

## Legion Plans Renovation of T. F. Housing

Plans of plans for remodeling the Legion street north apartment building highlighted the regular bi-monthly meeting of the Twin Falls American Legion post No. 7 Tuesday.

Arnold Heilweil, Legion housing committee chairman, reported renovations in the Legionnaires' apartments have been completed and there are no more necessary funds for complete renovation.

The building committee was instructed to investigate the present procedure of award at the next monthly meeting.

Thomas Stivers, building committee, reported remodeling of Legion hall kitchen and dining room will be completed by June 1. He said the improved facilities will greatly improve meal serving facilities.

Stivers suggested that the Twin Falls Legionnaires' annual picnic in the citizens being naturalized in Twin Falls county. He said there is no appropriate ceremony for those granted citizenship and the Legion will appoint a committee to investigate the matter.

Ted Davis read a letter from the national commander urging Legion posts to increase their membership. Legion commander L. James Koutnik reported membership of the Twin Falls post is now over 300. Names of prospective members were distributed to be collected concerning membership.

Plans were discussed for adopting the national Legion program of providing a \$100 and \$150 scholarship to dependents of military personnel to be sent overseas to military personnel. Fred Mallie is in charge of the project.

## Early Pioneer Resident Dies

HAILEY, April 18.—Mrs. Justice, 94, widow of Justice Mr. Justice, died Tuesday morning at a Boise hospital. She had been taken to the hospital last Friday.

Mrs. Justice was born Jan. 12, 1866, in Missouri. At 21 she moved to Idaho with her parents and a few years later was married to U. S. Justice.

For several years they operated a hotel at the former Idaho town of Cordinian. In 1900 they moved to a ranch south of Hailey. Mr. Justice, a freighter, died in 1924. Mrs. Justice has three children, Mrs. Irene, Mrs. Hailey and Boise. She is survived by two daughters, Mrs. Ada Bushnell, Hailey, and Ethel Justice, Boise. Two sons preceded her in death.

Services will be held at 2 p.m. Saturday at the First Baptist church. Interment will be made in the Hailey cemetery plot under direction of the McComb family.

Mrs. Justice was a member of the Baptist Community church here. Funeral services will be held at 1 p.m. Saturday at the First Baptist church. Interment will be made in the Hailey cemetery plot under direction of the McComb family.

Trial Continues For Civil Action

Most of Wednesday morning was spent separating and reviewing numerous exhibits as the circuit court of justice in the state's capital, St. Paul, continued its trial of the Stoltzberg company.

Against G. W. Stoltzberg, Kimberly, continued in district court. Stoltzberg testified Wednesday morning after the plaintiff's opening statement.

Twisting Tuesday afternoon were T. L. Nyd, J. D. Welch Jr., Oscar Welch and Lawrence M. Johnson, all of Twin Falls, and John Johnson, who witnesses stood Monday.

The company claims Stoltzberg's

own \$100,000, Stoltzberg, in a counter action, claims the company owes him money.

Now 13 days without a traffic death in our Magic Valley.

## Slippery Area Roads Blamed For Accidents

Slick streets and highways were blamed for a number of minor traffic accidents in the city police department office Tuesday.

A 1965 Chevrolet driven by Walter Peay, route 3-Twin Falls, and a 1961 Oldsmobile driven by Howard S. King, 511 Addison, were involved in a collision at Ninth Avenue and Second street east Tuesday afternoon.

A 1967 Buick driven by George O'Dell, Jr., both drivers were driving west at the Twin Falls rotary service units office Monday.

W. H. Noble, route 2-Twin Falls, told police his car skidded while he was parking in the 200 block of West Main street, ran into the rear of him and hit the car directly in front of him, damaging the left rear of the vehicle.

The rear of a 1950 Ford station wagon driven by W. E. Lehman, Postcutter, was damaged Tuesday morning in a collision in the 1200 block of Kimberly road. A 1948 Ford-driven by Jim Clegg, 1000 N. Main, was involved in a head-on collision with a station wagon as it was turning off the road. Dealer was unable to stop because of the slick roadway.

Robert F. Hurley, 28, 430 Washington street, was the driver of a 1967 Pontiac driven by Mrs. Helen Clegg, 1000 N. Main, Tuesday night.

He hit a power pole, the sheriff reported.

Persistent South Korean infantrymen who twice won and lost a central front outpost to Chinese rebels last night, fought Chinese rebels off the hill today in the second of two counter-attacks.

## TUCKER'S NATIONAL WHIRLIGIG

**WASHINGTON** — Senator McCarthy's interference in diplomatic negotiations with Greek ship owners allegedly carrying goods to Russia has brought him into another attack with the Republican leadership of the Senate, his own colleagues now resent his tactics.

This backstage row explains why President Eisenhower has so slow

to move against the Wisconsin firebrand over his invasion of the executive jurisdiction. The White House has been informed that, as in the Bohlen case, the Senate itself will be the victim of McCarthy's extracurricular performances.

When he was attacking government subversives, he was invulnerable because critics might accuse themselves to countercharges that they were communists sympathetic to him or had lowered his guard in his recent performances.

**DO THEY WANT PEACE?** — The test of Communist sincerity in the current Chinese bid for a Korean truce will come when real negotiations begin. All one can say now is that the tone and content of Premier Chou En-lai's offer suggest the Reds mean it this time.

If this is so, then why do they want a truce? Clearly we of the west have not driven them to it. We do not have the communists on the run in Korea or any active major battle front.

The reasons for the truce move must therefore lie elsewhere.

**They could lie in Peking.** — The Korean war is a drain on China (and Russia) no less than upon America and its allies. Mao may want out.

He also may have some fear of new offensive, either by U. N. forces in Korea or, later on, by Chiang Kai-shek's armies from Formosa against the Chinese mainland.

Or, the reasons perhaps lie in Moscow. Some astute analysts of Russia think this likely. Malenkov and his ruling team are weaker than Stalin both at home and among the satellites. They need to consolidate their power.

Malenkov and his associates have not established themselves in their realm. But they plainly are trying to do so. Their peace maneuver is one big part of that effort.

But they know the west no longer puts stock in Russian words. So they may have offered the Korean truce through the Chinese, as concrete proof of peaceful intent.

From the Soviet view, this may not be so much as it first appears. The Russians would largely end their own on their own military stocks, which they may well be of. But they could enjoy the fact that there would be no similar lifting of full burdens either from the west or the Chinese and North Korea.

For what is now proposed is a truce, a cease fire, not a peace. Peace calls for other, larger negotiations, about boundaries and Korean forces, and the like.

These could drag out endlessly. During long-drawn-out peace talks, both U. N. and enemy forces would have to maintain stout defenses at the true line.

From this Russia would be the gainer. The west is its avowed enemy. Mao is officially a friend, but is not trusted far. Moscow would probably be glad to have him preoccupied indefinitely.

And the Kremlin would of course take credit for having acted for peace, hoping thus to consolidate the new regime's position.

We cannot turn down an earned truce simply because accepting it may help Malenkov and company to tighten fist-rip. The ending of bloodshed is vital to us.

But we need to appreciate that this truce, like other Russian-gestures, is no proof of basic change in communist attitude. Malenkov is a Bolshevik; a Stalinist committed to world conquest.

To the Kremlin, peace is a tactic in war. It is not a goal sought for itself so long as a non-communist enemy exists on earth.

We cannot blind ourselves to these hard fundamentals even as we listen eagerly to this compelling talk of truce.

### HELLS CANYON HOT ISSUE

The Eisenhower administration is asking for more time in determining exactly what its public power policy will be. The issue was to come to a showdown in federal power commission hearings on the controversial Hells Canyon dam case on April 13.

It involves an Idaho Power company application for a license to build one of a series of small dams on the Snake River. The U. S. bureau of reclamation has proposed to build one big multipurpose dam at Hells Canyon.

The last Congress held hearings on the project, but did not authorize it. Because the issue is so hot, Interior Secretary Douglas McKay has asked extension of the power commission hearings till May 13.

By so doing, the Eisenhower administration has a chance to have the case decided by a revamped FPC which will be Republican controlled. The present commission is made up of three Democrats, two Republicans and one Independent. Of the Democrats, Acting-Chairman Thomas Buchanan has a recess appointment and the term of Harrington Wimberly expires June 30.

Being realists, neither Buchanan nor Wimberly expects to stay on the commission. If they are replaced by Republicans, make-up of FPC would be three Republicans, one Democrat and one Independent.

### KREMLIN HEADACHE CURE

A couple of doctors reporting in a medical journal say that on the basis of clinical experience with 500 patients they have found "neck-stretching" a highly successful treatment for chronic headaches.

Since the Russian communists have made something of a specialty of stretching-necks in the past 30 years, they evidently have cured a lot of headaches as a matter of fact, when a Kremlin operative gets through stretching a neck, nothing at all aches.

Wouldn't you like to have the home-concession in the Soviet Union?

## POT SHOTS

### THIS IS HIGH TREASON!

**POT SHOTS:** — We have a traitor within our midst! My daughter lives in Wisconsin and she is about a woman — Mrs. John Pauls — apparently a communist. Didn't you say that the radio program was from Janesville, or not? I am sure there were more than three months in any year when I had to dry clothes outside (in Idaho) during those three months of the year. Did you ever hear of anything so silly and unkind? I have lived in Southern California for 20 years and I have never heard of such a person before.

**NATIONAL REPRESENTATIVE:** — What's the difference between a communist and a non-communist? He has lowered his guard in his recent performances.

When he was attacking government subversives, he was invulnerable because critics might assume that he had lowered his guard in his recent performances.

**MILLIKIN FURIOUS:** — Whereas the Bohlen brawl led Senator Taft to line up against McCarthy, the Greek affair has embroiled the normally mild and redoubtable GOP leader, Eugene D. Millikin, Colorado, senate finance committee chairman. Normally mild and taciturn, Millikin is furious over recent unparliamentary behavior.

He also maintains that McCarthy's secret one-man crusade orderly processes of government at the legislative and executive ends of Pennsylvania avenue.

In his opinion, they smash too violently — of the methods of the Spanish Inquisition. They permit individualized trials, which are largely designed to discredit private citizens without a full inquiry and prior sanction for disclosure by responsible Senate agencies.

**TO END ONE-MAN ATTACKS:** — In short, the GOP leadership seeks to end the system under which a single member may have the entire prestige to brow-beat the rest of the Senate, and condemn fellow-Americans without a hearing.

They insist that they do not intend to club pro-

tection of executive policies, a popular Senate concern under Truman. They deny that they aimed to protect the non-Republican members of the Senate.

Millikin claims that there is sufficient legislation made for orderly and responsible discharge of investigative duty.

**NEAR PRECEDENTS:** — McCarthy's secret one-man crusade orderly processes of government at the legislative and executive ends of Pennsylvania avenue.

In his opinion, they smash too violently — of the methods of the Spanish Inquisition. They permit individualized trials, which are largely designed to discredit private citizens without a full inquiry and prior sanction for disclosure by responsible Senate agencies.

**THANKS-IN ORDER:** — Dear Sir: — I was snoozing peacefully on our way back to Twin Falls after a pleasant vacation when my truck was suddenly jammed on my car brakes for all he could. To my horror all I could see was the bridge east of Mountain View and the headlights of a semi truck heading straight toward me.

Yet, it was close but I would like to thank the truck driver who with split second timing, checked the crash and stopped just in time to prevent hitting us head-on.

Does the law about passing on bridges and over double lines exclude Mr. Crackpot? I think you should thank the truck driver for making you hit your brakes.

So the commies are really offering to give up nothing.

But again the wishful thinkers grab at peace propaganda as though it were the real answer. In Washington there is a great cheer among politicians who see the opportunity to cut the military budget, cut taxes, bring the budget in a hurry and so win the 1954 election.

Again Rhee warns that this may be another trick. Again he declares that an agreement is agreeable to him, but that does not mean that Chinese communists out of Korea, disarm the North Koreans and reunify the country under his government, of course.

As far as the Korean situation is concerned, the realization of the situation — Conclusion of a cease-fire is a necessary first step. But it will settle nothing permanently, by itself.

This was emphasized by Dr. J. E. White

to Washington of French Premier

that isn't a fine example of

intelligent statesmanship.

**FINE EXAMPLE:** — Along about this time of year some folks are starting to think and talk vacations, bazaars or no blizzards.

Although most senators in modern times have gone to some extremes in their conduct of foreign affairs, there have been near precedents. Many difficulties — with South American republics from denunciation of their commercial practices — coffee, oil, tin, etc., by individual members, who had no authority to do so, but who relied on their relations in the national state to obtain quiet.

Foreign powers regarded the late William Edgar Borah as their secretary of state, due to his prestige and profound pronouncements on foreign relations.

— "What we are doing," explained one representative, "is to restrain our neighbors from harassing our citizens from getting out and ruining citizens. The notion that one man's judgment may be infallible as to what is wrong and what is not is the key to the door of every room of insanity."

Borah didn't hit her even once!

Isn't that a fine example of

intelligent statesmanship?

**FAMOUS LAST LINE:** — ... But it was such a bargain I couldn't pass it up!

## WASHINGTON COLUMN

### PETER EDSON

**WASHINGTON (O.R.)** — Senator McCarthy's interference in diplomatic negotiations with Greek ship owners allegedly carrying goods to Russia has brought him into another attack with the Republican leadership of the Senate, his own colleagues now resent his tactics.

This backstage row explains why President Eisenhower has so slow

to move against the Wisconsin firebrand over his invasion of the executive jurisdiction.

The White House has been informed that, as in the Bohlen case, the Senate itself will be the victim of McCarthy's extracurricular performances.

When he was attacking government

subversives, he was invulnerable because critics might accuse themselves to countercharges that they were communists sympathetic to him or had lowered his guard in his recent performances.

**Rene Mayer:** — The communists

should be fixed. In this second conference all the troubles of the far east may properly be placed on the agenda.

It includes such riddles as the future of Chiang Kai-shek's government on Formosa or the possible admission of the Chinese communists to the United Nations.

These questions could drag on for another two years, or longer.

But until this second conference is successfully concluded, any continuation of the U. S. defense effort

of any kind will be a waste of time.

## Drive to Hike Sales of Beef Set by Stores

DENVER, April 8 (UPI)—The National Association of Food Chains announced Tuesday a special advertising effort will be made to increase the sale of beef.

Roger Corbett, the association's agricultural counsel, outlined the plan in a speech at the first annual meeting of the group's executive committee. He said beef would receive special emphasis in the farmer-retailer marketing program the association is operating with the week-end.

### Continuing Program

He said the promotion by companies operating more than 8,000 chain food stores was a continuation of a program already underway to move increased beef supply plus more efficient distribution.

Corbett said figures reported by the chain stores showed an average increase of 6% per cent in beef tonnage during the first two months of March.

Similar figures show Corbett said, that consumers "can and will eat their way pleasantly and healthfully to market stability in the cattle and beef market."

New standards for the farm-to-retail marketing program which is the basis for the beef promotion were developed as a meeting of farm leaders and food retailers in Washington, key officials attended by the American Farm Bureau Federation, the National Council of Farm Cooperatives, the National Grange, the National Association of Food Chains, the National Agricultural Retailers Association.

Both chain and independent food stores are cooperating in the special sales effort on beef beginning the week after Easter.

## Budget Office Is Accused on Project Denial

WASHINGTON, April 8 (UPI)—The budget bureau has been accused as a "soft group" over western reclamation projects.

LaSalle Cole, Washington state member of the National Reclamation Association board of directors, said the bureau has been unable to set standards set up by the bureau last December will stop construction of many new projects.

The budget bureau's regulations were concocted with an estimate of costs for determining the feasibility of projects. One restriction which has aroused reclamation interests is a finding that project costs should be repaid within 80 years.

Gates said there are now 17 proposed projects that have been "piggy-backed" by the reclamation bureau. He said no reports have been made on these projects, and he wants them stopped since they under the new regulations.

"It would even have been impossible to have authorized Grand Coulee or the Bonneville Dam," he said, "had we had the standards of feasibility," Gates said.

Earlier, after a meeting with the house interior affairs committee, C. Petrus Petersen, president of the National Reclamation Association, told reporters that the bureau's reclamation will be "friendly" to reclamation development.

### Released

BURLEY, April 8—Nellie M. Tucker, daughter of Probate Judge and Mrs. Henry W. Tucker, has filed a suit for a \$100,000 contribution to the construction of the LDS church in France and Switzerland.

She expects to tour Italy, France and England before returning home on May 4.

## All Churches At Shoshone Observe Day

SHOSHONE, April 1—Easter services in Shoshone churches were conducted Sunday according to schedule except for the outdoor activities sponsored by the Methodist Youth Fellowship. A picnic was held at the church and the Easter egg hunt for Episcopal children. The morning services were transferred to the church and the hunt to the party house instead of the church grounds.

Although a cross made by Pete Borden for the sunrise services, and a loudspeaker system had been taken to Nampa, the Episcopalian church and Fred Hughes' MYF committee in charge changed meeting place Sunday morning because of the weather. The outdoor program was moved inside the church.

Taking part in the service were Marlie Bollinger, Sharon Martin, Janice Boulware, Stanley Hughey, Kohl and the Rev. Bert A. Powers.

The church sponsored an Easter egg hunt Saturday afternoon at the church under direction of Mrs. Charles Waller. Sunday school services were held.

At the First Baptist church a service was held Friday evening with the Rev. R. D. Walter, Jerome, Jerome furnishing the music.

The 11 a.m. services at the Baptist church were conducted by the Rev. Joseph McLeod.

Educational Services

Educational church Easter services were held at 11 a.m. Sunday morning under direction of the Sunday school. Mrs. B. A. Waldbott, Sunday school superintendent, was in charge.

The junior and senior Sunday schools at the LDS church were combined. The junior school met at the school hour at 10:30 a.m. for an Easter program. Douglas Hansen, assistant superintendent of the Sunday school, conducted the program.

John Thorne and Don Schneppel, presiding at the sacrament table with Gary Klesler, Ronald Terry, Howell Johnson and Kenneth Anderson, all members of the LDS church, assisted by Larry Barney. Prayers were given by F. N. Stowell and John Thorpe.

Religious services on the Easter theme were given at the 10 a.m. Sunday school services at the Assembly of God church with Charles Allen Shadell and Marilyn Meister presiding. An Easter high mass was held at 8 a.m. Sunday at St. Peter's Catholic church with the Rev. Father George P. Brenner as celebrant.

STUDENTS VISITING HAZELTON, April 8.—Hazleton students from Moscow for Easter vacation will be Wally Bern, son of Mr. and Mrs. Wally Bern; Jimmy Hardine, son of Mr. and Mrs. Lyman Hardine; Ruth Murphy, daughter of Mr. and Mrs. Karl Murphy; and David Thompson, son of Mr. and Mrs. Maxine Thompson.

## Forest Service Builds Sheep Pens

Heater Nelson, right, and Bill Aune, forest service employees at Hailey, stand beside the pens for sheep pens they built this winter for use in the Sawtooth national forest. The pens are erected in the

forest and are used by sheepmen using the forest for grazing purposes to separate the ewes from the lambs at shipping time. (Staff photo—Ensign)

### Pens Are Readied for Flocks Of Sheep Using Public Lands

HAILEY, April 8—Hunter Nelson and Bill Aune, employees of the Sawtooth National Forest Service, have completed 420 pens for four new sheep holding corrals to be used on the Sawtooth range. Two of the corrals will be used by the Gifford family and a third will be installed near Ketchum. The fourth will be used in the Sawtooth valley district on the headwaters of the Salmon river.

Corrals are now located at Horse creek, Silver creek and Beaver creek on the Big Wood river; Paradise creek on the Big Wood river; Gibbons creek on the Salmon river; and one in the Pale creek district on the Salmon river.

The pens are constructed of one by six inch rough pine and fir lumber. The pens are built at Hailey during the winter and taken to their locations in the late spring or early summer.

### Petition Is Filed For Will Probate

A petition for probate of the will of Mrs. Anna Logan Elkins, who died in Twin Falls April 22, 1947, was filed in probate court Tuesday by the Twins Falls Wash and Tru company, executor of the estate.

Surviving relatives include son, Mr. E. Elkins; Walnut Creek, Calif.; a brother, Raymond T. Loran, Twin Falls; and a friend, Carroll V. Frestor, Twin Falls.

The will is settled as personal property valued at \$2,500. Hearing on the petition has been set for 10 a.m. April 26. Benoit and Benoit represent the petitioner.

The building of the pens for separating the ewes from the lambs is part of the service given the sheep grazers sheep on forest service

land. Funds for building the corrals and obtaining fees paid by sheepmen for the grazing privileges. The pens are built at Hailey during the winter and taken to their locations in the late spring or early summer.

Two property owners along High-

way 50 have sold strips of land 40 feet wide to the state for highway right-of-way use, according to deeds filed in the county recorder's office Tuesday.

They are M. A. Strunk, who lives just east of Twin Falls on the south side of the highway, and Helen Gifford, widow of the late D. C. Mr. and Mrs. Charles J. McAleavy, Waushus, Wis., who own property on the north side of the highway about three miles east of the city.

### Care of Your Children

By ANGELO PATRI

Most children are, in course of time, sensible to discipline—but not to punishment. Punishment, even reward—all have no more effect on them than water off a duck's back. Most parents are often puzzled over how to handle their children when they can't be controlled. Here's what:

"I should worry," Tony said, when the teacher told him, "We're going to play hide-and-go-seek after dinner." He sat until the custom came around to lock up.

"I'm not going out of that door," Tony's mother got him to do. "I'm not going out of that door," he said. "I went out of the door," she said. "I went out of the door," he said again.

"I'm not going to do what you told me," Tony declared. He had—an intelligence quotient of 180, but that he needed to learn how to harness it. That left everybody—just about everyone—in the room to get his pipe. Tony was soon when they returned to the room. "I didn't go out of the door," he said. "I went out of the door," she said. "I went out of the door," he said again.

"I'm not going to do what you told me," Tony declared. He had—an intelligence quotient of 180, but that he needed to learn how to harness it. That left everybody—just about everyone—in the room to get his pipe.

The teacher was getting impatient. "Tony, you make me tired riddling with these things," he said. "Here is the first voluntary act in relation to school work that I have seen in a long time. Tony still paid no heed to discipline.

That night, when the teacher was attracted to another boy illustrating his co-operation with working drawings, Tony, like as usual, picked up a plotting sheet and pipe. "I'm not going to do what you told me," Tony declared.

Mother had to attend to putting her son to bed and father left the room to get his pipe. Tony was soon when they returned to the room. "I didn't go out of the door," he said. "I went out of the door," she said. "I went out of the door," he said again.

# Twin Falls Junior Shooters Host State Gallery Rifle championship on Week-End

In a traditional role, the junior division of the Twin Falls Rifle and Pistol Club will host the Idaho state junior gallery rifle championship on the range Saturday night and Sunday. The Twin Falls junior shooters, host five years ago to the first junior state rifle meet ever held in the nation, expects junior shooters from clubs at Nampa, Caldwell, Pocatello, Idaho Falls, Burley, Rupert, Gooding, Filer and Ririe to participate in the annual event, announced J. L. Leonard Titus, the local club's junior director.

Twin Falls has been host to the champions every year since their inauguration in 1948, Titus said. This will be a registered National Rifle Association tournament.

Prizes will begin at \$100 per unit and will continue all day Sunday.

Registration will open at 8:30 a.m. Saturday. Entries will be accepted until 9:30 a.m.

Any junior member of a club affiliated with NRA or junior high school member of NRA is eligible to compete. Juniors include shooters under 18 years of age.

Titus noted, "All entrants must have certificates from their instructors declaring the rank they hold in their respective clubs. Entrants must also have certificates for which they are qualified."

Six matches will be fired four in individual competition, in which the shooters will fire from each of the six positions—sitting, kneeling, standing and prone.

The trophy to the top boy shooter in the four火match will be invited to pair off and fire in "buddy" competition.

Team firing will make the final match in which each team member fires one shot from each of the standard positions.

A seventh match, comprising aggregate totals of the first four matches, will determine individual winners.

The trophy to the top boy shooter in the four火match will be awarded by Twin Falls American Legion Post No. 7, and the trophy to the top girl by the Showboat Girl Scout Troop.

The Times-News will furnish the team trophy.

Paid to two distinguished riflemen and undefeated in Magic Valley, the Idaho Revives High School Track Meets.

Ibarren Wins Mat Feature, Battle Royal

Gregorio Ibarren damped Mr. Sakata in the wrestling card at the Idaho Hoedown Tuesday night.

With the bout over, the Twin Falls club could prove an ungracious host in competition.

The two members holding coveted NRA distinguished rifleman awards are Joe Seaver and Richard Murphy.

**High School Track Meets**

**BOISE**

Idaho High School track meets have only a month's practice before the start of district track meet to qualify for regional.

The Idaho High School Inter-scholastic Activities association announced Tuesday that district track meets would be held May 8 and 9.

May 18 at Moscow, Pocatello and Gooding, while the state meet will be Boise May 21.

This is the first time in 15 years that regional track meets are being held in the state, Ibarren said.

The top three performers in each event in the district meets will qualify for the regional meets, while the winner and runner-up at the regionals qualify for the state.

Regional baseball tournaments will be held in the districts, with the top four teams in each district to compete in the state tournament.

**TRACK MEET SET**

NANPAPE, April 8 (AP)—Nanapepe will be represented at the fourth annual Northwest Nazarene college invitational track meet Saturday, April 13, at Lemmon Lee Field, Nampa.

The meet, Nampa's first, will be held at the school's new stadium.

The top three performers in each event in the district meets will qualify for the regional meets, while the winner and runner-up at the regionals qualify for the state.

**Spencer Seen Destined to Greatness As Shortstop With New York Giants**

**NEW YORK**, April 8 (AP)—You may put it down as nearly certain that the greatest rookie coming into the big leagues this year is Daryl Spencer, the 19-year-old young gun from the New York Giants from their Minneapolis farm club.

Having watched the boy with the long jawline—the day he reported to the big leagues—New York manager Leo Durocher will be forced to take a hard look over Spencer and his future. He is considered for such fielding genius as this rookie appears to possess can be utilized fully, only at shortstop. It cannot be denied that he is a natural at third base or anywhere else.

But it's really isn't. Spencer, or later, probably sooner—Manager Leo Durocher will be forced to take a hard look over Spencer and his future. He is considered for such fielding genius as this rookie appears to possess can be utilized fully, only at shortstop. It cannot be denied that he is a natural at third base or anywhere else.

**MINNEAPOLIS**, April 8 (AP)—After losing the lead late in the regular season, the Minneapolis Knights Tuesday night took back the lead in the North Central League with a 10-3 win over the Cedar Rapids Indians.

The Indians made the extra-inning mark.

The two won 1952 and 1953 consecutive pennants.

**Nevadan Freed of Smuggling Count**

NEWARK, N. J., April 8.—Mos Dally, part owner of the Desert Inn, Las Vegas, Nev., an alleged Cleveland and Detroit racketeer, was freed on charges that he financed an international plane smuggling plot during the Arab-Israel war.

U. S. District Judge Alfred E. McDowell dismissed the indictment against Dally, his attorney, Assistant U. S. Atty. Gen. Max Goldschmid said he could not support the charges.

Goldschmid said his wife, Merrill J. McCall, of the Savoy Plaza, New York, told their different stories concerning Dally and he did not think he would be able to prove any case against him.

## Positive Proof

HALLEY, April 8.—Each spring in Halley the first resident to see a robin reports it quickly to all his neighbors. This year Rev. Fredrick and Mrs. George W. Wright, Conservation Officer and Mrs. T. J. Mizra and Mrs. Helen Seymour, all living in the same block on North Main street, have reported the arrival of the bird to each other in a tree in Walkers' yard.

"The bird has a pure white head, back and wings with the exception of one light brown feather on each side. Its breast is a light brown spotted with white."

Those who doubted the bird to be a robin were convinced when she and her mate, a big, acrobatic-breasted fellow, began building a nest.

## Huge Pill Cuts Bomb Danger, Experts Avow

CHICAGO, April 8 (UPI)—A big fat pill, the size of a baseball, would save you from radiation sickness or death from an A-bomb, scientists said today.

"You'd have to take it though just before the bomb goes off,"

The scientist who looks like the best practical-so-far-to-guard against radiation, the new element A-bomb as compared with ordinary bombs.

Described by Experts

The pill was described by scientists speaking in a news conference or presenting reports to the Federation of American Societies for Experimental Pathology.

The pill would weigh almost two ounces, for a 150-pound person. It would be smaller for someone taller, still bigger for a fatty.

It would be made of cysteine, one of the amino acids which building blocks of protein such as muscle, fat, nerves and other tissues.

Given to animals an hour or two before they're exposed to lethal rays, cysteine saves most of them. It probably would do the same for humans.

Possible Damage Noted

Dr. Harvey M. Past, of the Atomic Energy Commission's Ar-

senal, said: "I would take it (cysteine) if an attack were imminent. But I wouldn't take a daily dose over a long period," for then the cysteine might become a factor in causing cancer.

Cysteine costs about eight cents a gram, which is 1/28th of an ounce. About 50 grams, or \$4 worth, would protect a person weighing 150 pounds, he estimated.

But, Dr. Pratt added, if he knew

an A-bomb were about to burst, "I'd run fast and worry about special later."

The important thing about cysteine is that it is the first chemical which protects against both X-rays and neutrons, both of which come in A-bombs.

No mixing, no

side effects. Just eat 1 or 2 delications a day, and you'll be fine.

## Discovery of Possible Cause Of Cancer Related by Doctor

**LOS ANGELES**, April 8.—The possible cause of cancer may have been discovered by a research doctor here. His results, which were shown at a medical meeting, indicated that normal living tissue becomes cancerous when denied oxygen.

The discovery was reported by Dr. Harry Goldblatt, one of the nation's leading cancer investigators. He has just completed his research at UCLA's Los Angeles hospital.

Dr. Goldblatt said it is believed too little oxygen in certain tissues of the body may be a factor in the development of cancer in man, but he won't be positive until this work has been repeated.

He said he ran a series of two tests, using tissue of rats to conduct his experiments.

In one test, he said, he put the rats of normal tissue in test tubes without oxygen. In the other he used

Jerome Grangers Schedule Meeting

**JEROME**, April 8.—Summer meeting hours will be observed by the Jerome Grangers beginning Saturday, the Friday session which will convene at 8:30 p.m. in the Grange Hall.

A general meeting was held Saturday night at the Grange Hall. A short hour was made at the last regular meeting. Following talk by Mrs. Sam Fatin and the Rev. J. C. Gray, General Secretary, who came to contribute to the Red Cross fund drive.

Highlighting the meeting was the presentation of a report by members of the Red Cross. Participating were Fred Beamer, master; Richard Hendry, overcomer; Mrs. Verna Hock, chairman; John W. Cook, steward; Leon Stockton, gatekeeper; Gus Calien, assistant steward; Mrs. Gus Calien, secretary; Annie Mae Hart, treasurer; Mrs. Charlie Kays, chapter; Mrs. Pat Spofford, Mrs. Anna Gandy, Mrs. Anna Gandy, Mrs. Jessie Craig, Flora, and Nat Spofford; Charles Kays, and Don Tamm, members of the committee. Presenting the program were Jimmie Jensen, who sang two solo accompanied by Ron Post; tap dancer, Dorothy Halverson; Judy McCullar, and a clarinet solo by Carol Ann Sparks. Thought for the day was given by Rev. Dr. Hugh Hughes, lecturer, who also introduced the program participants.

## Easter Observed In Area Churches

**DECO**, April 8.—Easter services were held Sunday morning at the First Presbyterian and the L.D.S. churches.

Young people of the Presbyterian church attended sun services and participated in the service.

At Deco the program was under the direction of Mrs. Eva Hatfield and the choir, with the Rev. Mr. Martin Cobb directing the communion service.

Baptized were Lloyd Walker, Linda Walker, and their sons, Charles Walker and DeLoe Dawn Anderson.

Mr. and Mrs. Carl Adams were in charge of the L.D.S. services. They were given by Clifford Harrington, Yvette Palmer, Mrs. East Hurst and Cecil Morgan.

Guests were given by Rev. Joe Preston, Dr. David and Dr. Donald Preston. Mrs. Don Adams sang. All musical numbers were accompanied by organ.

Worshipers included the organ, piano and preaching.

The same tissue but kept it supplied with oxygen. The choked tissues became cancerous but other tissues remained normal, he said.

To back his argument, Dr. Goldblatt pointed out that the disease frequently arises in scars, chronic ulcers and in parts of organs having a poor supply of blood to them.

A poor supply of blood, he said, means oxygen is deficient.

**Reuther Raps Peace Jitters; Advises Plans**

**WASHINGTON**, April 8.—JOHN REUTHER, president of the AFL, called for a "full employment-full production" conference to prevent a slump as an outgrowth of communist peace offers.

Decaying Wall Street jitters over the shift in Soviet relations with China will, without doubt, add fuel to the President's "It is fantastic and inhuman that in Wall street, and elsewhere men are so afraid of what they don't know. Breakout and depression will follow."

"As rational human beings, we need to take counsel, think and act. We must be ready to react fear with practical plans and confidence that such plans can and will carry us through."

"It is amazing in history such as this, bold plans, quick decisions and actions turn dangers into opportunities, turn setbacks into advantages. This is not a time to relax, to either overreact or panic, with fear of so-called overproduction."

## Group Thinks Planned Levy Trim Possible

WASHINGTON, April 8.—The committee for economic development believes government spending can be brought into balance with income in the coming fiscal year without giving up scheduled tax reductions.

This would mean trimming a little more than \$4 billion dollars out of spending for the 12 months starting July 1 as predicted by the budget.

The CED said taxes should not be cut until economies to balance the budget have been devised.

National Group

The CED is a national organization of businessmen and economists formed after World War II to study the economy and government economic policies, and to make recommendations.

Tuesday's report on tax policy was made public by Frank B. Wilder, chairman of CED's research and policy committee, and president of Connecticut General Life Insurance Company, Hartford. Constance J. Cameron Thomson, chairman of CED's tax subcommittee and president of Northwest Bank Corporation, Minneapolis.

"The report discussed an balanced budget only in terms of balancing the nation's "cash budget." This is a bookkeeping record of all money the government collects and all it spends in a fiscal year.

Collections for such trust funds as social security are counted as income, since they are collected from the public's money power.

In the regular budget unspent social security taxes are listed separately as trust funds. This has the effect of increasing the deficit by an amount as are paid into the trust accounts.

## MYF in Jerome Has Installation

JEROME, April 8.—New officers of the Jerome MYF were installed Sunday night by the Rev. Dr. Donald L. Gammie, pastor of First Methodist Church, during a candlelight ceremony. Mrs. Marshall Fisher played background music on the organ—during the ceremony.

Installed were Larry Kennedy, president; Coralee Beer, vice president; Barbara Paris, secretary-treasurer; Louise Pickley, worship chairman; Helen Doherty, community service; Joe Gilmer, mission chairman; Glen Hardy, recreation, and Ann Martin, reporter. Marilyn Wissler, the retiring president, and Mr. and Mrs. John Wissler are

## No Game

LOS ANGELES, April 8.—A 16-year-old boy was seriously injured Monday although his speedily equipped car was batted away from a pickup truck.

Police gave no details.

Nicholas Raczek, 16, collided with one driven by Leslie Scott, Jr. The impact knocked the machine through a metal fence and onto the Southern Pacific track.

Raczek jumped out and fell to the ground. A train hit the auto and catapulted it over him and into the road, where it was struck by another car.

No one was hurt in any of the collisions.

## Levy Election

### Set in Blaine

HAILEY, April 8.—Because the law on whether or not a school district has to hold a levy election is not clear to the trustees in Blaine County, a hearing has been set for April 18 to pass on the district's 27-mill levy for the coming year.

A meeting of patrons was held Monday night at the courthouse and 200 people entered protests to the 27-mill levy.

One trustee said he believed

that the levy should be no higher

than 26 mills. Approximately 185 persons attended the meeting.

Opposition to the 27-mill levy came from a meeting of the Blaine County Taxpayers Association last Friday night.

The overall interest was good

as a spokesman of the Blaine

County Taxpayers Association

stated that all money collected

and spent in a fiscal year

is spent by the county government.

Collections for such trust funds as social security are counted as income, since they are collected from the public's money power.

In the regular budget unspent social security taxes are listed separately as trust funds. This has the effect of increasing the deficit by an amount as are paid into the trust accounts.

## Overwhelming Spirit of "Pioneering," Speed Main Factors for A-Sub Gains

WASHINGTON, April 8.—What is making the first atomic powered craft in history?

It is just nuclear fission and engineering skill and shipbuilding art that produce the nuclear submarine Nautilus, says Vice Admiral Hyman G. Rickover, who is also the most famous engineer and drive of a few thousand men fired by the spirit of creating something entirely new.

A team started out by knowing just one naval captain, intent beyond all other interests on getting an atomic submarine built. Hyman G. Rickover, who is now retired, says, "You never know what you're going to get."

Now all hands are obsessed with getting the first submarine in the water and out to sea under its own power—come hell or high water.

Recall the people you met or watched at the Idaho test station, the Pittsburgh and Schenectady

surgeons—either had hammered their very last nail or it was coming.

He kept popping up at near and far places, at unexpected times of the day and night, insisting on conferences, fast-talking industrial executives, demanding materials, snapping angry arguments when delayed occurred.

Now all hands are obsessed with getting the first submarine in the water and out to sea under its own power—come hell or high water.

TOPCO, April 8.—Pvt. Herman E. Hagerman, 21, Oregon City, surprised his superiors at the army hospital Tuesday when he asked for rest and recreation in Korea.

Hagerman explained he wanted to visit his fiance, Lieut. Betty Comstock, Madawaska, Me., a nurse at the 21st evacuation

unit, who has filed for the two vacancies on the board.

The terms of V. E. Nyenam and Steve Mahoney are expiring.

The board also announced follow-

censes were issued recently in the

county auditor's office to Roy Peter

and Jackie H. Brownell, Wilkesboro, N.C., cedar tree and a cypress.

O., and Marlene Andrus, Jacobs.

The so-called red cedar is not a

cedar tree but a cypress.

# GREAT NEW FIGHTIN' OIL!

## NEW-ACTION UTOCO!

ADDS MILES TO YOUR ENGINE LIFE!

Always a famous fighter against engine wear, UTOCO with its new additives, fights harder than ever against engine-running acids, and engine-clogging sludge. This remarkable new-action oil cleans out engine soot and dirt, holds it harmlessly in suspension ready to be drained out. Utoeo's new-action actually can add miles to engine life and is especially effective in improving valve life and lifter operation.

Surpasses the needs for most severe passenger-car service requirements established by the American Petroleum Institute. Service "MS" . . . also for diesel engines . . . Service "DG".
