PW Is Killed In Camp Row

SEOUL, Korea, July 28 (AP)—One North Korean prisoner of war was killed and seven injured yesterday when they were attacked by fellow captives at the Nonsan prisoner of war camp...

The eighth army said the "situation is under control" today.

The Nonsan camp on the mainland houses North Korean prisoners of war who have indicated in screening that they would forcibly resist a return to the communist side after the war.

The enclosure commander, whose name was not given, said no American personnel was involved in the fight except guards who intervened to break it up.

No reason was given for the incident. An investigation was begun immediately.

Meanwhile, it was disclosed that a North Korean civilian internee who attacked an American captain with an axe at a Pongson Island prison camp died of bullet wounds inflicted by camp guards.

The captain, shot hit by one of the bullets fired by the guards, was reported "much improved" after surgery.

TUCKER'S NATIONAL WHIRLIGIG

CHICAGO—Organized labor's unprecedented power and participation in Democratic politics here, climaxing the Truman-Steele-Murray deal in the steel dispute and the disastrous consequences of the strike, has shocked even Vice President Barkley.

The shabby treatment of Vice President Barkley has shocked even his recent rival at Chicago, "The Tribune" man—Reuther.

The "Republican" is not approved by all leaders especially in the AFL.

Members of the older organization, and probably John L. Lewis, resent the fact that the very men and beneficiaries are CIO officials—Phillip Murray, president and Walter Reuther, leader—bearing the powerful United Auto Workers' union. Reuther is looking for a strategy, a likely successor.

DANGEROUS WEATHER

"The latest weather 'freak' of the week" is the "fellow" who here in Twin Falls is the end of July and there hasn't been a single day you could call "really warm." "I don't know what weather and dangerous weather, but I sure like it."

We played along like we were supposed to, asked him what sort of weather he expected during July. "You're not supposed to be able to stand the sort of weather you get in July," said the fellow. "It's hot, muggy, almost unbearable. You can't sleep at night. You can't breathe in the daytime. That's July."

So we casually asked the man where he lived before he came to Twin Falls. "Chicago," he replied.

Pictures in seed catalogs prove it's possible to improve on nature, Our Gardener says.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

CHICAGO—The judgment of a noted newspaper publisher many years ago that it is impossible to overestimate the stupidity of the American people has been put to the test in the strange events of this year's conventions of the Republican and Democratic parties.

"Vindication in the lavish measure" resulted from the first act of this idiotic deluge.

Predictions were heard everywhere as the frayed and sheepish Republicans slunk away to resume their wonted nonentity in Bridgeport, Burlington and Dallas, that the Democrats, being shrewd professionals, always thinking well ahead of the brutish reactions of the masses, would have announced the traditional fallacies lest they nauseate the hot political and lose the election.

"Caveation had come along fast since the shabby experiments of 1928 and the candid camera caught the Republicans in revolting flagrancy. Barkley, in the fitting language of the act, The Democrats would profit by the naive mistake and improve upon a discomfitingly broad-nosed and unimpressive performance the traditional fallacies lest they nauseate the hot political and lose the election."

"Caveation had come along fast since the shabby experiments of 1928 and the candid camera caught the Republicans in revolting flagrancy. Barkley, in the fitting language of the act, The Democrats would profit by the naive mistake and improve upon a discomfitingly broad-nosed and unimpressive performance the traditional fallacies lest they nauseate the hot political and lose the election."

They may have remembered Joe Louis and Alger Hiss, his interference with the committee which routed out the communists and exposed her own delinquent partiality to communists and communists from the strange affair of the New York state cop for whom she arranged a safe, eight-month sentence in the hands of the navy, and the strange initiation of three New York lawyers to score off the lawyer for the top wife when that lady was a divorce petitioner.

They may have remembered that Eleanor was the first one in the top wife when that lady was a divorce petitioner.

A hundred or a thousand dark memories of this fat, aquiline old woman's long campaign against the traditional morals, ethics and ideals of the presidency could have flashed across the minds of Americans watching these scenes.

Franklin, Jr.'s loud voice, his mastery of deceitful argument, his handiwork, combined to frighten old professionals who knew of his dangerous associations and his ruthless opportunism.

This fellow wasn't even a member of the party except by the skinny technicality of a last-minute resolution passed by a typical Tammany committee. Yet there he stood before the convention demanding that others be read out of the party.

Even Jimmy, the not so gentle slicker who had taken Joe Schenck for \$50,000 and Dave Smart of "Fugate" for \$75,000 among many gaudy exploits, was up there following the old woman and Franklin, demanding that those objects on the floor nominate Kefauver.

It should be noted, for whatever the statements are worth, that both Schenck and Smart later testified

HOPE RAISED IN FRANCE

One of the healthiest developments in recent French politics has been the spitting asunder of General De Gaulle's People's Rally party.

A short time back about 55 of the 118 Gaullists broke away to support Premier Antoine Pinay's moderate government. In April, 25 of them had joined in giving Pinay the vote of confidence he needed to get started.

What precipitated the break of the 55 was a disciplinary move by the Gaullists against those who had backed Pinay in April. The dissidents have formed a new party, and presumably will continue their enlarged support of the present premier.

Normally it could hardly be counted an advantage that France had gained another active party. The multiplicity of splinter parties in that country has long been a contributing factor in the instability of French governments.

Because most of them are so small, they can only govern in coalition with others. A change of heart destroys the coalition, and the government topples.

But in this instance, the sizable defection from De Gaulle's party ranks serves actually to strengthen an existing coalition. It serves, indeed, to show up the government that in many ways seems the most promising France has had since World War II ended.

More than that, the action throws into active political circulation 55 French deputies who heretofore have been cast in a sterile, do-nothing role by De Gaulle's policy of opposition to everything except his own near-sighted program.

With the De Gaullists, the communists and most often the socialists declining to join in constructive programming for France's future, it has been extraordinarily difficult to compose and sustain coalition governments.

The attitude of all these groups has been "our way or nothing." No one would expect anything else from the communists, of course. But the blind rejection of all compromise, the complete unwillingness to improve through political combinations, has thrust the Gaullists and socialists into the same damaging category.

Now we have 55 Gaullists who believe that country comes before party, Frenchmen who are less concerned with saving principle than with saving France.

Foreign bystanders cannot help but voice the hope that the example of these patriotic deputies will be followed by others of their party, until perhaps the immovable De Gaulle is left in solitary grandeur, hugging tight his principles and his policy of inaction.

THE LURE OF GOLD

They've discovered gold again. And naturally it's one of the most recent prominent items in the western hemisphere. Why can't gold ever get itself discovered some place where man doesn't have to practically kill himself getting at it?

Klondike, Yukon, Leadville. And now the latest place in this part of the world is on the Jarl river in one of the wildest sections of wild Brazil.

But thousands of adventurers are streaming into the area. To get to the gold country they have to fight their way for three weeks up a river that has 22 waterfalls and rapids.

The area is just north of the equator and abounds in all kinds of tropical ills like malaria and simular fever. The jungle must be fought and conquered as if it were a living thing.

The wildlife is both wild and lively. Here is the home of the anaconda, believed by some to be the world's largest snake. It reputedly reaches a length of 30 feet and more.

One of the smartest operators in the Brazil gold rush is a citizen named Alcumbrum. You don't catch him battling anacondas and waterfalls and malaria. He stays back in a relatively comfortable town and makes the glory boys who are doing the real hunting.

When they come back out he collects his percentage from their strikes. So far, he's supposed to have 80 per cent profits on investments totaling about \$30,000.

Alcumbrum seems to have the system, all right. At least until he gets back in a covering gold right beside that new hotel at Third and Pine streets where a man can get a cool bath and a good night's sleep after a hard day of prospecting.

LET'S NOT BE HALF-TIPSY

On the occasion of his retirement a few years ago a waiter at one of the country's best hotels recalled an incident that he never got a \$1,000 bill. The only reason we bring the point up here is that the kind donor turned out to be insane.

Fortunately, everyone who allows himself to be bullied, cajoled, or snuck into becoming a party to the tipping racket isn't insane. We're usually just spineless to the point of what authorities must require to be insane. But if we've got to be spineless let's at least be consistent about it.

We tip the waitress, the bellboy, the cabbie, the hatcheck girl, the barber. Why not the mailman, the streetcar conductor, the guy who sells us a shirt, the publicman, the fireman and the men who work for the highway?

Let's not be half-tipsy. Let's do the thing my right. Everybody tip everybody.

TRUMAN'S ATTITUDE TOWARD THE WHITE HOUSE

Very few people, politically, are in a position to have contributed to its ballot-box and legislative strength. As inaugurated by Ram Gomez many years ago, the "Republican" has been a party of the people and punish your enemies.

Labor never had a finer or more effective friend on Capitol Hill than "Dear Albin."

He labored for the workmen in the 1920's when it was less popular, politically, than it is now. He was co-author of the original railroad labor mediation act, a model piece of legislation for that era. As Roosevelt-Truman agent in both chambers, he was loyal to labor.

MORE COMFORTABLE

We wondered what was at the end of what started out to be a fairly good road near Barkley's house. We went out and took the dirt road. And we didn't want to give up.

As we sat there contemplating a stream without a bridge, a nice car approached from the direction we were driving. So we stopped the map asked him what was located at the end of the road.

"Nothing down there," he said. "You've been trying to get to a place that's not there."

He must have caught our surprised look at the car, "cause he asked, 'Of course you got a Jeep' we were supposed to use when we irrigate, but I like this better. Use lots of gas though!"

A small compliment will swell the same kind heart, Our Sage says.

NOT IMPORTANT

In case some of you good constitutions have failed to notice, we have another of those elections coming up here in a couple of weeks. Of course, there's nothing so important about this one. Its purpose is to select officials to run the country for the next two years.

It's been irritating to me, as state officials except a few state senators and state representatives here and there, to see a man so little interested in his own country as to see there's nothing much involved.

Lots of folks will start practicing during this one for the big election in November. Nothing much at stake in that one either. No honor by the drink, no slot machines. It's easy to see there's nothing much involved.

And how many folks in these parts can brag that they've never missed an election?

LIVE ELECTRICALLY

In this modern day and age, it's smart to live electrically. With more things to do and greater demands on your time, it's logical to let electricity work for you. It conserves your energy. It adds extra hours to every day. And at Idaho Power's rates, it costs you very little.

Keep abreast of the many things that electricity can do for you and your family. Visit your electrical appliance dealer often.

1952 refrigerators are extra spacious. Some models provide space for a week's supply of more frozen foods.

Today's automatic washing machine do the rinsing, wringing, scrubbing. An electric dryer saves hanging up laundry, and taking it down.

Modern electric ranges cook and bake to perfection. They're fast. They're clean. They even prepare meals automatically—when you're away.

From vacuum cleaners to dishwashers, and electric clocks to waffle irons, there are scores of appliances to make your every waking hour more pleasant and more productive.

Saturday Results

Team openings on Knothole
league baseball teams were an-
nounced Saturday by Paul McCoy,
city recreation leader. McCoy said
boys between the ages of 8 and 10
and girls from 11 to 18 interested
in playing on Knothole teams should
register their names and telephone
numbers at the city hall. Teams
are being reorganized and new
openings exist for boys and girls
interested in playing in the Knoth-
hole league," he said.

McCoy announced the team mem-
bers of the Braves and Wrens in
the Pee Wee league.

Saturday results in the Minor
league found the Badgers thumping
the Maulers 21 to 5. Kenneth Reo-
gins of the Badgers hit the game's only
home run. Joe Justman, Larry Scog-
gins and Gary Hall hit doubles for
the winners. Robert Fletcher and
Ron Stansell of the Maulers col-
lected triples. Stanley Blair was the
winning pitcher.

The Hiawathas dumped the Junior

Police 11 to 5. Frank Beverly was
the winning hurler.

The Mustangs beat the Painters
17 to 7 with Arnold Birrell scoring
the distance for the Mustangs. Earl
Morrison rapped out a homer for
the Mustangs with David Birrell and
Keith Larson adding doubles. Warren
Arden of the Painters hit a
double for his team's only extra base
hit.

Friday Games

High-scoring games were the rule
in Friday games of the Knothole
league, reports Paul McCoy, city
recreation leader.

The Devils walloped the Eagles
30 to 2 before they forfeited at the end
of the fourth inning. Jackie Gibbs
and Rusty Sheppard led the hit-
ting parade with two homers for
the winners with Steve Duhamel
and Harry Chapin adding triple.
Larry Raut, David Murdoch, Bob-
part and Gibb added doubles for
the winners. Delroy Nelson rapped
out the only double for the los-
ers. Ray Smith was the win-
ning hurler.

In the other Minor league con-
test, the Junior Police handed the
Rangers a 17-10 defeat. Mike Gray
paced the Junior Police hitting with
two doubles while Harry Bodenstah
had a double for the losers. Lane

Macias was the winning pitcher.

In the Peanut league, the Imper-
ials mopped the Junior Rangers
16-11. Eddy Peck was the winning
pitcher with Mike Baker hitting a
four bagger for the Imperials. Jim
Barbatt, Baker and Jon MacAr-
thur all had triples for the winners
with Peck, Baker and Vaughn
Brooks adding doubles. Gary
Rountree reared two doubles for
the losers.

In another high scoring thriller,
the Cobras edged the Panthers 21-
20 behind the hurling of Frank
Duliment, winning pitcher. Cobra
triples were rapped by Kent Pres-
man and Duliment.

In the Minor league, the Indians
downed the Painters 12-4. Paolino
the Indian hitting with a homerun

was Lyle Potthast. Gerry Tamme
of the Indians poked a triple and
Gary Bohling and Noel Stayner col-
lected doubles. Blayter was the
winning pitcher.

The Maulers sloped by a deter-
mined band of Mustangs 18 to 14.
Robert Fletcher and Robert Nei-
mann of the Maulers blasted home-
runs with Ron Stansell hitting a
triple. Gary Kleinkopf added a dou-
ble for the Maulers. Arnold Birrell
collected two doubles for the Mus-

tags. Robert Fletcher was the win-
ning hurler for the Maulers.

Anti-Truman Texans Lead In Primaries

DALLAS, Tex., July 28 (AP)—The conservative Democratic forces of Gov. Allan Shivers were firmly in control of Texas today after a clean sweep over the state in the Democratic primary election.

With 1,069,124 votes from 148 of the Texas 284 counties counted, Bob Johnson, manager of the Texas election bureau, predicted the total vote would be 2,700,000. In only 128 counties had all the votes been tabulated.

That would break the record vote for four years ago when 2,189,890 persons voted in a judicial race in the primary.

Shivers, seeking his second full term, had the closest call of any major candidate. But he still had more than a three-to-one margin over the rest of his opponents combined.

Atty.-Gen. Price Daniel swamped Rep. Lindsey Beckworth better than three to one for the U. S. senate. Great T. Connally will vacate in January. Speaker of the House Sam Rayburn won his first term in Congress by a margin of nearly two to one.

Former Rep. Martin Dies had better than a two to one margin in the race for congressman-at-large, but he had six opponents and they totaled slightly more than a million.

Under Texas law, a candidate in the Democratic primary must win a majority of the total votes cast in his race, or he goes into a runoff primary with his highest opponent.

The second primary will be held Aug. 23. It appeared the race for the congressman-at-large seat would be the only major one on the statewide ballot.

There is no Texas Republican primary, since no law specifies only parties whose gubernatorial candidates get more than 200,000 votes in the general election must have one.

That has happened only twice for the GOP in Texas.

Annual Fling Is Ended for Owyhee City

SILVER CITY, July 28 (AP)—Its yearly fling as host of the Owyhee Chamber of Commerce and Hotel Owyhee City was as quiet as the ghost town it is today.

Some 1,000 campers and their friends from southern Idaho and eastern Oregon brought the town to life again Saturday night for the annual dancing of the Owyhee. Dancing continued all night for some of the celebrators; others spread their sleeping bags on the ground.

SUNNY HISKEY BEATS ROB CAMPBELL FOR STATE AMATEUR TITLE

Pocateo Linksman Scores Convincing 4 and 3 Win Over Young Boise Gopher

Marion (Sunny) Hiskey, Pocateo, won the Idaho State Amateur golf tournament at Idaho Falls Sunday with a convincing 4 and 3 win over Boise's Rob Campbell. Hiskey closed out the championship match on the 32nd hole. This match was strictly a battle of youth. Hiskey, a member of the North Texas State collegiate champions, is 21 and Campbell is 18. This was the third recent major tournament victory for Hiskey. Three weeks ago he won the Utah amateur and previous to that he annexed the Twin Falls Invitational. Until a year ago, young Hiskey was a resident of Twin Falls.

Shantz Gets 18th Win As A's Sweep Twin Bill

NEW YORK, July 28 (AP)—Bobby Shantz of the Athletics was moving rapidly toward still another distinction Monday—the first player to receive the most valuable player award. Right now the biggest hitch to that achievement seems to be that the Athletics, mainly because of his magnificent pitching, might put on a stretch drive and finish in the second place. To the competition for the American league award, no player can even come close to Shantz who has a record of 18 victories and just three defeats. His earned run average of 1.62, his strike-out rate which is high for the league, and his record of 10 complete games in 21 starts.

Sunday Shantz lifted man in the majors, turned turned in a five-hitter, 3 to 1 victory over Chicago after which Jety Kelly pitched a five-hitter to put the Athletics in the lead. The Athletics won four of five games behind the White Sox and just four games behind the Yankees. Cleveland won a pair from Washington 3 to 1 and 3 to 2, moving from fourth to second place. The Yankees won their fifth in a row 8 to 3 at Detroit before winning 8 to 1. The Browns beat the Red Sox 3 to 1, then lost 9 to 3.

In the National league, the pre-empting Dodgers suffered their third straight defeat, 4 to 3 to the Cardinals. The Giants stayed 4 1/2 games behind by losing 11 to 4 to the Red Sox after which their second game was rained out with Cincy ahead 1 to 0 in three innings. The Phillies took over fourth place by outscoring the Cubs with a 12 to 8 and 3 to 0 sweep of a twin bill while Boston topped second place Chicago in the second game of a 3 1/2 inning darkness-lapped second game.

Shantz was given enough runs for victory in the recent three games of the opened, while in the second game the A's made 18 hits including a four-run homer by Edouard. Curtis Fain, the league's leading hitter, made six hits for the two games.

Cleveland had five victories in its last six games, moved up in the pitching by Bob Lemon, who gained his 11th victory in the first game on the streak. The Yankees, led by Casey Stengel, Johnny Groth hit a three-run fly inning homer to lead the Yankees to a 4 to 1 win over Allie Reynolds down to his fifth defeat. Rookie lefty Bill Hoft won his second major league victory. The other also won his first game. The Yankees gave him a first start by scoring three runs in the first inning.

Payette Wins Title
PAYETTE, July 28 (AP)—Payette held the district American Legion junior baseball title Monday by virtue of a 3-0 victory over Boise in the final of the meet here.

T.F. Legion Wins Playoff Game

The Twin Falls American Legion Junior baseball team earned the right to represent Magic Valley in the state playoffs at Lewiston Aug. 8-10 by winning both ends of a doubleheader here Sunday from the Shoshone Legion team 7-0 and 7-2. Saturday the T-F club won the first game of the series 6-5.

In the first game of Sunday's twin bill played at Jaycee park, the local team jumped to a three-run lead in the first inning. Two errors by Shoshone and doubles by Starkey and Lydum sparked the rally.

Legion Players Eye State Crown

They counted another run in the third on an error, stolen base and a passed ball. Then G. Lydum raced home after tripping on S. Lydum's groundout. Morrison scored the sixth run in the fourth frame on two infield bobbles after going to second on a two-base hit. The final run was counted in the sixth when Dingle's sacrifice was sacrificed on an error by the shortstop. Meanwhile Westergren was setting the Shoshone team down with two hits. He finished eight. In the nightcap the locals did it all in two innings. They tallied five runs in the fourth and three in the third. They went all the way for Twin Falls in the five-inning contest, allowing one hit and two unearned runs. Shoshone tallied both counters in the fifth inning.

Cowboys Win 6 Over Salt Lake In 11-Inning Thriller

The Magic Valley Cowboys pushed over two runs in the 11th inning Sunday night at Salt Lake in a 6-5 win over the Salt Lake Bees. Four errors by Salt Lake in the final inning assisted the Cowboys in racking up the victory.

Bannoocks Double From Electro

The Bees had a 4-1 margin going into the eighth, but two runs by cowboy catcher Bob Alford started the rally by racing around to second on an overthrow to first. Clarence Gibson, new cowboy third baseman, making his initial Pioneer league appearance, doubled him home with the first counter. Gibson found home with the decisive tally when Be centerfielder Colgarakis bobbled Bob Schaffer's single to center.

Marciano Is Favorite in Tonight's Bout

NEW YORK, July 28 (AP)—Sluggery Rocky Marciano and boxer Harry Matthews risk their careers in a 12-round main event Monday night for a September shot at the world's heavyweight title. Marciano is a 2 to 1 favorite.

Stanz's Win in Division

Stanz was given enough runs for victory in the recent three games of the opened, while in the second game the A's made 18 hits including a four-run homer by Edouard. Curtis Fain, the league's leading hitter, made six hits for the two games.

U.S. Team Scores Sweep in Diving, But USSR Retains Big Point Lead

HELSINKI, July 28 (AP)—Dave (Duke) Browning, Dallas, Tex., won the Olympic springboard diving championship today.

The U. S. scored a 1-3-3 sweep in the diving when Miller Anderson, Cincinnati, O., finished second—and he did in the 1948 games—and Bob Cloutworthy, Ohio State star from Mountaineer, N. J., took third.

The little guy from Dallas, Tex., once damped-up cracks back home so he'd have time to swim in. Today he beat the pile of the world's divers to give the U. S. two out of the two Olympic gold medals awarded thus far in men's swimming.

The United States also scored two exciting gold medals today as it started a last week's change to overcome Russia's overwhelming team point lead.

The New York yacht "Lioness" won the six-meter class after a full week of turtal at the Champe H. Skippered by Milton Chance exhibition match Sunday.

After that Dargan is going to show two golf movies, the 1945 1944, won by Nelson, and the 1944 All-American tourney.

Czechoslovakia, led the men's 1,000-meter Canadian singles with Frank Havens, Arlington, Va., took it.

In water polo, the U. S. lost to Hungary 5-4.

Edino Manganelli, Italy, won the eye fencing championship Sunday. He counted a commanding lead in the first six dives yesterday, and then today he finished

Dworshak Tied for First Spot In Senate Session Attendance

Sen. Henry Dworshak, R., Idaho, tied for first place among the 99 senators for attendance at roll-call votes during the two sessions of the 85th congress. He shared top honors with Senator Hendrickson, R., N. J., each having been absent at only 6 of 331 roll-call votes for a record of over 98 per cent attendance, he reported in a release from his Washington office.

The Idahoan recently drew the praise of Majority Leader McFarland, D. Ariz. He stated in the senate late in May that adjustment soon would be possible if all senators were as cooperative and faithful in attendance as Dworshak as Senator Dworshak.

Studies Show Best Methods On Irrigation

ABERDEEN, July 28 (AP)—For two seasons scientists at the University of Idaho college of agriculture branch station here have studied various methods of irrigating Idaho potato fields.

More time is needed to reach definite conclusions, says Assistant Irrigationist Gilbert L. Corey, but experiments to date indicate that light-frequent irrigation is best.

Need Should Govern The amount of moisture in the soil and not the calendar should determine when irrigation water is to be applied, Corey says, in an article in the current issue of Idaho Agricultural Science.

Irrigate the crop frequently with light applications during the hottest part of the season to keep the soil cooler, he said.

Heavy applications show only a waste of water. Tubers with constrictions are formed during the hot part of the summer, but if the soil is kept cool and at a uniform moisture, good quality tubers will result.

Early Watering Advised Do not wait too long after planting before the first irrigation; the best time is when the plants are about 30 days old. Experiments show no harmful effects from a little over-irrigation at this time, while insufficient irrigation early in the season causes lower yield and quality.

The potatoes need not be irrigated as often in August after the days have become shorter and cooler.

Tremendous savings can be made by irrigating with sprinklers instead of furrow irrigation. Only about half as much water is needed to maintain equal soil moisture when sprinklers are used, Corey says.

Highway to Barite Mine Is Completed

HAILEY, July 28—The new road to the J. R. Bumpitt mine on the north fork of Deer Creek, approximately 18 miles northwest of Hailey, is completed and hauling of the barite ore is in full swing. L. E. Heagle of the Hawthorn Motor company has the contract to transport 50,000 tons of the ore from the open pit mine to the railroad siding at Zinc Spur.

In the last two summers hauling of the ore has been difficult because of the steep grade and turns on the old road up the north fork of the creek. After obtaining advice of engineers it was decided to bring the new road down Panther gulch to the main Deer creek and abandon the old road. By this method the mile of hauling distance was saved.

Heagle said 12 trucks are engaged in the work. A power shovel, caterpillar tractor and two compactors are taking the ore from the open pit mine. The crushing plant at the Zinc Spur siding, three miles north of Hailey is not being used this year, the ore being loaded aboard railroad cars and shipped to the Bumpitt plant at Pocatello for processing.
