Cars Pile up in Accident East of Twin Falls

Returned national jeep was flipped over when hit in a pile-up accident on highway 30 three miles east of Twin Falls today. The jeep was driven by Richard W. Morgan, Twin Falls driver of the vehicle when it was hit. The top of the jeep is the hood of a 1949 Ford driven by Ted Mason, route 2, Kimberly.

ere Storm ashes Large ockies Area

Feb. 20 (AP)—The Rocky mountains today were digging the snow storms since Feb. 1949.

Three deaths in Colorado were blamed on the snow.

Four measuring three to four inches in many areas along the main highways, but snow workers hope to have roads open to traffic soon. Many roads also have been closed.

While strong weather stations are reporting snow.

Man Injured When Car Hits Power Pole; Three Other Vehicles Pile up

Neal Dean, Filer, received a fractured forearm and a possible fractured rib about 10:45 p. m. Thursday when his 1949 DeSoto veered off highway 30 three miles east of Twin Falls and knocked down a power pole, cutting off power southward.

The car straddled a "hot" wire and the injured man could not be removed until power was turned off. He was reported in good condition at Magic Valley Memorial hospital Friday noon.

Three other cars were involved in the spectacular wreck. One of them, a national guard jeep, was damaged extensively and its driver, Richard W. Morgan, 522 North avenue, was diagnosed down by witnesses to the first accident and asked to drive to the nearest telephone to notify the police and the power company. Telephone lines in the vicinity of the accident were knocked down when the power pole broke.

Sergeant Morgan was passing the line of westbound cars parked on the highway when George Wade, Kimberly, also driving west, collided with the rear of the jeep with his 1953 Pontiac. The jeep was spun around and flipped against a 1949 Ford driven by Ted Mason, route 2, Kimberly.

The Pontiac veered off the right side of the road, striking a power pole and straddling the hot power line.

The Mason car was not damaged except for a few scratches on the hood where the top of the jeep hit it when it was flipped over.

Witnesses told state police and Deputy Sheriff W. W. Palmer, who had investigated the accident, Wade drove into the congested traffic from the west and was traveling at a high rate of speed past main directing traffic at the scene.

Several Idaho Power company trucks and repair crews were at the scene putting the power line back in place shortly after the accident occurred. One of the crew foremen said the accident had knocked off all power east of the Twin Falls sub-station for a short time.

The officers added in the accident. No charge had been filed in the case in Kimberly or Twin Falls justice courts by Friday noon.

Progress, Prospects of Poultry Industry Outlined at Meet Here

Progress and prospects of the poultry industry in Magic Valley were outlined at the opening sessions of the first annual Twin Falls poultry institute Friday.

Approximately 100 Magic Valley poultrymen were in attendance. The Twin Falls Chamber of Commerce is sponsoring.

Earl H. Brockman, Caldwell, speaking on "Egg Production and Marketing," declared:

March 6 Test

Castleton village trustees must appear in district court at 10 a. m. March 6 to show by what authority they annex a piece of land near Buhl for private operation in a tavern, according to an order filed in the court Thursday afternoon.

The land was annexed by Castleton to permit the Loz tavern to obtain slot machine licenses from the village. Buhl does not give the machines.

The order followed County Prosecutor Max Loyd's filing a complaint Thursday against the tavern, which is operating in violation of the law.

Buhl was to show their authority to annex the land.

'Ike' Chipper As He Ends Initial Month

WASHINGTON, Feb. 20 (AP)—President Eisenhower rounds out his first month in the White House today to all appearances chipper and confident, but with a few problems facing him and the nation.

"Orin" was the word applied to the world situation by some reporters after an exhaustive three-hour session at the White House Thursday after a top-level briefing on military and financial matters.

Eisenhower sat in on the briefing, but to all appearances it didn't get him down.

Reporters who saw him for a few hours later, following a luncheon for a group of Democratic senators, found him in excellent spirits and showing no strain from the office he took over from Harry S. Truman just a month ago.

John Chagnon, commissioner of the labor department's bureau of labor statistics, said the new index, though not "an exact measurement," will be a "most comprehensive" one.

The consumers' price index is not more than a monthly assessment of the change in prices.

Byrd Thanked for Defense Questions

WASHINGTON, Feb. 20 (AP)—President Eisenhower has personally thanked Sen. Harry F. Byrd, Va., for asking the Senate to confirm confirmation of Defense Secretary Charles E. Wilson.

Byrd was the first senator to call attention to a law prohibiting government officials from doing business with firms in which they have a private interest. In the controversy that followed, Wilson and three top aides were forced to sell valuable stock holdings in order to win senator approval.

Close friends of the senator reported today that Mr. Eisenhower thanked him warmly for raising the issue so it could not be put at the outset of the new administration.

No End

"Don't start looking for an end to our related winter," advised the weatherman. "It's still a long way off, but the best we're forecasting for the next five days."

The shivering AP reporter figured he was paying the price for earlier, less accurate, as he read this prediction:

Temperatures averaging about normal with high 35-50, low 18-28. Light precipitation occurring mostly as light snow early next week, amounting generally to the one-tenth of an inch. (Probably)

School Bus Lost

17 Hours Found

STERLING, Colo., Feb. 20 (AP)—A school bus, reported lost for 17 hours, was found today by a search party with nine children and the driver aboard, was found at a farm house today. Authorities said all were safe and sound.

The bus was reported lost yesterday afternoon during the worst blizzard of the winter. Whipping winds piled up snow as high as six feet and all traffic was halted.

Hearing Set

BOISE, Feb. 20 (AP)—The public utilities commission will hold a hearing on Idaho Power company's application to increase irrigation pumping rates for 10 a. m. March 17 at the statehouse.

12-Vote Margin in House Defeats Funds for NICE; SICE Decision Discussed

BOISE, Feb. 20 (AP)—The Idaho house voted 55 to 23 today against a \$475,000 appropriation to reopen Northern Idaho College of Education, and then recessed before considering a \$350,000 appropriation for Southern Idaho College of Education. Only nine Republicans joined a solid bloc of 14 Democrats in favoring reopening of the Lewiston school.

The house reconvened at 1:30 p. m. to consider SICE bill. Debate was not expected to be as extensive as on the NICE bill and a decision was expected during the afternoon. The senate earlier had killed a bill to appropriate funds for both schools. Today it delayed consideration of a bill to transfer the schools' endowment funds to University of Idaho and Idaho State college pending outcome of the house debate.

The vote on the NICE bill to the house, Rep. Lester Young, 12, Nes Perce, declared "if we needed better schools, we should have a better teacher." He said he would be the first to assist in transferring the NICE buildings to a junior college district as "a reasonable cost of the public schools."

Rules suspended.

Under the plan, a wool stabilization corporation would be set up with a minimum of capital to handle the support program. Stockholders and growers would choose the board of directors and run the operation.

The corporation would carry out the program under contracts with the department which will work out the details. The corporation would make the loans and at the end of each year the department would redeem wool loans on the corporation's behalf.

John R. Davis, president of the wool handling wool price support, said the plan is in line with administrative policy, and officials view it with favor.

"It would mean less government in business—and that we like," he said.

Informal sources said the move was suggested at last week's announced meeting of department officials and a few industry representatives. Those attending were "not sure" who originated the idea.

4-Point Plan to Help Stabilize Price for Cattle OK'd by Panel

WASHINGTON, Feb. 20 (AP)—A four-point program to stabilize the cattle market in the face of declining beef prices was recommended today by a house agricultural subcommittee.

The principal point called for immediate strengthening of credit sources to provide emergency loans as a stabilizing influence on prices and production.

The subcommittee also recommended shipping military procurement of beef, prompt controls over foreign beef imports and embargoes on meat and bone meal from New Zealand, and a ban on the federal school lunch program, March Monday.

Chairman Roy W. Vanecko, said the full agricultural committee would meet Monday to consider the program drawn up by the subcommittee, headed by Representative Hill, R. Colo.

As his subcommittee convened today, Hill predicted a bargain beef from New Zealand soon will be gone from U.S. countries. He also advised consumers to "stock up now" on American beef, and to avoid buying that to get cheaper. He noted that cattle prices already have "leveled off."

Meanwhile, housewives continued to snap up 36-cent a pound New Zealand steaks on sale at scattered markets throughout the country. Police were called out to handle crowds at a Columbus, O., market yesterday.

The following are the four points:

1. The wool handling wool price support program in the hands of private industry under way with the blessing of the agriculture department.

2. Prompt controls over foreign beef imports and embargoes on meat and bone meal from New Zealand.

3. A ban on the federal school lunch program, March Monday.

4. Immediate strengthening of credit sources to provide emergency loans as a stabilizing influence on prices and production.

Novel Method Proposed To Support Wool Price

WASHINGTON, Feb. 20 (AP)—A move to put the government's wool price support program in the hands of private industry under way with the blessing of the agriculture department.

John R. Davis, president of the wool handling wool price support, said the plan is in line with administrative policy, and officials view it with favor.

"It would mean less government in business—and that we like," he said.

Informal sources said the move was suggested at last week's announced meeting of department officials and a few industry representatives. Those attending were "not sure" who originated the idea.

Driver Fined \$100 Here on Tippy Charge

XIVIN M. BROOKHILL, 44, 183 Harrison street, pleaded guilty to drunken driving and was fined \$100 and 30 days Friday morning when he appeared in Twin Falls justice court.

He was arrested at Five Points east at 3:05 a. m. Friday after officers observed his car on the corner of Main and 5th streets. He was arrested in an attempt to turn onto Main avenue south, he would run a red light at the intersection.

The order setting the involuntary manslaughter trial for Arnold Hogue, 367 N. Main, was set for 10 a. m. in district court in Rupert this week.

The following arrangement for Hogue last Tuesday. Hogue pleaded innocent and his attorney, A. T. Lew, Burlington, indicated an application for a change of venue might be filed. The order vacating the trial date goes the way for Hogue to ask for a change of venue.

Ray Keith Merrill, Arco, was fined \$25 and 30 days by justice of the peace last Friday morning when he was charged on a charge of speeding 50 miles an hour in a 35-mile-an-hour zone. He was arrested by State Patrolman Stanley Pace.

Harold J. Whiting, Springville, was fined \$25 and 30 days by justice of the peace last Friday morning when he was charged on a charge of speeding 50 miles an hour in a 35-mile-an-hour zone. He was arrested by State Patrolman Stanley Pace.

Planes Range Wide in Fight

SEOUL, Korea, Feb. 20 (AP)—United Nations planes blasted Communist forces in the Korean "battles" today, the Chinese Manchurian frontier from showing no strain from the office he took over from Harry S. Truman just a month ago.

John Chagnon, commissioner of the labor department's bureau of labor statistics, said the new index, though not "an exact measurement," will be a "most comprehensive" one.

The consumers' price index is not more than a monthly assessment of the change in prices.

\$597,067 Paid in January Job Aid

BOISE, Feb. 20 (AP)—The employment security agency paid out \$597,067 in unemployment compensation last month, with checks averaging \$23.28.

The number of full-time claims was 17,000 compared with 17,135 last January. However, the number of continuing claims was about the same as last month, with the total number of weeks for which compensation was paid—25,000—compared with 25,449 in January, 1952.

Ski Snow Falls

Eighteen inches of new snow on Magic mountain during the week-end will give area valley skiers "top" conditions this week-end, officials of the Magic mountain ski resort reported.

The resort also has had additional snow and skiing conditions. There are reported "very good" conditions on the Magic mountain.

Sun Valley also has had additional snow and skiing conditions. There are reported "very good" conditions on the Magic mountain.

Sun Valley also has had additional snow and skiing conditions. There are reported "very good" conditions on the Magic mountain.

New Cost-of-Living Index Makes First Showing Next Week After Long Study

WASHINGTON, Feb. 20 (AP)—A brand new cost-of-living index, computed after an exhaustive three-year price and spending survey across the nation, makes its first appearance next week.

John Chagnon, commissioner of the labor department's bureau of labor statistics, said the new index, though not "an exact measurement," will be a "most comprehensive" one.

The consumers' price index is not more than a monthly assessment of the change in prices.

Bureau Irons Out Grazers' Disagreement

A dispute between two sheepman over range privileges in the Fall Creek grazing unit, was a setback to the Bureau of Land Management, temporarily here Friday morning as a hearing conducted by the bureau.

The hearing determined the grazing privileges of John W. Morrison, 100 N. Main, and Charles G. Goff, 100 N. Main, in the Fall Creek unit, was the coming season.

The permanent pattern of operation in the Fall Creek unit will be worked out by the bureau through studies to be made later.

The hearing, which served as a guide to the midwinter meeting of the 100 sheepman, was conducted by W. H. Quinn, Boise, district range manager, bureau of land management.

The hearing also served as a guide to the midwinter meeting of the 100 sheepman, was conducted by W. H. Quinn, Boise, district range manager, bureau of land management.

Rumblings in Kremlin Draw West Warning

LONDON, Feb. 20 (AP)—A high British source said today "rumblings in the Kremlin" indicate Russia might be preparing to return to a full scale to an abrupt American action in the far north.

The source informed said: "A British source warned France that the Kremlin might be preparing to return to a full scale to an abrupt American action in the far north."

The source informed said: "A British source warned France that the Kremlin might be preparing to return to a full scale to an abrupt American action in the far north."

Panel Defeats Hope of Early Security Hike

WASHINGTON, Feb. 20 (AP)—President Eisenhower's hopes for early action on a bill to raise the ceiling on the federal income tax were virtually killed today.

The blow was struck by the house vote on the bill, which has been pending with the administration over tax reduction. The committee has approved a tax cut of about \$1.5 billion from the bill.

The bill was introduced by the administration over tax reduction. The committee has approved a tax cut of about \$1.5 billion from the bill.

House Defeats Bill for NICE; Debates SICE

(From Page One)
would be better spent in two universities and colleges rather than four. "I think that stand should be raised."

Wants T. F. School
"If the state goes into the junior college business in Idaho," the gentleman from Idaho Falls probably would want one there," he said.

"We still have time for this legislature to enact a sales tax and put up junior colleges throughout the state if that is what you want," Merrill also remarked that he planned to "investigate the possibility of organizing a junior college district in Twin Falls."

Keep the White Flag of Safety Flying

Now 14 days without a traffic death in our Magic Valley.

Dates Set for Three Trials

Final dates for three of four cases remaining on the jury calendar for the winter term of district court were changed Friday by District Judge Hugh A. Baker.

The changes included the trial of Dale A. Super, charged with involuntary manslaughter. The jury trial was changed from March 10 to a date yet to be set. Moseley, charged with a liquor law violation, was changed from March 30 to 11.

Prosecutor Max G. Lloyd said a conflict in assignments for court reporters was partly responsible for the delay.

Navy Sees Folly In Shore Battles

TOYOYO, Feb. 20 (AP)—The navy said today it has an "at-risk" policy in the Korean peninsula, but has found it "folly" to engage in duels with communist shore batteries.

"The hostile, upper half of this peninsula bristles with known artillery, much of it mobile and all of it well camouflaged and entrenched," the navy said in a release.

"Navy destroyers and escort vessels of task force 95 maintain an efficient air-tight grip on both coasts," the release said.

Anti-Union Plan Gains Opposition

IDAHO FALLS, Feb. 20 (AP)—An Idaho Falls committee to receive a verbal report on the condition of Minidoka county school trustees met in special session Tuesday.

Chairman of the board, Mrs. M. M. Shoup, state high school superintendent.

Report Made

IDAHO FALLS, Feb. 20 (AP)—Minidoka county school trustees met in special session Tuesday to receive a verbal report on the condition of Minidoka county high schools.

Chairman of the board, Mrs. M. M. Shoup, state high school superintendent.

The Hospital

production with the kind of birds we have in the country," he declared.

G. M. Davis, district manager, southwest Idaho division, Ralston-Purina company.

Swine Feeding Curbs Okayed

BOISE, Feb. 20 (AP)—The Idaho health department today gave its approval to a bill to prohibit feeding of uncooked garbage to swine.

The measure exempts farmers from having to cook their own garbage to feed their own pigs.

C.C. Weybright, 66, Passes at Gooding

GOODING, Feb. 20 (AP)—Cassius Cleveland Weybright, 66, died Thursday at his home in Gooding, Idaho.

Mr. Weybright was born April 17, 1887, in Union county, Ohio. He married Edith McNeill April 9, 1907, at Rockford, Colo., and moved to Gooding, Idaho, in 1919.

Area Solon Leads Successful Battle

BOISE, Feb. 20 (AP)—Charging that one company has a monopoly on life insurance in 42 counties, Sen. Jack Murphy, R-Lincoln, today led a successful fight for senate approval of a bill to prohibit such a system of land title certification.

Milk Prices Hold Line Across U.S.

By United Press
Milk prices generally will hold the line across the nation reported today.

Feeding of each of 30 states showed no plans for boosting the price of milk, and some dairies said prices might even come down.

Red Guards Shoot Quickly on Border

BERLIN, Feb. 20 (AP)—Triggers of communist border guards fired at four persons at the frontier of the western allied sectors of Berlin and West German police said today they had shot and killed "about to kill" refugees to halt the flight of German soldiers from East Germany.

Dog Poisoned

A report of a dog being poisoned came to the attention of city officers Thursday evening and a local veterinarian was asked to perform an autopsy on the dead animal to determine the source of the poison.

Tom Driscoll, 145 Tenth avenue east, was the owner of the dog, but it was found by another person. Strachino was suspected.

Chick Output Up

BOISE, Feb. 20 (AP)—Idaho hatcheries produced 200,000 chicks last week, the highest weekly output since 1952, and an increase of 78,000 over January, 1951, the U. S. department of agriculture reported today.

USAF Aide Chosen

WASHINGTON, Feb. 20 (AP)—President Eisenhower today nominated James H. Douglas, Jr., Lake Forest, Ill., a veteran of both World wars, to be undersecretary of the air force.

Twin Falls News in Brief

Police Report
Ralph Baird, Hamilton, reported to city police Thursday that he backed into a car on Third street east, damaging a door. He said he took the car to the windmill.

Bank Notes
Earl Perry, 202 Diamond street, reported to police Wednesday evening that someone stole a piggy bank. Police reported that the bank note was taken within the past three days.

Special Meeting Set

The 230 state missionaries will hold a special investigators meeting at 5 p. m. Sunday in the second ward chapel, Fourth avenue north. The state priesthood chorus will furnish music.

Services Held for Man in Shoshone

SHOSHONE, Feb. 20 (AP)—Funeral services were held Wednesday afternoon at the Assembly of God church for William E. Bourquin with the Rev. Charles Shinkle officiating.

Probation Given For Two Youths

Rudell Brown and Gary Bates, both 16, were placed on probation for two years, signed by District Judge Hugh A. Baker Friday morning when they appeared in court on first degree burglary charges.

Parking Fines

City police collected \$1 in bonds for overtime parking Thursday.

Fines of each were: Eugene Bebel, Marvin Vanders, W. Chaney, Ralph Schell, W. L. Ager, M. Van Englen, Don Krovit, Ben Schenck, William Hoops, Jr., Clair Mathers and Ray Peronius.

Return Home

Feb. 20 (AP)—Mrs. Charles Zark Buhl, has returned from El Centro, Long Beach, Los Angeles and San Diego, Calif.

Mr. and Mrs. Zark Buhl returned from a vacation in California and New Mexico.

Rites Held

BURLEY, Feb. 20—Funeral services for Otto Emil Peterson were conducted at 2:30 p. m. Wednesday at the home of Mrs. Peterson, Lutheran chapel with the Rev. Wilbur C. Johnson, Episcopal vicar, officiating.

Twentieth Century Club Aids Polio Patients With "School"

A helping hand in the form of a school teacher and special classes has been extended children of the Magic Valley Memorial hospital polio ward by the Twin Falls Twentieth Century club.

The school was opened at the suggestion of Mrs. Irene Oliver, hospital administrator, who said such a program is the hospital's most urgent need.

Mrs. Charles Hatcliffe, Twin Falls, is in charge of the program. Five children representing grades one, three, six, seven and nine are attending special school classes.

Classes were opened Feb. 9. School work is conducted in a small classroom with bedside classes for patients confined to bed. All classes are adapted to the patients' abilities and planned around nursing and physical therapy schedules. No afternoon classes are held so patients can rest and receive visitors.

Mrs. Hatcliffe reports morale has soared since classes were begun. The classes are an experiment. It is not known whether such classes can keep patients abreast of their classmates in public school.

Advanced mathematics courses are being given two high school graduates by instructors from the Twin Falls high school.

All school books and supplies are being supplied by the patients' parents. Classroom space was donated by the hospital.

Classes will end June 9. It is hoped they will be resumed in September. No school funds are available for the program. Planning of the program by the Twentieth Century club will be through various fund-raising projects.

Additional aid will be needed to keep the program functioning next fall.

"Hke" Stands Firm on Red POW Views

WASHINGTON, Feb. 20 (AP)—The Eisenhower administration is standing squarely behind former President Truman's decision to resist communist demands for a forcible repatriation of Korea war prisoners.

Official sources said the administration in its current hunt for ways to end the Korean war, has emphatically rejected the idea of buying a truce by giving in on the POW issue.

The allies now hold 121,000 red prisoners. The fate of 38,000 of these who refuse to return to their communist homeland is the sole issue blocking a truce at Panmunjom, Korea, where negotiations were resumed Oct. 8 when the prisoner impasse had ended.

Many experts believe the communist negotiators were hoping that President Eisenhower's expressed interest in ending the war would prompt him to reconsider red demands that all prisoners be sent home at once.

All present indications, however, are that the new administration is not even interested in early reversal of armistice talks. It is concentrating instead on military and other pressures to make the reds want an honorable armistice at a later date.

Secretary of State John Foster Dulles has revealed that a naval blockade, tighter allied trade restrictions and other secret measures are under intensive study.

are all men over 21 years old and their wives. Following the meeting a dance will be held in the new recreation hall.

A general meeting will be held at 10 a.m. Sunday.

The dedication is scheduled for 2 p.m.

The principal address and dedicatory prayer will be given by Elder Longden. An organ prelude will be played by Jay Vernon Barcus, followed by congregational singing. Devotion will be given by Otten Dummer. The fourth ward choir, directed by Dolores Dummer and accompanied by Aileen Bachman, will sing. Speakers will be State President Nevell E. Baker, Bishop Carter, President Steel, President Burdell, T. Currie, G. N. Yeaman and Swenson.

Alfred Thaxton, accompanied by Barcus, will sing. Benediction will be offered by Alma C. Clark. A youth conference will be held at 7:30 p.m. with Elder Longden as principal speaker.

Acquitted of Night Violation

The court jury deliberated 15 minutes Thursday afternoon returned a verdict of not guilty for Charles H. Penderstamer, with having excessive goods on a truck according to the provisions of the law.

The jury followed Penderstamer's testimony, as defense witnesses testified that the amount of the goods from the truck was not over the limit. The jury also admitted two previous convictions for the same offense and it was about that time his trucks were carrying goods. He claimed he straightened out and all the trucks have carried goods.

Clack Lewis, state attorney of the Hollister port station, said the checks on several checks on the various ports of entry and he has never had a check on a truck as they are perfect.

Verly J. T. Moore, Guy and F. E. Miller, A. V. and E. E. Kall. The jury deliberated without challenge.

LDS Tabernacle for Burley to Be Dedicated at Sunday Parley

BURLEY, Feb. 20 — The Burley LDS state conference will be held here Saturday and Sunday in the new fourth ward and Burley stake tabernacle. Dedication ceremonies for the tabernacle will be held Sunday.

The new building, located in the 200 block on Norton avenue, has been completed in two years and represents an investment of \$200,000. Furnishings are estimated at \$40,000.

Following the ground breaking in March, the building progressed steadily without delay. The building fund actually was started six years ago, at that time the old tabernacle, which the second and fourth wards shared, was becoming overcrowded and the need for larger quarters was faced. The fourth ward representing approximately 600 people, called upon to furnish \$50,000 toward the building fund, has furnished \$35,000. Fifty-three per cent of the total cost was provided from the general church fund and the remainder contributed by the Burley stake.

The building covers 28,000 square feet. It is located on five acres of land. Plans are in process for landscaping the grounds surrounding the building.

Adjoining property will be converted into a parking space and playground.

Lawn will be planted and lights installed to accommodate evening softball games.

The chapel, with a seating capacity of 275, will be opened into the adjoining recreation hall, offering a seating capacity of 2,500. The recreation hall, fully equipped for basketball and other sports, is provided with a large stage and can be converted into an auditorium.

The stake gymnasium hall was held in the recreation hall last Saturday evening and church officials said a dance will be held each Saturday night.

The chapel and recreation hall are equipped with a public speaking system which leads to adjoining rooms. The building is equipped with class rooms for all age groups, offices, a Boy Scout room, Relief society room, Junior Sunday school room, two fully equipped kitchens and four lavatories with showers.

On the second floor, at one end of the foyer, a glassed-in sound-proof room has been built to accommodate mothers with crying babies.

A pipe organ, organ will be installed soon in the chapel. At present the building is equipped with three pianos as well as a small organ in the junior Sunday school room.

The old tabernacle, located at 1200 Norton avenue and which now will be used by the second ward, was built in 1919 when the Burley stake was organized. Prior to that time the Cassia stake included Burley, Oakley, Raft River, Blaine, Bonanza, Jerome, Twin Falls and Minidoka stakes, with headquarters at Oakley.

The Burley stake, with a population of 4,500 embraces 12 wards including Declo, Springdale, Star, Union, Pella, View and the six Burley wards, with headquarters at Burley.

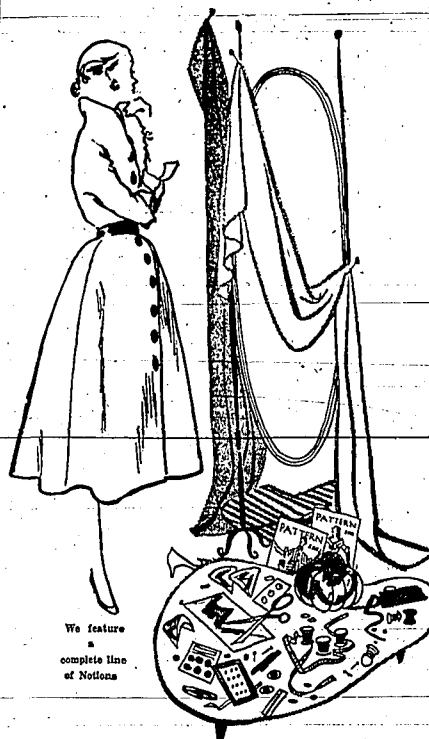

The building supervisor was J. A. Swenson, Twin Falls, and the overseers were F. M. Carter, bishop of the fourth ward and President Harvey J. Steel, second counselor in the stake presidency.

Conference speaker will be Elder John Longden, assistant to the council of twelve, Salt Lake City. The first meeting is scheduled for 7 p.m. Saturday. Those to attend

NATIONAL REPRESENTATIVE

WESLEY RAY BROWN
415 Market Street, San Francisco, Calif.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—Although Secretary Dulles' report on his European tour of NATO countries was given behind the closed doors of several congressional committees, his most significant statements have been made available to this writer.

Not even President Eisenhower's reiterated injunctions to "bebermuths" luckily, can muzzle the solons. The American people have a right to know what the secretary has to say.

First, the British and the French do not entertain the same fear of Russia's warlike postures as we do. Therefore, they see no reason for remaining or building a European defense community as fast or as vigorously as Eisenhower and Dulles think they should.

From their long experience with Moscow under the czar, they do not believe the Kremlin will wage war, unless attacked.

POT SHOTS

HELL TRADE

These guys rip about a bog not wanting them to take ten for coffee. I'll trade you.

I used to have a boss where you worked 10 hours a day (Sunday free) and if a guy got sick a couple of days you took for it. Oh well, it takes all kinds to make a world—I quit.

Farm Worker (Gooding)

HOW THINGS APPEAR FROM PEGLER'S ANGLE

In pursuit of my purpose to discredit Drew Pearson by proving that he is a liar, a faker and a political conspirator with almost irresistible force for communists, shown by the fact that he regularly employed at least two communist agents in the investigation of the flight of "Gen. Pang Tzu-Mow," I have secured the procurement of a document which was attached to a letter from the Chinese government to the United States in Washington.

The document is a copy of a letter from the Chinese government to the United States in Washington, dated August 1, 1954, which was created last August by Mexican federal police on the authority of the office of the Mexican ambassador in Washington.

The testimony I presented was given under oath by John G. Brady, a New York lawyer representing the republic of China, to a subcommittee of the senate judiciary committee last Dec. 2 in Washington.

The nationalist Chinese government seeks to recover about seven million dollars and to extradite Mow to Formosa. Other officers associated with Mow fled to communist China.

If Mow should be extradited to Formosa he might be put to death. Pearson's own lawyer, William A. Roberts, Washington, is attorney for General Mow and I already have presented testimony by Brady that Mow, in jail in Mexico, told him, in substance, that he had been referred to Roberts and, I believe introduced to Roberts by Drew Pearson or by "Miss Peterson's leg-man," Jack Anderson.

The ensuing testimony by Brady generally—on the part of the reader, so let us have order in the court.

Edward R. Duffy, the investigator for the subcommittee, was conducting the examination in the presence of Sen. Arthur W. Watkins, Utah, presiding.

Mr. Duffy asked: "Do you know whether any attempt was made to verify whether Roberts called or redeemed a \$100,000 U. S. treasury bill which had been purchased by Mow with funds which he had embezzled from the republic of China?"

Brady replied: "Yes; that information is verified."

Mr. Duffy: "And what information was ascertained in this regard?"

SPRING HEADACHE

It's this time of year that one dreams about the return of spring—the trees leafing out, the flowers blooming, fishing, golf and all those other things we miss during the winter months.

But just about the time we were getting enthused about the prospects of it all, there came a news release from Washington reminding us once more about the ugly facts of life.

"In 1953," it started off, "Americans won't start working for themselves until April 22."

"All wages, salaries, rents, interest and dividends received up to that date," it went on, "will be gobbled up by taxes!"

"Although," it added, "levies by federal, state and local governments will total about 30 billion dollars, or 30 per cent of the national income, according to the U. S. treasury and the department of commerce."

All of which, of course, is but another way of saying that the citizens of this great "prosperous" country of ours will work for the tax collectors during the whole first third of this year.

We know that when taxes get as high as they are now—21 times as high today as they were in 1939—they cause trouble, stir up the incentive and beat down the spirit of enterprise.

And thus as we'd prefer right now to be thinking about spring, the birds and the bees, we know that taxes will not go down by themselves, even under a business-like administration—spending is too ingrained for that.

As President Eisenhower has pointed out, the only way to bring taxes down is to get the government to economize, and the only way to get the government to economize is for the people to know the facts, and to demand economy.

So in spite of his desire to go fishing, the average American should keep in mind that the only way to get the government to economize is for the people to know the facts, and to demand economy.

FRANCE FEARS GERMANY—Secondly, France is now a part of a commonwealth of Germany than the U. S. Britain, Russia has not invaded France since Napoleon's wars, whereas the Germans conquered and devastated French territory three times and all those other things we miss during the winter months.

London laughs at our fears of an imminent Russian attack. Churchill's military committee believes that the U. S. must bear the main burden of a program of world conquest.

In their opinion, it will be at least 10 years before Russia indicates any intention of world conquest. In their opinion, it will be at least 10 years before Russia indicates any intention of world conquest.

OUR KOREAN POLICE ACTION—Finally, and this may come as a surprise to many, London and Paris are not so seriously concerned with our "police action" in Korea. They oppose any war which would bring the United States into conflict or jeopardize their interests and holdings in the far east.

Having pulled far corners of the earth for almost 30 years, the British, the French, the Americans, the Chinese, Singapore, Hong Kong, etc.—the British and French look on our Korean intervention and casualties as the natural consequence of our postwar restoration of world responsibilities.

PUFFS FOR KIDS DEPT.

This one is a small, blond, male cocker spaniel. You can phone Hazelton 3602 or pick up the pooch at the expense Washington home in Hazelton.

MORE ANIMAL SIGNS

Dear Pot:

Several of us agree with the person from Jerome who suggested a big stop sign or caution light at the turnoff of the new highway onto the old highway north of the Perimeter bridge.

I travel both the old and new highway and only through the grace of God has my life been spared. Have seen many close calls. I would suggest a caution light so people on both highways are cautioned.

W. H. H. (Twin Falls)

KITTENS FOR KIDS DEPT.

Dear Pot Shots:

We have a year-old female kitten to be given away. She is a wonderful mouset. She is white and black. Her phone number is 1088-77. She's also a good pet.

Wilma Wright (Twin Falls)

IS THAT ALL NOW?

Dear Pot:

We stop Am I, Please let me, pray—Not Mamie Eisenhower or Robert E. Lee.

I might be the Great Golden Bird of Prey.

But you mean less than nothing to me.

Boxer feet, surely I've got; Over the shoes, they're not so hot; But I don't find myself so much alone.

That I have to eavesdrop on the telephone.

FRENCH DEMAND—The Anglo-French viewpoint, so Dulles says, is that the United States now is undergoing the birth pangs of a world power with worldwide commitments.

In their talks with Dulles, although they cannot make the same admission for home consumption, the British and the French insist that the U. S. must bear the main burden of this responsibility, financially and militarily.

Secretary Dulles tried to soften and cushion this view of Mrs. Roberts' popularity, especially with the growing number of gas reporters in Washington, the lovely Texas will soon become "Missus Secretary," with more people dependent on her bounty than the children of Eve.

NEW CABINET POST EMINENT—Mrs. Orelia Culp Hobbs, the Houston publisher heading the federal security administration, has every right to ask that her agency be given cabinet status. It is understood that President Eisenhower approves the elevation, and congressional action is assured.

Mr. Hoover favored the move. He discussed it several times with house-senate leaders. But Truman's federal security administration, Orelia Hobbs, had become so unpopular on Capitol Hill that she was forced to resign. Her move was a legislative move. Xing had become known as the apostle of socialized medicine, rightly or wrongly.

In view of Mrs. Roberts' popularity, especially with the growing number of gas reporters in Washington, the lovely Texas will soon become "Missus Secretary," with more people dependent on her bounty than the children of Eve.

FRANCE, IN MAKING THIS DEMAND, is thinking of the Germans, not the Russians. Moscow is a thousand miles more distant from Paris than Berlin.

VIEW OF OTHERS

CLOSE THE GRAB BAG

Sen. Clinton P. Anderson, Democrat of New Mexico is once again inclined to pass a law that would protect vast areas of public wealth from private exploitation and which would also assist federal agencies in managing efficiently the public land.

The U. S. forest service has assembled a mass of incontrovertible evidence bearing upon the need for amending present laws. As a result of a survey of surface right on public domain, Senator Anderson says that as of Jan. 1, 1953, more than 84,000 mining claims in twelve western states are given claimants control over 1,800,000 board feet of timber. They cover 2,183,000 acres of national forest. And they represent a value at 1951 prices of \$103,227,000.

In this country the forest-land manager has never intended to have such effect on federal land. But under these laws claimants obtain surface as well as mineral rights. Then, following a "discovery," the claims can be patented by doing nominal development work, by providing a survey and by paying a fee to the U. S.—the whole bill amounting to \$100.00. Anderson calls this a real temptation for "unscrupulous persons attempting to get title to government land and timber under the guise of the grab bag."

Whether or not claims are taken to patent or an attempt is made to convert public timber to private ownership, more extensive of this enormous patenting of claims ties up federal land management. Mr. Anderson's remedy is simple. He would not disturb existing arrangements resulting from present laws. But he would, for the future, have claimants pay as much of the surface of the land as covered by the location, and may be necessary to carry on prospecting would similarly require payment of title to timber and tighten up requirements for obtaining "patent."

Mr. Hoover commission long ago recognized the nonsense in the existing situation and proposed adjustments similar to those in Mr. Anderson's bill—Denver Post.

DETAILS THAT BUDENS OMITTED

By Kuppelnet, a columnist for the Chicago Sun-Times, has put a helpful light on Louis Budenz, who makes a specialty of being a professional witness in delinquent cases. In one of his recent appearances in this capacity, Budenz told the house committee investigating educational and philanthropic foundations, that Claude McKay had agreed to be a witness. He was one of some 35 communists who had received grants from foundations.

I named for Columnist Kuppelnet to add facts which Budenz could not be bothered:

1. That Claude McKay broke with the communist party in 1937.
2. That McKay told his experiences to the FBI before Budenz.
3. That McKay was converted to the Catholic faith before Budenz and that Bishop Sheil of Chicago spoke the eulogy at McKay's funeral.
4. That McKay became a target of communist vigilantes.
5. That McKay exposed communist activity among Negroes in New York and that for doing so he was clearly attacked by the Communist Daily Worker newspaper editor at that time was Louis Budenz—St. Louis Post-Dispatch.

An Ohio farmer says he has a chicken that perches on the horns of a cow every night. Sounds like a cock-and-bull story.

SLOT MACHINES OUTLAWED

The state legislature is to be congratulated for its action in outlawing slot machines in Idaho.

For years slot machines have been a controversial issue in Idaho, to the point that they have all but stalemated several sessions of the legislature.

Not only have they been responsible for organized racketeering in the state, but the fight involved over these devices has divided sections of Idaho against each other under the local option licensing law.

Another objectionable development has been the practice of extending narrow strips of land from the corporate limits of one community in which slot machines have been allowed, to another vicinity where they were not permitted.

These "strip" or "island" villages, set up only for the purpose of making slot machines and liquor legal, have made Idaho look ridiculous. The latest demonstration of that kind was right here in Magic Valley, when the town of Canford extended its limits to the outskirts of Buhl, an action which resulted in considerable protest.

Now, since the legislature has outlawed slot machines, it is to be hoped that Idaho will be through with these one-armed bandits for all time. There is every reason to believe that Governor Jordan will endorse the legislature's action, because it was one of his own recommendations at the beginning of the session.

Almost from the start, it appeared as if the present session of the legislature also would fall of any decisive action on this issue. And its decision to outlaw them altogether came as somewhat of a surprise, even to some of the legislators.

When we stop to realize that the slot machine issue has all but stymied entire sessions of previous legislatures, however, it is still to the outstanding credit of the current assembly that it took this final action, late as it came in the session.

In fact, it's the first time we have had any real showdown on slot machines. Legislatures in the past have been inclined to compromise, pass the buck, and everything else, until it became apparent that Idaho would be better off without the machines altogether.

It remained to beat down the slot machine lobby which Governor Jordan described as "vicious."

WENDELL, SHOSHONE CAPTURE SUB-DISTRICT CAGE TOURNEY

Pirates Lose Tilt, Play Glenns Ferry For Second Place

HAGERMAN, Feb. 20—Wendell's explosive basketball team broke loose from a near-stalemate in the final quarter to defeat Hagerman 41-31 and rack up the King Hill sub-district basketball championship here Thursday night. The victory placed Wendell in next week's class B district tournament.

Hagerman will play off with Glenns Ferry, winner of Fairfield 62-41 Friday night for second place and the other district berth.

Friday's game will start at 8 p.m. and is the lone tilt on the schedule.

Wendell and Hagerman were neck and neck through three periods with Wendell holding a 26-23 lead when the final eight minutes started.

At that point, Wendell moved ahead by four points and aggressive ball was forced to follow the lead.

In an attempt to get back into the game, the result saw Wendell's Max Albertson hit four foul tries in a row in the last three minutes to put the game on ice for the Pirates.

Wendell was led to the title by Max Peterson with 11 points, Albertson with seven, Glenns Ferry with eight each and Bob Byce with six.

Ted Leach kept Hagerman in the traces with 14 points while Dave Cripp and Len in 10 and Donnie Harstog five.

Glenns Ferry remained in the thick of the hunt by detouring a hustling Fairfield squad in Thursday's opener.

Wendell was closed for three periods but the final quarter saw the Pirates put on the steam and roll away to the win.

Charles Bloom was tops for the Pirates with a 20-point scoring bling while Dick Beach scored 15 points.

Dean Jewett scored 13 points for Fairfield and Krahn 10.

Wendell	41	31
Hagerman	31	41

Seattle Will Meet ISC in Tournery Play

SEATTLE, Wash., Feb. 20 (U.S.)—Seattle University Thursday accepted a bid to play in the NCAA western regional basketball tournament.

The Chieftains will meet Idaho State college, Rocky Mountain College, and Oregon State in a selected site, probably Portland, or Seattle, or Corvallis, Ore., March 13.

Seattle, in accepting the NCAA bid, turned down an offer from the National Invitation tournament in New York. The Chieftains, led by Coach E. J. Brennan, were invited Wednesday night to participate in the NIT.

The Chieftains record is 20 victories and three defeats. They are taking the NCAA bid over the NIT, announced "we are carrying out the bid of the Chieftains. We also want to thank the NIT for considering us for this fine tournament."

Athletic director Bill Penland and Coach Brennan of Seattle State club said "the boys want more than ever to get the chance to play in the national tournament, assuming the Huskies win the coast championship."

Washington is the nation's third ranking team and the cross-country champion of the Chieftains. Fans in the northwest have been clamoring for a game between the two high-powered teams in the coming season.

Last year Seattle participated in the NIT and lost to Holy Cross in the first round. Several members of the board of trustees had expressed some preference for a return to the NIT but Coach Brennan said "we required less time away from campus for the players and was more lucrative financially. In addition, the NIT entered last year's NIT when the NCAA ignored the Chieftains."

Officers Elected

RICHFIELD, Feb. 20—New officers were elected by the Richfield Basketball Association at a meeting held at the IOOF hall, Ed Schuler was chosen chairman, Leslie Bushby, secretary, and Louis Magallon, treasurer.

L. J. Sanders and Carl Piper were named team captains for a membership drive. Claude Matthews, conservation officer, spoke on game birds.

Anglers Fined

WENDELL, Feb. 20—Virgil Bateman, Jerome, and Charles Hackworth, Twin Falls, recently appeared before Justice of the Peace R. D. Feigenbaum and pleaded guilty to charges of fishing for trout during closed season. Each was fined \$25 and cost.

The violation occurred on Sand Springs creek. The case was signed by Conservation Officer A. F. Brown.

Outlaw Games

SETON HALL, Feb. 20—A big point maker, that is, a game, was played by Seton Hall and Holy Cross. The game was a 16-15 and had the second most accurate shooting in the history of the game, converting 73.9 per cent of free throws, to 73.0 for George Washington.

Stage Set for Hoop Battle

RIMBERLY, Feb. 20—The stage was set for a championship battle Friday night between Kimberley and Castletford in the Southside sub-district basketball tournament.

Castletford earned the title shot Thursday by building up a huge lead in the first quarter. Kimberley's storm to take 44-43 victory, Friday night's winner will go into the district meet as number one team although Kimberley won the two games which actually be tied. Game time is 8 p.m.

Max McCoy was the star for Castletford Thursday night as he whipped in 20 points and played a great floor game in addition.

Best for Murrtaugh again was big center Bob Will who also scored 20 points and played a great game on both boards.

Murrtaugh looked tired in the early stages Thursday as if he were covering from Wednesday's hard game with Valley Castletford to a 26-19 lead at halftime and was in front 37-30 at the three-quarter mark.

Then Murrtaugh started to catch fire and played almost the entire game was one all point. But Castletford held on and that point was enough to move center Jim Wallace and his Wolves into the finals and into the district meet.

Heyburn Stays Unbeaten; Trojans Defeat Paul in Mini-Cassia Play

BURLEY, Feb. 20—Heyburn high school was the only undefeated team left in the Mini-Cassia sub-district basketball tournament after Thursday night's action here. Heyburn stopped Declo 42-42 and Raft River defeated Paul 55-43 in Thursday night's games. Friday the meet moves to Rupert where Heyburn can clinch the crown with a win over Paul. Raft River and Declo tangle in Friday night's other tilt.

Heyburn's win over Declo was its second of the meet but it didn't have to work as hard for the win as Raft River did. Heyburn's star Thursday was all over the floor and turned in 20 points in addition.

While Morgan was stealing the show from the field and in ball rustling he had plenty of help from Raft River's star player, Elmer McClellan, six points; M. Baird, nine points, and Cofer, seven.

Declo was led by center Dick Lewis who scored 23 points during the game.

Raft River bounced back from its heartbreaking loss to Heyburn and walked away from Paul. Earl Galloway scored 12 points but injured himself in the closing minutes for the Trojans. Ray Harper was high man with 17 points and Sam Thompson scored 15.

Larry Louali scored 13 points to lead Paul and Wayne Schorland scored eight points for second high.

Indians Blanket Coates, Hailey; Carey Gets Win

RICHFIELD, Feb. 20—The Shoshone Indians threw a blanket around Hailey's high-scoring Ken Coates and went on to defeat the Wolverines 41-31 to win the Northside sub-district basketball tournament here Thursday night and qualify for the district meet at Hagerman.

Hailey still has a chance to make the district meet but must play Carey Friday. Thursday Carey defeated Bellevue 40-23 to earn the right for the playoff game.

Friday's game will match the two teams that met in the opener. Game time is 8 p.m.

Shoshone's Dale Williams was given the task of guarding Coates, high scorer in the meet prior to the game, and Williams held him to nine points. Shoshone also dominated both boards and that helped turn the tide.

Guard Ted Burgess led Shoshone in the scoring with 10 points while Elwin Webb scored nine and Dick Payton seven.

Tops for Hailey, in spite of Will's defensive work was Coates. Dick Foster scored seven points for the Wolverines.

Belleme and Carey tangled in a thriller in their game with the two teams tied at 24-24 going into the final eight minutes. Then Carey's fast break paid big dividends sending the Panthers home in front and keeping their district chances alive.

Ray Kirkland scored 10 points to lead Carey while Grant Pryah added nine and Shirley Key eight.

Charles Guisano scored 14 points for Bellevue and David Peterson 10. Carey's top scorer was Grant Pryah with 11 points.

Friday night's match will start at 8 p.m. at the Evergreen store.

Freis Wins; Loses in 'A' Billiards

Play in the Evergreen billiards tournament resumed Wednesday and Thursday with Ray Freis winning and losing in the class A division.

Wednesday Freis spotted Charlie Looney 16 points and won 70 to 45 in 38 minutes, eliminating Looney. Thursday Frank Green spotted Freis 110 points and won 194 to 184 in 27 minutes to drop Freis from the meet.

Friday night will find Green meeting Floyd Myland. The two men are the only contestants left in the A division.

Thursday saw Green setting a new high run for this year's meet as he ran 77 against Freis.

It has not rained in February in Karolun, Sudan, for 40 years.

ST. LOUIS, Feb. 20 (U.P.)—Rice, the St. Louis Cardinals' team catcher, came to terms with owner Fred Schatz Thursday.

Dr. Ted Wendorf, North Hollywood, Calif., run the course in 1:31.1 to claim the best time in a field of 20 doctors.

California doctors dominated the meet.

SALT LAKE CITY, Feb. 20 (U.P.)—Final arrangements for a return match between Rex Layne and Edward Charles probably will be completed within the next day or two. Mary Jensen, Layne's manager, said Thursday.

"The fight probably will go to San Francisco," Jensen said.

"They've offered the best deal as far as we're concerned," Jensen said.

Other cities bidding for the fight are Ogden, where Layne set Charles in a disputed 10-round decision last August, and Cincinnati, home town of the former world heavyweight champion.

Jensen said he is insisting that the fight go only for 10 rounds and that television be banned for the San Francisco area. The fight will be either March 26 or April 1, he said.

JOINS BMU
DALLAS, Feb. 20 (U.S.)—Southern Methodist University Thursday elected Charles E. Woodard, dean of the school, to the board of trustees. Woodard is a former football player in Kansas to pull its football fortunes from strifed depths.

State Praises Wendell High School Status

WENDELL, Feb. 20.—The state board of education in a recent report on the high school, praised the new building program now under way here.

In pointing out how the Wendell high school stands in relation to other schools of the state, the report in the state, the most outstanding feature was the assessed valuation per pupil which is \$625.53 as against the state average of \$454. In Wendell equipment value per pupil is \$75.50 while the state average is \$48. The library has 172 books per pupil as against a state average of 105. The teachers turn over in Wendell is 30 per cent while the state average is 20 per cent.

Teachers' salaries average \$3,325 per school year in Wendell as compared to a state average of \$3,125. The average class size in Wendell is 21.2 pupils while the average is 22.1 in state. Debt of the high school is \$650 per pupil as against \$134 per pupil for the entire state. District tax levied in mills is 29.5 as compared to a state average of 27.

In commenting on the above mill levy Supt. Alvin J. Rutter said there is a chance of the state's doing more out equipment. Pupil cost per month is \$23.26 as compared to \$20 for the state.

Sings Here

JANET BOONE... member of a choral group from the Gem State academy, Caldwell, which will be featured at a series of programs and services at the Seventh-day Adventist church of Twin Falls. Filer and Buhl Miss Boone is the daughter of Mr. and Mrs. Albert Boone, Twin Falls. (Staff engraving)

Choral Group Of Adventists To Sing Here

The Seventh-day Adventist church will feature a choral group from the Gem State academy at Caldwell in a series of programs beginning today.

The academy's "Gem Singers," a group of five girls, including Janet Boone, Twin Falls, will present a program at 7:30 p. m. today in the Bible auditorium, announced Leon M. Conforth, associate pastor of the Twin Falls Seventh-day Adventist church.

Joined by several other young people of the church, the members of the Caldwell troupe will be featured in special services at 11 a. m. Saturday at each of the three churches in the district—Twin Falls, Buhl and Filer.

The Missionary Volunteers, young people's organization of the church, will hold a district meeting at 3 p. m. Saturday in the Bible auditorium.

Members of the academy troupe again will be featured at a potluck dinner meeting at 7 p. m. Saturday at the Magio Valley Junior academy.

This event will be sponsored by the local academy's Home and School organization of parents.

The singers will conclude their visit to Magio Valley with a program at 9:00 a. m. Sunday over radio station KJLX.

The group also includes Antionette and Claudette Jones, Maureen Bultenburg and Donna Hamilton. They are directed by Walter Wheeler, academy instructor.

Other participants in the several

Ship Firm Ad Stirs Rumors On A-Carrier

WASHINGTON, Feb. 20 (AP)—An advertisement by the Newport News, Va., Shipbuilding company for "military engineers" sparked speculation today that plans are under way for an atom-powered aircraft carrier.

Government and atomic officials refused comment but referred questioners to a recent atomic energy commission report.

The report noted that the Westinghouse Electric corporation was working on a "nuclear power plant suitable for the propulsion of large naval surface vessels such as aircraft carriers."

The shipbuilding company advertised in the New York Times for "engineers, designers, draftsmen." It said they would be engaged in "design and development of warship nuclear propulsion plant and other diversified work."

"Unusual opportunities to participate in history-making events," the advertisement said.

The atomic energy commission said in its report that the work being done by the Newport News company on "design and development of warship nuclear propulsion plant and other diversified work."

The USS Nautilus, the first of two atomic submarines, is expected to put to sea sometime next year.

First Attraction

Camilla Wicks, concert violinist still in her 20s, will be the first attraction in the series of programs being presented this year by the Gooding Community Concert association. She will appear at the Schubert theater, at 8 p. m. Wednesday. She has made four tours of Europe and has played with orchestras all over the world. She was 13 when she made her debut in the New York Town hall in 1942.

Ungrateful Lewiston Burglar Robs Cafe That Gave Him Aid

LEWISTON, Feb. 20 (AP)—The story of an ungrateful burglar who robbed a cafe that had given him a job, was reported here by Police Chief Robert O. Flood.

Tuesday a man begged a free meal in a Lewiston restaurant, he said. A waitress, Mrs. Marge Angove, dug into her own pocket for 75 cents to buy him a plate of stew. She refused two packs of cigarettes he requested, but did borrow one from the cook to give him.

The man talked the second waitress into buying him a slice of pie. But he left grumbling because he was refused the cigarettes.

That night police found the restaurant still had been rifled of \$22 in nickels and dimes and the box robbed of 30 pounds of raw beef.

The next day they arrested Herbert H. Jacks, 29, in the "jungles" along the river in Lewiston. He had \$23 in nickels and dimes in his possession and an 18-pound piece of beef. The waitress identified him as the man they had arrested.

He was charged with first degree burglary.

Funeral Held for James Southern

HAILEY, Feb. 20.—Funeral services were held for James Southern at 2 p. m. Tuesday at the McGoldrick funeral home, LDS Bishop A. J. Schow and Verne Shaffer and William Buhler, counselors, were in charge of the services. Members of the LDS mixed chorus sang several numbers.

Burial services were held at 10 a. m. Monday at the McGoldrick funeral home, LDS Bishop A. J. Schow and Verne Shaffer and William Buhler, counselors, were in charge of the services. Members of the LDS mixed chorus sang several numbers.

Burial services were held at 10 a. m. Monday at the McGoldrick funeral home, LDS Bishop A. J. Schow and Verne Shaffer and William Buhler, counselors, were in charge of the services. Members of the LDS mixed chorus sang several numbers.

Army Admits GIs Killed in Bomb Mishap

SEOUL, Korea, Feb. 20 (AP)—The eighth army admitted today that three American soldiers were killed and five others were wounded Feb. 2 when—several planes, presumably allied, dropped bombs on U. S. troops behind the front.

In a brief statement, the eighth army said the planes dropped six bombs of "unknown size" on the Americans.

An investigation is under way, the eighth army said.

In Rockford, Ill., a soldier's letter from Korea said three men were killed and five were wounded Feb. 2 in a mistake bombing behind the lines in the vicinity of "T-bone hill."

Vivian Ratkake, Rockford, said a letter from a Detroit soldier, Richard Tamm, reported that Pfc. Fred H. Johnson, 21, Rockford, was one of the men killed in the explosion. It was the second accidental bombing this year of U. S. positions by allied planes. The first incident occurred Jan. 8 when marine planes killed 14 Americans at an artillery battalion service battery nine miles behind the front.

Marine corps officers said today that incident is still under investigation. They declined any further comment.

Pomona Grangers Present Program

MORTGAGE, Feb. 20.—The Mortgauge Grange Monday night at the high school with 36 members and 36 Pomona Grange members from Filer, Twin Falls and Kimberly present.

The Pomona Grange put on a program with Lecturer Doris Eilvers in charge. The program consisted of two violin solos, one reading, a Grange song, a talk by Florence Scholz, Twin Falls County home demonstration agent, and a talk by Wern Dagit, Twin Falls county agent. Sitter were shown on 4-8 and county extension work.

Banquet Served

VIEW, Feb. 20.—The quorum of seventy was in charge of a banquet Saturday at the View Grange church. Sylvan Berg was master of ceremonies.

On the program were Harlan Richens, Mrs. Barbara Graham, and Hal Mathews, with song. Following the banquet the sweetheart ball was held in the sink tabernacle.

Session Slated by Church in Hansen

HANSEN, Feb. 20.—The Hansen community Methodist church will conduct the final session in its "African School of Missions" series Sunday-noon.

Refreshments will be served between 7:30 p. m. and 8 p. m. by Mr. and Mrs. Franklin Muller, Mr. and Mrs. J. L. Barnes, Mr. and Mrs. Burton Hill, Mr. and Mrs. L. W. Moore and Mr. and Mrs. Ted Vaux.

Classes convene at 8 p. m. with Mrs. Clarence Hollifield and Mrs. Truman Rathbun teaching the children's division, Mrs. Fern Prior teaching the young people's class, and Virginia Head will review a book for the adult group.

All groups will meet together at 8:45 p. m. when a film will be shown.

Plans Made To Farmer Union

DIETRICH, Feb. 20.—Virgil Helgeson, president of the Dietrich Farmer union, reported to the membership Monday night on two resolutions adopted at the recent insurance convention in Jerome—one resolution favoring the Hells canyon dam, the other opposing any changes in Idaho's highway laws.

A. H. Fries reported on cooperative marketing activities in southeastern Idaho and legislative proposals.

The group met at the home of Gerald Fries. Mrs. Fries served a lunch.

The next meeting will feature the presentation of colored slides and discussion of the Grand Coulee dam and the cotton industry of the south. The meeting will be held March 10 at the home of A. H. Johnston.

Delegates Attend '53 Press Meeting

Six delegates from Twin Falls high school are attending the 1953 all-coast press clinic at the University of Washington in Seattle.

Mrs. Zubin Balch accompanied the group which includes three juniors and three seniors from the school.

Highlights of the convention were to be luncheon Friday and Saturday, and a banquet and dance Sunday.

At the banquet, Henry McLenore will be featured speaker at the banquet. Stan Borson, television comedian, and Mercedes, radio and television soprano, will provide entertainment.

The delegates will attend sessions on assignments and guides to writing for a school paper.

Egg Producers Meet Scheduled

CALDWELL, Feb. 20 (AP)—The Idaho Egg Producers association will hold its annual meeting here Monday with a poultry management conference scheduled for the morning and business session in the afternoon.

Terms of two directors—Archie M. Larson, Waterbury, and William Allison, Caldwell—expire at the meeting.

The association operates branch stations at Caldwell, Twin Falls, Boise, Payette and Pocatello.

Services Held for Hailey Resident

HAILEY, Feb. 20.—Funeral services were held for Walter Wade at 3 p. m. Wednesday at the McGoldrick funeral home. The Rev. Clyde Wilson officiated.

Mrs. Willie McKeen and Mrs. Ed Harper sang two duets. Pallbearers were George Todd, George Oulter, William Amos, E. O. Foster, Arthur Berry, and Fred Johnson. Interment was made in the Hailey cemetery.

Elmore Man Bids Low on Base Job

WALLA WALLA, Feb. 20 (AP)—Newell J. Olsen, Mountain Home, Ida., has submitted an apparently low bid of \$223,000 for construction of a base operations building and tower at Mountain Home air force base.

The army corps of engineers said his bid is \$3,000 lower with alternate specifications.

Speakers Listed

VIEW, Feb. 20.—Speakers Sunday evening at the LDS church were James Miller and Grant Gerard, Burley, and Weldon Moffett and Jack Taylor, Harlan Richens sang.

Talk About POTATOES!

You get a quick mental picture when someone mentions a bushel of potatoes. It's within your experience, and it's easy to visualize. So is \$2, or \$3, or \$50. But when someone talks about twenty-nine and one-half million dollars, most folks shrug their shoulders. That's just too much money to comprehend.

How long is 780 miles? When the engine reaches Cheyenne, Wyoming, the coabse would be in Boise! Imagine, if you can, a train—so long it would reach from Boise, Idaho to Cheyenne, Wyoming... filled with potatoes.

But that's how much money the Union Pacific Railroad pays out in taxes and payroll each year in Idaho alone — \$29,500,000!

And we have to haul a lot of potatoes to earn twenty-nine and one-half million dollars! Just to show you how many potatoes, visualize this:

It would take all the money we would receive for hauling a train 780 miles long from Idaho to the Missouri River to pay our annual Idaho tax bill and payroll of \$29,500,000.

Actually, our average loadings of potatoes in Idaho is about 35,000 cars per year, so we would have to haul all the potatoes the growers in Idaho could deliver to us for three years to pay just one year's payroll and taxes!

But there is considerable satisfaction in knowing that, in many instances, it has been due to the taxes paid by the railroad that certain civic improvements have been made possible: A new schoolhouse, firehouse, hospital—or any number of things—where the "U.P." has borne a big share of the cost through its taxes. Otherwise there would have been an additional burden on local taxpayers.

Remember — When you ship or travel by Union Pacific you help your community grow and prosper.

Be Specific . . . say "UNION PACIFIC"
