

## Demonstrate Against Truce Terms

Mounted police attempt to prevent demonstrators from breaking through a barbed wire fence in front of the NEA building at Boise, Idaho. The angry South Koreans were shouting their disapproval of the impending armistice. (NEA radio-telephone)

## Prisoners in New Mexico Grab Guards

SANTA FE, N. M., June 15 (AP)—Armed rioting convicts at the New Mexico penitentiary today seized Deputy Warden Ralph Tahaan and six guards as hostages.

Warden Morris Abram said the convicts, in a note addressed to him, demanded that Tahaan and six prisoners be released.

Gov. Edwin L. Mechem, who arrived at the prison soon after the riot, said he would release Tahaan and six prisoners by about 8 a. m., said he was told.

James Leo Gossett, notorious for his stay in the prison, was a leader of the uprising.

## Tax Deadline

Second payments of 1952 real property taxes must be paid at the county treasurer's office by 5 p. m. Saturday or postponed Saturday or they will become delinquent, according to Mrs. Rose Wilson, county treasurer.

After Saturday, the books will be closed until July 27. A penalty and interest will be charged from that time on in January for those who pay after the books close Saturday.

Mrs. Wilson said payments are not coming in too fast, considering a rush is expected this week. The treasurer's office will be open from 9 a. m. to 5 p. m. each day this week, including Saturday.

## Bridges Case Rule Ousted By Top Court

WASHINGTON, June 15 (AP)—The supreme court today reversed the 9th circuit court's ruling in the Perry-Bridges case, which had held that the federal government was liable for the injuries sustained by a man who was killed while working on a bridge.

The high tribunal directed that the judgment against Bridges be dismissed.

The Australian-born Bridges was convicted of lying when he told a 1945 naturalization hearing that he was not a communist. He was sentenced to five years in federal prison and his United States citizenship was stripped.

## Two Couples Escape Plane Crash at G.F.

CLARENCE, June 15 (AP)—A light plane crashed at a farm near Clarence, Idaho, today, but two couples escaped with minor injuries.

The plane was a four-engine Cessna 441, piloted by a man who was not named.

The crash occurred at about 10 a. m. The plane was flying low over a field when it crashed into a line of trees.

## Group Makes Appointments Opening Meet

BURLEY, June 15 (AP)—Four veterinarians were named to serve on a state advisory committee on the defense department on the drafting of veterinarians into armed services during the coming season.

The group will meet today at the home of Dr. W. E. Cameron, president of the association.

## Swim Courses Signup Heavy

Between 600 and 700 children have signed up for the Red Cross summer swim program which begins June 22, Mrs. George Baker, local Red Cross executive secretary, announced.

Only two instructors will be hired by the Red Cross because of the limited number of children.

## Special Class For Arabians Set for Show

RUPERT, June 15 (AP)—The International Arabian Horse Association will sponsor a special class for Arabian horses in the Twin Falls show today.

The show is being held at the Twin Falls fairgrounds.

## State Doctors Start Session

SUN VALLEY, June 15 (AP)—Doctors from throughout Idaho met here today for the opening session of the State Medical Association's annual convention.

The convention will continue through Saturday.

## Reservoir Water Closing Highway

BOISE, June 15 (AP)—Traffic between Boise and Idaho City is being closed today because of the impounded waters of Lucky Peak dam.

The highway is expected to be closed for several days.

## Idea

SCOTT, June 15 (AP)—North Idaho's first "idea" contest is being held today.

The contest is open to all residents of the county.

## Department Plans Ousters for 2,600

WASHINGTON, June 15 (AP)—The state department plans to fire about 2,600 employees to comply with economy edicts from congress.

The department is also planning to fire about 1,000 employees.

## Woolzley Pledges Public's Interest Will Guide Any Land Management Revision

JACKSON, Wyo., June 15 (AP)—Any changes in the current public lands disposal program will be made with consideration of the best public interest, Woolzley, assistant secretary of the Interior, pledged today.

Woolzley said that a bureau of land management official said today that the department is studying the possibility of revising the program.

# Reds Rip Allied Lines in Biggest Drive in 2 1/2 Years; Truce Outlook Brightens

MUNSAE, June 15 (AP)—Signs of a quick truce increased today as communist armies to the east smashed south in a stretch drive offensive.

Although reasons behind the 11th-hour red attack left observers mystified, these developments pointed to an imminent armistice.

Word leaked out that staff officers writing the last details of an armistice have struck no snags. However, they may have to consider the changing battleline, which might change the 2 1/2-mile-wide truce buffer zone they are setting up.

Allied and red liaison officers met in secret for 15 minutes. A spokesman said only that they met to discuss administrative details pertaining to the truce negotiations. However, they could have arranged for the next meeting of the main truce negotiation delegations, which have been in recess a week. The main delegates must approve the details written by staff officers.

U. N. field commander, warned his eighth army by radio that the impending armistice would not be made in war itself and told the soldiers to stay ready to fight if necessary. He said the possibility of an armistice has increased to the point that we must consider what a signing would mean.

The staff officers of both sides working in two groups held lengthy sessions today. One group is believed drawing the demarcation lines for the buffer zone and the other writing details for prisoners' exchange.

President Syngman Rhee called the Red Cross to help in the distribution of relief supplies to the South Korean streets. However, the Red Cross is not allowed to enter the North Korean government's hands.

His lawyer, Emmanuel H. Bloch, said a new effort will be made to get last-minute executive clearance. President Eisenhower last Feb. 11 rejected one such plea.

Several thousand persons paraded near the White House Sunday evening against the Red Cross demonstrators were the two young sons of the Rosenbergs, Michael, 10, and Julius Rosenberg, 12.

Even after that, he did not anticipate that draft calls would drop to 25,000 inductees monthly. Behind Rhee's prediction is Defense Secretary Charles E. Wilson's saying that at least six months will pass before it will be possible to start reducing the army in Korea.

The defense department position is that a truce in Korea will not mean final peace and it would be dangerous to succumb to the feeling that the nation after World War II.

To meet replacement demands, the army regularly has about 50,000 men in the "pipeline" stretching from training camps in this country to the Korean front. Wilson has stated that once a peace is reached in Korea, the army strength can be reduced by as much as 100,000 men.

Once the shooting stops in Korea, any person officials believe it will be possible to start turning off the "pipeline" by extending the tour of men in Korea to six months.

Reservoir Water Closing Highway

BOISE, June 15 (AP)—Traffic between Boise and Idaho City is being closed today because of the impounded waters of Lucky Peak dam.

Quota of 200 Pints of Blood Set by Red Cross for Monday

A goal of 200 pints of blood for the Red Cross bloodmobile visit here today has been announced by executive secretary.

Red Cross workers will collect blood from 2 to 6 p. m. Monday at the Red Cross building. Persons who wish to donate their blood for shipment overseas to American troops should call for lessons at 1:15 a. m. Sunday that his 1948 pickup truck was hit at Five Points by a black sedan, causing fatalities.

# TUCKER'S NATIONAL WHIRLIGIG

WASHINGTON—Hollywood stars and producers are flocking to the capital to lobby for their interests as the House of Representatives passes a bill to increase the tax on heavy American income taxes. With a typical theatrical overacting, they are being heard by the speaker's staff.

Their flight from Uncle Sam's collectors and the Internal Revenue Commissioner T. Coleman Andrews, although congress will eventually favor the film industry.

But so many top actors and actresses, headed by Greta Kelly, income-tax collector, that they have taken advantage of it that patrons are shocked. The popularity of the two-story tax evaders now has been identified, may drop.

**INDIGNMENT OF ESCAPEES**—Full-dress indignities of these tax evaders have been delivered to the house and senate floors. Hollywood and other unions are refusing to provide production operators for films shot abroad. Certain famous collectors, notably Joan Blondell, have the practice as "unpatriotic," save when script and plot demands make it necessary.

A further deterrent is the unfavorable publicity given in Hollywood, Los Angeles, Long Beach, Pasadena, etc. Newspaper editorial writers and columnists that have taken advantage of it that patrons are shocked. The popularity of the two-story tax evaders now has been identified, may drop.

**PREMIER OF 1931 AMENDMENT**—What has now become known as the "Tucker Amendment" provides that an American who works 17 out of 18 months in foreign countries be exempt from payment of federal income tax.

The amendment was designed to implement the point four program for American technical assistance to foreign countries. It was introduced by Sen. Charles McNary of Oregon in 1931.

**EXILES FOR FINANCIAL REASONS**—Smart Hollywood tax agents and advisers quickly scouted the application of this provision to their clients. One of them is said to be the first to advertise that an "American in Paris" need pay no taxes to Uncle Sam, but Gary Cooper and Charles Chaplin are being urged to go to France for financial rather than technical reasons.

Estimates indicate almost 50 major pictures were filmed abroad last year, with England, France and Italy being the most popular. More than 30 of Hollywood's top names starred in these films. They include Dick Douglas, Earl Fynn, George Raft, Ava Gardner, and many others.

**OTHER ADVANTAGES**—Aside from the income tax benefits, there are other advantages. Production costs are lower, in view of the lower wages paid to technicians, studio personnel and other workers. With the tax evaders having been able to bring in money in frozen or blocked funds overseas, this is almost the only way they can recoup. There is much to be argued for.

The unions complain because it reduces the number of jobs. Their Hollywood agents estimate that about 100,000 jobs are being lost in the industry.

**ISSUE OF COMMUNIST INFLUENCE**—Union spokesmen also have raised the issue of communist influence on foreign film, though it seems far-fetched. The reds driven out of Hollywood unions have been able to get work in foreign countries, where they are not under studio employment, according to this viewpoint. Thus they may be able to do dirty work in overseas countries.

There are a few proposed checks on this scheme: One is an amendment limiting tax exemption to only the first \$10,000 of income. Another is to limit the limitation of immunity to salaries less than \$10,000, which would advantage only a few people. And the unions may yet require that all foreign pictures be made with a full complement of highly paid American actors.

# VIEWS OF OTHERS

**HOW TO BUILD GHOST TOWNS**

Results are certain for those working to create more "ghost towns" if these simple directions are followed: 1. Choose a location. 2. Build a few houses. 3. Hire some communities which are now silent ghost towns prove there is more truth than poetry to the simple plan.

1. Tell everyone you meet that you never buy anything at home; the merchants are a bunch of crooks.

2. Boilish all efforts for community betterment. . . the way of doing to do these things are secretly doing them. . . . .

3. Never waste money by advertising or waste time trying to attract trade. . . . .

4. Turn down all appeals for contributions; and do it in a nasty way so you won't be bothered again, because the money collected is eventually stolen by you.

5. Refuse to serve on all committees, have nothing to do with civic organizations. . . . .

6. Knock the town, knock its industries, knock the schools and churches, keep repeating the town is going to the dogs, things are better other place, invest in such a dead place would be the height of foolishness. . . . .

7. There you have it. . . . six simple directions for producing "ghost towns" it's hard for one person, working alone, to get this done. . . . .

**ED BIRDIE'S FOLLY**

What a fool a man feels when his joy has betrayed him. Ed Birdie, the prospector, tried to buy himself a new house, felt a bit stiff after putting on the finishing touches, picked up his favorite gun, and went out for a walk. He was holding a magnificent wing, lost his hold and ruined his living-room wall.

Ed, who has never done something like this before, a lamp, illustrating a golf stroke with his umbrella, shattered a vase with a cane while his broken tin horn howling at a high note, upset the gold-fish bowl, and broke the window. . . . .

The rest of us know how helpless, how silly, how disturbed at himself poor old Ed felt and how speechless he stood there, unable to say a word. . . . .

**REDS INVENT PARACHUTE**

The latest thing the Russians have invented, according to Moscow radio-home service, is the parachute. It is credited to a Russian inventor, Kotelnikov. His father saw an airplane accident in 1910. This led the young inventor to work, and in 1911 he took out a patent. Only in trouble with this claim is that the parachute had been invented 123 years before, by a French doctor named Lenormand.

A Kentucky man ran off with his mother-in-law, who lived in his home. That's one way of getting her out of the house.

# POT SHOTS

**HERE'S NOT AVERAGE**

Seems there's some doubt in certain quarters over our little Typical Father's business. He's going to be the Typical Father, not the average father.

Yes, there is a difference. All you have to do to find out about the average father is to read the census bureau. The census bureau can tell you the average number of children per average father. The average amount he swears on his oath, and even the average size.

But Pot Shots is not concerned with such statistics. Some there's an old saying about trying and sticking, but we can't recall it off hand. Now, the Typical Father will be typical of all fathers. We're not worried about averages. You might say the Typical Father will be representative of all fathers. We're not worried about averages. You might say the Typical Father will be representative of all fathers. We're not worried about averages.

**THE STATE'S HELPING**

Dear Pot Shots:

Somebody weeks ago we drove up toward Idaho to see if it was true what folks were saying about the state being quite long. It was. But when we came down the highway toward the old entrance to the state, we got something of a shock. There was a big sign across the road that said "Let's Open This Gate." At first it was sort of funny, then the other signs struck home. They were "Let's Open This Gate." Or something? Here the school was closed by action of the state legislature. . . . .

**YOU MIGHT TRY THIS**

Somebody, somehow, it seems like a child of the S. ought to be able to wield a portion of the Marshall plan or "point four" funds. It's a good deal waiting for some guy who figures out the proper angle.

There's the sort of explanation you should give to the bureaucrat who interviews you: "Well, him you're talking about is a good fellow, but his position isn't good. Explain how you figure it would be the best interests of the U. S. in particular, and the world in general to let a fair bit of those funds, say about five millions. (No use being picky about it. Also, he's honest. . . . .

# HOW THINGS APPEAR FROM PEGLER'S ANGLE

I regard Clement Attlee, the socialist, former minister of Great Britain, as a friend of communism not only because he would have power to establish a uniform rule of national control over the production of goods, but because his legislative program would be directed toward total material political equality. However, I find it necessary sometimes to point out to him that even with communism, this is not so certain because there are times when the truth happens to serve their purpose. In such cases, it would be foolish of an honest man to let them chase him off a truth for fear of having to share temporarily with persons repulsive to him.

I found an example of this in my agreement with the Massachusetts legislature to let President Eisenhower's friend and sub rosa political agent, Irving Brown, of the United States, to let him in Europe, has no right to meddle in French domestic politics, even to hint at the Kremlin's agents in France.

This illegal interference by this pro-American, anti-communist, anti-socialist, anti-Soviet purpose in France.

The program in sympathy with the Kremlin's meddling, but I have to oppose this meddling by a judicious gunning of the White House because Brown, himself, is a communist.

The program he is promoting would be just as red as the Kremlin's version. There are many other secondary reasons for such opposition to this impudence now being waged under "free" patronage, but that is not the point important.

Attlee recently said something all the pro-American, anti-communist, anti-Soviet version is that he said the constitution of the United States was "framed for an isolationist status."

Nothing is the constitution corrects with Attlee's belief and mine that our constitution was framed to serve only the people and states of this union, and their posterity. The "isolationist" doctrine for our worldism is the foot of a party of adventurers, scamps and horrible traitors. The Democratic party took us into a war in 1917. It would have been far better for the western world if Germany had won. They were a more industrious, more moral people than the French.

In victory, demoralizing as they are by nature, they would have driven to the east, as their slogan had it, to create a "Greater Britain" and imposing discipline but not the Russian slavery.

Earlier than that we had smirched the stimulating crystal of "racial destiny" and dream of imperial power.

In the last war, before the defeat in Korea, we tried to justify ourselves attacks on German men as dear to Germany as we were to us, on the ground that they were bad and the British and French were good and so deserved our help.

# Ogden Reds Defeat Cowboys By 5-0 and 8-3 to Increase Margin Over Idaho Falls

Ogden's rampaging Reds took their eighth and ninth consecutive victories Sunday by defeating the Magic Valley Cowboys 5-0 and 8-3. The wins spread their margin to five full games over the second place Idaho Falls Russets but left the Cowboys still in seventh place.

Tonight the Cowboys will attempt to gain their second victory of the current home stand by starting Bill Koest on the mound. The reformed Cowboy catcher hurled effective ball for three hours and innings in a two-relief stint against Salt Lake City last week, earning his chance to start.

The Reds broke loose with sprays of hits in four of Sunday's 15 innings in a split decision. Ed Schack was tabbed for 11 in the afternoon encounter and Fred Woods was charged with 13 in the night game. The hits were spread well except in the second and third innings of both games and the evening frame of the first match. The two Magic Valley hurlers gave up five seven hits, two for Schack and one for Woods.

The Cowboys threatened only once in the first game as they dropped their third game of the year to the Reds' Vern Kilburg. That was in the first inning when Charley Cole and Cullen Deck singled. But the potential was nullified when Deck was out trying to stretch his single into a double. Olney Patterson, who broke into

## Ladies Night

Friday night of the current season for tonight at Jayco's parlor was topped again Sunday by the Magic Valley Cowboys and the league-leading Ogden Reds.

baseball with the Cowboys in 1947, drove the only really long hit of the two games to spark the Ogden drive in the first inning. The drive was helped by the strong wind from the west, his ball cleared the left field fence. Charley Cole, who in the first game was Larry Neill, Ed Tryvick and Dave Bristol. All the other hits in both games were singles.

The Reds' second inning rally in the first game was capped by one of the most unusual plays in the current season for tonight at Jayco's parlor this year. Carl Taylor was on first as Bristol singled right handed. Arnie Wood played a nice catch to Taylor's throw was in plenty time to catch Taylor at third. Nicky Mann rifled the ball to second to get out of the inning as he attempted to advance.

The Cowboys' run in the third inning of the second game started with a single by Woods. He advanced to third on Len Karp's walk and Fred Woods grounded out on a long fly to center by Cole. Cole started the belated and abbreviated Cowboys rally by striking a walk. Deck was struck by a pitched ball and Jim Karp's second out of the second game by shortening a walk. Deck was struck by a pitched ball and Jim Karp's second out of the second game by shortening a walk. Deck was struck by a pitched ball and Jim Karp's second out of the second game by shortening a walk.

# Indians Lose Ground As Yanks Take Pair

Unless Al Lopez is an incurable optimist who wears rose-colored glasses even in the dark, he could do worse than give his Cleveland Indians a little talking to—something like this: "We've tried everything to beat those Yanks, but whatever we do, they manage to go on one better. When we streak, they put together a better streak. When we have the pitching, they manage to set the big boys to bust us. When we have the hitting, they outslug us. Let's concentrate on halting down second place this year and give it another whirl in 1952."

Until a week ago, Lopez was still talking pennant. At least the Indians were in halting distance of the Yankees at that time. But the clean sweep of the four-game series that ended with a double conquest 6-2 and 5-0 for the Yanks Sunday, just about knocked the breath and hope out of the Tribe.

Casey Stengel and his swashbuckling crew over an 104 games streak in the season almost won't give up. The Yanks have won 18 games in a row, which is the longest winning streak in American league history. The St. Louis Browns lost their 14th straight when they took a twin shelling from the Philadelphia A's 4-1 and 3-1.

The Chicago White Sox moved into third place with a pair of triumphs over the Red Sox 5-0 and 1-0. In the other American league games the Washington Senators slugged the hapless Detroit Tigers 6-1 behind the strong-arm hurling of Frank Cizek.

The see-saw battle for first place in the National league continued between the Los Angeles Dodgers and the Brooklyn Dodgers. The amazing drama edged past the Brooklyn Dodgers 5-3 in the opener. The Pittsburgh Pirates 7-3 and 8-0. The Brooklyn knocked out the Chicago Cubs 5-3 in the opener.

Ken Raffensberger outpitched Reddy Betsis of the Cincinnati Reds to lead the Philadelphia Phillies 2-1 in the first game of a double-header with the Cardinals. The Cardinals won the second, though 4-1 with Carl Drews getting eight innings.

Harvey Haddix and Earl Maglie hooked up in another brilliant pitching duel, with the former hurling 17 2/3 innings in the first game of a twin bill. The Cards also won the second 9-4 behind Vinny Benitez.

# "Keep That Arm Straight"

Frank Johnson, kneeling, professional at the Blue Lakes Country Club, gives pointers to teen-age golfer Mike Gray and Karen Cotten during weekly free clinics for junior golfers. Johnson holds clinics for the youngsters at 10:30 a.m. Tuesdays and 9 a.m. Saturdays. (Staff photo-entourage)

# Hogan's Open Win Starts Argument About Talent

OAKMONT, Pa., June 18 (AP)—Ben Hogan's fourth victory in the United States open golf championship has revived the controversy whether little Ben or somewhat bigger Bobby Jones is the best golfer America ever has produced.

Gene Sarazen, who probably is in the best position to judge, unhesitatingly picks Hogan. Gene was one of the game's kings when Bobby was at his peak and he's still playing good golf against Ben and the new crop of tournament stars.

But it would be interesting to know what Jones would have done if he had continued to play tournament golf until he was 40. Bob won his first Open championship when he was 21. He retired at 26, satisfied with victories and wearied from the constant nervous strain of competition.

Hogan, the ex-caddy, didn't have the advantages Bob had as a youth. He, a self-taught golfer and he

had to learn for himself how to control what Sam Snead calls the "yips."

Hogan didn't win his first open title until he was 35 years old and now, at 40, he is just starting out in the world-wide circuit. He'll play in the British open at Carnoustie next month for the first time.

# Jerome Open Moves Into Semifinals After Hard-Fought Initial Round

JEROME, June 18—Bill Peters, Jim Hisey, Jr., Dr. J. C. Church and Jim Brown of the semifinal round of the 1953 Jerome Open golf tournament, by notching a second round victory in the championship flight at the Jerome Country club here Sunday. The foursome will play the semifinal round Saturday and the championship match Sunday. A big field moved through most of first and second round play last night.

Peters got the meet moving in championship flight play Sunday by outting meet medalist S. Tuberville 8 and J. R. Rame of the other semifinalists had any trouble until the quarterfinal round in which Peters finished top on the hole. Jim Hisey, Jr. got past Frank Pizer by the same margin and Dr. Church had to go 19 holes to defeat Dick Sheppard 1-11.

Other outstanding matches played Sunday—Clara Clark and Carol Wallington hooked up in a terrific duel before Clark won out on the 20th hole. Clark went out before Maxine Beld 1-10 in 19 holes to a second round match.

Warren Kays dominated LeRoy Ellis in 19 holes in a third flight second round feature in another rugged contest.

Championship flights results included: Bill Hisey defeated Tuberville 8 and 3; Jim Wallington hooked up with Frank Pizer 2 and 1; Dr. Church defeated Dick Sheppard 19 and 1; Jim Hisey, Jr. defeated John Jacobs 2 and 1; John Jacobs defeated Jim Hisey, Jr. 19 and 1; Gene Sarazen defeated Kirk Hisey 2 and 1; Gene Sarazen defeated Kirk Hisey 2 and 1; Gene Sarazen defeated Kirk Hisey 2 and 1.

### Defense; War Cost Soaring; Report Shows

WASHINGTON, June 16 (AP)—The United States has spent about \$10,000,000,000 in the past three years on rearmament and the Korean war, the defense department today announced.

During that time, congress has granted the military about \$10,000,000,000 in new obligations, authority, the right to contract for material and services.

With the help of the \$10,740,000,000 expenditure, the defense department has formed a force of about 2 1/2 million men, started re-equipping and expanding the number of weapons for the air, force, and navy and fought the Korean war. This expenditure does not include money used by the atomic energy commission for atomic bombs.

**Near War II Rate**

In a similar three-year period World War II the fiscal years 1942-44, inclusive, expenditures were \$10,767,000,000. In that time, the strength of the armed forces increased about 11 million. The war was being fought on fronts in Europe and the Pacific. It is estimated that the price of war, like costs for supplying the troops, increased about 100 percent. Everything from the cost of a bomber to the salary of a soldier, is higher.

**Questions Poised**

While that may be a primary factor, other elements enter. Questions have been raised about the business acumen and practices of the armed forces.

Each year congress called a halt to a long-established custom of the services—the rush as each fiscal year started and to spend whatever money was left that often amounted into millions.

An amendment to the appropriation act now limits obligations (buying orders) during the last two months of each fiscal year to 10 percent of the average for each of the preceding 10 months.

**PEO Sisterhood Selects Officers**

GALDWELL, June 16 (AP)—Mrs. O. G. Billmeyer, Pocatello, is the president of the Idaho State PEO Sisterhood.

Other officers named at concluding sessions of a three-day convention were Mrs. G. T. Cornell, Elgin, first vice president; Mrs. R. G. Gale, Boise, second vice president; Mrs. J. C. Herndon, Salmon, state organizer; Mrs. O. T. Foy, Twin Falls, recording secretary; and Mrs. J. M. Dadds, Boise, corresponding secretary.

**Vets of Spanish War Open Meet**

NAMPA, June 16 (AP)—Idaho Spanish-American war veterans and their auxiliary opened their annual three-day convention in Nampa today.

Mayor Preston Capell welcomed the delegates and representatives of all Nampa service organizations were present for the opening joint session.

New officers were to be nominated this afternoon.

**PUC to Continue Jerome Hearings**

JEROME, June 16 (AP)—The Idaho public utilities commission will continue the hearing on the application of the Jerome Water company to increase rates by re-rating the rate of the firm on June 22.

Richard Seely, new city attorney, will represent the city at the hearings, which will commence at 10 a. m. at the courthouse and continue the proceedings that were initiated in Jerome a month ago.

### President Has Only One Speech Writer Where Others Maintained Large Staffs

Washington, June 16 (AP)—White House speech writer J. Hughes has the most illustrious blue in the country. The man who blue-pencils his words to President Truman is known as "the man who writes the words."

"He's an excellent editor," Hughes tells you as he strokes his pipe. "He knows just what he wants to say, and he knows the exact words to say it."

In a quiet office overlooking the White House front lawn, Hughes turns out the President's speeches, messages to congress, proclamations. Other President's speech writers have had two or three writers and on occasion a whole team. Hughes is the youngest man on Eisenhower's White House staff—his 32—and the only writer.

He works from 8 to 6 unless a special job is on hand. Then he may work around the clock or a week-end. The President's policy speech the President made to congress is an example.

"I've forgotten how many conferences we had on that," says Hughes. "It was confidential until released. So I either carried my draft home or I left it in the office. I made that 1:30 meeting of the White House staff."

Jackson gained wide experience in World War II in the type of work he now heads. He did propaganda work in Italy, Turkey, France and England.

"The man who has to be certain that all President Eisenhower's moves fit with the law of the land is a REWRITER," Mr. J. Hughes says. "I'm a REWRITER."

Marwell Rabb, 41, is a Boston lawyer who takes some of the load

### Private A-Plant Claimed Possible

WASHINGTON, June 16 (AP)—The senate-house atomic energy committee has been told private industry could build a nuclear plant to turn out atomic power and also plutonium.

Chairman W. Sterling Cole, R-N.Y., said the testimony was given at a closed hearing by Dr. Charles Allen Thomas, president of the Monsanto Chemical company.

He quoted Dr. Thomas as saying he thought private industry could finance such a venture, if the government guaranteed to buy its output of plutonium for five years.

Dr. Thomas said he was told the plant would be the same or less than the present cost of government production.

### Meeting Set on Distribution for Palisades Power

IDAHO FALLS, June 16 (AP)—A meeting is scheduled Tuesday morning at Idaho Falls to discuss distribution of power from Palisades dam.

Attending will be officials of Idaho Falls, the rural electrification administration and the bureau of reclamation.

Mayor E. W. Panning said the reclamation officials will come from Palisades dam, and REA representatives will attend from the Lower Valley Light and Power company, Star Valley, Wyo.; Fall River Light and Power company, Ashdon, and Lost River Light and Power company, Mackay.

Panning said the three REA agencies and the city of Idaho Falls are seeking power from the huge dam, now under construction on the south fork of the Snake river, 50 miles east of Idaho Falls.

Panning said Idaho Falls has applied for 15,000 kilowatts as soon as possible and 5,000 kilowatts later.

### Show Date Set by State Association

LEWISTON, June 16 (AP)—Directors of the Idaho Aberdeen Angus Breeders association, meeting here Saturday, set the date for the annual fall show and sale Oct. 8 and 9 at Lewiston.

Meeting here were A. H. Bliss, president; A. H. Butler, Gooding, secretary; Ivel Darr and L. E. Fay, Orofino; Rich Holtzhaus, Cottonwood; O. D. Bovey, Craigmont; Leo Masters, Meridian; and Arnold Wood, Twin Falls, publisher of the Northwest Angus News.

### Chief Selected at Young GOP Meet

RAPID CITY, S. D., June 16 (AP)—Sullivan Barnes, 31, Sioux Falls, has been elected national chairman of the Young Republican federation.

A two-hour fight on the convention floor came after his nomination was challenged on the grounds he had not served a continuous year on the national executive council as required. By a 43 to 184 vote the convention upheld the nomination committee which had held him eligible.

Barnes won support from 37 states to roll up 436 votes to 112 for Herbert W. Beitel, Chicago. Carlton Routh, Lindenwood, N. J., received 25.
