

Proof on Red Aims Sought

SUCCESS, Oct. 11—The American Foreign Mission Society, which has been active in the Soviet Union, is seeking to obtain proof on the aims of the organization. The society's activities in the Soviet Union have been reported to be of a nature which would be in violation of the laws of the United States. The society's activities in the Soviet Union have been reported to be of a nature which would be in violation of the laws of the United States.

Avows Reason Was Poor Choice

WASHINGTON, Oct. 11 (AP)—A Democratic senator avowed tonight that he would never have supported the Korean war if he had known the reasons for it. The senator, who is a member of the Senate Foreign Relations Committee, said that he had been misled by the administration's propaganda.

Fine Near Mire Stopped

WASHINGTON, Oct. 11 (AP)—A fine near mire was stopped by the Federal Reserve Board. The fine was levied against a bank for failing to maintain adequate reserves. The Federal Reserve Board said that the bank had failed to maintain adequate reserves for several months.

Seek 25-Cent Boost in Pay

WASHINGTON, Oct. 11 (AP)—Heads of 15 railroad unions asked for a 25-cent-an-hour wage increase. The unions are asking for the increase because of the high cost of living. The unions are asking for the increase because of the high cost of living.

BLUE CROSS DRIVE SET

BOISE, Oct. 11 (AP)—A statewide enrollment campaign for the Blue Cross hospitalization and medical-surgical protection is to be held in Idaho. The campaign is being led by the Idaho Blue Cross. The campaign is being led by the Idaho Blue Cross.

Porch-Light Campaign Plans Made

Residents of Twin Falls will have their opportunity to contribute to the Community Chest drive Thursday evening when soldiers will conduct their porch-light campaign. Residents have been urged to stay home Thursday evening to be on hand when the Community Chest workers arrive to accept contributions. Shown above is Mrs. Artell Kelly, left, porch-light chairman, as she discussed with Mrs. Stanley Phillips, assistant chairman, the procedure of collecting donations. Ralph Kalsch, Snake River council Boy Scout executive, is shown, Mrs. Phillips, representing the Twin Falls Sororist club, is chairman of the Community Chest solicitation committee. (Staff photo-courtesy)

Concentrated Drive Set Thursday Night

About 600 Community Chest workers will make a quick but thorough canvass of Twin Falls residential areas Thursday evening for the "porch-light" division of the 1950 Community Chest drive. This part of the drive is the only opportunity most Twin Falls residents will have to contribute to the campaign. In the divisions which have been run so far, the advance profits and business divisions, only business owners and managers and a few professional men have been contacted for donations. All employees and most professional men will be contacted during the residential district collections.

U. S. Clamps Down on All Home Loans

WASHINGTON, Oct. 11 (AP)—Home buyers had their last chance today to try for easy term mortgages before drastic new government controls force bigger cash down payments and faster payoff terms. The new controls will take effect on October 15. Minimum cash down payments for non-veterans will range from 10 per cent on houses costing under \$5,000 to 20 per cent on houses priced above \$2,500. Down payments for veterans will run from five to 45 per cent. Mortgages will have to be paid up in 20 years, except for the few present-day houses valued at \$7,000 or less, where 25 years will be allowed. That will mean higher monthly payments.

As War Toll

WASHINGTON, Oct. 11 (AP)—The defense department announced today that 24,163 casualties have been reported in action in Korea fighting through Oct. 6. The department said these figures do not reflect all casualties occurring to that time because of the time lapse required to notify the families. The casualties include 3,614 dead, including 3,214 killed in action, 1,741 wounded in action and 4,269 missing in action. The department said that 10,141 were listed as army, 136 navy; 2,127 marine corps, and 159 air force.

Senate's Probers Moving Into N. Y.

NEW YORK, Oct. 11 (AP)—United States senators are moving into New York City today to begin their investigation into the activities of the Communist Party in the city. The senators are expected to arrive in New York City today.

U. N. Drive Now 11 Miles In Korean Red Territory; Truman Starts Trip West

WASHINGTON, Oct. 11 (AP)—President Truman flew northward, first to a lodge in St. Louis, then on to a rancher's home in the Pacific with Gen. Douglas MacArthur. The White House attempted to keep secret the actual site of the meeting between the President and the United Nations supreme commander in Korea, but informed sources said Yakushima would be the place.

The President left Washington at 3:20 p.m. today for St. Louis where he will witness tonight the installation of his sponsor, Harry Truman, as grand worthy patron of the Eastern Star in Missouri. With Mrs. Truman, attended the installation members of his official family and former Gov. Mon C. Wallgren, Washington. The plane was due at 5:30 p. m. (CST) at St. Louis.

The President, Secretary of State Acheson and Postmaster-General Jesse Donaldson were at the airport for the present administration. Late tomorrow afternoon he will fly to the Fairchild-Culver airbase in Hawaii to meet MacArthur. After a two-hour rest, the President will continue on to Hawaii.

In Tokyo diplomatic quarters said today General MacArthur probably will advise an Asia-wide anti-communist program at his meeting with President Truman. They said talks will result in a stronger, clearer American policy for the Asia-Pacific area.

Diplomats believe the President is concerned over the communist threat to Asia as well as the recent report campaign against French Indo-China and the precarious position of the Chinese nationalists in Formosa.

How big a part Russia has played in the Asia-Pacific area, the communist drive in Asia also will be studied. Russia supplied North Korea with arms and equipment and by the communist invaders from North Korea will be made.

Dean and a companion, Bill Hunter, entered the forest Tuesday afternoon. They were in the forest area to hunt leopards. Hunter, in reporting the loss of his companion, told Ocala county Sheriff Jim Bonham.

Dean and a companion, Bill Hunter, entered the forest Tuesday afternoon. They were in the forest area to hunt leopards. Hunter, in reporting the loss of his companion, told Ocala county Sheriff Jim Bonham.

New Land Near Murtaugh Yields Outstanding Potato Crop

Here is the potato harvest under way at the E. G. Hager farm south of Murtaugh which is reaped by W. D. Crane. The land on which the potatoes were grown has been cleared of brush in recent years and is irrigated from deep wells. The yield on the land this year has been averaging more than 400 sacks of potatoes to the acre. (Staff photo-grapher)

New Farm in County Produces Outstanding Crop of Potatoes

Good farm land recently cut out of the desert, crystal-clear well water for irrigation and proper cultivation have given T. D. Crane, Murtaugh, what some potato men call the outstanding potato crop of the Twin Falls-Kimberly-Murtaugh area.

Legion Bid to Oust Achesson Being Debated

LOS ANGELES, Oct. 10 (AP)—A demand that President Truman replace Secretary of State Cordell Hull will be brought before the national American Legion convention this week in one of the top items of the 37th annual conference...

The outgoing national executive committee has recommended Achesson be retained. National Chairman, George N. Craig has said the state department chief should go because the American people have lost confidence in him.

Rep. Eddy-Horne-Hoyes-Ross, Mass., will receive the Legion's highest honor, the Distinguished Service Medal, for work in behalf of veterans as a member and former chairman of the House Veterans Affairs committee.

Addressing the national organization of World War veterans, the congressman said the nation is faced with a shortage of hospital beds and pointed out that 500,000 war casualties already exceed 3,000,000.

Lincoln Boy Scouts Hold Honor Court

SHOSHONE, Oct. 11—A festival for Lincoln Boy Scouts was held at 8 p. m. Saturday at the Shoshone recreation field with approximately 200 Scouts, leaders and parents in attendance.

Clair Kenaston, troop 103, led the pledge of allegiance as the flag was raised and Bing Patterson, Fletcher, captain of the Lincoln Boy Scouts, conducted the award of honor and presented the award.

The awards presented were a life Scout badge to Kenneth Rhumlin, Shoshone Troop 31, and a reading merit badge to Alvin Fletcher, troop 103, Shoshone.

Several awards were presented by various troops with the Shoshone Cub pack featured in a display of Scout service. Games were supervised by Marshall Terry, Gooding, district field representative.

Scout leaders and Cub masters in charge of the event were J. A. Campbell, Shoshone Troop 31; Roger Kelly, Shoshone Troop 31; Dean Barry, North Shoshone Troop 35; Vern Thule, Richfield Troop 3; Ed Edwards, Dietrich Troop 101; and Howard Adkins, cub master of the Shoshone pack.

At a recent scout court of honor ceremony, Shoshone Boy Scouts received awards. Donald Walker, Bruce Hall and Stanford Meyers were advanced to tenderfoot status. Clair Kenaston, Fred Tanaka, Jimmie Daugh, Verlin Sowersay and Fred Carlson were advanced to second class Scout, and Melvin Fletcher and Bert Meyers were advanced to first class Scout.

Wood carving merit badges were awarded Clair Kenaston and Melvin Fletcher. Badges for swimming were given to Frederick Flata, Louis Fred, Fred Tanaka, Bert Meyers and Joe Meyers.

Gooding Boy Receives Unusual Gift From Lions

Robert Hoyle, 11-year-old son of Mr. and Mrs. V. M. Hoyle, here receives a power unit for his wheel chair from Dick Jordan, chairman of the Gooding Lions club's health, welfare and safety committee, and Eugene Jones, president of the club. Robert was wounded by a stray bullet almost 19 years ago and has been unable to walk since. (Staff photo-entouring)

Gooding Club Helps to Widen Grin on Boy's Shining Face

GOODING, Oct. 11—Did you ever see a grin, riding in a wheel chair, that is.

Well that's what people on the streets in Gooding see all the time when Robert Hoyle gets out of school. He has a few minutes to spend in town. The kid will be smiling, flashing his big grin and a big grin is unusually captivating, but to see these characteristics riding jauntily down the street in a wheel chair drive them home with a jolt.

And the grin is bigger and more engaging today as Robert has been presented with a new power unit by the Gooding Lions club to operate his motor car which had been out of use for almost a year.

Robert's small hand-detonated chair takes quite a bit of power to get about as much as he goes.

Some 10 years ago when Robert was only five years old he lived in Phoenix, Ariz., with his parents, Mr. and Mrs. V. M. Hoyle. One day he was entering the door of his home out in the suburbs of the city, a stray bullet from a .22 caliber rifle struck him in the spine. When found, the hunter said he had been hunting quail.

Robert says it does not good to go back over his terrifying experience. Since that time he never has been able to walk. But it has taken more than a bullet in the spine to stop the courageous spirit of a red-top like Robert. His contagious smile is enough to lighten the hearts of all who stop to greet with him.

Now a junior in the Gooding high school, Robert rides to school on the bus, bringing his collapsible wheel chair with him. His friends, who include the entire student body and faculty, carry Robert from floor to floor.

But that's a small matter among friends. If the students at school have helped him, he has more than helped them in return. His cheerful presence has taught each a lesson that is not found in the course of studies in the school.

Somewhat ashamed not long ago at being asked to attend one of the formal dances at the school, he attended nonetheless and dances were conducted in the usual manner, the young ladies sitting happily on the sidelines with Robert obviously enjoying it.

When asked about being helped when in class, Robert said, "Well, I'd just as soon be helped without the help of my pals." He has worn out three chairs in the past 10 years, but no friends.

Of all his subjects at school Robert likes English best. He also takes shorthand, typewriting, American history and geometry. In his spare time he is a reporter for the local paper and acts as a subscription agent. Pur hobbyist Robert leans toward model airplanes. He has one gas model with a 24-inch wing span.

When asked what his plans for the future are, Robert says, "I'm just thinking about telegraphy. At present he is treasurer of the junior class, and a member of the 'G' club for boys. He was voted the most outstanding boy of the freshman class in 1933.

Robert has three brothers and one small sister. "Having a stake is quite a deal," he grinned, "but we were hurt in the fire which destroyed their home and all possessions a little more than a year ago.

"The new unit is wonderful," Robert says. His condition seems to find the words with which to thank Eugene Gibbons, president of the Lions club, and Dick Jordan, chairman of the health, welfare and safety committee, when they presented the unit to him. But he grinned-at them and they grinned back and everybody seemed satisfied and happy.

State Entries Win At Portland Show

PORTLAND, Oct. 11—A Hereford steer from the Double M herd of the Hanna Adkins Ore. had the grand championship ribbon of the Pacific International livestock exposition.

Another Hereford, bred by Mann and awarded last year to Brent Hill, of Pilot Rock, Ore. outstanding 1945 4-H beef exhibitor, finished off with reserve championship of the state's award.

Other show results included these Idaho winners:

The University of Idaho had the top and reserve champion shorthorn.

A Duro-Poland China absorbed barrow of Harold Hatan, 18, Moscow, Id., was named grand champion market hog of the 4-H state show.

FILLER VISITORS

FILLER, Oct. 11—Mr. and Mrs. Mavor Barz and daughter, Faye Barz, Alaska, are visiting her parents, Mr. and Mrs. D. H. Davis.

Crime Probe Cuts Football Betting Pools

CHICAGO, Oct. 11 (AP)—The Kefauver-committee investigation of gambling, along with local enforcement drives have slashed heavily into the multi-million dollar take of football card pools this year.

A United Press survey showed today, though the pools, offering odds ranging from four to one for picking three winners up to 100 for picking four, have been reduced tremendously generally in the larger cities.

New York has only a fraction of the 1934 volume, when individual bookmakers handled from \$10,000 to \$15,000 a week. No cards are distributed generally and those found apparently have been "back-loaded" into printed in small numbers and distributed in narrow areas.

Compared to 1949 when more than a dozen "system" cards were available in Chicago, only four or five

Worker Aid Law Debate Scheduled

BOISE, Oct. 11 (AP)—A meeting at Boise on Lewiston Oct. 26-27 will debate the federal anti-union law.

The work is being done by the joint legislative district committee on workers' compensation. Created by the 20th session of the legislature, the committee will make its report to the 1935 session.

State Rep. Paul Vernon, R. Ada, committee chairman, announced the meeting dates, but he did not know which city will be selected.

Bread, Fruit Preserved by Rays of Atom

SCIENCEGARDY, N. Y., Oct. 11 (AP)—A loaf of bread that remains fresh for months after treatment with atomic rays was described to the national academy of sciences today.

The atomic preserver will work for any kind of bread. No changes in baking are needed.

Placed in Beam
The bread is placed in a beam of atomic rays for a moment in a beam of electrons of nearly a million volt power. After that you can put the loaf in the bread box or on a shelf.

No refrigeration is needed and ordinary house temperature does not spoil the bread.

Foods Preserved
The bread is one of several foodstuffs preserved for a year by similar experiments in the General Electric research laboratory.

Lewiston, a scientist in the laboratory, said that the atomic preserver is a simple device that is always necessary to keep food away from the air. This is done by using airtight wrappers or plastic covers. There was no change in the taste of the bread. Baking, however, was not necessary to use the atomic preserver.

PROLONG the Life of Your Car ...

Add a Garage on FHA Terms!

You'll be pleasantly surprised to learn how easy it is to add the garage you need to properly protect your car. FHA Title One Terms permit a homeowner to add a garage and make other home improvements. Boise Payette not only aids in arranging such financing but can furnish scores of garage plans, plus all the materials required to build the garage needed to house your car and harmonize with the architecture of your home.

Learn all the details now at ...

Temporary Repair Causes Accident

Roy Lee Blackwell, 23, Bakerfield, Calif., inspects damage which resulted in his car because of a temporary repair he made to keep the brake light from burning continuously. He placed a fruit jar under the brake pedal to remove it before using the auto. Returning to Twin Falls from a farm southwest of here he lost control of the brake-less auto while avoiding two other cars. It fell over once in a "borrow-pit" coming to rest on its wheels. (Staff photo-exaggerated)

Boy, 3, Hurt As Fruit Jar Causes Crash

Roy Everett Blackwell, 3, was reported in "good" condition Wednesday at the county hospital where he was taken Tuesday afternoon after being injured in an accident. Four miles south and two and one-half miles west of the city. A fruit jar placed under a faulty brake pedal to keep the brake light on was listed as the cause of the accident which resulted in injuries to the boy.

Blackwell said he placed the fruit jar under the pedal to keep the brake light out while the car was parked. Before returning to Twin Falls from a potato field where he was working he forgot to remove the jar.

His first occasion to use the brakes gave him no opportunity to remedy his mistake. As he was overtaking another car, he noted an oncoming car and attempted to slow down. Despite the lack of brakes he was able to avoid hitting either car, but had to swing out rapidly after the oncoming car passed and lost control of his auto.

The car swerved across the road into a borrow pit where it overturned once, coming to rest on its wheels. Walter Blackwell, her husband, was injured.

The left front door, left side and left windshield were damaged badly. Minor damage resulted to a fence alongside the road.

City police investigated an intersection collision at 8:15 p.m. Tuesday between autos driven by Mrs. Don Newcomb, Veterans apartments, and Thelma Stenora, 170 Madrona street.

The mishap occurred at the intersection of Seventh avenue east and Local street, damaging the front end of the Newcomb car and the left door and left rear fender of Stenora's auto. However, no injuries resulted.

A rear end collision was reported at 10:35 p. m. in the 100 block of Third street east.

According to police, Howard Larsen, route 3, Hansen, had allowed for the intersection when a car driven by Harold Ruby, 1274 Polk, collided with the rear of Larsen's car. Police said Ruby's car left skid marks for 10 feet.

Prison's Paper Is Given High Rate

BOISE, Oct. 11 (AP)—"The Clock," Idaho penitentiary monthly publication, has been selected as one of the top prison publications in the United States, Robert P. Schofield, vice chairman of the state board of corrections, said Tuesday.

The award was made by "Prison World," official publication of the American Prison association and National Jail association, Schofield said.

was judged the top prison publication in readability and religious and rehabilitation news matter. A staff of six prisoners put out the paper under Schofield's supervision.

The hostess, a pheasant-like bird of South America, holds enemies at bay with its objectionable odor.

Concern Erecting Building Here to Store Fertilizers

A 40 by 180-foot fireproof steel and concrete building is being erected by the Mor-On Fertilizer company on land leased from the Union Pacific railroad near its Blue Lakes boulevard crossing.

The structure will be used to store up to 40 carloads of fertilizer, according to G. W. Newcomb, fertilizer company official. His concern handles a variety of nitrogen, ammonia and phosphate fertilizers from British Columbia, British New Jersey and the midwest, and is Twin Falls county distributor of the phosphate.

The warehouse is being built by Clyde Lore, Rupert contractor who came to Twin Falls in 1912. Its cost will be about \$12,000, not including spurs from the railroad.

The building is the fifth in a series of warehouses constructed for the fertilizer concern. Others are located at Preston, Burley, Rupert and Heyburn. Tentative plans call for three more, at Rigby, Gooding and Pocatello.

Toastmaster Club Award Presented

Speaking on "Peace Through the United Nations" Garth Reid won the blue pencil award at a meeting of the Twin Falls Toastmasters club Tuesday night at the Turf club.

Other speakers were Lyle Prater and Floyd Broadhead. Table topics were conducted by Max Lloyd, president. Dean Shipley was the chief critic, and Lloyd James was the toastmaster for the evening.

Class Meets
HAERMAN, Oct. 11.—The Young Adult Sunday school class of the Methodist church, held its monthly conference and social at the home of Mr. and Mrs. W. W. Carson Burdick, Mrs. Darnold Shultz, president of the class, presided over the meeting.

The devotional and lesson were led by Mrs. Alvandorff. Mrs. Shultz led the singing. Guests for the evening were Mr. and Mrs. Leo Nelson and Mr. and Mrs. Loren Chappell. Refreshments were served by the hostesses, Mrs. John Townsend and Mrs. Nettie Martin.

Divorce Sought

BURLEY, Oct. 11.—Lois F. Plumlee has filed suit for divorce from Maxwell P. Plumlee, charging cruelty.

The plaintiff seeks custody of one minor child. Costs of the suit, and \$15 a month support for the child.

TEST COMPLETED
BUHL, Oct. 11.—A. J. Jasek, Buhl, has a Heintze-Friesian contest during which he gave 400 pounds of butterfat and 11,155 gallons of milk testing 4.3 per cent. Report on the test was made by the Heintze-Friesian association of America.

4 YEARS OLD

AMERICAN DISTILLING CO., TWIN FALLS, IDAHO

Tie to Head Price ... Tried Out ... Oct. 11 (AP)—

Retired Illinois Medic, Veteran of 2,200 Appendectomies, Tells Dream for T. F.

A comparative newswoman has an idea to put Twin Falls "in the spotlight" by offering a different type of sports article is concerned. And if his enthusiasm is met by a writer, his dream is likely to become true.

He is Dr. C. F. Sawyer, 72, a retired surgeon who pioneered 2,200 appendectomies during 44 years of practice in Chicago. He has now spent the last five years in Pasadena, Calif.

In southern California he has written an athletic article which led to his dream for Twin Falls—a weekly publication for the people—a bowling team from Idaho, Oregon and Washington. He would like to visit the first Idaho city to have lawn bowling.

DR. C. F. SAWYER

Don't let Dr. Sawyer be dissatisfied with the sports activities here.

As a major league baseball follower you back, he's quick to say that the Twin Falls Cobbers are better than the one he followed in St. Louis, that catcher Tom McKelvey is about as nice as any he has seen and that Fred Esmerick, the pitcher, is very good. And he has found Magic Valley high school football has been excellent. He has also found that the University of Idaho college football has been excellent.

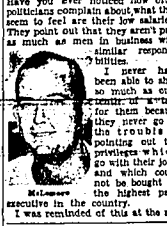

Dr. Sawyer's patients were referred to him by other physicians. He recalls unfavorably one physician early in his career who was very apologetic about referring an appendectomy case unless the patient was a doctor or a lawyer.

His patients have included the world's great and the not-so-great, many of them from the fields of politics or baseball. He says they were hardly a person from the Washington Senators, and another patient was the wife of John Comstock, old Spartan of the Chicago White Sox.

Hank Waxer Warm on Politico Privileges, Modern Packaging

An early leader in his field and author of a text on "appendectomies" ... During his long career he has advised such outstanding medical advances as general surgery—more careful selection of cases as to the advisability of performing surgery, more careful and more sensible preparation of patients and great advances in post-operative care, as in other fields—of medicine—without penicillin and the sulfu drugs.

Other advances he has noted include better education both of the public and the medical profession to a point where, if a surgical condition develops, neither was used the operation is made doubly hazardous by delay alone.

HANK WAXER

Many of Dr. Sawyer's patients were referred to him by other physicians. He recalls unfavorably one physician early in his career who was very apologetic about referring an appendectomy case unless the patient was a doctor or a lawyer.

Dr. Sawyer's patients were referred to him by other physicians. He recalls unfavorably one physician early in his career who was very apologetic about referring an appendectomy case unless the patient was a doctor or a lawyer.

By HENRY METZMORSE
The question is: "What's the deal?" Have you ever noticed how often politicians complain about what they seem to feel are their low salaries? They point out that they aren't paid as much as men in business with similar responsibilities.

I never have been able to understand so much as a congressman or a senator for them because they never go to the trouble of pointing out the privileges which are theirs to which they are entitled, and which could not be bought by the highest paid executive in the country.

I was reminded of this at the recent league baseball. His surgery saved the life of Clark Griffith, owner of the Washington Senators, and another patient was the wife of John Comstock, old Spartan of the Chicago White Sox.

working on the package ever since with no visible effect. It is my guess that it won't be until the tomb of that tooth brush until early next week.

Don't be Vague

SAY: 5 STAR

... working on the package ever since with no visible effect. It is my guess that it won't be until the tomb of that tooth brush until early next week.

... Combs took on the brain from the world series game in Philadelphia last year was a friend of mine (I have mentioned him several times in the sports file for years) ordered a drink of a little indigestion medicine and he started trying to open it just out of the habit of the game. And what did he see when he reached Shible park when he was to get there on time for the Yankee stadium? Scores of disappointed players parked there no other cars.

... were allowed to enter—within three minutes of the entrance gate. No use for me to tell you to whom those cars belonged. They carried politicians, most of whom had politics inside, and were able to breeze through the world series traffic as if they were the holy of holies.

... The politicians never add this light connection to their pay. Senators never remember the benefits of the prestige their position carries. Politicians are likely to forget the duties of duty behooving to which they are to be held in the street is subjected. Please don't let them forget this when they walk about the money they make.

... No one is prouder of American progress and efficiency than I am. Turn me loose in Europe and I'll boast for hours on how we can build a skyscraper in three and a half days, how we out-learned all of them were toiletlike tube toys, and tunnel through mountains faster than a beetle can make his way through a pound of salt hair.

... But in my heart I am not completely happy with American efficiency. We do things too well for the happiness of the little man. Take these things out of education, for example. Have you bought a tooth brush lately? If you have, you know the struggle one must go through to get it out of the container. It's the same with a tin of tooth powder, and a pick-up. bought a tooth brush yesterday and have—

him during their 15 years of marriage.

His praise of her housekeeping ability is augmented up in his warm feelings when he comes home he's never sure whether he'll find the curtains down and the rug up or if the house is in a state of confusion and the rug down all freshly cleaned.

One son, Malcolm, is a physician and surgeon in Twin Falls; another, Donald, is a steel company personnel director and civic leader in New York, and the daughter is married to Al, Frank Walowus, a West Point student at Mitchell field.

The Sawyer's eight grandchildren are stationed all over the country, and that is a sore point with the doctor. He would like to have all his children and grandchildren together each and every Christmas.

Dr. and Mrs. Sawyer came here early in June and still are getting settled in their home at 331 Eighth avenue north. There has to be some interruptions as a family reunion at Ephraim, Wis. All their children were together at the same time and Dr. and Mrs. Sawyer met his grandchildren they hadn't seen previously.

Two of his three brothers are retired ministers in New Jersey and are others in an insurance man in Minneapolis. Dr. Sawyer is planning a reunion for them for next year.

He retired in 1942 after his health had been worn down by increasing responsibilities in his more and more duties at Chicago's Greyhound theater, and his public work in lecturing in medical societies.

It was at Mercy hospital that he trained under three leading surgeons including Dr. J. B. Murphy.

the Congress? OR YOU AND THE MAN NEXT DOOR? the President?

Running America is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

THE PEOPLE WEIGH THE FACTS.

In the American man, the people sound the call for Socialized Medicine—and the case against it!

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentives, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up—to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from homes!

And ever watchful, ever sensitive to an alert people, the Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- | | |
|--|--|
| American Federation of Women's Clubs | American Legion |
| General Farm Bureau Federation | National Association of Small Business Men |
| National Grange | United States Chamber of Commerce |
| Veterans of Foreign Wars | National Association of Retail Grocers |
| Catholic Charities | National Retail Dry Goods Association |
| American Protestant Hospital Association | American Bar Association |

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proud security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic load off of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!

Baruch Says Russ Lacking Outside News

NEW YORK, Oct. 11 (AP)—Bernard M. Baruch believes if the average Russian had some idea of how the free world lives he would be a different man.

But support of new-contrast Russian news is the subject of a conference between the two countries inside the new curtain. Baruch said at the 12th annual Maria Moore Cabot convention at Columbia university.

Speaks to Journalists

The ceremony was attended by delegates to the week-long International Press conference which opened more than 400 editors and publishers of newspapers in the Americas. Some of the Cabot delegates were awarded conference delegates.

The elder statesman said, "The conditions of the average man under communism have not improved in 14 years. Full liberation since the Russian revolution."

—Were these differences generally known to those who lived under and could they by some happy chance find a way of reaching, the present policy would be reached very quickly, he said.

That would help destroy the greatest menace to our civilization—communist imperialism."

Baruch urged the press of the Americas to help prevent the spread of communism and to open the minds of other men so that they will join in the happier conditions under which we live.

"This will force (of communism) must be overcome one way or another," he said.

Residents of Filer Travel, Entertain

FILER, Oct. 11—Mr. and Mrs. Leo Norman, Ogden, have been guests of their daughter, Mrs. Ivan Russell.

Mr. and Mrs. John Thurston, Oatridge, Ia. have been guests of Mr. and Mrs. E. D. Vincent.

Mr. and Mrs. G. C. Barton have left for Baker, Ore. to visit relatives.

Mr. and Mrs. G. Staats has returned from Lamar, Colo. where she was called by the death of her brother-in-law, Mr. and Mrs. Wayne Staats, and Mrs. Staats.

Mr. and Mrs. Charles Bruce and Mrs. Don Wetherill and daughter, Spokane, were week-end guests of Mrs. Carrie Ames.

Mr. and Mrs. R. L. Shockey and daughter, Gardena, Calif., are visiting her brothers, H. L. Williamson and Scott Williamson, and her sister, Mrs. Fred Kester.

Elmer Johnson, Clatskanie, Wash. has been a guest of Mrs. R. L. Williamson.

Patsy Hawkins, Boise, spent last week-end with her parents, Mr. and Mrs. Art Hawkins.

Bessie Walters spent last week-end in Pocatello.

MEETING HELD

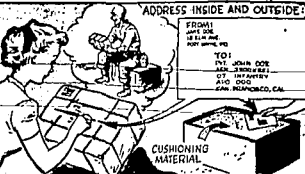

FILER, Oct. 11—At the LDS sacramental meeting here Sunday evening, five girls on the general church conference in Salt Lake City last week. The reports were given by Mrs. D. W. Davis, Mrs. Ella Wagon, Mrs. W. H. Brown and Mrs. Bonaire Ross.

Mail Packages Now

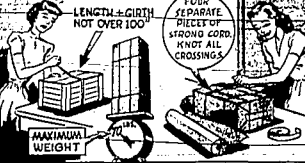

You'd better hurry if you expect to get a Christmas package or greeting to reach fellow in the armed forces earlier in time for Dec. 25 delivery. The postoffice department has set Oct. 15 to Nov. 15 as the mailing period for Christmas parcels. Do not send matches, lighting fluids or other inflammables through the mails. Cigarettes and other tobacco products may not be sent to Europe, Africa. Check your postoffice to make sure you're complying with mailing regulations. (The new rule to clip this item for use with packing and mailing your Christmas parcels.)

For extremely remote outposts, packages should be mailed as early as possible. To reach Gila in Florida they should be mailed before Nov. 15. Nov. 15 is the final date on which postoffice will take gift parcels with assurance that they will be delivered in time for Christmas. Boxes should be made of solid fiberboard or strong double-faced, corrugated fiberboard, weighing at least 20 pounds. Fiberboard boxes should be wrapped in heavy paper. They must be carefully packed to allow for rough handling.

Types (or print plainly in ink) complete addresses, including name, rank, serial number, branch of service or name of ship, as well as APO or Navy FPO numbers and post city. Don't forget your return address. Inside, place a second address slip, plus a list of contents.

Here are maximum size and weight for boxes to be accepted by this office. For packages going to certain New York APO's, the weight limit is 50 pounds. Check with your postoffice. After packing contents tightly—using plenty of cushioning material—wrap fiber boxes with strong paper and tie with four separate pieces of strong cord—two longwise and two crosswise. Knot all crossings. Seal flaps with gummed tape.

Meeting of PTA Group Held Here

The regular meeting of the St. Edward's PTA was held at 8 p.m. Monday in the school auditorium. Mrs. B. L. Krellkamp conducted the meeting.

Mrs. Mary Bacon launched the membership drive and reported on progress to date.

The harvest dinner was scheduled for Nov. 1 in the school auditorium. A program on safety was presented by Mrs. D. W. Davis, Mrs. Ella Wagon, Mrs. W. H. Brown and Mrs. Bonaire Ross.

Poison Isn't Best Method To Kill Rats

BALTIMORE, Oct. 11 (AP)—If you want to get rid of rats, break up your home life and start them out. A Johns Hopkins specialist says this works better than trying to poison them.

Dr. David E. Davis passed on the advice to about 195 sanitation and health officials from throughout the United States. They are attending the second annual rat control conference here.

Finishes 6-Year Study

An associate professor in rodent ecology at the Hopkins school of hygiene and public health, Davis has just finished a five-year study of how rats live. He also looked over Baltimore's own extermination program.

With a good poison you can quickly kill off up to 90 per cent of the rats in a given area, said Davis. But if you don't destroy their shelter and cut off their food supply, the surviving 10 per cent will breed fast enough to bring the population back to its original point within a year.

Another scientist at the conference said mice are tougher to wipe out than rats. Walter W. Dykstra of the federal wildlife service said that's because mice are more finicky about their rats.

So you need a poison which makes a mouse's supper through its peculiar taste and smell.

Trips, Visits at Deep Creek Told

DEEP CREEK, Oct. 11—Mr. and Mrs. Frank Thatch and Mrs. Soren Jensen are visiting in California.

Mr. and Mrs. Jewel Keen, their son and son-in-law, Don Purcell, are visiting in Arkansas and Michigan.

Mr. and Mrs. Jack Campbell were visiting in Nampa over the week-end.

Virginia Harris, Custer, S. D. is a guest of Mr. and Mrs. L. D. Major and Mr. and Mrs. Cecil Callahan.

Mr. and Mrs. Harry Wington attended the funeral of Mrs. Omer Wigington in Montpelier.

Mrs. Wayne Ward and daughter visited their grandparents, Mr. and Mrs. W. M. Glaube.

Mrs. Robert Kyle has resigned her teaching position at Deep Creek to join her husband in Seattle, Mrs. John Butlerford has been engaged to fill the vacancy.

GRANGE MEETS

FILER, Oct. 11—Carl Leonard told of the Holy Pilgrimage to Rome, Italy, and of his trip through Europe at a meeting of the Filer Grange Friday. Members expect work on erection of an addition to the hall this week. The foundation already has been completed.

Georgia leads in U. S. watermelon production.

School Orchestra Has 47 Members

The Twin Falls high school orchestra boasts the largest string section since World War II, with 47 members participating, according to Richard Smith, director.

The orchestra annually participates in the district music festival and at least one public concert. It is planned for the spring, Smith said.

Included in the orchestra at present are 18 "A" violins, 15 "B" violins, seven violas, four cellos, and five string basses. Approximately 25 other instruments will be added from the band, completing the woodwind, brass and percussion sections.

Selections now being readied by the orchestra are "Smoke Gets in Your Eyes," "Parade," by Duet, and "Symphony No. 101" by Beethoven.

Reds Fail to Retain Super Rating

By the SUPER RATING of the new rating system, the Reds were downgraded to a B-1 rating. This was due to the fact that the Reds were not able to maintain their previous rating of A-1. The new rating system was introduced by the National Security Agency in 1949. It was designed to provide a more accurate picture of the loyalty of individuals in the government and in other organizations. The Reds were one of the first groups to be re-rated. Their new rating of B-1 indicates that they are still considered a threat to national security, but that they are no longer considered as high a priority as they were in the past.

The new rating system was designed to provide a more accurate picture of the loyalty of individuals in the government and in other organizations. The Reds were one of the first groups to be re-rated. Their new rating of B-1 indicates that they are still considered a threat to national security, but that they are no longer considered as high a priority as they were in the past.

The new rating system was designed to provide a more accurate picture of the loyalty of individuals in the government and in other organizations. The Reds were one of the first groups to be re-rated. Their new rating of B-1 indicates that they are still considered a threat to national security, but that they are no longer considered as high a priority as they were in the past.

U.N. Christmas Card

This is the 1950 Christmas card whose sale is sponsored by the United Nations International Children's Emergency Fund. In 1950 UNICEF gave aid to 60 countries and helped to provide 8,000,000 children with daily supplementary meal and 6,000,000 children with clothing or shoes. In addition the U. N. agency supplied penicillin, medicines, medical equipment and supplies for maternal and child health. Cards sell at 10 cents each and the profit will augment UNICEF aid, which is given solely on the basis of need without regard to race, creed or politics.

U.S. Winning Its Fight With Cattle Disease

WASHINGTON, Oct. 11 (AP)—The department of agriculture has taken stock of its \$120,000,000 program to combat foot-and-mouth disease in Mexico and reported the disease is "definitely under control." Officials of the bureau of animal industry warned, however, that it is too early to say whether the dread virus actually has been eradicated. "Until there is definite proof that the disease no longer exists in inspected areas, they said, the rigid embargo will be maintained on cattle, goats, sheep and pigs from south of the border.

"The bureau 'may' taking any chance of another possible outbreak," a spokesman said. "We've spent \$120,000,000 fighting this menace and we must make sure it's licked before the embargo is lifted." The bureau's optimism was based on records which disclose that since December, 1949, not a single new case of foot-and-mouth disease has developed.

RETURN TO HOSPITAL

PAUL, Oct. 11—Delbert Bell, 28, was returned to Oak Knoll hospital, Caldwell, Pa., for further treatment after spending a sick leave in Paul with his grandparents, Mr. and Mrs. L. L. Young. Bell was wounded in Korea.

RETURN HOME

FILER, Oct. 11—Mr. and Mrs. Homer Schnell, Jr. and family, who have been visiting his parents, Mr. and Mrs. Homer Schnell, have returned to their home in Adrian, Ore.

School Board Okays Yearly Local Budget

Approval of the 1950-51 budget for Twin Falls district No. 411 High School was the order of business at the regular monthly meeting of the board of education Monday night.

Estimated expenditures total \$267,500 with anticipated revenue providing \$275,000 and \$187,910 cover from the reserve. In actuals, \$100,000 was available from students from items in the 1949-50 budget.

Revenue items include current tax, \$123,700; school apportionment, \$271,500; license and permits, \$250; vocational education, \$3,000; tuition, \$1,000; book store sales, \$10,000; transportation, \$21,400; and miscellaneous, \$15,000.

Expenditures include general control, \$15,785; instructional service, \$60,000; operation of plant, \$50,000; maintenance of plant, \$23,000; fixed charges, \$4,500; debt service, \$51,500; auxiliary and extra-curricular activities, \$18,000; and capital outlay, \$215,100.

The school district levy of 25 mills will raise \$376,700 on an assessed valuation in the district of \$1,506,283.

In other business, the board voted to spend not more than \$500 for the purchase of a new lighting system for the building at Lincoln field. The Twin Falls Booster club has offered \$1,000 to assist in the project.

Delegation Heard

A delegation of students in the vicinity of Elizabeth boulevard requested the school district to participate in expense of buying a sewer line which would benefit property owned by the district on Elizabeth boulevard across the street from the school. The sewer line would run along the 600-foot length of the entire property. Cost of the entire project has been estimated at between \$2,299.93 and \$2,750.00 by three firms.

Hagerman Folks Entertain Guests

HAGERMAN, Oct. 11—Margery Russell, daughter of Mr. and Mrs. J. R. Russell, was home for the week-end. She is attending Boise technical college.

Elk Killing Count Draws Stiff Fine

AMERICAN FALLS, Oct. 11—An Aberdeen business man, Calvin Moser, was found guilty by an American Falls jury of six men Monday of killing and having to spoil two elk, a cow and a bull calf.

The animals were reported by a party of Durium hunters to power county sheriff, William Hochman. They said they had their season's elk hunting license number and name of a hunter who had left the two dead animals in the Roy hills near Gasman Springs close to the Clatsop.

Don Dault, Durley, Verlin Ives, Rupert, and Merle Beger, hunters, were among the men in the hunting party.

Probable Judge Charles Hatfield set the fine at \$100 counsel for the defense, Gregg Potvin, indicated that the matter will be carried to district court.

PROMOTED

PAUL, Oct. 11—Capt. Carl Hesthaven has notified his mother that he has been promoted from first class private to corporal and expects to be promoted to sergeant soon. He is stationed in Korea.

week-end visiting their parents, Mrs. Louise Conrad and Mrs. and Mrs. Ralph Miller.

Alaskan Trip Described at Club Meeting

RUPERT, Oct. 11—Alaska was portrayed by word and picture for the 15 Rotarians and their guests at the annual "Ladies Night" at the Catholic parish hall Sunday evening.

In addition to regular festivities October birthdays of three members were celebrated. Talks were given by Charles Whitaker and J. B. Turner, each received a gift from the club.

Films of their Alaskan trip were shown by Dr. Y. H. Kenagy and A. C. Delaney. Delaney was narrator.

Weather conditions in Alaska in August were ideal, Delaney said, the scenery magnificent, and the country a hunters' paradise with its big game and fish.

On the other hand, the speaker pointed out, costs of necessities are extremely high. A ham and neck, he said, costs \$1.25, a glass of beer 50 cents, watermelon 20 cents a pound, and cantaloupes 40 cents each. A hair cut and shave, he added, costs \$3.50.

Newest members of the club, Carroll Elmore and Dr. Carl Kelly and their wives were introduced by the president, Sherman B. O'Leary. Guests, in addition to wives of members, were Mr. and Mrs. Wilbur Bell, Mrs. Stella Upton, Pocatello;

Chairman Named At Grange Meet

CASTLEFORD, Oct. 11—Mrs. Lily Haight was appointed home economy chairman of the Castleford Grange at a meeting Thursday at the Grange hall. Fred Simpson was named business agent.

Mrs. Claude Brewer, lecturer, reported on the lecturers' meeting in Twin Falls last month and recommended members to attend the state Grange meeting in Hooding Dec. 4 to 7.

Mrs. Les Parker, Mrs. O. J. Ballwood, Twin Falls; Mrs. Maryjorie Barker, Mrs. E. E. Pflater and Dr. Kenagy, all Rupert.
