## No One Hurt as Auto Skids, Overtakes Firm Grp in Valley Area

Rusty snow shovels and tire chains came out of hiding Tuesday in most of Magic Valley as winter got down to the serious business of dumping snow on the area. The entire state was covered with gray skies and virtually no areas were untouched by snow. Mixed rain and snow in some areas kept the residents wondering if winter was going to make up its mind or not.

The five-day forecast for the area indicates more rain and snow throughout the rest of the week. Highways in many areas are slick. The state highway department at Shoshone reports all roads in the district are open but slippery in spots. Plows were out in the northern part of Magic Valley during the night and early Tuesday morning.

The 42nd military district highway engineer at Shoshone, said plows worked on the Shoshone-Gooding, Gooding-Fairfield and Shoshone-Sun Valley roads. According to State Police Lt. Clark Hiett, the driver by Helen Strickman was headed south over a hill when it struck a patch of ice. The car rolled over, overturned, and landed on its top. Damage to the car was estimated at \$250.

## No One-Telling Why, but Local Gas Prices Tumbling in Battle

Retail gasoline prices here have been tumbling like tennies since the outbreak of a local price war among service stations. However, there doesn't seem to be an operator or wholesaler distributor who can put his finger on the cause. Or, if they know, they are keeping the secret like brothers of a fraternity. The motorists are buying gasoline at the deflated prices, and loving it.

Known to 25.9 Cents.

Most of the stations in Twin Falls by Tuesday had cut the price of their regular grade gasoline to 25.9 cents per gallon, nearly five cents below the price of the regular grade gasoline.

Only one station was offering a price below 25.9, and this retailer who was selling gas for 25.5 cents per gallon, said that sometime Tuesday he would be "boosting the price to 25.9 cents like the others."

Some Ales High.

Some stations have been attempting to hold the line at 27 and 27.5 cents and gallon. Others are listing 28 cents as their price, but giving a discount of 10 per cent.

The so-called cut-rate stations, which are selling gas at 25.9 cents, are listing prices higher than those offered by their major brands competitors. They are selling gas at 25.9 cents and gallon, according to one station operator, two cents lower than the other stations.

Generally speaking, prices now are highest among the operators on the outskirts of the city. They seem to be working on the theory that incoming motorists will see their prices, but they will not be able to buy gas there, before they discover that gasoline is (Continued on Page 3, Column 1)

Ken Heddler, 212 Park for Democracy, announced that recordings have been made of the talks of the six contestants in the annual election. The recordings were suggested to judge the talks and select the winners.

## Board Okays 1953 Budget For Hospital

A tentative 1953 budget granting a four and one-half per cent increase in expenses was approved Monday night by the board of directors of the Twin Falls Memorial hospital. The budget calls for \$447,200, an increase of \$70,000 over 1952.

C. D. Hiett, residing in the absence of T. G. Bacon, pointed out that the hospital's operating expenses when compared with the 20 per cent increase in patients of 1952 over 1951, had not increased proportionately. He said that the hospital's operating expenses in 1952 were the same as the tentative 1953 budget to take care of them, Hiett said.

Larger sums have been budgeted for the nursing, X-ray and radiology categories. Hiett indicated the unbalanced public spending during 1952 through the emergency service allotment out of line.

Despite the epidemic the hospital so far in 1952 has operated well within its set limits. Mrs. Irene Oliver, administrator, predicted that the institution will complete the year with 450,000 of the budgeted sum. She said that only one change in the tentative allotment made by the executive committee. Twelve thousand dollars charged to the "unanticipated" category was added to \$18,000, with the extra construction and increased supplies rather than services.

A. W. Hawkins, county commissioner, said that the tentative budget for 1953 was approved by the board of directors in 1951. Mrs. Carnahan's mother, Mrs. Mildred Carnahan, was driving east when the car hit the stick spot on the highway, said Sheriff James B. Burns, who investigated. Neither Mrs. Carnahan nor Elsie was hurt, but 13, another passenger, was injured. Damage to the sedan was estimated at \$100.

## Public Power Labeled "Socialism Cornerstone"; Heils Canyon Project Is Cited as Example

The report said a private company serving the area wants to develop the potential of the river by building low-head dams, to be constructed as the power is needed in the area. The federal government plan is to build a large single dam at a cost of 350 million dollars.

The real purpose, said the report, "is to export the power to the Pacific northwest and use this as the back door approach to establishing a Columbia valley authority."

"Heils canyon is a project of the bureau of reclamation whose function is supposed to be the reclamation of wild lands. The truth is that this is an outright power project. The development of the Heils canyon is a private enterprise and federal power development is an aggressive attempt by government to do what private enterprise is ready, willing and able to do."

Private development would cost less and produce more power and not require expenditure of public funds.

The report expressed hope that the change in management of the Heils canyon will change the position of "public power" and that it will be able to get back to its proper function of regulator and price setter. The economic trend of public power can be exposed more effectively and the trend stopped.

**Proposals on Idaho's Float Flood Jordan**

**BOISE, Dec. 2 (AP)—**Suggestions for Idaho's float in President-Elect Eisenhower's inaugural parade, and the first money for financing it, continued to come in to Gov. Len Jordan Monday.

One Blackfoot resident sent a \$5 check. A 10-year-old Preston boy sent along a drawing with his idea. A Genese resident suggested a huge float with "Idaho" in a robot used in Idaho's exhibit at the San Francisco fair, telling the speculators about Idaho.

Another suggestion was a huge map of the state showing the various industries and natural resources. The letter said the chambers of commerce whose areas are spotlighted could pay for it.

The response to the governor's request for ideas on theme and financing wasn't 100 per cent favorable. One writer said Idaho should set an economy example for the rest of the nation by saying it couldn't afford a float.

**Demos Back GOPer Move To Trim Tax**

WASHINGTON, Dec. 21—A Republican move to cut personal income taxes by about five per cent in June 30 placed the Democratic reaction in congress today.

High-ranking Democrats on the tax-cutting House ways and means committee said they would be glad to cooperate with the Republican proposal. They also pointed out that legislation approved by the Democratic-controlled congress in 1931 already provides for a 10 per cent income tax reduction of about 11 per cent on Dec. 31, 1933.

The proposal to grant some tax relief in the middle of next year was advanced by Chairman Daniel A. Reed, R. N. Y., who will become chairman of the ways and means committee when next congress meets Jan. 3.

Reed said he will introduce his tax bill on the opening day of the session.

World Advance Date The effect of Reed's proposal would be to advance from Dec. 31 to June 30 half of the tax reduction program provided under present law. This would be done at a cost to the federal treasury of an estimated \$200 million.

It would be the first step in the Republican tax and spending reduction program which is expected to be introduced in the next congress.

It would also be a concession to the taxpayers which would be a boon to the Treasury.

By HENRY McLEMORE, CUBERVAVACA, Mexico—Today by the Gregorian or hardware store.

I have read that you only feel as old as you look. Some men of 40 actually are younger than boys trying to look like them.

My feet hurt when I play 18 holes of golf. I have to wear very soft shoes. I have read so many articles by medical authorities about what is likely to happen to me if I don't take care.

I know men of my age who are taken for men of 40. They are very young. I have read that they are taken for men of 40. They are very young.

# Billie Bockwitz Becomes Bride of Russell C. Hart

Billie Jana Bockwitz, daughter of Mr. and Mrs. A. S. Bockwitz, became the bride of Russell C. Hart, Missoula, Mont., son of Dr. and Mrs. Harold Hart, Arcadia, Calif. Sunday afternoon at the Presbyterian chapel. The Rev. Donald B. Blackstone performed the ceremony before arrangements of fall color chrysantheums and candleabra of lighted white tapers.

The bride's ballgown length gown, fashioned with a long-sleeved fitted jacket, was of white Chastaine lace. A semi-train accented with seed pearls held her finger tip veil of illusion and her jewelry was a crystal necklace, belonging to her mother, and pearl earrings, a gift from the bridegroom. The bridal bouquet was orchids and stephanotis.

Colleen Carter, Gooding, her maid of honor, chose a bronze color velvet gown and Doris Ann Weaver, the bridesmaid, wore green velvet. Dr. Hart served as best man for his son and Don Olsson and Leslie Anderson acted as groomsmen.

Mrs. C. W. Albertson played the wedding music and Bernard Brown was soloist.

For this wedding, Mrs. Bockwitz chose a gold color jersey dress with gold and black accessories and the bridesmaid's mother was attired in a yellow wool dress with brown accessories. Their flowers were bronze chrysanthemums.

In charge of the reception, which followed in the church, were Mrs. C. Olsson, Mrs. Alton Fry, Mrs. Stanley Phillips, Mrs. Floyd Fuller, Mrs. Edith Balch, Mrs. A. Russell, Mrs. Carl Weaver and Mrs. Pat Cochrain.

Mrs. R. A. McMillan and Mrs. Leslie Anderson served lunch and Mrs. A. C. Carter, Gooding, and Mrs. George Deweller prided as the coffee service. Mrs. Harold Grant was in charge of the guest book and the gifts were displayed by Messrs. Clarence and Billie Olsson and served the wedding cake.

After a wedding trip, Mr. and Mrs. Hart will make their home in Missoula, Mont., where he is attending the University of Montana.

For traveling, the bride chose a gray tweed dress with black and red accents. Her wedding ring was from the bridal bouquet.

Special out-of-town guests at the wedding were Dr. and Mrs. Harold Hart, Arcadia, Calif., the bridegroom's parents, and Mr. and Mrs. McMillan, Gooding.

Before her marriage, the former Miss Bockwitz was honored at a shower given by Mrs. Phillips, Mrs. Olsson, Mrs. Young and Mrs. Balch at the Turf club and a dinner given by Mrs. Charles B. Bremer.

# Care of Your Children

In spite of what adults may say, children have a reason for crying. When they fall and hurt themselves they must cry a bit, but they can be comforted. When they are disappointed, they will cry for a time. Maturity, born of experience, sees the end of that. It is the child who cries on and on and on, and refuses to be comforted, who needs to be cured.

"My little daughter, aged 9, has a habit of crying that nothing seems to stop. We have tried everything without success. Now and again we think she is cured and so relax but soon find her crying again. She sits in a corner, or in her room, and just lets the tears run down her face. What can we do? There is no reason for her tears. She has everything she can possibly want."

There is a reason and it must be found before the child can become happy and healthy. This child is longing to cry about—like father and mother had been divorced and her mother had married again. The child loved her father and it was devoted to her, but the court case, another child had been born and both the parents paid more attention to the new baby. The little girl was grieving for the lost love of her father and feared the loss of her mother's affection. Hence the tears.

Sometimes the cause of a child's tears lies too deep for casual attention and requires an expert's care. This happens in rare instances when it is evident that the cause of the child's grief is beyond ordinary

### Completion of New Pipeline Noted in S. L.

SALT LAKE CITY, Dec. 2 (AP)—A 42-mile pipeline linking Salt Lake City with Boise soon will start carrying petroleum products, it was announced Monday.

The eight million dollar project belongs to Standard Oil company of California. Its completion was announced Monday by Salt Lake Pipe Line company, an affiliate of Standard Oil.

The new eight-inch line is in addition to the original petroleum products transmission facilities com- pleted two years ago to Pasco, Wash.

Extensions started

An extension of the Pasco route 140 miles into Spokane is under way. O. E. Finney, Jr., president of the pipe line company said.

The pipe line firm Monday asked the Utah public service commission and the interstate commerce commission for approval to cut its rates on shipment by approximately 15 per cent.

Cuts Price

Under the plan, the rate from North Salt Lake City to Ogden would be reduced from 11 to 9 cents per 42-gallon barrel. Similar progressive type reductions apply to shipments to Pocatello, Twin Falls, and Fruitland, Idaho; Baker and Adams, Ore.; and East Pasco, Wash.

The firm also reduced the cost of carrying crude oil from Red Wash field, Uintah county, Utah, from 20 to 18 cents a barrel.

These changes will become effective Jan. 1.

### Local Camp Fire Girls Council Elects Mrs. John H. Breckenridge President

Mrs. J. H. Breckenridge was elected president in the reorganization of the Twin Falls council of Camp Fire Girls Monday night.

Mrs. E. R. Robinson, and the Canyon Camp Fire Girls group, led by Mrs. Thomas Peavey.

Table arrangements were made by committees headed by Mrs. Helen Eubler, J. C. Ashworth, Floyd Boardman, Newell Nelson, Boyd

Brown, R. E. Davis, Elmer Bennett, Harold Lackey, Charles Nanz, Roy B. Vandoren and G. W. Pickering.

Other officers are Frank McIntyre, first vice president; Mrs. Merrill Greeling, second vice president; Mrs. Frank Deluca, secretary, and Mrs. J. C. Williams, treasurer, and Mrs. Malcolm H. Sawyer, regional representative and chairman of the permanent camp committee.

Although the officers will serve only one year, Mrs. Breckenridge and Mrs. Greeling will serve three years each, Mrs. Sawyer two years and the others one year each on the board of directors under the reorganization perfected Monday night.

A third of the board members will each serve one year, another third two years and the others three years. When their terms expire, those elected to replace them will each serve three years, making a one-third turnover of the board each year.

Mrs. Roy VanBuren was elected president of the association which comprises the leaders of 33 groups of Camp Fire Girls and Branches in the council and which meets monthly and conducts its program independent of the executive board.

Chosen directors for three-year terms were Mrs. D. F. Link, Mrs. R. A. Armstrong, Mrs. W. A. VanEngelen, Mrs. Milton Powell, the Rev. W. A. MacArthur, all Twin Falls, and Mrs. Leola McIntire, Kimberly; two-year terms, Mrs. Ed Purvis, Mrs. E. E. Byrne, W. O. Walker, Mrs. Ralph Bacon, Mrs. Earl Lake and Mrs. Claude Townsend, all Twin Falls, and Mrs. Arthur Keck, Buhl, and one-year terms, Robert Ballieton, Mrs. Wallace Bond, Mrs. J. A. Vandemark and Mrs. W. A. MacArthur, all Twin Falls, and Mrs. Clifford Thomas, Filer.

Mrs. Sawyer, as featured speaker on the occasion, described the summer camp work in the Mt. Hood national forest.

The Rev. Donald B. Blackstone, pastor of the First Presbyterian church of Twin Falls, gave the invocation.

Music was presented by the Snowflake Blue Birds group, led by
