House Panel Cuts \$88 Millions From Reclamation Fund

WASHINGTON, April 23 (AP)—The house appropriations committee today proposed \$88 million more from former President Truman's reclamation bureau to be recommended to the agency—receive \$138,146,676 for the fiscal year beginning Oct. 1.

The figure, presented to the house as part of the Interior department money bill, is more than \$4 million below the amount proposed for the fiscal year by Secretary of the Interior Stewart M. McVoy. Truman's reclamation budget, \$221,000,000, would be reduced to \$213,000,000.

The committee's action would reduce the reclamation fund by \$88 million, or 28 percent of the total. The committee also would reduce the reclamation fund by \$10 million from the \$113 million available for the fiscal year beginning Oct. 1.

The committee's action would reduce the reclamation fund by \$88 million, or 28 percent of the total. The committee also would reduce the reclamation fund by \$10 million from the \$113 million available for the fiscal year beginning Oct. 1.

TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—The most graphic evidence of the Eisenhower counter-revolution against government invasion of the fields of private business and industry is the budget for fiscal 1954 which is submitted to congress almost immediately. This evidence is written in large letters in the interior of the budget which reads: "The budget is written for a far greater significance than ordinary money measure."

His original budget request, former President Truman asked 600 million dollars for interior, with more than one-third of that amount dedicated to long-term expansion of the government's growing monopoly of the production, distribution and sale of power. Uncle Sam has boosted his control of this product from about one to 18 per cent within the last 20 years.

WARNINGS AGAINST GOVERNMENT—Had the National Chamber of Commerce, the plan and transmission lines been granted, 20 per cent of the generation, handling and distribution of power in the hands of a few bureaucrats at Washington.

As numerous courts and congressional committees have said, it is not the government's industrial operation, there is nothing to stop him from becoming the manufacturer and retailer of other things besides electricity.

Wardings of the tariff have been the central theme of many judicial decisions, including the supreme court's refusal to permit Truman to seize the steel industry.

TRUMAN BUDGET SLASHES—Interior Secretary McKay thought he had secured a major reduction in the Truman budget proposal when he eliminated 40 million dollars from the amount requested for the reconstruction program. He is now retaining a similar project. But Budget Director Dodge sharply slashed the Truman total. He increased the saving to almost 54 million dollars, or 23 per cent.

McKay thought he had secured a major reduction in the Truman budget proposal when he eliminated 40 million dollars from the amount requested for the reconstruction program. He is now retaining a similar project. But Budget Director Dodge sharply slashed the Truman total. He increased the saving to almost 54 million dollars, or 23 per cent.

KEY TO "COUNTER-REVOLUTION"—The long-range significance of the McKay-Dodge-Jensen reduction, which will approximate 120 million dollars, cannot be measured in dollars and cents alone. Even though the total saving is only 120 million dollars, almost two billion dollars for the taxpayers, since the original asking amount is usually less than one-tenth of that for any construction program. It is the essence of the "Eisenhower counter-revolution": No "new starts" on expansion of the federal power program. The key to the counter-revolution is a survey decides whether the serving and retaining cannot be handled by existing private facilities. If not, the government will acquire the facilities. If not, the government will acquire the facilities. If not, the government will acquire the facilities.

OTHER EISENHOWER MOVES—This halt to the building of big 20-year period, although extremely prophetic, does not stand alone. It is in line with other Eisenhower moves. He has asked for private bids on the Nevada water power. The government has owned and operated Nevada water power. He eventually will request permission for the sale of a tin smelter, a run factory, several small railroads, and a number of other enterprises. He has a depression that has cropped up or been created since 1929.

STORAGE SPACE A PROBLEM—Government both sides of present-day problems. The government has exhausted the storage capacity of the country, including caves, cellars, warehouses, home-made bins, etc. Now, the commodity credit corporation is being set up to store grain in Liberty ships anchored in the Hudson river.

Views of Others

IDAHO SENATORS FAIL TEST—The people of Idaho voted overwhelmingly for Dwight D. Eisenhower for President of the United States only last November. They did not vote for Senator Joe McCarthy and his ilk. In fact, in their bid to support the McCarthy line and philosophy, they unceremoniously voted down John Wood and elected Representative Grace Pirost instead.

We thought of the recent historical past when we heard that Senator Henry Dworak and Senator Herman Walker took their stand against the President's policies in opposing the confirmation of Charles Bohlen as ambassador to Russia. Only Idaho and its neighbor state of Nevada were unopposed in supporting the Eisenhower line.

Perhaps Senator Dworak and Senator Walker are proud of the roles they played last week. But for those who are not, they should be disappointed. The MIS-representation of Idaho people by these senators. Think of the low esteem in which people of other states will hold Idaho people if they are not supported by a majority of the people of Idaho.

FAIR PAY FOR VETERAN, TAXPAYER—The American Legion, the Veterans of Foreign Wars and similar organizations are making a mistake in their objections to a congressional effort to eliminate some of the more "exaggerated" rates of Veterans' administration facilities.

When a veteran with a salary of more than \$10,000 a year, with a month or more of military service, is able to pay the tax on his income, the draft on the treasury does not sit well with the average taxpayer. Likewise when well-to-do veterans are able to pay the tax on their income, the hospitalization for non-serviced-connected injuries or diseases.

Such as such as those alleged by Representative John Phillips, R-California, and Representative Joseph P. Kamp, R-Texas, should be repugnant to veterans themselves. This form of chivalry simply means less money and less service for the general taxpayer. It is an open invitation to congress to make a drastic revision of the government's policy toward veterans and their families.

Organizations like the Legion should take fair play for veterans. But if they are wise they will also insist on very many of whom are veterans. St. Louis Post-Dispatch.

NOBLESS OBLIGE—Of course! Naturally! Teacher would have said No with a capital N if little Jacob, a score of years ago, had offered to settle for five big red apples instead of coming with a sack of apples. I am sure that I can put on my own paper. That's just what she would have done. And little Jacob's education would have been the same.

But what happens now when roles are reversed. Teacher comes before Magistrate Jake Smith of Chesapeake, Ohio, once her pupil, on a traffic charge and pleads guilty. His honor orders the teacher to pay the fine or write 200 times. "I shall not cross the yellow line," she says the five dollars!

But what happens now when roles are reversed. Teacher comes before Magistrate Jake Smith of Chesapeake, Ohio, once her pupil, on a traffic charge and pleads guilty. His honor orders the teacher to pay the fine or write 200 times. "I shall not cross the yellow line," she says the five dollars!

POT SHOTS

THOSE RUSSIANS ...

Dear Tom,

Darned clever, those Russians. For years they kept the rest of the world guessing what they had in mind. The situation hasn't changed. The things they're doing now just for a change. They're figuring out though along a slightly different tangent.

If more people were familiar with the popular bit of advice given before, there wouldn't be quite so much wondering going on. Keep him worried. Don't let him have any fun. Doesn't that cover the Russian attitude? They've got us worried and we sure don't know where the next punch is coming from.

Of course, if we had enough insight to follow the Indian course, it wouldn't make any difference where the next punch originated. We're just like the fat, stupid boy who always believes his kindergarten when they say, "Put your hands down; I won't hit you."

Yours sincerely,
Alastair
(Cormo)

FUFS FOR KIDS DEPT.

If you want a good-sized pouch that's good with children, here's a hunching. She's a 4-year-old girl, named that'll never have any fun. Mrs. O. D. Wolfe at 163 Harrison Street.

OUCH!

There's a story making the rounds about a certain woman's predicament in a local cafe the other morning. She was sitting with her husband and a couple of other people when she started doing a bit of squirreling.

And along with the squirreling and jumping she complained that something was biting. She stood it as long as possible, finally dashed for the women's room.

Quick! But thorough investigation revealed a wasp, not a snake. The story concludes with the woman stating she "hadn't been stung" about 10 times.

We're wondering if the situation would be covered by an old title phrase, "Stung to the quick."

OUR BULLETIN BOARD

So Mr. Twin Falls—Thanks for your contribution, but also afraid to be sure to do a little rolling if we used that one.

HOW ABOUT THIS IDEA?

One of your good constituents phoned to report a possible windfall for the city in this little matter of revenue. Seems folks are talking about a possible windfall for the city in this little matter of revenue.

FAMOUS LAST LINE

"I kept leaning away from the desk, but he kept right up with me!"

GENTLEMAN IN THE FOURTH ROW

We're wondering if the situation would be covered by an old title phrase, "Stung to the quick."

WASHINGTON COLUMN

PETER EDSON

WASHINGTON (VNA)—When the President's billion-dollar Truman administration budget for next year was tossed back at the department of defense by the Eisenhower administration, with instructions to cut it to essential, one of the younger staff officers, a figure in the figure, estimated the budget would be reduced by 10 per cent.

"Well, I guess," Peter Edson, the first to go, "is the Republican definition of an 'essential'."

To date, this definition never has been put in writing. But program by program, it is being defined. Charles E. Wilson and his new Pentagon team have been cutting back requirements and forcing reductions wherever they could. Best guess now is that the defense budget for next year will be cut by at least 10 per cent, or over 4 billion dollars.

Assistant Secretary of Defense W. J. McNell—an ex-admiral retained as comptroller of the armed services by the new administration—was proud of the original 1954 budget that was prepared since unification.

When this budget was announced early in January, McNell planned real service cooperation in its preparation. "Nobody had raised a loud voice of protest over any decision. And for the first time real consideration was given the possibility of laying 'off' much more for tanks and trucks.

The size of the budget was determined not on the basis of how much money they thought they could get from congress, or what the taxpayers would stand for. Instead, the first determination was how big an armed force the country had to maintain at home and abroad.

Then they started figuring what it would cost to keep this force in being, with a reserve of all supplies needed for a full year's support.

The size of the armed forces—a maximum of 2,000 men in all before, unannounced, that was enough manpower for a navy of 600 destroyers, 17 naval air squadrons, three divisions of marines and three marine air wings; an army of 20 divisions plus its combat teams, the national guard and the reserves; an air force now over 100 wings, to be increased gradually to 142.

The number of bases, camps and posts to be operated was determined and the cost of maintenance added up. The degree of equipment replacement costs would be determined.

"This took into account such things as the fact that combat planes wear out in from three to five years, even when they're not in combat. The number of aircraft for training purposes had to be determined, and the cost estimated.

All these and a lot more calculations like them are what really determined the size of next year's budget.

The important point about cutting this budget is that any cuts mean some of these things won't get done, and that much less national defense will result.

As of July 1, 1953, the department of defense estimates it will have a credit of some \$2 billion dollars in the treasury—money not yet appropriated. Nevertheless, these large carryovers have been the special targets for congressional economy knife-throwers.

The fact that it takes a long time to tool up a factory and get into mass production on a new model plane, tank, gun or guided missile is what makes these carryover credits necessary. If the holdovers are cut back, it simply means fewer weapons will be available in the future.

Secretary Wilson has been polling off of plans to cut back on the defense production base. This means that a number of stand-by arms plants must be closed down. Others will be put into full production, to cut down unit and total cost.

This will be a complete change from the defense production policy of C. E. Wilson, the former defense mobilization director.

But this whole subject of how to fund a defense production base would be needed in case of all-out war is still undecided. Harold Vance, Eisenhower's surveyor-in-chief year and came up with the answer that the present plan was based was far too small. His report was that it might take \$3 billion dollars or more.

Farmers in Area Given Prediction

BURLEY, April 23—The Rotary club's 1953-54 "Farmers' Forum" was held at farmers and their wives at a banquet at the Elks dining room Tuesday evening. Jay Scholtz, president, introduced Jim Roper, who served as toastmaster for the evening.

J. R. Simploff, Caldwell, spoke on Idaho's future in agriculture, mining and manufacturing. He said the state has only begun to scratch the surface of its potentialities.

"I fully expect to see atomic power used to pump water for irrigation land in the not too distant future," Simploff said.

He predicted that the land between Burley and Oakley soon will be farmed and said that although Idaho is known mainly for its sugar-beets and potatoes, there is no reason why other crops cannot be grown here.

He said mining prospects are especially good around Soda Springs. The phosphate bed recently found on the Fort Hall Indian reservation is one of the largest in the country, he said.

Shoshone Turns On Large Pump

SHOSHONE, April 23—The large pump at the city water system turned on Monday. Bert Terry, city water superintendent, announced. The small pump has been sufficient to supply water needs in the city through the winter—and up until recently the pressure was kept up without using the larger pump.

Terry said he thinks the large pump will handle the work through the entire irrigation season without the aid of the smaller pump. Capacity of the large pump is 2,800 gallons of water per minute. The smaller one is able to produce 500 gallons a minute.

No Boost Noted In Job Openings

—Magic Valley job openings were nearly stationary last week, reports R. B. Cutler, Twin Falls employment security office manager. Two hundred thirty job openings were received by Magic Valley offices last week—eighty-four were in agriculture. Bad weather continued to delay agricultural activities, a great credit last week. However, increased activity was recorded by offices Monday through Wednesday.

In new plants, there's only a half a billion for that. In the Truman budget.

Work Is Done Girls in School

SHOSHONE, April 23—The girls in the city school system are busy with their work. A letter from the city part.

Barbara Council, vice president of the city school committee, said that the girls are doing a good job of their work. The girls will be in school until the end of the year.

Among the things they are doing are cleaning, washing, and mending clothes. They are also doing some of the housework.

The girls are also doing some of the housework. They are also doing some of the housework.

What's new about "T" DYNAFLOW?

It's only fair to warn you.

When you try a new Buick with the sensational Twin-Turbine Dynaflow Drive,* you'll tingle all over with thrill.

You'll sweep your speedometer needle from zero to 30 mph so quickly, you won't have time to breathe but twice. You'll move from a standing start to legal speed so quietly, you'll practically hear your heart beat. You'll experience such complete and utter smoothness every step of the way, you'll be wholly relaxed, refreshed, and ready for more.

This is not dream stuff. This is real.

This is what actually happens when you're at the wheel of a new 1953-Buick with T Dynaflow.

Twin Turbines in the Dynaflow unit, instead of just a single one—in addition to other engineering advances—make the tremendous difference.

So you feel a firmer and more immediate "take hold"—get far faster getaway, new quiet and efficiency, plus infinite smoothness and through every speed range.

There's a lot more to be had, of course, in these great new Buicks. Higher horsepower and compression ratios. A still finer ride. Easier handling. Improved visibility. More comfort and richer interiors.

But start with take-off—the greatest in Buick's fifty great years—and learn the rest of the story from there. Can you drop in on us this week?

*Standard on Roadmaster, optional extra cost on other Buicks.

All set for Summer
AIRCONDITIONER for 1953 Super and Roadmaster Riviera and Sedan models, available now at extra cost.

Roads Topic for Parley

April 22—Road conditions were discussed at the first meeting of the Twin Falls Chamber of Commerce. Present were: Mayor, Board of Education, and representatives of the various departments. The meeting was held in the afternoon at the Chamber of Commerce. The speaker, Mr. J. W. Smith, discussed the importance of maintaining good roads for the benefit of the community. He mentioned that the city has a budget of \$100,000 for road maintenance this year. The meeting was well attended and a good deal of business was transacted.

Wendell Fire Claims Life of Child

Levi's 12-month-old daughter, Mrs. and Mrs. Pierce Leffler, were seen Tuesday. The building is located only two blocks from the fire station but the fire burned so rapidly flames were unable to save the structure. The child was being cared for by a 12-year-old sister while her mother was at a doctor's office and her father was working. Other children, including a son of Levi, were not injured. (Staff camera)

Reds Put on Show for POWs Before Return, Marine Avows

FREEDOM VILLAGE, Korea, April 22—The communists really put on a show of friendship and generosity for the allied prisoners they were returning, a 19-year-old marine said today. "Oh man, they really put on a show for us the last few days," said Pfc. Joseph T. Britt, Jr., Long Beach, Calif. "They gave us an ink pen and two cartons of cigarettes and a lot of other junk."

Carpenters! Mechanics! Here Is the Shoe for You!

He was a machine gunner with the 5th regiment and a member of the 41-man reinforced platoon holding down the outpost. Britt said he was hit by shrapnel in the leg, arm and head and was captured when he was "blasted" right into the goony trenches. "I was all by myself and I didn't see anyone from the platoon around," he said. Britt said he collapsed from loss of blood in the communist trenches. "I didn't know I was wounded in the leg until after a couple of days," he said. "I couldn't make the Chinese understand to take my boot off. I wanted it off because my foot was hurting."

BUHL, April 22—Gateway to the stars will be the theme of the annual junior prom Friday evening. The dance will be held in the high school gymnasium, with music being furnished by Burton Thomas' orchestra. The grand march will be held at 9 p.m. and will be led by Jerry Love, senior class president, and his partner. Merlin Hudson, junior class president, has appointed Barbara South as dance chairman, Dorothy Bolden and Len Martin, decoration chairman; Barbara Thompson, refreshments; Dale Richmond, program; Marguerite Hall, entertainment, and Jerry Davis, advertising.

Carpenters! Mechanics! Here Is the Shoe for You!

He was a machine gunner with the 5th regiment and a member of the 41-man reinforced platoon holding down the outpost. Britt said he was hit by shrapnel in the leg, arm and head and was captured when he was "blasted" right into the goony trenches. "I was all by myself and I didn't see anyone from the platoon around," he said. Britt said he collapsed from loss of blood in the communist trenches. "I didn't know I was wounded in the leg until after a couple of days," he said. "I couldn't make the Chinese understand to take my boot off. I wanted it off because my foot was hurting."

Mrs. Smith Wins Club Talk Award

Mrs. Graydon Smith won the blue pencil for a seven-minute talk on "Women in radio" at a dinner meeting of the Twin Falls Toastmasters club at the Rogerson dining room Tuesday evening. Other speakers were Mrs. Harry Cohen and Mrs. Elizabeth Vaughan. Mrs. Gordon Tobin presided. Mrs. J. Woodson Cross was toastmaster. Mrs. Fred Kunkle was table officer. Mrs. Max Lloyd was chief evaluator and Mrs. LeVerne Strung was emcee.

League Meets

HAAGERMAN, April 22—The Junior League of the Methodist church met at the church Tuesday afternoon with Rev. Harry Starbuck as speaker. Art work was continued.

Water Supply Dangers Seen In West Area

WASHINGTON, April 22—The agriculture department warned today that water shortages threaten some of the 24 million acres of irrigated farm land in the western states this year. It said New Mexico, southern Utah, southern and central Nevada, parts of Arizona and areas in Colorado are facing "particularly threatening water shortages." In California, where 6 1/2 million acres are irrigated each year, the department said water supplies will be "generally unsatisfactory" although not "critical" except in parts of southern California and the southern San Joaquin valley. Based on Service. The report was based on snow surveys made during the winter by the soil conservation service, the weather bureau and cooperating state agencies. Below-normal snow cover and stream flow, short reservoir storage and dry soils in many areas were blamed. The report said water supply in New Mexico this year is likely to be the "least in 25 years." Water supply outlook for the Rio Grande is "tributaries is for 'gravely deficient' flow in 1953." Severe in Southwest. In Colorado, "critical water shortages" are expected on the Arkansas, Rio Grande and the southern tributaries of the South Platte. All parts of Utah can expect below-average runoff during the irrigation season except three small areas. The shortage in southwest areas is expected to reach "the severe drought proportion" of 1961, with runoffs from 70 to 85 per cent of average. "The southern half of Nevada can expect very little if any snow water runoff in 1953," the report said. "Every indication points to need of the most efficient water management in Arizona in 1953," the report said.

Agency Cash Cut as House Okays Funds

WASHINGTON, April 22 (AP)—The House passed its first appropriations bill for the new year today, cutting 51 per cent of funds asked for 23 federal agencies.

Passage by voice vote sent the bill to the Senate after the House had:

1. Voted 286 to 106 to halt government-aided construction of public housing not to start until July.
2. Rejected a proposal to allow several agencies already have announced they will seek to change that provision in the Senate.
3. The standing vote later was confirmed by a 246 to 157 roll call vote.

Funds Refused

1. Refused to appropriate the basic contribution of the federal government to the civil service fund.
2. Rejected a proposal to increase the standing vote was 143 to 84.
3. Eliminated without controversy a federal-aided program to help construction of new mortgages and to order it to sell one billion dollars worth of those bonds.

The measure appropriates \$451,000,000 to finance 23 independent executive agencies for the year 1953. It is expected to include the veterans administration, selective service, the atomic energy commission or the Tennessee valley authority.

Contracts for Idaho Roads; Bridges OK'd

BOISE, April 22 (AP)—The Idaho highway board has approved award of five contracts for road and bridge construction in the state.

The board also authorized allocation of funds to correct a bad curve on state route 28 near Lester in Lemhi county. It authorized architectural firm, Wygant and Fennell, to prepare plans for a maintenance shop at Strawberry, Clatsop west of Boise.

Contracts were awarded the following firms: Martin J. Rose, Madras, Ore., for a 2.5-mile concrete bridge on U. S. 91 near Dubois.

The construction contract for constructing 2.75 miles of the Eagle-Saxton road in Ada county, Walter Varman, Coeur d'Alene, Idaho, for construction of a 2.5-foot culvert on the Worley-Wadsworth road in Kootenai county and \$14,000 for erecting a bridge over Snake creek in Blaine, Blaine, Idaho, and Arlington Construction company, Idaho Falls, 414-415 1/2 miles of concrete bridge on U. S. 91 near Dubois.

The preceding value of the contractor's dollar, which slipped to 40 cents in the early days of the war, is now at 100 cents. Only about 100 dollars will buy what it used to buy. Only about 100 dollars will buy what it used to buy. Only about 100 dollars will buy what it used to buy.

Renegade Briton Twists News In Korea to Help Red Claim

By FRANK NEWBOM
Every morning when the communist press rolls out its propaganda, it is an expert on the party line and frequently talks in the exact language of the communist press delegates.

Whatever his relationship with Moscow, he undoubtedly is the head of the communist contingent of correspondents.

This man who has sold out to the communists is now about 43.

Winnington's activities behind the red lines is an Australian, Wilfred Burchett.

Burchett is about three years younger than Winnington and he looks his exact opposite. Burchett is stocky, with a Puck-like face extending good humor. In contrast to Winnington's face is Burchett's.

Burchett is not so expert as Winnington with the party line but U. N. newsmen, seeing him and his activities, find him harder to understand.

For can they understand why he has followed the course he has? He gained the reputation of being an excellent newsmen during the last war when he was accredited to allied forces in the Pacific, and was the first man to Hiroshima, Japan, at the war's end.

If it were not for the things he has said recently, you could like Burchett.

Petition Is Filed For Will Probate

A petition for probate of the will of Wesley Patterson, who died here April 12, was filed in probate court Wednesday by Glen A. Roland, Esq.

Survivors listed are a sister, Sarah Hale Willard, 714 1/2 North Main, Boise; Douglas H. Willard, 1000 North Main, Boise; Oscar Wright, 1000 North Main, Boise; Houston, Mo.; Charles M. Tooker, Hayward, Calif.; and Douglas W. Tooker, Sweet Springs, Mo., and a niece, Minnie G. Allison, McCall.

The estate is listed as \$1,000 in government bonds, \$7,000 in cash in the Fidelity National bank, \$2,000 in mortgages and notes receivable, and \$100,000 in real estate.

Hearing on the petition has been set for 2:30 p.m. May 11. John G. Hapworth represents the petitioner.

Contractor Takes Own Life at I. F.

IDAHO FALLS, April 22 (AP)—David M. Sweeney, 41, prominent Idaho Falls realtor and contractor, was found dead of a gunshot wound in a two-story building here Wednesday.

Bonnieville county Coroner Leo F. Wilkie said the car was parked in a back alley of the building. Wilkie said the car had been shot through the temple, and an old model gun was found at the scene.

Coroner Wilkie said the wound apparently was self-inflicted. He said his investigators show Sweeney had been in ill health for the past two months.

Sweeney was the contractor for the new "Twin Falls" high school building project.

Boy, 5, Drowns In Beaver Creek

DUBOIS, April 22 (AP)—Five-year-old Frederick Williams' body was found in Beaver creek here Wednesday.

The child was pronounced dead by a doctor from Dr. R. H. Riggs after six hours of efforts to revive him had failed.

The son of Mr. and Mrs. Ernest Powell, Dubois, Idaho, had apparently been playing with a younger brother near the bank or wading in the creek which runs through the village. A passerby, Mr. Phillip Sawley, the two in the creek and warned him to leave the younger child. Williams' body was not recovered for 23 minutes.

America spends less than \$50,000 a year on research on the blinding eye disease, says the National Society for the Prevention of Blindness.

Lutheran Church To Install Pastor

The Rev. Carl V. Lorenz will be installed as pastor of the Lutheran church in Twin Falls Wednesday.

The installation service will be held by the Rev. Roland A. Koch, Pocatello, pastor of the central Idaho church of the Lutheran church, Moscow, Idaho.

Officiant at the star church the day of installation will be the Rev. C. M. Mully, Twin Falls, who has served a congregation pastor since June, 1952. He will be assisted by the Rev. D. L. Lutzschlager, Twin Falls; the Rev. Edwin H. Wheeler, Boise; the Rev. Carl H. Wadsworth, Rupert; and the Rev. Theodore Slick, Jerome.

The service will be sung by the Trinity choir.

A reception will be held in the parish hall following the church service.

Farmer Drowns

KAMPA, April 22 (AP)—Lloyd Elmo Bigham, 47, Caldwell, was drowned Wednesday when his tractor overturned in a canal.

Spencer D. Hilde and Coroner John A. Bly said Bigham apparently had been doing ditch work along the canal bank when the ditcher blade caught and threw the tractor into the water.

Senator Calls For Shifts in Benson Stand

WASHINGTON, April 22 (AP)—Senator Frank D. Owsen, Idaho's second Agriculture Secretary, Benson, must either change his views or resign, Owsen said today.

"It's really time for a change in the attitude of the Agriculture Secretary," Owsen said in a "newspaper" column.

"I think the 'peel point' has been reached where President Eisenhower is being shown to have a showdown with Benson," Owsen said. "Either Benson must carry out his duties or he must have a showdown with Benson."

"If the secretary continues to do as little as possible under existing laws, there will be a large decline in farm income in '53 than in '52. With all our farms and citizens so dependent on the farm product, this would be a severe blow to the economy of our entire state."

"I have been so far to give unthoughtful responses and make wrong predictions," Kerr said.

6 Crewmen Lost As Tug Is Sunk

MORGAN CITY, La., April 22 (AP)—A tug boat sank in the Intracoastal waterway here today, and six crewmen were missing.

Poline Chief A. A. Daniels said the tug sank in a small lake south of Morgan City at 3:15 a.m. He said he had report on the cause of the accident.

The coast guard dispatched about 100 men to the scene to investigate and to lead the search for survivors.

Other craft from Kerr-McGee Oil Company joined the search and city and state police were called to assist.

Civil Suit Seeks Rent Payments

A civil action over alleged non-payment of rent was filed in court Wednesday by Edith P. Wadell and Emma Glinther against the plaintiffs in their complaint claim the Woodlands over \$145 in back rent and have been asked to vacate the house but have not.

They seek the court to grant them \$445 and costs of the action. Edith Wadell represents the plaintiffs.

Studies Series Set On Revised Bible

The Rev. R. C. Mully, pastor of the Twin Falls Lutheran church, will inaugurate a series of studies on the Revised Standard Version of the Bible. The studies will continue for six to eight weeks.

Judgment Asked

A. V. Hall and Bert Harwell, doing business as the Idaho Electric Company, Jerome, filed a civil suit in court Wednesday against L. F. Wiseman seeking a \$2,000 judgment, interest and costs of the suit.

They claim Wiseman owes them amounts for materials and labor furnished him by the firm last June. The Rev. M. Ward represents the plaintiffs.

Operators Strike Over Bossy Chief

EMERSON, Ore., April 23 (AP)—A "loud-mouthed" supervisor who "screams at the girls" set off a wildcat strike of cigarette operators here, the union said.

Mrs. Betty Walker, steward of the CIO, Communication Workers of America, said a boss supervisor "screams at the girls."

"You can hear her from one end of the plant to the other," she said.

Some of the strikers paraded outside the Southern Bell Telephone company exchange during the work stoppage yesterday carrying a sign that read "the loud-mouthed boss must go."

Grange to Confer Degrees Saturday

Twin Falls county Pomona Grange will confer the fifth degree in full form at the Orange hall here on Saturday.

All Pomona members and subordinate members wishing to join Pomona are requested to be present. The home economic department of the subordinates will serve the banquet.

Members are asked to bring apples and the Grange will furnish ice cream and coffee.

5 Tots Drowned

MILWAUKEE, April 23 (AP)—The hottest day of spring tried seven children to die in a small lake here Wednesday and five of them drowned in a tragedy set off when a child fell from a fall.

The others—drowning—trying to aid her.

Bid Opening Set

Work on the state highway department will open bids May 12 for surfacing 3.44 miles of the Wood River road in Lincoln county, east of the Coocoo county line.

Difficult

LOS ANGELES, April 23 (AP)—Beware of red hair, a Dallas dentist warns his colleagues.

Dr. Philip E. Williams told a state dental association meeting yesterday that red-haired patients are the most difficult to treat.

Red heads, male or female, rarely feel bad, Williams said, but they have emotional complications others don't have. White blunders or bluntness present the same problem.

Ada Loses in Its Appeal of Suit on Levy

BOISE, April 22 (AP)—The state supreme court has upheld an Ada county district court judgment granting Sears, Roebuck and company a tax refund for 1952.

Chief Justice J. W. Fortae wrote the unanimous decision. He said the Ada county assessment of Sears' sworn statement and adopted an "exclusive, arbitrary and capricious method of arriving at the tax assessment."

The district court had reduced the assessed value of stock on hand at the time of the assessment from \$178,350 to \$115,180. The Ada county board of equalization had assessed the company at the higher figure for the 1952 tax year.

Sears then started a lengthy legal battle to reverse the decision. After its protest to the board of equalization was denied, the company appealed to the state tax commission which upheld the board of equalization.

Still another appeal by Sears, this time to district court, resulted in the judgment for the company. The state supreme court, in turn, has affirmed the district court.

Church Plans Camp Auction

SHOESHONE, April 22—As pledges for the Idaho-LDS state camp fund auction were received this week, church officials announced a variety of articles to be sold at 2 o'clock today at the Shoeshone sale yards on the edge of the city. The sale proceeds will be used to purchase a new church yard in Shoeshone.

J. A. Goodhue, Jerome, will be the auctioneer with Mrs. W. H. Johnson, Bay Oyer, both Shoeshone, as clerks. Ward H. Dawson is general manager of the auction and Murray E. Brown, Richfield; Glenn Sorenson, Shoeshone; and Howard Pittman, Dietrich, are in charge of collecting church members for their pledges.

In addition to general items of furniture, handwork and clothing, there will be a sale of garage service by businessmen in the community. The auction will be scheduled for the following time by teenage girls. A \$1000 insurance policy on a three-year-old car will be auctioned as well as an offer to cure a whole pork.

This is the second fund raising program for the state of Idaho which was purchased last fall. The camp is located above Ketchikan. The first fund raising program was held Saturday by the Shoeshone Relief society and MIA officers.

Banquet Is Served To Area Students

EDEN, April 22—The junior-senior banquet was served Tuesday evening at the Valley senior high school. The dinner was given by the junior class members and their mothers and served by the sophomore class.

Orlin Boddy offered grace and Ruth Sylvester acted as toastmaster. The program consisted of songs by Marilyn Watson, Virginia Gabel and Betty Bolin, readings by Ruth Ann Murphy and Barbara Busby, recitations by Ruth Langer and Lisa Allen and a skit by Phyllis Windsor, Melba La-Joussiere, Mrs. Herbert Bismuth and Mrs. E. J. Bismuth. Joyce Baird was accompanist.

Program Planned For Orange Meet

SHOESHONE, April 22—Wood River Center Orange will meet at 8:30 p.m. Saturday at the Orange hall. The home economics committee is in charge of the program.

The program will feature music by Roy Nelson and Gloria Dill, student soloists, and a talk on muscular dystrophy.

Members of the home economics committee are Mrs. Guy Payton, chairman, Mrs. W. W. Whitehead and Mrs. William Gabriel.

Attend Funeral

JEROME, April 22—Mrs. Charles Keys left Thursday for Detroit, Mich., to attend funeral services for his mother, Mrs. Edna Smith. Accompanying them is Mrs. John McKenzie, a daughter of Mrs. Smith.

Fraternal Organization Plans Two-State Convention Here

Officers of the Twin Falls group of the Supreme Forest Woodmen check work on plans for the Idaho-Utah two-day convention of the organization which opens here Monday at the Odd Fellows hall. Left to right are Mrs. Robert Reynolds, reporter; Mrs. Robert Williams, second vice president; Miss Letta Schaefer, treasurer; and Mrs. William Gosdolk, president. (Staff photo-enshraving)

Delegates of Two States Will Open Session Here Monday

Approximately 80 delegates and guests are expected to attend the two-day Idaho-Utah convention of the Supreme Forest Woodmen which opens at the Odd Fellows hall here Monday, reports Mrs. William Gosdolk, president of the Twin Falls group.

Officers and members of the organization met at the home of Mrs. Gosdolk Wednesday night to check final plans for the convocation.

Mrs. Honor Beasly has been elected as the official delegate from the local group which will be the host.

'Ke' Favors U.S. Help For Seaway

WASHINGTON, April 22 (AP)—President Eisenhower said today that his administration favors U.S. participation in construction of the St. Lawrence seaway project.

Mrs. Eisenhower told a news conference the national security council has recommended that the project be built for national security reasons.

He said the council recommended that this government participate to some degree, but if congress continues to reject the idea of U.S. participation, this government should remove all obstacles to construction of the seaway by Canada alone.

Administration leaders still are studying the extent to which the United States should participate.

Inquiry Launched On Ship Collision

LONG BEACH, Calif., April 22 (AP)—A navy board of inquiry today investigated the collision between the U. S. navy destroyer Isaac Kidd and the Swedish freighter "S9" Bismarck.

The freighter rammed the ship just off the inner entrance of Long Beach harbor Tuesday night. It was being enroute halfway through the destroyer's hull. The Bismarck's bow was dented.

No injuries resulted to crewmen on either ship.

General Sued by Famous Aviatrix

LOS ANGELES, April 22 (AP)—Air force Brig.-Gen. Joseph S. Hollner was the target today of pioneer aviatrix Florence (Pancho) Barnes, who accused him of threatening to "beat and burn her" because of her charges in federal court yesterday that the general had made threats against her as a result of a \$300,000 suit she filed against him.

Hollner is commanding general of Edwards air force base near Murco, Calif., some 60 miles northwest of here. Mrs. Barnes' duds hang in near the base.

T. F. Sergeant Is Pictured in Time

Sgt. Richard E. Commons, son of Mr. and Mrs. R. E. Commons, Twin Falls, is pictured as soldier with an eighth army band in the April 13 issue of Time magazine, according to word received by his mother.

The magazine article concerns the eighth army bands in Korea.

Sergeant Commons, who is solist with the eighth army band, instructed in the sixth army band at Ft. Ord, Calif., before being sent overseas. He also took part in several vocal groups and television broadcasts in San Francisco.

Re-enlisted in the army in 1948 after studying at Southern Idaho College of Education, Albion, where he was a member of the band and men's chorus. He also was active in musical activities at Twin Falls high school.

Sergeant Commons' wife and son are expected to arrive in Twin Falls Saturday to spend the summer here. They have been making their home in San Diego.

Pocatello and I. F. To Host Festivals

POCATELLO, April 22 (AP)—Idaho State college, Pocatello, will share home May 1 and 2 with Idaho Falls high school as more than 1,000 high school students compete for musical honors.

The regional music festival will be held at Idaho State. District music festival winners and runner-up will compete in the big six-city conference at Idaho Falls and Pocatello.

The festival at Idaho State will replace the state festival. Students from the fourth, fifth and sixth districts will compete.

Cleanup Set

EDEN, April 22—Saturday will be cleanup day for the Eden village park. All citizens who can are asked to be at the park by 8 a.m. with rakes and other tools to help in the work. There will be trucks to haul the trash away.

Rebel Forces Hit Indo-China Area

HANOI, Indo-China, April 22 (AP)—Two Vietnam communist divisions plied down outnumbered French troops in an artillery-and-mortar duel today while two more enemy columns reached westward in the recent invasion sweep of little Laos kingdom.

The court of Laotian King Bismarck was reported preparing to evacuate the royal capital city of Luang Prabang.

The crack Vietnam 304th and 312th divisions showered mortar shells on seven French units held in positions holding the broad, strategic Jarras plains about 80 miles southeast of Luang Prabang.

The beleaguered French forces—including foreign legionnaires and "red-baiter" paratroopers—were replying with field guns.

Successful U. N. Parley Recessed

UNITED NATIONS, N. Y., April 22 (AP)—The United Nations general assembly recessed today, pending Korean armistice developments, after one of the most hopeful sessions in recent years.

After nine weeks of meeting that brought east-west agreement on three important problems—the 10-nation world parliament closed shop until the truce talks become dented again.

British Delegate Sir Gladwyn Jebb—sitting in for assembly President Lester B. Pearson, Canada, now attending the North Atlantic pact meeting in Paris—rapped the final gavel at 11:57 a. m. EST after a near unanimous agreement that Chinese national forces in Burma should lay down their arms.

Cleanup Set

EDEN, April 22—Saturday will be cleanup day for the Eden village park. All citizens who can are asked to be at the park by 8 a.m. with rakes and other tools to help in the work. There will be trucks to haul the trash away.

Surprise
INDIANAPOLIS, April 22 (AP)—Automobile members of the board of safety Wednesday heard Detective William E. Riehlbright ask to be reduced in rank.

The retiring lieutenant said his desk job wasn't doing his figure any good. He asked for outside work.

The board complied, reduced him to sergeant and promised him some walking assignments.

CLEANUP SLATED
PAUL, April 22—The village board has set aside next week as cleanup week. Residents are urged to pile all the trash in the alleys where it will be picked up and hauled away.

Twin Falls Area Paces Bond Sales
Twin Falls county residents paced Magic Valley defense bond sales by purchasing \$60,371 in bonds during a March-April period.

Minidoka county was second with bond sales of \$46,821 followed by Blaine county with \$15,910.50. Other county bond sales were Blaine, \$11,147.75; Butte, \$2,444; Camas, \$632.73; Gooding, \$14,208.75; Jerome, \$10,227.75 and Lincoln, \$12,754.

Magistrate reports Idaho as a state amounted to \$122,872.20 with Idaho becoming the first state to win the Minute Man trophy for two consecutive months. The trophy award is awarded to the state showing the greatest increase in bond sales.

BOYS WORK OUT AT JAYCEE PARK, PREP FOR BOISE GAME

Record Turnout Greet Club At Initial Banquet, Bosox Send San Jose Player

The Magic Valley Cowboys baseball team was officially introduced to local fans Wednesday at the dinner table and on the playing field. The Cowboys, under manager Dolph Camilli, reported at Jaycee park at 10:30 a.m. Wednesday and worked out under the watchful eyes of many of the faithful. At 7 p.m. they met again, this time at the banquet table in the Twin Falls Elks lodge.

Great Falls Wins First Pioneer Loop Tilt 12-3

GREAT FALLS, Mont., April 23 (AP)—The Great Falls Electricians swapped the Billings Mustangs with a 10-run, seventh-inning Wednesday night to win the Pioneer league opener 12-3. It was the first game scheduled in 1953 Pioneer league play.

Homers Help White Sox Defeat Tigers

By The Associated Press
The Chicago White Sox found the bottom range for the first time this season Wednesday, climbing three into the seats, but again needed some "catcher-relief" pitching by Harry Doran to win, 4-2, over the Detroit Tigers at Detroit.

Cowboy Hurlers Warm up

A record turnout of fans greeted the Magic Valley Cowboys as they took turns introducing the players. Camilli told the fans that he was sure the team would be a fighting club and that it would give the Magic Valley fans a team they knew was trying all the time.

Bezold Named Basketball Coach at Rupert High School for Next Term

RUPERT, April 22—Kenneth M. Bezold was named head basketball coach at Rupert high school replacing Jack Hitt Wednesday. Bezold, superintendent of Glens Ferry schools, also will work with the football and track teams as an assistant.

Game Officials Deny Plea for Early Fishing

BOISE, April 23 (AP)—The Idaho fish and game commission Wednesday turned down petitions from two sections of northern Idaho asking earlier fishing seasons in those areas.

Residents of Upper Clearwater River Petitioned the Commission to Abolish the Closure

Residents of the upper Clearwater river petitioned the commission to abolish the closure imposed on portions of Selway and Clearwater rivers last winter.

Commission Said It Will Close the Two Areas

The commission said it will close the two areas "as a conservation measure necessary to protect trout in the spring months and should be given an opportunity for trial."

Commission Refused to Alter Its Policy on Opening of the Potlatch River

The commission also refused to alter its policy on opening of the Potlatch river. Petitioners asked that the season be opened May 1. The commission has set opening June 4, the beginning of the general trout season.

The Portion of Big Wood River and Diverted Water in Lincoln County

The portion of Big Wood river and diverted water in Lincoln county downstream from the second diversion dam was ordered opened to year-around fishing beginning May 1. The commission said it appears that the water will be extremely low and the fish would die.

Commission Approved Purchase of \$60,000 Worth of Rainbow Trout

Arthur C. Tomlinson, Idaho state game department, announced the purchase of \$60,000 worth of rainbow trout will have on opening June 4, the beginning of the general trout season.

Problems Arising from Use of Chemicals to Control Weeds in Grain

Problems arising from use of chemicals to control weeds in grain fields were discussed by the commission. Loss of fish life has occurred in a few cases, the game department reported.

Commission Increased the State's Contribution to the University of Idaho Wildlife Research Unit

The commission increased the state's contribution to the University of Idaho wildlife research unit from \$10,000 to \$11,000 a year and suggested the additional money be spent for fisheries research.

SHOWDOWN WHISKEY TEST ANSWERS QUESTION: SHOULD YOU SWITCH?

Just compare Calvert and any other whiskey this easy way: Sniff 1/4-oz. samples of each for aroma. Taste them for smoothness. Choose the whiskey you really like!

We believe you'll choose Calvert, because its smoother, mellower taste is determined by a "Conscience Jury" of thousands of folks like you. But if you still prefer another brand, stick with it. Fair enough?

COMPARE and you'll switch to CALVERT

CALVERT RESERVE BLENDED WHISKEY—86.8 PROOF—65% GRAIN NEUTRAL SPIRITS. CALVERT DISTILLERS CORPORATION, NEW YORK CITY.

Burley Youth Is Chosen in School Ballot

MOSCOW, April 23—The United Greek party at the University of Idaho captured the student body presidency and six of nine seats on the executive board in balloting Wednesday.

It was the first Greek victory since 1947.

Bill Parsons, a Junior from Burley, was elected ASUL president, succeeding Ray Cox, Coeur d'Alene.

The six members of the Greek party chosen for the executive board include Tom Flynn, Lewiston; Elizabeth Wingard, Moscow; Fred Kopke, Boise; Del Waser, Council; Rich Orpe, St. Anthony, and Ted Turok, Elsie Grove, Pa.

Don McCabe, St. Maries, and David Thompson, Hazelton, gained seats on the board running on the independent ticket.

John Summers Perry, was the lone U. of I party candidate elected. A total of 1,688 students voted. Officers will begin duties next week.

Highway Projects Discussed at Hunt

HAZELTON, April 23—One hundred twenty-five persons attended a meeting last week at the American Legion hall in Hunt to consider the construction of a "farm-to-market" road for the area. They included people from Hazelton, Eden, Jerome and Hunt and included representatives of the Jerome Chamber of Commerce.

Also attending were State Sen. W. H. Detweiler and State Rep. E. LaTurner.

Petitions were drawn up and signed urging the establishment of a farm-to-market road from highway 25 between Hazelton and Eden to Hunt.

Another matter discussed at the meeting was the relocation of the proposed new highway from Wendell east. The group wants the location changed so that the highway will pass through the Hunt project.

Bert Barlow, who is in Washington, D. C., will represent the Hunt area to the Idaho delegation in congress. The meeting was sponsored by the route committee of the Hunt American Legion. Keith Johnson acted as chairman and Robert Mills acted as secretary.

Scouters in Area Plan April Meet

JEROME, April 23—The Wood River Boy Scout district, including all Scouters from Blaine and Lincoln counties, will hold an April district committee meeting and Scouters roundtable at 8 p. m. at the Richfield LDS church.

John Sabala, Etchem, district chairman, will be in charge of the district committee meeting. Spring campers, summer camping, council explorers and the usual January items will be discussed.

Dean Barney, Shoshone Scoutmaster, will be moderator of the Scouters roundtable. Ceremonies, skills, games, theme for May and other items will be discussed.

Pre-School PTA Leaders Check Records

New officers of the pre-school PTA check over last year's activities following their installation Wednesday night. Left to right are Mrs. John Kurdeka, kindergarten chairman; Mrs. Robert F. Wilson, secretary; Mrs. Vaughn M. Pond, president; Price Nash, vice president, and Mrs. Don McKinster, treasurer. (Staff photo-entourage)

Officers for Pre-School PTA Are Installed During Meeting

Dr. Vaughn M. Pond was installed as president of the Pre-School PTA Wednesday night at the DAY hall. Other officers installed are Mrs. John Kurdeka, kindergarten chairman; Price Nash, vice president; Mrs. Robert F. Wilson, secretary, and Mrs. Don McKinster, treasurer. Dr. David McKinstry, retiring president, acted as installing officer.

In addition to the installation, the meeting included a report on last week's state PTA convention at Moscow by Mrs. Pond and a discussion on discipline led by Mrs. Theodore Spielmann.

Refreshments were served following the regular meeting.

Visits Planned

Recruiting visits to three Magic Valley towns have been scheduled by the Twin Falls navy recruiting office, announces MMC George Walker, Chief Walker will be available Friday to answer questions and interested new young men and women interested in the navy at the Plier post-office at 9:30 a.m. Friday. Hunt post-office from 11 a.m. until 12:30 p.m. and Hagerman post-office from 1 until 2 p.m.

The United States has 293 telephones for every 100 people; Sweden, 283; Canada, 221; Switzerland and New Zealand 192.

Indiana Opens Fight to Trim Waistlines of Its Heavyweights

INDIANAPOLIS, Ind., April 23 (AP)—A million overweight Hoosiers have been told bluntly they ought to reduce. They are 10 million pounds too heavy.

"Get rid of that middle-age spread," doctors said. "It's not a normal part of growing old."

The Indiana Heart foundation launched a drive to streamline 500,000 figures by an average of 20 pounds each. The foundation hopes to accomplish its get-slim campaign by lectures pointing up the value of restraint at mealtime and proper exercise.

Dr. L. E. Burney, state health commissioner, endorsed the move.

"Doctors agree that simple, unadulterated overeating is the basic cause of 85 per cent of overweight cases," Burney said. "Particularly important is the association between the accumulation of excess weight and the development of heart disease."

"It used to be considered inevitable," said Dr. Harry P. Rose, president of the foundation, "for people to get heavier toward middle age. But we now know that middle-age spread is not a normal part of getting older and that it is neither healthy nor necessary."

Victor McClinton, a spokesman for the foundation, said street-corner

observers learned that 11 of every 18 Indianapolis adults are "noticeably overweight."

Since the Hoosier capital seemed to be the heart of the heavy eating area, the foundation decided to start here. Weekly lectures have been expanded—discussing will be held in other Hoosier cities later.

The Shenandoah valley is one of the most productive of the apple-producing areas of the United States.

Like all Mission products, this unusual extra extra wide macaroni product is made of finest ingredients and with a skill that's unexcelled. Use in any macaroni recipe—and, for a real treat, try the authentic Italian recipe on the package!

MISSION LASAGNE

Hank Dodges Oldtime 'Cures' Of Spring, Reads 'Billboard'

By HENRY McLEMORE
 HOLLYWOOD, Calif.—Whenever I feel blue and down in the dumps and this world seems a bit too much for me, I have one unfailing practice.
 I go out and buy a copy of Billboard, the new weekly covering the amusement industry from A (for aerial acts) to Z (zebras for sale, sacrifice).
 A few pages of Billboard and I am off in another world, whose inhabitants range from the Duran-Duran's, the Godfreys and the Bertles, to pitchmen working potato peelers, glass knives and light-up ties.
 Read Billboard long enough—and I have been glancing through it for two decades and more—and the

unhappy are the manufacturers of ... they don't seem to come up with a new and sensational one, and will have to go along with the present. The whims, the kiddie-rocket-ride, the ferris wheel, the merry-go-round, the amusement whitewash, the kiddie airplane, the wild-Electric Rides, amazes and others of 1952 vintage.
 I was glad to read that the Stevens Johnson family of the Great Circle Americans are having a show there on the beach in San Marcos, Puerto Rico, that a new act will join the show when "Globe of death" closes, and that Buddy Wadlow is doing a shoulder party with his baby chimp.
 There are those who need jobs, however, and I wish I could help place the payers for these acts.
 "Fat dwarf women—Over 40 years old, 4 feet tall, 135 lbs., would like to join the show with other dwarfs and midgets. I play a small Spanish guitar, and harmonica, combined. Also have good alto voice to harmonize."
 "Clean, sober young man desires employment with thrill show. Am a musician. Will produce work."
 "Two tattoo artists want permanent location. Man and wife, both do

MEETING CALLED
 HAILLEY, April 23—At a meeting of the directors of the Upper Wood River Water Users association at the courthouse Monday, a special stockholders meeting was called for May 16. Plans will be made to change the by-laws of the association.

it's a smart MOVE when WE DO THE JOB!

YOUR MOVE IS OUR MOVE

FORD

TRANSFER & STORAGE
 PHONE 227

Date Set
 HAILLEY, April 23—Trustees of the Hailley county school district, at a special meeting Tuesday, set May 4 as the date for a public hearing on the district's 26-unit levy. A budget, which will permit blanket rates of \$200 a year for all teachers has been approved.
 By a margin of only 12 votes, a 37-unit levy was rejected by the county last Saturday. The additional amount would have permitted increases of \$200 a year for all teachers.

Here's how to tell that it's warm enough

-and here's how to tell that it's good enough!

Special Morning MILK
 VITAMIN D CONTENT INCREASED
 EVAPORATED MILK
 VITAMIN D CONTENT INCREASED

You can't see the difference in the bottle, or feel it in the warm drops on your wrist, but there's a world of difference between the Morning MILK and ordinary evaporated milk—differences that are important to you and so your baby. It's important, too, because, after your baby has the milk that's produced with extra painstaking care and fortified with extra vitamins that doctors believe best to help promote sound bones and teeth and build up resistance.

This, of course, is Special Morning Milk—the only milk produced especially for babies, and the only milk with extra vitamins A and D. Morning Milk is sweet, fresh cow's milk in its softest, most digestible form.

And it's important that you enjoy the many benefits of Morning Milk in your cooking every day. Used in place of ordinary milk or cream in all your recipes, better-tasting Morning Milk adds a wonderful smoothness and richness. Saves you money, too— as much as 25% when used in place of milk, and from 50% to 75% when used in place of cream. And it's so rich it whips perfectly!

For your baby's milk of health, for your own convenience and pleasure, keep a good supply of Morning MILK in your kitchen at all times.

MORNING MILK

Reports Show Confidence on U. S. Outlook

NEW YORK, April 23 (U. S. Conf.)—Confidence in the business future is expressed by many leading companies—and it is being backed up by cash.

Stockholders are being told that as much or more of the corporation's money is to be spent this year as last for expansion of plants and upgrading of equipment.

The management of these firms is expressing a much more healthy fear of their competitors than they are of the boogie of a postwar slump.

Oil Expansion. General Electric stockholders have been told the firm expects to spend 500 million dollars on expansion in the next three years to meet management's estimate of the needs of a growing civilian economy.

Jerry Steward Oil stockholders have been told the oil giant plans to spend a record 600 million dollars this year on growth and equipment.

Rubber Competition. Heavier competition in the rubber business may be reflected in expansion plans there. U. S. Rubber management says growth and modernization will be continued this year at the 24-million-dollar clip set last year.

B. F. Goodrich stockholders are told of plans to spend "materially more" than the 25 million dollars invested in 1952.

On the general industrial building picture, the U. S. department of commerce reports that plant and equipment expenditure totals a record \$10 billion in the first three months of this year and that the trend shows signs of continuing.

Union Chief Asks Trade Barrier Cut

DENVER, April 23 (U. S. A. P.)—An official of the International Union of Mine, Mill and Smelter Workers (I. M. S. W.) urged Wednesday elimination of some trade barriers with communist nations "if we are not entering a period in which the cold war tensions will be relaxed."

The suggestion was made by C. C. Villa, I. M. S. W. vice president of the union. He did not mention the word "communist" but referred to "eastern Europe and China." The union was expelled from the CIO in 1950 for alleged communist domination, a charge which mine-mill officials denied.

The recommendation was one of several contained in a statement prepared for presentation to a house of representatives committee on small business, holding a two-day hearing in Denver primarily on the lead-zinc industry. Hearing the committee is Rep. William R. Hill, R. Colo.

prepared for presentation to a house of representatives committee on small business, holding a two-day hearing in Denver primarily on the lead-zinc industry. Hearing the committee is Rep. William R. Hill, R. Colo.

Little Out of Touch With Things

"WHO TAKES CARE OF THE CARETAKERS DAUGHTER WHILE THE CARETAKERS BUSY TAKING CARE?"

Loan Interest Is Boosted by CCC

WASHINGTON, April 23 (U. S. A. P.)—The commodity credit corporation has raised the interest rate on price support loans to farmers from 3 1/2 to 4 per cent.

Officials confirmed the action Wednesday when questioned by reporters who heard about it from sources outside of the department. The decision to raise the interest rate was made by the board of the CCC March 24.

The higher interest rate applies to 1953 crops put under loan in the price-support program.

Puts on Blue Bonnet To Get Most For The Money!

MEK, N.Y. (U. S. A. P.)—You, too, will love BLUE BONNET Margarine's delicate, sunny-guest flavor! Blue Bonnet makes bread, toast, hot rolls, and vegetables taste better than ever!

You'll appreciate BLUE BONNET's nutrition. Unlike most other margarines, BLUE BONNET contains both Vitamins A and D—as much year-round Vitamin A and D as you get in the high-priced spread for bread!

Yet BLUE BONNET Margarine costs less than half as much as the high-priced spread. So put on BLUE BONNET and be sure of "all 3"—Flavor, Nutrition, Economy—e-e-l!

Will you help name SPERRY'S new Spring Cake?

Here at Sperry's Home Service Kitchens we all agree this is the most sensational Egg cake we've ever baked! So light and moist, so lemon-good in flavor that none of our past names does it justice! Perhaps yours will! Try the recipe! Name the cake! Winners will be our guests on a grand holiday tour!

LUXURIOUS FLIGHTS VIA WESTERN AIR LINES' DC-6B'S

We've done it! We've perfected a 2-egg cake that's "too sensational for words!" Folks rave about its refreshing lemon-strawberry flavor and gorgeous good looks... especially husbands! It's an easy, everyday "party" cake.

It's failure-proof! Another Martha Meade home-perfected recipe made with Sperry Drifted Snow "Home-Perfected" Enriched Flour which, as you know, is guaranteed to out-perform any all-purpose flour in any recipe or double your money back!

Now! To get the recipe for Sperry's Spring Cake buy a sack of Drifted Snow Flour at your grocer's today! In it you'll find (1) the recipe, (2) complete rules, and (3) a blank on which to write the name you suggest. Try the failure-proof recipe! Enjoy the cake! Then name it! But please do it soon! We need your help!

Ten of the homemakers sending in the names judged best will be our guests in San Francisco for 2 thrilling days. Bring a companion if you wish, the treat is on us! We'll send you \$50 spending money and provide transportation on a luxurious Western Air Lines' DC-6B, reservations at famous Fairmont Hotel atop Nob Hill, with breakfast in bed if you like.

Here's what we'll do! First day, a party at Martha Meade's Kitchen to get acquainted. A cable car ride to colorful Fisherman's Wharf for lunch at Tarantino's. A trip through Chinatown, dinner in the enchanting Venetian Room at the Fairmont Hotel, and tickets to a stage hit playing at Curran or Geary theatres.

Second day, take your choice of deluxe Bay Area Gray Line Tours, where you will see many interesting sights. And then, an exotic farewell dinner at Skipper Kent's. Two days you'll remember always.

But that's not all! Everyone sending us a name will receive a collector's copy of "Martha Meade's Failure-Proof Recipes"—a compact, miniature cookbook!

Remember! Recipe and entry blank in any sack of Sperry Drifted Snow Flour you buy today! Or write to Martha Meade, San Francisco 6, California.

Sperry DRIFTED SNOW FLOUR

"HOME-PERFECTED" ENRICHED

Another fine product of Sperry... for 101 years a leader in the West

"I've been proud of my CLOROX-clean washes for 30 years!"

CLOROX
makes linens
more than white
...it makes them
sanitary, too!

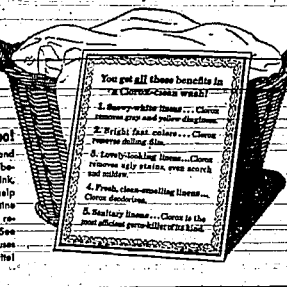

Yes, Clorox makes linens snowy-white... removing even dinginess and stubborn stains. Still more important, Clorox makes linens hygienically clean. No other home laundering product equals Clorox in germ-killing efficiency!

Here's another big Clorox benefit! It deodorizes... makes cottons and linens fresh smelling whether dried indoors or out. And remember, Clorox, a liquid, contains no gritty particles to damage your wash and washer. It's extra gentle, free from caustic, made by an exclusive, patented formula.

CLOROX makes kitchen surfaces sanitary, too!

Harmful germs, oily stains and disagreeable odors just don't belong on your drainboard, sink, or kitchen floor. Let Clorox help you get rid of them! In routine cleaning, Clorox disinfects, removes stains, deodorizes. See label directions for the many uses of Clorox... America's Favorite!

CLOROX... it's SAFER for family health!

Presidential Yacht Giving Trips to Vets

By ARTHUR EDSON
ABOARD THE PRESIDENTIAL YACHT, The Williamsburg, April 22—Port-of-war wounded Korean veterans sailed happily down the Potomac Wednesday on this yacht which previously has been used almost exclusively for the biggest of governmental big shots.

The beautiful Williamsburg is being retired by President Eisenhower, costs too much.

This 264-foot ship, which requires a crew of 125, costs too much to operate, Eisenhower has decided. But, at the President's suggestion, before the Williamsburg is put in mothballs, it's to be used to entertain war veterans.

"This is the first such trip. Another 19 will follow."

A couple of observations: The veterans are not asked to pay the usual extraordinary, and they seem to be enjoying themselves.

The feeling is summed up by Sgt. M. A. Combs, of Annapolis, Md., who is forgetting for a time the paralyzed leg which has had him in a hospital for more than a year.

Lifetime Thrill
 "It's something," Combs said, "that could happen only once in a lifetime."

One eager beaver, Pvt. Herman Sawyer, of Grandview, went forward and got a sailor to explain how the Williamsburg is kept in the Potomac's crooked main channel.

"It's something," Combs said, "that could happen only once in a lifetime."

Dismissal Asked For Battery Case
MOSCOW, April 23 (U-P)—Prostate Judge Lloyd G. Martinson Wednesday heard arguments on a motion for dismissal charge of battery against Murray Estes, Moscow, attorney, and took the matter under advisement.

The charges grew out of an altercation between Estes and Richard Shop, University of Idaho student, at a campus dance.

Meantime, District Judge Jack McQuade announced he received a petition signed by 23 people Wednesday asking for a grand jury investigation of the whole affair and the many legal battles it caused.

Estes' attorney, Laurence E. Huff, argued at the Wednesday hearing that the charge of battery against Estes is a double jeopardy. He said the prosecutor could have moved for the institution of battery charges in January when Estes appeared for a preliminary hearing on a charge of assault with a deadly weapon.

The second charge was placed too late, he said.

Education Group Revises By-Laws

BOISE, April 23 (U-P)—The United Education council Wednesday night revised its by-laws and set up conditions under which local branches of the council can operate.

The council is composed of representatives of the Idaho Education association and Idaho Congress of Parents and Teachers.

Dr. John M. Estlin, secretary, said local organizations of the council now are operating in eight of 10 localities within a community, county or district level.

The group set its next meeting for July 15 in Boise.

Soviet Believed To Be in Trouble

SAN FRANCISCO, Calif., April 23 (U-P)—Mrs. Franklin D. Roosevelt Wednesday expressed a belief that "there is real trouble within the Soviet Union."

Mrs. Roosevelt gave as an indication of Soviet internal confusion the fact that it was the Chinese who suggested the armistice discussions which began Friday at Panmunjom.

She said the armistice talks that collapsed last October were initiated by the Russians.

Although K-787s are similar, to those of light, they are thousands of times shorter.

Why 1,000 Eddies Lose Their Eyes

Playing with weapons—instead of with toys—is one reason for 90,000 eye injuries every year among American children. Society for Prevention of Blindness points out.

Even Play Holds Dangers for Eyesight, Society Discovers

NEW YORK (NEA)—Two small boys looked carefully around the corner of the building. They were holding wooden guns.

"Okay, Eddie," one boy said. "Let's go over the top." They started running, holding the wooden guns in front of them.

"Bat-tat-tat-tat," Eddie shouted. Suddenly a barrage of small rocks came from behind a garden hedge where the "enemy" was entrenched.

"Look out for the grenades, Eddie!" the boy shouted.

But it was too late. A small rock struck Eddie on the head; he tripped and fell and his eyes were splattered.

Eddie will be blind for life. Each year about 1,000 Eddies lose the sight of one or both eyes because of such accidents—all told, an estimated 90,000 eye injuries occur every year among American children.

According to Dr. Franklin M. Foote, executive director of the National Society for the Prevention of Blindness, at least 50 per cent of these accidents can be prevented.

Most eye accidents among children occur during unsupervised play. Dr. Foote points out, "What happens is that parents are too busy to supervise their youngsters' playing time. You actually risk a child's eyes if you permit him to play the kind of games in which sticks, stones, firecrackers, BB guns or slingshots are used as toys.

Of course no one expects you to let Johnny and Mary go to the kitchen and let you can keep them from playing dangerous games.

"Teach them to play in gymnasiums, playgrounds or other recreation areas where there are competent supervisors on hand to keep the games from becoming too dangerous," Dr. Foote says. "And remember, unsafe toys are also a serious cause of eye injuries.

Dr. Foote offers these rules for parents when buying toys for their youngsters:

1. Be sure that the toy is well built and will not break into jagged pieces that could injure an eye.
2. Buy toys which are well designed; round corners and blunt points are two good safety features.
3. Don't buy a toy which is "too hot" for your child.
4. Regardless of age, make sure that your youngster can handle the toy properly. A box of tools can be educational fun, or it can be dangerous, depending on whether the parent knows how to handle a hammer and screwdriver.
5. Keep firecrackers, BB guns and bows and arrows out of the hands of small children. These aren't toys—they're weapons.

Crop Quotas Bill Okayed by House

WASHINGTON, April 23 (U-P)—The house passed and sent to the senate Wednesday a bill authorizing the agriculture department to formulate acreage allotments for the 1954 wheat and cotton crops.

The bill authorizes the department to use \$130,000 of its available funds for this purpose because of the probability that marketing quotas will be necessary.

It also appropriates five million dollars for construction of timber access roads in Montana and Idaho.

Song About Confederate Cash Not so Fantastic; Scribe Says

By HARMAN W. NICHOLS
WASHINGTON—April 22 (U-P)—Maybe Mrs. Hank Ford had something in her song called, "Save Your Confederate Money, Boys—the South Shall Rise Again!"

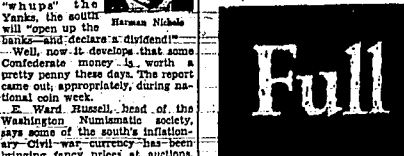

Mrs. Ford, of course, wrote the song. It's just in collaboration with Larry Mackie and Justin Stone. She tried it out on visiting editors at a press club breakfast here and caught some rebel yells when she allowed that after the south "wins" in the Yanks, the south will "open up the banks—and declare a dividend."

Well, now it develops that some Confederate money is worth a pretty penny these days. The report came out appropriately, during national coin week.

E. Ward Russell, head of the Washington Numismatic society, says some of the south's inflationary Civil War currency has been bringing fancy prices at auctions. The society has a public exhibit of some of this money this week at the national museum.

For example, says Wilson, a 1862 penny in good condition recently brought \$2,000.

If you happen to have a Confederate half dollar minted in 1861—an original, and not a re-strike, you can name your own price. Only four such pieces were struck that year.

Harman Nichols

But to get back to Mrs. Ford—she's an attractive lady and comes by her southern accent with honesty since she hails from Nashville, Tenn.

"My parents both were artistic," she says, "and I was born with music in my soul. It just had to come out."

Mrs. Ford has been writing songs about as long as she can remember. Being from Tennessee she took a shine to Gen. Ediza Kefauver when that gentleman was making a bid for the Democratic presidential nomination.

She composed a little ditty about called "The Tall Guy in the Coon-

skin Cap." This one got quite a house when the band struck up at various pro-convention Kefauver rallies.

Another tune Mrs. Ford particularly likes is one she called "Put Your Shoes on, Lacy—You're a Big Girl Now."

Still another she called "You Can't Hurt Me, Cause I'm Daid."

Mrs. Ford, a 5'11 1/2" tall person, held up our interview a half an hour for something more important. "You don't mind, do you, if I turr on this kid show on the television?" she asked.

She turned on the set and look down with the giggles through the whole thing.

"Most of her songs wear a southern flavor, but there's one word she doesn't like, that's 'hillbilly.' "My stuff," she said, "is real music and not the hill kind."

Papers Hold Own Despite Gains of TV

NEW YORK, April 23 (AP)—Publishers report newspaper advertising and circulation were holding their own despite competition from television.

The question of new forms of competition, ranging from radio to television, was discussed in group sessions at the annual convention of the American Newspaper Publishers' association.

Mrs. "Betty" ...

A show of hands at a session of publishers of newspapers with 10,000 to 50,000 circulation recorded a minority as having been "bused" by TV.

Some publishers reported gains in their advertising when TV came into their territory. This stemmed from advertising of television sets and supplies in newspapers and the tying in of local store advertising with that of products or national TV programs.

Closed Session

The discussion sessions were closed, with reports given afterward to newsmen by Robert M. White, II, Merion, Mo., Editor, and Basil W. Hudson, Woonsocket, R.I., Call and Evening Reporter.

Walter ...

Holyoke, Mass., Transcript-Telegram, said that when TV "settles down" newspapers will be higher and better in circulation than they are today.

Some publishers reported gains in their advertising when TV came into their territory. This stemmed from advertising of television sets and supplies in newspapers and the tying in of local store advertising with that of products or national TV programs.

Holyoke, Mass., Transcript-Telegram, said that when TV "settles down" newspapers will be higher and better in circulation than they are today.

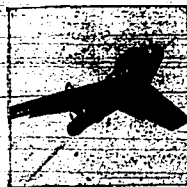

Some publishers reported gains in their advertising when TV came into their territory. This stemmed from advertising of television sets and supplies in newspapers and the tying in of local store advertising with that of products or national TV programs.

Cost of War—in Terms of Peace

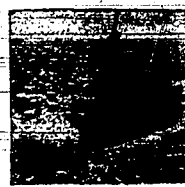

In his "show me" foreign policy speech to the American Society of Newspaper Editors in Washington, President Eisenhower, in the series of simple, dramatic comparisons illustrated below, underlined the waste of war. He pointed out that every gun that is made, every warship launched, every rocket, fired missile or ...

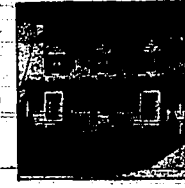

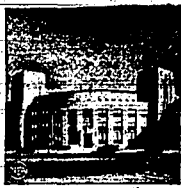

The cost of one modern heavy bomber represents a modern school in more than 20 cities.

We pay for a single fighter plane with half a million bushels of wheat.

We pay for a single destroyer with new homes that could house about 2,000 people.

Trucker's Theft Claims Exploded

CHEYENNE, Wyo., April 23 (AP)—Officers Wednesday exploded a story that an Illinois trucker had been slugged and robbed at gun point of \$400 near Pine Bluffs, Wyo., Tuesday.

The trucker, identified as Charles Beagle, Kansas, Ill., had told officers he had \$100,000 of money in a car with Illinois license plates starting three, dash, and some more numbers.

Officers learned that Illinois license plates do not have a dash after the first digit, and questioned Beagle further.

They said the trucker finally admitted a "personal" reason for getting in over the expenditure of some \$400 of the approximately \$700 in his own money which he was carrying.

Theft of Judge's Robes Traced to Pillar of Church

LOS ANGELES, April 23 (AP)—Two weeks ago Superior Judge William Nealey, in understandably high dudgeon, told the cops that somebody had swiped his black judicial robes.

Nobody could figure out who could use them, except another judge, until Wednesday.

Detectives said they surprised James Langley, 50, a city hall janitor for 18 years going through desks in the police homicide bureau. And at his home, they said, they found a typewriter, a vacuum cleaner, other articles missing from the city hall, and Judge Nealey's robes.

Booked on suspicion of burglary, Langley reportedly explained to the officers:

"I just sort of borrowed these robes to wear in because I'm a deacon in his church."

The building, originally a grade school, has been remodeled and finished with brick veneer at a cost of \$30,000.

Conscientious

AZTEC, N. M., April 23 (AP)—Kinner Morgan is a conscientious gardener.

Freed Tuesday of a charge of first degree murder growing out of the fatal shooting of J. W. Evans at Farmington last Dec. 7, he is remaining in jail voluntarily.

He said he intends to stay until he finishes the spring gardening on the out-of-house lawn. Tuesday night he slept at the jail in an unlocked cell.

T. F. Church Class Reports Program

Members of Pickett's Sunday school class at the First Methodist church here held a dinner and program in the basement auditorium of the church following services.

Activities opened with the Rev. W. A. MacArthur, pastor of the church, giving the invocation.

The program included group singing with Clarence Dudley at the piano, talks on Sunday school work given by members of the class, travel pictures of scenes in Utah and Arizona by Al Hawkins and numbers by the Youth for Christ society.

Members of the sextet are Nancy Martin, Veta Fuller, Betty Holloway, Rosella McCarley, Glennaden Smith and Ruby Yacon. They were accompanied by Elgin Harmoning.

Mrs. B. M. Keeler was program chairman and Mrs. Ed Waite, kitchen chairman.

Marines Sail for Korean War Duty

SAN DIEGO, April 23 (AP)—More than 3,000 U. S. marines from Camp Pendleton, Calif., are on route to Korea to join the first combat division.

A marine corps spokesman disclosed here Wednesday that the combat ready marines sailed from San Diego last week for Korea.

Damages Asked

BOISE, April 23 (AP)—A 19-year-old Missouri youth, Milton B. Ward, filed a \$80,000 damage suit in U. S. district court Wednesday against Albertson's, Inc., and Fred Albertson.

The suit contends Albertson was driving negligently Oct. 4, 1952, which resulted in an automobile accident on U. S. Highway 20.

Nazarene College Plans Dedication

NAMPA, April 23 (AP)—Northwest Nazarene college will dedicate its new home economics building May 2.

Dr. Hugh C. Beardsley, general superintendent of the Church of the Nazarene, will be the dedication speaker.

The building, originally a grade school, has been remodeled and finished with brick veneer at a cost of \$30,000.

AP Photographer Captured by Reds Is Reported Well

LOS ANGELES, April 23 (AP)—Pappy Noel, the Associated Press Pulitzer prize-winning photographer who has been a prisoner of the Chinese communists since Dec. 2, 1950, is "doing swell, looking fine."

The description by Col. Dennis E. Legay, Communist, Mass., as he was interviewed after being repatriated from North Korea under the prisoner exchange.

Interviewed by National Broadcasting company correspondent, Legay was asked if he knew 34-year-old Noel, who has followed the war during a good part of his busy, feature life.

The interview was telecast from here Wednesday in films flown back from Korea. NBO said it was his first telecast of interviews with GIs who had been communist prisoners.

Idaho Team Ties For Speech Honor

GREAT FALLS, Mont., April 23 (AP)—Utah, Idaho and Washington high school speech teams tied for first place in the National Forensic League district tournament at Great Falls Wednesday.

Sharing the honors were speech teams from Logan, Utah; Blackfoot, Ida., and Prosser, Wash.

Dave Williams, Logan, was named the outstanding speaker of a student congress held in connection with the two-day tournament.

PARLEY SET SATURDAY

NAMPA, April 23 (AP)—The Idaho Mental Health society will meet in Nampa Saturday.

The first telecast of interviews with GIs who had been communist prisoners.

SPEAKER CHOSEN

NAMPA, April 23 (AP)—Robert W. Smith, Webster, executive secretary of the Idaho Municipal League, will be guest speaker at the state convention of the League of Women Voters here May 22-23.

New Party Chieftain Dark Horse in Power Race

Long Shot

There's a dark horse in the power race in the Communist party. It is a dark horse because it is a hard-to-see challenger for the leadership of the party. It is a dark horse because it is a long shot. It is a dark horse because it is a long shot.

Nikita Khrushchev: The secretary of the Ukraine moves up.

Ukrainian council of ministers Khrushchev, mobilized peasants for hand harvesting of crops because of the lack of machinery. He displaced politburo member A. A. Andreyev as dictator of Russian agriculture.

Two years ago, as a member of the politburo, Khrushchev proposed that collective farming be carried a step further, by consolidating peasant villages (collectives) in agricultural, or large farm cities. It meant tighter party control of the peasants.

Immediately after Stalin's death...

Crunch!

EUGENE, Ore., April 23 (AP)—A truck overturned on the Williams river highway Tuesday night and piled up its load of celery so deep a snow plow was called out to clear the road.

VIEW VISITORS
VIEW, April 23—Mr. and Mrs. Brent Palmer, Mr. and Mrs. M. McDonald and Mrs. E. L. Smith, all Salt Lake City, visited Mrs. Anthon Anderson Sunday.

Khrushchev was "released" from his Moscow post to concentrate on work in the party central committee. But he has not relinquished his struggle on Moscow. His place was taken by his stooge, Nikita A. Khrushchev, until recently head of the komsomol, communist youth organization.

When Khrushchev appeared at the recent rump session of the Supreme Soviet, the delegates stood up and cheered. In the Soviet dictatorship they can smell a potential dictator.

Two years ago, as a member of the politburo, Khrushchev proposed that collective farming be carried a step further, by consolidating peasant villages (collectives) in agricultural, or large farm cities. It meant tighter party control of the peasants.

Change in Labor Law Attacked by Idaho Federation

BOISE, April 23 (AP)—The Idaho Federation of Labor Wednesday renewed its criticism of a proposed change in the unemployment compensation law backed by H. Fred Garrett, director of the state employment security agency.

Garrett said it would set up a 100 million dollar fund for the states from the surplus built up by three per cent federal tax on payroll to pay for administration of unemployment compensation. The remainder of the money, after payment of federal unemployment compensation, would be returned to the state.

McIntire claimed that the bill would "completely eliminate" the federal government from the program and "wipe off the statute books" the safeguards to spending the money.

Although many westerners think that Moslems face east when they pray, they actually face toward Mecca, and when they are east of the city, they face west.

Dam Cancellation Asked by Senator

WASHINGTON, April 23 (AP)—Congress was asked Wednesday to cancel the approval of Lobby dam in Montana.

Senator Martin, R., Pa., chairman of the senate public works committee, introduced a bill to rescind an authorization measure passed several years ago.

He said current construction costs make the Montana river project undesirable on an economic basis and a policy for such matters should be considered by the international joint commission of the United States and Canada.

ten by the secretary of the army to the secretary of state April 8. The former asked the latter to withdraw an application for approval of the project by the international joint commission.

Hawaiian's Idea for Perpetual Calendar Is Capturing Notice

By ED CZECHAK
 WASHINGTON, April 23 (U.P.)—Edward Edwards, who wants to become citizens of our 48th state, will be watching. Even before they're admitted to the union they want to change our calendar all around. This far-reaching proposal is in a bill introduced by the Pacific Territory's non-voting delegate in Congress, Joseph E. Farrington. If his bill were adopted, starting in 1950 a whole country would operate on a "perpetual" calendar which would go away with all Friday the 13ths. This calendar was invented by a Honolulu man, William E. Edwards. He says his system has been endorsed by scientists, business leaders and other prominent persons as "the best timetable they have ever seen for running the world."

Edwards became a calendar reformer at the age of 15 when, as a high school boy in Quincy, Mass., he learned that both Julius and Augustus Caesar had stolen a day from February and added it to the months bearing their names—July and August.

Young Edwards thought this was pretty sneaky and he said so. He also went home and started work on a new calendar to correct that ancient injustice and take a lot of confusion out of the existing way of recording days, weeks and months.

For more than 30 years Edwards, now a Pearl Harbor electrical engineer, has been crusading for adoption of his "perpetual" calendar. Edwards would divide the year into four quarters of 91 days each. That adds up to 364 days. The missing day would be sandwiched in between Dec. 31 and Jan. 1. Every four years the additional leap year day would be fitted in between June 30 and July 1.

Now, then: Each quarter of Edwards' year would start at the beginning of a week and end on the last day of a week. Each month would have 28 work days plus Sabbath. And this tidy arrangement would continue year after year.

Besides eliminating Friday the 13th, a day some people consider unlucky, what are the advantages? The Honolulu Star-Bulletin recently published an interview with Edwards in which the inventor listed these:

1. The 1st and 15th of each month,

payday for many people, always would fall on a week-day. No pay-days for those people would fall on Sunday.

2. Anniversaries and holidays would always come on the same day.
3. Numerous three-day holidays could be arranged. Christmas, for instance, would always fall on Sunday, so that Saturday-Sunday-Monday observance could be made an annual event.

ATTENDEE FUNERAL
HAGERMAN, April 23.—Mrs. Loris O'Connell has been attending funeral services for her father, Wendell Oster, who died April 12. Mrs. Howard Marsh and Mrs. John Woodhead were present from Monday through Wednesday in Payette with Mrs. Courard.

K. O. Peterson, Sweden, has given about 75 quarts of blood in 140 donations to medical organizations.

Area Scouter Parley Slated

JEROME, April 23.—The next district Boy Scout meeting will be held May 15 in Jerome. At a meeting Friday night in Hagerman, William Giese, Gooding, was named as new chairman of the district. Vice chairmen are Heber Prescott, Jerome; Ray Van Houten, Gooding; and Foster Funk, Fairfield.

A name was also chosen for the new district which comprises Jerome, Camas and Gooding counties. The area will be known as the "North Side District."

The highest training award ever given to an adult Scouter was presented to Roy Erickson, Jerome, for three years of training and work. The date for the North Side camporee was set for May 15, 1948.

and it with the site to be announced later. A report on procedure and advancement was given by Harold Skyles, Jerome, and the success of the junior leader training held recently in Wendell was discussed.

During the evening roundtable discussions were held for Cub Scouts and Explorers. Guy Erickson, Gooding, was moderator for the Cub roundtable; Marshall Fisher, Jerome, was moderator for the Scout roundtable and Lester Garlinghouse, Hagerman, the explorer roundtable.

George Brennan, Jerome, field representative, was in charge of the district committee meeting. Heber Prescott, Jerome, reported on camporee plans and Harold Skyles, Jerome, on advancement.

The first "movable" metal type for printing is believed to have been cast in Korea in 1440.

Program Held
 VIXEN, April 23.—The Junior LDS Sunday school sponsored a program at the recreation hall last week. Tom Gravel was master of ceremonies. Among those taking part were Albert Marindale, Wayne Boren, Ariel Hardy, Nyle Goringe, Patricia Johnson, Della Johnson, Della Bailey, Norman Jolley, Linda Freymuller, Lester Tracey and Thelma Williams.

Robins usually rear two broods of young in a year.
