Soaked

HAILEY, Aug. 9—The John Ferdinand ranch at 22 1/2 miles north of Ketchum, and the Lovell Graham ranch, a few miles north on U. S. highway 93 tell the story of how much rain has fallen on the upper Big Wood river watershed.
Sales of hay and hay in the windrows are practically covered with the second growth of alfalfa and timothy, with rain every day for the past two weeks. It has been impossible to dry the hay out enough to put it in stacks.

Spot Closures of Forests Desired

COEUR D'ALENE, Aug. 9—Spot closure of certain hazardous timber areas, rather than a general closing of the forests, will be asked of Gov. Len Jordan by panhandle fire protective associations and the forest service, it was indicated today.
Representatives of the north Idaho groups met here yesterday. They said they would ask Jordan to appeal to the people to be more careful regarding fires and to permit the fire warden to close certain areas when and if they deemed it necessary.
The limited closure would permit partial logging operations, the representatives said, instead of a mass shutting down.

Contino's Prison Journey Delayed

SAN FRANCISCO, Aug. 9—Accredited Dick Contino will have to wait indefinitely before being transferred to McNeil island federal prison, Wash., to serve a six-month term for draft dodging, acting U. S. Marshal John Rosenc said today.
Rosenc explained Contino will have to wait until there are enough other federal prisoners to make the trip. Meanwhile, Contino will remain in San Francisco county jail.
In addition to his sentence, imposed last Tuesday, Contino was fined \$10,000.

Sinatra to Seek Nevada Divorce

RENO, Nev., Aug. 9—Crooner Frank Sinatra announced today he will divorce his wife Nancy, so he can marry movie star Ava Gardner. The entertainer said he is still with her in his suite at the Riverdale hotel, where he opens a 10,000, 100-week singing engagement tonight.
"I'm going to file for divorce while I'm here," said Sinatra.
"Nancy didn't want to come up here for the divorce, but she has no objection to my filing for it."

Searchers Locate Pair of 'Cowboys'

SCHENECTADY, N. Y., Aug. 9—Police Dept. today announced that searchers combed every park and playground in Schenectady looking for two errant "cowboys," aged 7 and 8.
Seven hours after they had been reported missing by their patrolmen leaders, Thomas Stanhope, 7, and Roy Young, 8, were found and sent to the Schenectady county jail, outside of town looking for a good "ranch" site.

U. S. Heading Plea of Reds On Attorneys

By The Associated Press
The government paid heed to the plea of 17 accused communist leaders Wednesday and agreed to appointment of new attorneys for their defense.
Elizabeth Gurley Flynn, one of the defendants and acting spokesman for the "yellow" accused, asked dismissal of eight lawyers appointed by the court for their defense. She said they would "feed the prejudice already generated against us."
Apparently her reference was to the fact that some of the lawyers previously had been identified with communist cases.
This was the principal development in the government's anti-subversive drive against the "Reds" in Baltimore. FBI agents arrested Maurice L. Braverman, 33, alleged official attorney for the communist Baltimore headquarters, as he arrived by plane from New York.
Braverman brought to the number of American communists charged with conspiring to teach and advocate the violent overthrow of the U. S. government. He was ordered held in \$10,000 bail.
Judge Sylvester A. Ryan agreed in federal court in New York to appointment of new attorneys for the 17 accused, strong-arming communists. He released the lawyers originally assigned to the case.

It Can Be Done

GOODING, Aug. 9—State Patrolman Stanley Pace Gooding, took an unbranded driver examination written test Tuesday to the Gooding county sheriff's office and passed with a grade of 100 per cent.
Although his regular driver's license is still valid Pace took the test without a chance to "brush up" on the handy little driver's manual which is so heartily recommended for those who must take the test.
Pace took the test in the crowded office along with other residents of the county.

Relocated Bridge Being Completed

GOODING, Aug. 9—Frank Partridge, chairman of state highway district two announced at the organizational meeting Tuesday that the bridge transferred from four miles south on Big Wood river to a new location on the river at the cottonwoods will be finished this week and open for traffic.
The bridge will serve the Gooding and Richfield inter-districts and the \$4,700 cost of removing and rebuilding will be shared by the two districts.
Routine bills were allowed and all members were reported in attendance at the meeting.

Price Cut Slated

BOISE, Aug. 9—A rollback of up to eight per cent on canned salmon in Idaho and eastern Oregon every year is expected soon.
Harry L. Yost, district O.P.S. director, said the rollback was set for the 1934 season. The rollback will be in effect for the 1934 season. The rollback will be in effect for the 1934 season.

1 Dies, 3 Injured In Idaho Accident

POWELL, Aug. 9—Gerry Daniels, 40, was killed and three others were injured early today in a two-car collision two miles north of here on U. S. highway 11.
Injured were Wayne Spencer, Ogden, and Mr. and Mrs. Charles R. Pons, Pocatello.
Sheriff Bill Marshall said Daniels was driving Spencer's car and may have dived at the wheel.
Rule and Spencer were taken to the Marsh valley hospital here. Their injuries were unclassified. Mrs. Rule was taken to St. Anthony's hospital in Pocatello where her condition was reported good.

Visit at Paul

PAUL, Aug. 9—Mr. and Mrs. Dick Prater and family, Hamilton, Ore., accompanied by Roma Marie Marston, who had been visiting three days at the home of Mr. and Mrs. Prater, arrived here today. They also came to see his parents, Mr. and Mrs. Dick Prater and family, who have just arrived from Missouri to visit Dick Prater and family in the Emerson district.

Audit Reveals Finances Are Good in State

BOISE, Aug. 9 (AP)—Idaho's 44 counties, while not in as good shape as the state as a whole, are in some financial footing as of Jan. 1.

That was the opinion of State Auditor M. N. Nielson as he studied an audit report of the counties for the year ending Jan. 1, 1951. The audit showed the financial conditions of each county. Louis N. Ross, chief examiner for the state bureau of accountants, a division under Nielson's supervision, said the report "reflects the condition of the state insofar as county operations are concerned."

The counties had a balance of \$4,353,213 on Jan. 1, 1950, as compared with \$3,568,612 on this year's reported date.

The report showed the counties had a total state of \$2,477,656. Ada county led with \$428,614, followed by Bannock with \$424,240 and Twin Falls with \$420,710. Counties with more than \$2,000,000 in assets were Blaine, Bonner, Bonneville, Blaine and Shoshone. Bole was in Bonanza counties had less than \$200,000.

The total outstanding bonded indebtedness of the counties was \$1,636,771, as compared with the state's \$4,700,000, which could be retired if a few outstanding bonds were surrendered.

Cities and villages had a total of \$8,897,278 in outstanding bonded indebtedness. The highest total was that of the state school districts, more than \$1,000,000. This reflected a major expansion in school plants throughout the state.

19 Millions Property

County property, composed of net surplus and surplus, totaled \$19,278,816. Ada county again led in this classification, with \$2,257,783. Other counties in outstanding bonds. Blaine county's total, with \$2,070,000 in bonds, was \$1,531,000. Bonner county was \$1,200,000. Other counties with more prospective counties. All primary taxes were \$1,400,818 in bonds. Twin Falls county had \$1,027,000 in bonds. The report revealed that by far the largest amount allocated by the counties went for schools—\$20,000,000. The largest amount as of Jan. 8 amounted to \$8,848,628, while cities and villages got \$1,400,818. Current expense accounted for another \$4,419,283 and roads and bridges took another \$4,300,243. Special and trust accounts amounted to \$4,451,132.

Primary Conducts Church's Services

Carry Ward Primary

LDG services were under the direction of the Carry ward Primary. Mrs. O. Thurner presided and Mrs. Alan Pynch conducted the meeting. Prayers were offered by Paul Butler, Robert Barton and Lora Tyle. Special musical numbers were sung by Home Builders girls. All primary lessons were introduced by Mrs. Pynch, after which talks emphasizing the importance of primary work and its various phases throughout each age group were given by teachers.

Those participating were Mrs. Les Day, Mrs. Berle Cameron, Wanda Payne, Carmen Pynch, Mrs. Charlie Curran, Mrs. Olive Edwards, Mrs. Frank Tyle, Mrs. Orrie Durier, Mrs. Wanda Dix, Mrs. Rex Albrechtson and Mrs. Pat D. Morgan. The concluding speaker was Verd Murdoch, member of the bishopric.

Opening Date Set For Carey School

CAREY, Aug. 9.—The 1951-52 term of school in the Carey district is set to begin Sept. 4. Leonard Coleman, Blaine, county superintendent, member reports. At present there are two vacancies in the teaching staff.

Teachers who have signed contracts include Supt. Cecil Olsen, Ronald Peck, Bob Day and Mrs. Orpha Livingston, all of whom will teach in the high school.

The position of coach is still open, and also one in the grade school. Mark Peterson has agreed to trade school principal, with Elmer Smith, Mrs. Cahoon, Mrs. L. Leasler, Mrs. Al Billingsley and Mrs. Mark Patterson as other teachers.

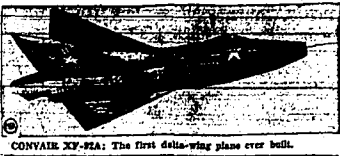

A general clean-up of all classrooms is in progress. Paint and varnish are being used extensively to freshen the rooms for the opening of school.

State Picnics Set

Two picnics for Nezahkans are scheduled in Magic Valley this month.

The first will be held Sunday at Bull park. All former Nezahkans are invited.

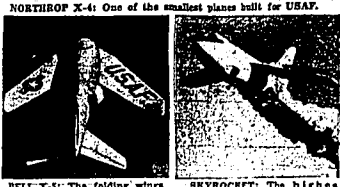

The second is scheduled at 1 p.m. Aug. 26 in the south park at Terce. Those attending are asked to bring basket lunches and sweetened lemon juice for a cold drink.

CONVAIR XP-52A: The first delta-wing plane ever built.

11 U. S. Planes Are Probing Supersonic Airways in Tests

WASHINGTON, (NEA)—America now has 11 experimental airplanes designed to explore still-untested mysteries involved in flying faster than the speed of sound.

The latest to be announced, the X-4 built by Bell Aircraft Corporation, Buffalo, N. Y., probably is the most unusual of them all. Its most startling feature is a wing which can fold back in flight to change the sweep-back angle.

According to flight plans for the tiny plane, it will test the feasibility of taking off and climbing with the wing straight, and then sweeping it back for penetration of the sonic barrier into speeds faster than 1,000-miles-per-hour at sea level.

Much of what has been learned during three intensive years of experiments with supersonic speeds has gone into the design of the X-5. Powered with a turboprop engine, it is 33 feet 4 inches long, has a wing span of 31 feet, 9 inches, a 12 feet high and weighs approximately 10,000 pounds.

Although the X-5 has not yet been flown, it is planned to test it by taking off under its own power. The X-1, first supersonic experimental plane, and first aircraft to cross the sonic barrier and survive, was lifted into the air in the belly of a B-29 and then dropped for a free flight at a very high altitude. Its rocket motor could only supply power for about three minutes. The X-5 will be powered considerably longer in that.

Just how fast the X-5 is expected to fly is a secret. Air force spokesmen say nothing about the variable-sweep wing is more important to them than setting speed records, although it will have to fly faster than 700 miles per hour to prove its worth. The X-1 flew many hundreds of miles faster than the speed of sound," according to the only official announcement made by the air force.

The X-1 itself is no longer probing the sonic barrier. But succeeding "X" types have been designed similar in outward appearance to the X-1 that it's difficult to tell them apart.

A Bell X-1 No. 3 is in the hands of the special advisory committee for aeronautics for testing, and a Bell X-1A is to be flown by the air force. They have improved motors compared to the original X-1. So do the X-2 and X-3, which will be flown to check specific problems of sonic flight, such as heat and stability.

The Convair XP-52A, first delta-wing plane ever built, also will join the supersonic fleet soon. A delta-wing shaped like a triangle.

Mystery surrounds the Bell X-3 plane. It has a stainless steel, highly polished fuselage resembling the

perpetuation and perfection of our American way of life.

"We must also convince the public," she said, "that the kind of education that served young people of one or two generations ago in the comfortable period of prosperous isolation does not serve those who must face the problems of today.

"Our total civilization depends on the improvement of the individual citizen and his ability to solve not just scientific problems but human problems as well."

visit in Kimberly

KIMBERLY, Aug. 9.—Pvt. Vernon Nelson, son of Mr. and Mrs. Ralph Nelson, departed this week for Ft. Hood, Tex. where he is in a military police unit.

Mrs. Leslie Erickson, teacher at Hill Valley, Calif., is visiting Mr. and Mrs. D. J. Fanning and Mrs. Fanning's mother, Mrs. Leona Butler.

Declo Trips and Guests Reported

DECLO, Aug. 8.—Mr. and Mrs. Lars Whitaker, Montebello, Calif., are visiting Mr. and Mrs. Albert Olsen. Also Mrs. Whitaker's brother.

Lloyd Hatch, Longview, Wash., visited Declo friends.

George Curtis and Mr. and Mrs. Glen Davis, Provo, Utah, spent several days here visiting their son and former, Merlin Curtis. George Curtis formerly resided here.

Mr. and Mrs. John Welch and children, J. D. Vickie and Linda, Quannah, Tex., visited Mr. and Mrs. Jones Leonard. Mrs. Welch is Leonard's sister.

Mr. and Mrs. Deva Anderson and sons, Louis and Ronald, spent a week at Challis visiting Anderson's brother.

Louise Ward has returned here after spending the past six months at Rock Island, Ill., visiting her brother and sister-in-law, Mr. and Mrs. Lerin Ward.

Mr. and Mrs. Gus Engstrom and Mr. and Mrs. Joe Frantzer, after being away for several days at Ida visiting Mr. and Mrs. Theron Jacobs, just returned. Emma Frantzer's niece returned home with them.

Federal Men Enter Dispute On Mine Pay

WASHINGTON, Aug. 9.—The government's next one of its top mediators to Butte, Mont. last night to spearhead efforts to head off a strike set for Aug. 20 in the nation's copper mining and processing industry.

The strike threatens to cut off 90 per cent of the nation's copper production. Copper already is a scarce defense material.

Marvin Conroy, special representative of the mediation and conciliation service, was scheduled to fly to Butte. Negotiations are scheduled there between Amalgamated Copper company and the Mine, Mill and Smelter Workers and 11 other unions affiliated with the AFL-Metal Trades council.

Mediators Assigned

The conciliation service also assigned experienced mediators to other points. Kenneth Azzurri, American Smelting and Refining, and Phelps-Dodge corporation.

Mediators will be assigned at Butte by William O. Hoels, Seattle, and Earl Simmons, of the Montana-Idaho area.

Unless Joint Assistant Mediation Service Director Cyril Mills said the 11 AFL unions and the now independent Mine, Mill and Smelter Workers had joined hands in agreement for a pay increase. They have formed an International Trades council.

The Mine, Mill and Smelter Workers union was one of the 11 seceded out of the CIO last year for Communist party programs.

Visits and Travel Reported at Filer

FILER, Aug. 8.—Mr. and Mrs. Jack Williams, Madison, Calif., are visiting relatives here.

Mr. and Mrs. Leonard Williams and children were here from Boise to visit her parents, Mr. and Mrs. E. B. Brien.

Mrs. Luther Pierce and daughter, Mary Lou, and Sandra Goddardholm spent several days at Lava Hot Springs.

Mr. and Mrs. F. J. Anderson and family were here from Weiser to visit at the J. O. Pife home.

Frank Barker and sister, Mrs. Ray Coombes, look their mother, Mrs. Joe Barker, to Salt Lake City for medical attention.

DANCE PLANNED

Study Group Cites Valley's Erosion Loss

(From Page One)
 This area, Preet's commission is primarily concerned with condition of the area. Flood control and other conservation and reclamation work on the rivers are not effective unless similar attention is given the watersheds that feed these streams.

Members of the commission are Paul E. Hiett, U. S. soil conservation service; Fred Martin, U. S. production market administration; Arthur B. Hiett, U. S. director of agricultural development; Joe J. King, U. S. farm home administration; James W. Parsons, U. S. forest service; Herbert M. Post, representing land grant colleges in Montana, Idaho, Washington and Oregon.

They left Twin Falls early Thursday for Burns, Ore.

Opposition Views Given at Hearing On Empire's Bid

Washington, Aug. 9 (AP)—Eastern Washington has a greater amount of interest with Oregon cities and the western part of the states than with Idaho communities. A West Coast airlines official said.

For that reason, R. Dewey West coast secretary-treasurer told a civil aeronautics board examiner, any additional air carrier service to the eastern United States would be provided by West Coast—Empire—Air Lines.

The examiner asked to extend its present north-south operations along the coast into Lewiston, Ephrata, Pullman, Spokane, Walla Walla, Wenatchee and Yakima, Wash., and the Dalles, Ore.

Empire, now authorized to operate generally throughout the inland empire area, wants to extend its operations to Seattle and Portland.

United Air Lines is opposing both applications.

Church's Holiday Party Is Staged

RUPERT, Aug. 9.—More than 200 persons attended the Minidoka state home Builders holiday party for Primary night of 19, 19 and 19 years of age and their parents held Tuesday night at the LDS tabernacle.

James Woodrow Dayley was in charge, assisted by Mrs. Oran Whitaker, Bluff leader and Mrs. Wayne Whitaker, local leader.

Get-acquainted games were led by Mrs. Whitaker and group singing by Mrs. Willis Anderson. The opening prayer was offered by Gayle Crenshaw, Paul, and Mrs. Whitaker gave the welcome address. Holiday games were conducted by Mrs. Wheeler.

Other numbers on the program included a story retold by Mrs. Doris Hays, a short talk by LaVern Wilson, one of the featured speakers, and the closing prayer by Mrs. Olive Ruff. Following the program a lunch was served.

Willard Wilson, 15, Filer high school, gives lecture demonstration on choice of film and other photography problems at Wednesday's 4-H achievement day at the Twin Falls county fairgrounds. Young Wilson has been studying photography for about two years by attending Twin Falls Camera club meetings, taking courses in high school and working on an extra 8 1/2 project in that field. He does his own developing. (Staff photo-graming)

Patty Ljerman, right, and Joan Anderson, members of the Valley Maid 4-H club, give food demonstration.

Two Extra Weeks Given for School Information Poll

RUPERT, Aug. 9—Harper Hunsaker, chairman of the study group on reorganization of schools of Blaine county, announces a two-week extension for submitting questionnaires from the Paul and Acoquia areas.

These questionnaires, which asked for an expression from each person in these areas, as to whether they wished to remain in the county unit or would prefer to have their own districts, were to be returned for the regular August meeting Monday night, according to Mrs. Clara Hansen, secretary.

If any parent, guardian or property holder in these two areas has not received a questionnaire, he is asked to contact Mrs. Hansen's office. Despite every effort being made to reach everyone by the workers appointed to submit a list of eligible people some may have been missed. Correspondence, extended by the committee to the workers for a list of names submitted. The sign-

Hazardous

ST. ANTHONY, Aug. 9 (P)—Sometimes driving tests are hazardous on the instructor class on the driver.

City—Bill Fremont county sheriff said today he had to walk home from the end of the test course this week when something went awry with the driver's car. When a young soldier home on leave told Sheriff Hill he preferred to take the test in his own car the general sheriff complied.

At the end of the driving course the car's motor balked and there was nothing to do except walk home and send out a wrecker.

ures on the questionnaires are being held for checking purposes only and are being held in the strictest confidence, Mrs. Hansen says.

After two weeks if the questionnaires are not returned these people will be contacted personally.

Of the 742 questionnaires sent to the Paul area, only 232 have been returned and 176 are in from 424 sent to the Acoquia area.

Shoshone Official Changes Positions

SHOSHONE, Aug. 9—Leo Nyborg resigned as a member of Shoshone city council and was appointed as city coin collector and police assistant at the regular council meeting Tuesday evening at the city hall.

Nyborg will succeed Scott Truheart who resigned this week. Other applications for the job were submitted by Del Buckley and George Byard, sr.

Fred Martin was appointed by Mayor Myrtle Bundet to serve as president of the council.

Plans for drilling of a city well were discussed, and it was decided to contact a Twin Falls architect to have plans and specifications drawn up for a city hall and library building.

RETURN TO IDAHO

RUPERT, Aug. 9—Mr. and Mrs. Robert Carlson, who left Rupert three years ago to make their home in Hollywood, have returned here and expect to locate in Twin Falls.

White Mold Hits In Bean Regions; Control Outlined

RUPERT, Aug. 9—Several bean fields on the flatter lands in the county are becoming affected with sclerotinia wilt or white mold. This disease occurs in fields that are excessively wet and where the humidity close to the ground and under the vines is exceptionally high, according to County Agent W. C. G. Priest.

The first symptoms of the wilt appear as irregular, water soaked spots on the stems. This turns into a colony growth after a few days of warm weather and spreads to the pods and leaves on the lower portion of the plants. The leaves on the affected plants turn pale, then yellow and later wilt and turn brown.

This organism is present in the soil but needs to have conditions of wet surface soil, high temperatures and still air before it spreads to the plants and causes a breakdown to the plant tissue. In fields affected the loss usually causes from one-third to one-half of the stand to die out with an equal reduction in yield.

Protection from this disease comes through controlling the moisture

Renovation Made In Police Office

RUPERT, Aug. 9—The police department has been newly decorated. New equipment has been added, including a new police car, marked with police department on the door.

A new identification and filing system and other improvements necessary to efficient law enforcement are being installed in order to bring the department up to date, according to H. C. Smith, chief of police.

VISIT IN HAGERMAN

HAGERMAN, Aug. 9—Mrs. Emory Shalman and children, Kathy Sue and Ingrid, and Carl Abbott were guests of Mrs. Shalman's mother, Mrs. Beas Abbott, and her brother and sister-in-law, Mr. and Mrs. James Abbott.

conditions so that the surface of the soil which is in contact with the stem, leaves, and low hanging pods is not wet.

Priest said keeping irrigation water in the furrow and preventing excessive leaching is one of the best ways to prevent the disease. The disease can be minimized by withholding water and drying the surface soil.

Tax Rebate Sought

BOISE, Aug. 9 (P)—Talacho Mines, Inc., has asked for a \$22,773 refund on its 1934 income tax payment.

In a complaint filed in U. S. district court, the mine contends that John K. Wiley, ex-controller of internal revenue, refused to allow the company a \$22,773 loss for the abandonment of mining property.

VISIT IN HALEY

HALEY, Aug. 9—Mr. and Mrs. Nick Rember and Verne Eas and son, Roney, Kellogg, and Mr. and Mrs. William Fisher, Twin Falls, spent several days in Haley at the home of Mrs. Ruth Lee and Mrs. Helen Seymour. While here the men went fishing.

System Used by Schools

May Be Returned

Unidentified items of clothing and uniforms on their honor system, at West Falls, Idaho. But most of the items were returned to their professors.

Unconventional campus activities reported by students and faculty members of the school used in the honor system. The school's honor system is a unique system, with a few items of clothing and uniforms on their pledge not to cheat. Professors of not. It also includes a list of items that are not to be returned. Professors who may take items at a later date. The school's honor system requires students to return items to their professors. Review boards, or committees of students, are made up of students who determine disciplinary action.

Items of clothing, usually as the honor system, is used by the student bodies of honor systems impractical.

Items are given an "honor" eye of "proctor," usually members of the faculty. Items generally are by the university administration, although some universities have boards of students.

William Schneiderman, center, acting national Communist party leader, is handcuffed to an unidentified federal prisoner as he is led to the New York City federal courthouse by Deputy U. S. Marshal Harry McCabe, left. A U. S. commissioner recommended the issuance of a warrant of removal for Schneiderman to answer a government charge of conspiracy to advocate violent overthrow of the government. His bail was reduced from \$100,000 to \$75,000. (AP wirephoto)

Trails Postponed On Liquor Counts

HAYLEY, Aug. 9.—Trial of Eddie Taylor on a charge of selling liquor without a "father's permit" or license, originally scheduled for Monday, has been postponed by Probate Judge John M. Wright because of conflicts with other cases handled by the attorneys involved.

Also postponed is the trial of Jack Cummings who is charged with permitting Taylor's alleged violation in his premises. Much more pleasant in court Monday in probate court. They were arrested Saturday.

Contino Sentenced

Dick Contino, center, leaves San Francisco federal court with U. S. Marshal Dermot MacCarthy, right, after the accidental was sentenced to six months imprisonment and fined \$10,000 on a first-degree charge. Confronting Contino is a family friend, James E. Price, Zeno, left. (AP wirephoto)

New Building Ban Also Hits Homes Work

NEW YORK, Aug. 9.—It is now virtually impossible to start the construction of any house except the smallest bungalow.

This is apparent in an analysis of the new restrictions on the use of steel, copper and aluminum. Even a four- or five-room minimum—costs—down—into—allowances of essential metals now available.

The restricting order, entitled M-4A, issued by the national production authority, has created widespread consternation in building circles. When it was announced on Aug. 3, its full significance was not realized immediately by builders.

The order temporarily freezes the start of new industrial and commercial buildings, apartment houses and hospitals, as well as all structures requiring more than minor quantities of the three critical metals.

The action was taken with the avowed purpose of conserving these metals for the national defense emergency.

One observer promptly commented that "this means the end of all skyscraper building" and he added "It looks like a victory for the home builders' lobby."

Home-builders disillusioned after several days of analyzing the order, however, home builders were disillusioned.

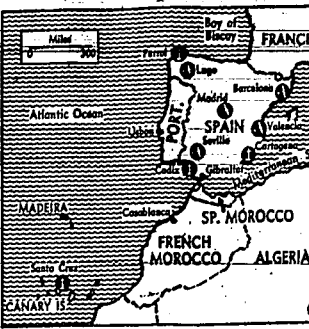

The order specifies that no individual one family dwelling can be started if it uses more than 1,000 pounds of carbon steel, including its plumbing supply lines, or more than 25 pounds of copper.

If the house is to have copper water pipes, a total of 100 pounds of copper can be used, but only 1450 pounds of carbon steel.

No structural steel, such as I-beam girders and columns, or aluminum and no alloy or stainless steel can be used in any house.

These figures may sound big to the uninitiated. But they fall far short of the amounts used in the average cottage.

U. S. Gets Spanish Bases

Map shows location of Spanish air and naval bases whose use by the U. S. in defense of western Europe has been agreed upon "in principle."

The agreement was negotiated between Generalissimo Franco and the late Adm. Forrest P. Sherman, chief of naval operations, under strong British and French protests.

State Meeting for Homemaking Will Be Held at Boise

JEROME, Aug. 9.—The 13th annual state conference of Idaho homemaking teachers will be held Aug. 19 through 21 at the Boise Junior college, according to Mrs. Lucy Dunn, Jerome, public relations chairman.

The theme of the conference will be "Enriched home and family living for a changing world."

Among the outstanding speakers at the conference will be Dr. Eugene Chaffee, president of the college; Mrs. Marie P. Rhine, newly elected state supervisor of home economics, and Elaine Nielsen, assistant professor, University of Idaho, who will demonstrate modern methods of clothing construction.

Mrs. Dunn said the conference will give those attending an opportunity to improve techniques in various areas of homemaking in order to enrich home and family living today, to maintain close co-operation between the homemaking program and the state educational program, to enjoy the stimulation of sharing ideas with other professional workers, to develop a broader understanding of PHA and to secure help through exhibits, bulletin boards and books in the teaching of areas receiving emphasis.

Among Magic Valley teachers who will attend the conference and who also will lead discussion groups and act on committees are Mrs. Dunn, Edna Chambers, Eden Ruth Brown, Dutil, Elizabeth Dettig, Burley Twyla Bhear, Rupert; Colette Farr, Shoshone, and Mrs. Vanda Fairchild, Heyburn.

The farmer got an average of 49 cents of each dollar you spent for farm food products in May, this year. The other 51 cents went to pay marketing agencies (middlemen) in the chain from the farms to your kitchen. This newschart, based on data from the U. S. department of agriculture, shows the farmer's take and that of the middlemen for various types of foods. The 49-cent figure for May represents a decline of 3 cents—almost four per cent—below the 51 cents of the food dollar the farmer was getting in April. The reason: farm prices declined while middleman's costs and charges went up.

Profits Reported At Grange Meet

RICHFIELD, Aug. 9.—Barbara Primrose returned to Boise Monday after spending a few days at the home of her parents, Mr. and Mrs. Harry Primrose. Miss Primrose is a nurse at St. Luke's hospital.

... Reports were given on the outcome of the Grange hamburger stand on Pioneer day, which netted profits from sale of 200 pounds of hamburger, plus hot dogs, pit, soft drinks and coffee.

... Suggestions were made that the members improve the Grange hall. The improvements needed are the installation of water pipes and a new kitchen sink.

... Mrs. Ward Mariner announced a 4-H achievement day would be held at 8 & 12 p.m. Wednesday at the Civic Club. The next Grange meeting will be held Aug. 20. Refreshments were served by Mr. and Mrs. Ward Mariner.

... Completely soluble, it dissolves grease, cleans kitchen sinks, table tops, wash tubs, washing machines.
