# Nixon Looks Like Victor After Dramatic 'Tell-All'

## Talk on His Special Fund

LOS ANGELES, Sept. 24—Sen. Richard M. Nixon carried his fight for political life to a nationwide audience Tuesday night. The young GOP vice presidential nominee rested his fate in an unprecedented TV-radio appeal to the American public. The dramatic speech was Nixon's explanation of a controversial fund of \$18,235 raised by 76 southern Californians, some of them wealthy and prominent, to aid him with his expenses while he served in the senate.

Nixon interrupted his western campaign tour to return to Los Angeles and make his plea. "I don't believe I ought to quit because I am not a quitter," he said.

His appeal brought an immediate response from Eisenhower. "Your presentation was magnificent," Eisenhower wired Nixon from Cleveland. "I feel the need to see you personally."

Challenges Demos Nixon's speech challenged also to Gov. Ronald Reagan and Sen. John Sparkman to make similar financial statements.

"No one can do that type of thing for my personal use," he said. "Every penny of it was used for the public good."

He declared none of the contributors to the fund ever once asked for a list during the two years it was supplied.

His appeal brought an immediate response from Eisenhower. "Your presentation was magnificent," Eisenhower wired Nixon from Cleveland. "I feel the need to see you personally."

The Twin Falls Ministerial association is sponsoring a community service commemorating the publication of the Revised Standard Version of the Bible. It will be held at the First Methodist church at 10 a. m. next Tuesday.

Sen. Richard M. Nixon, the "won't quit" Republican vice presidential nominee, looked like a winner today with GOP voters and after Republican high command in his fight to stay on the GOP ticket. Tens of thousands of telegrams flooded into Republican national headquarters here in support of the young Californian who bared details of his personal finances and his \$18,235 "expense" fund to a nationwide audience last night.

Republican officials caught the heat of the tremendous outpouring of support for Nixon. Sen. Wayne J. Hall, executive director of the GOP national committee, predicted Dwight D. Eisenhower would "step out to the people" and keep Nixon on his running mate.

Chairman Sen. Arthur J. Sumner, who had stoutly backed Nixon after his expected loss was disclosed, said he is certain that Senator Nixon will remain as Republican candidate for vice president of the United States.

Sumner began a telegraphic poll of national committeemen to determine their position. Actually, however, Nixon's future will be determined tonight when Nixon meets with Eisenhower at Washington, Va.

Western Union workers here were overjoyed to receive telegrams in response to Nixon's appeal to citizens to tell GOP national headquarters they favor his financial disclosure.

Nixon took off at 10:30 a. m. for Los Angeles, where he will arrive Wednesday. His departure was planned at Denver, where he will be met by his wife and two children.

Nixon's spirits "rallied" after a tremendous effort to secure his release from a federal detention center. He was released after a \$100,000 bond was posted.

Clark Checks Korean Battle With Leaders

SEOUL, Korea, Sept. 24 (AP)—Gen. Mark Clark, U. N. far east commander, met today with his top staff and air commanders, but he said he had no reason for the high-level conference.

Attending the conference were Gen. James A. Van Fleet, eighth army commander, and Lt. Gen. R. O. Barcus, fifth air force commander, and Vice Adm. Robert F. Coates, navy commander.

Clark said he expected to be in Korea "a couple of days" and he had "all kinds of things to discuss."

Even as the meeting took place, Chinese communists repelled a savage, tank-supported attack on Koryu, the last of the front line soldiers from the 4th Puerto Rican regiment of the U. S. third division.

Attacks Intensified

Discussion of the results of strategic lifts across the battline, Clark indicated he did not attach too much military importance to the communist attacks.

Heavy clouds and intermittent rain handicapped air operations during the day. The air force concentrated their efforts in close support attacks on red battalions plugging the gaps.

### Judy Holliday Admits Being Dupe of Reds

WASHINGTON, Sept. 24 (AP)—Judy Holliday, movie-actress' famous "dumb blond" has told Senate investigators she was "more than slightly stupid about communist-front organizations," she was disclosed today.

In a secret hearing last March, the talented actress said she was upset about finding herself called a "Red" in newspaper articles and investigators to investigate her herself. "I don't want to know what I did or didn't do," she said.

Burt Ives, singer of folk songs, also was quizzed by the Senate internal security subcommittee in its inquiry into possible communist influence on the entertainment industry. Both he and Miss Holliday denied any intentional or accidental aid to the Reds.

Miss Holliday admitted she had contributed unwittingly to some subversive organizations that seemed to be aiding "hard-luck" causes. "When I was never knowingly affiliated with any communist movement," she simply said, "Oh, isn't that too bad. Sure, use my name." She told the subcommittee.

She said she didn't suspect the organizations were subversive and never checked up on them at the time.

Her self-investigation brought shocking revelations, she said.

Miss Holliday, Ives, Gene Stevenson, television comedian, and Philip Loeb, a New York actor, all testified last spring before the subcommittee. All said they never knowingly affiliated with any communist movement.

Chairman Pat McCarran, D., Nev., made their testimony public today in an accompanying statement, urging entertainers to be "everlastingly on guard" against pro-communist activities.

### Benton Flays Welker Blast On Cash Aid

FAIRFIELD, Conn., Sept. 24 (AP)—Senator Benton, D., Conn., Tuesday night termed an "almost unbelievable and distorted rehash of facts" a statement by Sen. Walter Welker, R., Ida., that Benton had accepted \$600 from a banker while the latter's appointment as reconstruction finance corporation director was pending.

Welker's charges were made at a news conference in Fairfield, Conn., where Benton, Republican vice presidential nominee.

Benton called the "political charges" "lied to divert attention from Senator Nixon's problems."

Benton said the \$600 contribution, which he voluntarily revealed twice to a senate committee, was given him by Walter Cosgriff, Utah and Idaho banker, for republishing his speeches supporting reforms proposed by the Hoover commission on governmental reorganization.

Memory "Faulty"

Welker's memory "is faulty," Benton said, when the Idaho senator retorted that Benton gave no receipt for the money, and when he said Cosgriff's RFC appointment was pending at the time.

"At the time he contributed to my campaign in behalf of the Hoover Commission reforms, Mr. Cosgriff had not even been nominated to the RFC and to the best of my knowledge was not even under consideration," Benton said.

### Rate Boost OK'd

SALZM, Sept. 23 (AP)—The Idaho Power company was granted permission Tuesday to increase its rates in Oregon by \$147,074 a year. It affects Baker and Malheur counties, the only section of Oregon where the company operates.

Public Utilities Commissioner Charles H. Helms, who authorized the increase, said the company made only 4.3 per cent profit in the 12 months ended May 31.

### Harvest Delayed

IDAHO FALLS, Sept. 24 (AP)—Harvesting of potatoes in most of eastern Idaho is being delayed because frosts have not yet killed the vines, farmers reported Tuesday.

Earl F. Spencer, district fieldman of the Idaho Crop Improvement association, said that only in the mid-high elevations in Teton county and in the higher elevations in the Ashton and St. Anthony districts has weather been cold enough to permit the harvesting to begin.

### Week Proclaimed

BOISE, Sept. 24 (AP)—The week of Sept. 28-Oct. 4 has been proclaimed national business women's week in Idaho by Gov. Len Jordan.

### 1 of 10 'Most Wanted' Men Held in State

BOISE, Sept. 24 (AP)—Thomas Edward Young, 34, one of the "10 most wanted" fugitives, and his wife were captured at a private Tuesday by FBI agents in the Boise area.

Young and his wife, Margaret Rita Young, 27, were taken in a four-way mountain road encounter.

Fred Pfeiffer, FBI agent in charge of the Idaho-Montana area, said they had phoned Boise from the far west of their region.

Apparently the couple had been looking for a house to rent in the vicinity of their automobile.

The FBI has searched for the couple since they escaped from the Fargo, N. D., jail last Dec. 27. They were held there after arrest on charges of robbing two banks in Dakota and Montana.

Willy said his agents and sheriff's officers from four nearby counties had combed the forest for the couple for several days.

Citizens had reported seeing two persons answering the description of the "Youngs."

The two fugitives were arrested before U. S. Commissioner Glenn A. Coughlin and held on bonds set at \$25,000 each. They were held in the Canyon county jail, Caldwell.

MOUNTAIN HOME, Sept. 24 (AP)—The Sawtooth Lumber company mill near Mountain Home was destroyed by a \$100,000 fire Tuesday.

Elmer I. Stoddard, manager, said the blaze here had been caused by defective wiring.

He said the company plans to rebuild the mill this winter and full-line operations will start next spring.

Between 60 and 75 men are employed at the mill.

### Democrats Seize Farm Freedom. GOP Chief Says

IDAHO FALLS, Sept. 24 (AP)—State Republican Chairman Will H. Campbell charged last night the Truman administration is "seizing the freedom of farmers."

He termed the 57 most important pieces of farm legislation a "Republican program."

Campbell said the Republican party stands for stabilized prosperity and freedom for farmers and fair treatment for labor management and the public.

Earlier today Campbell told a Republican women's meeting that women hold the balance of power in the Nov. 4 election.

"A change in the present administration is vital if the country is to be prepared for the new era of peace and prosperity," he said.

### Extra Cash Is Being Probed

WASHINGTON, Sept. 24 (AP)—The Justice department is reported to be investigating the whole matter of public officials supplementing their government pay with outside funds.

But a White House aide took issue with the report. He said earlier that President Truman had personally asked Attorney-General McGranery to study the legality of the \$18,000 political fund of Sen. Richard M. Nixon, the Republican vice presidential nominee.

Roger T. Nobby, assistant White House press secretary, told reporters he had been "absolutely wrong" in saying the President told McGranery at last Friday's cabinet meeting to look into the situation.

The first statement was made two hours before its retraction Tuesday.

### Prisoners Protest U.N. Release Of Prisoners

PANMUNJOM, Korea, Sept. 24 (AP)—Communist armistice negotiators formally protested today the release of 11,000 South Korean captives by the United Nations calling it a "provocative action."

The protest came in a letter to the United Nations Security Council from North Korean Gen. Nam Il. The letter said it "broke the UN's sacred promise" to release all prisoners of war.

Nam said the release was a "provocative action" which showed the UN does not intend to reach a "fair and reasonable settlement."

The UN announced plans Saturday to release from custody 11,000 South Koreans who had been captured and mistakenly "held" as war prisoners during the Korean war. The prisoners have been reclassified as civilian internees and will be released beginning Oct. 1.

They were part of 38,000 South Koreans who fell into the hands of the communists during their swift

### Stevenson Visit to Idaho Uncertain

IDAHO FALLS, Sept. 24 (AP)—Plans for a visit to Idaho by Gov. Adlai Stevenson, Democratic presidential nominee, are uncertain.

A. W. Brunt, Idaho Democratic state chairman, said he expects to learn shortly whether Stevenson will be able to come to Idaho Falls.

Originally, Stevenson was scheduled to come here Oct. 3 during his visit to Salt Lake City. The trip to Utah has been put back to Oct. 15 or 18 and Brunt said he is not certain whether the trip to Idaho Falls can be retained on the schedule for the later time.

### Metal Supply, Demand Ideas Prove Varied

NEW YORK, Sept. 24 (AP)—Expanded demands for the nation's natural resources are predicted, with much more activity in the metal market than in the general economy.

New horizons of supply and demand are set up for lead, zinc, steel, oil, natural gas, copper and molybdenum.

When it's a government plan speaking, the goals frequently are considered as putting a strain on our natural resources.

**Emphasis Shifts**

When it's an industry man speaking, the emphasis is usually on expanding facilities and industry record of finding new reserves and making the best use of them.

The dispute is depicted up just now by the Paley report. William S. Paley, chairman of Columbia Broadcasting system, headed the Federal metal policy commission. Its report on possible future shortages in the U. S. has been questioned by many industrial leaders.

In the case of lead, Andrew Fletcher, President of the Joseph Lead company, questioned the Paley report forecast. Fletcher told the American Mining congress meeting in Denver the Paley forecast of a 900,000-ton deficit a year by 1975 was a fall 700,000 tons too high.

Fletcher doubts if the nation will consume as much lead by then as the commission thinks. And Fletcher says the lead industry in the United States will be able to produce more than the commission thinks.

Zinc association officials have made similar objections to the report's forecast of the future situation for that metal.

**Report Challenged**

A copper man, Blinn Strauss, vice president of the American Smelting and Refining company, also challenged the report before the mining congress. His objection was to the plan to set up international "buffer stocks" of metals to stabilize raw materials markets. Strauss says such stocks hanging over the market would merely unsettle it.

Harold I. Young, president of American Zinc, Lead and Smelting company, spoke to the congress in his role as deputy administrator of the defense procurement agency. He predicted that by 1955 new government and industry projects will be adding one billion dollars worth of metal and mineral production to the nation's present output.

### LDS Stake Holds Church Meetings

RICHFIELD, Sept. 24 — Church sessions for Blaine LDS stake were held at Richfield Saturday night with two representatives of the church authorities in Salt Lake City attending. Walter Daniels, church general welfare committee, Salt Lake City, was speaker at the first meeting.

Ward Rawson, Stoshons ward bishop, presided over the sessions. Speakers at the priesthood leadership meeting were Bishop J. L. Winchell, Salt Lake City; E. Adamson, Noel Pratt and J. O. Freeman. Adamson and Pratt, Carey, are members of the stake high council.

Sunday morning, J. M. Rawson, Blaine stake council, presided at a special meeting in Carey, Rawson and his father, E. C. Rawson, Salt Lake City, were two of the afternoon speakers. No church services were held at Richfield Sunday morning.

Sunday evening Wallace Barnum, Gooding, showed colored slides at the Richfield LDS church of Tokyo, Formosa and other Pacific areas.

**Shoot!**

RICHFIELD, Sept. 24 — Deer hunters are urged to help the forest service officials at Richfield by asking hunters to shoot all porcupines they shoot.

The porcupine is on the upgrade in the forest, officials said. The animals are causing serious damage to trees. They are not protected by game laws nor do they operate with porous loss in the woods by offering themselves as food. About the time they're most of most, they help to make clear, officials said.

### Monkey Heart Help for Baby Surgery Seen

ALTON I. WALKER, D. V. Science Reporter

NEW YORK, Sept. 24 (AP)—Transplanting a monkey's heart and lungs to a human baby may be tried with in a few months, it is reported today.

The monkey heart and lungs would become temporary organs. They would sit on the outside of the baby's body and be connected to the infant's arteries and veins to bypass his own heart and lungs. They would pump his blood and do his breathing while surgeons opened the baby's heart to try to congenital defects.

**Described by Expert**

This prospect is one of a number of bold developments described in the American College of Surgeons, Dr. Emanuel Meyer of the Chicago Medical school, said of the monkey baby possibility.

The heart and lungs taken from one dog have been transplanted successfully to another dog, he announced.

**Requires Blood**

The spare parts can be attached to the dog's neck, thigh or abdomen. They have been so connected that the dog's blood is detoured around

Afterward, the borrowed heart and lungs are disconnected and discarded.

### Plans for Navy Band's to Concerts Are Announced

That evening, prior to the night concert, Commander Brendley will be entertained at an informal dinner. Club officers will be hosts.

President C. A. Kelker, representing the club membership, will introduce the director at both concerts.

The two concerts will represent the local club's participation in National Kid's day, sponsored by Kiwanis International. The date was set for Sept. 29 for that event but because the contract had been signed already with the band for Oct. 1 it was decided to observe Kid's day on that date with the band as the attraction. Money raised, after expenses, will go to the Kiwanis club's fund for work on behalf of underprivileged children.

Tickets to the afternoon concert, which is being staged especially for students but to which adults will be admitted if they wish, went on sale at the local high school Tuesday. They have been on sale at schools throughout the city for several days.

The Polby printed out that only twenty-five tickets will be sold. He added that the band will have two years ago these concerts were given and all were sold out. This year only two appearances will be made and both will feature full programs.

In Twin Falls tickets may be purchased at the Elmer Brown Music store, 312-314 Broadway. Other music stores, Warner Music store, Indulgences and the Music Center, Inc. are also available in selected locations throughout Idaho. Tickets will remain on sale at these points through Sept. 25. After that date they will be available in Twin Falls at two locations, Warner Music store and Music Center until the day before the concert.

The famed Damascus steel of ancient times was shipped from India to Damascus by boat and camel caravan.

# MARCIANO KAYOES WALCOTT, WINS HEAVYWEIGHT CROWN

## Hard Right Hand In 13th Catches Cagey Old Man

PHILADELPHIA, Sept. 24 (AP)—Young Rocky Marciano knocked out old Jersey Joe Walcott with a spectacular right-hand punch to win the heavyweight championship in a bloody brawl. The unbeaten 24-year-old Mass. Hockbuster got off the deck from the first round in his 43-bout career in the first round to touch off a wild ring-side scene.

## Heart-Sick Joe Decides To Quit Ring

PHILADELPHIA, Sept. 24 (AP)—A heart-broken Jersey Joe Walcott said Tuesday night he was taking his manager's advice and quitting the ring. Surrounded by photographers, reporters and well-wishers, the 38-year-old veteran of the prize fighting ring sat dejectedly on a folding room table following his knockout defeat by Rocky Marciano.

"I don't remember anything," Walcott said as he was asked where the knockout punch landed. "He caught me open and that was it. I don't know if it was a right or left. I just don't remember any thing."

The Camden, N. J., fighter was taking the loss of his title very hard. He really didn't want to talk to anyone, but every bit the gentleman in defeat that he was in victory, Jersey Joe answered every one of the hundreds of questions tossed at him.

Before the press was allowed into the Walcott dressing room—about a half-hour after the fight—Jersey Joe's manager, Felix Bocchicchio, made a statement in the hallway outside the room.

"As far as I am concerned, Jersey Joe has retired. He looked pathetic against the ropes and I don't want him hurt. He still has his faculties and has money in the bank. He's retiring. Joe has been a great champ and that's the way we want people to remember him.

Walcott said that whatever Felix decided was okay with him. "Felix brought me this far from nothing. If he says I'm through, I'm through."

Both Bocchicchio and Walcott agreed that this was one of the greatest fights Jersey Joe ever put up.

## Pioneer Directors Meet in Pocatello

POCATELLO, Sept. 24 (AP)—This year's Pioneer league baseball season has come and gone, but it still holds the spotlight in Pocatello.

The league's annual business meeting opens Wednesday here. Directors will meet to discuss the season and consider the schedule, but top interest will go to picking a successor for league president Jack Halliwell, who has announced he is retiring.

Barring a possible draft movement to keep Halliwell in the job he has occupied since the league was organized in 1935, several men have been mentioned for the position. Included are Owynn Watson, Twin Falls; Claude Engberg, Salt Lake City; and L. W. Upham, Great Falls.

Halliwell will report to league directors on attendance this season. The gate is expected to show an increase of about 10 per cent over 1935.

## Dodgers Had 'Black' Season

BROOKLYN, Sept. 24 (AP)—Added bench strength, a fabulous speed pitcher and a burning, gnawing desire to erase the spectre of 1951 carried the Brooklyn Dodgers to the National League pennant.

This was the pennant, the Dodgers had to win. If last year was a black season for the Brooklyn Dodgers, so too was this year a black season—a Joe Black season.

For it was this brilliant rookie, who seemed to pitch almost every day, who held together a weak and erratic pitching staff.

Black was Brooklyn's stopper—and how he stopped 'em. Charlie Dresen, the Dodgers' talkative manager, said his club "won't blow it again this year." But he also had said in the middle of last season that his club, running 13½ games ahead of the Giants at one point, was the best in Brooklyn history. Yet that club folded in the September stretch.

When the going got roughest, Dresen called on Black. The Negro hurler seldom failed to pitch.

In becoming Brooklyn's "pitching-leader," Black won 15 and lost 10. He pitched 200 innings, yielding only 71 hits. Furthermore, he had walked only 29 and struck out 82—the mark of an outstanding hurler.

His earned run average was 1.91 and how can you do better? During the last 15 days of July, Black pitched in 10 games. Once in Puerto Rico, he pitched four straight days. Once he worked in both ends of a doubleheader.

Black didn't win the pennant by himself—no one man can. There were the veterans from last year—Reese, Robinson, Cox, Hodges, Pate, Felske, Bots and Campanella—who proved they could win.

True, the Giants were a weakened club, but so were the Dodgers, who lost pitcher winner Don Newcombe to the army.

Realizing last year's big weakness—the bench strength—they couldn't correct his glaring deficiency. He brought up George Shubert, who not only was pitched four straight days but played against right-handers and gave the regular outfield of Snider, Puzio and Pafko a chance to play.

Then there was Rocky Nelson, a near-300-pitch hurler; there was Bobby Morgan, who filled in for Shubert; and there was Tommy Holmes, who made only two hits in 16 at-bats—but one of them was a game against his old teammates, the Boston Braves.

Words, Blows Exchanged in Mat Program

Some unscheduled hot words and stunning blows were exchanged during the feature of the weekly wrestling program—the Jack Henderson Tuesday night.

Frank Stojack and Billy Sandow seemed to take the feature event in two of three falls, but there was no decision on the extracurricular activities. Stojack and Sandow took the first fall in a brief minute and 10 seconds with flying kicks and a body press. Leo Wallick and Paddy Miller were the winners in the second fall on a reverse hammerlock in 14 minutes, 40 seconds. Stojack and Sandow scored it up in 9 minutes with flying kicks and body press.

Felix Fletcher defeated Steve Newberry in a non-event, two straight falls in the semi-final. Fletcher got the first fall in 15 minutes and 40 seconds on a leglock. He used a body slam and press to set up the match in another 12 minutes and 33 seconds.

In the opening special event, Frank James downed Ray Wilson in 17 minutes and 39 seconds with head lunks and body press. The match was billed for one fall or 20 minutes.

Mike Naranian was referee and J. J. Wakou was timekeeper.

## Check Stations Located For Cassia Deer Hunts

Locations of the checking stations for the Cassia deer hunts were announced Tuesday. A station will be located this year in Oakley at the old crematorium on the Oakley-Ruby highway, announced Ed Scholes, conservation officer, Idaho state fish and game department, and Ernest Taylor, staff assistant, Minidoka national forest.

There will be no stations at Trapper Creek or Northwater, they cautioned.

Other stations will be located in Big Cedar canyon, on the Indian Springs road, at Rock creek and at Shoshone Basin Junction.

For the first Cassia hunt, the stations will be open from noon on Sept. 25 to noon on Sept. 30, and for the second hunt, from Oct. 2 at noon to Oct. 8 at noon.

Required to check in and out of the hunting area during the designated periods, hunters may report to any of the stations, the officers said.

At the same time, Scholes and Taylor offered several precautions and suggestions to hunters.

Extreme care should be exercised in the use of fire, and an axe, shovel and waterbucket are recommended tools for each hunting party from local agencies, for there will be none available at the checking stations.

Deer tags should be purchased and game personnel will gladly provide the hunters with information on the care and handling of the meat.

"Care should be taken to allow the animal to cool before transporting it," Taylor and Scholes suggested. The deer will be less plentiful along the roadsides than in past seasons, and the best hunting will be found by hiking to the more secluded areas.

For the archery hunt of Sept. 28 to Oct. 9, the checking station will be located at the old Albion meat market and will be in operation from noon on Sept. 27 to noon on Oct. 10.

Special permits are not required of archers, but they must check in and out of the area through the station. Firearms and crossbows will be prohibited, the officers said.

## Utah Expects Tough Game

SALT LAKE CITY, Sept. 24 (AP)—The University of Utah football team which lost to Oregon State last week, can expect no easy time of it this week either, scout Frank Bricker reported Tuesday.

Bricker scouted the Idaho Vandals in their losing battle against Washington. He stressed the fact that the Vandals have their work cut out for them Saturday against the same team as last year, plus a year of experience. The club has two excellent linemen and a huge line.

"Washington," he told Coach Jack Currier, "couldn't gain against the line and only scored on intercepted passes and the passing of Don Heinrich, who had a good day throwing."

Currier put the Utes through their paces Tuesday morning and any over-confidence in the Utes might have gained in their showing against Oregon State was dispelled during the practice drill.

Currier said, however, speaking of the game against the Beavers, "The pictures of the game made me even prouder than I was Saturday night. There wasn't a necktie tackle by our boys all night."

The Utes will leave by train Friday.

PHILADELPHIA, Sept. 24 (AP)—A crowd of 40,779 paid \$694,945 to see Rocky Marciano dethrone Jersey Joe Walcott as the heavyweight boxing champion with a 13th round knockout. Walcott will receive 40 per cent of the net gate and Marciano 20 per cent. They also will cut into the movie-television rights which the promoters figure will be close to \$125,000.

## Loss Puts Indian 1½ Games Behind

The Brooklyn Dodgers made good their "next year" Tuesday when they won the National League pennant by defeating the Philadelphia Phillies. The Phillies have only three games left in which to close what looks a mountain gap.

The Dodgers came from behind in true championship fashion to edge the Phillies 5-4 in the first game of a two-night doubleheader. The Phillies captured the anti-climax game 1-0 in 12 innings.

The White Sox swatted the pennant-dreaming Indians with a staggering 10-1 defeat.

Pitler Joe Dobson had the Indians almost completely fooled, allowing only six hits, three singles in the third inning, the only Indian run. Even if Cleveland wins its three remaining games, the New York Yankees now would need to win only three of their remaining six games for a tie and four for the pennant.

The Philadelphia Athletics tightened their grip on fourth place in the American league standings Tuesday with a 4-3 win over the Washington Senators but lost to win only three of their remaining six games for a tie and four for the pennant.

The Philadelphia Athletics tightened their grip on fourth place in the American league standings Tuesday with a 4-3 win over the Washington Senators but lost to win only three of their remaining six games for a tie and four for the pennant.

St. Louis Cardinals defeated the Cincinnati Reds, 4-2.

The Detroit Tigers squeezed into fourth place on Tuesday night by becoming the first cellar team in the history of the American league to draw more than a million fans at home. But the 2,858 fans who pushed the Tigers over the million mark saw the St. Louis Browns win 2-1, behind Bob Cain's eight-hit pitching.

## MARKETS AT A GLANCE

**NEW YORK, Sept. 24 (AP)**—The stock market made its first straight trade with a slight advance. Prices were generally steady, with a few exceptions.

Stocks advanced in 1 and 2 points at the opening, saving the market from the bulk of the decline in previous days.

Some of the gains were in the automobile group, stepped up by an anticipated 1937 model.

The railroad had plenty of help in the advance. Alcoa was up 1/2 point, and Western Union was up 1/4 point. The stock market was out of its slump in the afternoon. Auto advancing were: General Motors, 1/4; Ford, 1/4; Chrysler, 1/4; Packard, 1/4; Studebaker, 1/4; Buick, 1/4; Oldsmobile, 1/4; Lincoln, 1/4; and Standard Oil of N. J., 1/4.

### Jerome's Boy Scouts to Aid In Vote Drive

**PROMPT, Sept. 24**—The get out the vote campaign, a national effort of the Boy Scouts of America in cooperation with Proclamation 2031, was discussed at a meeting Friday night of the Jerome Boy Scout district.

The campaign will start Oct. 11 when teams of Scouts, Cubs and Explorers will distribute posters to all business houses, churches and other institutions. The teams also will appear at service and civic clubs with the posters to be placed at meeting places. On Nov. 1 at 5 a. m. Boy Scouts will hang liberty bells, urging citizens to get out and vote on all homes in the city and rural districts. During the afternoon, a parade featuring the campaign will march the length of Main street.

Guy Kennedy will be in charge. Herbert Prescott, district chairman, reported on the membership and organization of the Jerome district. The forthcoming financial campaign also was discussed by Prescott. The campaign will be a unified effort of the Snake River counties, which includes all of Magic Valley. The kick-off is planned for Nov. 10 and plans call for a concentrated three-day drive.

The annual district meeting and election of officers was tentatively scheduled for November. The committee in charge of arrangements includes the Rev. J. D. Crean, chairman, Guy Kennedy and Harold Eliza.

The layman's conference was announced for Oct. 27 at Boise. The principal speaker at the meeting will be Dr. Arthur Schunk, N. Y. chief Scout executive. The fall roundup, which began Sept. 1 and which will run through Dec. 31, was outlined by Guy Kennedy. Kennedy said the purpose of the roundup is to enlist boys in Scouting.

The next meeting was announced for Oct. 17 when the nominating committee will be named. Round table discussions will be held for Boy Scout, Cub and Explorer leaders.
