

Three Rolling Tremblers Jar Coast Region

(From Page One)
Bakerfield, 111 miles north of Los Angeles, was the scene of the shock move severely than Los Angeles, apparently because it is nearer the Bear mountain fault that caused the July 21 quake which claimed 15 lives.

Writing Ripped Out
The fire department there said one fire resulted when the quake ripped out wiring in the attic of a home more than 200 persons who saw flashes from swaying wires during the shake called the department report files.

Second Injury, Described as Minor
The fire department, broke out in a transformer but was extinguished quickly.

First Check of the Bakerfield area following the 12:04 a. m. quake, and a series of aftershocks, revealed that a 60-foot-long, four-foot-high parapet on a previously damaged department store collapsed. An adjacent main building was crumpled.

Wall Bulges
The rear wall of the Bakerfield department store was bowed out a week ago today in bulging out now.

Quake-Worked
The quake-worked Bakerfield citizens felt the midnight jolt, many of them abandoned their homes for the streets, and downtown Bakerfield hotels evacuated rooms and camped the rest of the night on porches.

Bakerfield Southern Pacific office reported one of its employees "knocked left foot" when the early morning quake hit.

12:04 a. m., tremor was felt as far away as Fresno, 100 miles north of Bakerfield.

Winners and Games Noted

Winners of Monday matches in the city tennis tournament and new pairings were announced Monday by William Trimmell, tournament manager.

In the Monday matches, Carolyn Trimmell defeated Nora Mary Stone 6-3 and by default, and W. O. Pierce Jr. defeated Gene Whitley 6-3 and 6-1. Helen K. M. Thurner defeated Henderson 6-3 and 6-2 in a Tuesday morning contest.

On Tuesday and Wednesday pairings, Billy Backus and Bernard Ditter met Arlo Luke and Mike Gray at 4:30 p. m. today in a junior doubles match. Gene Whitley and Maurice Hartnett at 8 p. m. today with Elaine Anderson taking on Frank Feldman at 9 p. m. and Elba Fielatsek met following the 7 p. m. match to complete their match. Outlets at 8:15 p. m. and F. L. K. and F. L. K. at 8 p. m., and Dr. B. D. Drexler was the winner of the Cain-Fielatsek match.

Trip Scheduled

Recruiting visits to three Magic Valley towns have been scheduled by M/Sgt. Paul Marshall, army-air force recruiter.

Bergant Marshall will be available Wednesday at the recruitment office from 10:30 a. m. until 1:30 p. m. at 11:45 a. m. and Gooding postoffice from noon until 1:30 p. m.

Home Burns

RUPERT, July 24—A fire one-fourth of a mile north of Rupert destroyed the three-room farm home belonging to Elmer Gentry Monday afternoon.

No one in the home when the fire started. The rural fire department at Rupert responded to the call but was unable to extinguish the blaze. No estimate was made of the damage.

The Hospital

Visiting hours at Magic Valley Memorial hospital are from 2 to 4 and 7 to 8 p. m.

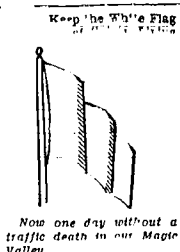

ADMITTED
Kenneth Dunken, Mrs. Miranda Wieg, Mrs. Beale Modlin, Alan Dieck, Mrs. James E. Cox, Mrs. Will H. Jackson, Mrs. Lucille Heit and Mrs. Amelia Harkman, all Twin Falls; Mrs. Oale Holmbeck and Ward Miller, both Buhl; Mrs. Con Peterson, May, and Benjamin Kelso, Los Angeles.

DISMISSED
Mrs. Joe Martinez, Clifford Sparrow, Mrs. Norma Brown, Mrs. Edna Bazem, Mrs. E. Jensen, Mrs. Edward Carroll, Mrs. James Brader and James Cobb, all Twin Falls; Mrs. M. A. Rosenberry, Mrs. W. W. W. Stretcher, Buhl; Mrs. William Woods, Shoshone, Mrs. H. H. Kinberly and Mrs. Thomas Jacob, Ketchum.

Weather

From UP and AP Reports
Magic Valley—Clear, warm today and Wednesday. Low tonight 83 in valley, 48 in canyons. High Wednesday to 90 in Twin Falls. Temperature at 8 a. m. today 71 at noon 83.

Pioneer Event Set for Camas

PAIRFIELD, July 26—Arrangements are complete for the annual pioneer celebration and amateur rodeo at Pairfield Saturday and Sunday under the sponsorship of the American Legion post.

The entertainment will begin Saturday afternoon with a parade of contestants. Among the performers will be the Camas Cantarettes, 16 local girls and their mounts.

Other events include a wild horse race, saddle bronc and bare back riding, cow cutting, wild cow milking and calf roping.

Saturday night entertainment will include a cowboy dance and carnival in charge of the rodeo are Don Packham, Dean Eckridge, Lloyd O'Neil, Harlan Hutchison, Don Cox and George Gill.

Jerome Service Is Slated for Woman

JEROME, July 26—Funeral services for Mrs. Mary Hamilton, 72, who died in Pendleton, Ore., Sunday after a brief illness, will be held at the Buhler chapel in Jerome at 2 p. m. Wednesday. Burial will be made in Sunset Memorial park, Twin Falls.

Mrs. Hamilton was born in Kansas territory. She was married to Robert Caswint in Chester, Okla., in 1907. He died in 1931. She was married to Oscar Hamilton in Cedarvale, Okla., in 1936. He died in 1941.

Surviving are five daughters, Mrs. Charles Kimbrey, Oakley, Mrs. Edna Gawwin, and Mrs. Edward Kern, both Denver; Mrs. Scott Holloway, Kimberley; and Mrs. Thurman Hauser, Jerome; one sister, Anna Harnecker, Portland; 18 grandchildren and 21 great-grandchildren.

Truck's License Noted in Mishap

The license number of a pickup truck which backed into a 1952 Oldsmobile owned by James Johnson, 821 N. Main, in Buhl Monday evening was reported to city officers.

The right rear fender of the car was damaged.

State police investigated the collision on sugar factory road Monday afternoon involving a 1951 Henry J. Buick and a 1951 Chevrolet, driven by Pearl A. Starr, route 3, Twin Falls. Both cars were damaged.

Events Reported

DIETRICH, July 26—Mrs. Gordon Lambert, of Cascade, Ore., visited her parents, Mr. and Mrs. J. W. Lambert, Saturday.

Mr. and Mrs. James Kieck, Portland, Ore., Mr. and Mrs. Calvin Kieck, Roseburg, Ore., Mrs. Wes Bell, Darlington, Ida., have been visiting Mr. and Mrs. Claude Briggs, James Rhinebold, Portland, Ore., has moved to Dietrich.

Mr. and Mrs. Edna Burgess, accompanied by his parents, Mr. and Mrs. Joe Jauregui, are visiting Yellowstone national park.

Magic Valley Funerals

JEROME—Funeral services for Mrs. Mary Hamilton will be held at the Buhler chapel at 2 p. m. Wednesday. Burial will be made in Sunset Memorial park, Twin Falls.

KIMBERLY—Funeral services for A. M. Walker will be held at 2 p. m. Thursday at the White Star funeral chapel with the Rev. James Headford, pastor of the Kimberly Christian church, officiating. Burial will be made in Sunset Memorial park. The family requests no flowers.

CASCADE—Funeral services for Albert Richard Hubbs will be held at 2:30 p. m. Thursday in the Cascade Methodist church. Interment will be made in the Buhl cemetery. Friends may call at the Twin Falls mortuary from 1 to 6 p. m. Wednesday and 9 a. m. until noon Thursday.

Demo Choices Clean up Jobs To Open Race

(From Page One)
A luncheon meeting today with Sen. Hugh Butler, Nebraska, at Butler's request, was viewed as a mere forerunner for those who backed Sen. Robert A. Taft, Ohio for the Republican presidential nomination.

Butler's campaign headquarters announced that the general will make an "entirely nonpolitical" speech at the national encampment of the Veterans of Foreign Wars in Los Angeles Aug. 5. He will speak Aug. 25 at the American Legion's annual convention in New York.

Butler returned to his home in Whittier, Calif., today. Nixon said in a talk that "prosperity built on peace rather than war" is the goal of the forthcoming Republican campaign.

In Texas, where the Democratic nomination usually means election, Democrats renominated Gov. Allan Shivers and nominated Atty.-Gen. Griffin Daniel for U. S. senator on the basis of the latest count from Saturday's primary.

Voters go to the polls today for primaries in Arkansas and Louisiana.

Cars Damaged in Springdale Crash

BURLEY, July 26—Damage of \$500 to each car was estimated following a collision at 10:35 a. m. Sunday in front of the Springdale service station on highway 39B.

Automobiles involved were driven by Charles Kimbrey, Oakley, and Keith Amode, Albion. McCormury told LePase Layton, deputy sheriff, he had stopped on the highway and left signals to indicate he was turning into the service station.

Amode, started by an oncoming car and not seeing the McCormury car, collided with McCormury's car. No one was injured.

Director Choices Reported by APL

WASHINGTON, July 26—The American Power and Light company filed with the securities exchange commission today the list of nine persons proposed as members of the initial board of directors of the Washington Water Power company, Spokane, Wash.

The initial board would take office as soon as American distributes its stock interest in Washington to the common stock holders of American Power and Light.

The SEC approved America's plan for distributing its Washington stock June 8. The plan also has been approved by the U. S. district court in Spokane. An American is charged under Maine law.

Gromyko Arrives For English Post

LONDON, July 26—Soviet Ambassador Andrei Gromyko arrived in London last night with a pledge to work for a strengthening of understanding between the British people and the Soviet union.

A hateless man three anti-British pamphlets bearing the legend "Gromyko, go home at the name ambassador" as he stepped from a train from Paris. Police took the man away. The pamphlets were slanted by French leader Sir Oswald Mosley's "union movement."

Twin Falls News in Brief

Birth
A daughter was born Tuesday at Magic Valley Memorial hospital to Mr. and Mrs. James P. Cox, Twin Falls.

Returned From Vacation
Mr. and Mrs. Roy L. Kimrey have returned from a vacation trip to Portland and San Francisco. They also traveled to Fall River, Calif., before returning to Twin Falls.

Take College Course
Mrs. M. A. Rosenberry and Anna Davidson have enrolled at Twin Falls Business college. Miss Davidson for the summer month and Mrs. Rosenberry for a two-semester course.

San Ben
Mr. and Mrs. A. J. Becher have received word of the birth of a son July 26 to their son and daughter-in-law, Mr. and Mrs. Ted Becher, Kamya, Mrs. Becher is the former Bernice Olson, Twin Falls.

Suit Filed
The Self Motor company filed suit in Justice court Tuesday to collect \$1100.10 plus interest and costs from Charles Cox for repair work allegedly done on Cox's car. Benoit and Benoit represent the company.

Condition Improving
The condition of Sturgeon McCoy was reported fairly good and improved for enrollment at Boise Junior College following a heart attack.

Parked Truck Hit
A 1952 Studebaker driven by A. E. Larson, 433 E. Main, struck a parked 1950 Dodge truck owned by Marvin Reynolds, 413 Rose street, on Tuesday morning. Both vehicles were damaged.

Trucker Fined
Kenneth L. Carter, Boise, paid a fine of \$25 and 45 costs in justice court Monday when he pleaded guilty of having a gross weight on his truck in excess of that allowed by the state. Police at the Hollister post of entry station issued the citation.

Enrolls at College
Shirley V. Larson, daughter of Theron A. Larson, has been accepted for enrollment at Boise Junior college in September. She was graduated from Twin Falls high school with the class of 1952. She will study elementary education.

Man Jailed
John T. Jones was committed to the county jail Tuesday after he appeared before Justice of the Peace Harry P. Kimbrey, pleaded guilty of drunkenness and was unable to pay a fine of \$50 and \$3.00 costs. J. H. Benham, acting Kimbrey police chief, made the arrest.

Parking Fines

City police collected \$17 in bonds for overtime parking Monday.

Fines of \$2 each were levied on Howard Annis, Charles Larsen, G. T. Thorpe, Max Merkle, Mrs. Venale Lewis, Dick Johnson, M. E. Greening, Ben Motzer, Bob Olin, George Baker, Loren A. Dietz, William L. Nelson, Carlos Borah, Clifford Farnella, C. W. Anderson, Mary Jakubowski and John Templeton.

One Added

One new Chamber of Commerce membership and one membership renewal have been reported since the local chamber membership campaign closed Saturday.

The new member is the Wagner Livestock Trucking company.

Scouts' Camp Scheduled to End Saturday

Boy Scout summer camping activities at Percump spring close Saturday, reports Ralph Kallner, executive.

Approximately 60 Boy Scouts from Kimberly, Heber, Burley and Twin Falls are attending the third and final week-long outing.

Activities at Camp Lightfoot Bar on the south fork of the Boise river have been scheduled to close Aug. 2, but ended a week early because of the lack of attendance.

An unusually large number of independent camping programs at Camp Lightfoot Bar, Kallner said. About 125 Scouts attended the first camping program at Lightfoot Bar. Fight trips were represented.

Camping activities were highlighted by a raft race, evening campfire and court of honor. Eighteen Scouts were awarded second class badges, three won first class badges and 30 merit badges were presented.

Phillip Ingersoll, Gooding, was awarded the silver award for Explorer scout achievement. The award is comparable to the eagle badge of Boy Scout work.

Three Residents Set Construction

Three building permit applications totaling \$7,200 have been filed at the city hall, reports Mrs. John Leiser, city clerk.

E. B. Harper company, 324 Fourth avenue south, plans construction of a 55-by-150-foot potato storage shed at a cost of \$5,000. David Fox, 404 Blue Lakes boulevard north, proposed construction of a 12-by-12-foot bedroom addition. Estimated cost is \$1,200.

Keel-Wilkinson and Stronk Lumber company, 341 Second street south, plans \$1,000 worth of roof repairs.

Three Enlist

Enlistment of three Magic Valley men in the armed forces was announced Tuesday by M/Sgt. Paul Marshall, army-air force recruiter here.

Robert H. Andrus, 19, son of Mr. and Mrs. William Anderson, Jerome, and Chester H. Cobel, 19, son of Mr. and Mrs. H. H. Gobej, Hazelton, enlisted in the U. S. air force. They have been ordered to Packer air force base, Calif., for basic training.

Nathan C. Smith, 20, son of Mr. and Mrs. Thomas Smith, Wendell, enlisted in the army as an OCB applicant and has been sent to Ft. Ord, Calif., for training.

Wake Up To More Comfort

Without Napping Backache, loss of pep and energy, headache and dizziness may be due to sluggishness of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks suffer nagging backache-fee miserable. Minor bladder irritations due to cold or wrong diet may cause getting up at night or frequent passages.

Don't neglect your kidneys in these conditions better you. Try Don's Pills—a mild diuretic. It's successful for millions for over 50 years. It's simple how many times a day a little help relieves from these dire conditions. See the 18th Street Kidney Store and Filene's Book store. (All Don's Pills today)

Juror Fined
BURLEY, July 26—Joe Martach, Paul, was fined \$100 and costs for contempt of court Monday afternoon by Judge Hugh Baker. Martach had failed to report for jury duty.

If unable to pay the fine within 10 days Judge ruled, Martach will be sent to the Minidoka county jail at the rate of \$2 a day.

Negligence Found In Traffic Death

GOODING, July 26—Negligence on the part of both drivers was blamed by a coroner's jury this afternoon for Gooding county's first traffic fatality of the year. A. M. Walker, early-day Kimberly resident, was killed in the accident which occurred five miles east of Gooding on highway 26 at 9:30 a. m.

Mr. Walker was killed instantly when his auto collided with a milk truck being driven from a driveway by Sylvan Miller, Hagerman.

After blaming negligence of both drivers for the accident, the coroner's jury also said the accident was unavoidable.

Three Enlist

Enlistment of three Magic Valley men in the armed forces was announced Tuesday by M/Sgt. Paul Marshall, army-air force recruiter here.

From Inner Soles to Shampoo
 Chlorophyll maker O'Neil Ryan holds a test tube of the green maida sweeping U. S.
 Chlorophyll experimenter Dr. T. Cunliffe Barnes (left) cut all his fingers, found chlorophyll-treated one healed first.

U. S. Lumber Industry Gets Taxation Aid
 WASHINGTON, July 29 (AP)—The department of agriculture called for a \$50,000,000 expansion Monday in the lumber and wood products industry, to be completed before 1955.
 The target is intended to provide production capable of meeting military and civilian needs during partially or full mobilization. The goal, of which \$20,000,000 is earmarked for sawmills and related facilities, is DPA's guide in approving federal tax benefits, loans, and other incentives to firms undertaking expansion.
 Division Noted
 A \$2,000,000 expansion of dry kiln capacity is called for, along with \$3,000,000 for laminating facilities, and \$1,000,000 for lumber storing and handling facilities.
 The rest of the expansion is reserved for projects promoting lumber conservation—\$6,000,000 for hardwood plants, \$5,000,000 for debarkers and chippers, \$9,000,000 for fiber, chip and miscellaneous waste product plants, \$1,000,000 for wood preservation facilities, and \$2,500,000 for other wood products facilities.
 One Phase Covered
 The agency also set an expansion goal for exterior type softwood plywood, but tax-assistance certificates already have been granted for virtually the entire expansion period.
 This goal calls for a plywood capacity of 1,150,000,000 square feet of three-eighths inch plywood, or its equivalent, annually by Jan. 1, 1955. The expansion represents an increase of 475,000,000 square feet over pre-Korea capacity.

Chlorophyll, \$450,000,000 Green Tide Sweeping U.S., Is Alfalfa Farmer Boon
 NEW YORK (NEA)—Out where the tall alfalfa grows, the farmers are walking around with smiles on their faces and money in their pockets. That's because alfalfa is the best source of chlorophyll and chlorophyll is sweeping across the nation with a green frenzy.
 There are actually two phases to the chlorophyll craze. First, it's an ethical—in the pharmaceutical sense—preparation, used to keep wounds clean and deodorized. And, secondly, it's the latest fad, in the grand tradition of midget golf, Frank Brink and good hair-cuts.
 It's the fad aspect that is booming the alfalfa belt. Suddenly, a product has to have chlorophyll in or people won't buy. Manufacturers are adding a dash of chlorophyll to everything except frozen orange juice, which wouldn't look good green.
 There are the common uses—tooth paste, deodorant, mouthwash, chewing gum—and others not so common. There is chlorophyll in some dog foods, shampoos, cigarettes, reducing pills, toilet paper, inner soles, rectal suppositories and moth balls. There has even been chlorophyll added to a scalp treatment for bald-headed men.
 By the latest count, there are 29 different brands of tablets containing chlorophyll, enough to take your breath away. Altogether, some 100 products have "chopped" on the green bandwagon, with new ones reaching the market virtually every day.
 This boom to business stems from a chemical compound which is as rich as nature itself. Chlorophyll is the stuff which makes plants green. Scientists have known what it was for years, but that's about all they did know about it.
 They didn't know how it worked. They didn't know what it was good for in humans. They didn't know how to extract pure chlorophyll. And they still don't know the whole truth. On purity, for example, the extraction methods are steadily being improved. By the existing standards, today's chlorophyll is 36 per cent pure. The scientists are still far from satisfied.
 Two men made the biggest contribution to chlorophyll's popularity, Benjamin Gruskin tried it, and discovered that it had definite healing tendencies. It doesn't kill bacteria, like penicillin, but it prevents new bacteria from growing and keeps the wound clean.
 Dr. Howard Westcott experimented with it on patients with secondary anemia. He fed them chlorophyll and vitamin B-complex, in an effort to build up their hemoglobin. The B-complex ordinarily produces a foul odor, but Westcott noted that it didn't happen this time. He experimented and traced the lack of smell to chlorophyll.
 Dr. P. Howard Westcott has been verified by countless researchers. Chlorophyll is so powerful a deodorant that a test tube of pure essence of skunk can be made to smell as sweet as new-mown hay with a small pinch in 30 seconds.
 One company to profit is the relatively new and small Ryslan company, founded by a former advertising man, O'Neil Ryan. Ryan became fascinated with Gruskin's work, financed him, poured some \$400,000 into the investment and then the project. Gruskin's patent is now controlled by Ryan, which licenses companies to use it. Litigation is currently in process to determine just how binding Gruskin's patent is.
 Ryslan itself makes only products sold by prescription, including chlorophyll tooth paste, tablets, solvents and ointments. Ryan, in common with many men in the pharmaceutical field, is a little embarrassed by the fad part of the product's rise.
 They like the idea of this new industry—estimated now at about \$450,000,000 a year. They feel it's reached the silly stage.
 Actually, the serious scientists have high hopes that the really important discoveries on the uses of chlorophyll are yet to come. They know it's a remarkable wound healer, tissue stimulator, bacteria inhibitor.
 "But nobody knows yet what else it's good for," says one chemist.
 The chief surgical consultant for the army surgeon general, Col. Warner Bowers, says the drug is now standard supply in the armed forces for healing combat wounds. One experiment, Dr. T. Cunliffe Barnes, cut each of his fingers and applied different preparations—including chlorophyll, penicillin and sulfa — to different fingers. The chlorophyll finger healed first.
 Meanwhile, out in the alfalfa

USDA Allots Lunch Funds
 WASHINGTON, July 29 (AP)—The agriculture department appropriated \$65,878,000 Monday for operation of the school lunch program during the 1952-53 school year.
 Participating in the fund are all 48 states of the United States, Alaska, Hawaii, Puerto Rico and the Virgin Islands. Funds were apportioned on the basis of the number of children of school age and the per capita income.
 The law requires that each \$1 of federal funds dispensed to the school lunch program must be matched by \$1.50 from local sources if the per capita income of the state equals or exceeds that national average.
 Apportionments included:
 Idaho, \$208,371; Montana, \$213,741; Nevada, \$43,286; Oregon, \$329,740; Utah, \$356,648; Washington, \$745,108; Wyoming, \$112,768.

Fruit Canned
 KING HILL, July 29 (AP)—H. O. Lape, who supervised canning for the school hot lunch program this summer, reports that 270 cans of apricots were canned last week. She was assisted by Mrs. Terrell Foster, Mrs. Hugh Sugg, Mrs. Mordant Younce, Mrs. Earl Ellis, Caroline Moore, Glenda Motherhead and Otto Tennant.

 By the latest count, there are 29 different brands of tablets containing chlorophyll, enough to take your breath away. Altogether, some 100 products have "chopped" on the green bandwagon, with new ones reaching the market virtually every day.
 This boom to business stems from a chemical compound which is as rich as nature itself. Chlorophyll is the stuff which makes plants green. Scientists have known what it was for years, but that's about all they did know about it.
 They didn't know how it worked. They didn't know what it was good for in humans. They didn't know how to extract pure chlorophyll. And they still don't know the whole truth. On purity, for example, the extraction methods are steadily being improved. By the existing standards, today's chlorophyll is 36 per cent pure. The scientists are still far from satisfied.
 Two men made the biggest contribution to chlorophyll's popularity, Benjamin Gruskin tried it, and discovered that it had definite healing tendencies. It doesn't kill bacteria, like penicillin, but it prevents new bacteria from growing and keeps the wound clean.
 Dr. Howard Westcott experimented with it on patients with secondary anemia. He fed them chlorophyll and vitamin B-complex, in an effort to build up their hemoglobin. The B-complex ordinarily produces a foul odor, but Westcott noted that it didn't happen this time. He experimented and traced the lack of smell to chlorophyll.
 Dr. P. Howard Westcott has been verified by countless researchers. Chlorophyll is so powerful a deodorant that a test tube of pure essence of skunk can be made to smell as sweet as new-mown hay with a small pinch in 30 seconds.
 One company to profit is the relatively new and small Ryslan company, founded by a former advertising man, O'Neil Ryan. Ryan became fascinated with Gruskin's work, financed him, poured some \$400,000 into the investment and then the project. Gruskin's patent is now controlled by Ryan, which licenses companies to use it. Litigation is currently in process to determine just how binding Gruskin's patent is.
 Ryslan itself makes only products sold by prescription, including chlorophyll tooth paste, tablets, solvents and ointments. Ryan, in common with many men in the pharmaceutical field, is a little embarrassed by the fad part of the product's rise.
 They like the idea of this new industry—estimated now at about \$450,000,000 a year. They feel it's reached the silly stage.
 Actually, the serious scientists have high hopes that the really important discoveries on the uses of chlorophyll are yet to come. They know it's a remarkable wound healer, tissue stimulator, bacteria inhibitor.
 "But nobody knows yet what else it's good for," says one chemist.
 The chief surgical consultant for the army surgeon general, Col. Warner Bowers, says the drug is now standard supply in the armed forces for healing combat wounds. One experiment, Dr. T. Cunliffe Barnes, cut each of his fingers and applied different preparations—including chlorophyll, penicillin and sulfa — to different fingers. The chlorophyll finger healed first.

USDA Allots Lunch Funds
 WASHINGTON, July 29 (AP)—The agriculture department appropriated \$65,878,000 Monday for operation of the school lunch program during the 1952-53 school year.
 Participating in the fund are all 48 states of the United States, Alaska, Hawaii, Puerto Rico and the Virgin Islands. Funds were apportioned on the basis of the number of children of school age and the per capita income.
 The law requires that each \$1 of federal funds dispensed to the school lunch program must be matched by \$1.50 from local sources if the per capita income of the state equals or exceeds that national average.
 Apportionments included:
 Idaho, \$208,371; Montana, \$213,741; Nevada, \$43,286; Oregon, \$329,740; Utah, \$356,648; Washington, \$745,108; Wyoming, \$112,768.

Fruit Canned
 KING HILL, July 29 (AP)—H. O. Lape, who supervised canning for the school hot lunch program this summer, reports that 270 cans of apricots were canned last week. She was assisted by Mrs. Terrell Foster, Mrs. Hugh Sugg, Mrs. Mordant Younce, Mrs. Earl Ellis, Caroline Moore, Glenda Motherhead and Otto Tennant.

U. S. Lumber Industry Gets Taxation Aid
 WASHINGTON, July 29 (AP)—The department of agriculture called for a \$50,000,000 expansion Monday in the lumber and wood products industry, to be completed before 1955.
 The target is intended to provide production capable of meeting military and civilian needs during partially or full mobilization. The goal, of which \$20,000,000 is earmarked for sawmills and related facilities, is DPA's guide in approving federal tax benefits, loans, and other incentives to firms undertaking expansion.
 Division Noted
 A \$2,000,000 expansion of dry kiln capacity is called for, along with \$3,000,000 for laminating facilities, and \$1,000,000 for lumber storing and handling facilities.
 The rest of the expansion is reserved for projects promoting lumber conservation—\$6,000,000 for hardwood plants, \$5,000,000 for debarkers and chippers, \$9,000,000 for fiber, chip and miscellaneous waste product plants, \$1,000,000 for wood preservation facilities, and \$2,500,000 for other wood products facilities.
 One Phase Covered
 The agency also set an expansion goal for exterior type softwood plywood, but tax-assistance certificates already have been granted for virtually the entire expansion period.
 This goal calls for a plywood capacity of 1,150,000,000 square feet of three-eighths inch plywood, or its equivalent, annually by Jan. 1, 1955. The expansion represents an increase of 475,000,000 square feet over pre-Korea capacity.

Chlorophyll, \$450,000,000 Green Tide Sweeping U.S., Is Alfalfa Farmer Boon
 NEW YORK (NEA)—Out where the tall alfalfa grows, the farmers are walking around with smiles on their faces and money in their pockets. That's because alfalfa is the best source of chlorophyll and chlorophyll is sweeping across the nation with a green frenzy.
 There are actually two phases to the chlorophyll craze. First, it's an ethical—in the pharmaceutical sense—preparation, used to keep wounds clean and deodorized. And, secondly, it's the latest fad, in the grand tradition of midget golf, Frank Brink and good hair-cuts.
 It's the fad aspect that is booming the alfalfa belt. Suddenly, a product has to have chlorophyll in or people won't buy. Manufacturers are adding a dash of chlorophyll to everything except frozen orange juice, which wouldn't look good green.
 There are the common uses—tooth paste, deodorant, mouthwash, chewing gum—and others not so common. There is chlorophyll in some dog foods, shampoos, cigarettes, reducing pills, toilet paper, inner soles, rectal suppositories and moth balls. There has even been chlorophyll added to a scalp treatment for bald-headed men.
 By the latest count, there are 29 different brands of tablets containing chlorophyll, enough to take your breath away. Altogether, some 100 products have "chopped" on the green bandwagon, with new ones reaching the market virtually every day.
 This boom to business stems from a chemical compound which is as rich as nature itself. Chlorophyll is the stuff which makes plants green. Scientists have known what it was for years, but that's about all they did know about it.

Pastor's Brother Aids Observance

During his 25th anniversary in the ministry Sunday was the Rev. M. A. F. Keller, left, pastor of the American Lutheran church. His brother, the Rev. M. C. H. Keller, right, was the guest speaker at the 25th anniversary service. Presence of the pastor's family was a complete surprise to him. (Staff photo.)

For Feted at Surprise Observation Of His Ordination Date; Family Is Here

M. A. F. Keller, pastor of the American Lutheran church in Twin Falls, was honored as the 25th anniversary of his ordination. The pastor of the church and his family were surprised to find that the Rev. M. C. H. Keller, his brother, was present at the service. The Rev. M. C. H. Keller, pastor of the American Lutheran church in Pocatello, Idaho, was the guest speaker at the service. The Rev. M. C. H. Keller, pastor of the American Lutheran church in Pocatello, Idaho, was the guest speaker at the service. The Rev. M. C. H. Keller, pastor of the American Lutheran church in Pocatello, Idaho, was the guest speaker at the service.

Arches Set August Camp

Arches Set August Camp. A four-day camp will be held Aug. 4 to 7 at the Arches in southern Idaho. The camp is for boys and girls ages 10 to 16. The Rev. M. A. F. Keller, pastor of the American Lutheran church in Twin Falls, is the sponsor of the camp. The camp will be held at the Arches in southern Idaho. The camp is for boys and girls ages 10 to 16. The Rev. M. A. F. Keller, pastor of the American Lutheran church in Twin Falls, is the sponsor of the camp.

Buhl Woman, 80, Takes Plane Ride

Buhl Woman, 80, Takes Plane Ride. Mrs. Mary Scott, 80, of Twin Falls, took her first airplane ride last week. She flew from Twin Falls to Pocatello, Idaho, on a plane piloted by Fred's Flying Service. Mrs. Scott was accompanied by her son, R. P. Scott, who is visiting his mother from Eugene, Oregon. Mrs. Scott said, "It was wonderful to leave the so-called things of earth behind."

Music Teacher at Fairfield Drafted

Union Parley for LDS Group Held

SHOSHONE, July 29 — A stake Sunday school union meeting was held at 2 p. m. Sunday at the local LDS church. It was the first union meeting of the stake Sunday school since the division of the stake last spring. Kenneth Benson, Salt Lake City, general board member, was speaker. The stake board was introduced and Valdo Benson, Carey, stake president, spoke on the qualities of a good teacher. Cecil Olsen, Carey, stake Sunday school superintendent, spoke on various stake and ward problems and introduced suggestions for solving them. Departmental sessions were held for instructors.

Events Reported In Heyburn Area

HEYBURN, July 28 — Mrs. Ida Croft is visiting her sister, Mrs. John Thompson, in Salt Lake City. Mr. and Mrs. Lindy Thymayne and daughter, Focottello, were guests of Mr. and Mrs. Glen Croft Sunday. Tito Declares Country Will Repel Attack

ZAGREB, Yugoslavia, July 29 (AP)—Premier Marshal Tito said Monday Yugoslavia will "stick by its promises to fulfill its obligations" and defend its soil against any attack from the east.

He spoke to about 50 visiting American clergymen, editors, writers, lawyers and other tourists who piled him with questions for 90 minutes. They sought information on Yugoslav politics, religion, women's rights, economic problems and other matters.

"We get the Americans we need," he told the Americans. "We shall certainly be in a position to defend our country because we have the people to do it, with people who are determined to defend every step of their native soil, people who have become accustomed to living in freedom."

"You may be sure Yugoslavia will stick by its promises and fulfill its obligations. I am convinced of the strength and determination of the Yugoslav people and their desire to make a contribution to the peace and security of the world."

Tito's statement was the first in any detail by a top Yugoslav official since this country was assured by the U. S. three weeks ago that it could count on a big increase in American arms aid during the next year.

Law Plan on Rain-Makers Draws Scorn

WENATCHEE, July 29 (AP)—Legislation is no answer to the conflicting interests of eastern Washington farmers, meteorologists and others in the "battle of the clouds" for control of the weather conducted this summer.

The conclusion was expressed by Dr. Philip E. Church, head of the University of Washington's department of meteorology and climatology.

"If cherry growers get laws to prevent rain at harvest, he said, "then railroads may ask for it to stop winter snows—with detriment to irrigation and power interests."

Cites Possible Claims

"Housewives may demand they be guaranteed no rain on Monday from 10 a. m. to 2 p. m., so washing and drying clothes will not have to dry streaks and ruin their jobs."

Dr. Church said in a letter to State Rep. Wilbur Hallauer, D., Oroville, however, it would be desirable to have no rain on the rivers and rain-dryers to be licensed.

Would Set Rules

Such licensing by the state also should require the weather manipulators to show the same degree of professional meteorological competence, he said.

In addition, Dr. Church said the public must know when and where they will operate and all claims of weather modification should be completely open to the public.

"Much research must be done. Results claimed by both rain-makers and rain-stoppers should be all conclusive as yet, when subjected to impartial analysis."

"There is an indication that some claims are exaggerated and evidence is slowly accumulating to indicate that some of their claims are quite false."

Folks in Heyburn List Trips, Visits

HEYBURN, July 29 (AP)—Mr. and Mrs. Ray M. Jensen, Farmington, Utah, spent the week-end in Idaho.

Mr. and Mrs. Leo Handley are on a vacation in the northern part of the state.

Mr. and Mrs. Jess Hyman have left for Detroit, Mich.

Ray Brighthouse, Magna, Utah, is a guest of Mr. and Mrs. Leonard McBride.

Get in Touch With Mr. Murray

Pork Prices Boosted up to Eight Cents Per Pound; Hikes Are Termed Seasonal

WASHINGTON, July 29 (AP)—The government boosted ceiling prices on hams, chops and other lean pork cuts Monday night from 10 to 8 cents a pound.

The office of price stabilization said the increase, effective at once, are necessary to comply with an amendment that congress recently passed on the economic controls law. This provides that processes must be given high ceilings to make up for higher prices paid to farmers.

OPS said the increases are seasonal and will continue through October. After that the ceiling may possibly be reduced.

The new ceilings provide a boost of 1 cent a pound for pork shoulders; 2 cents a pound for ham bellies, Boston cuts and neckbones; 4 to 8 cents for pork chops, loins and potrocks. The increases apply to fresh pork along with smoked or other processed cuts.

Retailers are permitted to pass along the increase to the consumer. Retail prices vary greatly throughout the nation, depending on the basic OPS maxima approved for each individual dealer.

OPS said the lean cuts were selected for the increase because housewives customarily pay a premium for them during warm months. They account for 40 to 45 per cent of pork sales. They do not include cuts usually going into sausage. Sausage ceiling therefore will not be affected.

OPS also authorized slaughterers and wholesalers to add \$1.20 per hundred pounds on sales of pork products to restaurants, hotels and other selling meals. The agency said this differential is customary in the industry.

Price officials pointed out that the agricultural department raises the parity prices for hogs above 100 per cent from July through October.

Hank Crosses Line to Mexico, Immediately Feels Siesta Need

By HENRY McEMORE

EXTRA! DUCHOWITZ WITH SYLVIA HAYES AT THE PARAMOUNT NEWBY

Navy Leader Asserts Reds Desire Truce

WASHINGTON, July 29 (AP)—Admiral William F. Fechteler, chief of naval operations, said Monday he thinks there will be an armistice in Korea "principally because the communists want it."

He also reported that the Chinese national forces on Formosa are shifting to the far east. Fechteler said the communists are being driven out of the island during which he watched shore bombardments from the battleship Iowa and visited command headquarters in Korea. Fechteler said the reds are getting fed up with their war against the United Nations.

"Every time the Communists shift their heads up they get hurt, he told reporters.

Warm Peace

Fechteler had warm praise for the Chinese army, military and air forces in training for amphibious operations. Such training would be required of the nationalists planned land across Formosa stages. But Fechteler did not mention plans for any such operation.

The admiral himself is a member of the joint chiefs of staff, top military advisers to President Truman. He is expected to make a full report to the joint chiefs on his 17-day journey to Formosa, Japan, the Philippines and Korea.

The admiral said he looked in on training maneuvers of Chiang Kai-shek's forces in the Philippines. He called them good troops "very intelligent and well trained."

He said the U. S. had one amphibious operations adviser with Chiang Kai-shek's forces. He said he was likely to re-open speculation on the role of the nationalists in the U. S. east struggle against communism.

Man Jailed Here For Beating Wife

Edsel Kinney, 25, 485 Wakefield street, was sentenced to 60 days in the county jail Monday afternoon when he appeared in Twin Falls justice court. He pleaded guilty to battery Saturday but judgment was withheld and bond continued pending his wife's condition.

The court retained jurisdiction to terminate the balance of the sentence so that Kinney may be paroled after 30 days. He was charged with beating his wife Thursday, causing her to be hospitalized.

Wood Assails Korea Policy

PAVETTE, July 29 (AP)—Rep. John T. Wood, in what he described as his platform for reelection from the first district, declared Monday the people "want an end to the greatest tragedy in all American history—the Korean policy."

Wood, opposed for the Republican nomination for State Sen. Ezra Schwiebert, Caldwell, is campaigning in the southern part of the district.

In a statement given to the press here, he said: "The feeling and temper of the people are very different than they were two years ago."

In addition to wanting an end to the Korean war, Wood said he wanted no more such episodes such as shaping up in Egypt, Indo-China and Iran.

"They are tired of a foreign policy which calls for all the sacrifices on our part in save-the-world adventures in which they have little interest—certainly no more than our lagged allies have exhibited to date."

The name "gypsy" is a corruption of "Egyptian," but there seems to be no evidence that the people had any special connection with Egypt.

Reunion Held for Class in Richfield

RICHFIELD, July 29 (AP)—The class of 1942, Richfield high school, held its first reunion Saturday at the Richfield park with 11 members of the class and their families attending. Reuben Bradshaw conducted the short business session with Margie Schwanebrenner acting as secretary.

Class members attending the reunion were: Mrs. Brown, Spokane; William Carter and Margaret Swinney Jones, Twin Falls; Hal Ross, Jr., and Maurice Vaughn, Shoshone; Carl Paulsen, Gary; Chester Bradshaw, Reuben Bradshaw, Muriel Sorenson Field, Wendell King and Margie Schwanebrenner, Richfield.

Square dancing at the home of Mr. and Mrs. Grant Flavel concluded the reunion. Callers were Mac Crowther and Wendell King. The next reunion will be held in 1957.

Visit Reported

RICHFIELD, July 29 (AP)—Mr. and Mrs. Howard Eider, Austin, Tex., are visiting his mother, Mrs. Lon Woods.

Henry Mapek, Frank Mayhugh and Bill Rowlands, Spanish War veterans now living in Nampa, were guests of C. O. Chaffetz Thursday and Friday.

Mr. and Mrs. Robert Crockett and son have moved to Halley. They had been visiting his parents, Mr. and Mrs. Pete Cernarus, since their arrival from Fairbanks, Alaska.

Petition Filed for Estate of Woman

A petition for letters of administration for the estate of Mrs. Stella Wood was filed in probate court Monday by her son, James W. Wood, route 2, Jerome. The hearing was set for 10 a. m. Aug. 11.

The estate includes two lots in Twin Falls, \$1,350 cash, with a total estimated value of not more than \$10,000. Surviving is another son, Bunnie E. Wood, Sacramento, Calif. Rayborn, Rayborn and Kramer represent Wood. Mrs. Wood died July 29 in Cassia county.

Report Given for Property Division

A decree of final distribution for the estate of Arthur E. Boone was filed with the county recorder Monday by Roger D. Lewis, administrator of the estate. His attorney is O. E. Duval.

The estate was awarded to Lewis. It includes about 40 acres of land in half-mile east of Twin Falls, eight 100-acre parcels, farm machinery, 1934 Ford truck, 1934 Ford pickup truck, three horses, 105 head of cattle and 97 head of sheep.

Mrs. Boone died Feb. 12 in Twin Falls county.

Conference of LDS Church Is Conducted

SHOSHONE, July 28—The first ward conference for the Shoshone LDS church since it attained ward status was held at 8 p. m. Sunday at the church. Reports on progress of the church were made by members of the bishopric and several stake officers spoke.

A leadership meeting was held at 4 p. m. Auxiliary organizational reports were given by Mrs. Arnie Hill, Relief society president; Mrs. Willis Larsen, primary president; Mrs. Fayette Peck, MIA president; John Stankmayer, genealogical society, and Glenn Sorenson, Sunday school.

Elmo Patterson and Murray Rawson, Richfield, stake officers spoke at the leadership meeting. Speakers at the conference at night were W. F. Stimpson, ward bishop; L. T. Sorenson, first counselor; K. L. Thorne, second counselor; J. O. Freeman, also Shoshone, a member of the stake high council; F. N. Manwill, Richfield, stake president; Noel Frith, Carey, and Elmo Patterson, Richfield, members of the high council; Ward Rawson, Shoshone, member of the stake presidency, and Valdo Benson, Carey, stake president.

Church Lawn Is Cleaned by Group

SHOSHONE, July 28—The Methodist Youth Fellowship cleaned the church lawn Saturday night. The group sponsored an open house tea during the afternoon at the home of Mrs. G. W. Dill, class leader. Girls who assisted were Patty Young, Donna Beyer, Luella Beyer, Leona Beyer, Janice Boulware and Joan Knight.

Reunion Held

HEYBURN, July 28—The 1942 class of the Heyburn high school and their families held a reunion at the Dunley east park Sunday. Class members present were June Peterson Drage, Margaret Sibbis Weeks, Durla Daggert Baker, Genevieve Burrage Helander, Delbert Penton, Max Peterson, Laltuo Helmer Cheney, Lela Spear Halley, Betty Lark Blinnor, Richard Blinnor and Ellen Short Halley. The group decided to make the event an annual affair.

ALWAYS FEEL GOOD WHEN MY STORAGE COAL IS IN!

Take a tip from this satisfied neighbor and store your Castle Gate Stoker Coal NOW. Think... the next burning season is only 5 or 6 weeks away! Be ready... ready with the best in fuel!

Their's Castle Gate... the stoker coal that is WASHED, DRIED, CRUSHED and scientifically BLENDED... which means the cleanest coal you can feed through your stoker, the hottest coal you can burn in your furnace.

Phone your **CASTLE GATE** dealer Today

For stoker, furnace, stove or grate the coal to burn is **CASTLE GATE**

Mined by **INDEPENDENT COAL & COKE CO.** Salt Lake City, Utah
