notice—inquiries from potential employers or others regarding the entrance of displaced persons to this country under the provisions of public law No. 774 should be addressed to Displaced Persons Commission, fourth floor, Frontier building, 715 Eastmont St. NW, Washington 25, D. C.

The extent to which the employment service will participate in the displaced persons program has not been determined. Local offices will be informed as additional information is received, according to A. J. Meeks, manager of the Idaho state employment service office here.

# COATS

in Gabardines and Coverts

SETTING A NEW HIGH IN QUALITY AND A NEW LOW IN PRICE!

\$37.95 and up

ALL-WOOL FABRICS

Fine smooth quality gabardines and coverts—also suede cloths in new colors and plaids.

LATEST STYLES

The ever popular boxy and swing-back styles in a big collection.

EXCEPTIONAL VALUES

Compare the fabrics—the exceptional fine tailoring—the smart style details—you'll see the savings here!

Now's the time to buy your new fall coat—for when you see the quality of the fabrics and linings you'll marvel even more at the low prices. Come and see yours from this big selection. Sizes 8 to 22.

One look!... One ride!... You'll know it's... the modern design for '49 new Hudson

COMING IN, see the car that's years ahead—drive the New Hudson—experience the amazing roadability, comfort and safety of the only car you step down into!

Here's your chance to get the thrill of a real discovery—to see and feel what one of the great advances in motor-car history offers you.

You'll see a Hudson of distinguished streamlined beauty and low-built silhouette that is instantly recognizable because it is the natural result of a basically new design principle—a principle that puts this car so far ahead it is a projected investment in motor-car value!

The key to this new design principle is a recessed floor. The New Hudson is the only car you step down into!

By using a "step-down" step in an exclusive, all steel Monobuilt Body-and-frame, Hudson achieves the lowest car on the highway—only five feet from ground to top—while maintaining more head room than in any mass-produced car built today!

But no amount of looking at this amazing car—beautiful as it is—can equal the thrill of a Hudson ride! And you are invited to enjoy this ride today!

Hudson has a smooth, top-of-the-road way of going in cross-winds and on every conceivable kind of highway. When you see the way it takes over the sharpest curve, you'll know once again that this car has the modern design for '49—and for years to come!

Hudson's remarkable ride is largely due to the fact that its "step-down" design provides the lowest center of gravity in any American stock-car—yet road clearance is ample! It's a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be.

You sense a delightful conformity to the road the minute you begin your ride, and this stability, plus the protection of riding encased by a sturdy box-section steel frame, is a grand experience in secure, safe wellbeing.

This grand feeling is further heightened by the remarkable ease with which this car is controlled. You enjoy this generous roominess in complete relaxation as the New Hudson glides smoothly along.

We cordially invite you to see and drive the New Hudson, to thoroughly enjoy the ride that comes only with "The modern design for '49"

"If It Isn't Right, Bring It Back"

### 'Buffer' Army For Germany Is Whispered

BERLIN, Oct. 30 (AP)—When American military men talk privately about the possibility of war with Russia, someone always whispers: "They're not rearming the Germans right now."

"They whisper it because an American officer who made such a suggestion publicly almost certainly would be reprimanded, and might even be transferred to another post. But the talk goes on."

"Buffer" Army  
The idea would be to form a buffer army out of the 50,000,000 Germans in the three western zones. This army would provide the shock-troops when and if the red army marched westward. Men who are advocating this believe the western Germans are ready and willing to organize such an army.

It is argued that Soviet action in building a powerful police army in the Russian zone of Germany provides a valid reason for arming the western Germans against a possible communist push.

Governor Concerned  
Both the American and British military governors have expressed themselves lately with reports that Russia has organized and is arming a vast communist police army in eastern Germany.

On Oct. 21, U. S. Gen. Lucius D. Clay said in Washington this force was estimated at 200,000 to 300,000 men. Wednesday in Berlin British Gen. Brian Robertson estimated it at 200,000 to 400,000 men, partially equipped with armored cars, machine guns and mortars, and described it as having "a distinctly military character."

Number of Reasons  
But there are a number of reasons why the idea of rearming western Germany has not been discussed publicly.

It is directly opposed to present official American and British policy, which stresses demilitarization. France in particular would be outraged by even a hint that Anglo-American officials were entertaining the idea. A decision to carry out such a plan might wreck the coalition of the western nations.

### Cattle Sales Over Million Dollars on Idaho Falls Mart

IDAHO FALLS, Oct. 30 (AP)—Sales at the Idaho Livestock Auction company here for the first time in history topped the million dollar mark in a single week.

Officials today reported the past week's sales brought \$1,000,000 to farmers and ranchers, including \$567,880 for cattle, \$23,778 for sheep and \$410,277 for hogs.

Buyers and sellers were on hand from Idaho, Nevada, Wyoming, Montana, Utah, California and other states. Quotations for most livestock generally were 25 to 50 cents lower than for the preceding week.

Now that the plant has reached the ceiling of her home at 213 Fourth street south, Mrs. Tucker said she planned to get rid of the plant. (Staff photo-engraving)

### Food, Drug Unit Bans Chemical For Flour Bleach

WASHINGTON, Oct. 30 (AP)—The food and drug administration proposes to ban the use of Azene for flour bleach, federal officials said today.

The proposed order will be published in the federal register next Tuesday. The proposed order does not place the ban in effect immediately.

After the order is published, the administrator may receive objections which he takes into consideration before placing the ban in effect.

If industry sources still object to the ban after being put into effect they may appeal the matter to the federal courts within 90 days.

But federal officials said they did not anticipate any objection to the ban by industry. There was no testimony in opposition to the proposed ban at a hearing held in Washington recently.

Testimony was given at this hearing that Azene, otherwise known as nitrogen trichloride, can be injurious to some forms of lower animals when consumed in large amounts. The Azene is added to the flour.

**Paper Relates Story of LDS Island Center**

SALT LAKE CITY, Oct. 30 (UP)—A newspaper sent to Salt Lake City today from the Republic, Australia, between of United Press carried a colorful story of the laying of a cornerstone for the new Mormon church center in Tahiti.

The newspaper was the October issue of the Pacific Islands Monthly. The story read:

"The missionary organization of the Church of Jesus Christ of Latter Day Saints, of Salt Lake City, USA (commonly called the Mormon church) on August 14 laid the foundation stone of an important group of buildings (chapel, assembly rooms, class rooms, missionary quarters) at the corner of Prince Honoi and Commandant Chasse avenues, Papeete.

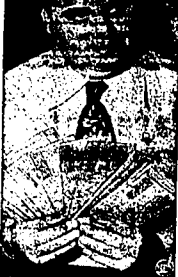

"The mission record of this church in French Oceania is over 100 years old. Three elders, Addison Pratt, Noah Rogers and Benjamin Croward, established the first mission station on Tahiti in 1844. The mission now also operates in Samoa, Tonga, Hawaii, as well as several islands in French Oceania.

"The new Papeete establishment is to cost \$200,000, and everything is supplied, without charge, from Salt Lake City. It will be a beautiful structure, set in special landscapings.

"The story was accompanied by a picture of the 'foundation stone' ceremony that showed Matthew Cowley, a member of the quorum of 12 apostles and president of the LDS islands mission.

**Checks Out**

Joseph F. Earley, of Cleveland, O., left the army in 1944. The first month he was home, the mailman delivered the regular \$30 allotment Earley had made for his wife. Figuring it was a mistake, Earley tossed the envelope into his desk. The next month, and the next and the next and right up to date, the checks kept coming in and Earley kept "filling" the envelopes, unopened. Recently he opened one and found a slip: "Are you entitled to this check?" Earley, pictured holding some of the \$1,700 worth of checks, is arranging for their return to Uncle Sam.

**Reclamation Unit Plans Legal Aide On Use of Water**

BOISE, Oct. 30 (UP)—The legislative committee of Idaho's reclamation association today had planned to appoint an attorney to help draft proposed underground water legislation with various Idaho irrigation firms.

The proposed measure will be submitted to the 1949 legislature before it convenes in January. The group asked State Reclamation Engineer Mark R. Kulp to prepare a list of small projects needed in the state.

William Welsh, secretary of the association, said a meeting will be called early in December to study the project.

During yesterday's sessions, the committee discussed the effect con-

tinuous pumping of underground water supplies may have on nearby reservoirs and streams.

Representatives of Idaho irrigation districts also studied the need for pumping underground water in areas where seepage problems arise.

Earlier, T. J. Martin, Boise attorney, suggested to the group that the legislature appropriate enough funds to enable the state reclamation engineer to properly supervise underground water.

The ruffed grouse gets his name from the Latin "bonasa," meaning black, and was probably suggested by its headlong flight when flushed.

the legislature appropriate enough funds to enable the state reclamation engineer to properly supervise underground water.

Mr. Victor is president of the Waymarks Association Crusade of nation-wide Highway Evangelists, an interdenominational state address—Box 203, Boise, Idaho.

**Picture Tells of Malicious Act**

We shudder to recall the mortal combat of late years with those who purposed to rule God out of all the nations under their control. These were enemies of all truth, holiness and justice. It stalks through our fair land today.

It breaks forth as a plague here and there.

A malicious act in this community recently demonstrated a hatred to God, for His Word and all that it stands for and teaches. It showed a vicious spirit, and a deliberate act planned and purposely carried out to destroy a ministry of God.

It shocked us when it happened here where the bountiful blessings of God, Church and Christian influence are enjoyed. Where for twenty-five years we with our family enjoyed these privileges.

Surely America needs God, His word and His help and blessing as never before.

Can we say we see the shame of it all, a shame to the cause of Christ and a Christian land, and yet do little or nothing for the cause in the true spirit of noble sacrifice.

**Henry Dworshak for U.S. Senator**

**His Outstanding Record of Achievement Makes Him a Valuable Man in the Senate**

In Henry Dworshak the people of Idaho have a Senator who believes in the American way of life. He believes in those time-honored principles of democracy and free enterprise which in our nation has produced more wealth, more prosperity and more happiness than was ever produced in the world before.

**Qualified to Represent Idaho**

Henry Dworshak has every qualification for a high-caliber Senator. He is a man of unusual ability, integrity and resourcefulness. He stands for good, honest, clean government devoid of waste and extravagance.

**Vote to Re-elect Henry Dworshak**   
 UNITED STATES SENATOR  
 Republican State Central Committee Paid Pol. Act.  
**VOTE REPUBLICAN STRAIGHT**

**WE MAKE NO APOLOGY FOR PRESSING THE CLAIMS**

and needs of this Crusade of Highway Evangelism, nor for the devoted concern we manifest for it. It's our, your challenge today.

God calls today to, "Go out into the Highways and Compel them to come in," Luke 14;23. "Set up Waymarks, Set thine heart toward the Highway," Jer. 31;29, "Lift up a Standard for the people," Isa. 62;10. Write the vision and make it plain," Hab. 2;2. "What ye hear in the ear that preach on the housetops," Matt. 10;27; etc.

Can we afford to ostracize this effective method of evangelism and spurn God's call or be today like an ostrich and stick our heads under the sand of other plans and good deeds and think we're safe?

Men today use this very method to create, inspire, suggest and produce every evil and disgraceful form of sin and iniquity inspired and suggested by Satan, being so motivated by greed of gain and selfish profit that is appalling.

And long have our eyes beheld in sadness and horrors its subtle influence; its power to drag young and old into sin, misery and despair almost without limit.

"Is God unrighteous who taketh vengeance?" Rom. 3;5.

"For whatsoever a man soweth that he also shall reap," Gal. 6;7.

Behold, Now is the accepted time.

Behold, NOW is the day of Salvation, 2 Cor. 6;2.

We must do today as the Crusaders of old did in their day, lift up our hands and with one voice cry, "We Consent, We Consent." Our deeds would then speak as theirs. No cost would be too great nor sacrifice too big to fulfill our duty to share in this great enterprise for all mankind.

My Friend, we could desire to do as these Crusaders did in their day, kneel at the feet of all, weeping many tears until all consent and say, "We will, We will, for CHRIST sake and the sake of unsaved millions assist and help in this great cause and Crusade for God and country.

**"FOR GOD SO LOVED THE WORLD, THAT HE GAVE HIS ONLY BEGOTTEN SON, THAT WHOSEVER BELIEVETH IN HIM SHOULD NOT PERISH, BUT HAVE EVERLASTING LIFE."** John 3;16.

**"BEHOLD, THE DAY OF THE LORD COMETH, CRUEL BOTH WITH WRATH AND FIERCE ANGER, TO LAY THE LAND DESOLATE; AND HE SHALL DESTROY THE SINNERS OUT OF IT."** Isa 13;9.

*What Centuries Might Have Done Must Crowd This Day of Setting Sun!*

# Life in MAGIC VALLEY

BY INEZ FUCKETT

THREE things to govern... THREE things to despise... THREE things to admire...

Let's not miss our Big Moment... It will come Tuesday, when as free citizens of a great country...

FUCKETT

When it comes to intelligent, well-groomed women, Magic Valley can hold its own with any community... You had realized this anew if you had attended the founder's day dinner...

The gala was sealed in the Rogers dining room and a snappy and snappy evening they were... They have been from many backgrounds...

Lillian, "and we have experimented with the stars there, and a suitable one by mixing the earth from each side of the river." She added that the idea of using "hot mud" would be cheaper but they liked what came from along the Snake. "It's a natural fertilizer," she said.

Mary Staples of Eden was waiting in the Reliable shoe shop when she heard the news of the election. She had been in the room for some time with the run-over heels. Mrs. Staples had her blond grandchild, Cheryl, with her, and her daughter, Charlotte Burke. Cheryl had big blue eyes, and Charlotte had big brown eyes. They were talking about when everybody came to Magic Valley.

"My husband, Melvin, and myself met over at the Eden shoe store," said Mrs. Staples. J. C. Blair, owner of the shop, stopped backing up the car to see what was going on. He had been in Twin since 1914. "I started a shoe business—farmed—and went to school during the terrible war," he laughed.

"The assistant, Charlie Larsen, was present, so we couldn't find out about his Idaho past. Our sons, Arthur and Wallace, came back to Eden after the war." Mrs. S. told us. "They were carpenters here. She added that a third son, Carl, was killed in a bomber crash at Wheeler during the terrible war.

"What are you going to do with those notes you've been taking?" Charlotte asked as we turned to leave. "They'll be in a little story in the 'Times-News' about what we read. Mrs. Staples' face lighted in a pleased smile. "Melvin reads the paper," she said. "He'll be so proud." So here's the story, Melvin. You like it.

Key Arnold, of station KXLE, asked us for an air interview, but he was unable to get to the station. Key, two ardent invitations have come from Pocatello, station KXEO, to come to the station for an interview. Key, Ruthie sent a booklet about the daughter of the Guy Stegerson of Eden, and another about the daughter of the Guy Stegerson of Eden, and another about the daughter of the Guy Stegerson of Eden.

## Absent-Minded Professors Are Biggest 'Headache' to Mounties

By HAL BOYLE  
NEW YORK, Oct. 30 (AP)—Mad traps—trappers, Indians and claim-jumping prospectors are causing the royal Canadian mounted police much trouble these days, but scientists are.

"They go into the mountains to study the caribou or the habits of the natives," said Inspector William Dick. "Often they get lost, have the proper gear, and when they get lost we have to go and get them out."

Dick is here with 32 of his mounties to put on a riding demonstration at the national horse show in Madison Square Garden, Nov. 2 to 6.

The Canadian mountie of fact today leaves a hunter but less romantic life than the mountie of fiction. There are only 3,500. And they have to enforce dominion law over a tremendous area of 3,462,000 square miles with a population of more than 12,600,000.

"Of the last 9,000 applicants only 337 were accepted," said Dick, a rugged veteran of 40 who spent six years with the Canadian army overseas.

"We get them from all walks of life, but some of our best mounties have been farmers. They seem to know how to take care of themselves better."

Every mountie still has to learn to ride a horse and shoot a gun, but he also has to study some 65 technical subjects during his eight to nine-month training course. He starts his career at \$3.60 a day plus food, clothing and quarters. There is an extra allowance for marriage, and they get a pension after 25 years.

Most mounties now travel by patrol car. If they need a horse in the field they rent it—from a farmer or a riding academy.

"We have 183 horses, but they are used only for training purposes," smiles the inspector. "We still place much importance on equitation. A man finds his own level on a horse. If he dand the horse will show it up. And riding helps build a man's self-confidence."

Only volunteers are accepted for the arduous two-year tour of duty.

## U. S. Income High Despite Pay Tax Cut

WASHINGTON, Oct. 30 (AP)—Despite the income tax cut, government last year received \$22,223,000 higher for the first quarter of the fiscal year than in the same period last year.

The internal revenue bureau said today a \$71,100,000 drop in individual income taxes was more than offset by increased revenue from corporation income and other taxes.

Total collections for the July-through-September period were listed as \$5,243,971,000.

Individual income taxes, the biggest single source of government funds, yielded \$3,871,171,000 for the first quarter of fiscal 1949 as increases in personal incomes helped offset the tax rate reduction.

Receipts from corporation income taxes rose \$50,602,000 to a \$2,061,037,000 total take for the quarter.

Profits Tax Drops  
One sign that Canada has tamed down—just like the American wild west.

"I haven't had a mad trapper case since 1931," said Dick, "but in that time three babies have been born in the back seat of my car as the mothers were being taken to a hospital."

And he brought 'em in alive, too. The mounties get their man.

And he brought 'em in alive, too. The mounties get their man.

And he brought 'em in alive, too. The mounties get their man.

And he brought 'em in alive, too. The mounties get their man.

## Acid Lack Likely To Close up Plant

POCATELLO, Oct. 30 (AP)—Officials of the I. H. Simplot fertilizer plant here today said production may be stopped because of the lack of acid shipments from Utah.

The officials said if the Kennecott copper strike continues for long, it will cut off the plant's acid supply and cause it to close down.

The plant supervisor said a good supply of fertilizer was on hand and would take care of orders for a short period.

The plant supervisor said a good supply of fertilizer was on hand and would take care of orders for a short period.

## Three-Fourths of Beets Harvested

IDAHO FALLS, Oct. 30 (AP)—About 70 per cent of the eastern Idaho sugar beet crop has been harvested. W. J. O'Bryant, Idaho manager of the Utah-Idaho Sugar company, reported.

His report followed a tour by three company officials of plants at Lincoln and Blackfoot.

O'Bryant said about 80 per cent of the beets on hand have been processed and he expects both plants to close about Dec. 1.

O'Bryant said about 80 per cent of the beets on hand have been processed and he expects both plants to close about Dec. 1.

## Attention!

# Jerome County TAXPAYERS!

Your Present County Commissioners Have Put Jerome County In the Airport Business

In 1947 they levied .1025 on the total valuation of the County, which raised approximately \$10,000.00. This year (1948) they levied the same amount which raised approximately another \$10,000.00.

### This Is More Than the Amount Levied for the Entire County Noxious Weed Control During This Same Period

They (the Jerome County Commissioners) have entered into an agreement or contract with the Federal Government to operate and maintain this Airport during the life of the field—not to exceed 20 years.

Under this agreement or contract the County could be held liable for any accidents that might occur due to negligence or improper maintenance or hazards that might arise from time to time... and might result in a suit for a large amount of money.

## SHALL WE BUILD AIRPORTS OR... And Maintain an Adequate Weed Control Program That Will Benefit Every Taxpayer?

### WE'RE NOT OPPOSED TO AIRSTRIPS BUT THIS IS NOT AN AIRSTRIP

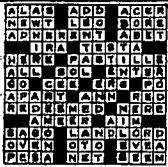

LET US ELECT NEW COMMISSIONERS NEXT TUESDAY

### Joe Appears Led by West Plea to U. N.

By J. M. ROBERTS, JR.  
The allied tactic of taking an  
appeal to the United Nations  
before the United States  
has been tried in the case of  
the Russian ultimatum to the  
United Nations.

His latest tactic, accusing  
everyone else of doing just what  
he is doing, is already a well-  
tried Russian device. It is proof  
of that. He has been forced to  
throw his personal prestige into  
the effort to offset the propa-  
ganda victories which the allies  
have been winning.

The picture of good old Joe,  
standing like a great Slav monolith  
across the path of the "war  
mongers" is, of course, ludicrous. So is  
his attack on the small nations in  
the security council, whose every  
effort for three years has been to  
avoid being caught between the  
great powers in a new war.

Allied denials of the "factual"  
portions of the Stalin statement are  
hardly necessary. The record is per-  
fectly clear and generally well-  
known. It is so clear that many  
dred-in-the-weed communists in the  
United States and elsewhere have  
become acutely embarrassed. These  
people, clinging desperately to be-  
lieve in Russia as the bulwark of  
their economic and political theo-  
ries but frightened and distrustful  
of her imperialist ambitions, may at-  
tempt to swallow Joe's story to ease  
their own consciences. But even if  
they swallow they will have too  
many hard lumps of fact to digest.

Stalin has usually buttressed his  
discussions of east-west relations  
with talk about his belief in ulti-  
mate settlement, the ability of the  
East and the West to sit down to-  
gether, and the like. This time he  
sounds more like Molotov and Vin-  
stsky, who have appeared to be in a  
much bigger hurry than Joe to get  
ahead with the world revolution.

Stalin has been reported as believ-  
ing Russia should make herself  
stronger. Some of his cohorts who  
bear less responsibility have been  
correspondingly less patient.

Stalin's current tones will revive  
speculation as to who is winning this  
argument in Russia.

### Agriculture Unit Says Pork Chops Price Levels Off

WASHINGTON, Oct. 30 (AP)—The  
price of pork chops is about as low  
now as it will be for some time,  
according to the agriculture depart-  
ment.

In its monthly report on the meat  
situation, the department said how-  
ever, prices normally decline about eight  
per cent from September to October

because of the fall upswing of mar-  
keting.  
Prices fell earlier and faster this  
year than usual, the report said.  
Probably most of the seasonal de-  
cline has already taken place. But  
it added that the customary Janu-  
ary price booms may not occur so  
early in 1949. Feeding hogs to heav-  
ier weights on this year's huge corn  
crop may keep supplies up a little  
longer than normally.  
The seasonal decline in meat prices,  
plus price drops for corn and  
buttermilk, brought the farmer's pur-  
chasing power down to its lowest  
point in six years, the department's  
mid-month price survey showed.

### Zinc Is Reported Decreasing Says Metal Firm Head

SALT LAKE CITY, Oct. 30 (AP)—  
The domestic zinc supply will be-  
come "increasingly short" within the  
next six months, Otto Herres, vice  
president of Combined Metals Re-  
duction company, predicted today.  
He said the situation would re-  
sult from federal stockpiling de-  
mands for 80,000 tons of zinc.  
"The market is 'uneasy' right now,"  
Herres said, predicting further price

increases. "The metal now is quoted  
at 18 1/2 cents a pound at East St.  
Louis, Ill., a new high.

"There isn't much hope of a sup-  
ply of zinc lead or copper from the  
Mexican plan countries," Herres  
said, noting that few countries com-  
mitted under the plan to allocate  
critical metals to the United States  
have a sizeable supply.

Herres expressed satisfaction with  
an order of the munitions board  
giving relief to the small producer  
of zinc. He said it would affect pri-  
marily companies in Missouri, at  
Ansonia and Great Falls, and in  
the northern Idaho Coeur d'Alene

mining area.  
He said the order permits the  
small companies to sell their pro-  
duction to smelters which are not  
required to process only government  
concentrates. The refined product,  
however, must go to the govern-  
ment's stockpiling program, not to  
the domestic consumer.
